

Madam's 3001

Chapter 3001 Don't you always want to find your loved ones?

Shadow saw her leaving as soon as she said, and called her again: "Miss Qiao, wait a minute! I have something to say."

Qiao Nian paused slightly, but he didn't turn his head, nor did he make a sound.

Shadow stood beside the car, pressed the center of his eyebrows, took a step forward, walked up to the girl, and suddenly bowed deeply to the girl.

Qiao Nian was surprised by his behavior for a moment.

The shadow bent over for three seconds before slowly straightening up. His eyes were like torches, and he fell on the girl's face again. He said in words: "Miss Qiao, I have already inquired about the ins and outs of the matter. This time it was Young Master Nie who made a mistake. Let me represent you." He apologized to you, and I hope you can let him go for my sake, and nothing like this will happen again in the future."

Qiao Nian was unmoved at all: "So you mean that he really participated in the black business of the club?"

Shadow's back stiffened, his face stiffened as if he had been slapped, and he couldn't answer for a while: "He was just being deceived."

"People in their thirties are still being cheated, why? Haven't graduated from kindergarten yet?" Qiao Nian raised his eyebrows and smiled, he was very dick.

At the beginning, Yingying wanted to persuade Qiao Nian by lowering her posture. Seeing that she refused to accept her softness, Yingying felt somewhat annoyed, her waist straightened, and her tone of voice became tough: "Miss Qiao, don't forget your grandma." who is it!"

Qiao Nian's smiling expression turned cold in an instant, and the air pressure plummeted.

Shadow also felt the indifference and hatred emanating from her body. For Nie Qixing, he had no choice but to bite the bullet and continue: "I know you are dissatisfied with the queen, but you must be clear that without her, you would never have come to this world." Even if she has done something that you think is too much, she will always be your elder, and you will always have her blood on your body. You owe her, and this life will never end!"

Qiao Nian's nerves were tense again after being provoked by him, like a string being pulled to the full bow, which may be stretched at any time: "Is it over?"

Seeing that she was calmer, Shadow stopped her and said, "The queen is getting old, and her health has not been good these years. You know that Nie Qixing is from the Nie family, and she also pays more attention to Nie Qixing...Why do you have to fight against her? Isn't it good to let go so gently? After all, you and the queen are intergenerational relatives. As long as you don't continue to be so strong and bow your head to the queen a little, it's not that she doesn't recognize you. You can enjoy family happiness with grandma. You are not very Do you want to find your loved ones?"

Qiao Nian could barely control himself before, allowing himself to listen to him.

However, his last sentence obviously hit the thunder point precisely. The excited girl raised her mouth and turned her head to look at it coldly: "Get out."

Shadow didn't expect her to react like this, and stood motionless at the same spot, yet to recover.

Qiao Nian said word by word: "Don't let me say it a second time, or I will definitely let Nie Qixing die in front of you!"

Shadow heard the strong killing intent in her tone, his heart was shocked, he pursed his lips, and realized that he had said the wrong thing just now.

"Miss Joe..."

He stretched out his hand to redeem it.

Qiao Nian's sharp gaze like a knife immediately fell on his outstretched hand, without saying a word, but the shadow stopped by itself.

Qiao Nian's brain was like a bell, and the stick was stirring inside, making him dizzy, and the back of his head was tingling endlessly.

Her eyes were dark, she tightly clenched her hand in her pocket, without the slightest expression on her face, she said to the shadow: "Go back and tell Nie Qingru."

Chapter 3002 Grandpa: Did you apologize?

"If she wants to show off her childbirth, she should not go to me, she should go to her parents, and thank her parents for not drowning her in the toilet when she was young."

Shadow's complexion changed suddenly, his stormy eyes suddenly fell, and he stopped sharply: "Miss Qiao, be careful in your words and deeds!"

If the queen hadn't experienced those things in the past, how could she have come to where she is today.

She didn't know anything, and she actually accused the Queen of being wrong here.

Since she was young and ignorant, Shadow barely calmed down and said: "She has a last resort."

Qiao Nian's brain was in pain at the moment, and she didn't want to continue entanglement with him at all, and she was pursing her lips tightly to avoid him and go back.

At this moment, a hand grabbed her arm and pulled her to his side. A faint scent of mint mixed with men's perfume came to his nostrils.

Qiao Nian ran into a pair of deep eyes.

"Are you okay?" Ye Wangchuan pulled her behind him, lowered his head and asked.

Qiao Nian's slightly pale face calmed down a little bit, and his headache-ridden brain became much clearer, and he shook his head: "It's okay."

Ye Fanchuan looked at her pale lips with distress, and knowing what the shadow said to her just now, he turned his head and stared at the person who stood in front of Qiao Nian with a half-smile: "Know who is here?" Is it the site?"

M country has always been the territory of the hermit family according to the convention.

Shadow was dazed for a moment because of his sudden appearance here, but when he heard this, he raised his eyes and looked over, and fell silent again.

Ye Wangchuan gracefully unbuttoned his sleeves, rolled up his sleeves, revealing the string of bright and eye-catching Buddhist beads on his wrist, and said in a gentle and slow manner: "Believe it or not, if I give an order, you will be shot into a sieve right now." Bring it to your master?"

He really has that kind of very qualified tone, which even seems to be reasoning with people.

Ye Fanchuan's casual tone was filled with bitter evil spirit!

He seems to be asking the shadow.

But it also gives people a feeling that whenever the shadow answers that he doesn't believe it, he will 'prove' it to the shadow without hesitation.

Shadow has been in the hermit family all year round, and usually helps Nie Qingru deal with shady things, claiming to have seen life and death.

Facing the man's tepid eyes, he actually started to shrink back.

Shadow took a deep breath, his face was livid, he turned his head and wanted to talk to Qiao Nian again: "Miss Qiao, I just told you..."

As soon as he raised his head, Ye Wangchuan raised his eyes and made a downward gesture.

Shadow saw a red line of sight fall on his head in the next second. From the angle of this sniper, it only takes one shot to accurately headshot him!

Shadow's expression became more and more embarrassing.

Ye Wangchuan is for real!

Even if he knew his identity, he still warned him to say one more word, and he will explain it here today.

Shadow understood that he was completely suppressed today, so he shut up wisely and turned to the car.

Ye Wangchuan stopped him before he got into the car: "Did I let you go?"

Shadow opened the car door with one hand. Hearing this, he turned around and said humiliatingly, "What else does Young Master Ye want to do?"

"You have said so much, have you forgotten the most important thing?"

"..."

Ye Wangchuan: "Have you apologized?"

"..." Shadow suddenly raised his eyes to look at him, that eyes seemed to be able to kill people.

The knuckles of his fingers that were pulling the car door were raised, and they were astonishingly white, showing how hard he was trying to restrain himself.

Chapter 3003 is very good, successfully offended sister Nian

Ye Wangchuan didn't pay attention to him at all, and looked at him lazily and leisurely, as if compared with his bitterness and hatred, he was a noble son who walked out of the garden: "I count to three."

Shadow saw the infrared sensor of the sniper rifle aimed at his temple again, and warned him brightly.

He was extremely humiliated, swallowed his breath, and said to Qiao: "Sorry, Miss Qiao."

Ye Wangchuan didn't let him go: "The two words that your hidden family always use to apologize?"

Shadow knew he was dissatisfied, gritted his teeth, lowered his head and said, "I'm sorry, Miss Qiao."

Ye Wangchuan's smile subsided slightly, and his eyes became lighter: "Next time, remember clearly, this is not a place where you can find it whenever you want, and figure out whether your identity is worthy or not."

Shadow quickly opened the door and got into the car.

He stepped on the accelerator to the bottom, and the black Land Rover left the intersection like an arrow, and disappeared in a blink of an eye.

No matter how fast the car was driving, when he left, he was obviously very embarrassed and left here without looking back...

Ye Wangchuan didn't care about driving the car, he turned around and grabbed the girl's shoulders and led her back: "Let's go, we're going back."

Qiao Niangang watched him confront the shadow, and looked back at him: "Why did you get down?"

"I came out of the study and saw that you were not there. Ji Lin said that you answered a phone call and got off. I guess it was Nie Qixing who found you, but I didn't expect it to be him."

Shadow is Nie Qingru's right-hand man and the most trusted person.

He actually came to Nie Qixing's door for such a trivial matter, which shows how important Nie Qixing is to Nie Qingru's heart.

Qiao Nian's headache was no longer painful at this time, and his eyes were clear and he said to him: "Nie Qingru probably doesn't know yet, but he came to me on his own initiative."

"That's interesting." Ye Wangchuan raised his eyebrows, he didn't know where she came to the conclusion, but he believed in Qiao Nian's judgment.

Qiao Nian walked back and said, "It's quite interesting, so it's time to add fire to it."

She intends to let Nie Qingru know?

Ye Wangchuan looked at her lonely back, paused for a few seconds, and followed her again.

...

Qiao Nian has always been quick, accurate and ruthless in his shots.

Shadow came to find her, and used Nie Qingru's identity to exert pressure.

Qiao Nian made a move to push the popularity on ins to the peak, and directly listed Nie Qixing's participation in the black club's shares at the top of the hot search.

If there were still people who didn't notice this young scientist's **** at the beginning, after Qiao Nian's operation, Nie Qixing's popularity remained high.

The people on ins are ruthless. They don't know what the hidden family and the queen behind it are. In their eyes, Nie Qixing is a scumbag.

Nie Qixing's popularity was so high that some people began to pick up his life history. Normally, there could be no mistakes.

But there are more people who follow, one person can't see the tricks, two people can't see the tricks, thousands of people will always pick up something.

Nie Qixing has more things than Ji Ziyin. There is nothing wrong with the achievements he has achieved, all because he has two brushes.

He is well-deservedly one of the youngest professors in quantum mechanics.

But he took advantage of the loopholes in the laboratory. According to the consistent regulations of the scientific research community, researchers must be over 35 years old before they can lead quantum laboratories.

Because such experiments are too dangerous.

If young people are too reckless, it may cause irreparable consequences.

But Nie Qixing is only 33 years old.

He has never reached the threshold of 35 years old.

Chapter 3004 The queen knows about country m

Nie Qixing is not old enough, which is interesting.

Netizens on ins began to dig deep, and they must want to dig out some scandals.

...

Things are so big.

It is thousands of miles away in M continent.

The queen has already learned the ins and outs of the matter from the spies.

She has been depressed ever since she found out about this in the morning, and the atmosphere was terribly depressed. No one dared to breathe harder in front of her.

Nie Qingru crumpled the secret report in his hand and threw it into the trash can. His face was clouded with no expression, and he asked coldly, "Where is the shadow?"

"Master Shadow just got off the plane." The person standing in front of her trembled.

Nie Qingru tried her best to suppress her emotions: "Let him come to me immediately!"

"yes."

The man did not dare to lift his head, and walked backwards and carefully left here.

Half an hour later, the shadow hurried back.

He dared to take any rest halfway, and went straight to Nie Qingru as soon as he came back.

"Queen, I'm back."

The shadow ran back and forth, exhaustion visible to the naked eye.

He pulled himself together, looked at Nie Qingru who was sitting in the small garden pruning flowers, and said hoarsely, "I heard you were looking for me."

'Crack', the silver scissors in Nie Qingru's hands opened and closed, and a blooming flower was cut off by the middle.

She put down the scissors indifferently, washed her hands gracefully, without even looking at the shadow, and ordered coldly: "Kneel down."

Shadow didn't even pause, and immediately knelt down in front of her on one knee, put one hand on the ground, pursed his lips and apologized to her: "I'm sorry, Empress."

Nie Qingru looked at him: "Why didn't you tell me the first time?"

Shadow knew clearly as soon as she heard it, she already knew what happened in country m...

He lowered his head in embarrassment: "I... I don't want to affect your mood because of this trivial matter. You are not in good health, so I just want to solve it by myself..."

He originally wanted to solve this matter by himself, but the result got worse and worse. Shadow couldn't speak anymore, and he became more and more ashamed.

"Sorry Queen, I let you down."

Nie Qingru was really disappointed with him this time, she stared at him for a few seconds, then suddenly turned her head away, and sat back again: "Get up."

Shadow raised his head to look at her, but his body remained still.

Nie Qingru picked up the cut flower branches on the table, crushed the flowers little by little, and said in an erratic and indifferent tone, "Have you gone to Country M to check the cause and effect? Did Qixing participate in the business of that club?"

The Nie family is a very prosperous family.

Guang Nie Qixing's direct lineage has more than 20 people.

Nie Qixing is really not very impressive in it.

So people outside, including many people in the hidden family, don't know about the Nie family and Nie Qixing.

Only a few people in the Nie family and Leonard know the inside story.

In fact, none of the Nie family's direct descendants is Nie Qingru's favorite successor. On the contrary, Nie Qixing, a seemingly inconspicuous "marginal figure", is the orthodox heir that Nie Qingru has secretly cultivated over the years.

Nie Qingru has great hopes for Nie Qixing.

Nie Qixing is indeed the same as what she cultivated, and he performed extremely well among the younger generation. This kind of excellence has nothing to do with his family background, and in some respects he can even catch up with the season of the year.

This is what Nie Qingru has always been most satisfied with.

Shadow knows very well that Nie Qingru's training of Nie Qixing is towards 'perfection'. For this, she didn't even let Nie Qixing get involved in the business of the Nie family and the Yinshi family...

Chapter 3005 He really pushed all of them on the leader

Now that something like this happened, it was undoubtedly a loud slap on the Queen's face, which slapped the Queen hard in the face.

"I am not sure as well."

Shadow hooked his head, and said vaguely: "I only know that Zhang Yin knew Young Master Nie. As for how he provoked Qiao Nian, how did he think of kidnapping Qiao Nian, and the rumors on the Internet that the clubhouse was not clean. The business statement...I haven't had time to check it yet."

Nie Qingru's inky eyebrows seemed to relax: "So you also think he may have been wronged."

Shadow raised his head to look at her, then immediately lowered his head, his tone became more cautious: "Young Master Nie seldom makes you worry, his relationship with you is right there, he can

have whatever he wants, there is no need to meddle in that Planting in a business that can't be seen on the table."

"Yes." Nie Qingru responded, stretched her brows, got up and walked inside: "I'll ask him."

...

Nie Qingru's living room is equipped with the highest-tech projection equipment, so that she can communicate with the outside world without leaving home.

She quickly asked Shadow to connect her to Nie Qixing's positioning video.

Nie Qixing saw her and immediately said: "Cummer."

Nie Qingru has always acted resolutely, and asked him directly: "How do you explain the matter in the clubhouse?"

The other end of the video.

Nie Qixing panicked for a moment, but soon calmed down, staring resolutely at the graceful old woman in the video: "I don't know."

"oh?"

Nie Qingru's reaction showed no joy or anger.

He took a deep breath: "I know Zhang Yin, the owner of the club. He is indeed by my side often, and he usually helps me with small favors. He opened a club before and asked me if I wanted to take a share? I declined at the time! But I don't know why the clubhouse now shows my shares in it..."

"Cummer, I'm not short of money. Even if I don't have money, I can tell you and Uncle Ning that there is no need to get involved in this kind of business to make money! I really didn't know that there was such a trick in his club. I was impressed by his appearance. Cheated."

This statement is similar to shadow.

Nie Qingru raised her eyelids slightly, as if staring at him to examine something.

Nie Qixing held his breath and held his eyes firmly, as if he was also a victim, without panicking at all.

Nie Qingru examined him for a moment, then slowly said, "What about Qiao Nian?"

Nie Qixing's eyelids twitched: "Her?"

Nie Qingru tapped her fingers on the table, Yun Sheng asked him: "Zhang Yin kidnapped her for you, and you don't know the reason?"

Nie Qixing took a deep breath: "He doesn't know where he can tell that I have a background. Since we met, he has been pestering me like a dog's skin plaster. Sometimes I didn't ask him to do something, and he would do it self-righteously to 'please' me. ."

"It's the same this time."

"This Qiao Nian came to me before the birthday party. First he gave me paintings, and later he sent me photos. For some reason, he was spotted by Zhang Yin. He thought I had some special relationship with Qiao Nian, and asked I ran to do stupid things without asking. I also only found out after it happened, and by the time I knew it was too late, he had already been arrested."

Nie Qixing knew how to handle Nie Qingru's psychology. He first defended himself, and after the defense, he immediately said to the noble old woman with a correct attitude: "I'm sorry Cummer, I failed your training and caused such trouble."

Chapter 3006 Get rid of those women

Nie Qingru was just asking him. From the very beginning, she never thought of punishing Nie Qixing for a 'trivial matter'.

After Nie Qixing made some sophistry, she knew that it was not as simple as he said, and there must be other reasons, but she was unwilling to delve into it.

A pair of cold eyes looked at the young man full of guilt. He couldn't tell whether he believed it or not, or those victims and Zhang Yin were like ants to her and were not worthy of her care.

She just said: "I don't care if you know it or not, don't provoke Qiao Nian!"

Nie Qixing was rarely warned so severely by her. He looked at her in a daze, but still couldn't help asking his doubts: "Cummer, what background does she have, why do you even say that?"

The shadow had told him earlier to keep him away from Qiao Nian.

Now Nie Qingru told him the same, telling him not to provoke Qiao Nian.

One or two of them said this, but it gave him an urge to find out the reason...

Nie Qingru didn't seem to want to bring up this topic, she frowned, and quickly loosened the space between her brows. When she looked at him again, her eyes became cold: "If I told you not to provoke him, then don't provoke him. Just listen to me."

With her attitude, Nie Qixing didn't dare to ask any more questions.

"I see."

"I will help you suppress the heat, but I also want to remind you, don't let me down, you know what I ask of you."

Nie Qixing clenched his fists under the table where he couldn't see the video, with a gentle and elegant face, he immediately obeyed and said: "My atomic energy experiment is about to have results, and when the results are available, I will sum up and send an email immediately." here you are."

Nie Qingru calmed down, but he didn't change the topic: "Remember what I told you, don't provoke Qiao Nian. She...is a cancer, you can't fight her."

The members of the Ji family are all disgusting and powerful, making people fearful. Such people should not exist in the world. Their existence is unfair to other people in this world!

Nie Qingru contorted her face when she mentioned Qiao Nian's name. After a while, she tried her best to clean up her emotions: "You should keep a low profile these days."

"OK."

Nie Qixing watched the video call hang up, and his smile quickly froze. He opened his phone and logged on to INS, watching the overwhelming sound of abuse on it.

His eyes became more and more indifferent.

He took out an old-fashioned mobile phone with a card inserted from the drawer, turned it on, and made a call: "Clean up those women. If you don't have time to transfer them out, clean them up right away!"

The person on the other end hasn't answered yet.

He didn't care whether the other party heard clearly or not, he hung up the phone directly, pulled out the calling card, broke it and threw it into the trash can.

Then put the old-fashioned mobile phone back in the drawer, closed the drawer, and the room became quiet again, as if nothing had happened before, and the call was just an illusion...

**

Nie Qingru told Nie Qixing to help him cool down.

as expected.

Not long after they finished the video, related topics on ins began to be cleaned up, and the ranking of hot searches continued to drop.

The topic of Nie Qixing's illegal age in opening a laboratory, which was originally aroused, was also brought up by a scientific leader who responded that Nie Qixing was a special case approved by the scientific community, and the popularity began to decline. There are also a large number of sailors who came out to help Nie Qixing speak, saying that he should be implicated innocently...

Chapter 3007 Sister Nian is going to arrest people directly

"Nie Qingru made a move."

In the hotel.

Qiao Nian had just returned to her room from the villa where Ji Lin and the others were staying. Before she had stopped for a few minutes, Guan Yan opened the door and came in.

"The empress seems to be planning to protect Professor Nie."

Guanyan Lieyan's red lips curled up frivolously, her eyes were full of contempt for Nie Qingru's actions, and she walked inside: "She is not even willing to sacrifice this professor's reputation, and she wants to let Nie Qixing retreat completely. Tsk, What a wishful thinking!"

Just as Qiao Nian put down her bag, she walked to the single sofa, reached out and unplugged the charging cable on the wall, and took the charged laptop back to the bed. She didn't seem to be stimulated by her words, and said very calmly: "She thinks she is powerful It's monstrous, as long as you are willing, there is nothing you can't do. These people outside are not important to her. Maybe an ant is more valuable than human life in her eyes. How can she care whether the business in the club is real? Nie Qixing is Didn't you participate in human trafficking?"

The smile on the corner of Guan Yan's mouth faded, and he became anxious and angry.

Qiao Nian was calmer than her. After putting the computer away, she straightened her back, brushed up the black hair in front of her eyes, and said coldly: "What she wants is a result. As long as Nie Qixing is safe and sound, this matter is over for her." ."

"Fuck it!" Guan Yan, who had never been a weak woman, immediately burst into foul language, disgusted enough by the so-called hermit family.

She just looked at Qiao Nian.

The girl has already picked up her mobile phone and is about to go to the opposite door: "I'll go out for a while."

Knowing that she was going to find Ye Wangchuan, Guan Yan immediately followed her: "I'll go with you."

She mainly wanted to see how Sun and the others planned to deal with this matter.

Qiao Nian didn't let her follow, went out and knocked on the door opposite.

Ye Wangchuan opened the door in seconds, saw two people outside, and let them in sideways:
"Come in."

Qiao Nian went in first.

Guan Yan also knew that he was following up with the light bulb, touched his earlobe, and went in too, while whispering to Ye Wangchuan: "Sorry, I promise not to be a light bulb next time."

Ye Wangchuan smiled lightly when he heard the words, he was very gentlemanly and didn't bother with her, waited for Guan Yan to follow in, then he closed the door, went to the water dispenser and fetched a glass of water for the two of them, one for each.

"Drink of water."

"Thank you." Ever since he came in, Guan Yan felt that the wattage of his light bulb was too high, so he took the glass from him awkwardly, and found a corner to reduce his sense of presence.

Qiao Nian didn't feel so uncomfortable. She sat on the sofa, leaned her back slightly, and looked up at him with a water glass in her hand: "I'm going to touch Nie Qixing."

Ye Wangchuan looked at her white fingers reflected in the glass and looked very beautiful under the light, so he raised his eyes to look at her face: "How do you plan to move?"

"I asked someone to track his cell phone, but I couldn't find where the women who were trafficked by them were, so I was thinking about not tying him up and asking."

Qiao Nian didn't wait for him to answer, and put the glass back in his hand, his eyes were dark and rational: "It is possible not to take such drastic measures against him, but it seems that Nie Qingru doesn't intend to bother. From Nie Qixing's point of view, as long as he is not a fool, he will hurry up and destroy the 'evidence', I don't have time to wait for him to show his feet."

"I can wait, those people can't wait."

Ye Wangchuan did not persuade her to think calmly, but said concisely: "How are you going to tie it up?"

Chapter 3008 Sister Nian's 20th birthday is approaching

Qiao Nian narrowed his eyes, half of his face was hidden under the light, and he looked extraordinarily cold: "Why don't you 'break' in?"

Ye Wangchuan rested his fingers on his chin, and slightly hooked his thin lips: "How do you break in?"

Qiao Nian seemed to have an idea long ago, and met his eyes: "It's useless to force your way in, we have to use some tricks..."

Guan Yan watched them come and go, but he didn't understand half a word. He originally planned to be a qualified background board in the corner, but he couldn't help but say: "Sun, what are you going to do, let me explain it more clearly." ! I'm ready too."

Qiao Nian said his thoughts all over again.

She was extremely calm from beginning to end, speaking at a moderate pace.

After she finished speaking, Guan Yan opened his mouth slightly, and didn't close it for a long time: "I think it's feasible."

She was quite familiar with Ye Wangchuan, she turned to ask the young man: "Young Master Ye, what about you? What do you think of the method Sun said? Is it feasible?"

Ye Wangchuan had already grasped Qiao Nian's mind when she mentioned 'breaking in'. She pressed down her extremely long eyelashes and looked frivolously at the girl: "The queen will be mad at you."

"She has a strong psychological quality, so she doesn't get mad so easily." The girl lifted the broken hair around her ears, leaned on the sofa with her arms outstretched, and asked them with a smile: "If you guys think it's okay, we can do it this way? "

Guan Yan raised his hand and said, "I think it's okay, it's doable!"

Qiao Nian immediately looked at him.

Ye Wangchuan noticed her gaze on him, let out a low laugh from the depths of his throat, and rubbed his brows helplessly: "When did I say there was a problem?"

Qiao Nian turned his head unconsciously when he was stared at by his scorching gaze, and first said to Guan Yan: "Then you go and make arrangements first."

Guan Yan looked at her and then at the only person in the room, put the water glass on the cabinet very wisely, got up and went out: "Okay, I'll call you guys when I'm ready."

After she went out.

Only Qiao Nian and the others were left in the room.

Feng Yu booked an ordinary business single room for them. The room was not big, and it seemed cramped and cramped for two people staying in a room of only about 30 square meters.

Ye Wangchuan got up and took an apple for her and handed it to her, while softly saying, "Your 20th birthday will be in a few days. Didn't you say you went back to Beijing before? Are you going back now?"

Qiao Nian looked at the glowing red apple in front of him, hesitated for a while before reaching out to take it, lowered his eyes, and didn't know what he was thinking: "I don't know if it's too late."

Ye Wangchuan saw that she didn't eat the apple after taking it, so he took it again, went to find a fruit knife, held the apple and carefully peeled it for her.

His fingers are slender and fair, the movement of holding the knife is smooth and natural, and the peeled skin hangs down naturally. Qiao Nian doesn't look like he is peeling an apple, but it looks like a work of art.

She has never been stingy in admiring beauty, so she stared at it a few more times with her black eyes, and said slowly, half leaning on the backrest: "I did plan to go back to have dinner with everyone at first, but the matter with Nie Qixing has not been resolved yet, I don't know if I will be able to go back in time."

"Are you just worried that you won't be able to go back in time?" Ye Wangchuan had already peeled off the apple skin in a blink of an eye, cut it into small pieces for her to eat, and handed a small piece of apple to her, as if he could see through her mind: "...I'm still afraid that the queen will stare at her them?"

Qiao Nian slowly stretched out his hand to take it, but when he poked at the center, his brows and eyes were covered with a layer of depression, and he said annoyed, "Aren't you afraid?"

Chapter 3009 Wangye: Did you forget to promise me something?

Ye Wangchuan watched her hold the apple and refused to eat it, and looked at her with raised eyebrows.

Qiao Nian's eyes fell on the apple in his hand, and he continued, "I don't want them to be in danger because of me."

"Aunt Yuan before, but also Jiang Li, including my father... They are always targeted because of me."

Qiao Nian spoke slowly, in an unpleasant, but very annoying tone.

"If I go back this time, those people may target them again. Although I can deal with it afterwards, the damage they suffered has already existed, just like Aunt Yuan, and it is not completely healed yet. You let me How to go back?"

Ye Wangchuan heard her say these things rarely, and knew that she was really worried that Nie Qingru would attack Mr. Jiang and the others.

"Nian Nian, have you ever thought that Uncle and Mr. Jiang also hope to spend the important day of turning 20 with you?"

Qiao Nian looked up at him.

Ye Wangchuan met her eyes: "Everyone may not care about what you said. Compared with these potential possibilities, they want to spend important moments in their lives with you."

Qiao Nian frowned tightly, as if lost in thought: "I'll think about it again."

Ye Wangchuan didn't urge her, just said: "Even if you don't go back to the capital, and you don't see Mr. Jiang and the others, the empress knows where your weakness is. If she wants to attack the capital, she won't care whether you go back or not, you Rather than being led by the nose by her, why don't you just do what you have to do and don't worry about her... Besides, Beijing is not the territory of the Hidden Family, and the old man is still there."

He was talking about Ye Maoshan.

The Ye family is well-known in Beijing, and it's really not someone Nie Qingru can move around at will.

Nie Qingru and the Yinshi family's power is mainly concentrated in M state, and they may not have much power in Beijing.

Qiao Nian probably understood what he meant, raised the end of his eyes, with a bit of wantonness in his bones: "Why do I think you really want me to go back?"

Ye Wangchuan smiled: "Did God Qiao forget to promise me something?"

Qiao Nian rested his cold fingers on his chin, tilted his head, thought for a long time and remembered, and suddenly looked at him with bright eyes.

Ye Wangchuan saw that she remembered.

Qiao Nian coughed lightly, and rolled his eyes: "We'll see when the time comes."

That's just not sure what to say.

Ye Wangchuan didn't push her too hard, anyway, he just wanted to mention it, and he didn't really want to do anything to her, but he wanted Qiao Nian to have a full birthday like an ordinary person: "Okay, think about it Tell me. I'll let the old man and the others prepare first, and if you really can't go back, just cancel it."

"..."

Qiao Nian is not stupid. Hearing what he said, he knew that he probably had to go back.

After all, she never knew how to deal with the concerns of elders of Ye's age, let alone let them down.

But she didn't say anything, she pursed her lips, and just accepted it.

Qiao Nian acted resolutely: "Let's deal with Nie Qixing's matter first."

Ye Wangchuan didn't want those controlled girls to encounter accidents, so he nodded, suppressed his gentle aura, and drooped his eyelashes: "Don't worry, those people will be fine."

**

Nie Qingru started to reduce the heat in the morning, and the discussion on this matter on ins in the afternoon has been much less.

Everyone is attracted most of the attention by the new celebrity gossip, but no one pays attention to the **** of a scientist.

In this case, Nie Qixing was virtually rescued from public opinion.

Chapter 3010 He suddenly received a strange call

As long as no one is staring at him and digging deeper, the continuous abuse of a small number of people is as innocuous to him as a mosquito tickling.

Nie Qixing's tense nerves also relaxed as the heat dropped.

He made a phone call with Yingying, and asked Yingying to thank Nie Qingru for his help, while telling Yingying again that he would pay more attention to making friends in the future.

Watching things calm down.

Nie Qixing also went back to the laboratory in the afternoon, and appeared in front of everyone like a normal person, telling everyone that he was fine in disguise.

And after this abuse, he gained tens of thousands of fans.

Nie Qixing came back from the laboratory, poured himself a glass of red wine, and looked at the number of followers on his ins on the phone, and the corners of his mouth couldn't stop rising.

He is a very smart man.

After the matter was resolved, he did not forget Zhang Yin who was still at the police station, and asked someone to bring a sentence to Zhang Yin through his relationship.

Let him keep his mouth shut, but he must be careful about the safety of his family when he says one more word.

After Nie Qixing finished all this, he took a relaxing bath and began to shake the sober red wine, ready to drink it all in one gulp.

Suddenly a phone call came in, interrupting his leisure time.

The phone on the table rang non-stop.

Nie Qixing had no choice but to put down the goblet first, reached out to take it, and looked down, it was an unknown number, and it didn't even show the number's territory.

He never answered such unknown calls, but thinking of what happened in the past few days, he still answered it just in case.

"Hello."

He just opened his mouth vigilantly.

There was a man's panicked voice from the other end: "No, those people found us. We are about to be controlled, and those women have also fallen into their hands..."

Nie Qixing was not fooled, and asked him coldly: "Who are you talking about? Who found you? Who are you?"

He just finished speaking.

The phone on the other end of the phone has been disconnected.

Nie Qixing vaguely heard a vague girl's voice coming from the other end before hanging up the phone. It was clear and cold, very much like Qiao Nian.

He didn't have time to think about it. After the phone was hung up, Nie Qixing looked at the unknown number displayed on it, and tried to dial it back.

"Sorry, the number you dialed is down."

The other end immediately shut down.

Nie Qixing put down his phone, his expression became more and more frozen and ugly.

He vaguely felt that something was wrong. There was no number displayed on the call and he didn't know who made the call, but... what the person said made him have to pay attention.

Those women fall into their hands...

What made Nie Qixing even more restless was the voice that sounded like Qiao Nian on the background sound!

He looked at the red wine glass close at hand, and was not in the mood to drink anymore. He got up and walked back to the room, opened the drawer and found the old-fashioned mobile phone, and took out a new phone card from the side, just about to insert it.

at this time.

It's too late to say it, but it's too soon.

The electronic lock at the door beeped.

Someone broke in from the outside.

Nie Qixing quickly threw the old mobile phone back into the drawer, closed the drawer door, and immediately walked out to see dozens of people rushing into his apartment.

Nie Qixing looked at the people who broke in, his face turned blue immediately, and he stared coldly at the person who led in: "What do you want to do?"

Ye Wangchuan raised his chin and walked straight over: "Squeeze him."

Moxi twisted his wrist bone: "Got it."

Moxi led two people over, walked up to the frightened and angry man, and said very politely, "Professor Nie cooperate? I don't want to stuff your mouth either."
