

Madam's 3011

Chapter 3011 He was tricked!

Nie Qixing was so angry that he looked calm on the surface, took a deep breath and said, "I will cooperate with you, you don't have to do that to me. I just want to ask, what do you mean now? Do you know that you have broken the law? ? What you are doing now is trespassing on private houses."

"Compared with yours, isn't our behavior insignificant?" Moxi smiled and spoke easily.

In front of him, he pushed the glasses frame on the bridge of his nose with his hands, looking like a gentle scum.

"Don't worry. We don't come here to arrest you, we don't beat you, and we don't intend to extort a confession by words or deeds. We will come to your house to find something. Professor Nie has such a good reputation outside, and colleagues say that you are usually gentle and hospitable. Just come and visit us, don't worry about us."

"Hehe." Nie Qixing smiled, "I'm afraid this small place can't entertain friends like you."

Moxi patted him on the shoulder: "It's okay, just make do with hospitality, we are not picky."

As he spoke, he turned back to Guan Yan and Ji Lin and said: "Everyone heard it. Professor Nie can't greet him alone. Let's be conscious and find some water to drink."

Guan Yan leaned against the door, with flaming red lips flaunting: "Forget it, I don't dare to drink water from scum, for fear of getting a stomachache."

Moxi knew that this aunt had bad things to say, so he rubbed his nose and looked at Ji Lin.

Who knew that Ji Lin turned his head with this indifferent attitude: "I'm not thirsty."

"..."

Moxi had no choice but to look at Qiao Nian: "Miss Qiao, what do you think?"

Qiao Nian didn't bother to play tricks with Nie Qixing at all, so he walked in, pulled his hat and said, "Search directly."

"Work, work." Guan Yan responded immediately.

Daji's people in country m followed her closely and prepared to work.

Not to be outdone, Ji Lin ordered: "We also work."

Yaomen's people also started to rummage through the living room to find them.

Nie Qingru's way of protecting Nie Qixing is to make him hide perfectly without being noticed by anyone. In order to achieve this goal, there is almost no obvious protection arranged around him.

Nie Qixing himself is also a person who pays more attention to fame than the sky. He doesn't live in a single-family villa when he has money, but lives in a high-end apartment.

The security of this kind of place has long been controlled by Guan Yan's leaders. He came and went again and again, and he really couldn't control the chaotic scene in front of him for a while.

He himself is very self-aware and knows that forcibly stopping her will not be able to stop him. Instead, he just stares at the girl with confidence: "What exactly are you looking for?"

Qiao Nian is wearing all black and a buttoned peaked cap today, showing a chilling look all over her body, and she is not easy to mess with from a distance.

She raised her peaked cap, her eyebrows were not as loose as she first saw, and it was rare to see a serious expression on her face: "Looking for someone."

"Huh?" Nie Qixing was slightly taken aback, then immediately frowned: "I only have one person here."

Qiao Nian didn't explain to him, she pulled up her legs and walked inside, as if guessing where he hid his things, she went straight into one of the bedrooms with the door open, her sharp eyes swept across the whole room, and finally landed on the door that was closed. Above the drawer, walk in that direction...

Nie Qixing watched this scene helplessly, and suddenly understood what Qiao Nian wanted to do, and what happened to that inexplicable phone call before!

All of this was already planned by her, and she just waited for herself to jump into the trap!

He was tricked!

Chapter 3012 The call log was deleted

Qiao Nian opened the second drawer and found an old-fashioned mobile phone inside.

She took the phone out, saw the new phone card that had fallen inside, picked it up with her fingertips, turned around, picked up the phone and came out together.

Nie Qixing's expression obviously became tense with her actions, the muscles on both sides of his cheeks clenched tightly, and his eyes became fierce and sharp.

"Miss Qiao, it's not appropriate for you to forcefully break into my house to find things, right? I thought everyone was at least acquainted with each other. It seems that you don't think so..."

"It is indeed acquaintance."

When Qiao Nian passed by him, he slammed his shoulder into it, walked by recklessly, and a casual voice wafted by Nie Qixing's ear: "Forget it as a friend."

Nie Qixing read these sentences together.

What Qiao Nian said was: We do know each other, let alone friends!

His brows were not as gentle and gentle as usual, and he unconsciously clenched the hand hanging by his side: "That mobile phone is my personal property, you can't take it away. I can see it for the sake of getting to know each other. Comparing with you, you still have time to go now."

Qiao Nian found a sofa to sit on, looked up at him in surprise, pulled off his peaked cap, revealing a pair of dark and beautiful eyes, paused: "Why? Didn't Nie Qingru tell you about me?"

She actually called the Queen by her first name.

Nie Qixing shot his cold and stern eyes over, with an extremely angry expression, it could be seen that he was really angry.

"It seems that she didn't tell you."

Seeing his angry reaction, Qiao Nian leaned on the sofa cushion carelessly, stretched her bent legs carelessly, took off her peaked cap, and simply showed her whole face: "I don't even care about her, do you think I care about you and her?" I care about?"

"Youth is not the capital of your arrogance."

"Well, what you said makes sense."

Qiao Nian looked at his hands clenched into fists, the arrogance in his bones could hardly be concealed, he put his peaked cap aside, and asked, "Youth is not the capital of madness, but you, who have not

even touched the threshold of a hidden family, are you?" What do the marginalized people of the Nie family care about me?"

Nie Qixing seemed to be poked in a sore spot, his expression became ugly, and he retorted with gritted teeth: "I don't care about these!"

"Really?" Seeing his appearance, Qiao Nian cared very much, she turned her head, her starry eyes bursting into flames: "Then you don't even have the right to argue with me."

A string in Nie Qixing's brain broke with a bang.

He stared at the girl who swaggered in, watching her arrogantly inserting the found mobile phone into the calling card...

He could clearly feel that Qiao Nian knew about his background, maybe he knew about his relationship with the Queen, but she just didn't say it out.

What you say and do are the kind of people who don't take him seriously and treat him like a marginal figure in the hermit family... the feeling that the other party knows who you are, but they just play word games with you and treat you like a monkey. A sap hit Nie Qixing in the head.

His brain was buzzing, almost blank, and he couldn't think of how to deal with the sudden situation in front of him for a long time!

While he was trying his best to hide his pain, Qiao Nian had inserted the calling card and opened the call records in the old-fashioned mobile phone.

"How is it?" Ye Wangchuan watched her fiddle with the mobile phone, and leaned forward to ask her.

Qiao Nian was not surprised to see the blank record that caught his eye: "It was deleted."

Ye Wangchuan hasn't spoken yet.

Qiao Nian got up and called Guan Yan: "Help me get a notebook."

Chapter 3013 Delusion old green tea

Guan Yan was extremely efficient in doing things, and immediately found the laptop in Nie Qixing's study, and brought it out for Qiao Nian.

Qiao Nian took the computer and turned it on, then took out a data cable from her body and connected it to the mobile phone, put the notebook on her lap, and tapped with ten fingers on the keyboard.

Nie Qixing had a vague sense of unease: "What are you doing?"

He deletes the call log every time he finishes a call.

So he wasn't particularly flustered before.

But when he saw Qiao Nian's professional posture, Nie Qixing's heart beat wildly, and he wanted to step forward to stop him.

As soon as he took a step, Moxi stretched out a foot to block him.

Nie Qixing was stopped, and when he turned around, he saw Moxi pushing down the glasses on the bridge of his nose and smiling at him, saying, "Didn't Professor Nie see that other people are busy? You shouldn't go up and disturb them."

"!" Nie Qixing was so annoyed by his soft-headed attitude, his face was blue, facing the crowd of opponents, he had no choice but to suppress his uneasiness, and retreated wisely.

He only hoped that Qiao Nian was just putting on airs, just like the call he received before, just to trick him.

But things backfired.

Time passed by every minute.

Nie Qixing saw that Qiao Nian was concentrating on the computer, typing on the keyboard from time to time, it didn't look like he was pretending to take the opportunity to trick him into explaining.

Not even anyone else in the room asked him about old-fashioned phones.

Everyone tacitly kept quiet and waited for the girl to announce the final result.

Twenty minutes passed.

Qiao Nian left the keyboard with both hands, and waited for a few seconds. She looked at the recovered data on the computer screen, and turned to ask the expensive man beside her, "Can you pack green tea?"

Ye Wangchuan could feel the gazes falling on him from all around, and put his hand lightly on the armrest: "What kind of green tea?"

Qiao Nian stared at him, as if thinking about how to describe it to him, but his mouth was faster than his brain: "It's just like you usually are."

After she finished speaking, she realized that she was talking too fast, rubbed the center of her brows, and put it another way: "No, it's the old green tea, his kind. He's the one who keeps his words on the surface and keeps his back, and the kind who speaks softly and acts hard, can you do it?"

Moxi had been staring at Nie Qixing the whole time to prevent him from being distracted, but he was dumbfounded when Qiao Nian came here suddenly.

Moxi instinctively looked in Ye Fanchuan's direction, lest his boss be stimulated by Miss Qiao.

Who knew that Ye Wangchuan still had that lazy look, as if nothing could get into his heart, calm and elegant, and even repeated to Qiao Nian with a smile at the corner of his mouth: "Just my usual kind?"

"Ahem." Qiao Nian knew he had said the wrong thing, and said angrily, "I didn't mean to target you."

She just wanted to describe a feeling.

Ye Wangchuan snatched the phone from her hand, entered the phone number that Qiao Nian had recovered, and said with a smile, "I know."

"I'll just call this number, right?" He read the number on the old mobile phone to Qiao.

Qiao Nian glanced to make sure there was no problem: "En."

Ye Wangchuan withdrew his hand, then looked at her with a smile, and said unhurriedly: "You didn't mean to target me, I just belong to tea in your heart."

Qiao Nian was so embarrassing that she didn't dare to make eye contact with him, so she staggered her eyes in embarrassment, her eyes flickered and she wanted to say something: "I'll go back and explain to you."

"OK."

Ye Wangchuan just made a joke with her, he wasn't really stingy to care about even a word.

Chapter 3014 Sister Nian quickly gets what she wants

Mainly, he didn't expect that after living for more than 20 years, he was actually an old green tea in her eyes.

It's not just green tea, Qiao Nian also added 'old'.

And without her explaining, he has also been on the Internet, and he has seen fresh vocabulary that young people like to use on the Internet. Green tea is not as simple as she just said.

"I'll just imitate his usual tone, right?" Ye Wangchuan is a very smart person, since he was young, he hardly needed someone to speak clearly, and he could guess the meaning of the other party.

He had already guessed what Qiao Nian wanted to do when Qiao Nian asked him.

Sure enough.

Qiao Nian also recovered from the embarrassment just now, and devoted himself to the business: "Well, ask them where they are hiding, and try not to hurt the victim."

This kind of rescue of vulnerable groups is a matter of life and death.

Ye Wangchuan gestured to her that she received it, closed his frivolous eyes, and gradually became serious, ready to make a phone call.

Before he made the call, Qiao Nian noticed Nie Qixing who was standing uneasy, and said lightly: "I advise you to wait and keep quiet, otherwise Nie Qingru can't save you."

Nie Qixing originally wanted to use his brain, wondering if he could make a sound to remind the people over there to be careful of being deceived.

Qiao Nian's words hit him right at the Achilles' heel.

He didn't dare to act rashly.

Especially Moxi also noticed him, still with that damned smiling expression: "Professor Nie doesn't want to stuff a stinky sock in his mouth, does he?"

Not far away, Guan Yan was more real than him. He leaned against the wall and fiddled with the silencer gun in his hand, put two bullets into it, and loaded the magazine.

She didn't say a word, and when she leaned to the side, she was full of deterrence.

As long as Nie Qixing is not a fool, he would not dare to provoke this group of tough people, so he can only watch Ye Wangchuan make phone calls like a fool.

Then Ye Wangchuan pretended to be the one who asked those people to stop the task, asked for the address, and said that he would send someone to take over immediately, so that they only need to hand over the controlled woman to the newcomer...

The phone call with Ye Fanchuan ended.

Qiao Nian also stood up and prepared to leave.

Ye Wangchuan was preparing to leave with her, and called Shang Jilin by the way: "Clean up, and prepare to follow me."

"Yes, Mr. Wang." Ji Lin was unambiguous, and immediately called a few people to follow up.

Nie Qixing's back was wet with cold sweat, and he knew exactly what they were going to do.

Once the matter is exposed, he can't imagine how big a hornet's nest will be poked...

When the girl bent down to pick up the peaked cap on the sofa, he couldn't help but said, "Qiao Nian, since you came here, you should know who is behind me. Everyone is smart, I won't go around in circles with you, what do you think?" What do you want?"

Qiao Nian paused with her fingertips, picked up the peaked cap on the sofa and put it on as if nothing had happened, ready to leave.

Nie Qixing didn't give up, and said to her in an emphatic tone: "We can negotiate a deal! I'll give you what you want, don't meddle in this matter, let me go? How about it."

Qiao Nian walked to the door and heard him shouting behind her. Finally, as if she heard it, she turned her head and licked her ears foolishly: "I let you go? Then did you let those girls who were kidnapped by you go? They should I beg you, did you let them go?"

"..." Nie Qixing remained silent.

Qiao Nian seemed to hear the answer he wanted, and smiled at him with a snort: "You can't afford what I want!"

Chapter 3015 Nie Qixing, you are not worthy of negotiating a deal with me!

"What do you want?" Nie Qixing finally found a sentence that could be answered. He asked with confidence, as if he could meet all the conditions proposed by Qiao Nian.

Qiao Nian squinted at him, looked up and down, and didn't see at all that the man in front of him, who was cowering like a mouse, was worthy of Nie Qingru's eyeballs. She felt that her eyes were dirty after just one more look!

So I looked away: "I want fairness, justice, equality, accountability, good and evil will be rewarded in the end! I want an innocence! Can you give it?"

Ji Qing's death is so unclear that even the Ji family dare not mention Ji Qing.

A genius of a research institute was at the prime of his life, and died just as he started to realize his ambition.

She wants fairness, a reasonable explanation, and those who think they are above the law and justice admit their mistakes!

Can Nie Qixing do it?

No one can do it.

Only when the sky of the hermit family falls and she drags that person off the altar with her own hands, will this be possible!

before this.

No one can give the justice she wants!

"Nie Qixing, you are not qualified to negotiate a deal with me." After Qiao Nian said this, she turned and walked away without looking back.

Guan Yan got up and put away his weapon, turned his head and said to Mo Xi: "I'll leave it to you here, keep an eye on him, don't let him cause trouble halfway."

She belongs to Qiao Nian, and Moxi treats her very kindly.

He had no intention of leaving, so he stayed beside the stunned Nie Qixing, pushing his glasses calmly: "Don't worry, I won't let him out of my sight."

"OK."

Guan Yan nodded at him, and naturally patted him on the shoulder, as if he was one of his own: "Then I'll leave it to you."

Moxi watched her gallantly follow Qiao Nian and the others, including those staff brought by Guan Yan who were also well-trained and left one after another.

He didn't think too much, and applauded his brothers: "Keep this place locked up! Not a single fly is allowed to fly in, understand?"

"yes!"

The people of Yaomen have loud voices.

After Moxi explained them, he turned to Nie Qixing and said, "Professor Nie, before Ms. Qiao and the others rescue the hostages, you have to report to me even if you go to the toilet. I don't like to use violence to solve problems. I hope you don't." Let me make an exception~"

Nie Qixing remained expressionless: "I'm not that stupid."

He has eyes to see his situation. Before the person who secretly protected him contacted M state, he was a fish on someone's chopping board.

Since Qiao Nian didn't intend to kill him directly, he is not stupid, and his brain is not broken enough to hit someone with a knife.

It's just that Qiao Nian's behavior this time has deeply stimulated him.

Nie Qixing has always been unable to understand why Nie Qingru treated him coldly, and even prevented him from participating in the hidden family.

He is clearly a direct descendant of the Nie family, but he has lived like a marginal figure for thirty years. He has a dazzling background but can only pretend to be an innocent scientist.

He still doesn't understand what these are for.

That's why he went astray, and cooperated with Zhang Yin to do a lot of business, and he also used the connections of the Yinshi family and the Nie family to set foot in other fields behind the scenes.

Everything has been revealed this time, and Nie Qixing still doesn't know how to deal with the mess.

Moxi looked at him looking for a dining chair to sit down in despair, and was very satisfied with his attitude of understanding current affairs, so he ignored him and went to make himself a cup of coffee and find a place to sit down and wait for the news from Miss Qiao and Mr. Wang...

Chapter 3016 Why hasn't anyone come yet?

In a dark alley in country m.

A man wearing a gold chain and combing his hair back impatiently kicked a small stone on the ground, and the small stone hit the wall and fell down with a 'clang' sound, scaring several women who were squatting not far away to exclaim .

The man was probably annoyed by the noise, and he turned around and yelled at them: "Young master just kicked a rock, what's his name, whoever makes a **** noise, I'll kill him first!"

The faces of the women were as scared as human beings, their eyes showed the horror of him, they bit their lips tightly and did not let go, and they did not dare to make any sound again.

The man with the big gold chain was still dissatisfied, he walked back quickly, grabbed a woman and slapped her in the face: "Look at your mother!"

The woman was beaten with stares in her eyes, she was thrown on the ground like a rag and hugged her head, and kept admitting her mistake: "I'm sorry, I'm sorry."

The other big gold tooth is leaning against the wall and playing games with his mobile phone. Seeing that he is messing around here and affecting his operation, he stops him impatiently: "What are you doing, why are you beating them? Someone will come and get them out later Let's go, we will complete the task when we get rid of it."

"Where's the person?" Dabei shook his hand away unhappily, with a rebellious expression on his face, and asked the other party extremely unhappily: "I've been waiting here for an hour, and the person hasn't come yet!"

Da Jinya is not one of those powerless women, not used to his bad temper, immediately quit the mobile game, put the phone in his pocket, and looked at him seriously: "Are you going to make trouble? Are you going to fight again?" In this case, I will tell the person above. You should know Young Master Nie's temper!"

Nie Qixing looked at Gentleman, but in fact he had black hands and black hearts. This is a fact that everyone on their way tacitly agrees to. Few people dare to provoke this kind of double-faced person.

Big back head is no exception.

He suppressed the dissatisfaction in his heart, glared at his companion unhappily, turned around and walked back to the alley to wait for someone.

Seeing him calm down, Da Jinya took out his mobile phone in his pocket again and prepared to play another game. On the way back, he saw a woman lying on the ground sobbing, and he commanded condescendingly: "Okay, don't cry here , Those who don't know will think you are mourning. I don't have

that much patience, if you want to be smart, go back and stay, and don't make any noise to stimulate him."

The woman who was beaten was so frightened that she blinked her eyes and tears were streaming down her face, but she covered her face and dared not make any more noise.

She scrambled and crawled back to a group of controlled women. Everyone continued to hold their heads and shivered in the alley.

Finally, a siren sounded from the entrance of the alley.

Dabei turned his head back to his companion and said, "Here we come."

Jin Ya put away the mobile phone he had just taken out, and began to ask the women who were squatting on the ground to stand up, line up, and threatened them not to make a sound.

Those women had been exhausted by them for a long time, and they lined up numbly in a row, with their heads down, their faces pale and desolate.

The two saw a girl getting off the Land Rover. The girl was dressed in black and wore a peaked cap with only her snow-white chin exposed. She looked extremely young and had a strong personal aura around her.

"Why is there a woman here?" Dabeitou was still wondering.

Qiao Nian, who got out of the car, had already walked in front of him, raised her head, and looked past him at the shivering women standing in a row in the dark alley.

"Is everyone here?"

Turning his head back, he looked at her suspiciously again: "You belong to Young Master Nie? Why did Young Master Nie ask you to come here, did you make a mistake?"

Chapter 3017 Sister Nian: I let you go?

Qiao Nianying pushed down the peaked cap with her white hands, revealing a pair of beautiful eyes and staring at him: "I asked you if everyone is here?"

Dabei was stunned for a moment, and then reacted, blushing and staring at the provocative face of the girl, rubbing his hands nervously: "Ah, it's all here."

"Young Master Nie, who are you?" Big Back squinted at Qiao Nian, obviously harboring evil intentions: "Why haven't I seen you before."

At this time, Gold Tooth also came over.

He happened to hear his companion asking silly words, so he pulled him angrily.

The big-backed head was jerked and furious: "What are you doing! Are you sick?!"

Jin Fang looked at him coldly: "You don't want to live anymore?"

Dabeitou immediately understood what he meant, cold sweat broke out on his back, and he turned to look at Qiao Nian with a respectful attitude: "Sister, I'm sorry, I just made a joke with you. Don't tell Young Master Nie, I will ask, no other meaning."

He turned sideways to let Qiao Nian look at the back: "All the people that Young Master Nie wants are here, there is no one missing, why don't you count them yourself."

"Give me a list." Qiao Nian reached out to them.

The two looked at each other, and they both saw confusion in each other's eyes.

Gold Tooth reacted quickly: "We don't like this! What is a list."

"I always need a proof of attendance." Qiao Nian asked him calmly, "If you don't give me the list, how will I know if you have any missing persons?"

The two discussed it.

Jin Ya soon found some photos on his mobile phone and sent them to Qiao Nian. There were some videos of them handing over human trafficking and the names, ages, dates of birth, when they arrived in country M, and how they fell into them. hands.

Once Qiao Nian got the basic information, he asked them to lead him to the car.

Although the two of them wondered why Nie Qixing would let a yellow-haired girl come to talk to them, but 'Master Nie' also used that mobile phone to contact them this time.

So they wondered and wondered, forced by Nie Qixing's usual prestige, they quickly arranged the victims into the car.

There were three cars parked outside the alley.

Except for the Land Rover that Qiao Nian got off, the remaining two cars are commercial vehicles that can seat 8 people, and the victimized women were divided into two groups and boarded the car separately.

Wait for everyone to get in the car.

Qiao Nian winked at Guan Yan and Ji Lin: "Go first."

Guan Yan and Ji Lin knew that Ye Wangchuan was still there, and there were victims in their car who needed to be transferred to the hospital to check for injuries, so they didn't stay.

Two commercial vehicles left in the dust.

In a blink of an eye, only the Land Rover parked on the roadside remained at the entrance of the alley.

Seeing that the task was completed, the two of them did not plan to stay: "Then our two brothers will leave first?"

Da Jinya is about to leave.

Qiao Nian stopped him at this moment: "Wait a minute."

Jin Ya stopped unconsciously and looked at her strangely: "What else do you need?"

Qiao Nian opened the car door, took out the white gloves from the car and put them on, raised his hand and said to him casually: "There is something wrong."

At this moment, a person got off the driver's seat, the man put his hands on the car door, and looked at the girl with a pair of affectionate and smiling eyes: "How are you going to deal with them?"

"Ah." Qiao Nian responded, and looked at the two of them casually, tilted his head and thought for a moment, and suddenly said with a smile: "Why don't you kill me?"

Ye Wangchuan knew she was joking, but still smiled and said, "Don't get your hands dirty."

They said one sentence to you, and one sentence to me, as if they didn't pay attention to Da Jinya and the others, as if they were discussing how to dispose of the garbage.

Chapter 3018 Sister Nian handed over the person to the police station

The relatively irritable man took out a knife from his back and was furious: "MD, you think I'm dead? You mean **** it!"

Big Gold Fang grabbed him and said, "Shut up."

He grabbed his companion, took a step forward and said to Ye Wangchuan and Qiao Nian: "You two heroes, you see, if you don't know each other, there's no need to fight to the death, it's better to make friends."

Qiao Nian looked at him coldly: "Make friends?"

His brain reacted quickly, his back was wet and cold, but his mouth was better than his brain: "Look, you have already taken away people, and we are also helping people, just a small follower. Why do you bother with us?" People like this care about?"

He could see it.

They were played by others this time.

Authentic fairy dance.

Those women are afraid that they will be broken.

Although he didn't understand how Qiao Nian contacted them through Nie Qixing's mobile phone, he played this trick to deceive the people in their hands.

But he understood one thing—the two people in front of him were not someone he could offend!

He has lost the people he kidnapped, and he just wants to survive by docking his tail.

Jin Ya didn't dare to provoke these two people again.

Just because his brain turns fast doesn't mean that everyone's brain turns fast. His accomplice is a person with a slow brain reaction, and he hasn't realized that he has been cheated.

cursed at him very unhappy: "What are you doing, you are afraid of what they will do, I don't think they belong to Young Master Nie! We have been played."

Jin Ya was sweating profusely, glaring at him: "I told you to shut up!"

On the one hand, he begged Qiao Nian for mercy: "Sister, he's just a fool, don't argue with him. I'm on your side, I won't tell Young Master Nie about this, just take those people away with confidence... Can you let us go first?"

Ye Wangchuan saw him begging for mercy with frightened face pale, turned his head and asked the girl: "God Qiao, let them go?"

Qiao Nian turned the peaked cap back, revealing a cold silhouette, his eyes seemed to be on fire, and there was a beast about to pounce inside.

She pushed the car door shut and forced the two of them into the alley without looking back: "The ones who are qualified to forgive them are still on their way to the hospital."

The night wind blows the corner of Ye Fanchuan's shirt, and the moonlight is bright.

He leaned against the side of the car, and after hearing this, he lowered his eyes and let out a low laugh, then gracefully closed the car door, and walked into the alley following the girl's footsteps.

Accompanied by the screams of ghosts and jackals.

Half an hour later, the two big men were dragged out of the alley like dead pigs, thrown into the trunk of the off-road vehicle, and drove towards the police station.

The police station is still struggling with Zhang Yin's matter.

In the past few days, from time to time, Zhang Yin's family members have sought connections to try to bail people out through the back door.

Returning without success every time.

Although these people failed to release him on bail, Zhang Yin's family members came to make trouble every day, and the trouble still made the police station feel helpless.

In the evening, the police station had just finished examining Zhang Yin.

Zhang Yin still insisted on not saying anything, and the policeman on duty finished taking notes as usual and prepared to pack up and get off work.

Just then, there was the sound of a heavy object falling to the ground outside the door.

"who?"

He trotted out, only to see the rear of an off-road vehicle, which disappeared at the intersection in a blink of an eye.

He had to turn back, and on the way back, he noticed the man who was thrown at the gate of the police station like two dead pigs, and a recording pen thrown on the man.

"Help, help me..."

The two made a faint cry for help.

The little policeman was startled, and hurried back to call someone.

**

At the same time, Moxi received a call from Qiao Nian.

Chapter 3019 The evidence is so strong that Nie Qixing can't quibble anymore

He hung up the phone and returned to the living room, took his coat and said to the man sitting on the sofa, "Professor Nie, I'm leaving."

Nie Qixing's complexion was not good-looking, at least not a little joyful, he raised his head coldly: "You will regret it!"

Moxi led the people to the door, and opened the door with one hand.

When he heard what Nie Qixing said, he couldn't help turning his head around. He probably thought Nie Qixing was ridiculous, but he pushed his glasses in a good-tempered manner: "Young Master Nie should care about himself first."

Immediately after.

The door slammed shut.

The people who broke in viciously before finally all left.

Nie Qixing looked at the empty home, without a trace of buoyancy, got up and found his mobile phone slowly, and pulled out a phone number.

He stared at the phone above, especially wanting to call.

But with his fingers hanging in the air for a long time, he didn't have the courage to dial the number.

He really couldn't imagine how big the sky was pierced by Qiao Nian, and he couldn't figure out how to deal with Nie Qingru's questioning.

He has to think about it, think about how to get out...

...

Things were similar to what Nie Qixing predicted.

Nine thirty in the evening.

The ins that had been suppressed for a day became lively, and the topic about Nie Qixing was once again on the top of the hot search. This time it was not simply an irresponsible rumor like "someone said that Professor Nie participated in the club's shares", but someone directly uploaded it A picture evidence of a complete evidence chain from abduction to trafficking, and there is a real hammer of Nie Qixing's direct participation!

Thus.

The heat that Nie Qingru had easily suppressed before became hot again.

Nie Qixing's ins is full of messages from angry people.

[Manni walks: Are all the things on this picture real? God, are you still human, this is the devil.]

[kissby: Shattered my three views, such a person is actually a scientist who is still studying quantum energy, and has a great reputation internationally.]

[Snail Race: Scum.]

[Fishing in a suit: wait for the follow-up, and take it off by the way.]

...

The overwhelming scolding was even more fierce than last time.

Every ins posted by Nie Qixing is full of people's abuse.

Everyone's three views were shattered, and they couldn't believe that such an outstanding young scientist turned out to be such a demon behind his back.

The number of followers on Nie Qixing's ins gradually dropped, as if there was a harbinger of ruin.

On the other side, M state.

Someone came to give Nie Qingru a mobile phone.

After the man handed the mobile phone to Shadow, he quickly disappeared around the corner, and the person Shadow sent to track him also lost him, unable to catch him like a loach.

Shadow had no choice but to find Nie Qingru with her mobile phone, and handed her the phone respectfully: "Qiao read it to you."

Nie Qingru still didn't know what was going on on ins, so she took it with a gloomy face, her eyes sharp and disgusted: "Why did she give me a mobile phone?"

Her disgusted expression seemed to have nothing to do with Qiao Nian, as if Qiao Nian was some kind of scourge, and just hearing the name was a form of torture.

Shadow didn't know what was inside the phone until he opened it, so he kept quiet and didn't speak.

The queen is just asking.

While speaking, she had already turned on the phone, and as soon as the phone was turned on, an autoplay video popped up on the screen. On the video, a group of women in ragged clothes and frightened eyes were begging the person who took the video to let them go. The scene was comparable to purgatory on earth.

After the few tens of seconds of the video was played, the evidence that Qiao Nian cheated from Nie Qixing's two subordinates popped up immediately.

The person who is all pointing to the back is Nie Qixing!

Chapter 3020 You should also consider introducing Young Master Nie to other people

"He wants to **** me off?!" Nie Qingru slammed her phone on the ground, a storm was building up in her eyes, and she took a few breaths before grabbing her collar to calm down.

Shadow picked up the phone on the ground: "...what the **** is on it?"

The quality of the mobile phone is particularly good.

Even though Nie Qingru fell to the ground in rage, the video just now continued to play on the phone screen, and the shadow could see it as soon as he lowered his head.

He froze for a moment, and his reaction froze for a moment, but there was not much surprise on his face, which showed that he was very aware of Nie Qixing's mess in his heart.

Shadow carefully returned the phone, observed the expression on the old woman's frowning, pursed her lips, and said in a low voice, "Young Master Nie may have been framed."

"snort!"

Nie Qingru was not confused, and immediately sneered and asked: "Do you still think he was framed after watching the content of the video?"

"He... is still young after all." Shadow crossed his hands in front of him, not daring to speak nonsense, and comforted him.

Nie Qingru got up and walked around in the small garden, her mood was so bad that she couldn't calmly accept the reality at all.

She was so angry that she walked up to the shadow and stood still: "I have arranged everything for him. He only needs to follow the path I arranged for him to be famous in history. Why doesn't he just listen to my arrangement obediently? ?!"

Shadow couldn't answer: "This..."

Nie Qingru's eyes were filled with gloom: "I raised him and paved the way for him since I was a child, but I didn't treat him well enough? What is he dissatisfied with, and insists on doing these shady businesses? Is he short of money or lack of reputation? He touches all kinds of dirty things ..."

Shadow hooked her neck slightly, and said softly to her: "Empress, Young Master Nie is still young, and may not understand the deep meaning of your arrangement. After all, he is a young man."

"so?"

Shadow bends his body even more, and his attitude is more respectful: "Young people always want to show off and squander their lives. Young Master Nie comes from a noble background. It is understandable that he is not willing to stay dormant as a marginal figure in a hermit family."

Nie Qingru calmed down a little, and stared condescendingly at the person in front of her.

Her eyes were cold.

The shadow did not dare to come out: "You have been hiding Young Master Nie for so long, you should consider introducing him to everyone."

Nie Qingru gathered the dark shawl on her shoulders, and Mo Feng frowned: "What do you know?"

Hearing her tone softened, Shadow dared to raise his head slightly: "But Young Master Nie's identity has been exposed, this time Qiao Nian can do something to him, next time there will be someone else."

Nie Qingru managed to stabilize her expression, her tone was quick and aggressive: "Don't mention her to me!"

The whiteness of her skin is different from Qiao Nian's whiteness, it is a heavy, opaque whiteness. With a snow-white face, big light green ghostly eyes, and sparse black eyelashes, it can be seen that she was a great beauty when she was young.

Now that the beauty is late, the traces of time can be seen on her face, but she can't take away the nobility from her body.

Nie Qingru has always had a beauty beyond her age, cold and sharp! Otherwise, Qiao Nian wouldn't look so good.

"My identity is destined to have many enemies, even in the hidden family. Some people will not accept me. If I let them know my weakness early, can I rule them for so long? What Nie Qixing doesn't understand, even you don't understand. Understood!"

"..."

Shadow suddenly had nothing to say.

Of course he knew how difficult Nie Qingru's journey was, and he also understood the many decisions she made.
