

Madam's 3041

Chapter 3041 Master Wang wants to hold a big party for Sister Nian's birthday

"Before Jiang Xianrou turned 20, your second uncle and aunt invited people you knew all over the capital, and even the old man received invitation letters from them."

Qiao Nian turned around the chair and finally looked at him.

Ye Wangchuan raised his eyebrows: "They invited the respected and respected Mr. Wei to give a speech for the elders, and opened a hundred tables in the hotel. It was one of the most high-profile coming-of-age ceremonies in Beijing that year."

"Jiang Xianrou can only be regarded as second-rate in Beijing. There is also a 20th birthday party that is more low-key but higher-level than her."

Jiang's family is not considered a top family in Beijing itself, but better than the average family and worse than the top family, in the middle position.

Jiang Xianrou's ability to become like this back then was all due to her success in sneaking into Qin Si's small circle. In this small circle, Ye Wangchuan was in charge, and most people would try to save face.

So when Jiang Xianrou was 20 years old at the coming-of-age ceremony, she really had a good time.

Jiang Zongnan also relied on Mr. Jiang's old relationship to invite Mr. Wei to be the most important witness, which undoubtedly raised Jiang Xianrou's status.

Ye Wangchuan stared at her as if falling into a star river: "Even Jiang Xianrou can have such a pomp, of course your 20th birthday can't be worse than hers!"

Qiao Nian sat here obediently and listened to him before turning his head, with a helpless expression on his face: "I don't care about these external things."

"I care." Ye Wangchuan answered quickly, and when she was distracted, he smoothly returned the cap of the used pen to her, with an elegant and calm movement.

Qiao Nian came back to his senses, and just frowned.

He put down the pen, squinted at the past with deep eyes, raised the corners of his mouth, and immediately said another reason that she couldn't refuse: "I called my uncle and Mr. Jiang at night, we discussed it, and they both wanted the same idea as me." It's a big birthday. We made an appointment to have dinner outside tomorrow and we'll talk about the details."

Qiao Nian:...

He is poisonous!

"Does God Qiao drink milk?" When she was in a daze, Ye Wangchuan reached for her cup and asked her again.

Qiao Nian came back to his senses, seeing that he was going to pour milk for himself, raised his eyebrows, turned his chair to face him: "You are talking to me."

Ye Wangchuan simply wasn't in a hurry to get her milk, and looked down from her eye-catching face all the way down to her loose legs in shorts, and said lazily, "Because I It's not good to find out that men are too soft, but occasionally you have to be domineering, otherwise my girlfriend won't treat me as an outsider, this feeling is very bad."

Qiao Nian was silent for a moment, her momentum suppressed.

Ye Wangchuan took her cup and went down: "Zhang Yang and the others cooked hot pot below, come down to eat when you're hungry, and I'll warm you a cup of milk first."

Qiao Nian watched him walk out the door, rubbed his swollen temples, then got up, temporarily put aside what he was doing, followed behind and said, "I'll come down and eat."

*

When they went down, Zhang Yang and Gu San had already boiled a hot pot, and the air was filled with the strong aroma of hot pot.

Qin Si was in charge of washing the vegetables. He was wearing funny gloves and came out with plates of verdant anchovies. When he saw Ye Wangchuan and Qiao Nian stepping down one after another, he greeted them warmly: "The steaks in the pot should all be cooked." It's ready, hurry up, I'll wait for the two of you."

Ye Wangchuan came down first, and Zhang Yang made room for him. Seeing the cup in his hand, he asked strangely, "Master Wang, what are you doing with a cup?"

Qin Si had sharp eyes, put down the vegetable leaves and said, "Isn't that Sister Qiao's cup?"

Chapter 3042 It is necessary to be related to you

Ye Wangchuan went to the refrigerator to take out a bottle of Coke quite comfortably, then opened the can and poured the iced Coke into a cup, then handed it to the girl sitting next to him: "Drink less, cool your stomach, be careful of your stomach uncomfortable."

Qin Si smacked his lips when he saw it: "Tsk. If you are afraid that Sister Qiao has a stomachache, you can just give her a drink. Why bother."

After all, he just loves to abuse dogs.

He was still crying about how difficult his life was, but Zhang Yang had already gagged him with a bottle of Coke, while cleverly changing the subject, he asked Qiao Nian seriously: "Miss Qiao, your birthday is coming, what are you going to do?" Yes? Is there any gift you want?"

Qin Si was holding an ice-cola, and when he heard this, he was about to answer.

Ye Wangchuan was faster than him, he put a hand in front of him, took the chopsticks and bowl from him, put them in front of the girl, and said casually: "Just use your heart."

Zhang Yang nodded again and again, with an expression of "I understand": "Actually, I have already started preparing gifts for Miss Qiao, but Miss Qiao usually has everything, and I am afraid that the gifts I prepared will not meet Miss Qiao's wishes."

He said with a smile and said immediately: "With Wang Ye's words, I feel relieved."

Look at how beautiful this person said, the high emotional intelligence took care of everyone.

Zhang Yang expressed in a few short words that he had been preparing carefully, and also expressed his gratitude to Ye Wangchuan.

Gu San listened so much that he wanted to give him a thumbs up, no wonder he was able to sneak into Young Master Qin's small circle, the more he sneaked in, the better.

Qiao Nian also heard the two of them discussing birthday presents back and forth. The hot pot was no longer fragrant, and their heads were as big as a cow. He coughed: "Actually... I really don't need to prepare it specially."

She never had a birthday until she was 18!

The members of Qiao's family will always only remember Qiao Chen's birthday. As for her, Aunt Chen will cook a bowl of longevity noodles for her every year on her birthday, and add a fried egg in it for her to eat.

This is all her memories of her birthday.

"How can I do that?" Qin Si opened his mouth exaggeratedly.

Zhang Yang and Gu San also spoke on the sidelines: "That's right, we still have to prepare the birthday present that we should prepare, this should have been there in the first place."

"..." Qiao couldn't figure out why they were so excited about their birthday.

Her eyelashes drooped to cover the flash of sadness in her eyes.

Based on the time of Ji Qing's death, her birthday itself might be a tragedy.

But before Qiao Nian had time to think about it, there was an extra piece of beef in the bowl.

"Let them buy it, they should bleed a little."

She raised her eyes and saw Ye Wangchuan Shi Shiran scalding her belly again with chopsticks, the little negative mentality that had just gathered in her chest disappeared instantly.

Qiao Nian picked up the chopsticks and fiddled with the vegetables in the bowl, her black eyelashes drooped, her posture was extremely relaxed, and she whispered, "I just don't think it's necessary."

Qin Si saw that she was not in high spirits, thinking that she was still worrying about the troubles of the Hermit Family and Independent Continent, so he raised his hand, hesitant to speak but not knowing how to persuade her.

I heard Wang Ye's deep and gentle voice: "Everything related to you is necessary. Everyone is willing to prepare gifts for you. If you don't want them, it will make them sad."

Qin Si was still in a daze, and immediately saw his master Wang glance over, sharp as a knife.

He gave an ah, reacted, and echoed beside him: "Yes, yes, yes, Master Wang is right. Sister Qiao, you don't want us to be sad. Don't you think so? Zhang Yang."

Chapter 3043 Delusion: If you have money, you don't make a bastard

Zhang Yang didn't know whether to laugh or cry, he turned his head and said to Qiao Nian: "Miss Qiao is usually too busy to see people, and we don't have a chance to have a meal with you. I think the people who come to your birthday party must be those who sincerely want to celebrate your birthday, since it is a birthday, everyone will get together happily. Everything else is just a formality."

Qiao Nian wasn't a character who likes to get into the wrong things at first, and seeing them all trying to persuade him, as if he was afraid that he couldn't think about it, he thought it was funny, raised the corners of his mouth, and his eyes were quite unruly: "I didn't say it was my birthday."

Zhang Yang smiled and said, "That's it. I've prepared all the gifts! My parents also want to participate."

His brain turns very fast.

Ye Wangchuan was also willing to give back to smart people, so he hummed and said, "Then ask uncle and aunt to come along."

Zhang Yang was overjoyed, but smartly, he didn't say thank you or other polite words, he just pursed his lips and smiled, while warmly putting vegetables into the hot pot for everyone.

"Have you settled in the hotel yet?" Qin Si glanced at him, then turned to ask the man.

Ye Wangchuan took the time to put the boiled hairy belly into Qiao Nian's bowl, put down his chopsticks, took a sip of tea leisurely, and said, "No, I will discuss it with Mr. Jiang and uncle tomorrow before making a decision."

Qin Si raised his eyes and wanted to say whether the time would be too tight, but when he saw someone's calm expression, his mind finally turned around.

In the land of Beijing, it is not easy for Master Wang to book a hotel, it is not just a matter of one sentence.

Same morning and evening.

He was smart enough not to ask any further, and muttered in his mouth: "I want to bring my mother along too, call a few more people, and have a good time."

Ye Wangchuan Qingjun had no expression on his face, put down his teacup, and said lightly: "Remember to make the red envelope bigger."

"Didn't you just say that you only look at your heart?!" Qin Si cursed.

Ye Wangchuan gave him a squinting look, calmly: "If you have money, you don't make money, you bastard."

"..."

"..."

Qin Si and Zhang Yang were speechless.

Gu San has long been used to someone's dog-fighting level, and has become the only person who is as stable as an old dog.

*

At noon the next day, he really asked Jiang Zongjin and Jiang Lao out.

Ye Wangchuan ordered a private restaurant that is relatively close to Mr. Jiang's nursing home. The dishes he ordered were mainly light tastes suitable for the elderly.

After a meal, he was taking care of the two elders, and he behaved in a very decent manner.

Jiang Lao and Jiang Zongjin became more and more satisfied with him.

The three of them then chatted about what to do for Qiao Nian's birthday. This part was mainly talked about by Ye Wangchuan. He proposed a general plan, including where to do it, who to invite, and what is the process...

Master Jiang and the others listened the whole time, only interjecting a sentence or two occasionally to ask for specific details, and hardly raised any different opinions.

Mainly, the process proposed by Ye Wangchuan was perfect, as if it had been planned for a long time, and they couldn't find anything that they didn't like.

It wasn't until the end that Mr. Jiang asked, "The witness of Nian Nian, who shall we invite?"

The only people he was familiar with were Ye Maoshan, Xu Jishen's grandfather Shen Lao, and Nie Mi...these three people had approached him separately, and mentioned that they wanted to be Qiao Nian's adult witness.

Among them, Mr. Ye is the most caring, calling him every three days, and went to the nursing home to visit him yesterday.

Jiang Weishang thought that Ye Wangchuan would mention his grandfather, but Ye Shao, who had never thought of being expensive, had no intention of choosing Mr. Ye, so he smiled slightly and said, "This is a secret for the time being."

"Who is it?" Elder Jiang wanted to ask again.

He still didn't say anything, keeping it mysterious: "When the time comes, you will know."

Chapter 3044 Did not receive the invitation from Miss Nian

Soon the end of the month will be Qiao Nian's birthday.

Many people in Beijing received invitations one after another.

This invitation is entirely arranged by Ye Wangchuan.

He handed over to Jiang Li the relatives on the Jiang family's side who were notified, and he personally screened the rest of the list, and only invited those he thought were suitable.

Master Cheng from Ninth Institute and Nie Mi from Tsinghua University received invitations for Qiao Nian's birthday one after another, followed by Yuan Yongqin and Wei Lou. He even considered Xu Jishen.

As most people receive invitations, one family is an exception.

Jiang Group.

Tang Wanru stepped on her high heels and pushed open the office door.

During the period, the secretary of the company carefully followed her to be careful: "Madam, Mr. Jiang is in a meeting. You can take a rest inside for a while. When Mr. Jiang comes out of the meeting room, I will inform him of your coming as soon as possible."

Tang Wanru went straight to the mahogany reception sofa in the huge office and sat down. She put her bag beside her without raising her eyelids, and told the secretary, "Pour me a cup of coffee and come in."

"Okay." The secretary didn't dare to provoke her, so he went out to make coffee.

Within a few minutes, the secretary gently placed the coffee on the table beside her, and said in a low voice, "Then madam, I'll go out first? Call me if you have something to do."

"kindness."

Tang Wanru took a sip of the coffee, didn't even bother to raise her hand, and motioned for her to go out and close the door.

After the secretary goes out, close the door of the office.

About two hours passed.

The middle-aged man in a suit and leather shoes finally pushed open the door of his office. As soon as he came in and saw her, he pulled off the tie around his neck with his hands, and asked impatiently, "What are you doing here?"

Since Jiang Xianrou was sentenced.

Tang Wanru and Jiang Zongnan were at the stage where they seemed to be in harmony, and the reason why the couple did not get divorced was all because of Jiang Yao and Jiang Li's face.

Tang Wanru watched him pass her by, went straight to the desk and sat down, and walked over with restrained resentment: "Did you receive the invitation from that one?"

"Who?" Without raising his head, Jiang Zongnan put down the pen used for the meeting, took a folder and opened it, and buried himself in his work.

Seeing that he didn't even want to look at her, Tang Wanru pinched the palms of her hands, and finally couldn't hold back her resentment: "You don't want to see me that much."

Jiang Zongnan heard her plaintive accusation, finally moved his eyes away from the document, and looked up at the woman standing in front of his desk.

Tang Wanru has aged a lot, the corners of her eyes and brows are still the same as before, but she has lost her former vigor, and she looks exhausted even with expensive makeup.

He looked at his wife, whom he had loved for decades and had children for him, but hadn't hardened his heart. He sighed and put down his pen, and asked, "Tell me."

Tang Wanru saw that he was finally willing to put down work and listen to her, so she said quickly, "I was out drinking tea with some friends this afternoon, and I heard that the Zhang family has received birthday invitations from your good niece. Doesn't it sound like her family hasn't received her birthday invitation yet!"

"People asked me today, and I didn't know how to answer. I could only pretend that I had received the invitation a long time ago." Tang Wanru's face was ashen, very ugly: "What do you mean by her?!"

Jiang Zongnan understood after listening for a long time, raised his head and asked her, "You mean Niannian?"

"Oh, who else is it if it's not her?!" Tang Wanru couldn't hide the disgust and hatred on her face, but here she was caressing about not receiving Qiao Nian's invitation.

This behavior itself is extremely contradictory.

The contradiction is ridiculous.

Chapter 3045 There is a Mr. Ye looking for you outside

Jiang Zongnan probably also realized that Tang Wanru was looking for something inappropriate to complain about, so he frowned, and his sharp eyes mixed with a trace of impatience told her to stop: "You are an elder who cares about the younger generation all day long. Nian Nian is your niece, not an enemy! If you open your mouth and shut your mouth about that person, those who don't know it will think that you are talking about a stranger."

Tang Wanru's eyes immediately turned resentful, and she sneered bitterly at the man sitting behind the desk: "Yeah, of course you don't have to treat her as an enemy. After all, it wasn't your daughter who was sent to prison by her, you Of course you can forgive her."

Jiang Zongnan already knew that Jiang Xianrou was not Jiang Zongnan's biological daughter.

When she mentioned it at this time, Jiang Zongnan's face froze, and he looked over in disbelief, his tone tinged with anger: "Are you crazy?"

Tang Wanru also realized that she had said something wrong, but she said it all, and there was no possibility of taking it back. Annoyance flashed across her face, but even more anger: "Hmph, I'm just telling the truth, she's not a good thing!"

While speaking, the secretary at the door knocked on the door and came in.

Jiang Zongnan didn't want to get entangled with her, so he said, "Come in."

The secretary felt the tense atmosphere between the two when he came in from the outside, and quickly lowered his head and said, "Mr. Jiang, there is a Mr. Ye looking for you outside."

"Surname Ye?" Jiang Zongnan was surprised for a second, and immediately said, "Let him in."

"Okay." The secretary closed the door again and went out to call someone.

Tang Wanru heard that the person surnamed Ye came to the door, and forgot that she was arguing with Jiang Zongnan before, and asked him like a normal person: "Could it be Ye Wangchuan?"

"I don't know." Jiang Zongnan didn't look good on her. If it wasn't for his two sons, he might have chosen to divorce Tang Wanru a long time ago.

Now he still continues to maintain the marriage and it's just to maintain it. Decades of betrayal and deceit cannot be forgiven just by being forgiven.

Tang Wanru saw his indifferent attitude again, and got angry in her throat, but there was nothing she could do. She could only brush her hair as if nothing had happened, and stared ahead, as if nothing happened.

Soon a person came in outside.

The man is dressed in a light blue shirt with a black diamond brooch in the shape of a butterfly pinned to the neckline of the shirt, which is low-key yet luxurious.

Ye Wangchuan walked in and saw the two, he didn't seem surprised, he greeted Jiang Zongnan naturally: "Mr. Jiang."

Jiang Zongnan never thought that Ye Wangchuan would come to the door in person, and hurriedly walked over from behind the desk: "Ye..."

He didn't know how to address the man in front of him.

Finally, he choked out a sentence: "Why is Young Master Ye free to come over? What can I do for you?"

As he spoke, he told his secretary, "Go make two cups of tea and come in."

Who knows that Ye Wangchuan didn't intend to stay for a long time, so he called the secretary to stop, and said to Jiang Zongnan: "Mr. Jiang, I just came here to send an invitation card, so I won't disturb you for too long."

Jiang Zongnan understood that this was because he didn't want to stay with him any longer, so he wisely asked the secretary to go out first.

While rubbing her eyebrows, she said with a guilty face: "Niannian has been back for so long, and I haven't seen her yet. It's because I, the second uncle, failed too much."

The three people present knew it well.

Jiang Zongnan said polite words.

He has time to see Qiao Nian, and Qiao Nian may not want to see him.

It's just that adult communication is so hypocritical, and it's always necessary to whitewash the awkward relationship between the two parties.

Chapter 3046 Master Wang has always been a kind-faced and cruel master

Fortunately, Ye Wangchuan grew up in the top circle, and he has heard a lot of these words that he pretended to be a snake, and it is very natural to deal with them.

"She is also busy, let's talk about it after she finishes her work."

"Too."

Jiang Zongnan said: "Niannian she recently..."

Ye Wangchuan didn't give him a chance to finish his sentence, he took out an invitation card from his body and handed it to the man, and said in a gentle yet oppressive way: "You are Nian Nian's second

uncle, no matter how old Jiang is, Or under Uncle Jiang's name, I hope you can attend Niannian's birthday party then."

Jiang Zongnan held the invitation card with mixed feelings in his heart.

Understanding what he said, he didn't mean to invite him, but just for the sake of Mr. Jiang and the others, and didn't want to make a scene too embarrassing.

He looked up, just about to promise he would go.

Ye Wangchuan's voice changed, and then he said indifferently: "Mr. Jiang, in order to avoid unnecessary trouble, I hope that you and Mr. Ling will come over when the time comes. After all, that day is a happy day, and people who have nothing to do with it should not be present."

Jiang Zongnan retracted his words to the edge of his mouth, his eyes were embarrassed and dodged, and he couldn't answer the words for a while.

Tang Wanru reacted quickly, her face turned into a pig's liver color, her ears were on fire, and she immediately said angrily: "Hehe, who cares about eating her meal! Don't worry, even if you invite me to go, I won't." will go!"

Jiang Zongnan frowned, and quickly gave her a hand to make her talk less. While tentatively speaking: "But suddenly there are few people in the family, people will say..."

The gossip is not over yet.

was interrupted by Ye Wangchuan calmly: "Mr. Jiang, I hope you understand my attitude."

Jiang Zongnan was so embarrassed that he couldn't look him in the eyes anymore, so he nodded and agreed: "I understand."

"Then I won't bother you." Ye Wangchuan unbuttoned his suit, smiled ironically, turned and walked outside.

Jiang Zongnan originally wanted to offer to send him off, but Ye Wangchuan declined.

Jiang Zongnan had no choice but to stay in the office resentfully, watching the man leaving gracefully, walked back to the desk, put the invitation on the table, and sighed silently.

Tang Wanru was still immersed in the humiliation of Ye Fanchuan's direct refusal to let her go, she gritted her teeth and said to herself: "Does she think I want to go? It's a joke! No one cares about going. Even if she asks me to go, I won't go." !"

"Do you not understand your situation?" Jiang Zongnan put his hands on the table and heard that she was still angry, so he couldn't help asking her.

Tang Wanru was indignant, suppressing her anger: "What do you mean?"

Bitterness appeared on Jiang Zongnan's face, and he said slowly: "Nian Nian's birthday party is the biggest event in Beijing recently, but all friends who are close friends with Ye's family or Nian Nian will receive invitations, and the old relatives who come and go will also receive invitations. Invited. If you don't show up at the banquet, do you know what it means?"

Tang Wanru has been established in the Jiang family for many years, and she is not an idiot who knows nothing. Immediately, she realized that her face gradually turned pale.

Once she doesn't appear in this occasion, it means...

Jiang Zongnan said: "It means that Ye Wangchuan told everyone that you are not the person he approves of. With this influence in Beijing, you will soon be excluded from this circle. Those people who played with you this afternoon are not I will talk to you again, you just quietly disappeared in the social circle of Beijing..."

After he finished speaking, he couldn't help feeling that this is the son and brother cultivated by the top famous family.

Ye Fanchuan is completely the type who kills without blinking an eye.

Chapter 3047 Nie Qingru insists on making things difficult for Sister Nian on her birthday

He never makes a scene, but one move, one sentence may be enough to drive a person to death!

He couldn't bear it at first, thinking that Tang Wanru would be Jiang Yao and Jiang Li's biological mother at worst, and tried to plead for mercy, it seemed like he was thinking too much.

They didn't give him a chance to finish speaking, and they warned him to recognize his identity.

Jiang Zongnan looked at Tang Wanru's dazed state of holding on to the table, barely standing still, shook his head, and couldn't help her even if he wanted to, so he could only sigh.

*

end of month.

Qiao Nian's birthday.

She stayed up all night and sent the revised arrangement to Nie Mi's mailbox, then went to take a shower by herself, and just fell into bed for three hours when she was woken up by a call from country m.

Qiao Nian didn't even open her eyes, she reached out to touch the phone and put it next to her ear, and said in a dry voice, "Hello."

Guan Yan's voice came from the other end: "Boss, you haven't woken up yet."

The girl who had just slept for three hours opened her eyes and barely sat up from the bed. Her half-closed eyelids showed that she was tired from not sleeping all night, and her eyes were bloodshot.

Qiao Nian rubbed her face, regained consciousness a bit, and asked her, "What are you calling me for?"

"Would you like to go online?" Guan Yan suggested.

Qiao Nian looked up and saw the computer that had been used last night and hadn't been turned off, got up and walked over: "What's wrong?"

"Look at ins first, there is a live broadcast on it." Guan Yan hesitated to speak: "You will know after watching it."

Qiao Nian held the mobile phone in one hand, tapped the lock screen of the computer with the other hand, and quickly opened the ins, did not log in, and entered directly as a tourist.

Sure enough, as soon as I entered, I saw the hottest live broadcast automatically pushed by ins.

She clicked on the video.

Take a blurry video just looking at a familiar place.

I saw that Guan Nie Qixing's police station was surrounded by layers of luxury cars, and the reporters couldn't get in.

There are still crowds outside who don't scan the crowd, all pointing at the inside.

The person who made this video was excitedly introducing: "It is said that the Queen of the Hidden Family will be here soon. This is the first time that the Hidden Family has appeared in the public eye. Let us witness this mysterious family and the people behind it. Helmsman!"

"The royal family came forward this time to use the royal immunity to exempt the judicial department from indicting Nie Qixing, and Nie Qixing's identity has also been recognized by the royal family. Will the youngest scientist in history become the heir of a mysterious family, will he take revenge on those who reported him? ?"

The barrage says everything, most of the people are capitalized shock + screen shit!

Qiao Nian didn't watch for a long time, and saw a black Lincoln driving to the scene in a low-key manner in the video, and then Nie Qixing came out in a suit. He looked as gentle and gentle as ever, and it was completely impossible to see that he would get involved in the trafficking of women and children.

At the same time, the Lincoln car rolled down the window, and the profile of a well-maintained old woman appeared in the camera, but the camera was too far away to see the person's specific appearance clearly.

But no one can imitate that fierce nobility.

Nie Qingru!

Qiao Nian half-closed her eyes, picked up the mug beside the table and took a sip of water to moisten her throat: "You just want to tell me this."

Guan Yan said apologetically, "I know today is your birthday, so I didn't want to bring you bad luck. But after thinking about it, Nie Qixing came out, so I should at least tell you."

Chapter 3048 Nie Qingru has been trained for thirty years and will not give up on him easily

Qiao said "Yes", put down the cup, and then pulled away the chair: "Nie Qingru has carefully trained him for more than 30 years, and he will not let go easily."

Guan Yan was silent for a moment, and then changed the subject pretending to be relaxed: "By the way, sun, how do you plan to spend your birthday today?"

Qiao Nian was still resting her fingers on the edge of the cup, she was stunned for a moment, and her beautiful face was uncertain for a moment: "Just, have a meal?"

"It's just as simple as eating?" Guan Yan obviously didn't believe it: "I heard from the slender waist control guy that you have a big birthday party this time, and you have invited a lot of people."

"Huh?" Qiao Nian has spent the past few days shutting herself in the room and studying the arrangement, and has no time to care about what's going on outside.

She didn't know who Ye Wangchuan invited.

Not to mention Guan Yan, she didn't even know that many people would come today.

Seeing that she didn't speak for a long time, Guan Yan seemed more confused than himself as a bystander, so he couldn't help laughing: "Forget it, it seems that you really don't know."

"Young Master Ye is quite a good person, but it's a pity that I can't go back in country m, otherwise I really want to go there today for a meal!"

Guan Yan said: "By the way, I have already sent someone to deliver the gift, and it will be delivered at about 11:00 noon. Remember to check it~!"

Qiao Nian rubbed her forehead, and asked her worriedly: "You won't send weird things."

"Am I that kind of person?" Guan Yan was annoyed, and immediately said with a smile: "I gave you good things, you will definitely need them!"

Qiao Nian was still thinking about the joke in her tone, but Guan Yan had already told her to hang up the phone.

Wait for her to recover.

The other side has hung up the phone.

Qiao Nian took off the phone and checked the time.

It's ten o'clock in the morning.

Although she really wanted to continue sleeping with her head covered, she still went to the washstand and turned on the tap to flush her face with cold water.

The icy cold water splashed on his face, Qiao Nian was half awake in an instant.

She picked up two handfuls of water and slapped it on her face quickly, washed her face twice, wiped off the water with a towel beside her, looked at the girl with bloodshot eyes in the mirror, pursed her lips, reached out to pick up the towel Buttoned the peaked cap on the side, and went out.

The room is still the same as she just woke up.

There are seven or eight crumpled paper **** on the ground, which are the draft papers she left when she discussed with Nie Mi yesterday to revise the score.

Qiao Nian bent down and picked them all up and threw them into the trash can, then opened the closet and found a blue pinstriped shirt to change into, then took out her phone and went out.

She went down from the second floor.

Only Gu San was downstairs.

Gu San was sitting in the living room waiting for her to come down. When he looked up and saw her, he immediately got up to say hello: "Miss Qiao, you're up."

Qiao Nian walked up to him, scanned around the house, pressed his temples, and asked Gu San; "What about them?"

"Master Wang and the others are going to the restaurant first." Gu San smiled and said, "He told me to wait for you here, shall we go there now?"

Qiao Nian raised his hand to check the time, it was half past ten.

According to her usual habit of stepping out to eat, it's a bit early now.

But today is an exception.

She nodded: "Let's go."

"Okay." Gu San ran to the house first to get something out, then trotted to Qiao Nian and handed over a beautifully wrapped box: "Miss Qiao, this is a present. Happy birthday!"

Qiao Nian looked at the gift box stuffed into his hand, the pink box was tied with a cute bow, his eyes warmed up, and he took it away: "Thank you."

Chapter 3049 The master is wearing a couple outfit

Gu San suddenly laughed, and immediately took the car keys and went out: "Let's go, Miss Qiao, let's go there quickly."

*

Today, the Peace Hotel is full of people.

Since ten o'clock in the morning, cars have been parked in front of the hotel, and the celebrities who come and go have never stopped. It can be said that it is bigger than the ostentation on the TV news.

With such a big commotion in Beijing, reporters are supposed to be watching, but this time the major media seem to have been reminded that no one on the scene dared to catch hot spots.

Eleven o'clock.

Ye Wangchuan received the call, walked out of the hotel, found a secluded corner to pick it up: "Hello."

He is also wearing a light blue striped shirt today, he looks like a couple with Qiao Nian, the light blue is very picky to wear, but he is fair-skinned, tall, with a clean and elegant demeanor, leaning to the side. One stop, a proper son.

"Master Wang, we're leaving. Come here right away, and we'll arrive in about 20 minutes if there's no traffic jam on the road." Gu San started talking on the phone while driving.

Ye Wangchuan checked the time, twenty minutes was a good time to come, and he didn't urge him, but told him in a deep and hoarse voice: "Drive slowly on the road."

"good."

Gu San hung up the phone.

Qin Si came out from the inside, found the man who was answering the phone outside, walked over quickly, and patted the man on the shoulder: "Master Wang, Mr. Jiang is here."

"En." Ye Wangchuan put away his phone, and immediately walked back: "I'll go over to say hello myself."

Qin Si knew that he would take care of it himself, and said with a smile: "Mr. Ye is more active than you. He has already greeted Mr. Jiang and the others."

Ye Maoshan got up at eight o'clock this morning, tidied up, and rushed to the hotel refreshed.

He came half an hour earlier than the others.

When Ye Fanchuan and the others arrived, his old man had already called the restaurant manager to ask what dishes were prepared for lunch and what kind of wine he was drinking.

Ye Lan and Ye Qichen also came to help at ten o'clock.

The little devil behaved so well today, it is usually more difficult for him to call someone than to go to heaven, but today he followed his grandmother to greet guests at the door, and he always took the initiative to call out when he met elders.

Scared his mother, Qin Si thought it was funny when his mother quietly pulled himself aside to ask the little devil that he had taken the wrong medicine today.

"By the way, when will Sister Qiao come over?"

"Gu San said that he has already set off."

"..."

Qin Si followed him in.

As soon as he entered, he saw Jiang Li coming towards him, he opened his mouth and asked them, "Where is Nian Nian?"

Qin Si saw that his purple hair was highlighted and dyed again, reached out to touch it, and jokingly said: "I heard that you have recently been rumored to be having an affair with an eighteenth-tier female star."

Jiang Li pushed his hand away, looking irritated: "That was an accident!"

The 18th line is his black fan, who knows how it became a scandal.

After he finished speaking, he immediately turned his head to look in Ye Wangchuan's direction: "Has Nian Nian not come yet?"

"She just got up, and she's on her way here." Ye Wangchuan leisurely raised his hands and was still walking inside.

Jiang Li instinctively answered, "Just woke up...?"

After reacting, he shut up.

It is indeed Qiao Nian's style.

She probably didn't even know how big her birthday party was today and how many people came.

Today, if this scene is replaced by someone else, no matter what, she has to get up at 6:00 in the morning to provide one-stop service from the beauty salon to the professional styling team to ensure that she can dress up to attend... She doesn't take it seriously.

Chapter 3050 Guan Yan sent an island

"I heard uncle said that you have prepared a mysterious guest, who exactly is it?" Jiang Li heard this from Jiang Zongjin, and couldn't wait to find out.

Ye Wangchuan had already walked outside the guest living room, and seeing Mr. Jiang and the others chatting with Ye Lan, he slowed down and answered him: "Secret."

"..." Jiang Li almost cursed out loud.

Still playing this game with him? !

Fortunately, Qin Si grabbed him, shook his head, and said, "Give up, I've been pestering him for several days, and if I don't say anything, I won't say anything."

Jiang Li became even more curious by what he said, and couldn't help frowning, looking at the back of the man who was walking towards Mr. Jiang and the others, and said, "Who is the witness that Wang Ye found, it's so mysterious."

Qin Si shrugged, and returned his helpless look: "Ghost knows."

...

In a group of people at the door.

Mr. Jiang is here.

Jiang Zongnan and Jiang Zongjin are both there.

A group of relatives from the Jiang family also came.

Only Tang Wanru was missing.

Everyone seemed to be in a tacit understanding, and no one mentioned her name, as if she shouldn't have come in the first place.

My cousin and grandma's family also came this time.

However, they have learned a lot. Seeing Tang Wanru's fate, they were smart enough not to put on the airs of elders, and restrained themselves a lot.

The whole time, he honestly smiled beside Mr. Jiang, acting as a background board, and never dared to talk nonsense like before.

"Xiaoye." Jiang Zongjin was the first to notice Ye Wangchuan approaching, and beckoned to him warmly to let him stand beside him.

Ye Wangchuan walked over very face-saving, went to his side and called out a circle of elders, then asked Ye Lan if he had arranged seats for Mr. Jiang and the others.

"Young Master Ye." Jiang Zongnan greeted him with some embarrassment.

Ye Wangchuan looked at Jiang Li's face, and responded lightly, but he was much more indifferent to Jiang Yao and Jiang's cousin and grandma's family.

Everyone knew in their hearts why he treated them differently. Mr. Jiang kept silent, and the others were even more reluctant to have opinions.

"Okay, everyone, don't stand here anymore, go in and sit down first." Just when Ye Lan was about to greet a large group of people to go in and sit down.

A man who looked like a courier boy walked over, scratched his head and said, "Hello, is there someone named Qiao Nian here?"

The group of people who were about to go in all stopped and looked at him in unison.

Ye Wangchuan came out at this moment, his eyes sinking: "Give it to me."

"Uh..." The courier looked him up and down a few times, seeing that he was dressed in extraordinary clothes, he handed over the courier in his hand and said, "This needs to be signed for on site, please take it apart."

Ye Wangchuan took it and saw the international postmark on it, probably it was a gift from Guan Yan and the others, so he took it apart in twos and opened the box.

A piece of paper floated down from inside.

Ye Wangchuan opened it, and on it was a gift contract for a small island, and on the bottom was the name of Guan Yan signed.

In addition, there is a card in the box.

Ye Wangchuan opened his eyes.

Guan Yan simply wrote happy birthday, sun on it.

He intentionally covered the letters sun written by Guan Yan, and others only saw the happy birthday message on the card.

But the gift contract of just one island is enough to open the eyes!

The cousin of the Jiang family opened her mouth, gasped and said in a low voice, "I read right, right? Who bought a small island for her?"

This thing is not a house, not a car, nor a jewelry bag, but an island!

All of Qiao Nian's friends give this stuff on their birthdays?

No one else said anything.
