

Madam's 3051

Chapter 3051 What a coincidence, I happened to meet Sister Nian

"Pen."

Ye Wangchuan reached out to the courier brother for a pen, signed the courier slip, and calmly handed the signed slip to him.

"All right."

The courier brother didn't pay attention to the island or not, so he took the signed express slip and left.

A large group of relatives in the Jiang family have long been stunned by Qiao Nian's handwriting on an island. They all looked at each other in blank dismay. The cousin and grandma regretted it at the beginning, hating themselves for not being forward-looking. At that time, they did not choose to curry favor with the Dafang family. .

Ye Lan probably knew how awesome Qiao Nian's friends were, so she didn't take it for granted, she broke the silence with a smile and raised her hand to say to everyone, "Everyone come with me."

...

11:30 noon.

Qiao Nian arrived at the place to eat on time.

As soon as her car arrived at the entrance of the hotel, she saw people arriving with them one after another, all in suits and leather shoes walking in a hurry.

Qiao Nian opened the door with one hand, looked at the people outside, raised his eyebrows and asked Gu San in front, "Is there anyone else eating here today?"

"No, you reserve the venue."

Gu San noticed the people outside, unbuckled his seat belt, and smiled: "What did you say, they are all here to celebrate your birthday."

Qiao Nian looked outside again, and saw faces that he had occasionally seen on the news. The corners of his mouth twitched, and his forehead was propped up with his hands. Some of his heads were big: "How many people did he call?"

Gu San didn't say anything, and immediately went to open the door for Qiao Nian as soon as he got off the car, and even covered the door with his hands thoughtfully, lest Qiao Nian accidentally hit his head.

"Miss Qiao, please slow down."

Qiao Nian got out of the car, still holding the gift that Gu San gave her when he went out, and entered the restaurant with him first.

Peace Hotel is one of the most famous hotels in Beijing.

This place is not comparable to a five-star hotel, only people from the top circle can hold a banquet here.

Qiao Nian walked into the hall with a sense of age, and the resplendent and resplendent lights reflected light on the marble floor she stepped on.

There are gilded pillars standing at the four corners of the lobby, and various precious paintings hang on the walls of the six-meter-high lobby, and any decoration can be seen as belonging to the category of antiques.

It can be seen that this place is different from a five-star hotel. The quaint and low-luxury atmosphere alone cannot be compared with the hotel.

It was the first time for Qiao Nian to come here, so he was inevitably interested in the hotel's furnishings, so he walked around the furnishings.

not far away.

Several guests who came to the birthday party looked at them from a distance, raised their chins slightly, and asked the people around them arrogantly: "Who is that person? Why did someone sneak in?"

The people around him looked in the direction he said from a distance, and only saw the girl's profile, not her face clearly.

But he recognized Gu San who was following Qiao Nian, and his face changed slightly: "Isn't that the person next to Master Wang?"

They are talking.

I saw Ye Wangchuan came from the banquet hall after receiving the news, found two people, almost passed by the group of people and went straight to what they thought was the 'girl who got in', bowed his head, curled his thin lips lightly, and watched from a distance. They all spoke softly.

After a while, the two walked side by side towards the banquet hall. The handsome man and the beautiful woman stood together quite well.

"Could that be..." He didn't say the name.

A name appeared in the minds of the others - Qiao Nian.

The little granddaughter that the Jiang family lost for 18 years, who grew up around the city and was admitted to Tsinghua University... the fiancée of the legendary Wang Ye.

The man who just said that Qiao Nian sneaked in suddenly turned pale with fright, thankful that he didn't call the security guard over.

Chapter 3052 Master Wang also accompanied Aunt Chen to visit the scenic spots

Ye Fanchuan took her hand and led her all the way to the eating place, then lowered his eyes, let go of his hand reluctantly, and said in a low voice, "Did you have a good rest last night?"

After he let go, Qiao Nian raised her hand to touch the lower part of her eyelids, raised her head, and asked him, "Huh? Are there heavy dark circles?"

Girls have fair skin, even the slightest trace can be seen.

At this moment, the skin under her eyes has a layer of purple from not sleeping well, her eyelids are slightly drooping, and the end of her eyes is red, it looks like she hasn't slept well.

Qiao Nian didn't wait for his answer, she took her hand away, and said indifferently: "It took me a while to adapt the song last night, so I probably didn't have a rest, just wait until I go back tonight and make up for it."

Ye Fanchuan gently brushed the tired place under her eyelids with his fingertips, his eyes were tender, and he didn't speak.

"Cough cough." Qiao Nian was a little uncomfortable by his gentle movements, touched his earlobe, coughed, turned his head slightly to look inside, and asked him, "Where's my dad? Are they here?" "

They were standing at the entrance of the banquet hall, and people passed by from time to time, but most of them were very discerning. Most of them would sneak a glance at the two of them when they passed by. No one was stupid enough to disturb them...

"Uncle is here." Ye Wangchuan grabbed her hand again and led her inside: "It's at the main table, I'll take you there."

Qiao Nian has long been accustomed to his touch, raising her legs to follow him naturally.

Ye Wangchuan booked the Peace Hotel with a large sum of money today, at least a hundred tables were set up, and celebrities from all walks of life gathered together.

Some of the existences in the local area may be the sky, but today they are just ordinary guests. They may not even be able to sit near the main table, and can only sit in the back row.

Today's main table is led by Ye Lao, followed by Jiang Lao, Jiang Zongjin and others in wheelchairs. Qiao Nian's teacher Nie Mi and elder Yuan Yongqin are also arranged at this table.

Even Uncle Chen and Aunt Chen were quietly picked up from around the city by him and arranged at this table.

The dozen or so people at this table may not necessarily be the most powerful and powerful, but they must be the most qualified to sit here today!

When Ye Fanchuan brought Qiao Nian over, the people at the table were chatting enthusiastically under the leadership of Mr. Ye.

Only Aunt Chen was a little embarrassed. Seeing Qiao Nian was like seeing the backbone, she stood up subconsciously with her hands clasped: "Nian Nian."

"Aunt Chen." Qiao Nian walked over and saw that she and Uncle Chen were there, and the corners of her mouth raised with warmth that should be at this age: "Why didn't you tell me when you came here?"

Aunt Chen grabbed her hand and looked her up and down. Seeing that she wasn't thin or suffering, she felt relieved, with a smile on her face, she patted the back of her hand and said softly, "Young Master Ye took us over, don't worry, Uncle Ni and I are on good terms. Chen Yuan came with them, and he is at the next table."

"..."

When Qiao Nian heard Ye Wangchuan's name, she turned her head and looked in the direction of the man. Seeing that he was talking to her grandfather, she raised the corners of her mouth, turned her head again, and asked Aunt Chen, "Where do you live? Did you just come here today? I Arrange a hotel for you."

Aunt Chen hurriedly grabbed her and refused to let her go, and said with a smile: "We arrived yesterday, Young Master Ye accompanied us to visit the places of interest in Beijing, and arranged a place for us to live. You don't have to worry about us, I am I didn't tell you because I was afraid you were busy."

"He, he also accompanied you to visit the attractions?" Qiao Nian's expression became surprised, a little unexpected...

Chapter 3053 He really did everything silently

Aunt Chen thought she knew: "Ah, Young Master Ye walked us around for a long time, and even took us to see the Forbidden City. It's really beautiful there, even more spectacular than what I saw on TV before."

Qiao Nian was silent, feeling an indescribable touch in her heart.

She didn't expect that he would do so much in private for a few days.

Qiao Nian didn't show it on her face, she just nodded, patted Aunt Chen's shoulder to comfort her, and said, "I'll have a homely meal at noon, don't be nervous, I'm here."

Aunt Chen didn't expect Qiao Nian to see that she was nervous. She was taken aback for a moment, then lowered her head in embarrassment, and whispered, "I'm not nervous either."

She was afraid that Qiao Nian would misunderstand, so she quickly raised her head: "Mr. Ye and the others are very kind to us, I just...have never seen so many people, and I don't know where to put my hands and feet."

Aunt Chen has been staying around the city, and the biggest place she has seen is around the city. The most powerful people are the Qiao family and the Fu family. When has she ever seen such a scene.

From yesterday when she got off the plane, Ye Fanchuan came to pick them up, and took them to drive around various places of interest, to today when she comes to the Peace Hotel for dinner, her feet are like stepping on cotton, which feels unreal.

Fortunately, her husband and son were all there, and now seeing Qiao Nian again, Aunt Chen's suspenseful heart was finally not so nervous.

Qiao Nian comforted her a few more words, talked to Uncle Chen, and then got up to look for Ye Wangchuan.

Ye Wangchuan was still chatting with Jiang Weishang, he raised his eyes slightly and noticed that Qiao Nian had come to look for him at some point.

He immediately said a few words to Mr. Jiang, then turned to look at the girl with deep eyes: "What's wrong? Why didn't you talk to Aunt Chen?"

"The chat is over." Qiao Nian's voice was low and hoarse, and he stretched out his hand to pull down the brim of his hat, a little absent-minded: "You..."

She was going to say 'how long have you been planning this birthday? '

Qiao read the words to his lips, but couldn't speak them for some reason.

Ye Wangchuan kept looking at her until the girl twitched her fingertips and said irritably, "Forget it, it's nothing."

He just escaped a slight smile from his throat, as if he could see through her mind, with smiles in his eyes: "What do you want to say."

Qiao Nian raised his eyes and looked at him from the side. There was a clear difference in height between his eyebrows and the root of the mountain, and the lines of the back and tip of his nose were as sharp and crisp as they were drawn.

Tsk, bewitched by beauty.

She staggered her eyes, thinking how to explain the reason why she came to him impulsively just now.

At this moment, Gu San came over and whispered beside Ye Wangchuan: "Master Wang, it's almost time."

Ye Wangchuan raised his wrist to check the time.

There are still five minutes until twelve o'clock.

He didn't waste any more time. After talking to Mr. Ye and the others, he asked Qiao Nian to sit first, and he went straight to the stage.

Soon, the lights in the banquet hall dimmed.

Because there were too many guests, it was slightly noisy. The noise in the banquet hall was suppressed by the man's deep and powerful voice.

"First of all, I welcome everyone to take time out of their busy schedules to come to my girlfriend's birthday party. Secondly, I want to say that twenty years ago today was a very lucky day..."

Ye Wangchuan's voice is superior, and he has always maintained his demeanor. He is as calm as a gentle breeze blowing over his face, reducing the noise in the banquet hall.

People can't help but turn their attention to him, and stop whispering and continue chatting.

*

On the main table.

Ye Maoshan looked at his unbelievable brat, twitched the corner of his mouth, turned his head and lowered his voice to Ye Lan beside him and said, "Did he be so active when I was 60 years old?"

Chapter 3054 Master Wang wants to make up for all the shortcomings of sister Nian

He said: "I remember that he came half an hour late that day, but he cared more about celebrating his birthday this time than anyone else!"

Hearing his sour tone, Ye Lan didn't know whether to laugh or cry and said, "Dad, don't be jealous. It's not that you don't know his virtues. As long as he can marry Nian Nian into the family, I will go to the temple to burn incense and worship Buddha and pay back the sesame oil." OK!"

Ye Maoshan was still a little uncomfortable at first, but after hearing what she said, he recalled it, smacked his lips, and complained bluntly: "That's right. A person who eats soft food can't ask him too much."

"As long as I can have more grandchildren, I will wake up from my dreams with a smile." He said that he couldn't help but smile, as if he was drinking a wedding wine today.

Ye Lan said to himself: "I just don't know who the witness this kid prepared for Nian Nian? Did he reveal it to you?"

Old man Ye was very happy at first, but as if his tail was stepped on, the corners of his mouth suddenly drooped: "When I mention this, I get angry!"

"I had been looking for Lao Jiang for ten days and a half months, and I was about to convince him to be a witness for Nian Nian's adulthood. In the end, this stinky boy stepped in and didn't know who he arranged, and he just squeezed my seat out. That's it. This stinky boy... just kick him out of the house!"

Ye Lan saw that he was very angry, and suddenly couldn't laugh or cry again, and quickly gave him a back: "Just look at it."

Today is a good day after all.

Old man Ye soon became less angry, staring at the stage with his sharp eyes, and soon saw several people walking in with a big ten-story cake.

He noticed at a glance that the person pushing the cake looked familiar.

"That's..." He patted Ye Lan on the shoulder, pointing at the leader.

A woman in her forties is sick all the time, her complexion is not very good, her skin is a little dull and sallow, but her facial features are correct and her appearance is outstanding, and she has a style of her own.

When Mr. Ye saw Xie Tingyun, he still didn't recognize him.

But when he saw the person next to Xie Tingyun, he suddenly stood up from his seat, a little excited: "Is that Feng, Old Feng?"

Feng Yu looks more like an ordinary person than Xie Tingyun.

The height of 1.7 meters is not tall, not short, with dark skin and ordinary appearance. If he hadn't come in with Xie Tingyun and the others, he would be an ordinary little old man walking on the road.

But at the scene, anyone with a little vision was as excited as old man Ye when they saw Feng Yu.

"It's actually Feng Lao!" On the right hand side of the main table, Master Cheng at the table of Jiusuo stood up as excitedly as Ye Maoshan, his eyes sparkling.

Bo Jingxing had been to Independence Island, knew Feng Yu, was a little excited like him, turned around and explained Feng Yu's identity to other people in the Nine Institutes.

Feng Yu, the director of the First Research Institute of Independent Continent, alone is enough to despise most people in Beijing.

People like Feng Yu rarely come out of the mountains.

He seldom appears on such social occasions in Independence Island, but today he actually came to Beijing to be a witness of Qiao Nian's coming-of-age ceremony!

This row of noodles!

It's very Qiao Nian!

"Why are you here?" Qiao Nian also saw the three people who came in pushing the cake.

In addition to Xie Tingyun and Feng Yu, Ji Nan also came.

Ji Nan saw her with soft eyes, hands behind his back, and smiled gently: "Young Master Ye asked us to come, it's your birthday, how could we not be there."

"Auntie is your elder, Mr. Feng is your teacher, as for me..." Ji Nan didn't hide it anymore, and told Qiao Nian that he knew: "I am your relative."

Chapter 3055 She said Feng Yu is an ordinary person

He represents the position of Ji Qing.

When Ye Fanchuan found him, he told him about this plan, and Ji Nan immediately agreed without hesitation.

"...He wants to make up for the nineteenth birthday you missed." Ji Nan clicked his tongue, a little sour but still very approving: "I have to say, it's very meaningful for him to prepare like this."

Like Jiang Li, he was actually not very happy with Ye Fanchuan's behavior of robbing his sister, but on the other hand, as a man, he admired Ye Fanchuan's behavior of silently making up for Qiao Nian's shortcomings. French black.

Xie Tingyun walked up to Qiao Nian, stretched out his hand to stroke her fine hair, his eyes were as gentle as a mother's, and whispered: "Happy birthday, Nian Nian."

Qiao Nian has never been an emotional person, and at this moment she was a little dazzled by the light, her chest felt sore, and she couldn't tell what she felt.

It's not that I want to cry, it's just...unspeakably complete.

"Thank you." She tried her best to control her voice, but the hoarseness still betrayed her mood at the moment.

Feng Yu smoothed things over and pushed the cake over: "20 years old, a good age, young, come and blow out the candles."

This one-and-a-half-meter-high cake looks grand and beautiful layer by layer, and there are 20-year-old birthday candles on it.

"Nian Nian, make a wish." Qiao Nian was still distracted when a man's deep and smiling voice came from beside him.

Qiao Nian could see him when he raised his eyes.

He stood under the light, his eyes reflecting the light, which became the best scenery she saw today.

Qiao Nian pursed her lower lip and walked over, bowed her head and blew out the candle.

At this time, all the lights on the scene were turned on.

Everyone in the banquet hall saw Xie Tingyun, Feng Yu and others clearly.

Master Cheng and Ye Maoshan are the ones who recognize Feng Yu and the others at a glance. Of course, there are also those who have not seen much in the world and can't get in touch with this level at all.

For example, at the table of relatives in the Jiang family, my cousin pouted, raised her chin to signal to the people around her in the stands, and said disdainfully: "Who are those people? Why haven't I seen them in Beijing? That old man looks very ordinary. I thought she was surrounded by friends who just gave away an island, but I didn't expect there to be such... normal people."

She held back for a long time before she could squeeze out this adjective.

In her eyes, Guan Yan is an abnormal person.

The old man who is standing with Qiao Nian now looks like a normal person, at least not a friend who sounds rich.

Jiang Yao was also arranged at this table. He was watching Feng Yu and the others from a distance, and heard Yuan Qing sigh.

He withdrew his gaze, couldn't help but look at Yuan Qing and sneered: "You say he's ordinary?"

Biaogu's grandma was dumbfounded, quite unconvinced: "Um, I'm not wrong. He looks very ordinary."

Jiang Zongnan ignored her, and asked Jiang Yao instead: "Do you know that person?"

Jiang Yao shook his head and smiled wryly: "Me? I don't even know each other."

He is not qualified to know others.

However, Jiang Yao still said to Jiang Zongnan: "The more ordinary people around Qiao Nian, the more extraordinary they are."

Jiang Zongnan savored this sentence carefully, and felt that what he said made sense. He looked in the direction of the main table again, with a sense of loss in his eyes.

He used to be the guest at that table, until he indulged his wife and daughter again and again, and finally fell out with his elder brother's family.

...

Jiang Zongnan is still missing.

There was a noise outside.

Chapter 3056 Sister Nian: I have received the best gift

Ye Wangchuan also noticed the noise at the door, raised his eyes slightly, and told Gu San: "Go and see what's going on?"

"Yes, Master Wang."

Gu San immediately walked outside.

Ye Wangchuan saw him go over to deal with it, so he turned his head and said to the girl: "I asked Gu San to go over and look at it, it should be a small problem."

The historical background of the Peace Hotel meant that it was not a place where anyone could come and make trouble, so he chose this place to celebrate Joe's birthday.

Qiao Nian only glanced at the door, then looked away, pulled down the brim of the peaked cap with a slender hand, and asked him casually, "You didn't prepare a gift?"

Ye Wangchuan saw her black hair slipping down to cover her brow bone, and gently brushed it away for her, his movements were gentle and tender, with affectionate eyes and a smile: "Want a gift?"

Qiao Nian opened his mouth: "Not really... Actually, I have received the best gift today."

"Huh?" Ye Wangchuan raised his eyes slightly, and was about to speak.

The noise outside became louder and louder.

"I want to see Qiao Nian."

"I said, I want to see her in person!"

"No, I was entrusted by someone, and I must deliver this to her!"

The speaker's voice is loud and full of air, with a mouthful of broken Chinese that is not very fluent. It can be heard that he is not from Beijing.

His attention was attracted by the sound outside, the tenderness and smile in his eyes faded away, the calmness was like a cold pool, and the black eyes were filled with coldness.

Gu San came back in a hurry: "Master Wang, the man outside insisted on seeing Miss Qiao, and said that he would deliver the gift to me. I said that I would forward it to him, but he didn't agree."

"Hey." Ye Wangchuan turned cold, and only said: "He doesn't know what occasion it is today? Are you here to make trouble?"

There is still a sentence "I want to die" that I didn't say.

Today is Qiao Nian's birthday, he didn't want to say these unlucky words, and he didn't want to add black spots to her future memories on this kind of day.

Qiao Nian was keenly aware of something at this moment, and walked up to Gu San: "That person has a special identity?"

"How do you know?" Gu San raised his head in surprise, and immediately reacted, faltering: "It's not very special, it's just... I didn't expect him to come here."

Qiao Nian seemed to have guessed a person, Lu Zhi.

She reacted lightly, restrained and surly, and calmly said to Gu San: "Let him come over."

"Uh..." Gu San was still hesitating, mainly observing Ye Wangchuan's expression, wondering whether he should let him in or not.

Ye Wangchuan really let her do everything, without waiting for Gu San to ask, he raised his hand and let him go: "Go."

...

"What's going on outside?" Mr. Ye also noticed the unrest between Qiao Nian and Ye Wangchuan, especially Gu San who walked back and forth twice.

He frowned, lowered his voice and said to Ye Lan: "No one will make trouble!"

Ye Lan was also very worried, but she was still quite relieved, shaking her head: "Probably not... the place that Wang Chuan booked, and the things he arranged, have never gone wrong since childhood."

"Too."

Old Master Ye regained his composure, looked sideways coldly and said, "Whoever dares to make trouble today, I will be the first to let it go!"

Ye Lan appeased and patted his hand: "Let's have a look first."

...

The table of Jiang's relatives was also boiling.

Jiang Zongnan was asking Jiang Yao: "Do you know what happened outside?"

Jiang Yao also looked confused, shaking his head with him: "I don't know."

Jiang Zongnan was still worried that someone would cause trouble: "Do you think Nian Nian's enemies came to the door? Her usual withdrawn personality will inevitably offend others."

Chapter 3057 Are you Qiao Nian?

"Dad, you forgot that Ye Shao and Ye Lao are still there. Besides, Qiao Nian's witnesses are not easy to mess with."

Jiang Yao didn't say, 'Few people dare to play tricks on this occasion'!

While the two were talking, they saw Gu San leading someone in.

Walking behind Gu San was an old man in his 70s, wearing a black gown with auspicious clouds embroidered with gold thread on the collar and cuff buttons.

He has a pair of hanging eyes, messy eyebrows, and the iconic green pupils are not so bright with age, but they have a sharp edge that has accumulated over the years.

The old man followed behind Gu San, facing hundreds of tables of dignitaries and celebrities in the banquet hall, without blinking his eyes, and his complacent attitude showed that his status was unusual.

Feng Yu just heard Qiao Nian and Ye Wangchuan talking.

When he saw the old man coming in, he was shocked for a moment on his calm and reserved face, and said in an extremely surprised tone: "Smith? He's not dead?"

Xie Tingyun saw clearly that the old man who came in was also surprised: "Why did he come here?"

"..." Ji Nan squinted his eyes, not knowing the identity of the old man, he just stared vigilantly at the person who came in, ready to stand up for Qiao Nian at any time.

Soon, the old man in black came in front of everyone.

He looked around the crowd and landed on the girl wearing a peaked cap, looking very curious: "You are Qiao Nian?"

He wore a leather sleeve on his left arm, and squatted on his arm was an eagle with golden pupils and bright eyes. After the old man stopped, the eagle actually moved. Takuo combed his feathers.

"That eagle! That eagle is actually alive!" Someone below was shocked when they saw the eagle's head move, and excitedly shared it with the people around them.

"I saw that too."

"Live Eagle."

Mr. Ye's table is closer, so you can see more clearly how majestic and majestic the eagle on the old man's left arm is.

He couldn't help admiring at this moment: "That's Costin."

Ye Lan had heard of Hai Dongqing's name, looked at the eagle, and was a little disbelieving: "He actually tamed this thing?"

Costin is the most venomous of eagles. It can die but cannot be tamed. Even the top falconers who are still alive will find it difficult to tame Costin in their entire lives.

Qiao Nian saw that the eagle on the old man's arm had confirmed who he was, and the string on the back of his head was successfully pulled, and he walked over: "It's me."

She didn't talk nonsense with the old man, and said concisely: "Did Lu Zhi ask you to come?"

The old man in black saw that she was indeed the person he was looking for, and he guessed his purpose very cleverly, and praised: "Yes, I was indeed entrusted by Mr. Lu to give a birthday present."

He hands the box over.

Qiao Nian reached out and took it.

Lu Zhi's style of giving gifts has always been very special, that is, how simple and simple the packaging should be. Basically, it is packed in a box, and sometimes there is no box, and it is simply packed in a paper bag or a cowhide bag for her.

Qiao Nian looked at his hand and wrapped a gift in a box this time, and opened the lid to see the hand-carved eagle totem inside.

The totem is purely made of sterling silver, and it is engraved with a lifelike Costin. The feathers of Costin are clearly visible. The most amazing thing is the eagle's eyes. The black diamonds are beautifully cut.

The light shone on the eagle's eyes, and the eagle on the totem seemed to come alive, with piercing eyes, just like the sea dongqing standing on the old man's arm.

Chapter 3058 A gift from Lu Zhi

"Mr. Lu said that he didn't know what to give you this year, so he thought of giving you this. The eagle symbolizes freedom, bravery, strength, victory, and implies the spirit of going forward bravely and blood..."

"Mr. Lu said that there will be times when the eagle strikes the sky. He believes that what you want to do will be accomplished one day."

Qiao Nian looked at the exquisite totem in the box, and the sea dongqing that the old man wanted to give her, and his voice was soft and slow, very faint.

Return the things to him: "I have received the intention, but I don't want the things."

The old man in black didn't understand very much. He avoided his hand and didn't intend to accept it. His face changed slightly, and his mouth was very strong: "The things I sent out haven't been taken back yet!"

At this time, someone at the table at the Nine University recognized him.

Master Cheng was still thinking about why this person looked so familiar, as if he had seen him somewhere.

He just remembered seeing the old man pull his face down, and immediately said to Bao Jingxing excitedly: "It's Smith! This person is Smith."

Bo Jingxing pushed the gold-rimmed glasses, eyes full of doubts: "Who is Smith?"

Master Cheng withdrew his hand, his expression was not as excited as before, and his expression became complicated: "He is one of the black weapon making masters who are still alive in the world,

and he hasn't shown his face for several years. There are rumors that he may be dead. I didn't expect that he was not only alive but also appeared on Qiao Nian's birthday."

He has seen too many characters who only exist in legends today.

For example, Feng Yu and Xie Tingyun.

Another example is the black weapon master he just recognized.

"This person is both righteous and evil, neither a good person nor a bad person." Master Cheng did not particularly admire him, but only respected the other party's achievements in the professional field.

Hearing what he said, Bo Jingxing probably understood the identity of the visitor, so he showed a thoughtful expression, rested his chin with his hand, and curled his thin lips with interest: "It seems that Wang Ye is a very powerful rival in love."

"What did you say?" Master Cheng didn't know the young man's gossip, so he was baffled.

Bo Jingxing was very measured in doing things. He didn't pull Master Cheng to talk about other people's privacy behind his back. He just shook his head with a smile and said, "It's nothing, I'll just talk about it."

He went on to say: "Other people have given such a big gift, I don't know what gift Wang prepared for his girlfriend."

Master Cheng is no longer interested in these things at this age, so he stared at the old man in black with scorching eyes.

Smith!

It was Smith who came to give the gift!

Just when Qiao Nian was in a stalemate with the old man in black.

There was another noise at the door.

"What day is it today? Why do people keep coming?"

"Who is this time?"

There was a commotion in the banquet hall.

Everyone was discussing, whispering to each other and looking at the people who came in from the outside.

It was an old man who came in this time.

But this time it was not an old man who came in, but a pair of gray-haired old couples. They walked in side by side, with loving smiles on their faces.

Both of them were plainly dressed and didn't hold anything in their hands, so they looked really inconspicuous.

But Master Cheng, who had just recognized Smith, could still sit on his own seat. Now seeing the old couple coming in, they couldn't stop their trembling shoulders, and stood up abruptly: "Mr. Qian?!"

He was far away, although he was trembling with excitement, his voice was trembling and he couldn't control the volume.

But except for two or three tables near them, most people didn't hear him speak.

The table of Jiusuo is next to the table of Jiang's relatives on the left. Jiang Yao saw that Master Cheng, who has always been known for his seriousness and staidness, stood up.

Chapter 3059 Master Wang hopes that sister Nian will have a smooth life

He froze for a moment, looked at the old couple who came in, and said to Jiang Zongnan: "It seems that the people who came this time are not ordinary people."

Jiang Zongnan opened his mouth slightly: "Why are there so many strange faces on Nian Nian's birthday?"

He didn't recognize Smith, let alone Qian.

Jiang Yao took a deep breath: "These people who came to her birthday party, I'm afraid it will be difficult for us to see the second time in this life. Let's take a look! These are the levels that we have never heard of."

Today he is considered lucky to have learned a lot.

Even if he gets old in the future, recalling the people he met today is enough for him to brag about for a lifetime.

Jiang Zongnan frowned, he really didn't understand what he said so exaggeratedly, he sighed secretly, and turned his attention to Qiao Nian again.

*

Qiao Nian obviously recognized the person. After the two old people approached, she became respectful, and consciously took off the peaked cap on her head, revealing a clean face to show respect.

The gray-haired old man also noticed her taking off her hat, smiled slightly, and said to her: "Little girl, I heard it's your birthday."

Qiao Nian pursed her lips, guessed something, turned her head to look at someone, and saw Ye Wangchuan leaning quietly beside her, she knew it in her heart, was a little moved, and said "hm", "20th birthday."

"Well, it's a very good age." The old man took out a gadget from his body and handed it over to Qiao Nian, "Happy birthday, little girl."

Qiao Nian saw that what he handed over was an amulet, which was not expensive, but full of meaning, so he took it, and said in a hoarse voice, "Thank you."

Seeing her accepting the gift he handed over, the old man said with loving eyes, "You don't have to thank me. He found me and asked me and the old woman to go to the temple to beg you. He said that we have reached the age of 80, please beg." The amulet that came will be more effective. I hope this amulet can bless you with a smooth life, and our trip is not in vain."

He always spoke with a smile, without any sharpness, just like an ordinary old man who has reached the age of knowing his destiny and exhorting his juniors.

But those who knew him knew how much Ye Wangchuan had spent and what kind of people he had found to bless Qiao Nian.

"Are you Mr. Qian?" Smith had just scrunched up his face angrily when Qiao Nian rejected his gift, expressing forcefully that he had not been rejected yet.

Seeing the old man at this moment, he couldn't hide his surprise. He suppressed the arrogance on his body, and his aura was a bit shorter.

Seeing him, Mr. Qian was also very polite, turned around to face him, and said, "I just heard you make things difficult for this little girl outside and insist that someone else accept your gift?"

Old Qian smiled and groaned: "Today is the little girl's birthday, we are all at this age, so don't make things difficult for the younger generation."

Smith was still a little hesitant because of Lu Zhi's entrustment.

Old Qian noticed his hesitation, and continued to smile: "Why, you don't want to sell me?"

"No..." Smith was stunned, raised his head, touched the old man's wise eyes, seemed to let out a breath, and sighed: "It's fine if she refuses to accept, I'm just entrusted."

If Lu Zhi insisted that he come to give this birthday gift to his friend, he would never have come to give the gift in his capacity, so when Qiao Nian refused to accept the gift just now, he would have been annoyed and angry.

But compared to these trivial matters.

Smith is so excited now that he can't care about those little things at all.

Chapter 3060 Who is that Mr. Qian?

His eyes were burning, and he couldn't tolerate others: "Mr. Qian, I have a problem that has troubled me for many years. I happened to meet you today. I wonder if you can go next door and have a cup of tea to solve my problem."

"This...?" Mr. Qian hesitated for a moment.

The old man in black was very excited, and further pleaded: "I am sincerely looking for your advice, please give me time for a cup of tea."

Elder Qian also saw that Smith was hard to dismiss, so he simply made a favor for Ye Wangchuan, lowered his eyes, waved his hands and said, "Forget it, I'm not busy."

"Let's go!" Smith stopped giving the eagle, and no longer struggled with whether Qiao Nian would accept the gift, and hurried to leave.

Qian Lao called him to stop, and walked in front of Qiao Nian again, his gentle and loving eyes fell on the girl, and then on the peaked cap she was holding in her hand, Qiao Nian's eyes became softer and softer: "Little girl, I heard you We are also doing research related to atomic weight and energy."

Qiao Nian has always been a **** in front of others, but this time she restrained herself and replied very respectfully, "I just know a little bit."

Seeing her modesty, Mr. Qian smiled slightly, stretched out his hand and patted her on the shoulder, as if encouraging: "It's not easy for you to get started at this age, and if you can touch one or two of them, it means that you have excellent talent. In time, if you If you can calm down, you will definitely achieve something. Come on!"

Qiao Nian's eyes burst into flames, flickering and flickering, crow-black eyelashes drooped, and he clenched the peaked cap in his hand, his voice lowered a lot: "I should study medicine in the future, atomic energy is too destructive, and it is not the same as what I pursue. Contradictory. Possibly..."

Elder Qian took the words very skillfully: "I have heard many people say this."

Qiao Nian raised his eyelids slightly, subconsciously looking at the old man.

The eyes of the silver-haired old man are soft and clear, with the peaceful power accumulated by the years, so gentle and gentle as the wind blows: "But little girl, shouldn't it be the human heart that is most destructive?"

"Atomic energy is just academic research. The medical research I told you is essentially the same, it's just a different aspect of human pursuit of knowledge. Those who master it use it for the right purpose, and it saves people. Conversely, use them for The dark side, that's what hurts people."

"The atomic weight can be the same, and the practice of medicine is the same."

Qiao Nian was stunned for a moment, it was rare that he didn't answer.

Mr. Qian only exchanged a few words with her briefly, seeing that the time was almost up, and besides, Smith was still waiting for him.

Just looked at the time, and then said to the girl who was in deep thought: "No matter what, happy birthday, little girl."

He walked over and said a few words to Ye Wangchuan, patted the man's shoulder with his hands, and was about to say goodbye while laughing.

Ye Wangchuan immediately asked Gu San to send him out.

Gu San looked very respectful, bent down and raised his hand to make a gesture of please, asking Mr. Qian and the old man in black to follow him.

The three quickly left.

"I didn't expect that I would have the opportunity to meet Mr. Qian in this life. Today is really worth it, so worth it." Master Cheng watched several people leave the venue, feeling unable to calm down for a long time, and the excitement from before remained on his face.

Bo Jingxing looked at it half-understanding, turned his head and asked him: "Who is this old man? Why are you so excited."

Master Cheng squinted at him, opened his mouth and said, "I am a student in front of him! Of course I am excited to see him as an old man!"

Bo Jingxing was extremely surprised.

Master Cheng is already an indomitable existence in the Nine Institutes, and even Master Cheng worships a master, what level of master is that?
