

Madam's 3091

Chapter 3091 Master Cheng came to find Sister Nian

By the way, she put down her pen, got up and went to the sink to wash her face with cold water.

After being stimulated by the cold water, the chaotic mind was finally cleared up a little, and it was finally not full of various calculation formulas.

Qiao Nian rubbed the numb nerves on her face, looked up at the girl with bloodshot eyes in the mirror, turned off the faucet, wiped her hands and walked out.

Just at this time, her fully charged mobile phone lit up.

Qiao Nian walked to the desk, picked up the phone, and glanced at it with lowered eyes.

It was actually a WeChat message from Ye Wangchuan.

They seem to live together, right? Is it necessary to send WeChat?

She raised her eyebrows and clicked on the message.

【Y: Master Cheng is waiting for you downstairs, are you free to come down and meet? 】

Become a master?

Qiao Nian was a little surprised, out of the corner of his eye, he looked at the experiments left by Ji Qing on the laptop, and rubbed his forehead.

It seems that this side will not be so easy to conquer for a while.

She simply turned off the computer, changed her clothes, got up and walked downstairs.

**

In the living room.

Master Cheng came with his assistant, and was sitting on the sofa cautiously waiting for Qiao Nian to come down.

Gu San poured two cups of tea for them and brought them out. One was placed in front of Master Cheng and the other in front of his assistant. He smiled and said to Master Cheng, "This is the new tea of this year, you should always try it."

Master Cheng thanked him, took a sip of tea casually, still thinking about Qiao Nian, and praised a few words absent-mindedly.

People of their age and status have long since lost much interest in appetite, and don't pay much attention to it. He cares more about when Qiao Nian will come down.

Master Cheng's assistant is relatively young and also one of his apprentices.

Not long ago, he was selected by Master Cheng from the nine institutes. His personal ability is not bad, and he is also a returnee. He has been trained by his family since he was a child to be excellent in all aspects, and he is also quite arrogant in his bones.

He has complete respect and admiration for Master Cheng, so he has a lot of dissatisfaction with the people his teacher brought him to see for a long time.

After taking a sip of tea, he couldn't sit still, and asked Gu San in an impatient tone: "Is that person still down?"

As soon as he said this, everyone in the living room looked at him.

Ye Wangchuan and Qin Si's eyes looked like smiles, but they didn't speak.

Master Cheng was a little embarrassed, and he didn't know what to say about him.

Gu San was on the top, frowned, and said with a smirk: "Miss Qiao is still busy, Master Wang has already told her. She will definitely come down when she sees the news, please wait a little longer."

After all, the other party was brought by Master Cheng. Even though Gu San didn't like his tone, he still had a certain amount of advance and retreat, which was quite considerate.

It's just that everyone is smart, and no one can see that Gu San is a little unhappy.

The man's earlobe felt hot, he was embarrassed and felt a little humiliated by Gu San's attitude, he pursed his lips and said, "Teacher also found time to come over..."

He half-spoken, full of complaints of 'who is not busy, why wait'.

Master Cheng immediately called out to him in a deep voice: "Yu Wenhao."

Ye Wangchuan squinted at him again, and stopped Master Cheng with a half-smile: "Forget it, it's normal for young people to have a temper."

Yu Wenhao has not been in the No. 9 Institute for a long time, and Ye Wangchuan basically stayed with Qiao Nian in Independence Island for the past year, and rarely returned to Beijing.

Few of the newcomers from the Nine Institutes had seen him.

Yu Wenhao only regards him as one of the sons and brothers who eat, drink and have fun in Beijing.

Obviously Ye Wangchuan helped him speak, but he didn't appreciate it very much, the corners of his mouth were pulled down, and he turned his head away with a face full of disbelief, wishing to snort out of his nostrils.

Chapter 3092 He can really offend people, offending a whole room in a short time

Qin Si just took out his mobile phone and turned it sideways to open the game. Seeing the performance of the little follower brought by Master Cheng, he said with a half-smile: "Young people are quite tempered now."

Yu Wenhao heard that he was talking about himself, and immediately looked over, frowning, and was about to push back: "You don't seem to be much older than me."

The implication is that we don't know who is older, but you are old-fashioned and say who is young.

"Tsk! Bull B." Seeing his appearance like a firecracker, Qin Si fixed his eyes, touched the earrings on his earlobe, and took the lead in smacking his lips.

Gu San hurriedly poured him a cup of tea, and advised him: "Miss Qiao is still busy up there, let's keep our voice down."

Qin Si sat up straight, took a sip of the teacup to suppress his anger, and said with a half-smile: "I know sister Qiao is busy, don't worry, I don't even have this bit of demeanor."

As he spoke, he looked in Yu Wenhao's direction, and the more he looked at it, the more unpleasant it became.

He said that he didn't care about Yu Wenhao, but his body was very honest. He put the cup back and raised his eyebrows: "No, you came here with Master Cheng. Don't you know who Sister Qiao is?"

"Who is she?" Yu Wenhao said impatiently: "I don't care who she is, our teacher has been waiting here for almost an hour, should she come down? Could it be that if she doesn't come down, we have to wait here forever ? Our time is precious too!"

After hearing this, Qin Si turned his head and said to Ye Wangchuan: "Master Wang, it seems that he not only doesn't know Sister Qiao, he doesn't even know you."

Master Cheng didn't expect that the assistants he brought would offend all these people in the blink of an eye. He had a headache for a while, and quickly scolded the dissatisfied Yu Wenhao: "If you continue to behave like this, go back first, I don't need you to stay with me gone."

"teacher!"

Yu Wenhao was quite aggrieved. After all, he stood aside and lost half of his momentum. He reluctantly bowed his head to Master Cheng and admitted his mistake: "I see...I will obediently wait here..."

Master Cheng finally calmed down seeing him drooping his head, sighed, and said directly to Ye Wangchuan: "Young Master Ye, he is impatient, and he has no malicious intentions."

This Yu Wenhao is a bit good, otherwise he wouldn't be selected from the new batch of members of the Nine Institutes as an assistant.

Master Cheng also cherishes talents, and he doesn't want to ruin a good seedling because of a trivial matter, so he hastened to plead for him: "...for the old man's sake, don't be as knowledgeable as him."

Only then did Ye Wangchuan sit up straight, glanced at the man who was still a bit unconvinced, then looked at Master Cheng who spoke earnestly, and said with a slight smile: "Don't worry, I won't avenge myself for such a trivial matter. "

"I know you are not such a person." Master Cheng answered.

Ye Wangchuan said "hmm", turned his head to look at the time on the wall, then looked at Master Cheng, got up and said, "Nian Nian probably didn't see the WeChat message, I'll go up and call her."

Master Cheng stood up, opened his mouth, and reached out to stop him: "It's okay, I'll just sit down for a while."

He didn't finish his sentence.

The two of them heard Gu San's surprised voice: "Miss Qiao, you're down!"

Ye Wangchuan, Master Cheng, and Qin Si all looked in the direction of the stairs.

Among them, Yu Wenhao immediately turned his head to look at the girl coming down the stairs.

Qiao Nian didn't wear a peaked cap at home, showing a face of Qingshui Furong, which is too eye-catching!

Her looks like this become a symbol of impracticality in the eyes of people engaged in scientific research. After all, no one believes that a beautiful girl can calm down and deal with boring academics.

Chapter 3093 Master Cheng came to ask Sister Nian for help

Yu Wenhao watched the overly beautiful and young girl come down from the second floor without haste, walked to the living room among them, first walked to his teacher, and greeted politely: "Master Cheng."

What kind of attitude is this?

He frowned, with a very displeased expression on his face. Since he had only been taught a lesson by the teacher before, Yu Wenhao could barely suppress his dissatisfaction.

He straightened his face, lowered his brows and eyes, and put on a look of indifference to the girls who came down.

Qiao Nian exchanged simple greetings with Master Cheng, but out of the corner of his eye, he noticed the person who came with Master Cheng, and he could see at a glance the other party's full of resentment towards him.

Although she didn't know why the other party put on an unhappy face, she had never been the type to like a hot face to a cold ass.

Since Yu Wenhao first pretended that strangers should not enter, Qiao Nian didn't plan to get used to him, but just pretended not to see him, and directly looked away from him, and went straight to find a sofa and sit down.

"Master Cheng came to see me today?"

"I have something to trouble you."

Master Cheng finally waited until she was busy, and sat down opposite Qiao Nian, without hiding it, and very naturally admitted that he had something to look for her.

Qiao Nian nodded: "Well, what's the matter?"

Yu Wenhao stood aside and didn't sit down. He clearly felt the girl's neglect of him, and her attitude of passing by when she clearly saw him just now.

His face was ashen, and he clenched his fists tightly, trying to hold back his breath.

Even so.

He still couldn't bear the beating of his brows, and rolled his eyes fiercely in anger.

What is she crazy about!

They are from the Nine Institutes!

Yu Wenhao was thinking, thinking that Qiao Nian didn't know where they came from at all, when he heard his teacher speak politely, and said unhurriedly: "Nian Nian, I saw Xie Tingyun on your birthday last time He Feng Yu Feng Lao, do you know them?"

He wanted to find Mr. Qian through Ye Wangchuan's relationship.

It's a pity that Qian is too old to care about professional matters.

He had no choice but to think of Xie Tingyun and Feng Yu who had appeared at Qiao Nian's birthday party, these two bigwigs from Independent Continent.

Needless to say, Feng Yu, the director of the First Institute of Independent Continent, this title alone is enough to show how strong he is.

Xie Tingyun is not an ordinary person...

This soft-looking woman thought she was a famous weapon master back then, and she was considered one of the Twin Pearls of Independent Continent at a young age.

The situation in Independent Continent is complicated, and Feng Yu and Xie Tingyun are not people who can be contacted casually.

He thought of Qiao Nian.

Qiao Nian couldn't help being surprised when he heard him ask himself: "I know."

Master Cheng's tense expression relaxed a little, and it was obvious that he was relieved.

Qiao Nian's dark eyelashes drooped slightly, one arm rested on the edge of the sofa, and she leaned there leaning there. She stretched out her hand to pull off her peaked cap, but then remembered that she was not wearing a hat after washing her face, and her hand was in the air. Shake it and put it down.

"One of them is my teacher, and the other is my elder."

Master Cheng raised his eyes when he heard her explanation, and quickly explained to her why he came: "That's right, if possible, I have something I would like to ask the two of them to help me see..."

Qiao Nian stood up without saying a word: "Wait a minute, I'll go get the computer."

Master Cheng didn't expect her to agree to help so readily. He was a little confused. Before he recovered, he saw the girl stop and asked him: "...can you explain clearly in the video?"

Chapter 3094 Just this opportunity to frustrate his arrogance

"Huh?" Master Cheng didn't turn his head for a moment.

Qiao Nian said very patiently: "If it's not clear in the video, I'll see if the dean and Aunt Yun have time, and I'll arrange for you to meet."

"Ah, no, no need." Master Cheng understood what she meant, and quickly got up and waved his hands: "It can be clearly explained in the video."

"Okay." Qiao Nian asked clearly and turned around to get the laptop.

Master Cheng looked at the back of her going upstairs, the big stone in his heart finally fell to the ground, and a smile appeared on his face, and said with emotion: "Fortunately, Niannian helped, otherwise I really don't know what to do..."

Ye Wangchuan straightened his cuff buttons at this time, seemingly unintentionally shaving the stunned Yu Wenhao's face, and immediately stood up, and said to Master Cheng: "Mr. Qian, I will help you again." You go and ask."

Master Cheng was overjoyed when he heard the words: "That's great!"

Ye Wangchuan passed by Yu Wenhao, and went to the study to contact Qian Lao on behalf of Master Cheng.

Qiao Nian and Ye Wangchuan were not there, so Qin Si stared blankly at Yu Wenhao and said, "Hey, didn't a certain person just dragged two to five to eighty thousand? What did you say that your time is precious, and others No one deserves to waste his time, so why not drag him now."

Yu Wenhao knew that he was talking about himself, and his cheeks and ears burned, and he didn't know where to put his hands and feet. He said awkwardly: "I, I didn't know that she knew those people at first."

Feng Yu.

Thank you Tingyun.

He had heard of these names when he was overseas, and any one of them was a remarkable figure.

Not to mention Mr. Qian mentioned by Ye Wangchuan.

Yu Wenhao's idol is Mr. Qian, and he vowed to be like Mr. Qian.

Qin Si saw that he was really embarrassed. In addition, it was indeed the same as what Master Cheng said.

He didn't make it too difficult for Wen Hao, but just mentioned a little: "In this world, there are people beyond people, and there is a sky beyond the sky. Remember this truth well."

Master Cheng didn't stop him from talking to Yu Wenhao, but just patted the young man's shoulder silently, comforting him silently.

Qin Si's words are not rough. Yu Wenhao has some ability. Although he is not as good as Qiao Nian, there are several people in Beijing who have the talent of Qiao Nian.

Yu Wenhao is already better than most people, and he is also a top student in science. If he is trained, he may not be unable to achieve some achievements in the future.

However, anyone with a little ability may have a common problem-most of them are arrogant about their talents!

Yu Wenhao did the same.

Master Cheng has long since discovered that he is not convinced by anyone in the Nine Institutes except himself. Sometimes the seniors in the team tell him something, and he often cannot listen to it with confidence.

It is better to be said a few words here at Qin Si this time, than to continue to be so arrogant that I wasted my rare talent...

Although Master Cheng didn't speak to comfort him, he also looked in Qin Si's direction, probably to let Qin Si show him face and show mercy.

It's one thing for Qin Si to be unscrupulous. He treats the older generation like Master Cheng with great respect, and shuts his mouth at one glance.

I didn't bother to argue with Yu Wenhao, so I called Gu San at the top of my voice, "Will you come to play games? I called Zhang Yang and Tang Ning, and there is a game boss. I will pull you out."

Gu Sancai was too lazy to play with his black hole game, so he glanced at him and walked into the kitchen: "I'm going to make a cup of coffee for Miss Qiao."

Chapter 3095 Sister Nian knows that Lu Zhi went to find Father Jiang

Qin Si looked at his figure who didn't look back, clicked his tongue, and pulled someone in the small group to make up the number, collapsed on the sofa and started to play the game.

**

Qiao Nian quickly got down his laptop, contacted Feng Yu and Xie Tingyun on behalf of Master Cheng, and started a private video chat with them.

In order to make it easier for Master Cheng to speak, Ye Wangchuan also gave up the study room and asked him to go to the study room to play video chats, not afraid of being heard by others.

Master Cheng wanted to talk to Feng Yu and the others about something more important, so he didn't let Yu Wenhao go in with him.

"You stay outside and wait for me."

Yu Wenhao followed outside the study, seeing that his teacher didn't take him in, he hesitated to speak: "I'm outside alone..."

He was ridiculed by Qin Si just now, staying outside at this time is undoubtedly torture in disguise.

Master Cheng insisted: "Don't worry, with Qiao Nian here, Qin Si won't make trouble with you."

He could figure out who Qin Si was afraid of.

Qin Si would sometimes get carried away and babble in front of Ye Wangchuan, but when Qiao Nian was around, he always paid attention to restraining his temper.

Master Cheng patted Yu Wenhao on the shoulder, twisted the doorknob and entered.

Yu Wenhao stood at the door of the study for a while, but it was Gu San who called him, and then he slowly moved to the living room, looking up at several people unnaturally.

Qin Si was playing a game and didn't bother to talk to him.

Ye Wangchuan entered the kitchen not knowing what to do.

Gu San called him over, but only pointed to a chair for him to sit there and wait for Master Cheng to come out.

As for girls...

Yu Wenhao secretly glanced in Qiao Nian's direction.

The girl came down from the second floor and still looked like a fool. She was sitting on the sofa looking down at her phone, as if she was answering someone's message.

In front of her was the coffee that Gu San had just brewed, and the coffee was still steaming.

But she didn't seem interested, and she didn't drink at all.

The girl's delicate side face became more and more sharp under the light outside the house, and the outline was beautiful, making it impossible to associate her with Independent Island and Feng Yu.

Yu Wenhao was frowning, forgetting himself.

At this moment, he felt a sharp gaze falling on him, which made him subconsciously chase after him in fright.

Soon, he met the eyes of Young Master Ye who came out of the kitchen.

The other party didn't deliberately want to do anything to him.

Just a lazily probing eyes.

Yu Wenhao subconsciously felt a chill on his back, and lowered his head, not daring to look at Qiao Nian's face again.

Ye Wangchuan just glanced at him, turned his gaze back, and put a bowl of glutinous rice **** on the tea table in front of the girl: "You didn't eat at noon, so eat something to fill your stomach."

Qiao Nian just finished sending the message to Jiang Zongjin, saw the porcelain bowl he brought out, stretched his legs, and squinted to look: "What?"

"Small glutinous rice balls." Ye Wangchuan cooked them for her by himself. He was afraid that they would be hot when they were out of the pot, so he used a spoon to cool them down and handed them to her: "Don't worry, I didn't add sugar to you."

Qiao Nian was about to reach out to pick it up, when she saw the message from Jiang Zongjin on the phone on her lap from the corner of her eyes, her eyes instantly turned cold.

【Jiang Zongjin: Niannian, I just finished chatting with Mr. Lu of Tianchen. I didn't check my phone just now, and I didn't notice that you sent me a message. Did you have meal? 】

Qiao Nian paid special attention to what he said, "Mr. Lu of Tianchen", the corners of his mouth were drawn up uncontrollably, with a rather surly arc, and his whole aura became irritable.

What does Lu Zhi want to do!

Chapter 3096 Sister Nian: I'll go find you right away

Qiao Nian suddenly lost her appetite, got up irritably, walked up to Qin Si who was playing games, and stretched out her hand to him: "Lend me the car key."

"Wave after wave..." Qin Si was in the middle of a fierce team battle, and when he was busy, he took time to see the girl's palm spread in front of him. If he didn't pay attention, the character he was manipulating in his hand had already GG.

"Young Master Qin, what are you doing! Why are you standing there without moving! Do you have a network card?" Zhang Yang's voice came from the speaker on the other end of the phone.

There is also Tangning's charming joke: "Forget it, Brother Yang. You don't know what level Qin Shao is, and how can you get stuck in the net? Aren't you kidding me?"

Qin Si pointed the phone to his lips and said depressedly: "I don't want to cook! One knife in the canyon!"

"The knife of a kitchen knife." Tangning's mouth is always so poisonous.

Normally, he would definitely discuss his game level with Tangning, but Qiao Nian was still standing in front of him waiting for the key.

Qin Si hurriedly said to them: "Sister Qiao is looking for me, you play first."

Their game team was chatting up just now, laughing and joking with Qin Si.

As soon as I heard him say that Joe is looking for him.

It's all like a primary school student hearing the name of the head teacher, as quiet as a chicken.

Qin Si cut, expressing his contempt for them.

Then he put down his phone, touched his car keys from the side and handed them to the girl's palm, raised his head and said in wonder, "Sister Qiao, why do you want my car keys?"

Qiao Nian got the car keys and walked back, picked up her mobile phone on the sofa, and said to the man who just made glutinous rice **** for her, "I'm going out."

Ye Wangchuan had already silently put the bowl back on the tea table when her face suddenly changed and stood up. Seeing that Qiao Nian was about to go out in a hurry, he took his coat and said, "Shall I go with you?"

Qiao Nian turned to look at Yu Wenhao in the living room, then looked away, and landed on him again, and said calmly, "I'm going to find a friend, it's nothing serious. Master Cheng is still inside, you stay and wait." Come out, Master Cheng."

Ye Wangchuan received the news that Lu Zhi arrived in Beijing an hour ago, but he didn't mention it to her just to keep her from getting upset.

He saw that Qiao Nian was in a hurry and was about to go out with only her mobile phone, and guessed that she was probably going to find Lu Zhi...

Ye Wangchuan felt like he was having a splitting headache. His girlfriend was going to meet his rival in love. A normal man would inevitably feel a sense of crisis in his heart.

He put the coat just now on the back of the chair: "You really don't want me to give it to you?"

"No, I'll be back soon." Qiao Nian took a step forward, then turned around as if realizing something.

His face was cold and serious, and his crow-black eyelashes were slightly drawn.

The beautiful pupils stared fixedly at him for a few seconds and then looked away. Immediately, his face was paralyzed, and he said casually: "Don't worry, I have the heart to kill him!"

If Lu Zhi puts his mind on Jiang Zongjin, she will really kick the table and turn her face.

Ye Wangchuan didn't expect that she would guess his own thoughts, he was stunned for a full second, then his deep eyes flickered, his thin lips curled up, and he was in a good mood: "I'll wait for you to come back, and have hot pot tonight."

When Qiao Nian heard about eating hot pot, the burning anger in his heart was slightly calmed down, but the expression on his face was still quite grumpy, and he murmured: "Okay."

She changed her shoes and went out, closed the door and called Jian Jin: "Where are you?"

Over there said an address.

Qiao Nian pressed the elevator and waited for the elevator to come up: "I'll go find you right away."

Chapter 3097 Do you think Uncle Jiang will like the tea I sent?

On the other side, Jian Jin hung up the phone.

Looking back, he saw that Lu Zhi was having a video conference in the suite at a leisurely pace.

She had a lot to say to Lu Zhi, but when she saw that he was busy, she called the room service to deliver the food, while she waited in the living room for the person who delivered the food.

Twenty minutes later, there was a knock on the door.

"Here we come." Jian Jin put down what she was busy with and got up to open the door.

The door opened, and it turned out that well-dressed hotel staff were pushing the dining station at the door.

The waiter saw her, smiled and said, "Hello guest, I'm here to deliver your food."

"Come in." Jian Jin turned sideways to make way.

The hotel service staff pushed the dining room into the room, and placed the freshly fried steak and borscht on the table according to her request without squinting.

Jian Jin stood beside her with her arms folded and stared at her work, waiting for the hotel service staff to bring all the meals she ordered to the table, before opening the brandy.

She stepped forward to stop the other party from drinking, and said, "Put it here, I will do it myself."

The hotel waiter immediately put the expensive brandy back in its place, respectfully retreated to his seat, and said with a smile, "Okay, is there anything else I can serve?"

"It's nothing." Jian Jin waved her hand.

The other party packed up his things, pushed the cart and went out again.

Before going out, she politely asked her: "Guest, do you need me to close the door for you?"

Jian Jin sent her out all the way, seeing the situation and doing it herself casually: "I will do it myself."

She closes the door and walks back into the living room.

Looking at Lu Zhi who was still working in the study, Jian Jin hesitated for a few seconds, walked to the door of the study and raised her hand to knock on the door: "Boss, do you want to come out for some dinner?"

...

The man in the study heard her voice reminding her outside, raised his eyelids slightly, and said to the person in the video: "I will stop here for today, and I will talk about the rest when I see someone."

The person on the other end of the video was hidden in the dim environment, and his appearance could hardly be seen clearly. He could only hear a deep and rough voice: "Mr. Lu, this opportunity must not be missed."

Lu Zhi's fair face showed no expression, and he directly cut off the video.

The computer screen immediately plunged into darkness.

He didn't stay for long, and he operated the wheelchair to go out.

"What to eat?"

Jian Jin was waiting for him outside. Seeing him coming out, she offered to push the wheelchair for him: "I ordered steak and black truffle and a soup. Let's see if you want to add anything else."

Lu Zhi stubbornly manipulated the wheelchair and walked to the dining table. Sure enough, he saw the dishes neatly arranged on the dining table, and the steak was still steaming.

It can be seen that Jian Jin ordered food on time.

He looked at the meals on the table, the coolness in his eyes dissipated a little, he moved the wheelchair to adjust his sitting position, picked up the knife and fork with his left and right hands, and looked at Jian Jin with eyes like ink: "You don't want to eat?"

Jian Jin walked over to put the tablecloth on his lap, straightened up, walked to the side to watch him eat, and said with a smile, "I'm not hungry."

Without waiting for Lu Zhi to speak, she immediately said, "If I'm hungry, I'll go down and eat by myself."

"Yes." Lu Zhi lowered his eyes and stopped asking, and started to eat quietly.

Jian Jin saw his elegant posture, moving smoothly with silver knives to cut up the steak, his every move seemed like a born nobleman, so she couldn't help but watch him for a while.

Lu Zhi is very used to being stared at by others, and he didn't care about the gaze that fell on him. After a while, he said without raising his head, "Do you think Uncle Jiang will like the tea leaves I gave you?"

Chapter 3098 What about Lu Zhi? where is he?

"Forehead."

He had already eaten half of it, so he simply put down the knife and fork, wiped his mouth gracefully with a paper, and stared at Jian Jin seriously with his eyes and expression: "What do you think of my performance at noon today?"

Jian Jin scratched her nose, coughed dryly, did not answer his question directly, and asked him instead: "Boss, don't you want to take the road of saving the country?"

Who knew that Lu Zhi didn't deny it, but said indifferently, "No?"

"Ahem!" Jian Jin didn't expect that she guessed right: "It's not, it's not impossible... But boss, what you gave Joe's father at noon today is green tea... and 4 cans."

Lu Zhi stared at her without knowing it, and frowned impatiently: "What's wrong with 4 cans? Isn't the more the better?"

He wanted to give some more.

Four cans are already the least choice when he is very restrained.

Jian Jin didn't know how to say to him: "Well, let's think about the gift you gave me together, 4 cans of green tea, does it sound like dead green tea?"

She wanted to say at noon today that two cans will be enough. First, good things come in pairs, and second, the portion is not too much, so it won't be too much psychological burden for people to put it away.

But Lu Zhi insisted on taking two more boxes, and finally it became this embarrassing number.

"I heard that the number 4 is tabooed by people in country Z, it is not very auspicious..."

Lu Zhi tilted his head, and finally realized that he had sent the wrong delivery, so he pursed his lips, narrowed his eyes, and said in a bad tone, "Why didn't you say it earlier."

Jian Jin was asked so that the black line on her forehead hung down, and she was about to explain herself to him.

at this time.

Her phone rang.

Jian Jin took out her mobile phone and lowered her head. When she saw the name of Qiao Nian displayed on the caller, her expression changed slightly, and she quickly turned her back and hung up the phone first.

Lu Zhi noticed her reaction and the small movement of hanging up the phone, raised his jaw slightly and asked her, "Whose phone is it?"

Jian Jin turned around and looked back: "Uh, a friend..."

Lu Zhi stared at her urgently, as if seeing through that she was lying, and asked unhurriedly, "Why didn't you answer?"

"..." Jian Jin's scalp felt numb from his question.

Joe's tone of calling her before was as if he was asking for a crime. How did she answer it? Isn't she afraid that Joe will blow your dog's head off!

Jian Jin had no choice but to think this way in her heart, facing Lu Zhi, she couldn't think of a suitable excuse for a while: "It's not important for her to find me."

As soon as she finished speaking, there was a knock on the door.

"Knock knock."

Two sounds seemed to knock on Jian Jin's heart.

Jian Jin's heart beat faster, she didn't dare to look into Lu Zhi's eyes, and ran to the door in a panic: "I'll go see who it is, it must be the hotel waiter, I told them that there is no need for service here for the time being."

She ran so fast that she didn't even notice Lu Zhi's back tensed up suddenly and his fingers stiffened. She had already guessed who was coming.

**

Outside the door.

Qiao Nian was wearing a peaked cap and a hoodie over his head, standing outside with a blank expression, waiting for the people inside to open the door.

She didn't even keep knocking on the door.

It seemed that the people inside heard the knock on the door.

It turns out that she was right.

A minute later, Jian Jin hurriedly opened the door, and when she saw her, her expression became unpredictable, anxious and embarrassed: "Hey, why did you come here directly?"

Qiao Nian shook the phone: "I called you, but you didn't answer."

"because..."

Jian Jin stood still, not knowing what to say for a while.

Qiao Nian didn't make things difficult for her, and looked inside: "Where's Lu Zhi? Inside."

Chapter 3099 Mr. Lu really is a deadly little expert

"Joe, listen to my explanation..." Jian Jin hurriedly stopped her.

Qiao Nian Qingming's eyes were like deep wells, she just glanced at her without saying anything.

"..." Jian Jin seemed to see her restraint, so she let go of her hand and made way for her to pass.

Qiao Nian didn't look angry when he entered the room, but looked around very calmly, and soon saw someone in the restaurant whom he hadn't seen for a long time.

She walked straight towards Lu Zhi.

"Joe." Jian Jin worried about catching up, and gave her another hand, explaining anxiously, "I can explain."

Qiao Nian walked in front of Lu Zhi regardless of her obstruction, hooked his neck slightly, and looked at him calmly: "What do you want to do in Beijing?"

Speak, speak well! Jian Jin hurriedly signaled Lu Zhi to speak up with her eyes, and she was so anxious that she was about to sweat profusely on her forehead.

Lu Zhi saw the person he thought about day and night and wanted to see, but he looked the same as usual, and said to him from left to right: "Why didn't you accept my birthday present?"

"?" Qiao Nian frowned, looking at him in surprise.

Lu Zhi continued, "Uncle Jiang likes me very much."

Jian Jin heard from behind that he accurately stepped on two minefields, took a deep breath, just wanted to roll her eyes, and was so angry that her throat was full of smoke.

How can he compete with others with his EQ!

Can't he talk properly?

When Qiao Nian heard him mention Jiang Zongjin, his eyes deepened by an inch, his hands were in his pockets, and his expression became warning: "Don't touch my family."

Lu Zhi stared at her again for a few seconds, then looked away at random, neither admitting nor denying: "You came to me to talk about this?"

Qiao Nian couldn't understand what was going on in his mind, so she stood in front of him with her legs propped up, narrowed her eyes dryly, and said coldly: "You should know what my bottom line is, I don't want to quarrel with you and end up losing friends Nothing to do."

"Didn't you say that I'm no longer your friend?" Lu Zhi would jump to death.

Qiao Nian took a deep breath from his natural question, and his brows were twisted into hemp ropes: "Whatever you think!"

Lu Zhi raised his eyes to look at her again, as if he liked to see her mood swings.

Jian Jin couldn't stand it anymore, she took away the hand that wiped her face, and went to drag Qiao Nian to go out: "QIAO, you haven't eaten dinner yet, let's go eat something first."

The purpose of Qiao Nian coming here was just to clarify her attitude with Lu Zhi, not to quarrel with him, so she turned around and followed Jian Jin out.

Lu Zhi watched her leave, but at least he didn't add fuel to the fire, but his eyes kept following the girl, without moving for a moment.

...

Outside.

Jian Jin finally pulled Qiao Nian out.

Her forehead was covered with fine sweat. After wiping off the sweat, she said to Qiao Nian angrily and helplessly, "Don't pay attention to him, that's how he is. He thinks about it as soon as he thinks about it."

She saw that Qiao Nian was still shrouded in air-conditioning.

Jian Jin raised her eyes again and explained: "I wanted to tell you at noon, but I didn't tell you later because I was afraid you might misunderstand. I knew you would come here, so I told you right then."

"Lu Zhi didn't do anything to his uncle. He invited his uncle to have a meal and gave him a meeting gift. The meeting gift was also an ordinary gift."

She was a little depressed and said to Qiao Nian: "I thought I was with you too, so I didn't tell you."

Qiao Nian looked irritable, leaning against the wall at this moment, took out the bottle of chewing gum from his pocket, poured a candy from it into the palm of his hand, looked up and ate it.

Suddenly turned his head to look at Jian Jin, and asked casually, "What does he want to do?"

Chapter 3100 Do you really think he just came for me?

Jian Jin rubbed her face and said, "He... with that bird personality, he came here this time on the surface because of the cooperation project between Tianchen and Qing University, but you also know how big his business map is, so how could he really come here for this? Tianchen has at least seventy or eighty projects of this level, and he would be exhausted if he had to take care of each of them himself. So he... After all, he came here for you."

"For me?"

Qiao Nian pushed down her peaked cap, her eyes were full of hostility, and she couldn't see any emotion, imitating Jian Jin's tone and passing it on the tip of her tongue, loose and frivolous.

"You really think he's just after me?"

Jian Jin didn't understand, so she looked up: "What do you mean?"

Seeing Qiao Nian's eyelashes drooping slightly, she leaned against the wall coldly without answering, but looked at herself with a pair of dark eyes.

Jian Jin's mind went blank, and Liu Ye raised her eyebrows: "You mean he has other purposes for coming to Beijing? No way...he never mentioned it to me."

The boss is not for Joe, why else come to Beijing?

She met Qiao Nian, and seeing the girl's expression that didn't look like she was joking, she couldn't help but become serious: "But he really didn't tell me... Besides, what can attract him in Beijing?"

Qiao Nian shrugged his shoulders, and suddenly raised the corners of his mouth in an irritated way: "Ghost knows."

Jian Jin: "..."

"It's better not to be the same as I guessed." She said thoughtlessly.

Jian Jin's head was as big as a bucket, covered her face, and said to the girl with a painful face: "Well, can you not play charades for me? I really can't understand a single word."

Qiao Nian straightened up at this moment, walked in front of her, put his hand on her shoulder and patted her silently, and said, "I'm also guessing, I'm not sure yet, so I have nothing to say."

Jian Jin looked left and right at her, and seeing that Qiao Nian seemed not as angry as before, she exhaled a foul breath and relaxed her back.

"Since you don't tell me, I won't ask... But Joe, I must explain to you that the boss went to see his uncle at noon and did nothing. He brought a gift and had a meal with his uncle, and he didn't say anything to his uncle. Strange words. I was there the whole time and can testify to him."

"En." Qiao Nian didn't take this too seriously, withdrew her hands and put them in her pockets, and said to Jian Jin in a carefree standing posture, "Let's go."

"Are you leaving now?" Jian Jin was stunned for a moment, then raised her head: "You go directly, without telling the boss?"

"No."

Qiao Nian came here just to let Lu Zhi know her attitude, and he didn't want to stay here for too long.

In addition to what Lu Zhi has done recently, each and every one of them is not done by a human being.

She didn't want to get into an unmanageable quarrel with her little friend who was born and died, and she also didn't want to see Lu Zhi's face, so as not to upset her.

Jian Jin understood what she meant, her eyes were a little sad, and she couldn't hide her disappointed face, but she also understood Qiao Nian's approach: "I'll ask the driver to take you."

Qiao Nian shook the car key in front of her, and said concisely: "I drove the car myself."

Jian Jin pursed her lips again, and insisted: "Then I will send you down."

This time Qiao Nian looked at her and didn't refuse again.

Jian Jin walked her to the door, watched Qiao Nian say goodbye to herself, walked to the sports car parked by the side of the road, and opened the door to get on.

Soon, the flamboyant blue sports car disappeared from her sight...

Jian Jin watched the sports car disappear from the corner of the road, sighed, turned around and prepared to turn back.

She is waiting for the elevator in the hotel lobby.

Lu Zhi's phone call came in.
