

Madam's 3131

Chapter 3131 Jian Jin chooses to stand by Nian

Jian Jin was also surprised.

Lu Zhi has seldom suffered under anyone's hands these years, only that time he had a conflict with Nie Qingru and suffered flesh and blood injuries under Nie Qingru's hands.

But even so, these are also within his plan.

When he was sure that Nie Qingru would not dare to kill, he took the initiative to step into Nie Qingru's territory for the control of K organization.

Besides, that old hag Nie Qingru has lived to this age, and her status and wrist are as stable as a rock.

It's normal for Lu Zhi to suffer a bit in her hands.

But this is the first time Jianjin has seen him suffer at the hands of his peers, and he is still defenseless and completely controlled by others.

"Ye Wangchuan is notoriously hard to mess with in Beijing, so it's not surprising that he would guess our plan..." Jian Jin could only try to persuade him.

Lu Zhi spent so much effort to find He Wang, and to teach him how to steal documents, but in the end he stole a fake thing.

How could Lu Zhi swallow this breath!

He raised his eyes and told Jian Jin: "Since the Nine Institutes don't cooperate, I'll just move people!"

"Boss! You know..." Jian Jin reacted violently, before she had time to argue with him.

Lu Zhi has made up his mind: "Eighty percent of the czar-like weapons that can be found on the market are in the hands of State M. If we want to make Tianchen go further, we can only get the czar's design drawings!"

Jian Jin certainly understands his ideals and ambitions.

Lu Zhi has always wanted to get rid of the constraints of the Hermit Family on Tianchen, and lead the entire illegal area above all areas.

But there are too many sacrifices behind this ideal.

Jian Jin can no longer accept these 'sacrifices': "What about QIAO? What about QIAO? Are you really planning to break up with her and stop contacting her?"

"When I get the Tsar's blueprint, I will naturally let go of becoming a master." Lu Zhi frowned obviously, unwilling to think deeply about this issue.

Jian Jin felt that he thought things too simply: "If you let Master Cheng go, you can pretend that nothing happened? QIAO will agree? You know her feelings for country Z, she will never allow you to take away the blueprints, Unless you stepped on her dead body."

She talked about the emotional part, with tears shining, and gritted her teeth and said, "Boss, are you going to get into a fight with Joe for this? Have you forgotten how the three of us got here? Isn't it good for everyone to give in? Why do you Always trying to test Joe's bottom line?"

Lu Zhi was silent for a while, and did not speak for a long time.

After a while, he rubbed his swollen temples, said with a paralyzed face, "Go out first, I want to be alone."

Jian Jin looked at him in a bad mood, never felt better in her heart.

She understands this man's ideals and aspirations, and also understands that he is not for herself alone, but behind Tianchen and thousands of people in the illegal area.

Everyone has different positions, and there will inevitably be conflicts of interest.

There is no right or wrong in this kind of conflict of interest, it is just that the positions of each stand are different.

"I just don't want you to go the wrong way." After Jian Jin finished speaking, she took his cup to the water dispenser and put it back for him with a cup of warm water: "You have a bad stomach, drink less coffee."

Lu Zhi raised his eyes to look at her, his eyes softened a bit.

Jian Jin knew very well that the tenderness in his eyes had nothing to do with love, but just the warmth and gratitude between friends.

She said no more, turned around and left Lu Zhi's room gracefully.

After closing the door and going out.

Jian Jin leaned her back against the wall of the corridor and thought about it for a long time, and finally chose to make a phone call with Qiao Nian: "I want to tell you something."

Chapter 3132 Sister Nian: Okay, leave me a ticket

An antique quadrangle courtyard in Nanluo Ancient Lane has unique caves inside. Passing through the painted red pavilions and courtyards full of green plants, there is a private restaurant inside.

Today Ye Fanchuan took over this place.

They were the only ones eating at the table in the courtyard.

Master Jiang and Jiang Li are here.

Qiao Nian came and saw Jiang Yao was there. He looked much more mature in a suit and leather shoes. There were a few beautifully wrapped gift boxes at his feet. Judging from the outer packaging, it should be the "her friend" that Jiang Li mentioned to her before. A gift to the company.

"Niannian, are you here?" Jiang Weishang saw her and waved with a smile on his face: "Come and sit next to me."

"Um."

Qiao Nian walked over, pulled away the seat next to Old Man Jiang and sat down obediently.

Jiang Zongjin was sitting on the left of Mr. Jiang, Qiao Nian was sitting on the right, and Jiang Li was sitting next to Qiao Nian. There was only one empty seat left between Jiang Zongjin and Jiang Yao.

Ye Wangchuan was not picky, and walked to the vacant seat next to Jiang Zongjin consciously, pulled out the chair, and politely said to the middle-aged man: "Then I will sit next to Uncle."

"Sit down quickly." Jiang Zongjin was already satisfied with him, so he quickly asked him to sit down, and then called the waiter: "Hello, bring your menu."

...

Qiao Nian sat down.

Jiang Li was chattering excitedly in her ear like a sparrow: "I have a movie premiere next month, do you have time?"

"Huh? You don't want to make movies?" Qiao Nian tilted his head, remembering that he only entered the circle to play music.

Jiang Li scratched his head and said, "Did you forget? Didn't I introduce that director friend to you in country m before? At that time, he encountered some difficulties and just needed to make a movie to make a comeback. I played a cameo role in it."

"Well, anyway, the role is not too difficult, it can be regarded as a true character."

"I watched the finished film, and the effect was not bad. He told me that he could give me three VIP tickets for the premiere, do you want to go?"

When Qiao Nian heard about Next Month, he resolutely rejected his offer: "No, I should have already left next month."

"Can't you come back for a day or two in the middle?" Jiang Li really wanted her to see how he captivated all living beings in the movie.

He can't talk about his professional background.

But as far as people born in their circle are concerned, the environment they have come into contact with since childhood is too complicated, and everyone is an acting school.

Jiang Li, one of the more rebellious beings, entered the entertainment industry early.

But when it comes to acting, he may not be worse than actors with professional background.

After all, the actors are playing fake roles, and people in their circle often wear masks in their daily life.

Even Fu Ge and Qiao Chen can pretend to be gentlemen and ladies for more than ten years, and they are rarely seen through their true nature.

Jiang Li was born better than them.

grew up in Beijing again.

Acting in a movie is just a trivial matter for a serious young man like him.

So Jiang Li's performance in the movie amazed many professional film critics.

Qiao Nian squinted at him with black and white eyes, seeing his eyes shining, she almost looked at herself with starry eyes like a puppy.

She rubbed the center of her eyebrows: "Then leave me a ticket, I'll see it then."

"Okay!" Jiang Li excitedly told the child who had been recognized, and immediately said to her, "Don't worry, I will definitely ask him to reserve the best place for you."

"No need, just give me an inconspicuous corner." Qiao Nian doesn't like places with a lot of people, let alone places with a lot of spotlights and reporters.

Chapter 3133 I immediately guessed that it was related to Lu Zhi

Jiang Li just wanted to say "how can that be done", but he didn't have time to say it.

Qiao Nian's cell phone rang.

The girl took out her mobile phone from her pocket, glanced at the caller ID idly, her face became obviously serious, she pushed her chair away and got up and said, "I'm going to answer the call."

"Ah, good." Jiang Li responded.

Qiao Nian took the phone and walked out of the garden, probably looking for a secluded corner.

Jiang Li saw her walking in a hurry, turned back to his brother worriedly and said, "Whose call are you talking about? I think Nian Nian just reacted a bit strangely."

Jiang Yao knew that he was not welcome, so he didn't talk much at the table, until Jiang Li asked him by name, he leaned on the back of the chair with his broad shoulders, very stretched, looked at Jiang Li with black eyes and said: "The circle of friends around her is too It's complicated, it's probably a friend. Don't worry about her, she's more mature than you and me."

Jiang Li said, "Yes."

Jiang Yao looked at him as if he was not thinking about it all day long, rubbed his face and looked at him: "Do you have 3 VIP tickets?"

"Um?"

Jiang Li didn't realize it at first, but soon realized that Jiang Yao was asking him about the premiere ticket, so he nodded in surprise: "What's wrong?"

Jiang Yao said blankly, "Give me one."

"You?" Jiang Lihuo frowned like a ghost, and shrugged his shoulders: "Why do you want a ticket? Didn't you have no interest in the entertainment industry since childhood?"

Jiang Yao was under the influence of Tang Wanru since he was a child, and like Jiang Xianrou, he has a more contemptuous and contemptuous attitude towards the entertainment industry.

At the beginning when he wanted to enter the entertainment industry, Jiang Yao helped his parents to persuade him. Several times because he was disobedient, Jiang Yao became anxious and wanted to beat him up.

Jiang Li remembered it very clearly.

Jiang Yao doesn't like the entertainment industry, nor is he interested in movies, celebrities, and the like.

His mind is full of business and finance, and his personality in life is like his father, almost old-fashioned and boring.

"You don't want her to come back to your movie premiere." Jiang Yao said calmly, as if casually said: "There are so many reporters and media people at the scene, in case someone recognizes her, with her identity, you think she is popular Will be lower than you?"

"Well..."

"I happen to be fine, so I went over to have a look." Jiang Yao said with mixed feelings: "If someone pesters the interview, I can help block it."

"..." Jiang Li understood now.

Jiang Yao asked him for VIP tickets not because he wanted to watch the premiere, nor because he suddenly became interested in celebrities, but because it was not safe to miss someone.

"Since when did you care about Nian Nian so much?" Jiang Li asked him with interest in a low voice.

A trace of embarrassment flashed across Jiang Yao's face, but soon hid it under his increasingly mature face, and said with a paralyzed face, "At least we are not enemies."

Jiang Li heard his ambiguous answer, and understood that he and Qiao Nian still need a long time to get in touch, to make up for the original rift.

He didn't force it, just sat back in his seat, calmed down rarely: "Okay, I'll get the ticket and ask the agent to send you to the company."

"Yeah." Jiang Yao saw the gift box brought by his feet, and said to him again: "After you give this to her, I won't go to her alone. It's more convenient for you."

Jiang Li has no objection to this arrangement: "Okay."

**

the other side.

Qiao Nian walked to the corridor at the back of the garden, answered the phone: "Hello."

Jian Jin: "I want to tell you something."

Qiao Nian looked back at Mr. Jiang and the others in the garden yard, and hummed, "What's the matter? It's related to Lu Zhi?"

Chapter 3134 Just a beat

Jian Jin seemed to be in a bad mood, she was silent for a few seconds, and said: "QIAO, the journey of the three of us has not been easy, the boss is indeed very rough sometimes, I can't wait to slap him a few times myself. But you know he ...At the beginning, that incident caused him to be permanently disabled. It is not easy for him to not go to extremes for such a proud person. He is indeed a bit extreme in character, and he has become more and more deviant in recent years, but you believe He, like me, has never thought of hurting you, but sometimes everyone stands on the standpoint of an adult, and it is inevitable that there will be some conflicts and contradictions."

"What does Lu Zhi want to do?" Qiao Nian asked her calmly after listening quietly, as if she had guessed it.

Since Jian Jin made this call, she had already thought about it, so she took a deep breath: "He may want to attack Master Cheng."

The veins on Qiao Nian's forehead jumped up, he clenched the phone tightly, and laughed back angrily: "Huh?!"

"Shao Ye should tell you, right?" Jian Jin guessed that she would be angry, and said bitterly: "He has always wanted to lead Tianchen and the illegal area to become an existence beyond the hidden family, and it happened that the nine institutes researched the tsar, so he will Want to get the Tsar's blueprint."

"Originally, he wanted to steal confidential data without anyone noticing it, but it was a pity that he was discovered."

"So now there is only one way left before him, and the only way to achieve this goal is to control Master Cheng!"

Jian Jin tried to keep the story short: "I had an argument with him just now. Now I don't know if he listened to it, so I think...QIAO, if it's convenient for you, find a few more people to protect Master Cheng's safety, Lu Zhi...no It will hurt Master Cheng, but I don't even know what he will do."

She really thought that Boss Lu came all the way to Beijing just to reconcile with Qiao, but now it seems...she thought things too purely.

The world of adults is often more complicated than imagined.

Lu Zhi came to Beijing with the idea of meeting Qiao Nian, and even wanted to reconcile with Qiao Nian through Jiang Zongjin.

But...

He also said the same as QIAO.

Come to Beijing for another purpose.

"You'd better protect Master Cheng."

It is not easy for Jian Jin to achieve this step.

She belongs to Tianchen after all.

I am also one of Tianchen's major shareholders.

She was willing to tell Qiao Nian about Lu Zhi's plan, which was equivalent to betraying Tianchen and Lu Zhi.

It's just that Jian Jin didn't want to lose her friend, let alone Lu Zhi regret it, so she did it resolutely.

Qiao Nian understood her painstaking efforts, so she got even more headaches. She pulled her peaked cap to cover her eyes: "As long as Lu Zhi doesn't hurt Master Cheng, and doesn't get the tsar's ideas, I can pretend nothing happened."

"I can guarantee the first one, but the second...QIAO, you know his character, he can't figure it out on his own, and no one can persuade him." Jian Jin smiled wryly.

Joe couldn't read aloud: "Stubborn temper means that you will be beaten less, and a good beating will be fine."

Jian Jin: "..."

She was quite sad at first, but she almost laughed out loud all of a sudden.

Don't say it, QIAO summed it up pretty well!

The boss has a sticky temper, and sometimes he is really unreasonable, and she also wants to beat him to vent his anger.

But after hearing Qiao Nian's answer, she also understood what the other person meant, and she relaxed a lot, and there was a smile on her lips: "Then you hit it softly, and save his life."

"Okay." Qiao Nian's tone was tinged with a smile.

Jian Jin immediately said: "I will keep an eye on him at all times, and I will send you a message if there is any movement."

Chapter 3135 Lu Zhizhen ran away and moved to become a master?

"good."

Qiao Nian pulled down his peaked cap, turned around, and saw the waiter starting to serve food one after another, so he said to the person on the phone, "I'm going to eat."

Jian Jin is straightforward: "Go, go."

Qiao Nian hung up the phone and walked back.

She returned to her seat, lowered her eyes and sent a message to the slender waist controller in Ye's house under the table, and then put the phone back.

**

It took nearly three hours for a meal.

Mainly a table of men chatting.

Jiang Li is a chatterbox, and there will be no shortage of topics when he is around.

Jiang Yao was particularly able to sit still today, and sat with him the whole time, without any mention of leaving.

Both Mr. Jiang and Jiang Zongjin wanted to stay with Qiao Nian for a while, so they brought up the topic of her from time to time, and occasionally asked about her life.

Joe didn't read much, but whenever Mr. Jiang and the others asked, she always answered very patiently.

Even though those questions were extremely boring, she didn't show any impatience.

It was four o'clock in the afternoon.

Mr. Jiang is getting old after all, he didn't take a nap today, he couldn't bear it for the first time, his face showed a tired look, and he had less and less time to talk.

Jiang Zongjin noticed the obvious tiredness on the old father's face, and interrupted Jiang Li, who was still chatting, and said, "We're almost back."

Ye Wangchuan is the one who is rarely seen in good spirits among the few people. After chatting with me for four hours from noon to now, he still looks as handsome and outstanding as when he came here. He immediately got up and helped Mr. Jiang: "Uncle, I'll take you back."

"Don't be so troublesome." Jiang Zongjin was very satisfied with him, and Wen Tun said: "Jiang left the car and came over, and we will go back in his car."

Mr. Jiang also had the same attitude. He patted the back of his hand and said softly, "I'll tell you when I arrive, you and Niannian should go back to rest early."

Qiao Nian's cell phone rang.

A new message came in.

She was opening WeChat, and saw that it was from Jian Jin, she frowned, pursed her lips, and opened the WeChat message.

—[Boss throws off I don't know where to go!]

Qiao Nian's eyes sank, and he immediately thought of someone.

Become a master!

Will Lu Zhi go to find Master Cheng?

She felt a strong uneasiness in her heart, feeling that there was a great possibility that Lu Zhi would leave Jian Jin to find Master Cheng, so she immediately stood up and took her own things.

Jiang Li just stood in front of her with a big bag and said to her, "Nian Nian, these gifts were sent to the company by your friends, why don't you take them back?"

Qiao Nian was suddenly interrupted by him, as if someone was ringing a bell in her mind, the buzzing sound made her have a splitting headache, she pinched her forehead with her hand, expressionless: "No more."

"Huh?" Jiang Li was stunned: "No more? Then where do you put so many things?"

These gifts seem to be quite expensive, and throwing them in the trash can is a bit too wasteful.

Ye Wangchuan settled down at this time, Mr. Jiang and the others walked over, seeing Jiang Li holding a lot of presents in front of the girls, Qiao Nian's face looked very bad, he didn't know what happened.

He came over and asked Jiang Li.

Jiang Li told him about the gift.

Ye Wangchuan looked at those elderly supplements and said, "Put them in my car first."

Jiang Li also saw that Qiao Nian seemed to have encountered something, took the car keys from Ye Wangchuan, and walked away carrying his big and small bags to put things away.

Ye Wangchuan waited for him to walk away, then stared at the girl: "What's wrong?"

Chapter 3136 Sister Nian found Lu Zhi here

"It's nothing." Qiao Nian was very irritable, her brows were furrowed, mainly because she was still not sure where Lu Zhi had gone.

Ye Wangchuan leaned over and stroked her forehead, testing the temperature of her forehead.

Seeing that her body temperature is normal and she has no fever, but her complexion is extremely bad, she lowered her eyes and said in a warm voice, "Are you really okay?"

"..." The coolness of his fingertips covered his forehead, but it was like sparks starting a prairie fire, burning Qiao Nian's chest even hotter.

Qiao Nian avoided his hand: "It's okay."

Ye Wangchuan put down his hands, narrowed his deep eyes, always felt that there was something in her heart that he didn't tell him.

Qiao Nian didn't wait for him to ask, and said first: "By the way, I'm going out alone, you can go back later by yourself."

Ye Wangchuan's shirt at the neckline is neat and straight, and the buttons are sandalwood grain, elegant and elegant. Hearing this, he raised his eyebrows slightly: "Do you want me to see you?"

Qiao Nian is now preoccupied with Lu Zhi's affairs, so she shook her head absent-mindedly: "No, I'll take a taxi myself."

Ye Wangchuan looked at her deeply again: "Alright then."

"Um."

Qiao Nian left as soon as he said he would. After agreeing with him, he went to say hello to Mr. Jiang and the others.

Although Mr. Jiang and Jiang Zongjin were surprised that she didn't go with Ye Wangchuan, they heard Qiao Nian say that they had something to do alone.

They didn't ask any more questions, they just looked in Ye Wangchuan's direction, turned their heads and told the girl to pay attention to safety, and then watched the girl leave.

Jiang Li put the gift box on the other side and came back to change the car keys, seeing that Qiao Nian was no longer here.

As he handed the car keys to the man, he looked around and asked, "Where did Niannian go? Why didn't I see her?"

Ye Wangchuan took the car keys from him, and with the other hand he was on the phone with his mobile phone, but Bao Jingxing didn't answer it yet.

He took time out of his busy schedule to answer Jiang Li: "I said I left earlier."

Not to mention Mr. Jiang and the others, Jiang Li was very surprised: "She isn't with you?"

Ye Wangchuan didn't reply to him.

Just at this time, the person on the other end of the phone answered the call.

Ye Wangchuan spoke concisely, and said softly: "Where is Master Cheng?"

**

Half an hour later.

A taxi was parked outside No. 38 Binjiang Road, and a girl wearing a peaked cap and sweater paid and got out of the car.

She got out of the car and walked straight towards a coffee shop on the side of the road.

Because she has a strong aura around her, she looks extremely eye-catching.

Many people noticed her.

Qiao Nian didn't care.

She went straight to a table, took off her peaked cap and threw it on the table, dragged a chair and sat down, sitting in a bold posture, her pupils were dark, and her face was sullen: "Tell me, where is Master Cheng?"

Sitting opposite her was a young man with disabled legs. The man was wearing a white shirt, which was ironed and smooth. His skin was extremely white. It was the kind of white that hadn't seen the sun all year round, and his eyebrows and eyes were exquisite and picturesque. He looked extremely fragile and extremely sick. Delicate gentle temperament.

"Do you ask this as soon as you see me?" Lu Zhi was not angry, and asked her back with a smile.

"..." Qiao Nian took a deep breath, her brows were furrowed, forming a deep crease at the peak of her eyebrows.

She stretched out her hand and pinched the bridge of her nose again, suppressed the irritability that rushed to her head, and said to him as patiently as possible: "If you want to do other things, I don't care about you. But you want to become a master or send your ideas to him for research." If you go up the project, I may turn against you."

At the beginning, Lu Zhi's lips still had a slight curve, but when he heard the girl warn him in an extremely serious tone, his smile finally froze on his lips.

Chapter 3137 Mr. Lu has the ability to **** people off

Lu Zhi moved his eyes away, without any smile on his face, and asked indifferently: "For Ye Wangchuan, you want to break with me?"

"It has nothing to do with him." Qiao Nian frowned.

Lu Zhi's eyes were cold and stubborn: "Who does that have anything to do with it. Don't you help him everywhere because the Jiu Institute belongs to him?"

Qiao Nian looked at the way he was asking himself, wishing to pry open his head to see what was inside, his eyelids twitched twice, and he still insisted: "I said, it has nothing to do with him!"

Lu Zhi stared at her without saying a word, the expression on his face obviously did not believe her words.

Qiao Nian had already tried her best to suppress the anger burning in her chest, seeing that he was not cooperating with her, she put her hand on the table, knocked on the table, and said in a low tone, "Lu Zhi, I have known you for so many years, I don't want to turn against you. But Master Cheng is an exception, if you touch him, I will definitely investigate to the end! Do you understand what I mean?"

"Is he that important?"

After a long time, the man in the wheelchair said quietly.

Qiao Nian looked up at him.

Lu Zhi didn't have a trace of disguise on his face, as if he was exposing his real self in front of her, and didn't want to wear any mask.

"Or let me put it another way."

Lu Zhi took a sip of coffee, his slender hands were well-articulated, his fingertips were white, and his movements were so elegant and charming: "Is the Nine Institutes so important to you? Is country Z so important to you? These people are more important than the three of us." A life-and-death relationship is more important?"

He put down the coffee cup heavily, and asked the girl questioningly: "You can turn against me for them, so what do we people mean to you?"

"...you are talking about two different things." Qiao Nian understood, put his hand on his forehead, and explained to him patiently: "You are different from Master Cheng, Jiusuo, and Country Z. There is no need to compare them together."

Lu Zhi narrowed his eyes slightly: "Really?"

Qiao Nian frowned again.

He held the spoon in his hand and gently stirred the sugar cube in the coffee, then suddenly raised his head, as if there was a vast starry sky in his pupils that could **** people in: "I'm different from you."

"I often compare these together."

Lu Zhi hasn't finished speaking yet.

The screen of his phone on the table lights up.

It shows that Jian Jin is calling in.

He didn't reach out to take it.

Qiao Nian reminded him: "You don't answer?"

"I know what she is looking for me for, and what can I answer." Lu Zhi picked up the phone and hung up, then put the phone back where it was.

Jian Jin continued to call him persistently.

Lu Zhi didn't reach out this time and hung up.

He looked at the number that lit up on the screen of the phone, and then at the girl who had found this place, he twitched the corner of his mouth as if mocking himself, and didn't need Qiao Nian to continue asking him.

He said to himself: "I asked Master Cheng to come out and meet."

Qiao Nian vaguely guessed something, and looked at him with interest.

Lu Zhi called the clerk to order a glass of lemonade for her. When the drink came, he inserted the straw in and pushed the glass in front of the girl: "Drink it."

Qiao Nian sat up straight, holding the glass with her hand, her fingertips touched the cool temperature, and she felt an indescribable feeling in her heart.

Lu Zhi saw that she wasn't too resistant to him, so he said calmly: "I asked him out to discuss cooperation, offered him the highest conditions that Tianchen could offer, and asked him if he would like to come to the illegal area to cooperate with me... "

He gave Tianchen the second in command position.

There are also a series of conditions for money and power, almost allowing Master Cheng to make demands at will.

Chapter 3138 So we have to cooperate

Qiao Nian's eyes narrowed slightly: "What did he say?"

"Rejected." Lu Zhi glanced at her: "Didn't you also guess the result?"

Qiao Nian didn't make a sound.

She did guess the result.

Lu Zhi let go of his hands, put his arms on the back of the chair, and leaned back: "To be honest, I don't understand you Z people."

"Obviously the conditions I gave him were things that the Nine Institutes could not give him, even Ye Wangchuan couldn't give them, but he refused without hesitation."

"I am a businessman, and businessmen pay attention to buying and selling without being righteous."

"Since we didn't negotiate a cooperation, he left after we finished talking."

Lu Zhi raised his head and looked deep into the girl: "Do you believe me?"

He felt in his bones that Qiao Nian would not believe him.

Because no matter how you look at it, he came to Beijing this time for the tsar behind Master Cheng, and for this he even bought an inner ghost...

Because of emotion and reason, he said that he did not force him to become a master, and there is a high probability that no one will believe it.

Including Jian Jin kept calling him, maybe he felt that Master Cheng was in his hands.

Since Qiao Nian has found him, there is no reason to believe him.

The corners of Lu Zhi's lips have been hooked up, that mocking, indifferent arc, seems to be ready to bear the suspicion of others.

He kept looking at the girl, wanting to see the surprise, doubt and finally angry reaction from the girl's face.

But no...

Qiao Nianding stared at him for a few seconds, then suddenly raised his hand and pinched his brow bone, his voice was hoarse: "Master Cheng is gone."

Lu Zhi was still waiting for her to question himself: "I've known it since you came looking for me."

Didn't she just want to ask herself where she hid Master Cheng?

Qiao Nian nodded, and said blankly: "Who else do you think is most likely to touch him besides you?"

Lu Zhi's first reaction was to come, and she really doubted herself.

But soon his mind turned around, tasting the trust in the girl's words: "What do you mean?"

"Since you didn't do it, and Beijing is such a big place, it's impossible for a good-looking person to disappear for no reason, so someone must have kidnapped him."

Qiao Nian wanted to pull up the peaked cap, but then remembered that he had taken off the cap and threw it on the table, so he simply pulled up the cap of the sweater.

"You are well aware of the power of the Tsar. If the Tsar falls into the hands of a third party, the consequences will be too serious."

It is impossible for Master Cheng to explain the drawings and data of the Tsar, but she cannot hope to keep the Tsar on the basis of sacrificing Master Cheng.

She must protect both people and this confidential project!

Qiao Nian looked at the person sitting across from him, and said in a soft tone, "So we need to cooperate."

Lu Zhi's previous mood was extremely gloomy, so gloomy that he even hated the whole world, hated all this to the point of wanting to laugh.

But at this second, facing the girl's 100% trusting eyes, he suddenly felt an indescribable feeling in his chest.

"You...believe me?" Lu Zhi forgot about Master Cheng and Tsar, and now he is eager to know the answer.

Qiao Nian didn't expect him to care about this, he was stunned for a moment, folded his hands on his chest, raised his eyebrows and asked him: "Didn't you say that you only talked with Master Cheng and didn't keep him?"

Lu moved his lips, but made no sound.

He did say so.

So what?

He just said it, but didn't produce substantive evidence.

"Since you said it, I will believe it." Qiao Nian raised his legs and looked wildly.

Lu Zhi seemed agitated, and looked at her again.

...

The two of them sat together, not to mention the wheelchair under Lu Zhi, the combination of their looks was really pleasing to the eye.

Chapter 3139 So who is behind the trouble

Many little girls on the side of the road took out their mobile phones to take photos secretly, and at the same time lowered their voices to share the scenery they secretly took with their friends.

"I wipe, so handsome."

"This man is quite handsome, but it's a pity."

"No, no, don't you think girls are more handsome? Wow, I'm so happy, I really want to tell her that I can do it."

Several little girls at the next table took sneak peeks in Qiao Nian's direction.

Qiao Nian does have a kind of coolness that is different from ordinary girls. The key point is that she hasn't worn a peaked cap. The neckline of the sweater reveals a white and smooth neck line. The side face is three-dimensional and exquisite. She is not a handsome girl in the traditional sense, but she always Raising his hand, frowning, including the expression when talking to Lu Zhi, there is a kind of natural attraction, the aura is too sharklike.

...

Lu Zhi's attention was drawn back by the chirping of the girl next door, so he didn't speak, so he simply picked up the phone.

"Hello."

"Boss, where are you? Did you go to find Master Cheng? Didn't we agree before that you don't want to touch Master Cheng? You and QIAO..." Jian Jin was anxious and irritable.

Listening to her words, Lu Zhi interrupted lightly: "Help me check the surveillance at the intersection near No. 38 Haibin Road."

"?"

"Master Cheng is gone."

"It wasn't you...?" Jian Jin just wanted to say, 'Isn't it because you hid the person'?

Lu Zhi said indifferently: "I don't want to take the blame for others."

He didn't wait for Jian Jin to ask in detail, and just said: "Since that person has plotted against me, I'm not good enough to let him go as he wants."

Except for Ye Wangchuan's plan to let He Wang steal the fake data, this is the second time Lu Zhi has been tricked by someone.

For the first time, he took the initiative to provoke him, but he was just more skillful and sharper than he imagined.

This time is different.

This time, this person simply didn't take himself seriously, and played a trick on his own to push him out as a blamer.

Lu Zhi always counts pennies and pennies, and just now he just quarreled with Qiao Nian, deliberately provoking her with words.

It doesn't mean that he is willing to block guns for others.

"She's here too." Lu Zhi knew that Jian Jin might not believe that she hadn't become a master so soon, and mentioned Qiao Nian again: "I've already told her."

"You mean Joe?" Jian Jin was only a little surprised, and immediately remembered that Qiao Nian was firmly in the top spot in the hacker world, and it would not be difficult to check Lu Zhi's position.

Although she couldn't figure out what's tricky in it for the time being, she was still very capable: "I see."

Lu Zhi hung up the phone.

In front of the girl, he said: "I didn't come to Beijing this time to fight unprepared. Except for the chess piece He Wang, I installed the positioning in Master Cheng's mobile phone."

He planned to take Master Cheng back to the illegal area in a simple and rough manner from the beginning, and then slowly followed Master Cheng until the other party let go.

But he has changed his mind now.

He wants to see who is presumptuous on top of him!

He turned on the location tracking software installed on the phone, put the phone on the table, and pushed it to the girl: "Take a look."

Qiao Nian took the phone from him and looked down.

Sure enough, there was a flashing red dot on the map.

It should be the location of Master Cheng's mobile phone as Lu Zhi said.

She checked visually, and the address on the location is not far from here. It is said that if Master Cheng was kidnapped, he should not be nearby.

But she asked the Nine Institutes, and it was true that Bao Jingxing could not contact Master Cheng.

Chapter 3140 If you are worried about me, follow me back to the illegal area

Qiao Nian returned the phone to him: "Let's find someone first."

Lu Zhi took his mobile phone and asked her tacitly: "Do you want me to ask the driver to come over?"

"It's too troublesome." Qiao Nian picked up the peaked cap on the table and put it on his head, lowered the brim of the hat, revealing his snow-white jawline, and said to him, "Every second Master Cheng is in their hands is more dangerous. There is no time to wait." Go down, I'll go first!"

Lu Zhi quietly touched his weak legs under the table, knowing that he would only waste time if he insisted on following.

He was used to being a drag, so he took his hand away and raised his eyebrows calmly: "Then you go first, and I will look for you when the driver comes over."

"OK."

The girl went to buy the bill, turned back and passed by his table, and saw that he was calling the driver, her plain fingers tapped the table, making a crisp sound.

Lu Zhi raised his head when he heard the voice, and looked at her puzzled: "Is there anything else?"

Qiao Nian was a little uncomfortable and said, "Can you do it here by yourself?"

Lu Zhi choked for breath, paused for a second, followed her gaze to look around, peeking at them from time to time, and understood what Qiao Nian was worried about.

He twitched the corners of his mouth, and it was rare to return to the way we used to get along. He leaned on the back of the wheelchair and said with a smile, "If you are worried about me, why don't you come back to the illegal area? Don't stay in Beijing."

Jian Jin said before that his brain is not working well, and she was right.

The veins on Qiao Nian's forehead twitched, he withdrew his hand, and complained expressionlessly: "I think you are living well, so I don't need to worry."

There was a trace of unspeakable affection in Lu Zhi's eyes, and he hadn't had time to say it.

The girl had already suppressed the worry in her eyes, took her things and patted him lightly on the shoulder, saying hello: "Let's go."

Lu Zhi only felt the shirt on the left shoulder sag slightly, and with a light touch, the fleeting touch left him.

He wanted to turn back.

But it is not so convenient for him to move around in a wheelchair, so he can only watch the girl's back drifting away from the corner of his eye...

Lu Zhi kept watching until the girl disappeared on the street, then he looked back and listened to the driver's shouts on the headset.

"Mr. Lu? Are you still there, Mr. Lu?"

He returned to his usual gentleness and coldness: "Come and pick me up right away."

The driver finally heard his voice after calling for a long time, and dared not neglect: "Yes, I'll be right over."

Lu Zhi raised his hand to cut off the voice in the headset, picked up his mobile phone with his slender white hand, and found out the contact phone of Tianchen's power buried in Beijing, and ordered.

"Go and help Jane adjust the monitoring."

Jian Jin doesn't come to Beijing often, and is not in charge of the business in country Z. She is not familiar with the place here, and it is not so easy to call out the intersection monitoring.

Lu Zhi took this into consideration and did not hesitate to use Tianchen's hidden power in the capital, and the consequences of doing so were obvious.

Ye Wangchuan has never been a simple character.

The nails he had painstakingly buried in the Ninth Institute were quickly pulled out, and the remaining undiscovered hands were simply because they had never been used. Once there was any movement, Ye Fanchuan would be able to detect these people immediately.

Then his arrangements for the past few years will be useless.

Lu Zhi didn't intend to use these people at first, but this time the person behind the scenes managed to annoy him. If he let it go, how can he convince the public in the future?

**

At the same time that Lu Zhi asked someone to adjust the surveillance at the intersection, Qin Si had already found a relationship to get the surveillance video of the four intersections near Haibin Road from Bo Zheng.
