

Madam's 3141

Chapter 3141 Master Wang always predicts it first

Gu San is responsible for playing these videos one by one.

He called up the file and started to play it junction by junction.

"Double speed."

Ye Fanchuan was sitting on the sofa, shaking the wine glass in his hand, half-closed his eyes, looking casual and relaxed, but his tone was deep.

Qin Si, Bo Jingxing and several important figures from the Nine Institutes are here.

They were afraid that they would miss important details in the blink of an eye when watching at normal multiples. Seeing that Ye Wangchuan wanted to play it at 2x speed, they watched it one after another.

Qin Si hesitated and said, "Would a multiple of 2 be too fast? If you miss a suspicious vehicle, it will be useless."

While talking, Gu San had finished playing the surveillance video of the first intersection for the last two hours.

Ye Wangchuan didn't see the figure of Master Cheng, so he asked him to put down another one.

Gu opened the second file at three o'clock, and the playback speed was still adjusted to a multiple of 2. The cars coming and going on the projection screen dazzled people watching.

Except for Ye Wangchuan, no one else saw the trick.

Seeing that he ignored him, Qin Si turned his head and continued to stare at the intersection surveillance, his eyes sparkling, lest he miss the details.

Finally, when Gu San showed the surveillance video at the last intersection, at 7 minutes and 36 seconds, Ye Wangchuan suddenly stopped.

"Play this again."

Gu San immediately operated the mouse and pressed the tentative button, then pulled the progress bar back for more than a minute, and clicked play again...

"Slow motion, zoom in." Ye Wangchuan continued to order.

Gu San adjusted to slow motion at the place he said, and then zoomed in on the video.

Now everyone can see that in the zoomed-in blurred video, a red Volkswagen is slowly driving past. Looking in through the opened window of the co-pilot, Master Cheng in the back row flashes past...

"Word grass! Become a master!" Qin Si was very excited.

Bo Jingxing also looked over in admiration: "How did you find out? I haven't seen anything after looking for a long time."

Ye Wangchuan didn't explain that much, and asked Gu San to adjust and enlarge the lens again, and then freeze it on the screen.

From the flashing shot, we can see that Master Cheng is sitting in the back row, with people sitting on the left and right, and seems to be under control.

Because of the low resolution of road monitoring, they couldn't see clearly whether Master Cheng was voluntary.

However, judging from where Master Cheng was sitting and the people sitting next to him, it is very likely that he was forced to take him into the car.

"It's true that someone dared to break ground on Taisui." Qin Si obviously thought that Master Cheng had been kidnapped, and said with a stern smile.

Bo Jingxing was not surprised, he stared sideways at the picture above the video: "It seems that the Czar has attracted a lot of people this time."

Ye Wangchuan changed his posture and sat down, put down the glass in his hand, and corrected him leisurely: "I don't think this time has anything to do with the Tsar."

Has nothing to do with the Tsar?

Bo Jingxing stared at his face in surprise.

Ye Wangchuan was extremely calm and calm, as if everything was under control: "The other party is just trying to become a master."

Jiu all the veterans interjected incomprehension: "But Master Cheng usually stays in the laboratory and doesn't know anyone, so he can't talk about offending anyone."

Ye Wangchuan's eyes were meaningful: "It's not that he offended anyone."

The others looked at each other.

Both saw doubts in each other's eyes.

Since it wasn't Master Cheng who offended someone, why did Master Wang say that this person went against Master Cheng?

Even Qin Si was stunned by him: "You mean... this has something to do with you or sister Qiao?"

Chapter 3142 Immediately exchange messages with sister Nian

Ye Wangchuan didn't answer, took his mobile phone, got up and went back to the study to make a call.

Seeing him entering the study, Bao Jingxing guessed that he might be contacting Qiao Nian, so he turned his head and said to his subordinates with a gloomy face, "Anyway, let's check the information of this car first."

**

Qiao Nian arrived at Lu Zhi's location within ten minutes, and soon found Master Cheng's cell phone in a nearby trash can.

The phone has been compromised.

The screen is completely broken, and I can't turn it on.

However, the location tracking system implanted in Lu Zhi's intrusion into Master Cheng's mobile phone should be the most high-end system currently on the market.

As long as the mobile phone is not completely scrapped, as long as there is a calling card in it, the location of the mobile phone can be tracked.

Qiao Nian just picked up the black phone from the trash can and tried to turn it on and off, when Ye Wangchuan's call came.

She got dirty on her hands, so she didn't want to touch anything else. It happened that there were not many people on this road.

Qiao Nian simply pressed the answer button and turned on the loudspeaker.

"Where is it?" The man's voice was low.

Qiao Nian looked up at the traffic on the road, and looked away calmly: "The intersection."

Ye Wangchuan deserves to be the person who knows her best: "You just walked away suddenly, were you looking for Master Cheng? Did you go to see Lu Zhi?"

Qiao Nian frowned slightly, and said in a low voice, "This matter has nothing to do with him."

She was not defending Lu Zhi.

Lu Zhi is very proud in his bones. Since he says he hasn't done it, he hasn't done it.

"Tsk, help him speak?" Ye Fanchuan's voice was hoarse, and he smiled slightly, not sounding angry, but the next second he called her cynically: "God Qiao is not afraid that I will be jealous?"

Qiao Nian raised her fingers and squeezed them unconsciously. Even though he wasn't around, she had the feeling that he was leaning against her ear and talking: "It has nothing to do with this. I'm just talking about the facts without personal emotions!"

"Okay, I'm not joking with you." Seeing that he was about to go too far, Ye Wangchuan knew how to accept it as soon as he saw it, and said with a smile: "I checked the surveillance cameras at nearby intersections, and found that a car took Master Cheng away. "

"What's the license plate number?" Qiao Nian focused, his expression became serious.

...

There was a knock on the door from the study.

Ye Wangchuan said lazily: "Come in."

Bo Jingxing pushed the door open and walked in. Seeing him talking on the window with his mobile phone, he lowered his voice and told him the vehicle information.

Ye Wangchuan knew that even if he didn't say anything, he and Gu San would still find someone to check the car, so he just picked up the question Qiao Nian had just asked, and gave her a bunch of license plate numbers. Then he said: "Bo Jingxing has checked, this car is a fake car with a fake license plate number."

The use of vehicle decks is illegal.

However, many people will get this kind of fake license plate through online channels and use it in some illegal operations. This is also a headache for the traffic police.

The other party's use of a licensed car was also within the scope of his consideration before, and he was not in a hurry, and said to the girl in a low and gentle voice: "I called to tell you, I am also investigating this matter here, and I will contact you if I have news. You said. Don't be impulsive when you are alone outside, discuss with me about anything..."

People who have never been in love are so clingy when they are in love?

Bo Jingxing touched the goose bumps on his neck and shivered. He looked at him with a very complicated expression, and felt that standing here was superfluous...

But Ye Wangchuan was still on the phone, and didn't intend to talk to him.

Chapter 3143 Zhou Hengfeng was found

Bo Jingxing couldn't go out directly, so he had to stand in place and silently endured the violent attack of the man who had a girlfriend.

Fortunately, Ye Wangchuan didn't call for long.

A few minutes later.

He hung up the phone and looked back: "Have you checked the information about this deck on the Internet?"

"I've checked." Seeing that he finally stopped calling, Bao Jingxing said very quickly, "I found a seller on the Internet, and the seller was very cooperative and said to give me the purchase list. But something went wrong in the process...the list is gone."

"?"

Bo Jingxing continued: "The seller said... when she opened the background record, her computer was infected with a Trojan virus for some reason, and all those sales records disappeared. Do you think it was a coincidence?"

It is indeed a coincidence.

Ye Wangchuan raised his eyebrows, motioning for him to continue talking.

Bo Jingxing went on to say: "Then I asked people to check the Trojan horse virus, and found that the virus in the backstage of the store was not a normal Trojan horse virus, but a once-famous implanted Trojan horse panda burning incense in China. Coincidentally—the person who developed this virus is none other than Zhou Hengfeng, who was once known as the ceiling of hackers in China!"

"I remember that Zhou Hengfeng had a feud with Ms. Qiao."

"The Zhou family was half a foot into the upper class at the beginning, but unfortunately Zhou Wei didn't live up to it and became a lot of monsters, which seriously damaged the vitality of the Zhou family. Now there is no place for them to stand in Beijing."

Zhou Wei was selected into the Ninth Institute at a young age. She was supposed to be someone like Yu Wenhao, who was favored by the heads of several major laboratories of the Ninth Institute, and would be able to pursue further studies in the future.

Nine Institutes are not considered profit-making institutions.

But the person behind it is Wang Ye.

With this relationship, the Zhou family can rise to the top and enter a higher circle.

But Zhou Wei is too greedy, she actually wants to get involved with Master Wang, and also wants to drive away Miss Qiao who is beside Master Wang by framing her, almost causing irreparable losses to Jiusuo.

The Zhou family was also implicated because of her behavior.

"You said that Zhou Hengfeng wouldn't blame Ms. Qiao for the decline of the Zhou family? Then kidnap him and become a master... No, it doesn't make sense." Bo Jingxing himself couldn't figure out what these people wanted to do.

Ye Wangchuan walked back disapprovingly: "Continue to check and you will find out!"

Pull out the radish to bring out the root.

Unplug layer by layer, and the person behind it will always be found out.

**

Zhou's family.

At this moment, Zhou Hengfeng was sweating thinly from the palms of his hands, and the sticky sweat sticking to his skin made him very uncomfortable, but none of these could compare to the tension in his heart.

He seems to be calling someone, and his tone is very impatient: "They seem to have found me here, and the detection on my computer is reminding me that the seller has clicked on the background."

"So what if she opened the backstage, what does that mean?"

The voice of a man with a voice changer was speaking to him, but the other party used a voice changer, so Zhou Hengfeng couldn't be sure of the gender.

"It just means that the store owner has logged into her background, and she just went to check the return and exchange information, which happened to trigger the virus you set."

Zhou Hengfeng didn't believe such a coincidence: "What if they find me..."

The other party said impatiently: "As long as the Trojan horse you set up can hack her background, we are safe!"

Zhou Hengfeng was also very helpless, so he had to say: "I have done what you said, and I hope you will not forget what you promised me."

He was not reconciled to the Zhou family being dragged down by Zhou Wei, so he had no choice but to take the risk and offend the two Buddhas.

Hope I bet right this time!

Chapter 3144 He is really scared Ye Wangchuan

When Zhou Hengfeng thought of those two people, his heart trembled: "I have taken such a big risk to do things for you this time, if you play me afterwards, I will never let you go. Even if you fight to the death, I will not let you go." I will report you!"

Ye Wangchuan will not talk about it.

Who in Beijing would dare to offend this master.

As for Qiao Nian...

Qiao Nian seemed to be silent, he had already tasted the consequences of offending her.

"You promised me that you will support the Zhou family afterwards..." His voice tightened, smoke was coming out of his throat, and he didn't know whether it was nervousness or fear.

The other party was very impatient: "You have emphasized it twice! It's okay, I understand. Don't worry, I won't treat you badly!"

Zhou Hengfeng's heart sank in his throat, and he glanced at the computer screen again, hesitantly said: "I'm still worried that they will find me..."

He was really terrified of Ye Wangchuan.

It's a pity that no one felt the same way as him. His frightened words were only exchanged for a cold word from the person on the other end of the phone: "Since you want the Zhou family to stand up again in Beijing, you must take risks. If you don't even have the guts to Stop dreaming!"

Zhou Hengfeng was blocked by his sentence for a long time and couldn't answer.

The other party didn't bother to bother with him, so he hung up the phone quickly.

Before hanging up the phone, I didn't forget to warn him again: "It's up to this time whether the Zhou family can stand up, and you should be strict with your own mouth. Talk less and do less, just stay at home and wait for the good news!"

**

After calling Ye Wangchuan, Qiao Nian took Master Cheng's cell phone that he dug out from the trash can and contacted Xiao Yaokong.

Slim-waisted control every day, except for teaching Chenchen, usually stays in the Ye family's old house and wants to be free.

So Qiao Nian made a phone call, and he hurried over in the sports car Ye Lan gave him, wishing he could reach 120 yards the whole way.

"Boss!"

Slender waist control is still dyed with exaggerated bird feathers, a T-shirt is paired with ripped jeans, and most of the knees are exposed.

It looks like the kind of ignorant little gangster on the street, not serious at all.

Qiao Nian casually threw the phone at him, glanced at him and said, "Try to see if you can still fix it."

The slender waist control only saw a black parabolic painting flying towards him. Fortunately, he caught it quickly with his eyesight and hands, and looked down.

A broken mobile phone that is about to crumble into pieces.

The corner of his mouth twitched, he raised his head, and looked at Qiao Nian with indescribable eyes: "Ahem, Hongmeng is so poor recently?"

Qiao Nian happened to be walking towards him, and when he heard this, he kicked him: "Be serious~"

"oh."

Slender waist control is a guy who remembers eating but not hitting. He enjoyed being kicked by the big guy very much, and then sat cross-legged on the side of the road and fiddled with the mobile phone in his hand.

Qiao Nian walked to his car, opened the door, looked around in his sports car, and found that there was nothing inside, so he turned around and rubbed the space between his eyebrows: "Is there no water in your car?"

Slender waist control is assembling the parts in his hand, without raising his head: "I don't drink, I definitely don't."

Qiao Nian had no choice but to close the car door again, and scanned the shops around the road. It seemed that there were no convenience stores, so he had to give up.

Slender waist control is a technical control.

Usually, the air conditioner in the Hongmeng headquarters is broken, and the circuit is short-circuited and other chores are basically entrusted to him.

So he was the first person Qiao Nian thought of for small tasks like repairing mobile phones.

Sure enough, as he fiddled with it for a while, Master Cheng's cell phone with all its parts fell out gradually took shape, and it didn't look so bad anymore.

Chapter 3145 Sister Nian followed the vine and found the hidden family

Qiao Nian stood beside him: "Can it be fixed?"

With a slender waist and white forehead, there was a layer of fluffy sweat, and the corners of his mouth were pulled up, with an arrogant expression, and the work in his hand never stopped: "It's not that I'm bragging, if I can't do it well, there is no second place in Beijing." Two people can fix this phone."

Another few minutes passed.

He inserted the phone card and pressed the power button.

A miracle happened.

Master Cheng's cell phone lit up. Although the screen was so broken that he couldn't see it, it was turned on, at least it didn't affect the information on it.

"Okay." With a smile on his lips, the thin waist controller got up awkwardly, and handed the phone to the girl like a treasure: "Boss, take a look."

Qiao Nian took it over, and directly opened the column of Master Cheng's call records.

Perhaps the other party never thought that the phone could be repaired after it fell like this, and they didn't delete the call records on it.

Qiao Nian easily found a familiar number on it.

Remarks written by Shen Jingyan.

Master Cheng is a rigorous person.

Every name in his cell phone address book is clearly marked, there is no such abbreviated or anonymous number.

Shen Jingyan was the last call Master Cheng received before he disappeared.

That is to say.

Master Cheng probably received a call from Shen Jingyan after meeting Lu Zhi, and then he didn't know what happened in the middle, and finally Master Cheng was taken away.

"Shen Jingyan?" At this time, the slender waist control also leaned over to look, saw the phone number on the top, pointed and said: "This person is not..."

Qiao Nian returned the phone to him blankly, turned around to leave: "Let's go, accompany me to check something!"

"Boss, wait for me!"

Slender waist control quickly catch up.

**

What Joe wants to check is very simple.

What she wants to investigate is the same thing as Ye Fanchuan.

The car captured in the intersection monitoring!

She found the information of the car that Bo Zheng checked. Although the car used a fake license plate number, Bo Zheng has criminal investigation techniques to track the vehicle information.

They started tracking intersection by intersection when the vehicle appeared on the surveillance road, and quickly locked the real license plate number of the vehicle.

Beijing A's license plate number.

The license plate number is very ordinary, as inconspicuous as the car itself.

There are at least tens of thousands of red Volkswagens like this in Beijing.

However, what Qiao Nian wanted to check was the information of the owner of the license plate number. Bo Zheng checked the traffic system and found a person named Zhao Gan.

The people under Bo Zheng helped to find out Zhao Gan's interpersonal relationship, and by chance, they got the direction Qiao Nian gave them—Shen Jingyan.

Zhao Gan has a cousin who has worked as a domestic helper for Shen Jingyan's family for more than ten years.

And Bo Zheng also found out something interesting for her—Shen Jingyan frequently contacted a phone number from abroad some time ago.

Qiao Nian asked him for a note to write down the phone number, thanked Bo Zheng and left.

Wait for her to get back to the car.

He looked up the number directly with the laptop on the slender waist control car.

This number is also a number bought on the black market. The other party is very cautious, hardly revealing his flaws, and thinks very well.

But who is Qiao Nian.

Her way of looking up things has always been different.

She didn't want to trace the source of the phone number, but changed her mind to check the IP address of the phone call.

As a result, a more interesting thing was dug up—the owner of this number is in country m!

Everyone knows that country m is the territory of the hermit family.

Chapter 3146 What a coincidence, Master Wang also found it

Qiao Nian pinched the piece of paper with the phone number written on it, the corners of her eyes turned red slightly, restrained her anger, and said in a hoarse voice, "So this time is it Nie Qingru or Nie Qixing?"

"Who?" The slender waist controller is in charge of driving.

Hearing the girl whispering, he turned his head away.

Qiao Nian opened the car window with a dry body, stretched his legs, closed his eyes to let the cool wind blow outside, and said, "Let's find Master Cheng first."

Nie Qingru is also good.

Nie Qixing is worth mentioning.

The top priority now is to find Master Cheng and ensure that Master Cheng is safe and sound.

As for the people behind, she can settle accounts with them slowly after finding Master Cheng!

Slender Waist Control thought she was worried about Master Cheng's safety, so he comforted him: "Boss, don't worry. We can quickly find Master Cheng's location as long as we follow the trajectory of that car, and Master Cheng will be fine."

Qiao Nian responded lightly, remembering the exchange of news that Ye Wangchuan told her.

He took out his mobile phone, sent a WeChat message, and told him the newly found news on his side in a concise and concise manner.

Make an appointment with him at another place to meet.

Ye Wangchuan returned quickly.

At the same time as Qiao Nian's message was sent, she received a message from Ye Wangchuan.

【Y: I found Shen Jingyan along that license plate car. Master Cheng should be in his hands. If there is no accident, he is now at his house. 】

Qiao Nian glanced at the message he sent, and raised his eyebrows slightly, showing a very surprised expression.

Slender Waist Control heard her phone buzzing and vibrating non-stop. While driving, she asked curiously, "Where are we going next? Why don't you go to my place first, and we'll check where the car last went."

"No need." Qiao Nian returned to a normal tone: "Someone has already found out."

"What?" Slender Waist controlled the accelerator, slammed the brakes to stop the sports car on the side of the road, and was very surprised that there was someone faster than them: "Who?"

Qiao Nian shook the phone in front of him.

Slender waist control vaguely saw the note Y on WeChat.

"Ye Fanchuan?"

He has stayed in the Ye family's old house recently, and he is familiar with the name Ye Wangchuan, and he immediately associates it with it.

Qiao Nian put back the phone, lowered her eyes: "En."

Slender Waist Control's expression became complicated. If he remembered correctly, Yaomen also belonged to this person, and it seems that the dark castle is also inextricably related to this person...

Sure enough, the bosses play with the bosses.

Qiao Nian quickly raised his eyes, and said to him coldly: "Since we have found the track of that car, let's meet at Shen's first."

Slender waist control thinks: "It's okay."

He restarted the sports car, turned the car around, drove the car from the side of the road, and drove towards the place where Qiao Nian found out that Shen Jingyan lived...

**

At this moment, the Shen family.

Shen Jingyan came down from the second floor just after calling Zhou Hengfeng.

"How is it? What did Zhou Hengfeng say?" Seeing him going downstairs, Wei Ling got up to meet him.

Shen Jingyan passed her and walked into the living room indifferently: "What else can I say? He was afraid of being found out, so he called me and said that Ye Wangchuan had already found him."

Wei Ling's heart was beating like a drum, and her eyelids were raised: "No way? Did you find him?"

"Tsk." Shen Jingyan sat down grinningly, and snorted, "It's so easy to find him. This time our plan is foolproof, and it's basically impossible to find out. He is just scaring himself! Fortunately, he doesn't know how to cooperate." We are the ones in charge, otherwise don't drag us down with his little courage..."

Chapter 3147 Ye Shao, what do you mean?

When Wei Ling heard that Zhou Hengfeng was thinking about it, she felt relieved, and sat down on a corner of the sofa, and adjusted her shawl anxiously: "The Hidden Family..."

The couple have been together for so many years, of course Shen Jingyan knows what she wants to ask.

His eyebrows and eyes were wild, and he put some tea in his cup, very confident: "Don't worry, Young Master Nie has already started to help me contact me for a job transfer."

Wei Ling's high brows pressed down: "Is there really nothing going wrong?"

Shen Jingyan picked up his teacup and went to the water dispenser: "What could go wrong? We'll live in another place when all the dust settles."

He originally wanted to climb to the highest point in Beijing, but now it seems that he can't.

Leaving is the best way.

However, there is something particular about it, he doesn't want to leave in a desperate situation, he must find a way out for himself, and the Hermit Family is currently the safest backer.

Wei Ling was still worried, and got up to catch up: "Master Cheng, what are you going to do?"

Shen Jingyan filled his glass with water and lowered his eyes: "The person at the other end hasn't told me yet, I think the other party just wants to impress Nian Nian, not really wanting to become a master. The other party just wants to impress Nian Nian. Read a warning, it's best if you don't want to hurt Master Cheng. If he wants to do more..."

Wei Ling met his eyes.

Shen Jingyan said with a cold expression: "That's no wonder I'm on the top of my head. If he wants to blame the old man, he can only blame Nian Nian for offending people everywhere and hurting him."

Wei Ling thought the same in her heart, so she silently turned her eyes away and didn't speak.

Shen Jingyan was under tremendous pressure to do this. He said in his heart that it was a lie to not be nervous. He didn't want to get entangled in this topic with her, so he walked back with a teacup in his hand: "Don't worry too much, things haven't come to an end yet. That's the point. I think the other party

just wants to play a joke on Master Cheng, and when the interest passes, he will let Master Cheng go, and we will play with him."

Wei Ling sighed and followed him: "I hope so."

"Master Cheng, I have already arranged it. He is in the upstairs room. Let him rest with us first."

Shen Jingyan said so, but in fact, at the beginning, he planned to send Master Cheng to a remote place outside that was not easy to find and hide first.

Later, I felt that it would be easy to be discovered if I drove the car out of the city, so I simply went all out, and hid the person at home first, based on the belief that the most dangerous place is the safest place.

"Give it to Master Cheng later..." Shen Jingyan was just about to say that asking Wei Ling to bring a glass of water to Master Cheng later would be considered as benevolent.

Who knew that halfway through the conversation, there was a sudden roar of sirens outside.

The voice outside was loud and urgent.

This area is a wealthy area, and there is rarely such a big movement outside.

Shen Jingyan was wondering who made such a loud noise outside, when the door of their house was kicked open suddenly.

Follow the people outside and file in.

Shen Jingyan saw several familiar faces, such as Qin Si, Gu San and Bao Jingxing who walked in front.

These three people still have more than a dozen people.

Besides these people, Shen Jingyan saw a dignified and lazy man slowly walking in from outside at the tail of the crowd.

At the same time, there was a girl beside him.

The girl is wearing a peaked cap and a light-colored sweater that makes her skin very white, so you can tell who it is at a glance.

"Qiao Nian?!" Wei Ling had already called out his name.

Qiao Nian was followed by a bird-haired head, who looked like he didn't think it was a big deal to watch the excitement. He didn't stand with Qin Si and his gang, but more like someone who followed Qiao Nian.

Shen Jingyan looked at the sudden crowd of people in the house, his face turned pale instantly, and he was already a little unsteady.

"Young Master Ye, what do you mean by this?"

Chapter 3148 The correct explanation of the dead duck's mouth

"Hey!" Qin Si sneered first, walked over and asked him leisurely: "You don't know why we are looking for you?"

Shen Jingyan's face turned slightly pale, but his expression was still calm, and he ignored Qin Si who came up to him and questioned him.

A pair of tiger eyes fixedly stared at the leading man: "Young Master Ye, it's inappropriate for you to break into my house like this."

Among these people, Ye Wangchuan is the boss.

As long as Ye Wangchuan doesn't move, Qin Si and Bao Jingxing will not move him.

Shen Jingyan thought through the pros and cons very clearly, and spoke in an orderly manner: "The Ye family is also full of heroes, so it's not possible for your generation to be so tyrannical and bully us?"

"Hey, **** me!"

Qin Si had a cigarette dangling from his mouth, but when he heard this, he stared straight at him, spit out the cigarette in one gulp, and was about to walk towards him with a wave of his hand.

"How do you talk? Can't you speak? I'll teach you..."

Just when Qin Si was about to rush over to beat him up.

Ye Wangchuan yelled at the person calmly: "Qin Si."

Qin Si picked up Shen Jingyan's collar. Shen Jingyan's neck was red from being strangled.

If it weren't for Ye Wangchuan to stop.

He will definitely get a beating today.

Although Qin Si reluctantly let go of his hand after meeting Ye Wangchuan's eyes, his face was still clouded, as if he might strike at any time.

warned: "Clean your mouth next time!"

Shen Jingyan clutched the red marks on his neck, the skin must have been scraped, and his fingers felt unbearably painful.

He could still laugh, as if deliberately provoking everyone: "Which thing I said is not true? I am an elder after all. You broke into my house, but you still have to beat people, haha! This kind of behavior, is it different from the gangsters outside?"

"Wo grass!" Qin Si's forehead was bulging with the naked eye, and he rolled up his sleeves, almost rushing to strike again.

Bo Jingxing quickly pinned him down with his eyes: "Didn't you see that he was deliberately changing the subject? You're sending him to the hospital now, but you've fallen into his trap."

"..." Qin Si listened to the words anyway, and his furious temper restrained.

Bo Jingxing knew that he was not stupid, so he let go of his hand after a few words of advice: "Master Wang didn't do anything, what are you in a hurry for?"

Qin Si squirmed the corner of his mouth, touched his earlobe, turned his eyes away, knowing that he was wrong, and said awkwardly: "It's not that he speaks too badly."

Bo Jingxing didn't take it seriously: "Some people are like this. People enter the crematorium and burn for seven days and seven nights, and everything else is melted, but the mouth is still hard! This is called a dead duck with a hard mouth."

Qin Si was so annoyed by Shen Jingyan that he had nowhere to vent his anger, but when he heard Bao Jingxing's words, most of his anger dissipated, and he couldn't help laughing out loud.

Isn't this Shen Jingyan blunt?

They're all here.

He's still struggling here, trying to blur the point.

Could it be that they came to his house for no reason? What are you doing here? Come and eat!

...

After Qin Si was held back by Bao Jingxing, the whole living room became quiet in a blink of an eye.

Shen Jing said that there was no one to provoke, and he didn't know what to do for a while.

At this moment, Ye Wangchuan stood up, didn't intend to scare anyone, but he didn't hold back the pressure on his body as usual, his eyes were clear: "Since I'm looking for you, it's not without a reason."

"The specific reason, you should be very clear in your heart..."

Chapter 3149 Found Master Cheng!

Shen Jingyan looked up at him, his heart was pounding, his back was already drenched in cold sweat, which barely penetrated his clothes.

Actually, straight-hearted people like Qin Si are easier to deal with, but they just look scary.

However, Ye Wangchuan, who can't see emotions, is a really difficult opponent. He doesn't even know where to start.

Shen Jingyan could only choke out a sentence: "I don't know what you're talking about."

"Well, it's okay." Ye Wangchuan has a very good temper.

Turning around, he ordered the dozen or so people brought by Bao Jingxing, and said in a gentle and elegant way: "Go and search around to see where Master Cheng is."

This is not a style of martial arts!

Shen Jingyan turned pale with shock, and together with Wei Ling wanted to stop those people from going up.

While sweating profusely from anxiety, he said to the girl who hadn't spoken: "Nian Nian, you just stand there and watch them bully me and your little aunt?"

"You brought the man here, right?"

Shen Jingyan didn't care about face anymore, he shouted anxiously: "Let them go!"

Ye Wangchuan frowned.

Seeing the girl's eyebrows raised high, a trace of hostility flashed in her black and white eyes, she lifted her peaked cap impatiently: "What face do you have to demand of me?"

Shen Jingyan was speechless when asked, and didn't answer for a long time.

Qiao Nian is not used to him either: "Also, don't call yourself my relative. My family doesn't have many relatives, and there is no one with the surname Shen!"

Shen Jingyan frowned, and subconsciously opened his mouth: "Back then I was going around the city..."

Qiao Nian didn't give him a chance to finish speaking: "What happened when you went around the city, do you want me to recall it for you?"

Shen Jingyan was blocked for a while again and couldn't answer.

The purpose of adopting Qiao Nian in Qiao's house around the city was not pure in the first place, and he said that his sister was not good at thinking and was not good to Qiao Nian.

So much so that they didn't discuss it with him afterwards, and the whole family directly kicked Qiao Nian out of the house.

He also learned about it later.

His sister and brother-in-law didn't even want to give even a dime from the search, and after fumbling for a long time, they took out 10,000 yuan to send it away.

In the end, Qiao Nian didn't take the bank card either.

So the way Qiao Nian was treated at Qiao's house around the city was indeed disgraceful.

Shen Jingyan couldn't say anything against his will even if he was in a hurry.

"But after all, we used to have a relationship..." He could only say so much.

But this level is shameless enough.

At least Qin Si was disgusted and rolled his eyes, wishing he could go up and scold him.

Qiao Nian is the calmest person here, and he won't be led by his emotions at all: "Even if you had some favors before, you have used them up."

"Today is not the first time."

"If you want me to do it, maybe I won't be so gentle."

Qiao Nian's profile was stern and sharp, and his eyebrows were delicate and eye-catching: "...I have a bad temper."

Shen Jingyan completely misfired!

Of course he knew that the end of offending Qiao Nian would not be any better than offending Ye Wangchuan, or even worse.

They brought over a dozen people, all of whom seemed to be elites.

He has no room for resistance at all.

When Shen Jingyan thought of this, his arms lost strength.

Ye Wangchuan glanced at him indifferently: "Search."

**

Shen Jingyan said that this person respects the small and cautious, to put it bluntly, he is timid.

He didn't hide Master Cheng in any secret place, he locked it in a guest room at the end of the corridor on the second floor.

When people from the Nine Institutes found Master Cheng.

Master Cheng showed no signs of injury except that his clothes were a little messed up, he looked anxious and was spinning around in the room.

They quickly took him downstairs.

Chapter 3150 Delusion: You think it through carefully

"Master Cheng." Bao Jingxing looked at the old man who was surrounded by several people coming down the stairs, and hurried up to meet him: "Are you alright?"

Master Cheng was quite calm, shaking his head: "I'm fine."

He then saw Ye Fanchuan, Qiao Nian and others standing in the living room, and then turned his head to see Shen Jingyan and Wei Ling who were mourning...

Master Cheng's eyes paused on Wei Ling for two seconds, as if he was moved, he quickly retracted his gaze, sighed and shook his head: "Old Wei is still alive..."

He spoke in half, but did not finish.

Wei Ling felt as if she had been slapped in the face, and her face was burning hot.

Bo Jingxing didn't take her seriously at all, he supported the old man and said, "I'll send you to the hospital for a physical examination first."

Master Cheng also knew that they still had something to deal with later, so he was not stubborn, and prepared to leave according to Bao Jingxing's wishes.

When he passed by Ye Wangchuan and Qiao Nian, his eyes were soft, and he thanked him warmly.

His voice is not loud.

Ye Fanchuan, Qiao Nian and Bao Jingxing who accompanied him heard it.

Ye Wangchuan told Bo Jingxing: "Take care of Master Cheng."

Bo Jingxing nodded, with a serious expression: "I know."

He looked back at Shen Jingyan and Wei Ling, who were almost unable to stand, and said to Ye Wangchuan: "I leave this place to you."

Ye Fanchuan didn't make a sound this time.

Bo Jingxing knew that he and Qiao Nian were here, so he didn't need to worry about it and didn't waste time, so he quickly called two people to accompany him, and took Master Cheng to the hospital first.

The sound of cars outside fades away.

Shen Jingyan's face had already turned ashen, and he knew that this time it was over for him.

"What do you want to do with us?" He spoke first, looking calm and unafraid.

But his trembling fingertips betrayed his heart.

Qin Si was disgusted by his pretentious appearance. In order not to be provoked by him, he simply ignored him: "Sister Qiao, I'm going out to smoke a cigarette."

Joe said 'huh' and shrugged his shoulders to express that he had no objection.

"Master Wang, I'm going out." Qin Si also greeted Ye Wangchuan, and walked out with long legs.

Ye Wangchuan refocused his eyes on Shen Jingyan, as if he was thinking about something.

There was one person missing in the villa, Shen Jingyan still couldn't relax, looked at the person in front of him in horror, pinched the palms of his hands: "I did everything by myself, if you want to come at me, don't implicate my family members! "

"Respect..." Wei Ling didn't expect him to say that, her eyes were red on the spot, and she didn't wipe her tears with her hands at the beginning.

The muscles on Shen Jingyan's face were tense and he didn't dare to relax for a second, there were bloodshot eyes in the tiger's eyes, his heartbeat was pounding, and his back was already drenched with sweat: "I didn't hurt Master Cheng, at most I just picked him up Being a guest at home. The method is a bit rough, but it didn't hurt anyone."

"The nature of this is for the police to decide." Ye Wangchuan finally spoke, and his words were well-founded, making Shen Jingyan speechless.

Shen Jingyan wanted to bite him to death because he was asking Master Cheng to be a 'guest', and Ye Wangchuan's meaning was also very clear, the police will judge whether this is kidnapping or not.

"These are not things I care about." Ye Wangchuan said lazily.

Shen Jingyan's heart beat faster, almost rushing out of his chest: "Then what do you want?"

Ye Wangchuan looked at him disdainfully, not going around in circles with him: "Who ordered you to do it?"

Shen Jingyan was about to open his mouth: "..."

Ye Wangchuan interrupted him abruptly: "You'd better think it over before you talk."
