

Madam's 3151

Chapter 3151 Sister Nian already knows the identity of the person behind the trouble

He frowned with a trace of weariness, and an elusive mist floated in his eyes: "I'm not that patient to talk nonsense with you here. It's okay if you don't say anything, Master Cheng just finished a project recently, I have reason to doubt you It's for this project. Stealing secrets alone is enough to get you out of prison! You think it through before you talk."

Shen Jingyan's mind was buzzing, and he looked at him in shock, never thinking about what project Master Cheng completed recently, what stealing secrets...

He suspected that Ye Fanchuan lied to him in order to make him confess the person behind it.

But when Shen Jingyan touched the other person's eyes, he flinched again!

Ye Wangchuan's expression on his face was extremely serious, and he didn't mean to make up a lie deliberately to deceive him, it was true!

The muscles on Shen Jingyan's face were shaking non-stop, his face was full of horror, his face was pale, and big drops of cold sweat rolled down the outline of his forehead.

"I..."

Shen Jingyan held back a word with great difficulty.

His eyes wandered and landed on Qiao Nian.

The girl just lowered the brim of her hat impatiently, pursed her lips, and didn't look at him.

Shen Jingyan felt a bit bitter, had to face Ye Wangchuan again, gritted his teeth and said, "What you said is true?"

Ye Wangchuan gave him face: "What do you think?"

Shen Jingyan understood.

it is true.

He collected himself, and said calmly: "I don't know anything. At least I don't know what project you are talking about. I invited Master Cheng to come here just to follow the man's instructions. He promised me to find a way for me afterwards. Transfer, you can leave Beijing. I can't stay here any longer and want to develop outside, so I agreed to him in a moment of confusion."

"Who is he?" Qiao Nian's pupils were dark, and there seemed to be a sudden fire inside.

Shen Jingyan looked at her: "A member of the hidden family."

Wei Ling couldn't stand it and interjected: "In the end, it's because of you. The other party came here for you. They can't understand you and they found us because they wanted to give you a warning. If it wasn't for you, why would we leave? Come to this point! In the final analysis, it is because of you that Master Cheng encountered this incident."

"Enough talk?" Ye Wangchuan glanced over.

Wei Ling's face was pale, and she remained silent.

Qiao Nian heard it clearly, took a step forward, raised his eyes, and smiled: "Oh? Are you here for me?"

It was aimed at her again.

Again, she found the people around her to attack.

These people can really play!

Wei Ling really wanted to answer: Isn't it just for you? !

But Ye Wangchuan swept her sight from time to time, making her unable to move, not daring to be presumptuous at all.

After all, the fate of her and Shen Jingyan is still in his hands.

They are now the fish on the chopping board, waiting for the knife hanging above their heads to fall.

Ye Wangchuan obviously lost his patience, tilted his head and said to the girl in a warm voice: "Go out and wait for me first."

"Okay." Qiao Nian had already got the answer he wanted, so he didn't want to stay here any longer, so he simply told Xiao Yaokong to go out and wait for him.

*

Outside.

Slender Waist Control listened to the whole process, and as soon as he walked out, he immediately ran to the girl and asked, "Boss, do you know who that person is?"

Qiao Nian was blocked by him, put his hands in his pockets, and said expressionlessly, "I know."

"Who?" The slender waist control was very curious.

It seemed that Shen Jingyan and Wei Ling didn't know each other's identity, they only knew that each other came from a hermit family.

The Keyin family is as big as it is, with tens of thousands of people in it.

How did SUN know the identity of the other party all of a sudden?

Chapter 3152 Sister Nian is going to Continent F

Qiao Nian didn't tell him who it was. He walked to the slender car outside, opened the door, and bent down to take out the chewing gum he left on the car from his co-pilot seat.

She took out one and threw it into her mouth, and she leaned against the side of the car, looking down, chewing gum leisurely, playing with the bottle of gum in her hand...

The calmer she was, the more curious the slender waist control became, as if a hook was pulling his heart forward, and the heartbeat was pounding.

He walked towards the girl, walked up to the girl and asked unwillingly: "Sun, who is that person you are talking about?"

Qiao Nian's eyelashes fluttered and raised slightly: "Help me book a ticket to F continent."

"Huh?" The slender waist touched his head, very puzzled: "What do you mean? Are you going to Continent F? Why is it so sudden... Aren't we talking about becoming a master?"

He was so noisy that Qiao Nian's brain hurt.

"You haven't told me who is behind the scenes to become a master..." the slender waist control little mouth can say.

The chewing gum in Qiao Nian's mouth was tasteless, so he raised his hand and rubbed the space between his eyebrows: "You want to know?"

"Yeah." The slender waist control nodded like pounding rice, with a longing expression on his face.

Qiao Nian glanced at him blankly, and said, "Then do you want to know that Daji called me the day before yesterday to say that the mine is still short of people?"

The excited expression on Slender Waist Control's face instantly froze, his body reacted faster than his brain, and he shook his head immediately, but he had already retreated: "Ahem...sun, you see, I can't do work with my small arms and legs. I'll continue Staying in Beijing to teach children, being a teacher is good..."

He was afraid that Qiao Nianzhen would send him to Continent F, so he said righteously: "It's windy and sandy over there, and the weather is hot. It's not that I don't want to go, but my body can't bear it..."

Qiao Nian was just joking with him. Seeing that he was no longer curious, he put his legs up, stood up straight, put the gum away and put it back in his pocket: "Then help me book a ticket to F continent."

"What time is it?" Slender Waist didn't ask her what she was doing, but thought about it: "How about I tell Daji to use his private jet to pick you up?"

David is one of the biggest leaders in F continent.

This basic operation of a private jet is essential.

He parked several private jets in the base camp, including passenger planes and small helicopters that rich people like to play now...

It's just that he himself rarely leaves Continent F, and there are not many opportunities to use private jets.

Thin waist control is a person who will enjoy it.

Daji doesn't often use his private jet, but he often goes there, so that in the end he spends more time on the plane than Daji herself.

Qiao Nian didn't accept his suggestion, and said concisely: "I'm going to keep a low profile this time. It's best not to alarm anyone, let others think that I'm still in Beijing."

"..." The slender waist control couldn't help observing her expression.

But the girl still looks like she usually doesn't show her face, so it's even harder to guess what Qiao Nian wants to do from her face!

Thin waist control just give up!

"What time did you get the votes?"

"ASAP."

The slender waist control nodded: "Don't you want your ID card?"

Qiao Nian rarely saw him say this: "If it's convenient, get me a new identity, otherwise it's easy to be found out."

With the influence of Nie Qingru.

Even if the power of the hidden family is not on the capital side, it is not difficult to check the entry and exit records.

She is afraid of trouble.

So it's best to avoid this trouble in the first place.

Chapter 3153 At three o'clock in the afternoon, leave on time

"Okay, then I'll do it." Slender Waist Control was originally a hacker, and he was very good at fake identity checks.

He agreed with Qiao Nian, and ran to the car to get the laptop he had brought in the car, found a seat, sat down and began to get Qiao Nian's ticket and ID card...

ten minutes later.

Qin Si and Ye Wangchuan came out.

"Sister Qiao." Qin Si walked straight towards Qiao Nian, and saw the slender waist sitting in the car playing with the computer not far away, pouted slightly, turned to ask Qiao Nian: "What is he doing?"

"Book me a plane ticket."

"Air ticket?" Qin Si wondered, "Are you going back to Independent Island?"

Ye Fanchuan just came over, just in time to hear them talking about air tickets, Independent Island, and looked at the girl with deep eyes.

Qiao Nian was stared at by two pairs of eyes, so he simply told him about going to Continent F.

Qin Si and Ye Wangchuan were silent after listening.

Seeing that Gu San hadn't come out, Qiao Nian raised his eyes and asked, "What are you going to do with Shen Jingyan?"

"This time it involves Master Cheng's safety, I plan to follow the due process and follow the judgment to get the result." Ye Wangchuan was not in a hurry.

Joe nodded, no objection: "En."

Ye Wangchuan raised his eyes and stared at her deeply, with a very soft and gentle tone: "You don't care?"

Qiao Nian frowned, feeling annoyed again: "I told him everything I need to say."

"What he does, he is responsible for."

She manages?

Can she handle it?

Whether it was Shen Jingyan, Jiang Xianrou, or Qiao Chen, she gave these people too many opportunities, but the final result was still the same.

Some people are like this, the more you give in, the more they push forward, thinking that they can always rely on that little affection to be a monster.

This time it is Master Cheng, what about next time?

She doesn't want to take care of these people and is not in the mood to take care of these people anymore!

Qiao Nian didn't bother too much about this matter, and instead mentioned it to him: "Do me a favor."

Ye Wangchuan's eyebrows were deep, as if he knew what she was going to do, his voice was low and low: "Say it."

Qiao Nian told him that he needed his help.

Just as this end was finished, the slender control over there hit the Enter key, showing a smug smile, and raised his head to call her: "Boss, it's done."

Qiao Nian walked over: "What time is the ticket?"

The slender waist control turned the notebook towards her, and said, "It's just three o'clock in the afternoon today, and we will leave on time."

Three in the afternoon?

Qiao Nian took out her phone and looked down at the time.

Only two and a half hours.

She estimated the time, and said to Ye Wangchuan: "I'll go back to get the computer first, and I'll leave my grandfather and dad to you."

Ye Wangchuan asked for the car keys from Qin Si, took the initiative to walk over and opened the door of the Maybach that Qin Si drove today, and said to the girl, "Let's go, I'll see you off."

**

Qiao Nian flew to Continent F at three o'clock in the afternoon.

Bought a normal air ticket this time, she passed the security check in advance, got on the plane at 2:30, and the plane broke through the sky at 3:00 on time.

At the same time, country m.

Nie Qixing has been very busy recently.

As the heir of the Nie family, he was publicly claimed by Nie Qingru, and gradually began to take over the power of the Nie family.

This process was not very smooth.

There are many factions within the Nie family, everyone is calculating for their own interests, and no one is willing to make concessions.

Even if he relies on Nie Qingru's prestige, many people in the Nie family only welcome him on the surface, and often stumbling him behind the scenes.

Nie Qixing has been busy almost from morning to night during this period. If the shadow had not sent two people to help him, he would probably have had a harder time these days.

Chapter 3154 She is so powerful, she is not being played around by me

It was also near dusk today, and Nie Qixing left Nie's villa by car.

The scenery on both sides of the car is speeding backwards.

Nie Qixing sat in the car and pinched the bridge of his nose to relax, but when he thought of the unreasonable troubles at hand, his chest felt tight.

The air conditioner was turned on in the car, but it didn't make him much more comfortable.

He opened his eyes, pulled the tie off his collar, loosened the restraint of his neck, and turned his head to open the car window to let the outside wind blow in.

The air in the car begins to flow.

Nie Qixing's frown was slightly relaxed.

The driver looked at him in front of him and untied his tie and opened the window again. He only dared to drive silently and did not dare to disturb him.

At this time, Nie Qixing ordered him in a low voice, as if remembering something, "Go to the club."

"Young Master Nie, now?" The driver looked through the rearview mirror with a surprised expression.

Nie Qixing immediately showed an impatient expression, with a gloomy face and narrowed eyes: "What? Do you have an opinion?"

This driver was arranged by Shadow.

However, the Hidden World family now knows the identity of Nie Qixing, and also understands that he is the future successor chosen by Nie Qingru, so no one dares to act presumptuously in front of him.

The driver turned the car around silently at the next intersection, and drove towards the clubhouse he mentioned...

*

This club has been keeping a low profile for more than half a month because of Zhang Yin's incident. On the surface, it has closed down, but in fact it is still providing services to members.

It's just that the clubhouse has higher requirements for membership.

Nie Qixing's car quickly drove into the parking lot of the clubhouse. Nie Qixing took the elevator to his box on the top floor, and pushed the door in under the guidance of the waiter.

Zhou Zheng was already waiting for him inside.

As soon as he came in, Zhou Zheng immediately stood up and said respectfully, "Young Master Qi."

Nie Qixing walked in quickly, sat down on the sofa, unbuttoned the cuff buttons, and said lightly: "Is there any news from Beijing?"

Zhou Zheng didn't dare to speak loudly: "I just received a message from Shen Jingyan, saying that he has controlled Master Cheng."

"Yeah." Nie Qixing didn't seem surprised, leaned back on the sofa, and told him, "Pour me a glass of wine and add ice."

Zhou Zheng didn't dare to neglect, quickly poured him a glass of wine according to his request, and carefully handed it to him: "Young Master Qi, your wine."

Nie Qixing took it and took a sip. He asked again, "Where's Qiao Nian? What is she doing?"

"Her? According to the news from Beijing, she seems to be struggling to find someone..." Zhou Zheng has now perfectly replaced Zhang Yin's position and is doing things for him.

Nie Qixing raised his head and took a sip of wine, covered the contempt on his lips with a glass, and pulled the corners of his mouth: "I thought she was so powerful, but that's all. No, she was still being played around by me. I still don't know who it is. Tackling her!"

Zhou Zheng looked at him with a contemptuous smile, not daring to answer.

Nie Qixing swung his wine glass, caught a glimpse of Zhou Zheng who didn't dare to make a sound, and soon felt bored, and said instead: "How do you think I will deal with that Master Cheng?"

"This..." Zhou Zheng didn't dare to say it.

He has always been timid, at least not as bold as Zhang Yin.

He dare not say nonsense that he will take responsibility afterwards.

"Hey." Nie Qixing sneered when he saw his cowardice: "What are you afraid of? She won't eat you."

Zhou Zheng said cautiously: "Young Master Qi, after all, Master Cheng is from the Nine Institutes, and we are throwing this blame on Tianchen's Lu Zhi, I feel... think..."

Chapter 3155 Someone is going to be unlucky

Nie Qixing's face became more and more gloomy: "What do you think?"

Zhou Zheng didn't dare to continue: "No, it's nothing."

He felt that once things were revealed, they might not be able to please them.

After all, neither Lu Zhi nor Qiao Nian are easy to mess with!

He felt that Young Master Qi didn't need to make such an accident at all. What good would they gain by doing this? Not only is it useless, but it is also easy to make yourself feel fishy.

But Qi Shao insisted on venting his anger.

Zhou Zheng was under the eaves, and he didn't dare to annoy him: "How does Young Master Qi want to deal with that person?"

Nie Qixing tapped his fingers on the sofa cushion, and said absently; "It's just a useless old man... If Qiao Nian behaves well, I can spare his life..."

on the other hand.

If Qiao Nian didn't do what he wanted, he might kill Master Cheng!

Zhou Zheng's brows were pounding when he heard it, and a strong sense of uneasiness rose in his heart: "After all, there is Beijing City..."

Nie Qixing raised his eyes to look at him, Zhou Zheng didn't dare to speak anymore.

at this time.

Nie Qixing's phone rang.

He glanced at the caller number, reached for the phone, and put it to his ear: "Speak."

I don't know what to say over there.

Nie Qixing quickly stood up: "Really?"

Zhou Zheng was slightly relieved when he saw his obviously happy expression, and he was still thinking about the mess in Beijing...

"I see."

"I'll be leaving as soon as possible."

Nie Qixing's suppressed and happy voice sounded in the private room.

Zhou Zheng's attention was pulled back.

He waited for Nie Qixing to hang up the phone, and then asked curiously: "Qi Shao, what's the matter? I think you are very happy."

Nie Qixing was really in a good mood. He took a look at him and told him: "There is a batch of goods I want from F continent, and I am going to go there."

Zhou Zheng didn't know the business map of the Nie family and the Yinshi family, so naturally he didn't know what "goods" Nie Qixing was talking about, but seeing that Nie Qixing was so happy, he had a good eye and said, "That's really a good thing!"

"Um."

Nie Qixing responded, as if he didn't want to waste time with him, and was in a hurry to go back to prepare to go to Continent F. He took his things, turned to him and said, "By the way, that woman..."

Zhou Zheng didn't need his reminder, and immediately said: "I arranged Miss Yuandai in Mingshan Apartment, my house over there, no one will find her existence. Even if they know Miss Yuandai, they will only think that she is mine woman."

Nie Qixing was inconvenient to bring someone with him, and when he heard that Zhou Zheng had made arrangements, he said with confidence, "Don't let her run around."

Zhou Zheng peeked at him, and didn't understand why Nie Qixing didn't want outsiders to discover Yuan Dai's existence, so he still said obediently: "Okay, Young Master Qi."

Nie Qixing left the club in a hurry, preparing to rush to Continent F without stopping, so as not to be touched by the goods first.

**

F continent.

Mo Dong lifted the tent of the base camp, walked straight in, and went straight to the fearsome arms dealer in Continent F.

"What time does Miss Qiao's plane arrive? Shouldn't we go pick someone up?"

Daji looked away from the sand table quite speechlessly, distractedly looked at him, and said angrily, "Even if Sun is here, what does it have to do with you? If we want to pick up the plane, we will go by ourselves, why should we take you?"

Mo Dong didn't change his expression, and said shamelessly: "Don't talk so strangely. Sooner or later, everyone will be a family~"

Daji was so disgusted by his phrase 'everyone is a family sooner or later', she pursed her lips, didn't answer at all, and said seriously: "Has the matter been settled?"

Chapter 3156 That kid has already taken the bait

Mo Dong followed, and said with a smile: "You still don't trust me to do things?"

Daji stopped in front of the monitoring screens in a room, turned her head and said to him with a serious expression: "Sun is going to play big this time, we must be able to do a good job in logistics."

"Don't worry!" Mo Dong put his hands on his shoulders and pushed him onto the chair, with a relaxed and happy tone: "That kid has already taken the bait."

"Really?" Daji looked at him sharply.

Mo Dong gave him a 'certain, sure and certain' look, and said leisurely: "Our eyeline in country m said that he has already boarded the plane and is rushing here."

Mo Dong went out just now when he received a call from Ji Lin. On the phone, Ji Lin said that Nie Qixing had already boarded the plane, and the private jet was flying to Continent F...

Daji showed a thoughtful expression: "Tsk, this kid is young and ambitious! With him and the few people Nie Qingru gave him, he dares to come to Continent F to do business alone, is he so brave?"

"I'm afraid they are so confident because they are sure that no one in Continent F will dare to mess with the hermit family." The scar on Mo Dong's face is extremely terrifying, and he seems to be the type that is not easy to mess with in life.

He made no secret of his contempt for Nie Qixing.

"However, he did not make a wrong judgment. If Ms. Qiao hadn't acted personally, no one in Continent F would touch him... After all, it is easy to touch him, and no one wants to get messed up afterward!"

Daji moved her eyes away in agreement, her eyes fell on dozens of monitoring screens that were as high as a wall, and she said expressionlessly: "When he arrives, Continent F will give him an unforgettable journey of a lifetime!"

"Chick."

The skin of the scar on Mo Dong's cheek was hot, with hot blood flowing inside.

He touched his face indifferently, and said to Daji: "How long will Miss Qiao arrive at the airport? Should we go out to pick up someone?"

"Don't wait for Miss Qiao to arrive, we haven't passed yet."

"The sun will arrive later." Daji rubbed the center of her brows, her head hurting from his noise: "Don't be so impatient."

Mo Dong stared at him with piercing eyes: "How long?"

Daji:...

"Huh? How long is the flight?" Mo Dong thought he was deaf.

Daji let go of the hand pinching the bridge of her nose, and replied helplessly: "It will take about an hour."

He just finished speaking.

Mo Dong turned around and went back to pick up the car keys on the table, and waved to him without looking back: "I'm going to the airport first!"

"Do you want to go now?" Daji saw that he left as soon as he said, and didn't intend to listen to what he had to say at all...

He saw Mo Dong's back was about to disappear into the camp.

"Damn!" Daji cursed secretly, got up in a hurry, tilted her head and told the people under her: "Keep an eye on the landing pad of Nie's house, and report to me immediately if there is any news!"

"Yes." The people below agreed hastily.

"I'm going out for a while."

Daji couldn't care less, so she took her coat and waited, and hurried to catch up.

**

On the other side, Shadow just arrived at the door of Nie Qixing's house.

He got out of the car and rang the doorbell.

"coming."

After a while, the door opened.

It was the Filipino maid from Nie Qixing's family who opened the door for him. When the Filipino maid saw him, she immediately became nervous and turned sideways to get out of the way.

"Please come in."

Shadow didn't go in, but stood at the door and asked her, "Where's Young Master Qi?"

The Filipino maid was very afraid of him, lowered her head and replied cautiously: "The young master is not at home, he just left the house an hour ago."

"He went out?" Shadow frowned, slightly surprised: "It's so late, where did he go?"

Chapter 3157 Qi Shao said that a batch of goods came from F continent

"This..." the Filipino maid said awkwardly, "I don't know either."

Ying guessed that she didn't know anything, so he didn't make things difficult for her. He returned to his car parked by the side of the road, took out his mobile phone and called Zhou Zheng.

The call is connected within seconds.

"Where are you?" The Hermit family has always been strong, and Shadow is even more used to being tough with Nie Qingru.

Zhou Zheng's heart was pounding when he received his call, and he didn't dare to hide anything: "I, I'm at home."

"Where's Young Master Qi?" Shadow was too lazy to circle around with him: "Is he not with you?"

Zhou Zheng swallowed nervously: "Young Master Qi started to stay with me, then left after answering a phone call. It seems that there is something urgent..."

His words aroused the shadow's vigilance: "What's urgent? Do you know where he went?"

Zhou Zheng tried hard to recall: "He seems to have mentioned that a batch of goods came from Continent F..."

Shadow's face became serious, most of the people were awake, his throat tightened involuntarily, and his voice was sharp: "He went to Continent F?!"

The sudden increase in his voice startled Zhou Zheng, and he stuttered: "I, I don't know either. I just heard him mention that a batch of goods arrived from F continent, and Young Master Qi didn't mention anything else to me. Pass."

Shadow's complexion is not very good-looking: "I see."

Zhou Zheng was a little worried: "Young Master Qi will not have an accident, right?"

"No." Shadow answered quickly, but he felt a strong uneasiness in his heart. He frowned and remembered again: "Has he done anything in private recently that I don't know about?"

Zhou Zheng's heart skipped a beat, and he immediately remembered what happened at the stall in Beijing.

But Nie Qixing had warned him not to mention it to anyone. Zhou Zheng would still rely on Nie Qixing for support in the future, so naturally he didn't dare to betray him.

So he immediately denied it: "No, no, right? I haven't heard what Qi Shao is doing in private. Isn't he busy with family affairs recently? I don't usually see other people."

Shadow hung up the phone in doubt.

He stayed in front of Nie Qixing's house for a while, and made three phone calls to Nie Qixing, all of them were shutting down without exception...

F continent, cargo, shutdown... Shadow had to connect these three together to think, the more he thought about it, the stronger the anxiety in his chest.

He hesitated to find Nie Qingru's phone number, wanting to call Nie Qingru to report the unexpected situation he encountered...

But he hung up the phone before dialing out from his fingertips.

Shadow's eyes deepened, remembering what the Empress said on the day when she had a dispute with Nie Qixing, if Young Master Qi did something to disappoint the Empress again, the Empress would be angry again...

He thought so, so he simply went to check it himself.

Shadow opened the car door with one hand and got in the car. With the other hand, he dug out a contact number in the address book and called: "Help me find out where Qi Shao has gone. If he goes to State F, arrange a plane for me right away." , I will fly over immediately."

**

Qiao Nian took the plane at three o'clock in the afternoon, and it was already nightfall when it arrived at Continent F.

Slender waist control booked her a first-class seat, and knew that she didn't like to get too close to strangers, so she thoughtfully bought the two seats next to her with a false identity.

Actually, she was the only guest in that row, so Qiao Nian had a good rest on the plane and had a good sleep.

When I woke up, the plane had already landed.

She only brought a carry-on bag and didn't have a suitcase, so she took her own bag and got off the plane first, and walked towards the airport hall.

Chapter 3158 Received Miss Nian

Qiao Nian didn't turn on the phone immediately after getting off the plane, but went to the vending machine to buy a cup of hot coffee, opened the can and took a sip before standing by the side and slowly took out the phone to turn it on.

The screen lights up for a while.

Soon the beeps sounded.

Various missed calls + unread messages pop up.

Qiao Nian didn't read all of them, but only selected important people and clicked on them.

She first responded to Ye Fanchuan's message, telling him that she was here.

Immediately afterwards, he called Daji back: "I just got off the plane, where are you?"

Daji's voice came from the other end, giving her an approximate location.

"Well, I'll go find you." Qiao Nian responded, hung up the phone, took her can, and walked out at a leisurely pace.

At this time, I received the real-time positioning from Daji again.

She turned on the real-time location to find someone.

...

F continent airport is not too big.

Qiao Nian quickly found a place to meet them.

Daji and Mo Dong are both there.

Mo Dong saw her faster than Daji, and went straight to meet her, reaching out to help her carry her luggage, only to realize that Qiao Nian didn't bring any luggage, and scratched her head as soon as she squeezed her big hand, "Ahem, Miss Qiao, you didn't bring any luggage? "

"Huh?" Qiao Nian didn't notice that he wanted to help her with her luggage, seeing him asking herself, she still said patiently, "I'll leave when I'm done."

"Oh oh oh." Mo Dong's cold scarred face flashed a blush.

Daji saw it, pushed him away, squeezed in front of the girl, and reported to the girl very familiarly: "Nie Qixing is on the plane, and it is estimated that he will arrive at Continent F in two hours."

He asked Qiao Nian seriously: "Sun, should we wait for him to arrive and start immediately, or wait and do more preparations?"

While walking out of the airport, Qiao Nian answered his question casually: "It's not suitable to delay this matter for a long time. Since we have decided to do it, let's do it as soon as he arrives."

Daji quickly followed up: "I think so too. After a long night and many dreams, the hidden family can easily react."

The three walked out of the airport.

Mo Dong quickly stepped forward to open the car door.

Qiao Nian thanked him, threw the bag in first, and then got into the car by himself.

Daji walked around to the co-pilot's seat, opened the door by herself, thought for a while and said, "Then let's go back and discuss how to do it."

Qiao Nian opened the car window as soon as she got in the car, blowing the long-lost night breeze from F continent, narrowing her eyes slightly, her fair face was rare and wanton: "Well, let's talk when we get there."

Mo Dong's car came, so naturally Mo Dong drove back.

The camp of the big diamond boss in Continent F.

The jeep drove into the base camp as if entering no one's land.

As soon as their car arrived, Daji called together several key members in Continent F, and began to formulate a plan for Nie Qixing's plane after it landed.

Qiao Nian slept for eight hours on the plane, she had a headache, and the quality of sleep was not good.

When she entered the tent, she dragged a chair and sat there with half-closed eyes to rest her mind. Daji was mainly arranging the next tasks with others.

Chunlei, Houzi and others were silent for a long time after listening to the tasks assigned by Daji to them.

The monkey swallowed his saliva, peeked at the girl with her eyes closed and meditating, and asked Daji softly, "Boss, do we really want to touch people from the Nie family?"

They didn't know much about Nie Qixing.

All I know is that Nie Qixing's surname is Nie, and he probably belongs to the Nie family, a hidden family.

Nie's family also has their own business in Continent F, but they usually do not interfere with each other, do not disturb each other, and rarely have conflicts.

Chapter 3159 Sister Nian and Master Wang cooperate to abuse scum

Q's attempt to move people from the Nie family this time is bound to break the current balance in Continent F.

As soon as he finished speaking, Chunlei kicked him on the butt, and said violently: "Where are you talking so much, just do it! I'm afraid of a bird!"

"I'm not afraid..." Monkey was embarrassed by her words.

Chunlei has a bad temper, interrupted him impatiently, stared at him and said: "You are a big man, chattering endlessly here! Anyway, my wife's life is given by the organization, I will do whatever Q asks me to do! Isn't it the Nie family of the Hidden World Family? It's not the Heavenly King Lao Tzu."

The monkey knew her temper, and she lost his temper after being sprayed by her, and he didn't want to be as knowledgeable as her, so he kept his mouth shut so as not to irritate her.

Daji stopped the two of them: "Okay."

Everyone in the base camp looked at him in unison, waiting for his instructions.

Daji said unhurriedly: "The matter is not as serious as you imagined, just a small role, not the head of the hidden family."

He is right to say so.

Although Nie Qingru publicly announced that Nie Qixing was her favorite heir, Nie Qixing's ability was not enough to convince the public, whether inside or outside the hidden family.

If it weren't for Nie Qingru's reputation, Nie Qixing would have been devoured long ago...Nie Qingru would treat him like a baby!

Daji didn't know the relationship between Qiao Nian and Nie Qingru. If she knew that Nie Qingru was still Qiao Nian's nominal grandmother, she would be even more speechless.

He turned to wake the girl up: "Sun, it's almost time."

The girl lazily opened her eyes and put her hands on her chin: "Is it coming?"

Daji glanced at her watch: "Look at the time, it's time for Nie Qixing's plane to land."

Qiao Nian stood up slowly, picked up the phone, and was about to go out: "I'm going to make a call."

Everyone in the tent is more important than her.

They made way for her one after another.

Qiao Nian walked outside the tent.

The night outside is just right, Continent F is full of stars, it looks like tomorrow will be a good weather.

Qiao Nian called Ye Wangchuan.

Except for a few seconds of delay, it was connected almost immediately: "Are you there?"

The man's voice is low and mellow, with a charming voice.

Qiao Nian picked out his ears, looked up at the sky outside, his crow-black eyelashes drooped, and said to him, "Nie Qixing will be here soon, I'm going to make a move."

Ye Wangchuan heard this, suppressed the frivolous smile in his tone, and became a little more serious: "I'm not by your side, so be careful. Don't do things impulsively, tell Mo Dong if you have anything to say."

"Tsk." Qiao Nian's eyes were unrestrained, and he couldn't help reminding him: "Continent F seems to be my territory."

When she built this diamond line in Continent F, Nie Qixing was still playing with mud in the laboratory... If it wasn't for the consideration of the people behind him, Qiao Nian wouldn't have paid much attention to Nie Qixing at all!

However, she knew that Ye Wangchuan was worried about herself, so she accepted the love, and said casually: "I will be careful. I will not let him leave here easily because he dares to become a master! He has too much heart, if he doesn't teach him a painful lesson, he will dare to touch my dad, Jiang Li and the old man next time..."

"I know."

Ye Wangchuan is the person who knows her best, not one of them.

He knew what Qiao Nian was thinking without explaining.

He and Qiao Nian had cultivated an unusual tacit understanding long ago, and said to her: "Anyway, be careful yourself, and I will take care of things in Beijing."

Qiao Nian has always believed in his ability, so she felt relieved: "It's up to you over there."

Chapter 3160 The seller is waiting outside the plane

F continent ten o'clock in the evening.

Nie Qixing's private plane landed slowly on the apron of Nie's house, and the plane taxied for a short distance and then came to a stop slowly.

On the plane.

Shadow arranged for his assistant to walk over, and stopped in front of the man who was leisurely reading the newspaper with his legs crossed: "Young Master Qi, we are here."

"Huh? Arrived in Continent F?" Nie Qixing put down the newspaper, opened the glass panel of the plane and looked outside.

The night outside is dark, and it has indeed reached the ground.

He removed the blanket on his lap, and asked his assistant: "Have you contacted the shipment? How is it? I can see the shipment after meeting."

"I contacted the seller, and the seller said that when our plane arrives, they will send a car to pick us up."

The assistant is a typical M countryman, with a pair of blue eyes under slightly curly blond hair, a high nose bridge and a big nose tip, neither good-looking nor ugly.

But with a cold and serious face and a straight posture, at least he can be seen as a well-trained player.

The assistant saw Nie Qixing got up, put his suit jacket on his arm and was about to get off the plane, his brows twitched, and he said seriously: "Mr. Qi, I'm worried that there is fraud here, should we contact Master Shadow before we go?"

"I checked that this seller has a good reputation in Continent F. The Nie family has cooperated with him many times, and the cooperation between the two parties is very pleasant." Nie Qixing didn't listen at all.

The assistant said anxiously: "But this time he skipped the rest of the Nie family and went straight to you. Isn't that strange?"

The Nie family has been buying goods in Continent F.

Because Continent F is the largest trading market other than the illegal zone and the Independent Continent, as long as you have enough power here, any business is legal.

The Nie family has their own long-term cooperative sellers here.

But Nie Tao has been in charge all the time, how could the other party suddenly find Nie Qixing?

Even if the queen recognized her younger brother recently, Nie Qixing is in the limelight! That is also within the sphere of influence of the Nie family or the hidden family...

The outside world does not recognize these!

"Do you think I'm not worthy to discuss business with them?" Nie Qixing pushed down the glasses on the bridge of his nose, his back was quite gentle and gloomy.

Now that he has returned to Nie's house, his dressing style has changed a lot, from the low-key and restrained young professor's style before to the more mature and stable style of wearing a suit.

Seeing that he was angry, the assistant quickly lowered his head: "No, I didn't mean that."

"Since you don't mean that, don't say anything that makes me uncomfortable." Nie Qixing didn't pay attention to a seller in Continent F: "Even if Continent F is not our territory... I believe that as long as the people here are not crazy, No one dares to move their minds on me!"

Behind him stands the queen of the hermit family.

Nie Qixing is right to have this confidence!

The assistant was speechless and didn't know how to persuade him.

at this time.

At the door of the plane, someone stood cautiously at a distance and reported to them: "Young Master Nie, the seller's people are here."

Come so fast?

Nie Qixing was a little surprised, and said to her: "Let them wait for me, I'll go down right away."

"OK."

The person seems to have left to communicate with the seller.

Nie Qixing took the mobile phone that was placed on the spot, and was about to get off the plane.

The assistant always felt uneasy, and followed him, lowering his voice: "Young Master Qi, could the seller come too early? They came just as soon as our plane arrived. It's a bit too coincidental, unless they has been watching us."
