

## Madam's 3171

Chapter 3171 Nie Qingru also has to lower her noble head!

Jian Jin listened to him talking to himself, and reacted, and couldn't help laughing: "I don't seem to ask anything."

Lu Zhi pursed his lower lip, there was no extra expression on his face, but he didn't say anything.

Jian Jin pushed the wheelchair again and walked forward: "Come on, you don't want to have dinner with Joe's father. If we don't go there, it will be too late."

\*\*

M country hotel.

Nie Tao noticed that the clock on the wall had entered half past ten.

He turned his head and reminded the person who was too angry to speak: "Qingru, it's only half an hour before the time she told you."

Nie Tao had a general understanding of the situation in Continent F just now, and also understood who Nie Qixing provoked this time.

He cautiously said: "Actually...Actually, after all, Qixing was impulsive this time and shouldn't touch people in Beijing. Fortunately, we closed the door and counted as a family. Since she is Ji Qing's child, you should follow her Talk to her, she may not refuse to listen to you."

Nie Qingru felt restless when she heard this, she rolled up her shawl, and looked at him coldly: "Do you really think she will listen to me?"

"This..." Nie Tao just said it, not stupid in his heart.

Considering the momentum Qiao Nian made this time, and the large-scale blockade of the continent's sea, land and air, it seems that he is not an obedient character.

But who told Nie Qingru not to control his younger brother, and insisted on provoking him.

After all, it's not that Nie Qixing is the first to flirt, and the first to provoke!

It's normal for people not to save face now!

"It's fine if you don't want to talk to the other party, but it's a pity for Qi Xing... He might suffer a bit this time."

Nie Tao secretly wished to see Nie Qixing in trouble. After all, blood relationship is nothing compared to interests. He and Nie Qixing have a conflict of interest.

"But it's good for him to suffer a little bit, who made him so impulsive every time he does something. This time it can be regarded as a lesson for him~"

Nie Qingru listened to his tone, seemed to think it was a trivial matter, Qiao Nian just wanted to teach Nie Qixing a lesson and would let him go...

She was so angry that her face was livid, she squinted her eyes and stared at Nie Tao coldly and said, "You really want to teach Qi Xing a lesson?"

"I'm just talking, if you're worried, call her and talk about it..." Nie Tao felt her unhappiness, and immediately shut up.

Nie Qingru's mind was buzzing, but she knew very well in her heart that Qiao Nian didn't just want to teach Nie Qixing a lesson by doing this.

If she didn't call within the time specified by her, it was unknown whether Nie Qixing would be able to leave Continent F alive.

Nie Qing has been calling the wind and rain for decades, and has long been accustomed to standing on a high position and overlooking the people below.

This was the first time she was forced to retreat, and even had to do things according to other people's requirements. One can imagine the aggrieved heart.

11:45 minutes.

There are only 15 minutes left before the time requested by Qiao Nian.

Nie Qingru let go of the hand pinching the bridge of her nose, walked into the study with a sullen face, and closed the door of the study.

Nie Tao was locked outside by her, and he didn't want to leave for a while, or if he didn't leave, he thought about it for a long time and had to sit on the sofa and wait for her to come out...

\*\*

Fzhou is beautiful at night with a cool breeze tonight.

Nie Qixing and the others have been trapped for nearly two hours, their nerves are highly tense, they are already exhausted, and their eyes are covered with bloodshot eyes.

Nie Qixing was on the verge of a mental breakdown, so he walked out with a nervous breakdown and said, "I want to see Qiao Nian."

Mo Dong was talking to Daji, when he heard him speak, he turned his head and sneered and smiled: "Who do you think you are? You can see him when you say you will."

Nie Qixing still retained his rationality, and analyzed objectively: "You can't always surround us here, I want to talk to her face to face."

Chapter 3172 Nie Qingru called in the last five minutes

Moxi looked at him as if he was mentally retarded, and said coldly: "This is not country m."

—This is not country m, and naturally it is not the territory of the hermit family!

\*\*

not far away.

Chunlei walked quickly to the black Buick: "Q, the time is almost up."

Qiao Nian was playing a game on the horizontal screen of his mobile phone. Hearing this, he exited the game and checked the time.

11:50.

10 minutes to go.

Her cold eyes narrowed slightly, she straightened up and talked to Chunlei: "It seems that Nie Qingru doesn't intend to control his life or death."

"Then shall we...?"

Chunlei immediately wiped his neck.

Qiao Nian said absently, "Wait another ten minutes."

Chunlei turned his head, just in time to hear Nie Qixing talking to Mo Dong again.

She frowned impatiently, and complained: "When ten minutes are up, I will definitely pull out his tongue first! It's noisy all night!"

...

11:55.

There are still 5 minutes left before the deadline given by Qiao Nian.

The girl hooked her head and played with her mobile phone. Seeing the minutes and seconds passing by on it, she raised her eyebrows unexpectedly, and a gleam of light flashed in her eyes.

Nie Qingru really doesn't care about these people's lives?

at this time.

Her phone screen lights up dimly.

A string of phone numbers from overseas called in.

Qiao Nian quickly jumped down from the front of the car, raised his hand and turned the brim of his cap, and said to Chunlei, "I'll answer the phone."

"Pick up, pick up, you pick up." Chunlei made way for her.

Qiao Nian walked away from her to the corner of the road, and casually put the phone to her ear: "Hello."

Very casual voice.

But this casualness undoubtedly greatly stimulated the person on the other end of the phone. That person's voice was old and majestic, and he sneered first.

"What do you want to talk to me about?"

Qiao Nian paused for a second and said, "Didn't the shadow tell you?"

"..."

She heard the heavy inhalation on the other end, and she showed a suddenly realized expression, her eyes were a little cold and world-weary: "Okay, let me tell you again."

"Nie Qixing is in my hands, and now I have the final say on life and death. I will give you a chance to choose, and you can exchange the secrets I want to know with me."

"Let me give you a start." Qiao Nian's voice was low and hoarse, and her black eyes were deep like water: "For example, the relationship between Nie Qixing and my mother..."

Nie Qingru, who is far away across the ocean, is standing in the study right now.

The light in the study room shone down from the top of her head, casting a white halo on her body, making her look noble and elegant.

The whiteness of her skin is different from Qiao Nian's whiteness, it is a heavy, opaque whiteness.

At this moment, a pair of slightly squinted eyes resembled Qiao Nian's, sharp and stern, but the inhumanity in his bones could be seen from the eyes.

"huh~"

Nie Qingru sneered at first.

Immediately, he pointedly pointed out: "Don't you just want to know if Nie Qixing is my illegitimate child, why do you have to make a big circle?"

The \*\*\*\* the other end was not embarrassed by being exposed, she let out an 'ah' very casually, and said very casually: "Then is he an illegitimate child?"

"No." Nie Qingru said blankly, "I can tell you what happened thirty years ago, as long as you can listen."

...

f continent.

The \*\*\*\* the side of the road digs her ears: "Let's talk."

A deep, old woman's voice came from the other end of the phone she was holding: "Qixing is your uncle, with the same blood flowing through your body! He is your mother's brother, I don't need to lie to you about that. "

Qiao Nian showed a noncommittal expression: "So?"

Chapter 3173 Nie Qingru's Secret

She has long seen through the so-called family affection.

Family love is precious, but it needs to be divided.

Some people regard you as a treasure, and even if they haven't seen you for more than ten years, they can't change the bonds of blood and family.

Some people use family affection as a bargaining chip and place it in front of you to make a deal with you.

So family affection and 'family affection' are different things.

She learned to distinguish this point two years ago, and Nie Qingru's use of the "uncle" as an example is useless.

She wants to know the dusty secret now.

"What the \*\*\*\* happened thirty years ago?"

"Heh, you are indeed Ji Wu Falcon's seed, and the blood flowing from your bones is the same!" Nie Qingru taunted in a strange voice.

Qiao Nian didn't take it seriously, she just reminded her softly: "Nie Qixing is still in my hands, I can send you a dead person back anytime."

"you dare!"

Nie Qingru suppressed his fury, and understood that Qiao Nian would certainly dare.

She said in a deep voice: "Thirty years ago, the Ji family rose from Independent Continent to become one of the upstart forces."

"This generation of Ji Wu Falcon is ambitious enough and a monster enough. Soon under his leadership, the Ji family will become a force that can compete with the hidden family. He is very smart. After a few small frictions with the hidden family, proposed marriage with the family at that time...The Yinshi family also realized that his strength should not be underestimated at the time, so they agreed with half-heartedness, and promised that he could choose suitable candidates at will..."

Nie Qingru seemed to be recalling a nightmare, and said in a distorted voice of extreme pain: "I didn't worry about it at the time, who would have thought that he picked me."

Ji Wu Falcon, like Qiao Nian now, was a monster born out of nowhere at that time.

His talent and strength make countless forces dormant, even the Hidden Family who is in full swing.

"During the three years I was married to him, I didn't have a single day of happiness until I was about to collapse... The Nie family gave birth to a younger brother for me through medical means, and he was taken to the Ji family for me to cultivate..."

"I survived the darkest period by raising children, and later gave birth to my first child, which is your mother."

When Nie Qingru mentioned Ji Qing, her voice was flat and unwavering, not to mention feelings, let alone guilt.

With such a mother, one can imagine what kind of environment Ji Qing grew up in.

Qiao Nian felt all kinds of tremors in his heart as if he felt what he was feeling. The ups and downs of tingling pain even made his chest ache.

She slowly clenched her fist: "And then?"

Nie Qingru paused for a second, then remembered and said: "Then you know the situation, your grandfather died, I successfully got rid of this marriage and returned to the hermit family, and got to where I am today by myself..."

Among all her memories, Ji Qing doesn't even deserve to have the frivolous memories, only the sentence 'I gave birth to this person'.

"As for your mother's death, it was not as complicated as you think, it was just an accident." That kind of understatement tone, as if she gave birth to Ji Qing, she has the right to decide Ji Qing's life and death.

Ji Qing is dead.

In her mouth, it was just an 'accident'!

Qiao Nian was suddenly provoked by her, and her dark eyes burst into flames, and in a blink of an eye there was a prairie fire: "According to what you said, it is an 'accident' that Nie Qixing died here today?"

Nie Qingruo's attitude suddenly changed: "What do you mean?"

Without even giving Qiao Nian a chance to speak, he raised his voice and threatened coldly: "Qiao Nian, I have told you the secret from thirty years ago according to your request. You also know that he is your own uncle! If you dare to touch him rebelliously, I will never let you go!"

Chapter 3174 You can choose left eye or right eye

Qiao Nian stared at Baoliang, and said sarcastically, "So it's not that you don't care, it's just that she doesn't deserve you to care."

In Nie Qingru's eyes, her biological daughter might not be as good as a hair on her younger brother.

Really easy enough.

She didn't know the grievances of the older generation, but Nie Qingru kept her mouth shut and kept saying that there was something wrong with the Ji family. When she wanted to let Nie Qixing go, she didn't forget to emphasize the blood relationship.

There is no good thing in this world for her to take advantage of.

Qiao Nian said casually: "What a coincidence, Nie Qixing doesn't deserve me to care!"

"..."

"You should have found out what good things he did in Beijing before you called me, right?" She suddenly mentioned.

Nie Qingru's brain was tense, and he barely suppressed his anger: "I know."

"Okay." Qiao Nian could hear Nie Qingru's attitude of not taking other people seriously on the other end of the phone, raised the corners of her mouth, narrowed her eyes slightly, raised her hand and pressed down her peaked cap: "I won't play around with you. Originally, I planned to Bury him in Continent F, since you exchanged the secrets from thirty years ago with me, I promise you to do what you say~"

Nie Qingru was keenly aware of the danger: "What do you want to do?"

"I will spare your life, but I want his eyes."

Qiao Nian has turned around and walked to the side of the Buick, talking to her while walking: "You can choose the left or the right."

\*\*

In the study room of the country m hotel.

Nie Tao outside only heard the sound of porcelain smashing in the study, he got up vigilantly and walked over to knock on the door: "Qingru, are you okay?"

No one paid attention to him.

Nie Tao thought about it and raised his hand to knock on the door: "Qingru, I heard something was broken inside, you are not hurt yourself."

He was about to open the door and go in to have a look.

Nie Qingru's indifferent voice came from inside: "I'm fine, don't come in!"

Nie Tao had no choice but to let go of the hand on the doorknob, and said calmly: "Then remember to tell me if you have something to do, I will be outside."

"Got it." Nie Qingru's voice was still so indifferent.

Nie Tao had no choice but to give up, touched his nose and went back to the sofa in the living room to continue waiting, but he had a rough guess in his heart.

From the sound of smashing things inside just now, it can be heard clearly, as if I am afraid that I will be deflated this time.

That is to say.

Nie Qixing was not so easy to escape this time.

Nie Tao raised the corners of his mouth, and got himself a glass of water in a good mood, and waited outside for the result without any haste.

...

In the study.

Nie Qingru was indeed the same as he had guessed, and almost died of anger.

The floor of the study room is full of broken ceramic pieces, and the sharp-edged ceramic pieces are scattered on the ground, and it is easy to step on it if you are not careful.

Nie Qingru is not in the mood to care about this now.

Her hands were propped on the edge of the desk, the veins on the back of her hands were bulging, and it was rare that she could not stretch the arrogant mask that had been hanging on her face all year round.

"You want Qixing to become a one-eyed dragon? You're crazy..."

"Qiao Nian, I warn you not to mess around. His eyes are used for experiments, and he will become a world-class physics master in the future. You know how much effort I have spent in training him... You said that he only needs one eye. Want eyes?"

She looks so groggy.

The composure that he had been proud of for many years was ruined, but Nie Qingru couldn't care less.

She only knew that Nie Qixing must never lose an eye—the Hidden World family would never agree that the person who replaced her would be physically disabled, and the Nie family would use this as an excuse to renegotiate with her!

After so many years of hard work, how can she say that it will be destroyed!

## Chapter 3175 Throw them all into the wild wolf ditch

Nie Qingru had blue veins on his forehead, he gritted his teeth and said, "Qiao Nian, he's your uncle! You're so rebellious that you don't even let your own uncle go?!"

"Didn't you say you knew about the good things he did outside? Why, you forgot now." The girl's voice was calm enough to tease her fragile nerves.

Nie Qingru took a deep breath, and said coldly without changing his face: "Master Cheng is just an outsider! Even if he is impulsive, he is still your uncle. If you blind your uncle's eyes for outsiders, what will others think of you in the future? Say you are cold-blooded and ruthless Or praise you for not recognizing your six relatives?"

She accused Qiao Nian of being forceful.

just happened to hit the muzzle of someone else's gun.

"Didn't I learn this from you? It is a good tradition flowing in the bones of the Nie family to deny the six relatives. I just inherited you."

"..." She was mocking her attitude towards Ji Qing!

Nie Qingru could feel her heart beating fast at this moment, and tried to speak to the girl in a calm tone: "Don't force me."

"For the sake of your mother dying early, I don't want to argue with you."

The girl's voice was cold and dry: "If you want to mention another sentence, you don't need to choose the left and right. I will dig out both of Nie Qixing's eyes and send them to you."

Nie Qingru was so angry that her forehead and temples were throbbing, she firmly grasped the edge of the desk, trying to calm herself down.

"Forget it, I beg you."

The person is in Qiao Nian's hands.

Now entering and exiting Continent f by sea, land and air is blocked throughout the territory.

Nie Qingru knew that she had no choice, so she finally lowered her noble head, her cheek muscles twitched, and her face changed in a low voice: "Let your uncle go."

\*\*

The wind in fzhou blew up the corners of the girl's clothes.

Holding the mobile phone in her hand, she heard the arrogant woman pleading for Nie Qixing in a low voice, but there was no ripple in her heart.

"I'm already investigating Jiqing's death...Nie Qixing's eyes are just the beginning. When I find out, not only Nie Qixing, but also the people and forces who participated in it back then will not be able to escape. As for the hidden world family you are proud of, if you participate I will pursue what happened back then to the end."

"Jiqing is not an item, not a weight for you to weigh the pros and cons. Even if you have ten thousand grievances, she has never been sorry to you. You are the one who is sorry to her!"

Nie Qingru is not worthy of being a mother.

Ji Qing was supposed to be desperate at the beginning, so she quietly hid her in the orphanage.

But even in that situation, Ji Qing still managed to protect her.

It can be seen that if a mother is really caring, she will fight for her child's way despite all difficulties. Nie Qingru is not, she chooses interests without hesitation...

So even if she had ten thousand reasons to convince herself that she was doing the right thing, Qiao Nian felt sick for her.

"I'll ask someone to send Nie Qixing's eyes to you. Remember to check the delivery these few days." Qiao Nian had already walked in front of Chunlei, and said softly into the phone.

What Nie Qingru was still saying on the other end was no longer important to her.

She hung up the phone without saying a word, and turned back to block the number.

Instead, he raised his head and said to Chunlei: "I want his left eye, and break his hands, and throw them into the wild wolf ditch."

Wild Wolf Ditch, as its name suggests, is a wasteland in Continent F. Usually wolves like to hang out nearby, and no one wants to go there.

It is the default small no-man's land in Continent F.

Qiao Nian didn't directly ask for Nie Qixing's life, but he didn't let Nie Qixing go either.

In the case of Nie Qixing, he was thrown into no man's land.

Immortal's delaminated skin.

Of course Chunlei hoped that he would be directly bitten to death by the ferocious wild wolf in the ditch...

Chapter 3176 She doesn't know you are her grandmother?

m country.

In the penthouse suite of a five-star hotel.

"Boom~".

The sound of heavy objects falling to the ground came from the study.

Nie Tao, who was waiting for someone to come out in the living room outside, was startled. He got up and hurried over to knock on the door: "Qingru, what's wrong with you? Let me go in and have a look, or I won't..." Don't worry.

at this time.

The people inside suddenly opened the door.

Nie Tao was unprepared to see Nie Qingru walking out with a gloomy face, and even knocked his shoulder away when passing him.

The anger is great.

Nie Tao was shocked.

He regained his composure and still had to follow.

"You look so bad. Is the talk not going well?"

"..." Nie Qingru sat on the sofa without saying a word, took the hotel's internal phone and dialed a number.

Nie Tao observed her gloomy face and guessed, "Will Qiao Nian listen to you?"

He saw Nie Qingru's eyebrows tremble, and there was no obvious expression change on his face, but the expression on his face became more and more gloomy.

... Was he really guessed right?

Nie Tao was slightly surprised, maintaining a concerned expression on his face, and whispered to the person on the sofa: "She doesn't know that you are her grandmother?"

"Ah!"

Nie Qingru sneered on the spot as if hearing what was ridiculous.

Seeing that she has been refusing to speak, Nie Tao finally became anxious: "What did she say? Are they going to let him go? Qixing will be fine, right?"

"You want to know?"

She is tall and thin, with a cold temperament, coupled with prominent bones and well-defined outlines, she is born with a special aura of nobility, and it is easy to give people a feeling of inhumanity.

Nie Tao immediately said: "Of course I want to know."

He seemed to know what Nie Qingru wanted to say, and said with a serious face: "No matter what, we are a family, and Qixing is my real brother!"

Nie Qingru calmed down a bit, and said in a bad tone: "Qiao Nian won't let her go, she wants Qixing's eyes."

"She...?!" Nie Tao couldn't help but gasped.

Nie Qingru sneered to herself and said, "She's my good granddaughter, she's ruthless enough! She's even capable of killing her own elders, she's such a villain that her relatives don't recognize!"

"...Why does she want Qixing's eyes?" Nie Tao secretly observed her expression, not daring to touch her when Nie Qingru was angry, but he felt as if he saw Nie Qingru when he was young.

Compared to Qiao Nian.

Back then, his younger sister was more vicious and vicious.

Tiger poison does not eat children.

But his younger sister would not spare her own daughter for the sake of power! It was also because of that incident that the Nie family and him were really afraid of Nie Qingru.

In these years, no matter the old man or him, who would dare to approach her?

If it weren't for Nie Qixing in the family who could hold back some of her feelings, the Nie family would be afraid that she would turn against her and deny her relatives...

Nie Tao continued cautiously: "Qiao Nian is not crazy. She always has a reason for doing this. As long as we solve this cause and effect, maybe she will let Qixing go."

When Nie Qingru heard this, the emotions in her eyes were turbulent, there were resentment and dissatisfaction, and there was also disappointment in indisputable anger. In the end, she suppressed

them all and hid them in the boundless depth: "I can't move the capital city and F continent. No matter what! Today, no matter what, I want to save people! I will call Lei's family."

Seeing that she was getting angry, Nie Tao silently watched her pick up the receiver, lowered her eyes hard, and began to explain to the person over there in a low voice.

\*\*

Mo Dong and the others are quick and agile.

Half an hour is enough to clean up the site, and even the blood on the ground can't be found after being corroded with hydrogen peroxide.

Chapter 3177 Joe, is the f continent settled?

Chunlei checked the scene, trotted back and said to the girl, "Q, the scene has been cleaned up, I guarantee these people can't find any clues here."

Qiao Nian looked up and saw her smiling almond face, curled the corner of her lower lip, and smiled: "Let's go, go back."

Chunlei saw her turn around and open the Buick door, hurried to the driver's seat, and asked her hesitantly, "Q, you really don't care about those people in the wild wolf dog?"

Qiao Nian raised her eyelids, got in the car, and stretched out her hand to pull the seat belt: "Life and death are fate."

Chunlei scratched his head, followed by sitting on it, habitually ignoring the seat belt, but turned his head with concerned eyes: "This place is not far from the wild wolf dog, do you want me to put a surveillance camera over there, so that you If you want to see it, you can see their life and death."

Qiao Nian had already sat down, leaning back against the seat, her fair face was very tired, and she answered very simply: "No."

"..." Chun Lei was a little at a loss.

Big Brother has a different idea from theirs.

Ordinary people took revenge, shouldn't they see the result?

She looked at Q as if she really didn't care about the lives of those people.

At this moment, the phone in Qiao Nian's pocket vibrated. She took out the phone from inside, looked down at the news, and said to Chun Lei without raising her head, "Let's go back first."

"OK."

Chunlei saw that she really didn't want to see the results of those people, so he focused on driving with a good attitude, looked ahead and started the car.

The car was driving smoothly in the night, with the cool breeze from Continent F blowing, it felt refreshing.

Qiao Nian opened the latest wechat message.

Three minutes ago, an unread message from Jian Jin.

She clicked on the unread wechat with her white fingertips, and saw Jian Jin asking her if it was done, it seemed that something was up.

Qiao Nian simply called.

...

Because of the jet lag, it is still daytime in Beijing.

But the sun is about to set, and the sky full of red clouds is so beautiful that many passers-by can't help taking out their mobile phones to take pictures when they look up at the sunset in the evening...

Jian Jin stood on the side of the road to answer Qiao Nian's phone call, took the gift from the hotel to the car, and closed the trunk door.

"Joe, have you got it done in continent f?"

"What's wrong?"

The girl's voice is casual.

Jian Jin could hear the wind in the wilderness from her mobile phone, she pursed her lower lip immediately, and took the mobile phone in another hand, she couldn't help but say: "Nie Qingru cut off a few of our business orders in M state, and even deducted seven Eight people. She probably wants to use this to threaten the boss..."

Lu Zhi was unmoved.

Jian Jin knew very well the impact that Nie Qingru's actions would have on Tianchen, so she took advantage of the time when she was out to give gifts and sent Qiao Nian a message. She didn't expect Qiao Nian to call her back so soon...

"Don't worry, the boss didn't let go, and still doesn't allow their people to go up from the dock. It's just that the longer the time drags on, the more pressure he has to bear."

Jian Jin's face was burning hot, and it was really hard to speak: "So I just want to ask... How long will it take for you there?"

After she finished speaking, her heart beat loudly.

I really want to explain it again, but I know in my heart that I mean that.

Jian Jin's expression was a little more guilty: "I'm not urging you..."

Lu Zhi really didn't know this time, but Tianchen was not yet capable of confronting Nie Qingru. If Nie Qingru was ruthless and only targeted Tianchen, then Lu Zhi would have to bear the serious consequences.

She's still feeling guilty.

Chapter 3178 Sister Qiao didn't call you

The girl said calmly, "It's done on my side."

"real?"

"Well, let Director Lu release him."

Jian Jin was still not at ease, and hesitated for a moment: "Joe, you won't deliberately lie to me in order not to trouble us?"

"No." Qiao Nian immediately denied, and said flatly, "I gouged out one of Nie Qixing's eyes, and threw him into the grave by the way."

"..." Jian Jin's ears were buzzing, her mind almost went blank, and her breathing became difficult.

This, so wild? !

Joe is playing so big?

No wonder Nie Qingru targeted Tianchen like crazy, as if she had to send someone to Continent F immediately even if the net was broken, and no one would try to stop her.

Joe is trying to drive the Hermit family crazy!

Qiao Nian said calmly, "So I don't need to lie to you. I've already settled the matter here, let Director Lu release him."

This time Lu Zhi helped her a lot, and she owed a favor again, which made it difficult for her to care about the unhappiness that happened before...

Qiao Nian still had a headache about how to deal with the relationship with Lu Zhi, so he frowned and said relaxedly, "Thank him for helping me."

Jian Jin also smiled, more happy than anyone else: "Okay, I'll tell him later."

\*\*

On the other side, Ye Wangchuan's residence in Beijing.

Gu San came in hurriedly: "Master Wang, the f continent has been settled."

Qin Si and Bao Jingxing are there, as well as Mr. Ye and Ye Qichen...

The four of them sat on the sofas on both sides.

In normal times, Qin Si would definitely find a place to sit and play games, don't even think about him being in good shape.

Old Master Ye was also here this time, he restrained himself a lot, and sat upright like Bao Jingxing the whole time, holding back enough.

Gu Sanyi came in, he secretly breathed a sigh of relief, took the opportunity to move his shoulders, and looked at the young man sitting at the bar: "Master, did sister Qiao call you?"

Ye Wangchuan raised his head, and Shi Shiran looked at him: "She sent me a message."

"Ah, just send a message." Qin Si was completely unaware of the danger coming, and said very poignantly: "I thought sister Qiao would call you as soon as possible."

"Hehe." Ye Qichen, who was opposite him, suddenly sneered twice, with a pretty face, and big grape-like eyes that looked so cute, but what he said was irritating: "If I were my sister, I wouldn't call him!"

Ruanfan, let my sister go to such a dangerous place alone!

Grandpa Ye heaved a sigh of relief, and at the same time critically sized up his grandson, just like Ye Qichen, no matter how he looked at him, he was not pleasing to the eye: "Look at you, even Chenchen knows the truth at such a young age, you are not as good as a child when you are old! No wonder Nian Nian I don't want to talk to you! Next time you do this again, don't go home!"

"..." Qin Si shrank his head, and shrank his head into his neck, wishing to reduce his sense of existence, for fear that Ye Wangchuan would kill him.

He just said it casually, but he didn't expect to provoke the old man's anger.

Fortunately, Ye Wangchuan just raised his eyebrows, looked at the little guy with deep eyes, and said bluntly: "Even if my girlfriend doesn't call me, it's none of your business."

Ye Qichen was so angry that he blushed and his neck was thick. He jumped off the sofa, his eyes were round, and he clenched his fists and shouted: "My sister likes me the most!"

Ye Wangchuan didn't change his face: "That's because I like the way you pretend. Are you so obedient?"

Ye Qichen's lungs were about to explode, his eyes were rounded, his face was puffed up, and he said bitterly, "I want to change my uncle."

Chapter 3179 Mr. Nie has something to do with me, I will go there

Ye Wangchuan met his eyes, crossed his legs very casually, and even smiled at the corner of his lips: "Yes. Then you don't even have an aunt, so you can only be called sister."

Old Master Ye saw that the little devil at home was about to turn red at the corners of his eyes, so he quickly pulled him to his side, and said to him angrily, "What are you fussing about with a child?"

Ye Wangchuan touched the bridge of his nose, turned his eyes away, and rarely spoke back: "I was joking with him."

"I think you bullied him because Chenchen said that you hurt him." Mr. Ye's eyes are vicious, and he can see why he is deliberately angry with the little guy at a glance.

He himself was angry and helpless, and it happened that he also waited for the good news that the matter was resolved, so he decided not to stay here, and said to Ye Wangchuan: "I will take Chenchen back first, remember to tell me when Niannian comes back."

"good."

Ye Wangchuan agreed.

Grandpa Ye glanced at him, shook his head, took the little guy and went back first.

...

Soon there were only four people left in the living room.

Bo Jingxing found an opportunity to speak: "Why didn't you tell the old man that this was what you and Qiao Nian discussed?"

Ye Wangchuan poured a glass of water from the bar, holding the glass with his slender fingers, covering the emotion in his eyes: "I should have gone there with her."

It happened suddenly, Qiao Nian arranged for him to stay in Beijing to obscure Nie Qingru's eyes.

Ye Wangchuan took a sip of water, put the cup on the bar, quickly settled his mood, and said, "Next time I will make more preparations, and you should take over these people from the Ninth Institute slowly."

Bo Jingxing didn't expect the fire to burn himself, and immediately pushed off his gold-rimmed glasses: "No rush."

Ye Wangchuan looked at him coolly, and said unhurriedly: "How long do you want me to take care of you? The Nine Institutes have always been something that your Bo family should take care of. You have pushed me over my head for a few years, what should I do?" Learn to take over by yourself, I can't manage it for you forever."

If it wasn't for Bao Jingxing not having the ability to take charge of the capital alone this time, he could rest assured that he would hand over the affairs of the capital to Bao Jingxing and follow him to Continent F.

Unfortunately, Bo Jingxing has not officially taken over the contacts of the Nine Institutes, so it is inconvenient to do many things.

In order to cooperate with Qiao Nian, he had to stay.

Bo Jingxing could hear the displeasure in his tone, and felt even more guilty. He lowered his head and pushed the frame of his gold-rimmed glasses, and changed the subject wisely: "By the way, Lu Zhi invited Uncle Jiang to dinner again."

"I know." Ye Wangchuan obviously arranged for someone to watch Lu Zhi's movements at all times, and said calmly: "Uncle Jiang is just going to return the gift he gave."

Lu Zhi once delivered a batch of expensive gift boxes to Mr. Jiang through Jiang Zongnan Company, which contained medicinal materials and instant bird's nest.

Jiang Zongnan handed things over to Jiang Li, and Jiang Li handed things over to Jiang Zongjin.

Jiang Zongjin returned these precious gifts to Lu Zhi this time, but Lu Zhi didn't seem to have achieved his goal, and like Qiao Nian, Jiang Zongjin didn't seem to understand his meaning at all.

Ye Wangchuan is very satisfied with his rival's EQ, and if he continues to develop like this, he won't need to worry about his rival's poaching in another ten years.

Because he used it in the wrong place.

Ye Wangchuan picked up the car keys at the side, got up and walked out: "Mr. Nie has something to do with me, I'll go over there."

"I'll go with you!" Qin Si instinctively wanted to be a follower.

Ye Wangchuan didn't intend to bring him along: "I'll be back when I go."

Qin Si had no choice but to sit back on the sofa, and resigned himself to staying with his 'good brother' Bao Jingxing to wait for him to come back.

— —

PS: I wrote the wrong generation in my head yesterday. Nie Qixing is Nie Qingru's younger brother. He should be called uncle, not uncle. I have modified it yesterday, but some places are not synchronized, causing trouble to everyone, I am very sorry. I will pay attention to it in the future.

Chapter 3180 Delusion: I know who it is

Nie Miyue's place is at the back door of Qing University.

When Ye Wangchuan drove past, Nie Mi had already stood at the gate and waited for a while.

The black Phaeton slowly stopped on the side of the road not far from him. Ye Wangchuan got out of the car and called him by the way: "Old Nie."

"You're here." Nie Mi noticed Ye Wangchuan coming, and walked towards him: "I have something to show you."

Ye Wangchuan closed the car door, tall and tall, noticed the cowhide bag in Nie Mi's hand, raised his eyebrows slightly, and said in a low voice, "...is it related to Nian Nian?"

"Yeah." Nie Mi handed over the leather bag with a serious expression: "You'll know when you look at it."

Ye Wangchuan reached out and took the leather bag, tore off the plastic seal on it, opened the bag, took out the documents from inside, and looked down one by one.

The pure English content in it, a brief translation is that Qiao Nian's arrangement originally won the first place, but after discussion by the organizing committee, it was decided to only give the excellent award.

The reason is that a distinguished sponsor of the bonus thinks that konghou is not a musical instrument in the strict sense, and arrangements based on konghou naturally cannot be regarded as meeting the requirements. However, since Qiao Nian participated in the competition, they still give an excellent Award for encouragement.

Ye Wang Chuan Tan's black eyes fell on the name of the distinguished sponsor of the bonus in the middle—Mrs. Nie.

His slender fingers clamped the paper, raised his head, and asked Nie Mi: "Old Nie, when did this happen?"

Nie Mi rubbed the center of his brows, and replied, "It's just this evening."

The relationship between Qiao Nian and Ye Wangchuan is an unspoken secret in the capital circle, and Nie Mi certainly doesn't need to hide anything from him.

So he frowned and said to him: "Actually, the school and I knew that Qiao Nian's arrangement won the first place in this competition three days ago, but the organizing committee has not disclosed the ranking to the public. I know that Niannian won the first place." First, I didn't rush to tell her."

"I originally planned to wait for the organizing committee to announce the rankings and hand over the trophy to her."

Qiao Nian is so busy every day, Nie Mi is too embarrassed to bother her with trivial matters.

Who knows that things that are certain can go wrong!

"At about eight o'clock this evening, I received an email from the organizing committee, which contained the same content as the document you read, and then I received a leather bag from the organizing committee by courier... "

Nie Mi mentioned this in a bad tone: "The organizing committee sent an email, and then their official documents were mailed! Where in the world is there such a fast express delivery, let alone cross-border mailing, the time will be controlled so just right?"

"It's clear that they hastily decided not to give Nian Nian the first place in the afternoon, and then they found someone from China to print a document and stamp it and send it over."

The other party is one of the most authoritative competitions in the world, and they are blatantly engaging in shady activities.

How can Nie Mi not be angry!

He received an email from the organizer and contacted the staff of the other party as soon as possible, but when faced with his questioning on the phone, the staff of the other party hesitated and couldn't answer clearly. Anyway, he insisted that there was no room for change...

Qiao Nian just lost the first place!

Nie Mi was very angry, but there was nothing he could do about him.

"I suspect that someone is deliberately playing tricks behind the scenes, otherwise the organizer wouldn't have thought of a reason and hastily canceled Niannian's first place."

"I know who it is."

Ye Fanchuan had already read all the documents in his hand while he was speaking, and he didn't lift his eyelids, showing no emotion or anger.

Nie Mi reacted greatly, and immediately asked: "Who?"
