

Madam's 3301

Chapter 3301 She has neither money nor contacts

Nie Qingru still did not forget to emphasize: "Don't worry, I won't mess with the doctors. Those experts are serious doctors for Master Cheng..."

The lighter in Qiao Nian's hand flicked on, and a faint blue flame burst out from it. She didn't lift her eyelids, and her tone was calm, just like talking to a stranger: "What's the condition?"

"..."

Nie Qingru's anger, which had been suppressed with great difficulty, almost flared up again: "I need conditions for you? Don't forget, I am you..."

Grandma hasn't said anything yet.

The girl put on the lighter cap and gave her a sideways glance. Her eyes were half a smile but not a smile, as if she was looking at SB: "I won't ask for a third time. What about the conditions?"

What is her attitude!

Nie Qingru's chest was congested badly, her lips were trembling, but she also knew that Qiao Nian was serious, so she simply stopped pretending to be kind.

Brutely put it forward: "You deleted the photo on ins. In addition, explain to the Privy Council that the photo was synthesized by you."

There were almost no photos of her when she was young, and the few photos she had were burned by her.

She never thought that Ji Qing would leave one and secretly hide it.

When she saw the to sign left by Ji Qing under the rubbing photo of the Privy Council, her eyelids jumped.

Qixing just reported that he hid a woman during the weapons exhibition.

Qiao Nian then sent these photos to the Privy Council.

The picture of that woman is fine.

May her photo...

Nie Qingru has a headache when he thinks of the attitude of the Privy Council members. There is only one solution right now, which is to kill him and refuse to admit it.

In addition, let the person who sent the photo stand up and take the blame, saying that the photo was synthesized.

In this way, things may have room for maneuver.

Qiao Nian didn't say anything, but asked her, "Did you see the signature on the photo?"

Nie Qing frowned subconsciously, impatiently: "I'm not discussing this with you now, these are not important. The important thing is that I want you to delete the ins..."

"Ah!"

The girl suddenly let out a chuckle from her throat and interrupted her.

Nie Qingru stopped by herself, half-closed her eyes and looked at her menacingly, as if saying, "What kind of tricks do you want to play again?"

Who knew that after Qiao Nian chuckled, her expression became surly, and she looked at her full of aggression: "Do you want to blame her?"

"Qiao Nian!" Nie Qingru's complexion changed slightly when she was told about the central matter, and she warned her coldly not to talk nonsense.

However, Qiao Nian is not the kind of person who would talk to her at all, so she directly exposed her hypocrisy, and said brightly: "In order to protect Nie Qixing, you want to blame her for the dirty things that Nie Qixing did, and then you two, sister and brother, are fine. Get out of the way as well."

She gave Nie Qingru a thumbs up, full of sarcasm: "You can do it! Even dead people have to be used thoroughly."

She is not afraid of not being able to sleep at night!

"..." Nie Qingru's expression at this time could no longer be described in words, her eyes hinted at warning, and no one dared to speak like this in front of her.

If she could, she wished she could crush this evil person to death on the spot!

Did Qiao Nian want to come out to argue with her, but when she heard her braggingly say these words to him, she couldn't help but return a few words to her.

"Money, I have some."

"I don't lack contacts."

"As for the doctor..." At this point, she paused for half a second, looked at Nie Qingru's face with half-closed eyes, and said coldly, "You may not be able to call the person I am looking for."

Chapter 3302 Xue Lao asks if you have considered it

She was talking about Zhong Liuliu and Huang Lao.

If Master Cheng needs it, she can immediately ask the thin waist control to prepare a plane to pick up the two masters. There is really no shortage of Nie Qingru's "kindness" at the door.

"What exactly do you want to say?" Nie Qingru heard her voice-over, and her face became more and more unhappy.

People outside are afraid of her, but Qiao Nian is not afraid of her. He just looked at her casually and said concisely: "I won't delete the photos, and don't even think about the Privy Council. I just want to see how you choose? The road is up to you." In front of you. Didn't you choose power and status without hesitation back then? You can continue to choose like this now. After all, killing Nie Qixing should be as easy as killing an ant for the empress of the hermit family! You don't have to hesitate."

She picked up the events of that year so bluntly, as if she had slapped Nie Qingru **** the face.

Nie Qingru's face was pale and pale, and the way she looked at her could no longer be described with disgust, as if she saw the shadow of another person through Qiao Nian.

The kind that made her gnash her teeth with hatred, wishing to peel the opponent's skin and cramps.

"I am your grandmother!"

Seeing the girl turn around and leave.

Nie Qingru stood where she was and reminded her loudly.

"I'm your grandmother, and the Nie Qixing you're talking about is your elder! Do you still have humanity? It's fine if you don't have education, don't you even have a conscience?"

The girl only paused for half a second, then walked away without looking back.

That kind of attitude is as if she shouldn't even stay in the half-second pause just now, and should just walk away.

Nie Qingru looked at her back as she walked away without turning her head, and the gloom in her heart became more and more blocked there, making her unable to get over it for a long time.

The driver answered the phone and saw that she had stood there for ten minutes without moving, so he walked carefully to her side and said softly, "Queen, the shadow is looking for you."

Nie Qingru moved now. She looked at the direction the girl was leaving, turned around and returned to the car, and slammed the door shut.

Then he ordered the driver with sharp eyes: "Go back!"

*

What she said was going back to the hospital where Nie Qixing was.

Before she made a final decision, in order to ensure the safety of Nie Qixing, she asked the shadow to stay there for 24 hours to prevent the group of Privy Council members from making a decision for her behind her back.

and other black cars slowly drove into the single-family building of the hospital.

Shadow has been waiting there for a while.

When he saw Nie Qingru's car stop, he hurried to the back row to open the door for someone else.

The people in the car got off and could see that they were in a bad mood.

Shadow could only bow his head and shout respectfully: "Queen."

"What do you want from me?" Nie Qingru didn't even feel like humming, and asked him directly as he walked inside.

Shadow followed behind her: "Mr. Xue from the Privy Council was about to come to the hospital to see Young Master Qi just now. I stopped him and persuaded him to leave. But he said he would come back later. I'm afraid he will act aggressively if you are not here." ."

Nie Qingru stopped and looked back at him, obviously upset: "Why is he here?"

"Old Xue asked you... have you considered it?"

"..."

Conservatives have been on her side lately.

She almost forgot that the old man put the hermit family first, not her, the empress.

Now that something like this happened, it was inevitable that she would be forced to make a quick choice.

Nie Qingru only felt that the tightness in her chest made her more irritable, and she had never been forced to this point by anyone.

Chapter 3303 Nie Qixing is in love with his own sister

Seeing that her face was not looking well, Shadow raised his head slightly and asked, "Queen, what did Qiao Nian say? If she is willing to cooperate, there is still room for maneuver in this matter..."

He knew that Qiao Nian had posted old photos of the Queen on ins.

It was not until the front foot that the woman Qi Shao secretly hid during the weapons exhibition was reported.

At this juncture, the photo posted by Qiao Nian is almost fatal!

Because once the members of the Privy Council see the old photo of the Queen kept by Miss Ji Qing, they will immediately find out that the portrait of the woman hidden by Young Master Qi is not Miss Ji Qing at all, but the Queen when she was young!

Even though the Queen and Miss Ji Qing are mother and daughter.

But there are still subtle differences between the two.

For example, when she was young, the empress was more domineering, more indifferent, and had an air of repelling others thousands of miles away.

is a typical cold beauty.

Miss Ji Qing is more gentle and bookish.

The woman in Qi Shaozang is not so much similar to Miss Ji Qing, but more like the young queen!

That is to say... Young Master Qi has feelings for the Queen that he shouldn't have.

Shadow gets a headache just thinking about it.

He secretly glanced at the person walking in front of him.

After all, I have reached the age of knowing destiny.

Even if the queen is well maintained, she has always lived a pampered life, and there are very few things that need to be done by herself.

However, time still left indelible marks on her face. The fine lines at the corners of her eyes and brows that cannot be concealed are all traces of time.

It's just that she and Qiao Nian belong to similar people.

Personal aura is too strong.

It is easy for this kind of people to ignore their age at first glance, and subconsciously be subdued in the aura. He didn't know when Qi Shao developed abnormal feelings for the queen.

But it is undeniable that there is an insurmountable age gap between the Queen and Young Master Qi.

The two are still siblings!

Same father and same mother!

This is why everyone reacted so strongly when they realized the secret in the photo, and the Privy Council even forced the Queen to make a decision quickly.

The queen is a symbol of the hermit family.

They will not allow such a stain on the queen to exist.

So if Qiao Nian's cooperation is okay, they can kill him and refuse to admit it, and then push the person Qi Shao likes to the dead Ji Qing.

If Qiao Nian doesn't cooperate...

Then the queen must deal with Qi Shao in order to preserve the hermit family and her own reputation.

And the best way to cover up this kind of scandal is to make that person with a bad mind disappear from this world...completely!

Qiao Nian played them like monkeys step by step this time, and his methods were so fierce that he didn't look like he was only 20 years old. It was really terrifying.

No wonder the queen often said that she resembled Mr. Ji back then.

But Shadow still has a little fantasy: "You are her grandmother, and you went to find her in person, and you are willing to find a doctor for Master Cheng in a low voice. She shouldn't hold on to it... you won't really kill Young Master Qi."

At this moment, Nie Qingru finally spoke: "...Of course she won't take Qixing's life."

"That's good." Shadow just breathed a sigh of relief.

Immediately afterwards, I heard Nie Qingru continue in a suppressed and cold tone: "What she wants is me to do it myself."

Shadow's pupils trembled, his heart felt cold, a bucket of ice water poured down on his head, and he subconsciously asked, "Then, empress..."

He wondered how the queen would choose.

Qi Shao is still...

Nie Qingru frowned fiercely, her expression was gloomy and terrifying, she didn't answer his question directly, but said, "Go and see him first."

Shadow knew she was talking about Nie Qixing, but her heart was pounding and she missed two beats.

The queen will not...

However, Nie Qingru has already moved forward.

He can only follow suit.

Chapter 3304 I still don't believe that I can only be led by the nose by a yellow-haired girl

Nie Qingru stopped walking outside the ward, stood outside the door, and did not continue to walk inside.

Shadow stood behind her for a while, seeing that she hadn't moved for a long time, and then dared to ask cautiously: "Queen, won't you go in?"

"..." He was answered by a deathly silence.

Nie Qingru stood at the door and could see part of the ward through the glass on the door. Nie Qixing lay quietly on the hospital bed as if lifeless.

She didn't push the door to go in, but stood at the door for a while.

Then, under the gaze of the shadow, he turned and walked out.

"Empress."

Shadow's heart beat faster, and he couldn't help but call her.

Nie Qingru only gave him a back view without looking back, but she ignored him anyway, her tone was extremely cold: "I still don't believe that I can only be led by the nose by a yellow-haired girl!"

She has to think of a way again.

*

Next two days.

Qiao Nian did not receive any news related to Nie Qingru and the Privy Council.

But because of the photo she posted on ins, the heat that Nie Qingru suppressed before gradually picked up again, and more and more people discussed it.

Qin Si has also been online these two days, so he probably knows what Qiao Nian wants to do.

He saw that two days had passed, and there was no new news from Nie Qingru and the Yinshi family, so he was a little anxious for Qiao Nian.

While Qiao Nian and Ye Wangchuan came to the hospital.

He found Qiao Nian, pulled him aside, and asked solemnly, "Sister Qiao, about that photo..."

The girl is still wearing a peaked cap, with a generous attitude.

Leaning casually against the wall, he lifted the brim of his hat with his cold white hand, revealing those black and white eyes, and after glancing at him, he knew what he wanted to ask himself.

"Not urgent."

"Eh..." Qin Si didn't understand, how could he not be in a hurry!

Qiao Nian was calm and calm. He touched the silver lighter in his pocket with his fingertips and rubbed it slowly. The corners of his mouth curled up, "I'm the Queen of the Hidden Family, so it will take two or three days." ."

She never looked down on Nie Qingru.

If Nie Qing can become a symbol of the hermit family, surpassing others, she has some means, so she won't be easily forced into a dead end.

But there is almost no solution to Nie Qixing's matter.

Nie Qingru no matter how hard she tried, she still had to face the same choice in the end.

Choose Nie Qixing?

Choose yourself!

Qin Si looked at her suspiciously, but seeing that Qiao Nian didn't want to go any further, he didn't ask any further.

Gu San just ran out at this time, and said happily: "Master Cheng is awake!"

People in the hallway.

Bo Zheng, Luo Qing and the others were all shocked, and hurried towards the ward.

Qiao Nian didn't delay, and told Qin Si.

The two also went to Master Cheng's ward first.

...

Master Cheng was seriously injured this time, and he was in a coma for several days before waking up.

He still has a ventilator plugged into his body, and drips are being hung on the back of his hand. He says he is awake, but in fact he just opened his eyes.

His eyes could see that he was still confused.

But the moment Qiao Nian and Ye Wangchuan entered the ward, Master Cheng who was lying on the bed finally focused his eyes and opened his mouth to speak with effort.

"OK..."

"What do you always say?"

Master Cheng's lips were chapped, and he tried to open his mouth, but what he said was very vague, and he couldn't hear clearly.

Luo Qing was so anxious that he was sweating profusely, and turned around to ask others: "What is Master Cheng talking about, I can't understand a single word!"

Chapter 3305 Still dreaming

Bo Zheng didn't hear clearly, so he frowned and stood beside the hospital bed.

Qiao Nian heard a word clearly, and with a thought, he guessed what the old man was talking about.

Someone beside her walked over faster than her, sat in front of the hospital bed, held the old man's hand, and said in a deep voice, "The luggage is not lost, and the data in the computer is also there."

Master Cheng relaxed obviously, and his body was no longer tense. He looked at Ye Fanchuan and Qiao Nian beside the hospital bed with effort, his lips moved.

This time, I can roughly judge what he is talking about through his mouth shape.

-Thanks.

Master Cheng didn't care about his own life or death from the time he was stabbed suddenly, to when he fell into a semi-consciousness, and now he just woke up.

All he cares about is the computer data in the luggage.

He spent half his life researching these data, and he was afraid that it would fall into the hands of people outside the capital.

Others, even his own life is not as important as the things he guards!

Qiao Nian remembered that he was still thinking about his luggage and data when he was semi-conscious, and his chest was tight.

He clenched his hands, lowered his eyelids, suppressed the hostility in his eyes, and said in a gentle voice, "Don't worry, I will give you an explanation."

Nie Qixing and those from the Hidden World Family don't always feel that they are superior and different, and they can decide the life and death of others at will.

It was changed this time.

They are going to be decided by others, can these people remain calm?

**

Nie Qingru did not rest well for two days and two nights.

Every time I close my eyes, I wake up in less than an hour, and the migraine is even more serious.

After two days, things didn't make any progress.

Even if it is her, it is inevitable to be irritable and depressed.

"Empress." Shadow went in at this time, saw the person sitting there rubbing his temples, and asked with some concern: "Your old problem has flared up again?"

Nie Qingru raised her hand indifferently, looked at him and asked, "What did the archbishop say? Is it still the same attitude?"

Shadow herself hadn't closed her eyes for two days. Hearing this, she didn't dare to look into her eyes. She half-kneeled in front of her, and buried her head in shame: "I'm the one who is useless."

That old fox!

Nie Qingru's migraines got worse.

She didn't have time to get angry, so she brushed her hair and asked, "Where's Mr. Xue?"

"He came to see you several times on the way, but he's still urging you to make a quick decision..." Shadow's voice was dry and difficult.

Nie Qingru's breathing sound was amplified infinitely, and the corners of her mouth were irritated and indifferent: "Oh, they really can't wait."

Shadow knew he shouldn't say it, but the current situation has reached the point of nowhere.

"Queen, why don't you go and beg her again?"

"..."

Who she is is self-evident.

Nie Qingru's eyelids trembled, and she suddenly stared at the person kneeling in front of her.

Shadow's back stretched into a bow, and continued under the pressure: "This is the only way to save Young Master Qi! Unless she is willing to let go..."

As long as Qiao Nian is willing to let go.

They can still blame the dead Miss Ji Qing.

Young Master Qi still has a lifeline.

Of course, Shadow doesn't think that what he did is right, it's just that people are far and near. He watched Qi Shao grow up, and his feelings were extraordinary.

What's more, Miss Ji Qing has been dead for so long after all.

Fame or something is not that important to a dead person.

At least not as important as Qi Shao's life.

Shadow begged hoarsely: "You are her grandmother, as long as you are willing to tell her well, she will understand..."

Chapter 3306 They think too much, sister Nian has already blocked

Nie Qingru thought of that unruly face, and those eyes that were exactly like that person, and she was so disgusted that she didn't even want to look at it.

But now he has to bow to Qiao Nian.

Nie Qingru clenched her fingers and did not move for a long time.

Shadow's eyes were reddish, and his mood fluctuated violently: "Empress, you watched Qi Shao grow up and raised him as your successor. He is your younger brother and half your son. Even if Qi Shao did something wrong, You can teach him a lesson afterwards, beat him, whatever you want... But if you don't save him this time, he... has no way out!"

Nie Qingru closed her eyes: "Bring me my phone."

"You mean..." Shadow was overjoyed, not daring to delay, quickly found the phone on the coffee table and handed it over: "Queen."

Nie Qingru took the mobile phone, her lips were drawn into a straight line, after all, she found the phone number she had contacted two days ago, and hesitated for a long time to call.

She was thinking about what to say to make Qiao Nian let go...

However, before she could figure out what she was going to say.

A mechanical female voice came from the phone.

"Sorry, the number you dialed is empty."

Empty number?

Nie Qingru's first reaction was astonishment, but soon she realized that she had been blackmailed.

Her complexion quickly sank, her eyes were fierce, she stood up abruptly and threw her phone on the ground: "She wants to **** me off!"

A person like her, let alone a master Cheng, even if the person who died was from the Nie family, it might not be able to cause a ripple in her heart.

Not to mention that Master Cheng is not dead yet.

She couldn't figure out why Qiao Nian had to ask Nie Qixing to pay for Master Cheng's life.

"One is an insignificant outsider, and the other is an elder of her blood relatives. She is vicious enough, and I will be satisfied only if she **** her off."

Nie Qingru was so angry that her fingertips were trembling, but Qiao Nian dragged her down, and she had nothing to do...

At this moment, the phone she threw on the ground vibrated.

Shadow picked up the phone for her and sent it over.

Nie Qingru originally thought it was Qiao Nian's call, but there was still a bit of turmoil, but when she saw the number on it, her heart sank rapidly.

But still have to pick up.

"The three days promised by the Privy Council are only the last day. Empress, please make a decision as soon as possible."

The person on the other end seemed to know what she was thinking.

Before she spoke, she reminded her again: "These few times the Privy Council has questioned your decision-making, and some people have begun to mention the abolition of the queen system."

"If you can't maintain the reputation of the hermit family, then the empress's existence won't mean much."

The queen is a symbol of the hermit family.

But if she is tainted with that kind of scandal, then Nie Qingru, an empress, would have no meaning to exist.

The Privy Council cannot override the Queen.

But if the Privy Council collectively votes to abolish the queen system, it is not impossible!

Nie Qingru understood what the other party meant.

The other party was clearly telling her that she and Nie Qixing could only choose one, and she had to make a choice as soon as possible, and she would not be allowed to procrastinate any longer.

But that was the younger brother she had raised for thirty years.

Kiss my brother.

Nie Qingru's throat rolled, as if he had returned to the days when he could not make decisions decades ago, and was being led by the nose like this.

"I see."

**

The next day.

Nie Qingru went to the hospital where Nie Qixing was.

She didn't go in a few times before.

This time, he walked into the ward.

For three whole days, no one in Nie Qixing's ward came to see him except for the doctors and nurses.

Chapter 3307 Nie Qingru has already made a decision

He himself didn't know what was going on outside.

There was no pain anywhere on his body, but none of these could compare to the stinging pain in Nie Qingru's disappointed eyes when he saw him in the hotel that day.

"The medicine has been changed, the patient should pay more attention to rest."

The doctor changed his medicine and gave him some advice.

Nie Qixing ignored him, and even gave him a stingy look, as if these doctors and nurses were not worthy of his attention.

The doctor got used to his haughty attitude, and dutifully explained what he had to say, then he and the nurse tidied up their things and opened the door to go out.

He ran into the person standing at the door of the ward head-on.

The doctor froze for a moment, but still called out: "Ms. Nie."

Nie Qingru asked: "How is the person?"

The doctor knew that she had a lot of background, and he didn't know who she was, and he didn't want to ask, so he said politely: "The patient's body is improving, but the leg..."

"you say."

"His leg has been injured and has never healed. It is said that if he recovers properly, he may still be able to walk on the ground in the future."

"But he was still injured and injured again, which made his leg disease worse. I don't know when he will recover. Even if he can... it won't be so good."

Nie Qingru knew early on that Nie Qixing's leg would be permanently disabled.

Experts said at the time that even the most optimistic result after rehabilitation is a slight lameness.

But now...

The meaning of what the doctor said was very clear. No matter how hard Nie Qixing recovers in the future, he will be severely disabled. Like Lu Zhi, he may never be able to live without a wheelchair for the rest of his life.

Her successor...could be a slight limp.

But if Nie Qixing is completely disabled...

Nie Qingru rubbed the space between her eyebrows, and waved for the doctor to leave first: "I see."

The doctor and nurse walked away pushing the therapy cart.

Shadow vaguely guessed her thoughts, his heart beat fast, and he opened his mouth and said, "Qi Shao is still young, these doctors are not good, there are always doctors who can."

Nie Qingru didn't answer this time, but opened the door silently and walked into the ward.

**

"Get out." Lying on the hospital bed, Nie Qixing thought it was a doctor coming in again, and scolded him with a cold face and irritability.

Then I heard the voice of the shadow: "Young Master Qi, it's the empress who came to see you."

Nie Qixing's dull eyes quickly focused, and when he saw the person in front of his hospital bed clearly, he tried to sit up: "Sister...you..."

Shadow couldn't bear to see it, and stepped forward to support him.

"Young Master Qi, be careful."

"Um."

Nie Qixing was looking at Nie Qingru the whole time, and didn't even glance at him.

He didn't seem to expect Nie Qingru to come, he didn't know what to say for a moment, thought for a while and said: "The Privy Council didn't make things difficult for you."

Nie Qingru didn't know what to think, so she walked over to tuck him in the quilt, and said lightly, "No."

Nie Qixing could smell the incense from her body. The heavy sandalwood fragrance should belong to an elderly woman, but it gave him infinite fantasies.

He has been with Nie Qingru since he can remember. At first he thought he was her son, but later he realized that he was her younger brother.

Obviously...the younger brother is also a blood relative.

But he just had a twisted, inextricable fantasy.

"What's the matter with that woman?" Nie Qingru asked suddenly after standing straight again, as if she didn't see anything.

Nie Qixing's eyes tightened, and he looked up to see the traces of age that could not be concealed on her face, his eyes flickered: "Just... an ordinary woman."

Chapter 3308 You go first, I have something to say to the queen

He grew up with Nie Qingru since he was a child, and he has an inexplicable and sinking dependence on his own sister.

But where is the age difference, he is not really able to accept the skin of this age.

After a long time, he accidentally found a photo of Nie Qingru when he was young.

He hid the photo, and began to unconsciously look for prey based on the appearance of the person in the photo.

This thing is his biggest secret.

Almost no one knows.

He won't let anyone know.

Once the woman is found, his secret is exposed.

That's why he couldn't give that woman to his sister.

Because Uncle Ning and his sister will find out his dirty mind once they see that person.

"Will you not hesitate to go to the hospital for an ordinary woman and not let me go?" Nie Qingru's voice could not be heard, and she was very calm: "I told you before, as my future successor, you can't tolerate the slightest bit Stain, any stain could be a reminder!"

Nie Qixing still doesn't understand the seriousness of the matter, thinking that Nie Qingru is just teaching him a few words after the fact.

He said dejectedly, "I'm sorry, sister."

"..." Nie Qingru looked at him with secretive eyes, and didn't answer for a while.

Nie Qixing thought she was still angry, took another deep breath, and apologized to her: "I promise I won't make the same mistake again in the future."

"You are not in good health, don't be angry about my affairs."

The last sentence is his concern from the bottom of his heart.

Nie Qingru frowned slightly, looking at him with deeper eyes, and after a long time, he bent down and patted Nie Qixing's shoulder lightly in the shadow's fear.

"never mind."

Nie Qixing has been out of luck since he provoked Qiao Nian recently.

Nie Qingru hasn't been so friendly to him for a long time, as if he was back in the past, he softly called out: "Sister, are you...don't be angry with me?"

Nie Qingru quickly withdrew her hand, showing no emotion, but her eyes softened, giving him a rare good look: "Rest early."

Nie Qixing's nervous mood also eased. Hearing this, he nodded and smiled at her: "You too."

Nie Qingru's sharp eyes paused on his face for a second, then turned around, and left the ward without looking back.

The shadow did not follow immediately, but as if sensing something, he looked back at the ignorant person on the hospital bed with heavy eyes.

"Qi Shao..."

"Um?"

Nie Qixing received Nie Qingru's 'forgiveness', and he was in a good mood, and his tone was much lighter: "What's the matter, Uncle Ning."

Shadow looked at him as if he didn't know anything, his lips were extremely heavy, his throat seemed to be blocked with a ball of cotton, and he couldn't open his mouth no matter what.

His eyes gradually turned red.

Nie Qixing looked strange, and was about to open his mouth to ask him, "Uncle Ning..."

Nie Qingru's cold but forceful tone came from outside: "Shadow, what are you still doing inside?"

Shadow trembled all over, and looked outside.

He knew that he couldn't stay any longer, and he couldn't reveal a word to Nie Qixing. After a brief struggle, he still walked out of the ward with heavy steps.

...

Outside the hospital.

Shade didn't know what kind of mood he followed out of the hospital and came to the parking lot.

He watched the driver open the door for the graceful and luxurious man.

Nie Qingru is about to get in the car.

He pinched the palm of his hand, but still couldn't hold back, and said to the driver: "Go away first, I want to speak to the queen alone."

Chapter 3309 Are you really going to...

Although the driver was very surprised.

But as Nie Qingru's right-hand man, Yingying speaks with great weight.

The driver only thought about it for a moment, then said respectfully to the two: "Okay, I'm not far away. The Queen and Lord Shadow can call me at any time."

Shadow watched the driver go away, walked to a distance where it was impossible to hear the corner of the wall, and then turned back to look at the master he had followed for decades.

The muscles on both sides of the cheeks trembled violently, and for the first time, I felt suspicious.

He hasn't had time to speak yet.

Nie Qingru took the lead to break the silence: "Hey, you are so courageous now that you don't even pay attention to me."

Shadow's back felt cold, and immediately knelt down in front of her on one knee: "The empress forgives the sin. This subordinate is just in a hurry, and did not disobey your intention."

"Speak." Nie Qingru didn't bother with him, sat in the car, but didn't close the door, looked at him sharply: "What do you want to tell me?"

Shadow suddenly raised his head and touched her cold eyes. For some reason, those words were entwined in his heart, and he couldn't open his mouth.

Nie Qingru waited for a few seconds, but before he could speak, the sneer on his face disappeared: "My patience is limited. If you don't tell me, let the driver come back."

Shadow had blue veins on his forehead, he clenched his hand and then loosened it, then clenched it again, and finally mustered up the courage to look into her eyes: "Empress, have you made a decision?"

Nie Qingru's originally calm expression was completely cold, and he looked at him with a murderous look in his eyes: "What am I going to do? It's your turn to ask me?"

"But Young Master Qi is the person you watched and grew up with, like a son, and devoted your heart and soul to him. Are you really willing to sacrifice him?" Shadow said excitedly.

He is not a fool.

Having been with Nie Qingru for decades, he knows his master's words and deeds very well.

If the Queen gave Qi Shao a hard lesson in the ward just now, there is still room for change in this matter, at least the Queen is willing to protect Qi Shao.

But the Queen's attitude in the ward just now was unreasonably gentle, she even patted Qi Shao on the shoulder lightly before she left...

Perhaps in Qi Shao's view, this is the expression of intimacy.

But Shadow is very clear about how Ji Qing died back then.

Before Ji Qing died, the empress also had this attitude.

Changed from the usual strictness, she was gentle like an ordinary mother.

But...

"Empress, I know that Young Master Qi has caused you a lot of trouble this time, but if you insist on saving Young Master Qi's life, the Privy Council may not dare to..." Shadow spoke quickly and urgently, with a fine layer of pimples secreting from the tip of his nose. Sweat, I don't know whether it is anxiety or fear.

But he wasn't done yet.

Nie Qingru interrupted him: "Enough!"

Shadow raised his head and looked at her blankly: "Are you really going to..."

Nie Qingru looked at him sharply: "You know better than anyone how much I have sacrificed and compromised to get to where I am today."

Shadow lowered his head and said weakly: "I know. But..."

But that's Young Master Qi!

is the child he watched growing up.

He really couldn't bear it.

"I know what you want to say, but I can't ruin my whole life's hard work for him!" Nie Qingru closed her eyes heavily, and a fishy-sweet smell rose from her chest.

She is not much better off than Shadow.

But right now she only has this way.

"I raised him from an early age, gave him the best education, and hired him the best teacher. I didn't even push him to the bright side in the first thirty years so that he could have a quiet environment, and secretly cleaned him up. Obstacles in the way..."

Chapter 3310 Nie Qingru: So what?

"According to my plan, he should enter the Privy Council next year. Then I will disclose his identity and go up steadily step by step until he can take my place after a hundred years."

Here's her plan.

But she didn't expect Cheng Yaojin to come out halfway.

Nie Qing is not annoyed.

"You have also seen that, among other things, his eyes and legs are no longer likely to recover. Even if I force him to keep him, he will no longer be qualified for my seat. He can't even take the seat of the Patriarch of the Nie family. stable..."

These are of course not the point.

Nie Qingru did not say the final reason that prompted her to make a quick decision.

That is, if she forcibly saves Nie Qixing, her position as queen of the hermit family will come to an end. Even if he could barely sit in this seat in the future, the power in his hand would definitely be thinned out and become an empty shelf.

How could she tolerate being away from the center of power and becoming a dispensable mascot? !

This is what prompted her to make a cruel decision.

The Privy Council has issued an ultimatum to her, and Mr. Xue, who finally stood on her side, urged her again and again. She must express her position...

Shadow's eyes were bloodshot, and he still had the last sliver of fantasy. He looked at the condescending person who seemed to have no feelings, and said in a dark voice: "But that is Young Master Qi. You watched him grow up. He is your blood-related younger brother, half a son. Same people."

He thought that Nie Qingru would at least be touched, but he looked hard and saw the slightest ripple on the graceful woman's face.

Instead, Nie Qingru looked back at him with calm, almost ruthless eyes. His eyes met, and he heard Nie Qingru's cold answer.

"so what."

Shadow felt that he had stopped breathing at this moment.

-so what!

**

the next day.

Qiao Nian got up in the morning and took a shower. Just as she wiped the moisture from her hair with a towel, she saw the screen of the mobile phone on the table light up out of the corner of her eye.

She was not in a hurry to read the news, and rubbed the water droplets on the tip of her hair a few times. Just as she threw the towel on the coffee table, there was a knock on the door.

Knock knock.

Very polite.

In the past two days, her room has almost become a hotel check-in point. There are people from morning to night every day, and the others just don't go back to their rooms, so they have to spend time in her place.

Qiao Nian squeezed her browbones, and felt a headache just thinking about it, so she said casually, "Come in."

She remembered that this was a hotel, so she walked over to open the door, and saw a handsome man standing at the door.

Ye Wangchuan looked at her just after taking a shower, wearing only a bathrobe, with a lazy and eye-catching look, his deep eyes sank, and he blocked her without a trace: "Go in first?"

Qiao Nian didn't think too much, and let him in sideways.

Ye Wangchuan came in and stood at the porch, not in a hurry to go in, but stood at the door and took out the mobile phone in his pocket, his eyes seemed to be sending a message.

Not for a while.

Qin Si received a WeChat message.

【Y: If you want to go to Continent F to accompany Mo Dong, don't knock on 3306's door today. 】

Qin Si played games all night last night, and was woken up by the buzzing reminder of WeChat, half-blinded and turned on the phone to look at it.

At first he thought his eyes were blurred.

Wo Cao Wang sent him a message early in the morning?

When he was a little more awake, he sat up and read the warning on WeChat clearly, and sat there for a long time without reacting.

Until the phone flicks again.

Another new message.

【Y: Master Cheng is going to be transferred to another hospital today, you should go there early and call other people along the way. 】
