

Madam's 3321

Chapter 3321: Sister Nian wants to settle accounts after autumn

Old Xue's eyelids twitched, and he didn't go around with him when he raised his eyelids: "I think what the empress said has some truth."

Jacob brought two cups of coffee to the two, put them down lightly, and stood obediently in the corner.

The middle-aged man didn't seem to have expected that his position had changed so much. His hand that was stretched out to get coffee stopped in mid-air, and his eyes became weird.

"When did you get so close to the queen?"

Conservatives and the Queen have never been in harmony.

He seemed to be talking without beginning or end, but he was actually asking Mr. Xue where he is now.

"You don't need to test me." Facing his persistence, Mr. Xue said frankly, "The only ones I am loyal to are the Hermit Family."

"The empress used to be too powerful. In order to prevent her from turning the hermit family into her personal weapon, I will definitely suppress her. Didn't the archbishop also have this kind of thinking, so he became a neutral faction of the Privy Council, and no one has anything to do with it. "

The middle-aged man narrowed his eyes dangerously, but he didn't retort: "Mr. Xue is now standing with the Queen because...?"

"Qiao Nian is too strong." Xue Lao did not hide his worry, met his eyes, and said bluntly: "If she has such a personality to take over the Hidden Family in the future, it will undoubtedly be a disaster for the Hidden Family. I don't know." It is optimistic that she will inherit the throne of the queen. Since she will not be able to take over the Hermit family or become a member of us in the future, such a person will

stay outside and become an enemy. It is better to kill her in the cradle as soon as possible while she is still young. Just like...we used to Just like you did!"

Those who are not my kind, do not stay!

This is the code of conduct of the Hermit Family.

He didn't deny that he had been very optimistic about Qiao Nian for a long time, and even intended to support her in the position, so that she could go up a few steps in the Privy Council.

But when he saw with his own eyes that Qiao Nian could fight against the hidden family in order to find out the cause of Ji Qing's death, and almost ruined the reputation of the hidden family several times, this idea quietly changed.

Qiao Nian has a certain talent.

Back then, Ji Qing was also talented, why didn't the Privy Council choose to leave Ji Qing alive in the end. The reason is simple - Ji Qing refuses to work for the Hermit Family.

A genius who refuses to surrender, and is always against the hidden family, then the only result waiting for her is destruction.

The season is like this.

The same is true for Qiao Nian.

The archbishop understood his thoughts in an instant, remained silent for a long time, and did not make a statement like Xue Lao thought, but paused, and gave an ambiguous answer: "I see."

Old Xue saw that he was still unwilling to stand on his side, so he didn't say anything. He looked at him with shrewd eyes and said, "Archbishop, we can't let Qiao Nian continue!"

Quentin looked at him.

Mr. Xue didn't avoid his eyes, but stared straight at him. The stern eyes that were bound to win showed that he had made up his mind.

Fortunately, Jacob answered the phone at this time and came over in a hurry, handed the phone to the middle-aged man, and said in a low voice that the two of them could hear: "Independent continent phone."

Quentin's eyes softened, he reached out to take the mobile phone, staggered his eyes, and resumed his usual inhuman indifference: "I don't want to leave Mr. Xue if I have something else to do."

**

Nie Qixing was most afraid of Zhou Zheng in this 'accident'.

He now has no idea whether it was Qiao Nianmov's hand, or Nie Qingru and the hidden family behind it.

Since he separated from Nie Qixing that day, he has been hiding in hiding for fear of being found.

Chapter 3322: You know this empress

This kind of dreadful days continued until now, and he was about to have a nervous breakdown.

After several days of insomnia and being unable to eat, he still came out of his room in the evening, wearing a mask and hat, and went downstairs to buy instant noodles in a nearby supermarket.

Zhou Zheng stayed in an express hotel this time.

The hotel is adjacent to the busiest commercial street, and it is a quiet place, but the surrounding environment is very ordinary and the buildings are very messy.

It was completely different from the star hotel he stayed in before.

It is safer here, and it is close to the hotel where he stayed before. He can observe the situation at any time, and he can still run if he finds that something is wrong.

Zhou Zheng went into the convenience store, took two buckets of instant noodles, paid for it, and prepared to go back.

He walked out of the convenience store and saw a familiar figure standing on the side of the road.

The man has eye-catching bird feathers, and the colorful colors are in stark contrast to his sloppy attire, which is unforgettable at first sight.

Zhou Zheng always felt a little familiar, so he stopped unconsciously and frowned to look at the man on the side of the road.

At this time.

The strange man on the side of the road came towards him.

Zhou Zheng was taken aback, and instinctively wanted to run away.

But he was grabbed by the shoulder before he had time, facing the man's half-smiling eyes, he forced himself to be calm: "Who are you? Do we know each other?"

"Tsk!" Slender waist slammed his mouth, and reminded him very bluntly: "You don't know labor, but labor knows you. I ate a bucket of instant noodles on the side of the road, and you have to let the hotel security chase me I have three streets, remember?"

"You are..." Zhou Zheng suddenly remembered, his eyes widened in astonishment: "The beggar from that day?"

beggar...

Squatting on the side of the road and eating instant noodles is called a beggar?

Is he cerebral palsy? !

The slender waist controlled his breath and smiled, then said expressionlessly, "Our boss wants to see you."

Zhou Zheng's heart skipped a beat, he had a vague premonition, and wanted to run away, but the 'beggar' who grabbed his shoulder looked thin and strong, and he couldn't break free.

Seeing that he couldn't break free, Zhou Zheng's face turned pale. After thinking about it, he asked in a sensible way: "Who is your boss?"

Slender Waist Control still remembers that he asked the security guard to chase after his enemies in three streets, and he was not so polite with him. He dragged him to the car parked on the side of the road: "You will know when you get there!"

**

at the same time.

The atmosphere in Nie Qingru's villa was very low.

The servants didn't dare to show their anger, and tried to be gentle with their hands and feet, for fear of being accidentally caught on fire.

Even so, they could still feel the coldness from Nie Qingru.

Someone came in from outside.

Nie Qingru didn't raise her eyelids: "How?"

Shadow was wrapped in a cold air, bowed his head respectfully: "Zhou Zheng has been taken away."

Nie Qingru paused, put the tea cup back on the coffee table, straightened up slightly, and looked at him sharply: "Oh? Who is it?"

Needless to say, this answer is not difficult to guess.

Shadow: "People from the Red League in the illegal area."

"You should have the impression that he is one of the main members of the Hongmeng, with a slim waist."

"He appeared in State M ten days ago, but Hongmeng is good at hacking computers to create a false identity for himself, so we didn't find him until now."

The fact is, if it wasn't for the Slender Waist Control who was responsible for finding Zhou Zheng this time, I'm afraid they wouldn't be able to find out that the other party is in M state until now.

This is Hongmeng.

Nie Qingru's cheek muscles twitched, her face was gloomy, and she lowered her eyes and said, "Since she is from Hongmeng, it must be her."

Chapter 3323: I also want to bring a wave of hatred to Miss Nian

Qiao Nian is the sun of Hongmeng, and it is not a secret in their circle.

Shadow raised his head, only to see that she didn't speak.

Silence is the best answer.

Nie Qingru put his hands on his forehead, thought for a moment, seemed to think of something, and said to him: "The Zhou family doesn't know yet, right?"

"... probably don't know." Of course the Zhou family wouldn't know!

Nie Qingru raised a cold eyebrow, sneered and ordered: "Then tell the Zhou family, so that no one will collect his body when he dies."

She doesn't mind making Qiao Nianduo an enemy.

"...yes."

*

M Guo Zhou's family.

Zhou Zheng's parents called their son immediately after receiving a mysterious phone call.

Not surprisingly, everything went nowhere.

Zhou Zheng couldn't get through the phone at all.

After they panicked for a short while, they received that mysterious call again. The person on the phone reminded them that Zhou Zheng was in the hands of a girl named Qiao Nian.

The Zhou family also has certain connections in country m, and they do a lot of business, otherwise they wouldn't have gotten in touch with Nie Qixing.

Father Zhou quickly followed the prompts to find the information about Beijing City and Qiao Nian.

"People in Beijing lived around the city before the age of 18, and they were only taken to Jiang's house in Beijing two years ago..." They couldn't find much.

Although Zhou's father didn't understand why Qiao Nian took Zhou Zheng away, the current situation did not allow him to think about it, so he immediately used all his family connections to contact the capital.

...

The private hospital where Master Cheng works.

Master Cheng has already been transferred to the special plane by the doctor in Beijing. The plane took off an hour ago and has already returned to Beijing.

Qiao Nian stayed in the hospital to get Master Cheng's medical records for the past few days, and planned to take them back and hand them over to the doctor in Beijing that Mr. Ye and the others found for Master Cheng.

As soon as she came out of the attending doctor's office, she ran into people from the Ninth Institute head-on.

"Miss Qiao, when can we go back?" Jiang Tianzhi is a talkative person, he doesn't have a heart, and he doesn't make many detours.

As soon as Master Cheng left, they were also in a hurry to go back.

After all, the weapons exhibition is over, so it doesn't make sense for them to stay here.

Besides, everyone is worried about Master Cheng's health. Of course, it is more reassuring to go back to Beijing and take turns to take care of him in the hospital.

Yu Wenhao was very inconspicuous among the crowd, but he looked at Qiao Nian with that fearful and suspicious look from time to time.

When he saw Qiao Nian now, he thought of the fate of Nie Qixing who had offended her, and when he thought of himself, the uneasiness became even stronger.

But no one noticed him.

Qiao Nian also didn't notice that Yu Wenhao in the crowd had a bad face.

The girl raised her hand and pulled down her peaked cap, put away the documents in her hand, and said, "Hurry up."

Jiang Tianzhi didn't know how long she had been talking too fast, and was about to step forward to ask again.

Qiao Nian seemed to know what he wanted to ask, put his emptied hand in his pocket, raised his eyelids and looked at him: "I'm looking for someone, I'll leave when I find someone and ask clearly."

Jiang Tianzhi went in without knowing it: "Who is Miss Qiao looking for?"

Qiao Nian hadn't had time to answer him.

Ye Wangchuan came from the end of the corridor, directly passed Jiang Tianzhi and the others, walked up to the girl to hold the document in her hand, lowered his eyes and said, "Slender waist control is back."

Qiao Nian raised his eyebrows, he didn't expect him to be so fast.

She was not in the mood to waste time with Jiang Tianzhi and others, so she turned to Ye Wangchuan and said, "Let's go, go and see him."

The two left side by side, leaving Jiang Tianzhi and others behind...

Chapter 3324: Do you believe me when I tell you to take you to the brain department?

"who are you?"

"You let me go."

"I tell you to get out of the way!"

In the ward where Master Cheng was staying, Zhou Zheng blushed like a mindless fly with a thick neck and wanted to rush out, but it was a pity that he was stopped by the bodyguards at the door every time.

His mobile phone was confiscated, and when he smelled the disinfectant in the hospital, he thought of Nie Qixing, his heart beat uneasy, and he just wanted to get out of here quickly.

"What on earth do you want to do? What are you bringing me to the hospital for?" Zhou Zheng squeezed his palms and tried to calm down: "You are because of the instant noodles? I can pay you back, ten barrels? No, how much do you want?" How much will I pay you?"

Slender Waist Control was originally cynically leaning against the door to play mobile games, when he heard him chattering non-stop in his ears, and then he said that he wanted compensation.

Looked up and smiled.

The tone is quite bad: "Do you think Xiaoye looks like someone who can't afford instant noodles!"

Zhou Zheng looked at him hesitantly, with the expression on his face filled with 'You don't look like you're having a good time' and 'You look alike'.

"You better shut up!" The slender-waisted control couldn't laugh immediately, and really wanted to beat Qiao Nian to death before Qiao Nian came.

Zhou Zheng gritted his teeth: "What on earth did you bring me here for?"

"I told you to take you to see the brain department, do you believe it?" Slender waist control asked him angrily, and immediately said: "I told you on the way here that the boss wants to see you. You started yelling when you came here, yes Are you out of your mind or hard of hearing?"

Seeing his bad attitude, Zhou Zheng dared not continue to provoke him even though his face was red and his neck was thick.

He was silent for a few minutes.

The thin waist control game hasn't started yet.

Zhou Zheng beeped in front of him again: "Who is your boss? Why does she want to see me. Is it with..."

The instruments in the ward have not been dismantled.

In addition to the strong smell of disinfectant inside, those instruments that were too late to remove made a 'beep' sound from time to time.

These voices fell into the ears of Zhou Zheng, who was already guilty. It was undoubtedly torture in disguise.

The slender waist control took out his ears: "What?"

Zhou Zheng felt guilty and didn't dare to look him in the eyes: "It's nothing."

He thought of Nie Qixing, and what Nie Qixing told him to do before...

Slender Waist Control didn't bother to pay attention to him, and continued to concentrate on playing the game at hand.

Zhou Zheng looked at the two burly men guarding the door, knowing that he couldn't escape at all, so he walked back to the ward in a daze.

The hospital bed has been emptied and covered with white sheets and bedding.

He has a ghost in his heart now, and he dare not approach the hospital bed at all, so he found a visiting chair in the corner and sat down far away.

In my heart, I guess who is going to see him this time.

Could it be someone from the hidden family?

As soon as this idea came up, Zhou Zheng himself denied it.

He has been with Nie Qixing for half a year, and he has seen the way people from the hidden family deal with things. Those people are used to being superior, and they are not so polite to people who are not from the hidden family.

Zhou Zheng's eyelids twitched.

Not from the Hermit Family, who is that?

Just when he was frightened into a cold sweat, there was finally movement at the door.

He heard the 'beggar' call: "Boss."

Zhou Zheng quickly raised his head and looked over nervously—

'Beggar' didn't play with his mobile phone anymore. He changed his attitude of being difficult to communicate with when talking to him, and honestly talked to someone like a primary school student who saw a teacher.

Zhou Zheng saw a handsome young man standing beside the man, who seemed to be younger than Nie Qixing.

Chapter 3325: I tried to persuade Young Master Qi, but he didn't listen

He looked familiar.

But for a while, he couldn't remember where he had seen this person.

The moment he was distracted, the slender waist stepped out of the way, turned sideways and turned back in his direction, pouted, and said to the person in front of him, "There it is."

Zhou Zheng saw clearly the person blocked by him in the blink of an eye, and blurted out: "Joe, Qiao Nian?"

He gasped in surprise.

His eyes were still fixed on the girl who was about to enter the door in front of him. He never thought that the person who found him first and brought him here was... Qiao Nian.

Zhou Zheng looked at the girl who was walking over, flustered for no reason, and didn't dare to sit on the chair anymore, stood up abruptly, and subconsciously took a step back.

"You are his boss?"

This is not the point.

Zhou Zheng grasped the key point, tried his best to control his emotions, swallowed, and tried not to look so nervous: "Why did you bring me here?"

"I have no grievances or enmities with you in Beijing, did you find the wrong person?"

"Chick."

The girl walked up to him and stood still, clicked her tongue with disdain and disdain, dragged a chair to the side, and sat down in front of him.

She rested her arms lazily on the back of the chair, raised her head slightly, revealing the exquisite face under the brim of the hat, with extremely dark eyes.

"Where were you the day Master Cheng had an accident?"

Boom!

Zhou Zheng's mind was about to explode.

The color of his lips paled immediately, his face looked pale and poor, his shoulders shook a bit, his eyes wobbled, and he wanted to pretend to be stupid: "I don't understand."

He was probably too guilty.

Before the girl could continue to ask, she anxiously separated the relationship.

"It's true that I am friends with Young Master Qi, but I didn't participate in Master Cheng's affairs. If you don't believe me, you can ask Young Master Qi."

"Nie Qixing is dead, don't you know?" Qiao Nian raised his eyes.

Zhou Zheng's reaction was a bit unnatural, he didn't dare to look her in the eyes, and stood there awkwardly, pretending to be stupid: "Young Master Qi is dead? How is it possible?"

Qiao Nian didn't bother to talk nonsense with him at all, and exposed him mercilessly: "If you don't know why you have been hiding for a few days and dare not show your face. Isn't it because you are afraid that Nie Qingru will settle accounts with you?"

She even knows this? !

How would she know?

Zhou Zheng suddenly raised his head, his eyebrows beating wildly.

There was a layer of sticky sweat from the palm of his hand, and he didn't know what to say.

Qiao Nian looked straight at him with sharp eyes, and said concisely, "So where were you the day Master Cheng had an accident?"

"I..." Zhou Zheng's throat rolled, dry and itchy inside.

During this period of time, he was hiding from place to place, and he couldn't sleep well at night, and he didn't dare to think about what happened that day.

Now the things that I try to forget are being forcefully placed in front of me in this way.

Zhou Zheng was dripping with cold sweat, but he couldn't say any sophistry.

He always felt that the other party had already guessed everything!

He raised his eyes to look at the girl who was one step away from him, then looked at Ye Wangchuan, Xiao Yaokong and others behind him, and listened to the ticking sound of the instruments in the ward.

The psychological defense line was finally defeated.

Zhou Zheng's shoulders trembled violently, he covered his face, and said in a muffled voice: "I persuaded Young Master Qi! I kept telling him not to trouble you. But he just didn't listen! He insisted on forcing me to do things for him. "

He regretted it.

Ever since he received that mysterious phone call a few days ago, he regretted it terribly.

If he had known earlier, he wouldn't have taken the risk to cling to some hidden family, and if he didn't help Nie Qixing, he wouldn't have fallen to this point.

Chapter 3326: Sister Nian: Do you think I will say that?

"He insisted that I attack Master Cheng, and he had to let me go by myself, saying that it would be easier to find someone else."

"I have refused and persuaded. I can't afford to offend him! You also know that he is backed by the hidden family, so I can't help it."

After hearing this, Qiao Nian said calmly, "So you took advantage of Luo Qing's absence in the hotel and stabbed Master Cheng."

Zhou Zheng looked up at her with scarlet eyes, pinched his hands tightly, and after a few seconds, he lowered his head in resignation and moved his lips: "Yes."

Since Nie Qixing asked him to take people out of the hotel that day, he never dared to show up again, for fear that what he did would be discovered.

Later he heard that Nie Qixing died unexpectedly in the hospital.

His fear reached its peak.

Zhou Zheng felt a sense of relief when he said it now, but this pleasure was shrouded in fear and could not give him spiritual comfort.

"Where's the woman next to Nie Qixing? Where did you hide her?" Qiao Nian suddenly mentioned.

The muscles on Zhou Zheng's face were still trembling, but he was taken aback when he heard the words, and immediately showed a contemptuous, mocking and resentful expression, and said, "She has already run away!"

"I told her that Qi Shao was in danger and that people from the Hermit Family were looking for her, and then she followed me obediently on the surface, then turned around and ran away while I was not paying attention."

Ran?

Qiao Nian raised her eyebrows, and exchanged a glance with Ye Wangchuan, both of them saw some clues in each other's eyes.

It is said that these things have nothing to do with that person, why did she run away?

Zhou Zheng still said indignantly: "At first I wanted to find her, but...you know my situation. If I didn't dare to make a high profile, I would have captured her long ago."

Now I don't know where that woman is hiding.

After all, it was still caused by that woman.

If he had that woman in his hand, and the Hermit Family found him, he could always push someone out, but that woman was even more ruthless and cunning than him, and she ran very fast.

"You also know that I did what Master Cheng did, what do you plan to do with me?" Zhou Zheng didn't care about a woman who ran away, and cared more about his own situation.

"You've spent so much effort looking for me, you're sure you won't let me go easily..." He spoke stiffly, but in fact he still held a trace of fantasy in his heart.

Thinking that since he said this, Qiao Nian might soften his heart and let him go.

After all, he was forced to help from the beginning to the end, not because he wanted to hurt Master Cheng subjectively. Besides, he didn't die, so Qiao Nian wouldn't care too much about him.

"This matter has little to do with you..." The girl's voice was careless and quite loose.

Zhou Zheng's heartbeat thumped, and he couldn't help but open his eyes to look at her, and the corners of his mouth almost raised.

Then he saw the corner of the girl's mouth curled up, her expression unrestrained, and she leaned lazily on the back of the chair, tapped her fingers, and looked at him with narrow eyes: "Do you think I will say that?"

Zhou Zheng's heart suddenly fell to the ground, he fell from heaven to hell, and his face turned pale: "You..."

Qiao Nian is playing with him!

Regarding to himself, he still couldn't hold his breath. He grabbed his fist desperately and growled in fear: "You better not mess around."

He can't afford to offend the Hermit Family.

But the Zhou family also knows a lot of people in Beijing.

If Qiao Nian moved him...

Before Zhou Zheng had time to say the threat, he saw Ye Wangchuan glance at him indifferently, as if he was looking at rubbish.

Chapter 3327: Miss sister is direct enough

"What are you doing with him?"

"Just for fun." Qiao Nian blinked rarely, and said slowly.

Zhou Zheng seemed to be humiliated when he heard this, his neck was swollen red.

But he still hasn't spoken.

Ye Wangchuan said plainly again: "Bring him back to the capital, and then we can deal with whatever we want."

It would be quite troublesome for Zhou Zheng to stay in State M to go through legal procedures, and extradition procedures are still needed.

But if he is brought back to China, whether it is M state or Zhou's family, they have to follow the legal procedures, and Zhou Zheng will be counted as the crime of intentional injury this time.

A sentence of 20 to 30 years is no problem.

Qiao Nian didn't intend to deal with Zhou Zheng privately at first, so she looked up at him, immediately lowered her eyelids, and said very dryly, "Okay~"

**

They took a long time to leave, just to catch the person who stabbed the knife at that time.

Qiao Nian was checking this yesterday the day before yesterday.

She did not check the monitoring at that time.

After all, Nie Qixing did not become a master on a whim, it must have been carefully planned, and Nie Qingru was behind the scenes to help clean up.

It is quite difficult for her to find out from the surveillance.

So she didn't think about looking for evidence in this area at all, but chose to start the investigation from the people around Nie Qixing.

Nie Qixing hardly brought anyone with him when he came to State M this time.

Some of the staff were arranged by Nie Qingru by his side, half protecting and half monitoring.

Nie Qixing would definitely not be able to use these people if he wanted to attack Master Cheng, so it is very simple to find out who that person is.

Excluding these people, there is only one left—Zhou Zheng.

After Qiao Nian left the ward, he handed the recording pen that he had been carrying with him to Luo Qing: "The murderer who attacked Master Cheng has been found. This is the evidence he personally admitted."

Luo Qing let out an 'ah', and instinctively reached out to take the recording pen from the girl, and finally turned his head around, followed the girl blankly and asked, "Miss Qiao, how did you find this person?"

This is too fast too.

He thought he had to go back to Beijing to discuss with Mr. Ye and the others, and then join forces with the police here to investigate slowly. It would take a year or so at least.

Who knew that Qiao Nian had already captured him.

"I didn't find it."

"?"

Qiao Nian didn't explain too much to him, looked at the time and said, "Let's get ready, it's almost time to go back."

The matter here has been dealt with.

It's time for them to return to Beijing.

"Okay." Luo Qing didn't delay, and hurried to inform the others: "I'll tell them."

Qiao Nian watched him go away, then turned around and looked at a man who had been silent by his side all the time: "Why didn't you tell Luo Qing that they were your people watching Zhou Zheng."

Ye Wangchuan had a smile in his eyes, his dignity was outstanding: "He doesn't know Yaomen."

Qiao Nianyou's broken hair fell disobediently on the brow bone, just blocking her eyes, and she didn't seem to notice the falling hair.

Ye Fanchuan stretched out his slender fingers to brush her loose hair, pinned it gently behind her ears, and said softly, "Only you know about Yaomen and the dark castle."

Master Ye is not very aware of his influence outside, but he never hides it from Qiao Nian, and always exposes it to her.

The place where Qiao Nian was touched by his fingertips was a little hot, she drooped her eyes for a second, then raised her hand and pulled off her peaked cap, feeling still restless, she raised her eyes to look at him: "You... are you using beauty? Seduce/seduce me?"

She said interrogative sentences, but she used an affirmative tone.

The tone was annoying and dry, and there was an... feeling that I couldn't express.

Chapter 3328: Miss Nian v5, I will take charge

Ye Wangchuan didn't expect that she would say this suddenly, and after a rare moment of stupor, he immediately leaned back shamelessly, and frankly admitted: "Yes."

He seemed to have stars falling into his eyes, and looked at her with a slight smile: "So God Qiao, have I succeeded?"

"..."

Qiao Nian stared into his eyes for a few seconds, his eyelids twitched, and he was about to look away.

Ye Wangchuan suddenly reached out and grabbed her slender wrist, clasped his fingers tightly, and covered his eyes with extremely long eyelashes, which became more and more sparkling.

"God Joe wants to run?"

"Cough!"

Qiao Nian suspected that he was poisonous, coughed dryly, did not break away from his hand, and confronted him face to face: "Then what do you want?"

Ye Wangchuan was stunned for a second, as if he didn't expect that she would ask himself this question, and he couldn't figure out how to answer it for a long time.

How about it?

He really didn't think about this question.

Qiao looked at him intently. After waiting for a while, he didn't hear his voice. After thinking for a while, his fair face was somewhat willful, but his expression was quite serious: "Don't worry, I will take responsibility."

—I'll take care of it!

Ye Wangchuan grinned, stretched out his hand to brush her eyebrows for a long time, and smiled: "Am I afraid that you won't be responsible?"

Qiao Nian squinted at him.

I didn't want to say it.

But seeing how he and himself pretended to be romantic, he still couldn't hold back: "No? I think you're in a hurry."

Ye Wangchuan was standing opposite her, Wen Yan put his hand on his chin and touched it lightly, his eyes were half downcast, always reflecting the appearance of a girl.

"I'm in a hurry and it's useless."

Qiao Nian looked at his plump and handsome appearance, and subconsciously squeezed his swollen forehead, feeling a little headache: "...I have to finish dealing with the matter of Independent Island first."

She hasn't found out how Ji Qing died that year.

The last experiment on the U disk has not been successfully reproduced.

It will take three to five months for these things alone, and she must not be in the mood to discuss these in a short time.

Ye Wangchuan seemed to know what she was going to say, pinched her slightly cold fingertips, and returned to his usual lazy and casual look: "I said I would wait for you to turn 21."

"..." Qiao Nian looked up.

He just admitted that he was anxious.

Ye Wangchuan saw what she was thinking, squeezed the girl's fingertips hard, then wrapped her hand and warmed it up for her, with a low and mellow voice: "My internship period has been from two months to almost two years now. I haven't turned regular yet, so it's normal for my brother to be anxious."

Qiao Nian was subconsciously stretched out his hand to pull the brim of the hat by his "brother". As soon as he raised his hand, he realized that his hand was still being held by him.

The temperature from the palm of her hand was hot, at least it made her fingertips colder than before.

Qiao Nianming knew that he was deliberately mentioning that she was going around the city before in order to prevent Jiang Li from discovering her identity, so she obediently called him 'Brother'.

But knowing that he was joking on purpose, Qiao Nian still took a deep breath, narrowed her dark eyes, and looked at him.

Ye Wangchuan raised the corners of his mouth, just drawing a shallow arc.

Suddenly, she was pushed against the wall by the girl, and then a cool breath approached, and the scent of saponin that belonged to Qiao Nian's body filled her chest. As soon as he was distracted, he was bitten on his lip.

Qiao Nian took a bite and let go, then curled up the corners of his mouth like him, a little more perverse than him, and looked at him: "Brother won't be angry!"

Brother, she bites hard.

is simply arrogant.

Ye Wangchuan's eyes darkened, and he was about to pull her back.

Suddenly, there was a rush of footsteps coming from far to near, before the Qin Si people arrived, the voice came first: "Master Wang, Gang Luo's deputy team said..."

Chapter 3329: Why is the hidden family like a dog skin plaster that cannot be shaken off?

He rushed over and saw two figures leaning together.

Qin Si immediately braked and bounced like a ghost: "Uh, sister Qiao is also here. Well, you go ahead, I'll get out!"

He left as soon as he said, and he was so quick, and he disappeared in a blink of an eye.

Qiao Nian came back to his senses this time, with a tense headache in his brain, and a gloomy expression on his face, not understanding why he had accidentally led him astray.

It seems that every time she confronts someone, her self-control always gets worse.

Obviously sometimes I want to talk to him about something serious, but when I talk to him, I become what I am now.

Qiao Nian let go of his hand and took a step back: "Returning to the regular banquet..."

Is she really thinking about this question?

Ye Wangchuan couldn't help laughing, he didn't expect that he would be able to eat the regular meal organized by his girlfriend one day, and if the old man found out, he would definitely chase him three blocks with a cane.

"Let's buy it as a gift for Chenchen."

"..." Qiao Nian looked at him with raised eyebrows.

Ye Wangchuan Zhilan Yushu, with very beautiful eyebrows and eyes, his eyes wandering, smiled slightly and said: "Comfort the children."

Especially the kind of kid who longs for growing up soon, secretly poking at the corner of his uncle's house with a small hoe.

He really wanted to see Ye Qichen's expression when he received the gift from Qiao Nianzhan's banquet.

That little devil is the best at pretending to be good in front of his 'sister', he just wants to see the little guy crying.

Qiao Nian didn't think too much about it, thinking that he just loved the little guy, so he nodded: "It just so happened that I bought a few game CDs these days."

"Okay." Ye Wangchuan put his hands in his pockets and leaned slightly against the wall.

He has tall legs, long legs, and a slender figure. As soon as he leans there, he can enjoy the scenery.

Qiao Nian couldn't help but glanced at him twice, always feeling that the corners of his mouth were still... teasing her on purpose.

At this time, Qin Si left and returned.

Probably seeing the two of them separated, he panted and said, "Then what are you, let me declare that I didn't do it on purpose."

"Someone is looking for Sister Qiao outside."

Qiao Nian's attention was drawn, and he lowered his eyebrows: "Who?"

"Tsk." Qin Si smacked his lips and said in a mocking tone, "Who else can it be."

He saw that Qiao Nian was looking at him, so he didn't keep it up: "It's just a member of the Hermit family, an old man, who doesn't look like a man from M state."

Qiao Nian had already guessed who the visitor was from his description, and said impatiently, "It seems that they have received the news that I am leaving."

It's been a while, and these people can't sit still anymore.

Ye Wangchuan clasped her hand: "Are you going?"

Qiao Nian seemed to have gotten used to his intimacy, and didn't feel any repulsion or incompatibility. She half-closed her eyes to force down her impatience, and said, "I'm leaving soon. If I don't see them, they will just go on endlessly." come and find."

"trouble!"

The words can hear her direct sense of people like the Hidden World Family!

Qin Si was very touched when he heard it.

Don't say that sister Qiao is annoying, these days even he feels that people like the Hidden Family are like a dog's skin plaster that cannot be shaken off.

Glue both ends in three days.

Every time the people who come here are the same way, they all come to the door by themselves, and they still have to put on that kind of superior posture, which is annoying to watch.

*

The entrance of the hospital.

Old Xue stood in the hospital lobby waiting for the girl to come down.

Luo Qing had just informed Jiang Tianzhi and the others that several people from the Ninth Institute were coming out of the elevator, ready to go back to the hotel to bring their own things.

They were supposed to go back a few days ago, but it turned out that the incident of Master Cheng had to be postponed, and the previously packed luggage was opened and messed up again.

So they have to go back in advance to organize their things, so that they can leave as soon as it is convenient.

Chapter 3330: It deserves to be isolated!

When the group got out of the elevator, they immediately saw an old man in blue shirt standing in the lobby, and beside him were two straight, naked bodyguards.

The two bodyguards stood there, making people feel oppressed without extra movements.

"That person..." Yu Wenhao slowed down.

Jiang Tianzhi also saw the very eye-catching old man in the middle of the hall, who was much more stable than him, and said, "Let's go our own way and leave him alone."

This person is not in the circle they usually come into contact with, as long as they don't take the initiative to provoke them, the other party should not pay attention to them.

Yu Wenhao heard his voice, and felt an indescribable feeling in his heart.

He was walking out silently following Jiang Tianzhi and his party.

When passing the old man in the middle of the hall, the other party suddenly spoke to him: "Excuse me, did you see Qiao Nian?"

It was for Qiao Nian... Yu Wenhao felt that the other party was after Qiao Nian early in the morning, but he was taken aback when he heard the other party asking him.

At this time, several pairs of eyes fell on him, especially the eyes of the old man did not look fierce, but rather peaceful.

He adjusted his breathing, raised his eyes and said, "She's probably still upstairs in the ward."

Jiang Tianzhi frowned, looking at Yu Wenhao with some disapproval.

Yu Wenhao pretended not to see it, and said to the old man, "Do you have anything to do with her? How about I call her for you."

The old man in green shirt gave him a surprised look: "You know her... very well?"

He knew Qiao Nian well. Apart from being familiar with friends around him, he was generally indifferent to other people, not difficult to get along with, but not very social.

Seeing that Yu Wenhao could call Qiao Nian directly, he thought that Yu Wenhao and Qiao Nian had a good relationship in private.

Yu Wenhao was a little embarrassed when asked, and said embarrassingly: "I'm not very familiar... just know each other."

Old Xue thought he was being polite and was about to speak.

The elevator doors not far ahead opened.

A girl in a T-shirt and a peaked cap came out of the elevator and walked towards them.

Once Xue Lao saw Qiao Nian coming down, he immediately forgot about Yu Wenhao, and immediately walked towards the girl.

Two bodyguards also followed.

In the place where he stood just now, Yu Wenhao was the only one left.

He seemed a little embarrassed, his face was flushed, and his neck was also red, and he watched the two of them meet.

Jiang Tianzhi saw that he was still standing there and refused to leave, so he urged him: "Are you still not leaving?"

Yu Wenhao turned his head reluctantly: "I..."

Jiang Tianzhi couldn't understand his behavior of running to please the Hermit family just now, and said with a cold expression: "Everyone has to go back to pack your luggage. If you don't want to leave, just stay here alone, and we will go first."

He said it very bluntly!

None of the other nine institutes helped Yu Wenhao out.

Master Cheng was tricked by the people of the Hermit Family this time, and everyone felt uncomfortable. Seeing those people didn't look good.

But just now, Yu Wenhao obviously wanted to curry favor with the other party, which made people feel embarrassed!

Yu Wenhao also felt everyone's exclusion and indifference towards him, so he clenched his fist quietly, embarrassed to continue to stay here: "I want to go."

"Then let's go."

Jiang Tianzhi didn't even look at him, turned around and led the way.

Others also filed out, and no one spoke to him.

Yu Wenhao feels more isolated.

He pursed his lips, turned his head and finally looked at Qiao Nian and Mr. Xue in the middle of the hall, and followed everyone unwillingly.
