

Madam's 3361

Chapter 3361 Sister Nian is going to circle the city, immediately

Ye Wangchuan returned her meaningful eyes.

Qiao Nian touched his eyes, no need to ask further, he already knew the answer.

She put the half-drunk Coke on the bar and walked back with the slippers on her feet: "I'm going to go around the city."

Gu San looked at her back going upstairs, and couldn't help looking anxiously at Ye Wangchuan: "Master Wang, won't you stop Miss Qiao?"

"Do not block."

Qiao Nian was worried about Aunt Chen and the others, and wanted to go over to confirm that Uncle Chen and Aunt Chen were safe. It was normal for him to stop him for some reason.

What's more, the matter of surrounding the city has basically been settled.

The Zhou family couldn't get over the storm.

Qiao Nian was going, so he went with her.

Ye Wangchuan withdrew his gaze, still looking dignified and lazy as usual, he didn't even bother to raise his eyelids, and told Gu San: "You go and prepare two tickets for the fastest round-the-city flight."

**

Around the city Fu's house.

As soon as Fu Ge came home from outside, he saw his mother beckoning him to go over as if she had something to say.

Tired from a day's work, he didn't even have the heart to listen to the blind date talk, but because of the favor of the elders, he resisted and walked over.

Don't wait for Mother Fu to speak.

He preemptively said: "Mom, I had a meeting today and I'm very tired. If you have nothing to do, I'll go back to my room and take a shower first."

"Stop!"

How could Fu's mother not know what was going on in his mind, and looked at the back of her son about to go upstairs and explained: "I don't want you to go on a blind date."

Fu Ge then stopped and looked back at her, but he didn't intend to go back. He just stood there and waited for her to say something.

Seeing his expression of "rejecting people thousands of miles away" now, Fu's mother couldn't help but feel a twinge in her heart, and felt uncomfortable: "You are still thinking that you can't stay in Beijing..."

Fu Ge graduated from a prestigious school, the proud son of heaven, and the heir of the family she valued the most before.

Who knew that the youngest son she was most proud of would come to where she is today, and even if she didn't want to admit it, she would have to admit it.

Fu Ge has come to this point today, and he has nothing to do with her.

If she hadn't hated the poor and loved the rich at the beginning, and looked down on that Qiao Nian, if she insisted on tying the Fu family to Qiao An, it wouldn't have caused the family to fall every day.

In this small place around the city, they are almost reduced to ordinary families.

"Oh, you're still blaming me." Mother Fu's eyes were red, she raised her hand and rubbed her eyes, her tone of indescribable depression and self-blame.

Fu Ge was already very tired, seeing her expression again made him feel even more tired, and he didn't have the energy to comfort her: "I don't blame you."

He didn't want Fu's mother crying in front of him, so he simply changed the subject and brought it up: "By the way, Mom. What did you want to say to me just now?"

Sure enough.

Mother Fu remembered the things she was excited to share with him, and stopped her tears: "It's not a big deal."

"?"

"Today Cai Gang personally went to the food management office to pick up someone and send him to the hospital."

When Fu's mother mentioned Cai Gang, she couldn't hide her envy.

The Fu family has fallen.

In the past two years, Cai Gang has become more and more stable, and he seems to have become the first person to circle the city.

"I think it's very strange, and I just want to ask you if you heard anything outside."

"Me? How do you think I know?"

Fu Ge's eyes were lonely, he pulled the corners of his mouth and smiled, and said directly to her: "That circle has always been strict with its mouth, even if there is news, it will only be spread inside the circle, and will not spread to the ears of outsiders."

He was talking about the circles of several big families surrounding the city.

Chapter 3362 I still want to take regret medicine now, it's too late

In the past, the Fu family was also one of them.

Now there are only the Tang family and Cai Gang.

He has long been excluded from the circle, and no one takes him to play with him.

Mother Fu's past two years have not been smooth, so she fell silent after hearing the words.

The aggressive spirit on her body is gone, only the fine lines and fatigue that a middle-aged woman should have: "I suspect that this matter has something to do with Qiao Nian."

It's been a long time since I mentioned this name, Fu's mother was in a daze for a moment, but then she remembered: "You and her..." Can't we be friends?

Before she finished her probing question, Fu Ge interrupted her coldly: "Mom, since we have come so far, we don't regret taking the medicine. Stop thinking about your unrealistic fantasies!"

Mother Fu was rarely reprimanded by him, but she just moved her mouth, after all, she couldn't say anything to refute.

Fu Ge was even more tired, dragging his exhausted body upstairs: "I'm going back to my room first."

Mother Fu looked at his back that had been bent down at a young age, and felt extremely heartbroken and regretful.

But it's just like Fu Ge himself said.

It was the path they chose at the beginning, but now it's too late to say they regret it!

**

Qiao Nian arrived at the airport around the city in the afternoon.

When she arrived, she went directly to the hospital where Uncle Chen lived.

Just when Ye Wangchuan thought she was going to find Uncle Chen, Qiao Nian just took a long look at Uncle Chen and Aunt Chen outside the ward, then turned to ask him, "Where is the office of Uncle Chen's attending doctor?"

"Over there." Ye Wangchuan pointed in a direction, then paused: "I'll take you there."

Qiao Nian followed him to find the attending doctor, explained his purpose, and asked about Uncle Chen's physical condition.

The doctor in charge didn't know her identity, but the two of them had an extraordinary bearing, unlike ordinary family members of patients, who showed them Uncle Chen's physical examination report with a more amiable attitude.

Qiao Nian was on the way to seriously read the report.

The female doctor sat on the swivel chair and pushed down the glasses on the bridge of her nose, and said in a friendly tone: "We have given the patient a comprehensive examination. Apart from his old problems, he just hasn't had a good rest in the past few days and he is very nervous. caused an increase in blood pressure."

"We kept him in the hospital just to give him some drips to lower blood pressure and blood sugar, and we can go home when his indicators drop."

She doesn't need to explain this, Qiao Nian can understand the meaning of those cumbersome data on the medical report.

The female doctor is very professional.

Uncle Chen's various examinations showed that except for the elevated blood sugar in the blood routine examination, other indicators were within the normal range.

Qiao Nian's nerves, which had been tensed for several hours, relaxed, thanked the doctor, and left the office without delaying other people's work.

When she returned to the corridor of the hospital, Cai Gang had rushed over after receiving the news.

He hadn't seen Qiao Nian for a long time, but he recognized the girl wearing a hat and exuding an unfriendly aura from the crowd at a glance as the person he was looking for.

Cai Gang trotted over quickly: "Miss Qiao."

He is quite smart, so he called Qiao Nian first.

Then he turned his head and greeted the man standing beside Qiao Nian respectfully: "Wang Ye, you are here too."

Ye Wangchuan is used to this kind of treatment, after all, Gu San and Qin Si are in this kind of treatment, even sometimes Bao Jingxing will be led astray.

He only had his eyelashes down, and there was a faint smile on the corner of his mouth, and he asked Cai Gang, "Where's Chen Yuan?"

"I just took him to the airport, that's why I was delayed for a few minutes on the road..." Cai Gang has never been worried about his affairs.

Chapter 3363 No, go see the Zhou family first

He is very good at trying to figure out people's hearts, and this kind of person is generally very good at persuading others.

At first, Chen Yuan didn't plan to go back to school, but after he persuaded him, he quickly agreed to go back to school first and wait for news.

Cai Gang sent him to the airport according to Ye Wangchuan's instructions, and watched him get on the plane before leaving.

Who knew that he received the news that Wang Ye and the others were also coming to circle the city halfway. They came and went, which delayed a little time, otherwise he would have been waiting for someone to come at the hospital immediately.

Ye Wangchuan was very satisfied with the efficiency of his work, he said 'En', his brows stretched, and he couldn't see anything.

Cai Gang relaxed himself, and took the initiative to mention it to the girl: "The people from Zhou's family are at the police station now, is Miss Qiao going to meet them?"

He didn't know if Young Master Ye had explained the ins and outs of this incident to Ms. Qiao clearly. After thinking for a moment, he decisively told Qiao Nian briefly.

"Aunt Chen and the others encountered these things this time because the Zhou family wanted to see you but couldn't find a way to do so, so they decided on Aunt Chen and the others."

"Aunt Chen... just now. She told me not to tell you today. So..."

He glanced in the direction of the noble and lazy man indiscriminately, and quickly looked away. He didn't say that he wanted to explain for Ye Wangchuan, but he explained to Qiao Nian through his own words.

"Do you want to see Uncle Chen first or...?" Cai Gang cautiously asked her opinion.

Qiao Nian pushed down his peaked cap, except for his slightly cool eyes, there was hardly any extra emotion in his body: "Go to the police station first."

She didn't intend to see Uncle Chen, but just wanted to confirm the safety of the two elders, fearing that the situation like the master would happen again.

Fortunately, Uncle Chen is fine.

Aunt Chen is fine.

Qiao Nian understood why Aunt Chen would rather die than tell herself, it must be because she was afraid of troubleping her.

Since Ye Wangchuan has settled the matter, why does she have to go to the ward to show her face, just to make Uncle Chen and Aunt Chen worry.

...

Father Zhou has remained silent since he was brought back to the police station.

No matter what the policeman asked, he always said 'sorry, I have to wait for the lawyer to come'.

It looks gentle and polite, but in fact he is very uncooperative with the police work, and is very stubborn and difficult to communicate.

Even if the police put in front of him the confession of framing Aunt Chen's family of three and the evidence provided by the hospital, and the fine lines in the corners of Zhou's father's eyes moved slightly, he just leaned back and said calmly—wait for my lawyer to come and talk to him. You communicate.

He seems to be sure that his lawyer can help him out of the predicament in front of him, not to mention how arrogant, but he just refuses to cooperate.

When Qiao Nian arrived, the policeman in charge of communicating with him had already persuaded him for nearly five hours.

He keeps his eyes closed all the time, as if he is asleep, unless the police pat the table to remind him to correct his attitude, he will open his eyes and give a short answer, most of the time the response is only silence.

Long silence can wear down a person's patience very much.

The person in charge of communicating with him will be driven crazy. After that, he doesn't even want to say anything, and sits opposite him with a cup of tea, as if I'm just spending time with you.

Father Zhou didn't care about the angry policeman sitting across from him, he just sat there thinking about which link went wrong, and how he should solve the current predicament next.

Of course he would ask the top foreign lawyer that his family has worked with all the year round to come and release him on bail.

It's just that he doesn't know when the lawyer will come over...

Chapter 3364 Can I talk to him alone

While he sat there absent-mindedly pondering these questions.

The door of the interrogation room opened suddenly.

Someone is talking outside.

"Come out for a while."

"OK."

Father Zhou saw the little policeman sitting across from him and quickly got up and went out. He didn't forget to close the door inside when he went out.

The interrogation room has strict sound insulation function, as long as the door is closed, the outside sound cannot be heard.

Father Zhou looked at the room where he was the only one left, his brows furrowed involuntarily, and he fidgeted a bit on the chair, always feeling a little uneasy.

Outside.

Cai Gang called out the person inside: "How? Did he explain it?"

"He refused to say anything." The young film policeman shook his head, very embarrassed: "I just emphasized that I have to wait for my lawyer to come and communicate with us."

Rich people like to do this.

Every time the police brought people in for questioning, these people kept silent and refused to cooperate in various ways. Asking questions meant waiting for a lawyer.

As if lawyers are the police!

It's very annoying.

Cai Gang saw many people like Zhou's father, and he was not as angry as the young man. He said coldly: "We have a complete chain of evidence for him, which is also the result of the lawyer. It is impossible for him to be released on bail!"

The regulations on bail are different at home and abroad.

Domestic bail is only applicable when the evidence is insufficient, and you can be released on bail.

Overseas, as long as you give enough bail, you can be released on bail no matter what crime you are involved in.

Father Zhou is from Country M after all, and he thought that the bail mechanism in China is the same as in foreign countries, as long as he pays money, he can be taken out by a lawyer.

The young police officer was silent, noticed a man and a woman brought beside him, and asked in surprise: "These two are..."

Qiao Nian went straight to Cai Gang and said, "Can I go in and have a chat with him?"

Cai Gang didn't even think about it: "Of course it's no problem."

Ye Wangchuan was wearing a dark turtleneck sweater today, which set off his jade-like figure. He lowered his eyes and asked the girl, "Do you want me to accompany you?"

"No need." Qiao Nian pursed her lower lip, put one hand in her pocket, her eyes were dark, and she couldn't tell what was going on in her heart: "I want to talk to him alone."

Cai Gang pulled the young film policeman aside and didn't know what to say.

Wait for the two to come back.

The young film policeman entered the interrogation room and took out his teacup, then raised his eyes and said to the girl, "Don't take too long."

"OK."

Qiao Nian brushed past him and walked in.

The door was also closed outside at the same time, it should be according to her request not to disturb her.

...

Father Zhou sat alone in a chair in a trance, waiting for the policemen who had left to come in. He closed his eyes and was resting, only hearing a series of footsteps going back and forth in the room for a short time.

Then he heard a young girl's voice.

Father Zhou's heart skipped a beat, and he slowly opened his eyes.

In the huge interrogation room, only the person whose eyes were illuminated by an incandescent lamp above his head had pain in his eyes. Father Zhou had been in it for four hours and was already exhausted.

But when he saw the girl in front of him, he was still refreshed, and he woke up instantly.

"you..."

"Aren't you looking for me?"

Qiao Nian casually walked past him, pulled the chair opposite him and sat down, put her hands on the table, tapped her fingers on the table, raised her head slightly, revealing the eye-catching face under the peaked cap, which was very beautiful.

"Why, don't you know?"

It's just quite dragging, a little careless.

Father Zhou suddenly came back to his senses: "Qiao Nian, you..."

Chapter 3365 My money is enough for those around me

He wanted to say, why are you here.

After thinking about it, I fully understood.

She must have rushed here after hearing about the incident around the city. Wouldn't it be ridiculous to ask her why she was here.

Father Zhou thought he was not a stupid person, so he collected himself, looked at the girl across from him, and said cautiously: "Three generations of our family have only weak children, and Zhou Zheng's generation has only one child. I heard that this child I did something wrong and provoked you, I am willing to make any remedy. As long as you ask, we will try our best to meet any conditions. "

The Zhou family has strong financial resources and their business spreads all over the world.

This is also the confidence that Zhou's father, as a successful person, negotiated with Qiao Nian.

He thought that as long as Qiao Nian was willing to talk about the conditions, he would be satisfied no matter what, but he needed to see Qiao Nian and mention it to her.

"Miss Qiao, I'm serious. I hope you will think about it." Zhou's father was very calm, and he could even talk to her here, and he took the initiative to mention Aunt Chen: "I know that my behavior is a bit reckless, including this time. I found Aunt Chen and the others to see you. Don't worry, I didn't really want to hurt them."

"You can ask the people I'm looking for. I told them before that I just want to scare them and let them go in half a day at most."

"As for the medical expenses that Aunt Chen paid in advance in the hospital, as long as I can see you, I will pay them back double afterwards."

He thought he was doing the right thing, everything was just a stopgap measure.

He was only temporarily embarrassing Uncle Chen and Aunt Chen, and he didn't really want to do anything to them. When the goal was achieved, he would naturally be willing to make up for it.

In the eyes of businessmen, this is a business.

As long as no one suffers in the end, it doesn't matter what the process is.

Father Zhou himself didn't notice that when he talked about ordinary people like Uncle Chen and Aunt Chen, he couldn't hide the sense of superiority in the corners of his eyes and brows, as if he had money and power and was superior to others. As noble as others.

Qiao Nian's chest was on fire, and the corner of his mouth was still smiling, but the smile didn't reach his eyes: "Oh? Then do you know why Zhou Zheng has come to this point?"

"I heard that he injured a person." Zhou's father didn't take it seriously, and immediately said: "I can pay for medical expenses, nutrition expenses and lost work expenses. As long as you ask, Miss Qiao, I will satisfy you with any conditions."

His purpose is only one—to let Zhou Zheng go.

However, Qiao Nian gave him a completely different answer: "It's not about the money."

"That's it?" Father Zhou didn't understand.

There is nothing that can't be solved by interests!

Qiao Nian met his eyes, looked at him expressionlessly: "I have a little money, enough to spend, and enough for people around me to spend."

Father Zhou was taken aback for a moment, and couldn't help frowning: "Who would think too much money..."

Qiao Nian sneered, but did not refute him, and asked leisurely: "Then have you thought about it, maybe I think your Zhou family is not rich enough."

Father Zhou's face changed, his expression was a little annoyed, and the way he looked at the girl changed from being friendly at the beginning to a little disgusted.

After all, he wanted something from others, but he managed to maintain his dignity, and said with a smile on his face, "Miss Qiao, don't be joking."

Of course the Zhou family is rich.

Otherwise, they wouldn't be able to make connections like the Hidden World Family.

He felt that Qiao Nian was too young, he could only see the sky one inch and three feet above the mouth of the well, and thought he saw the whole sky.

Chapter 3366 You made the same choice as Zhou Zheng

"As long as you make an offer."

He tried to put this negotiation on track, and just said the numbers.

Who knew that Qiao Nian just raised his head and leaned back slightly on the back of the chair, looking at him with a half-smile expression, as if he was a joke.

"You can't afford the price I'm asking! I want 100 billion, 1 trillion, and you will give it?"

One hundred billion?

one trillion?

Father Zhou's expression became abnormally angry, and he gritted his teeth and reminded her in a deep voice: "I am talking to you with sincerity!"

It means that the number proposed by Qiao Nian is too much of a joke.

The total market value of the Zhou family may be as large as Qiao Nian said, but everyone knows that market value is not equal to liquidity.

No one can afford that much money.

The girl didn't sit so well, she seemed to be an unreasonable person, and she didn't follow him, but looked at him with a pair of insightful eyes.

Seeing Zhou's father feeling terrified for no reason, he pursed his lips and calmed down: "Miss Qiao, you can think about it."

"Do you think you can still go out?" Qiao Nian didn't answer him, but asked casually.

Father Zhou was stunned by her question, and frowned: "My lawyer is on his way."

The implication is that he can be released on bail when his lawyer arrives.

Who knew that when he met Qiao Nian's cold eyes, Father Zhou suddenly couldn't continue speaking, and his expression became disturbed.

"What do you mean?"

Qiao Nian was too lazy to circle around with him, and stood up and looked at him condescendingly: "In your eyes, Aunt Chen and the others may be worse than ants, but here, you have violated the law. Your behavior has constituted a crime and abetting others to commit a crime. Zhou Zheng sentenced For 20 years, your behavior in the past few days will be wiped out to zero, and you will be sentenced to 2 years without any problem. These will be explained to you in detail when your lawyer comes..."

Father Zhou's face finally changed drastically, his shoulders trembled, he failed to maintain his so-called decency, his lips were livid, and he looked up at the girl: "Are you trying to push our family to the brink?!"

"I never forced you."

Qiao Nian's brows and eyes were faint, as she said, there was no shadow of Zhou's father in his eyes at all, only endless darkness, and a surly look like wildfire burning.

"The grievance has its head, and the debt has its owner. The only one I am looking for is Zhou Zheng. You have been tossing around in Beijing for a week or two, have I troubled you?"

"..."

Qiao Nian did not trouble them, but he did not see them either.

Father Zhou hadn't had time to speak yet.

The girl seemed disdainful to argue with him, and didn't have the patience to chat with him: "I'll help you answer the previous question."

"The reason why I brought Zhou Zheng back to the country was not because he offended me, but because he set his mind on people around me. If he came directly to me, maybe I might let him go, but he stepped on My bottom line, then don't blame me for not leaving him a way out, because he himself didn't leave a way out for himself. It's just like... Mr. Zhou, what you chose today!"

It was Master Cheng who Zhou Zheng moved at the beginning, and he almost killed Master Cheng.

Today, Father Zhou moved Uncle Chen.

Although he said that he didn't want to do anything to Uncle Chen or Aunt Chen, but he just moved, so there were so many plans.

"You feel that you are different and superior. In my eyes, you, like Zhou Zheng, are people who rush to the top."

After Qiao Nian finished speaking, regardless of his changing expression and face, he walked out of the interrogation room without looking back.

When she came to the door, she stopped suddenly.

Chapter 3367 Delusion: He can hire a lawyer as he pleases

Looking back at the middle-aged man who hadn't recovered from his senses, he put his hands in his pockets leisurely, and asked, "By the way, Zhou Zheng's second-instance verdict is coming out next

week. Based on your current situation, you shouldn't be The way is to go to the court to sit in, probably after he goes in. Your case is about to go through the judicial process."

Second Instance Judgment...

Father Zhou was poked on the lung tube and finally broke his defense.

He covered his face and grabbed his hair again. Although he didn't want to believe what Qiao Nian said that he couldn't be released on bail, he had a strong sixth sense telling him that what Qiao Nian said was true!

He stepped over the line this time.

He just wanted to force Qiao Nian to see him, and then rescue Zhou Zheng. Who knew that things had developed to this point, he didn't fish out the person, and instead of talking about it, he even put himself in.

He's going in for two years...

Father Zhou didn't dare to imagine the consequences.

Then the door of the interrogation room was opened, and the girl walked out of the interrogation room calmly, without giving him any time to react.

When he reacted, he was the only one left in the room.

Nothing but incandescent lights flickering overhead!

But at this moment his state of mind changed. This kind of boundless silence was more tormenting than directly judging him. Father Zhou couldn't maintain his reason any longer, and began to slap the table, shouting loudly: "I want to see a lawyer! I want to see a lawyer immediately! See my lawyer!"

...

There is a transparent glass window outside the interrogation room, through which you can see the situation inside, but the people inside cannot see the outside.

Cai Gang and Ye Wangchuan watched as Qiao Nian came out, and Zhou's father changed his previous performance of the presence of the old god, and began to cry out.

Cai Gang turned his head and asked the person in charge: "What's going on inside? What is he doing?"

The young film policeman was also very surprised. He listened to it with his earphones on, then turned to Cai Gang and said, "He...he's making a fuss about seeing a lawyer."

"Oh." Cai Gang frowned, and looked at Ye Wangchuan again, a little worried: "I heard that the lawyers brought by the Zhou family this time have never been defeated in the international arena, and they are very powerful. They paid a lot of money to find them. Yes, just to win the domestic lawsuit. This lawyer is also proficient in the laws of various countries and is very difficult..."

Ye Fanchuan stood with them, but he stood out like a flock of chickens, without even raising his eyelids, he was poured a glass of water.

Then he took a moment to look at him, his expression was quite leisurely and lazy, but also revealed a trace of dignity: "Let him invite you. If I win, I will live in vain."

Cai Gang saw his indifferent attitude and knew that no matter how powerful the Zhou family invited this time, this master probably prepared even more powerful lawyers to fight with them.

What's more, they also have a complete chain of evidence for Zhou's father's instigation of crimes. These evidences cannot be explained clearly by Zhou's father's "scare".

The Zhou family stole the chicken this time and put themselves in it.

Cai Gang probably made a mistake in the judgment of the other party. He always felt that Qiao Nian was the kind of person who could be bought with benefits. He seemed to give enough benefits and everything could be discussed.

So when they came up, they put their brains on Aunt Chen and the others, and made this kind of farce. It was really clever but was mistaken by cleverness.

Cai Gang is an extremely smart person, he knows what to ask and what to shut up, so he shut up immediately.

It happened that Qiao Nian came out of the interrogation room.

He saw Ye Wangchuan skillfully handed the warm water he just got to the girl, changed his laziness and force just now, frowned and looked at the girl's tired face, and said in a gentle voice, "Drink some hot water."

Chapter 3368: Not from the city, nor from Beijing

Qiao Nian took the water and realized that the water was still hot, so she held the cup to warm her hands, lowered her head and took a sip, a burst of warmth flowed through her stomach, suppressing the restlessness that brought her out by Father Zhou.

She then said slowly with a hoarse voice: "I don't think things are that simple."

"Huh?" Ye Wangchuan went to close the window on the side of the corridor to prevent the wind from blowing in. Shen Tong was looking at the girl, as if waiting for her to finish.

Qiao Nian rubbed the wall of the paper cup with her fingertips, thought for a while, then raised her eyes to meet his four eyes: "When we come back, the people from the Zhou family will follow..."

She asked the key question: "Who told the Zhou family?"

Ye Wangchuan's eyes flashed, he already guessed it, but he didn't want to say it directly: "Don't you know that person?"

"..." Nie Qingru.

Qiao Nianguang felt extremely agitated even after replaying the name in his mind, as if there was a haystack piled up on his chest that might be ignited at any time and exploded to pieces.

Even Cai Gang felt something was wrong between the two of them, so he interjected: "Young Master Ye, Ms. Qiao. Do you mean that there are people involved behind this?"

But when he investigated Zhou's father, he didn't find anyone behind the scenes.

Cai Gang pondered for a moment, and said in a responsible attitude: "How about I check further down?"

"No."

At this moment, Qiao Nian raised his head and drank the water in the glass. His brows and eyes were light, and he rejected his kindness concisely.

"This is not someone who can be found around the city."

"Is it from Beijing?" Cai Gang originally wanted to say that if he was from Beijing, he would have friends he knew. But he raised his eyes to look at Ye Wangchuan, then silently raised his hand and closed his mouth.

In terms of contacts in Beijing, who can compare to this one?

Miss Qiao wants to investigate, but Master Wang has no reason not to help.

Unless that person is not from Beijing either.

He was thinking so.

Sure enough.

Qiao Nian paused for two seconds: "No."

"Then..." Cai Gang was a little confused.

It's not people from around the city, nor from Beijing, it can't be that they come from country m like the Zhou family, right?

If it involves overseas, it will be difficult to check.

At this moment, Qiao Nian stood up, threw the flat disposable water cup in his hand into the trash can next to him, and walked back gracefully, as if he wasn't bothered about this matter at all, and said to Cai Gang: "... Director Cai, the people inside will be handed over to the trash can." is you."

"Don't worry, Ms. Qiao." Cai Gang immediately stood up straight and said, "When his lawyer comes, I can deal with it as I want."

"En." Qiao Nian knew that he had evidence in his hand, slapped his eyelashes, and looked at Cai Gang with dark eyes: "There is one more thing to trouble you."

trouble...

Cai Gang seemed to have a heavy burden on his shoulders, and quickly took a peek at the young man, but he didn't do it obviously, and immediately said: "Miss Qiao is too polite, but if there is anything I can help, just say it. "

"Over there at the hospital..."

"ah!"

Cai Gang thought she was still asking him for help, but when he heard that the hospital was still unclear, he immediately interrupted her and said with a smile: "Don't worry about Uncle Chen and Aunt Chen, I will take good care of them. They have sent people to guard near the hospital, and they will notify me as soon as they have something to do."

Father Zhou has not closed the case after all, protecting the victim is also in line with the process.

Qiao Nian nodded: "Thank you."

Cai Gang didn't dare to accept her thank you in front of Ye Wangchuan, so he quickly waved his hands, very low-key and polite: "Miss Qiao, we have known each other for so long. This is just a small favor for me, don't worry about it superior."

Chapter 3369: The other side's lawyer is here

"I will tell you as soon as possible what happens around the city in the future."

He said very politely: "Don't worry, I won't tell Uncle Chen and Aunt Chen that you have been back."

Before Qiao Nian told him this, he rushed to answer, which made her not know what to say.

At this moment, Ye Wangchuan hooked her shoulder with his hand, stood behind her, and said something to Cai Gang instead of her: "Thank you, I will make a note of this favor."

Cai Gang said "too polite" and "it's not a big deal" on his mouth, but he smiled so much that he couldn't see his teeth, he was obviously very happy.

Ye Fanchuan was born in the Ye family since he was a child, and he often sees social occasions. He has a clear mind on what to say and what to do on such occasions.

Cai Gang really helped a lot this time.

He owes nothing.

Cai Gang is a very discerning person, he knows that being polite is enough, if it continues, it will make people feel annoying.

After being polite, he accepted it as soon as he saw it, looked at the two of them, and carefully proposed: "It's almost lunch time. How about, Ms. Qiao, let's go have a meal together, and let me do something for you?"

Qiao Nian looked at the time on the phone, and politely declined his offer: "No, I'm catching a plane."

Cai Gang originally wanted to politely retain a few words.

Qiao Nian is different from Ye Wangchuan, she doesn't know how to speak in the social field, she is more direct, but also sincere: "Next time, I will treat you when you come to Beijing in the afternoon."

Cai Gang swallowed his words back, nodded, and said with a smile: "Okay, then I will trouble Miss Qiao to be a guide next time."

It's not that he has never been to Beijing, he has to go there for a meeting every year.

Qiao Nian is not a native of Beijing either.

Cai Gang's guidance is just an excuse for a smart person, he just wants to get in touch with Qiao Nian through this agreement.

Ye Fanchuan glanced at him lightly, but didn't say anything.

Cai Gang was sweating coldly from his back, afraid that he might have said something wrong, so he stood there without daring to move, regretting that he was too aggressive.

Fortunately, Ye Wangchuan quickly looked away, seemingly not angry, and said to Qiao Nian, "Let's go."

"kindness."

Qiao Nian held the phone and put on the sweater hat, half of his face was hidden in the hat, which looked extraordinarily cool.

She greeted Cai Gang, left her phone number, and added Cai Gang's WeChat friend by the way, and then left with Ye Wangchuan.

Cai Gang watched the two go away.

Looking down at the newly added friend profile picture in WeChat, the corners of his mouth raised uncontrollably, knowing that he was on the right again this time.

The assistant just walked over quickly and said to him, "Ju Cai, the other side's lawyer is here."

Cai Gang slowly put away his mobile phone, straightened his clothes, and called the young police officer in charge of the case: "Let's go, come with me to meet the international barrister!"

**

Mother Zhou waited restlessly in the lobby for a long time.

Every second feels like a year to her.

So even though Cai Gang and the others didn't keep her waiting for long, she couldn't wait to get up when she saw someone.

"Where's my husband? I'm going to bail him out."

Behind her was a blond, blue-eyed, gentle-looking lawyer.

Holding a thick stack of documents in his hand, the lawyer walked up to shake hands with Cai Gang, and immediately said very forcefully: "Hello, my client is a citizen of country m. According to the laws of country m, we have the right to send the client Get out on bail first, and then I will connect with you."

Chapter 3370: Wang Ye predicts things like a god

Cai Gang's smile suddenly disappeared, and he was about to present evidence to him.

A calm and laughing voice sounded at the door: "According to the laws of country m, you can be released on bail, but this is country Z."

A man with glasses came in outside.

Isn't it Su Mo beside Yuan Yongqin?

The man hurried over, met the surprised eyes of several people, smiled and shook hands with Cai Gang and said, "I am the one called by Young Master Ye."

Cai Gang also shook hands with him, with a surprised expression: "Uh...so fast?"

He spoke so quickly, the lawyer arranged by Ye Fanchuan actually came so soon.

The man seemed to be used to it, and said with a smile: "Young Master Ye contacted Mr. Yuan before he left, and Mr. Yuan asked me to come here. I usually handle the legal affairs of Chengfeng Group, so this time I will replace Mr. Ye."

He has been following Yuan Yongqin as an assistant all these years, and it seems that he is not a very conspicuous role.

In fact, he himself is a top student who graduated from the Law Department of Tsinghua University. He once had the opportunity to go abroad for further study, but he had to give up the opportunity to go abroad because of the poor conditions of his original family.

Later, he joined the Chengfeng Group, and was valued by Yuan Yongqin and promoted to an assistant all the way. Yuan Yongqin proposed several times to send him out for further studies.

Although Su Mo did not go out, with his own legal talent and diligence, he did not lose to any barrister in the study of international law.

In recent years, he has resolved almost all the external legal disputes of Chengfeng Group.

It's just that he hides behind the scenes and rarely puts his name out, so his reputation is not very big, or even not famous.

Su Mo didn't know how this Young Master Ye knew him, and even contacted Yuan Yongqin.

But it was about Qiao Nian, and Yuan Yongqin wanted him to help, so of course he would not let her down.

There was a smile on the corner of Su Mo's mouth. After explaining briefly to Cai Gang, he turned around and faced the international barrister Zhou's family had found without any panic.

Calmly said: "Let's continue what we said before. According to international law, the territory of country Z must respect the laws of country Z! I have basically understood the specifics of this case on the way here. If you want to talk, we can sit down and talk .If we don't talk about it, we will always support international friends to sue!"

He smiled gracefully, and pushed his glasses casually.

That attitude is as warm as a spring breeze.

But in fact, it was so strong that both Zhou's mother and the internationally famous lawyer felt pressured.

Mother Zhou frowned, and was about to say: They must be released on bail now.

was pulled by his own lawyer, who shook his head to indicate that she should not quarrel.

The blond-haired, blue-eyed lawyer knows more about the law than Zhou's mother, and knows that the best solution right now is to talk first, see how much evidence the other party has, and see if it can be resolved in private...

In the eyes of all lawyers, making noise is the most useless practice.

"Let's talk." He said.

Su Mo seemed to expect that they would choose to talk, so he found a bench in the lounge and motioned to sit down and talk.

The blond-haired and blue-eyed lawyer has had certain expectations for Zhou's father's case so far, thinking that the other party may not be able to grasp the complete chain of evidence, and there is still a way to use Zhou's father's identity to make a case.

Until half an hour later.

Sumo is still as calm, gentle and rational as when he came here.

The barrister who came with Zhou's mother was dripping with cold sweat, his lips were pale, he looked like a defeated rooster, and lost his energy.
