

Madam's 3371

Chapter 3371: Zhou's is cold

In front of him was a stack of transcripts, photos, audio recordings and other evidence.

Each one is a complete chain of evidence that he thought he would never have!

Su Mo took the warm water that Cai Gang gave him and thanked him. He took it in his hand but didn't rush to drink it. Instead, he looked at the blond and blue-eyed decadent lawyer with cold eyes: "The identity of country M is not an umbrella. Everyone Be responsible for what you have done. Mr. Zhou is no exception!"

The blond barrister raised his head and looked at him unwillingly, but when he saw Su Mo's calm eyes, he knew it was a mistake this time.

"We can privately..."

He hasn't finished speaking yet.

Su Mo laughed, and said in a very polite and pleasant voice, "My client does not accept any form of reconciliation."

These words were not so pleasant to the ears of Zhou's mother and the internationally renowned barrister.

The other party does not accept any form of reconciliation.

—Father Zhou must go to jail!

Mother Zhou looked anxiously at her lawyer, and she could see that the lawyer they had hired with great hopes was frowning and worried, as if there was no solution.

She finally rolled her eyes and fell down unacceptably.

**

"All solved?"

Airport around the city.

Qiao Nian and the others have just arrived and are about to board the plane.

Ye Wangchuan received a phone call, but did not avoid her. While walking to the plane: "We are going back to Beijing, and I will trouble you over there."

"No trouble."

The person who called him was Su Mo.

Su Mo helped Zhou's mother call an ambulance. After dealing with the messy situation at the police station, he finally found a gap, so he quickly called Ye Wangchuan and told about the situation here.

At the end.

Before Ye Wangchuan hung up the phone, he couldn't help asking: "Young Master Ye, I'm taking the liberty to ask. How do you know that I... am proficient in international law?"

Ye Wangchuan has already got off the plane.

Qiao Nian was at the window seat, and he sat down beside him, calling the flight attendant and asking them to bring a blanket, eye mask and earplugs.

Soon the flight attendant delivered the things to him.

He patiently took out the blanket from the plastic bag and put it on the girl's legs, then passed the earplugs and eye mask over: "Let's sleep after getting off the plane."

Qiao Nian saw that he had already prepared what he needed, the corners of his mouth curled up, his eyes felt warmer, and he was not so anxious anymore.

Reaching out to take the thing he handed over, he said 'En'.

Ye Wangchuan took the time to answer Su Mo's words: "I just investigated the boss and the people around the boss by the way when I was doing background research for Chengfeng Group a few years ago."

Then I found out that Su Mo was a top student in the law department of a prestigious school. He was still a famous figure in the school at the beginning, but his family conditions were not good. After he left the society, he seemed to have wiped out everyone.

But he also noticed something.

That is, since Yuan Yongqin reused Su Mo and made him his assistant, the Chengfeng Group has never lost any external disputes.

Unfortunately, Somo happened to read international law!

He is just good at connecting these pieces of information, so he just guessed.

After listening to his words, Su Mo was at a loss for a long time: "It really is Young Master Ye."

Ye Wangchuan didn't say anything, just asked: "Since you have this ability, why do you keep working as an assistant?"

Su Mo was probably upset about being investigated or simply wanted to make a joke with him, so he asked in a non-serious manner: "Young Master Ye is also willing to stay by Miss Qiao's side all the time."

Ye Wangchuan thought that Yuan Yongqin had never been married, and immediately understood.

His eyes flashed, and he said lazily, "Hang up."

Chapter 3372: Sister Nian: What? Who attracts the bees and attracts the butterflies?

After hanging up the phone, he put down the phone, and turned his head to see the girl's bright eyes looking at him.

Qiao Nian met his gaze, and asked him directly: "Who are you calling? I heard Aunt Yuan's name."

"Sumo." Ye Wangchuan didn't answer the phone behind her back, so he didn't want to hide her intentions, leaned over and carefully helped her arrange the blanket on her lap, and then asked, "Why aren't you sleeping? "

Qiao Nian raised his hand and pressed the center of his eyebrows, a little irritated: "No, I was going to sleep, but I heard you calling someone..."

Ye Wangchuan laughed dumbly.

So after all, he still made her sleep because of his noise.

Just as the flight attendant passed by them, he stopped the flight attendant who was about to walk by, with a low and charming voice: "Please help me get a bottle of mineral water."

"Okay, okay."

There are flight attendants with special services in the first class, and they immediately got into the cabin to get water, and within a minute they brought a bottle of water over.

And stood on the side and asked intimately: "Is there anything else I can help you with?"

She wandered around the passengers, a man and a woman, and was attracted by Ye Wangchuan's outstanding appearance at first, and couldn't take her eyes away for a long time.

Seeing Qiao Nian languidly getting ready to sleep, he felt as if he had seen that face somewhere before.

She couldn't help but glanced a few more times, as if trying to figure out where she had seen it before.

The girl's facial features are exquisite and eye-catching, even wearing a peaked cap can't stop the impact of her beauty at close range, but her good looks are also sharp.

There is a kind of rebellious publicity and manic depression.

The flight attendant's eyes were straightened, and she kept thinking about the female star in the entertainment industry who could be the right number in her mind, but she couldn't remember who she looked like for a while.

Could it be 18 lines?

Or draft idols?

Anyway, ordinary people rarely look like this.

Just as she was staring at Qiao Nian distractedly, the loud sound of fingers tapping on the table next to her brought her back to her senses.

It was only then that she noticed a pair of sharp eyes looking at her. The pupils were so deep that they could **** people in like a whirlpool in the deep sea.

"Do you have anything else to do?"

Ye Wangchuan said twice that 'there is no need for help', and found that the flight attendant hadn't left yet, and kept staring inside him.

Only then did he tap his knuckles, making a noise to remind her.

Sure enough, the flight attendant's face turned pale, afraid of being complained, she quickly shook her head, a little flustered and didn't care about her image, and quickly apologized: "No, it's okay. I'm sorry, I'll go right away, so I won't disturb the two of you resting."

She bowed deeply as she spoke, and walked quickly, afraid of being stopped by the two, her footsteps were rarely flustered, and quickly disappeared into the cabin.

Even Qiao Nian, who was thinking about something, didn't notice the abnormal behavior of the flight attendant. He raised the corners of his eyes, and his half-closed eyelids were a little sleepy. He obviously didn't realize that he was being peeked at: "What's wrong?"

"Tsk."

Ye Wangchuan conveniently put the mineral water brought by the flight attendant on her hand, leaned back, stretched her long legs underneath, and raised her hand to push down her peaked cap a little bit, covering her fair and eye-catching melon-seeded face.

"It's better for Qiao God to avoid attracting bees and butterflies outside."

Qiao Nian could feel his breathing when he approached, her heart beat faster, her whole body subconsciously became hot, and she responded, "Huh?"

What attracts bees and attracts butterflies?

When did she attract the attention of others?

Ye Wangchuan saw her completely ignorant, angry and funny, and felt that his behavior of eating vinegar for no reason was really naive.

Chapter 3373: I'm going to A University to find Chen Yuan

He suddenly changed the subject, reached out and touched the top of the girl's head, and said softly: "Go to sleep. The air conditioner on the plane is dry, wake up and drink some water to moisten your throat."

Qiao Nian was originally a person who was not easy to be influenced by the outside world. Before the flight attendant peeked at her, she never noticed.

Since Ye Wangchuan said it was fine at this moment, she didn't think about it deeply, and naturally regarded him as having a convulsion. He put on the blindfold and stuffed the earplugs in his ears, and said in a sleepy tone, "Go to sleep first."

Ye Wangchuan watched the girl beside him relax her shoulders quickly, took a long breath, and fell asleep beside him unsuspectingly.

His eyes sparkled, and he didn't even know how to focus. He stretched out his hand to tuck in the blanket for the girl, then sat up straight, and signaled the flight attendant walking past to keep his voice down.

The flight attendant noticed Qiao Nian who was asleep by the window. She didn't know why she followed the man's orders so much, and subconsciously lowered her footsteps.

The plane pierced through the sky from an altitude of 90,000 feet and arrived at the Capital International Airport four hours later.

Qiao Nian was in a hurry when he went around the city, and he didn't bring any luggage with him. When he left, he would naturally leave as soon as he got off the plane, without waiting for luggage or anything like that.

They walked out of the airport on both feet.

Qiao Nian stopped a taxi on the side of the road, turned around and said to Ye Wangchuan: "I'm going to find Chen Yuan, you should go back first."

"Do you want me to accompany you?" Ye Wangchuan stood on the side of the road and watched her open the back door of the taxi, and asked.

Qiao Nian threw the bag in first, then turned around and said to him: "No, I'll go and tell him about the next week's family. It won't save him from thinking about the family all the time and refusing to study hard."

She knew that Aunt Chen's lifelong wish was to hope that Chen Yuan could study hard and get a diploma, so that she would not have to set up a street stall on the side of the road like herself in the future.

As soon as the urban management came, they had to clean up and leave.

Live too tired.

Chen Yuan also went back this time around the city. With his character, even if he returned to the capital obediently, he might not be able to settle down and focus on his studies.

In order to reassure Uncle Chen and the others, she didn't visit the hospital.

But it doesn't mean she doesn't care about Chen Yuan.

"I'll be back as soon as I go." Qiao Nianren had already got into the taxi, but he didn't close the door, told him, and then asked, "How do you go back? Where's Gu San?"

Seeing her at this moment, Ye Wangchuan thought of himself, raised his thin lips, and said deliberately: "I thought you were going to go with me, so I didn't ask Gu San to pick me up."

Qiao Nian was taken aback for a moment, as if he didn't expect that he was not answering, so he reached for the phone, frowned and said, "How about I call him for you?"

She thought about it, and it seemed a little too heartless.

She moved inside again, and said to the people outside: "Are you going to the Rhine? How about I take you back first. Anyway, I'm not in a hurry."

A large and Rhine in two directions.

If she sent Ye Wangchuan back, and then turned around to go to University A, it would take at least two hours in terms of traffic congestion in Beijing.

Ye Wangchuan just made a joke with her, not really willing to let her go back and forth: "Qin Si is fine, I will let him pick me up later."

He put his hand on the car door and helped Qiao Nian close the door: "Go and do your work first, and come to me when you're done."

Qiao Nian watched him shake the phone for herself outside, then knocked on the driver's window in front, and said for her, "Go to University A."

The taxi driver waited for a long time before their guests set off, so they naturally responded, and stepped on the accelerator without saying a word.

The only thing left in the car is the exhaust gas.

Chapter 3374: Qi Shao, he has always wanted your approval

Ye Wangchuan watched the tail of the taxi disappear at the corner of Airport Road, and then called Qin Si, proudly saying, "Where are you? Come and pick me up."

**

"The Zhou family is gone?"

In a quaint European-style manor villa, a woman is wearing a wide top hat with a slanted brim that seems to fly out, and jewels and delicate tulle are hanging on the brim.

The lady dressed in retro style is at least past the age of knowing her destiny. Although she is well maintained, the dense fine lines around the corners of her eyes still betray her age.

It's just that her skin is extremely fair, her temperament is noble and graceful, and her eyes are deep and shrewd. People can't help but ignore the sense of age brought about by her appearance, and pay more attention to her own aura.

In front of her was the afternoon tea that the servant had just brought.

A set of exquisite porcelain platinum pattern tea set, which brews Earl Gray tea, which is the favorite of Westerners, and several exquisite pastries.

The quantity is not too much, but it is expensive and exquisite.

Nie Qingru picked up a piece of biscuit, looked at the man in black kneeling on one knee in front of her, her eyes became more and more gloomy and cold: "I asked you, can't you hear me?"

The atmosphere suddenly cooled down.

The servant carefully lowered his sense of existence.

The man kneeling in front of her was the shadow.

"I asked you, is the Zhou family gone?"

"yes."

He has lost a lot of weight, his raised face is obviously haggard, and his eyes are circled in blue. It can be seen that he hasn't had a good rest recently.

Since Nie Qixing died 'accidentally'.

He couldn't fall asleep for a long time, and when he closed his eyes, he would always think of Nie Qixing asking him with despair in the dark and dilapidated old hotel, who wanted his life.

At that time, he was talking about Qiao Nian.

But...

Nie Qingru saw that he was absent-minded, and his hands crushed the biscuit held between his fingers, and the fine crumbs of the biscuit fell down.

The atmosphere in the villa became more and more dignified.

She nonchalantly picked up the towel on the table and wiped her hands, wiping off the biscuit crumbs that accidentally stuck to her fingertips, then narrowed her eyes, and asked the man kneeling in front of her in a tone that couldn't be heard jokingly: "What are you doing?" Still hate me?"

Shadow trembled all over, and raised his head abruptly.

Touching Nie Qingru's emotionless eyes, he lowered his head in embarrassment again: "This subordinate dare not."

"I don't dare, not not hating." Nie Qingru knew it well, smiled, threw the towel away, and said to herself, "I won't regret it. You should be very clear about what I have gone through to get to where I am today. But if I give him a chance, what will be buried will be the fruit of my life's hard work. I even sacrificed my only daughter, what else can't be sacrificed?"

"..." The shadow fell silent.

Nie Qingru needed him to be convinced to do things for her, so she was patient and said in a soft voice: "You have been with me for so long, and you know that I would not choose to give up on him if it was not a last resort. But he is really not up to date No matter what I tell him, he still disappoints me time and time again."

"How many times have I told him that Qiao Nian is just a rotten rock. He will inherit my position in the future, he is the successor of the Nie family, and his future is limitless... Let him not go head-on with Qiao Nian."

"He never took my words to heart, always pretending to be smart without telling me."

Nie Qingru's tone was uncontrollably tainted with a trace of hostility.

Shadow pursed her lips, and buried her head lower: "Master Qi has always wanted your approval."

Chapter 3375: Hurry up and find out what's going on in Independent Continent

Nie Qixing has been by Nie Qingru's side since he was a child, and Nie Qingru is extremely strict with him.

For a long time, he loved, respected and feared Nie Qingru, and became obsessed with him, wanting Nie Qingru to recognize him.

Nie Qingru's resistance to Qiao Nian is not a kind of recognition?

Nie Qixing was jealous and distorted, not without reason.

Nie Qingru put away the last gleam of soft light in her eyes, looked at him coldly for a few seconds, and questioned him without any emotion: "So you still think I was wrong?"

Shadow didn't say 'dare not' this time, feeling extremely entangled and painful in his heart, he raised his head and looked at the woman sitting at the top.

There are a thousand words.

But touching the other party's old face and those almost emotionless eyes, he swallowed it all back: "I understand the queen's choice."

He knew the woman in front of him better than anyone else.

understands the pain she goes through better than anyone.

So he can't blame her for making a wrong choice now.

It's just that Nie Qixing called him Uncle Ning after all, and he was really upset when he died at such a young age.

Nie Qingru never looked back at any of her decisions. Hearing that he understood, her expression eased, she took a sip of the black tea in front of her, and suddenly asked, "Did you find that woman?"

"not yet."

Shadow immediately replied: "That person seems to have disappeared, and I can't find him. Plus Zhou Zheng is in Qiao Nian's hands, so I can't ask him..."

"Hmph." Nie Qingru put down her teacup, and the reddish tea was turbulent. She raised the corners of her mouth inexplicably, and sneered, "She has some skills. She has caused such a disaster, and she can still escape. Continue to investigate!"

Although she chose to give up Nie Qixing herself, she never forgot what was the reason that forced her to make the decision!

It is impossible for her to let the old men of the Privy Council pay the bill, at least she must find someone to take responsibility this time.

The woman who caused trouble is the best outlet.

Although she knew very well that that woman was forced by Nie Qixing to stay by her side, and she didn't voluntarily poke a big mess... But so what?

Nie Qingru's long nails scraped across the table, making an unpleasant clicking sound.

Shadow understood what she was thinking, and immediately responded: "Yes, Empress."

Nie Qingru quickly adjusted her mood, raised her eyes and asked him: "Independence Island, have you checked it out? What's going on with Ji Lingfeng?"

Shadow replied very quickly: "I haven't checked it out yet, our people are still looking."

"Well." Nie Qingru also knows that the situation in Independent Continent is complicated, and it is even more difficult to intervene in the internal affairs of Ji's family. She is not in a hurry, but urges: "Let them investigate quickly, and don't let that evil person take the lead this time." Already!"

"yes."

After a brief exchange with her, Shadow left the villa in a hurry to go to work.

Nie Qingru stayed alone in the villa, and the lights rendered her eyebrows and eyes. Under the light, her already sharp and inhumane eyebrows looked more indifferent and gloomy.

Nie Qingru remembered the news she just received this afternoon.

The corner of the mouth curled up in a cold arc, and then fell heavily, his eyes closed, and the cold expression quickly returned to his face.

That wicked way of doing things...it really looks more and more like Ji Wu Falcon!

Obviously, according to her plan, the Zhou family can delay for a few days, but now it seems that it can't be delayed.

"Useless stuff!"

Nie Qingru thought that Father Zhou himself was going to provoke relatives who were around the city this time, so she became angry and frowned fiercely. Seeing the call from Mother Zhou, she was unwilling to answer it, so she left. The phone went straight back to the room.

Chapter 3376: Sister Nian: It's okay, I'm generally proud

Zhou Zheng's second-instance verdict came out soon.

Still 20 years and three months, the original sentence was upheld.

On the day when the verdict came out, Zhou's mother who was present at the scene and the international barrister hired by Zhou's family at a huge price didn't look good.

Apply for final judgment in court.

Generally, as long as a case has passed the final trial, it is basically qualitative, and the judgment will not be revised if there is no accident.

The weather in Beijing in mid-September is really not good.

It rained all night last night. When I came out of the courthouse in the morning, the sky outside was still gloomy as if it was going to rain, and there was a gust of cold wind.

Qiao Nian walked out of the courtroom with Qin Si and his party at the end of the trial, and was going down the steps, ready to go home.

A voice stopped her.

"You stop!"

Qiao Nian stopped slowly, and when she turned her head, she saw Mother Zhou, who broke away from the lawyer's hand and walked towards her with a gloomy expression.

"Damn, what does she want to do?" Qin Si cursed, then turned to the girl and said, "Sister Qiao, you and Master Wang go first, I'll stop this crazy woman."

As he spoke, he turned his head and looked at the proud man beside him, not forgetting to urge: "Master Wang, take sister Qiao first."

A lot of reporters surrounded the court, all of them were waiting for today's second trial verdict.

Although the reporters did not dare to block them directly, they all set up cameras and live broadcasts a few steps away, dutifully capturing the news.

Zhou Zheng has a special status, and this case involves a master of Master Cheng's level, so it's not surprising that some people pay attention.

It's just that the reporters are more perverted than the people who eat melons on the Internet.

They know that the license plate numbers of the cars parked outside the court today are unusual. There are only a few people who can use consecutive numbers or the same number in Beijing, and they can count them on one hand. No matter who they are, they are not someone they can offend. .

Besides, they had vaguely received news before following this news that the Ye family was behind this case.

Anyone with a little brain in Beijing will not bump into it. The reporters know the habits of this Buddha in the Ye family, so they can shoot news from a distance very wisely.

What should be reported in the newspaper should not be reported, they know it very well.

No one wants to cause trouble.

Qin Si also knew that Ye Wangchuan was there, and the reporters below did not dare to write random news, but Qiao Nian had a certain reputation on the Internet after all.

He was still afraid that some journalists with poor brains would take pictures of her being pestered at the gate of the court. The most important thing is that he is afraid that Zhou's mother will say something that should not be said when she goes crazy, such as the hidden family, etc...

Ye Wangchuan gestured to the girl with his eyes.

Qiao Nian stood still, only raised her plain hand and pulled the peaked cap, showing a lazy attitude all over her body: "I see what she wants to do."

"Want to run? It's not that easy!" Zhou's mother walked quickly in anger, and within a few steps, she ran in front of them, blocking the way of Qiao Nian and his party.

She seemed to have aged several years overnight, with a layer of black air around her brows, dark purple under her eyes, and dry and cracked lips.

If it weren't for her domineering expression that she couldn't change, it would be really difficult to connect her with the high-spirited look she had in the circle around the city before.

"Speak."

Zhou's mother stared at her viciously: "Qiao Nian, are you very proud?"

The girl seemed to know how to get mad, she let out a lazily 'ah', and her clear eyes met Zhou's mother.

Then Zhou's mother heard a burst of anger.

"...Okay!"

—Are you proud?

-Okay.

Chapter 3377: I wait for the day when you fall down

A string in Zhou's mother's mind almost snapped, but fortunately, she squeezed her palms tightly to regain a little reason through the pain.

Her eyes are like a venomous snake, and she opens her mouth to stick out a snake letter.

"You won't be able to be proud for too long! People from the Hidden World Family have already targeted you. You killed her successor. The Queen will not let you go!"

These words are like curses.

Zhou's mother wished she could curse her to death in front of her right now, it was better than seeing Qiao Nian's foolish face, as if she didn't care about anything.

"She's not easy to mess with, like she could even attack her own daughter back then. You've ruined her face, do you think she'll let you go!"

Mother Zhou tried her best to twitch the corners of her mouth and put on a contemptuous smile.

She looked at Qiao Nian as if she were looking at a dead person, full of contempt and sympathy.

"Do you think that Zhou Zheng's imprisonment will destroy the Zhou family?"

"I tell you, you will only be a hundred times, a thousand times worse than Zhou Zheng and us in the future... I'm waiting to see your jokes!"

Qin Si's eyebrows and eyes moved slightly, and he was about to open his mouth to give her back.

I heard the girl's indifferent voice, asking: "Is it finished?"

Zhou's mother was still so calm when she heard her, her smile froze on her face, but her eyes were still full of sarcasm: "You don't have to pretend to me."

"This is what I want to tell you too." Qiao Nian really didn't understand how they had the nerve to come up to question herself again and again.

Father Zhou is like this.

This woman is like this too.

It's clear that they were the ones who did the wrong thing, but they were made to bear the consequences of what they did, as if they were the victim themselves.

ran to her confidently.

Provocations and verbal attacks again and again.

She has never been used to anyone.

Since Zhou's mother came to talk about Nie Qingru, she simply explained it to her face to face.

"She ignored you, didn't she?"

Qiao Nian's tone of voice was casual, revealing that she had seen through everything clearly in her heart, and her words were like a sharp steel needle piercing Zhou's mother's heart, which immediately irritated Zhou's mother very much.

The eyes of the woman who was flaunting her power with her just now flickered, and she didn't dare to look at Qiao Nian. Her eyes faltered, and her voice dropped a tone: "What? I don't know what you're talking about."

"Oh." Qiao Nian was too lazy to waste time with her, and said concisely: "Since the hidden family and the queen you mentioned are so powerful, why did she ask you to come to Beijing to make trouble, and didn't say to keep you safe?"

Zhou's mother turned pale, as if thinking of something bad, her hands clenched into fists, staring at the girl angrily, as if what she said was not only her own expectations, but also her hopes for the future.

"I haven't contacted the Queen at all!"

She can only feel relieved by cursing viciously: "I'm waiting to see the day when you fall! Qiao Nian, you will be worse than Zhou Zheng! Not only you, but also the people around you will be dragged down by you, just like Cheng Like the master, they are also dragged down by you. They will be injured one by one and lose their lives because of you. You are a villain, just watch!"

Ye Wangchuan originally gave Qiao Nian the freedom to talk to Zhou's mother alone, and even held Qin Si back for her, preventing Qin Si from getting involved.

Until this moment.

His eyes suddenly darkened, as if a storm was gathering around him, the air became colder by a few degrees, and he interrupted Zhou's mother who was about to curse madly: "Mrs. Zhou, don't forget that your son still has a final trial... 20 years is just normal." Sentencing, if the circumstances are serious, life sentence or death penalty is not unlawful."

Chapter 3378: Wang Ye: Apologize to my girlfriend

"..."

Mother Zhou's voice stopped abruptly, her pupils shook violently, and she looked at him suddenly.

Ye Wangchuan is wearing a light blue shirt today, the pure and clean color blue is very suitable for him.

Looks proud and dignified, and there is even a gentleness unique to young people in his eyebrows and eyes.

Only those who are familiar with him know.

It's good that Ye Wangchuan doesn't smile. If he looks gentle and easy to talk, it's often when he's the worst to talk.

At this time, anyone who hits the gun will not end well.

Even Qin Si and Bao Jingxing would hide eight feet away whenever they saw his expression, trying not to burn themselves and become that unlucky guy.

"You are right in saying something." Ye Wangchuan's voice sounded from afar.

Zhou's mother was shocked, and her heart trembled inexplicably: "What, what?"

"The Zhou family won't step over just because Zhou Zheng went in." He actually raised his thin lips, Cen Bo's eyelids slightly lifted, his pupils were dark and deep, and it seemed that there was a layer of thick fog above, making it impossible to peek into the inside. mood.

Qin Si couldn't help being attracted by him, and looked over frequently.

What the **** is Master Wan trying to say? Why are you still selling it?

Ye Wangchuan stared at Zhou's mother, who had lost a lot of momentum, and said slowly and seriously: "But if you appear in front of her again, I guarantee that the Zhou family will go bankrupt tomorrow."

Mother Zhou's lips trembled heavily, and she opened her mouth, but her throat couldn't make a sound because of fear. She felt that the man in front of her was not joking with her, he was serious!

"besides."

Ye Wangchuan looked down at her from a high position.

"Apologize to my girlfriend."

Mother Zhou's heart trembled, and she blurted out: "Why?"

As soon as the words came out, a regretful expression appeared on her face, but she refused to admit defeat because of face.

Ye Wangchuan was quite polite, even at this time he could still talk to her calmly, he only looked back at the solemn and solemn gate of the court, and when he looked back, out of the corner of his eye, he saw the lawyers invited by the Zhou family hastily followed come over.

"You were suspected of provoking trouble in public just now. I will call the police now. According to the law, I can detain you for ten and a half months."

Mother Zhou's face turned green.

"Ten days and a half months are enough for Mr. Zhou to hold a court session, and Zhou Zheng is serving his sentence. Why, you don't want to accompany Mr. Zhou?"

Killing and punishing!

Just a few words slapped Zhou's mother's arrogant face to pieces.

Mother Zhou's face turned from red to green to white, and finally turned livid, startled, angry and angry, trembling all over, pointing at Ye Wangchuan's hand tremblingly: "You!"

She doesn't hate Qiao Nian anymore.

Completely left Qiao Nian out of the blue, and now she was about to be **** off by Ye Wangchuan.

Fortunately, Zhou's lawyer rushed over to support her shoulders, quickly pulled her aside to comfort her, and explained the pros and cons to her.

Although Mother Zhou was half-dead with anger, the lawyer probably explained the pros and cons of the pros and cons clearly, and knew that her plan to vent her anger by scolding Qiao Nian from the reporter below was in vain this time.

And they were caught by others and could be sent to squat for a few days.

Mother Zhou was screaming and stinging sharply, but in order to be able to attend her husband's interrogation in a few days, she had to grit her teeth and walked up to the girl step by step like a puppet in humiliation, lowering her proud head: "I'm sorry, I was the one who messed up just now. Said, don't worry about it."

She said I'm sorry, but she acted like she had been wronged by the sky, and she was not sincere at all.

Chapter 3379: Wang Ye is always one step ahead of others

Qiao Nian didn't care about her apology, let alone whether she had a sincere apology.

It was just that Ye Fanchuan helped her seek justice, and she felt a little comfort and warmth in her heart.

She didn't even look at Zhou's mother, turned around and said to Ye Wangchuan, Qin Si and the others: "Let's go, go back."

She walked in the front, and Ren Xun's back didn't care at all about the spotlights and cameras shot at her below.

It's pretty cool.

Mother Zhou watched the group walk away, leaving her standing where she was. Finally straightened up, clenched his teeth heavily, rolled his throat and said to the lawyer: "Let's go too!"

**

Ye Wangchuan got into the car and called Wen Ruxia.

"We encountered something at the gate of the court. A reporter should have taken pictures. Please stop the photos and videos for me, so that no one can send them out."

"Since when did Young Master Ye care about this?"

The Wen family and the Ye family have never been good friends.

It's just that the relationship between the Wei family and the Ye family has eased now, and Wen Ruxia has become acquainted with Ye Wangchuan and his party because of Nie Mi.

Although there is a ten-year difference between the two, Wen Ruxia still treats him habitually as a peer.

He never dared to regard Ye Fanchuan as a second generation ancestor like his nephew Wen Ziyu.

Anyway, the most outstanding person among the younger generation in Beijing, Wen Ruxia has a good sense of Ye Wangchuan, so she asked this question out of curiosity and made a joke.

Who knew that Ye Wangchuan answered her this time with a face: "Nian Nian is also there."

"OK." Wen Ruxia withdrew her smile instantly, understood what he meant, and her expression became resolute and capable: "I will keep an eye on today's news, don't worry, I will never let anything that shouldn't be released be published."

Qiao Nian has a lot of traffic right now.

The Internet is extremely popular.

Although she has hardly appeared in public as a chasing light or the treasure of Tsinghua University's school for more than a year, her popularity is still there.

Gossip news related to her is easy to spark discussions.

Discussions in niche circles can easily become hot searches and then big news.

Wen Ruxia knew that Qiao Nian seemed to be on the Independence Island recently, and she probably had important things to do at hand. In this case, of course, the lower the heat, the less attention the better.

"That song..." After Wen Ruxia agreed to help, she remembered that she asked a girl through Nie Mi.

Halfway through speaking, she put her chin on her hands and laughed again: "Forget it, I'll tell her myself when the time comes."

She was talking about asking Joe about the progress of the new song.

Ye Wangchuan hung up the phone for her.

Wen Ruxia used the internal phone to call in the assistant, explained to the assistant, and asked to go to the media group to say hello, and told him not to post this morning's news indiscriminately.

Fortunately, she reminded her earlier.

There are really a few small websites that want to use Qiao Nian to gain traffic, and they are about to quietly post the video of the court gate pulled in the morning.

It's not directly using video to make a fuss.

It is hoped that people who watch the news will pay attention to their own newspaper office through this video, and then achieve the effect of attracting traffic to the newspaper account.

Wen Ruxia has an extraordinary position in the news industry.

She released this warning first, and the effect was very good.

The few small websites that originally wanted to take the risk of gaining popularity stopped their efforts, and deleted the video of Zhou's mother mentioning the hidden family and the dispute with Qiao Nian, and simply reported the result of the second trial of this case...

**

Ye Wangchuan had the foresight to find Wen Ruxia to deal with those reporters before letting Gu San drive back to the Rhine.

Chapter 3380: Independence phone number

After Qiao Nian came back, he found a corner of the sofa and sat down, as if he was sending a message to someone.

"Sister Qiao, do you think this Zhou family won't make any more moths?" Qin Si didn't even hear her talking.

Keeping her head down, she was playing with her mobile phone. The white light of the mobile phone screen shone on her face, and her eyelashes were distinctly black, which made the girl's skin whiter.

Qin Si babbled there for a long time, but he didn't hear Qiao Nian back to him.

Turning his head to look, he leaned back on the sofa, his legs were crossed together, and his whole body was full of cynicism, as if he didn't hear himself at all.

"..." He was a little depressed suddenly, and couldn't help shouting louder: "Sister Qiao, did you hear what I said?"

Qiao Nian had just finished replying to Ji Nan's news, barely took the time, and glanced at him with black and white eyes, quite casually: "Oh. What are you talking about?"

"..."

She put down her mobile phone and was quite polite: "I didn't hear clearly, why don't you say it again?"

"..."

Did she not listen at all!

Qin Si didn't even have the strength to get angry, he raised his hand feebly, put it in front of Qiao Nian, and said weakly, "It's okay."

Qiao Nian looked at him seriously.

Qin Si looked as if he had nothing to say, so she thought he was really fine, said 'uh', and continued to look down at the news that Ji Nan gave her back.

【J: I don't know either. 】

【J: I haven't seen him since he came back. 】

Qiao Nian scanned all ten lines at a glance, frowned faintly, his expression became much more dignified, picked up his phone, got up and walked to the second floor.

When she passed by Qin Si, she specifically said: "I'll make a phone call."

"Can't call here? No signal? Impossible?" Qin Si looked at her in surprise, and didn't forget to check the signal on his mobile phone.

Sure enough.

Full grid.

Qiao Nian pressed his brows with his slender fingers, and didn't explain too much to him, just said: "I'll ask you about the matter of Independent Island before I tell you."

Qin Si was concentrating on fiddling with his mobile phone, but when he heard her explain softly, he immediately understood why she wanted to go up and make a call.

So he said wittily, "Okay, you go first."

Qiao Nian went upstairs to call Ji Nan.

...

In the kitchen.

Gu San had just brewed a pot of tea when he saw that Qin Si was the only one left in the living room.

He walked over, leaned over to put the tea set, and said strangely: "Master Wang went to the study to report the result of the second trial to the old man. Where is Ms. Qiao? Why is she not here?"

Qin Si sighed faintly, and pouted to the second floor: "Also on the phone."

Gu San put a cup of tea in front of him, his face full of curiosity, but curiosity was curiosity, he still restrained himself from asking.

Qin Si has an irresistible character, and Gu San is originally his own, so he has no scruples when speaking.

"Things on the Independent Continent."

"Independent Continent?"

Gu San was slightly surprised.

Could it be that something happened in Independent Continent?

Qin Si has been to Independence Continent several times, but he has no influence in Independence Continent. He doesn't know much about Independence Continent, but he does know some.

His handsome face is rare without the usual hippie smile, more serious and dignified, raised his hand to pick up the tea made by Gu San, watched the ups and downs of the tea in the cup, and said: "I'm afraid that old hag can't sit still."

Gu San was stunned, and immediately realized the identity of the 'old witch' in his mouth, and immediately lowered his eyes and stopped talking.
