

Madam's 3401

Chapter 3401 There may be reporters squatting outside by then

However, he reacted quickly, and quickly walked out of the episode like Qiao Nian, saying: "The Wen family has made a big show this time, and there may be reporters squatting outside to take pictures."

Wen's family has made a fortune in journalism itself.

Wen Ruxia now has one of the best positions in the news industry, and most of them can get in touch with those big names in the news industry.

herself as one of the bigwigs in the press.

There are naturally many people around who want to curry favor.

So there are not a few celebrities who will come to the banquet tomorrow. Not surprisingly, there are also many popular stars and movie kings.

However, these people are not in the same circle as Ye Fanchuan and the others. As long as they enter the banquet hall, everyone will play in their own way, and no one will come to strike up a conversation without being short-sighted.

It's just that outside the hotel, because of the arrival of these stars, many media paparazzi will be attracted to take pictures.

"Yeah." Qiao Nian didn't care about this, and waved her hand naturally: "We'll go later."

Ye Wangchuan glanced at her, couldn't hide the smile in his eyes, put his hands in his pockets, and said lazily, "Okay."

**

The next night outside a certain state guest hotel on Chang'an Avenue.

Luxury cars from all walks of life gather.

The reporters have been waiting outside for a long time, not letting go of any car parked at the door, making full preparations to take photos of celebrities tonight.

The stars came early this time.

One is lower-key than the other, almost no celebrities come in their own ostentatious nanny cars, all of them are private cars.

Not everyone is eligible to attend the banquet of the Wen family, and the celebrities who can receive invitations are all first-tier celebrities.

Even a private car is basically a Bentley-level luxury car.

That's the case, these luxury cars are not too conspicuous on tonight's occasion.

The reporter's spotlight never stopped blinking.

The actress Wu Meiling who got out of the car didn't even greet the reporter, but followed the rules and went directly into the hotel under the guidance of the waiter at the door.

And tonight's celebrities are all dressed in a low-key way, wearing high-end brands, but none of them are as ostentatious as they usually go abroad to participate in activities, they are tightly wrapped, and they don't deliberately show their **** back.

In a crowd of low-key private cars.

A silver nanny car is a bit eye-catching.

"Whose car is it?"

"Looking at the license plate number, it seems to be Han Luke's car."

"Is she here too?"

"Wow, I didn't hear the news before. It seems that she came with...the rumored boyfriend, hurry up and take pictures."

"Good good good."

...

Qin Si's car had just parked, and he was preparing to go in with Zhang Yang.

The two heard the commotion of the reporters outside, Qin Si raised his chin slightly with the car keys and asked the people around him: "What's going on? What are they getting excited about?"

Zhang Yang shook his head, also with a confused face: "I don't know."

While they were talking, they saw the silver nanny car driving over and parked steadily in front of the reporter outside the hotel.

Qin Si said 'Damn', looked at the woman who got out of the car with a foolish look, and pouted slightly: "Who is this? Who brought this person. You must be stupid!"

Zhang Yang was also stunned, and didn't have time to answer for a while.

The banquets in their circle are generally low-key, but low-key does not mean low-grade.

On the contrary, it is precisely because the entry level of the circle is high, and it is not the kind of activity aimed at attracting attention, so the people who come to participate will be extra cautious and low-key.

Chapter 3402 I'll call Mr. Wang

The Wen family invited some celebrities this time. Many of the celebrities who were able to receive the invitation from the Wen family had spent most of their lives in the entertainment industry, so they were considered half-footed on the fringes of this industry.

Even if I am not a member of this circle, at least I know the rules of this circle and rarely commit taboos.

Like the female star who is posing in front of the spotlight in front of them, not to mention Qin Si, Zhang Yang often attends social occasions and this is the first time he has seen such an idiot.

He took a picture of the woman and threw it in the group, and asked who brought it.

Soon someone gossips to the inside story.

Zhang Yang clicked his lips when he saw the person above, and turned to Qin Si: "Young Master Qin, guess who brought this person?"

"If I knew, why would I ask you?" Qin Si complained impatiently.

Zhang Yang knew his character, touched his earlobe, and said his name in a blink of an eye: "Fu Sinian."

Fu Ge's brother.

That little demon physics cheap daddy of the Ye family.

The Fu family's notoriously scumbag man!

Qin Si hasn't heard this name for a long time, and he didn't react for a while, and was stunned:
"Who?"

Zhang Yang repeated it again.

Finally, he said with emotion: "I heard this gossip before, saying that he found a girlfriend outside and made a big fuss. I didn't expect to bring someone here. Could it be that he wants to make it public?"

Fu Sinian, besides having a passable skin, can be said to be a mud that cannot be supported. At that time, with Ye Lan's support, he failed to make a lot of achievements, not to mention that the Ye family severed ties with him later. talk to him.

But even so, with Ye Qichen's relationship, even if Ye Lan didn't like the former son-in-law, he didn't take action to punish him.

Fu Sinian also relied on this relationship to bluff and cheat outside, and he was fine.

At least there is this relationship, as long as the Ye family does not speak directly, people in the circle will call him for the sake of the Ye family.

"Hehe, he made a public fart!" Qin Si didn't just look stupid now, but his eyes were burning, he took out his mobile phone, and said angrily, "I'll call Master Wang."

...

Ye Wangchuan is still on his way.

Qiao Nian didn't want to go too early, they didn't start until 6:30, and it was estimated that it was just 7:00, which was the time for the banquet to start.

In addition to Qiao Nian, there was also Ye Qichen in the car.

Ye Lan had a meeting in the afternoon, and he didn't have time to go back to pick up the little guy, so he asked the housekeeper to send him to Qiao Nian early.

When night comes, everyone will meet again.

There was nothing wrong with this arrangement, but who knew that someone went out without looking at the almanac, but they ran into the muzzle.

"Um?"

"That's how things are. That person is still being interviewed by the reporter, dressed like a butterfly. Those who know know that she is here to attend someone else's birthday party, but those who don't know think that the person who celebrates her birthday today is her! What a shame Now."

Ye Wangchuan looked at the little guy in the back who was playing mobile games with Qiao Nian through the rearview mirror of the car, his eyes sank an inch.

"He will find time."

Ye Qichen usually doesn't participate in these dinners, but today is special, the little guy didn't know where he heard that Qiao Nian was going, so he pestered Ye Lan to come.

I didn't expect Fu Sinian to be very good at killing.

If Ye Lan was the only one to go today, he might not care about his nonsense.

But Ye Qichen is going to...

Chapter 3403 Sister Nian is here, it seems to be chasing the light

The Ye family has always been famous for protecting their weaknesses.

Ye Wangchuan doted on this nephew to the bottom of his heart, it was impossible for the moth made by Fu Sinian to influence Ye Qichen.

Sure enough.

Qin Si heard him say coldly: "You say hello to the Wen family, just say what I mean, let them clean up the garbage today."

"OK."

Qin Si thought so too.

While talking to him, the person has already walked inside.

He tilted his head and said softly to the person who led them inside: "Where is Mr. Wen? I have something to do with her."

Ye Wangchuan cut off the phone.

The Qin Si at the other end has found Wen Ruxia, who is too busy, and told about the situation outside.

Wen Ruxia frowned immediately, she didn't expect that there would be such a cynical person making trouble outside their carefully prepared birthday party.

She appeased Qin Si first, and then asked her assistant to look outside.

Assistant will be back soon.

Things are the same as what Qin Si said.

The popular female star is still mingling with reporters outside, and Fu Sinian also came a little later.

The two caused quite a stir among reporters.

The reporters all thought that the young master of the rich family and the female celebrity were in a public relationship, and they were agitated to interview them, making the scene very lively.

Wen Ruxia's headache grew more and more as he listened, and he was also speechless: "It should be Wen Ziyu who invited him. He didn't know about the troubles in the ring city before. I'll call someone to deal with it immediately."

Before going around the city, Ye Qichen was almost permanently disabled by Qiao An, and Fu Sinian, the father, was still standing by Qiao An's side, helping the murderer speak.

On that occasion, Ye Lan had a falling out with Fu Sinian, and demanded to sever ties with the Fu family on the spot, and he was not allowed to come to Ye Qichen again.

Not many people know about this.

Wen Ziyu probably didn't know about it, so out of consideration for the Ye family, he invited Fu Sinian to have dinner with him.

Originally, having a meal was not a big deal.

Who knew that this person would still make such a fool.

Wen Ruxia has always been vigorous and resolute in her work, and the incident between Fu Sinian and this female celebrity is really not on the table.

She was angry in her heart, and she was even more merciless when dealing with it.

While Fu Sinian and the female star were still being interviewed by the reporter, the security guards of the hotel had come out to chase them away, not only interrupting the interview, but also kicking them out in front of the reporter.

At first, Fu Sinian still laughed and wanted Wen Ruxia to come out, so he explained the misunderstanding face to face.

Who knew that the security guards got Wen Ruxia's order and didn't give him any face at all. Seeing that he wouldn't leave, they simply dragged him and the female star aside.

It is clear that they are not allowed to enter.

Han Luke is also a newly promoted flower this year. She originally thought that she was surrounded by a wealthy young man with good looks and good age, so she made such a coquettish operation and wanted to make a high-profile official announcement. Who knew that Fu Sinian was involved and kicked out in public, it was really a shame. All lost.

Just chatting on their side, causing reporters to take pictures non-stop.

A black Phaeton quietly drove into the entrance of the hotel. When the waiter quickly opened the door, a man and a woman got out of the car with a handsome little boy.

Compared to other people's clothes, the girl who got off the bus was dressed very casually, with a sweater and hat on top of her head and a peaked cap,

Originally got out of the car with her hands in her pockets, but after seeing the child getting out of the car, she casually reached out her hand to hold the hand of the child who got off the car, and said something with her head down.

The little boy raised his head, smiled like a flower, and obediently followed her into the hotel.

"The man..."

A reporter noticed the movement at the door, saw the arrogant figure who went in, and came out with a sentence.

"That person seems to be chasing the light."

Chapter 3404 Sister Nian scared him back with just one look

The man who was being besieged by a group of reporters looked in the direction of the hotel gate in embarrassment, and found a familiar figure in the crowd.

"Chenchen."

Fu Sinian's suit was pushed out of its folds by the security guard, and he shouted in embarrassment to those who followed Qiao Nian.

But his voice was drowned in the crowd, the little boy didn't hear it at all, and happily held the girl's hand without looking back the whole time.

"Chen Chen!"

Fu Sinian couldn't help but increase his voice, trying to stop the person who was about to go in.

The security guard was still pushing him, using force with his hand: "Sir, please don't stay here, or we will be rude!"

The reporter kept taking pictures.

Han Luke's delicate face was blushing, she grabbed his sleeve and stomped her feet, and said in a low voice, "Hurry up and think of a way."

She has a magazine event tomorrow.

If this continues, how will she see people tomorrow.

It's a pity that now Fu Sinian's eyes are full of the little figure who is about to enter, and he doesn't notice her at all: "Let go."

Fu Sinian roughly pulled her hand away, and was about to break in.

at this time.

The girl walking inside holding Ye Qichen's hand seemed to have sensed something, stopped in her tracks, and turned around abruptly.

The wild eyes passed through the crowd and fell on him precisely.

Fu Sinian seemed to be nailed in place, his legs couldn't move for a while, and the coolness penetrated from the soles of his feet, making him afraid to move any more.

"Sister, what's the matter?" Seeing that she was not leaving, Ye Qichen grabbed her finger and was about to look back.

Qiao Nian just glanced at him indifferently, then looked away.

Before Ye Qichen turned her head, she raised her hand and pulled off her peaked cap, her eyes were dry, but her words were extremely gentle: "It's nothing, let's go in."

"Oh." Ye Qichen liked her the most, she said what she said, she didn't think about it at all, and immediately happily followed Qiao Nian into the hotel.

...

"Nian Nian." Seeing Qiao Nian and his party coming in from the door, Wen Ruxia left the guests who were greeting, and walked over quickly with champagne in hand: "You are here."

Qin Si greeted her naturally: "Aunt Wen."

Ye Wangchuan and Wen Ruxia's relationship can only be regarded as acquaintance, and they just nod their heads as a polite gesture.

Wen Ruxia saw a group of people, her eyes slid over the faces of Qin Si, Ye Wangchuan and others, and soon fell on the faces of the girls, beckoning them to go inside.

Along the way, he still said to Qiao Nian: "Old Nie has arrived, I will take you to find him."

"Okay." Qiao Nian replied, "Thank you."

"You're still so polite to me."

Wen Ruxia said so, but actually smiled like a flower, and led them through the crowd towards Nie Mi.

The Wen family's banquet was indeed very grand this time.

The state banquet hall is full of people.

Many of them are people who can only be seen on TV.

But compared to other people, Qiao Nian's own group is the most conspicuous existence.

Wen Ruxia is over 40 years old, born into a famous family, and with a successful career, there are not many people in Beijing who need her to receive her personally.

But after Qiao Nian came over, she put down the chores at hand and took Qiao Nian to find Nie Mi, Liang Conglin and the others.

As far as Wen Ruxia was concerned, many people were sneaking eyes on Qiao Nian and his party.

Qin Si is fine.

I have seen him on many social occasions in Beijing.

Someone in the crowd recognized him immediately.

"It's Young Master Qin."

"No wonder, it turned out to be the Qin family."

"The one next to him seems to be..." Someone noticed Ye Wangchuan.

Chapter 3405 Master Wang has 800 minds

Ye Wangchuan was the same as Qiao Nian today. He didn't wear a suit. He wore a shirt of the same color as Qiao Nian, with a pullover on top. His whole body was very casual.

But he couldn't hide his aura at all.

is quite expensive.

"My Lord." At this time, Qin Si suddenly came over, tilted his head and whispered: "Are you a little too coquettish?"

"Huh?" The man just raised his eyebrows lightly, and his eyes were scary enough.

Qin Si shrunk his neck, but still couldn't hold back and pointed to the position on the right side of his neck near his collarbone: "Did you not look in the mirror when you went out at night?"

He glanced up, and saw the red plum-like mark that Qiao Nian had bitten out at noon, which was exposed on the neck quite ostentatiously. Although it was very beautiful,...anyone who is not blind can tell what it is.

Sister Qiao is fierce!

Qin Si touched his neck, thinking silently in his heart.

Master Wang, could it be the one below?

But he thought about it at most, and he didn't have the guts to ask directly.

"Well, why don't you get a turtleneck sweater to cover it up."

"..." Ye Wangchuan ignored him, and only gave him a serious look.

Qin Si felt that his eyes seemed to be looking at Sha Que, and suddenly his heart was blocked.

At this moment.

Wen Ruxia who was walking in front stopped, Qin Si turned his head and took a serious look and saw Nie Mi and Liang Conglin not far away.

Besides Nie Mi and Liang Conglin, there are a few younger boys.

Exuding youthful vigor in his early twenties.

Qin Si couldn't hold back his words again: "I remember that Wen Ziyu and Sister Qiao went to the same school? Sister Qiao is known as the treasure of the town school of Qing University..."

Zhang Yang quickly pulled off his sleeve, and persuaded him with his mouth: don't say a few words.

Qin Si blinked, and sure enough, Wen Ziyu's eyes lit up when he saw Qiao Nian in the crowd.

"Qiao Nian, why are you here?"

His voice was full of throbbing that he didn't even notice, his heart was beating so fast that he couldn't see anyone else in his eyes.

Fortunately, Wen Ruxia was still there, so she quickly glared at him to resolve the embarrassment: "I invited Niannian."

"Oh oh oh." Wen Ziyu still scratched his head with a smile, showing his white canine teeth, sunny and handsome.

He never took his eyes off the girl.

Qiao Nian didn't bring a gift, so he felt a little embarrassed by him, so he could only say, "Happy birthday."

Wen Ziyu raised his eyebrows and nodded repeatedly: "Happy, happy, everyone is happy."

Wen Ruxia really didn't see her nephew's stupid look, so she grabbed him and reminded him to look behind: "Young Master Qin and the others are here too."

Wen Ziyu noticed that there were several people behind Qiao Nian.

It's not who Qin Si and others are.

His eyes immediately fell on the most outstanding man among them, and sure enough, he saw that the other man met his gaze, then raised his eyebrows frivolously, and handed over a gift.

"I don't know what you like, so I chose a gift at random."

"..."

Wen Ziyu was bumped by Wen Ruxia's elbow, he suddenly came back to his senses, took it aggrieved, and said, "Thank you."

That expression is as reluctant as it is.

Ye Wangchuan raised the corners of his mouth, didn't seem to care about his loss, just passed him from the left, walked up to the girl, and hooked his head to talk to the girl.

Wen Ziyu's eyes moved as he passed by, and soon he noticed the dazzling redness on the man's fair neck, his face turned ashen, and the light in his eyes went out.

Chapter 3406 Someone from Ji's family came to Beijing

Qin Si saw this scene with his own eyes, and secretly called out "wocao", and immediately understood why someone deliberately didn't wear a high-necked sweater to cover it up today.

It's for a one-hit kill!

After the light in Wen Ziyu's eyes suddenly dimmed, he didn't speak much the whole time. It seemed that he was hit hard enough, and he couldn't recover for a while.

It was mainly Wen Ruxia and Nie Mi who were talking about the new arrangement with Qiao Nian, and Zhang Yang occasionally inserted a few words to activate the atmosphere, which seemed very harmonious.

But after all, Wen Ruxia is responsible for receiving so many guests, it is impossible to stay in one place all the time.

The assistant next to her ran over to look for it two or three times, but Wen Ruxia finally had to show apologetic expression and said to them: "Mr. Nie, Nian Nian. You talk first. I have something to do here, so I won't accompany you."

"Okay." Qiao Nian is a person who doesn't talk much, and doesn't like this kind of occasion, so she doesn't feel left out, so she nodded frankly and let her go to work.

Wen Ruxia talked to Liang Conglin and the others again, and hurriedly followed the assistant.

It was Wen Ziyu's friends who saw Wen Ruxia leaving in a hurry, and asked curiously, "What did your sister-in-law do?"

"There must be a guest." Wen Ziyu knew that Qiao Nian was impossible, but being hit once with his own eyes is another matter, so he said weakly: "I have a friend from another place today, it seems very important, people should be here."

Qiao Nian lowered his head and was answering messages with one hand, when he overheard what he said, he narrowed his eyes slightly.

From out of town? Very important person?

Out of the corner of her eye, she caught sight of the message that Slender Waist Control had sent her half an hour ago.

It was impressively written on it: [Boss, people from the Ji family have come to Beijing.]

There are also two screenshots of entry and exit below.

Qiao Nian hadn't had time to click on it, and just sent him a reply of 'someone is outside, something to do'.

She suddenly wanted to see who the person in the screenshot was.

So Qiao Nian gave Ye Qichen to someone to take a look at, raised his eyes, and said to Nie Mi and the others: "Excuse me, I'm going to the bathroom."

**

The banquet hall of the State Guest Hotel is huge, full of magnificence.

Qiao Nian walked through the crowd, and finally walked out, standing at the corner outside the lobby, taking out her phone and looking down to find the screenshot sent to her by Slim Waist Control.

She clicked on it.

Looking down.

Sure enough, she saw the photos of the two people on the opened screenshot. Unfortunately, the two were acquaintances she knew.

One is Ji Xiao.

The other one is older, with inverted triangular eyes and thin lips. It's not Ji Hongyuan.

Ji Xiao and Ji Hongyuan?

What are they doing in Beijing?

Qiao Nian rubbed her fingertips over the photos on the screen, and was leaning against the wall, stretching her legs a little irritably, wanting to take out a lighter to play with.

Just at this moment.

She looked up and saw the side door, Wen Ruxia and her assistant led two people in.

One is Ji Xiao.

Ji Xiao is dressed in a suit and leather shoes, walking calmly and gracefully, looking very eye-catching.

The other one was Ji Hongyuan who was pushed in by Ji's bodyguards.

Ji Hongyuan is still the same, he has aged a lot, his gray hair in front of him is almost completely white now, and his sideburns are grizzled, but he is not as peaceful as he should be at this age, but looks more gloomy and cold.

Wen Ruxia was talking to the two of them, and it seemed that they knew each other.

Qiao Nian was a little irritable and had a headache, raised her hand to press her temple, and simply walked aside to give Ji Nan a call.

Chapter 3407 Keep an eye on them these days to see what they want to do

The other end is connected in seconds.

"Nian Nian, what's wrong?"

Qiao Nian didn't want to talk nonsense, and asked him directly: "Does the Ji family have a cooperative force in Beijing?"

"?"

Ji Nan seemed a little confused by her question, and paused for a few seconds before saying: "I think...it's not considered a cooperation, it's just a friendly faction. They have always wanted to come to Independent Island to develop, but you also know that Independent Island It is very difficult for foreign forces to come and take root under the rules of Africa. The two sides are only in the contact stage and have not discussed cooperation yet."

Independence Continent has always been a three-way zone.

However, the difference between the Independent Continent and the illegal zone is that all three religions and nine streams in the illegal zone can be developed in the past, while the Independent Continent has higher requirements.

It is difficult for general forces to enter the Independent Continent, let alone develop.

In this case, the independent continent also derived a cooperation model.

For example, foreign forces will contact forces on an independent continent to reach cooperation in the form of clinging or sharing, so as to achieve their goal of successfully taking a share of the independent continent.

So far, the only one in Beijing that can own a business line in Independence Island is the Ye family.

Qiao Nian almost immediately understood the current situation.

If nothing else, the Wen family has been looking for an opportunity to step into the Independent Continent these years, so they had contact with the Ji family.

But because the Wen family is not considered a good partner, this has become a trivial matter. Ji Lingfeng must have no time to care about these trivial matters.

So Ji Xiao and Ji Hongyuan came to Wen Ziyu's birthday party in the name of Ji's family in Independent State for some unknown purpose.

"Tsk!" The girl's brows and eyes were quite dry, her eyelids were suppressed with anger, her red lips were drawn down, and she was annoyed and irritable: "They are very idle all day long!"

"What's wrong?" Ji Nan still didn't know why she suddenly asked herself this.

Qiao Nian suppressed the impatience surging in his chest, and tried his best to speak calmly: "It's nothing. I'll fly to Independent Continent in three days."

Ji Nan was indeed distracted: "Do you want me to pick you up?"

"No way." Qiao Nian refused first, and then added: "I may have to go to a place first, and then I will live. I will go to you when I finish dealing with the matter at hand."

She hasn't been back for several months.

There are still many things to do in the First Research Institute, both Feng Yu and Xu Yi are looking for her, and there is also the last experiment on the USB disk, which requires her to go through the archives of the First Research Institute again.

And Ji Lingfeng...

When Qiao Nian thought of so many things waiting for him to do, one head was bigger than two, and seeing Ji and Xiao who didn't know what to do and came to Beijing, his eyes turned cold.

"In short, wait until I get back."

"good."

Knowing that she was busy, Ji Nan didn't ask what she was doing with the things she asked him just now, and hung up the phone after talking to Qiao Nian briefly.

The girl leaning against the wall took away the phone, looked at the hung up phone, and looked back, Ji Xiao and Ji Hongyuan were no longer in sight.

She then slowly raised her legs, and returned to her slender waist in a carefree manner: "Keep an eye on them these few days and see what they want to do."

If Ji Xiao and Ji Hongyuan hadn't misunderstood, with Ji Lingfeng's current situation, she didn't want to have a conflict with Ji's family.

But if Ji Xiao and the others insist on dying, she doesn't mind sealing the coffin boards for them!

Anyway, Nie Qixing + Zhou Zheng, plus those from the Zhou family... She has run out of patience now, and if Ji Xiao and the others insist on bumping into each other, don't blame her for not having the patience to give them another chance.

Qiao Nian put the phone in his pocket, raised his legs and prepared to turn back.

Chapter 3408 Sister Nian originally planned to leave early

After she went back, the banquet began.

Wen Ruxia originally wanted to arrange Qiao Nian and Ye Wangchuan at the main table, with Mr. Wen and the others at the same table.

Following, Ye Fanchuan considered that Qiao Nian didn't like such an overly lively social occasion, so she arranged for her to be arranged in an inconspicuous corner in the back row.

Ye Wangchuan sat at that table, so Qin Si and Nie Mi naturally chose that table too.

Originally, the tables at the Wen family banquet were arranged according to status, and their table was surrounded by insignificant guests.

Because Ye Fanchuan was sitting there, everything became more eye-catching.

"Why is Young Master Ye sitting there?"

"If I knew I wouldn't sit in the front, choose a seat in the back, maybe I could go up and have a toast."

"Why."

After Qiao read it, he heard the rustling voices around him.

She walked over and pulled the vacant seat between Ye Fanchuan and the little guy to sit down, and looked up at him: "Why didn't you sit with Aunt Lan?"

Ye Lan is also here.

As the person who came to eat on behalf of the Ye family, Ye Lan can't be as willful as Ye Wangchuan and find a seat at random.

So Ye Lan sat at the main table and was arranged to sit with the old man of the Wen family, and the two were exchanging pleasantries.

Ye Wangchuan poured her a glass of water and pushed it in front of her, very lazy and indifferent: "It's quiet here."

"..." Qiao Nian picked up the water glass and glanced at him, always feeling that he didn't choose this position just because of being quiet.

But since Ye Wangchuan said so, she herself didn't like going to the front to eat with too many people she didn't know, so she lowered her head and took a sip of her saliva, and stopped talking.

On the other hand, Nie Mi saw her coming and didn't find a chance to have a good talk with her all day. Taking advantage of the fact that they were all his own people, he asked her, "Nian Nian, when are you leaving?"

"In three days."

Qiao Nian bent her long and straight legs, sitting in a rather lazy posture.

It happened that the previous congratulations were about the same.

Shouxing stood under the spotlight and was thanking the guests who came to eat.

Qiao Nian lowered her head, a strand of black hair fell from her brow bone, covering the restlessness in her eyes, and said after a pause, "I originally planned to leave early, but I was afraid that once I left the capital, the Hermit Family would take the opportunity to make small moves. ."

Zhou Zheng also had something to do with Nie Qixing's death in disguise.

Nie Qingru, who is strong and loves to blame others for her mistakes, must very much want to extradite Zhou Zheng to vent her anger.

Qiao Nian turned the cup with her fingers, her fair skin glowing white under the light, she tried her best to suppress the surly look in her eyes, and said, "Zhou Zheng almost killed Master Cheng this time. I don't care if he was involved in other things, But he has to pay for what he did to Master Cheng."

So she has to wait for the final result here.

Because as soon as the results of the final trial come out, Zhou Zheng will be imprisoned.

Nie Qingru is very unlikely to use crooked means to extradite people abroad.

There is another reason why she didn't rush to leave right away - she still couldn't be sure that the person who asked Zhong Liulu to get the medicine was Ji Lingfeng.

She guessed that the probability of that person being Ji Lingfeng was more than half.

But guessing is guessing after all, and she couldn't be 100% sure that the man was Ji Lingfeng without any real evidence.

"Besides, a few moths have come to Beijing in the past two days. Before I leave, I have to keep an eye on what they want to do." Qiao Nian said in a very general way.

Nie Mi didn't know the messy situation in Independent Continent, nor did she know the inside story of the Hermit Family, so she heard her frowning and talking about it.

Chapter 3409 is not at the same level as this circle

He was silent for a moment, then asked Ye Wangchuan: "Xiaoye, are you going?"

Ye Wangchuan knew what he was worried about, poured him a cup of tea, and said very frankly: "Don't worry, Mr. Nie, I will take good care of Niannian."

Based on his words, Nie Mi didn't mention Qiao Nian's leaving after the whole meal.

Zhang Yang and Qin Si are at this table.

Zhang Yang has always been a talkative person.

Chatting with Nie Mi about music festivals for a while, talking about international game competitions with Qin Si for a while, chatting about stock trends with Ye Wangchuan for a while...

After a meal, he was mainly talking. Even if he didn't mention the business, the topics he found were all over the place, and everyone was taken care of.

Soon the meal is over.

Wen Ruxia probably knew that they would leave immediately, so she specially took the time to stop Ye Wangchuan and they had a chat.

Qiao Nian didn't intend to stay and greet other people, so she left the table first, went out to get some air, and waited for Ye Wangchuan and the others to come out by the way.

Outside.

The reporters have already left in a hurry, and there are still a small group of reporters who insist on staying here to take pictures of the celebrities after their entertainment. They are organizing their cameras and chatting together.

"Han Luke, this is a surprise surprise today. I didn't expect her to make such a big joke. Tsk tsk, it depends on her company's public relations methods, whether she can buy this news."

"The dozens of media that came today all photographed her making a fool of herself. This time it's such a big deal, I'm afraid it won't be easy to buy."

A reporter disagreed: "Didn't you say there was someone behind her?"

A little older, Lao Ji, who knew the rules of 1.49 cities, sneered, raised his eyebrows and looked at the hotel where he had dinner today: "Is there anyone? Who can she have? She just knows a few film and television bosses. Those people are not as good as this circle. The people here are not at the same level, you will understand later."

His last sentence was particularly meaningful.

He knew in his heart that today was the Wen family's banquet, and the Wen family was considered a top existence in the circle, except that it was no match for two or three top families.

Wen's family is definitely at the top of the list in Beijing.

On such an occasion, Han Lu can dress like a butterfly, which is a taboo for these people. Then she followed the wrong person, and fussed with Fu Sinian at the door for a long time, causing the hotel security to come out to chase him away.

It is impossible for hotel security guards to come and chase people away by themselves. Someone must have asked them to do so.

After thinking about it like this, there is something interesting behind it.

"Is that an exaggeration? Isn't Han Lu a popular floret? Her company has to find a way to protect it." The reporter who said that there was someone behind her was stunned and didn't believe it.

The old reporter didn't explain that much to him. After all, he didn't have the obligation to teach him these rules. He took out a cigarette from his pocket and was about to smoke it: "Speaking of which, I saw a spotlight today."

"...You must have read it wrong, right?" The little reporter didn't pay much attention to this, but caught a gossip point: "When I took pictures of Han Luke's boyfriend today, he seemed to be calling a child. You said Han Luke. But will this boyfriend have a child? If he has a child... wouldn't it be more interesting to reveal it!"

He also paid special attention to the little boy today, who looks very outstanding, as long as he sees it again, he will recognize it at a glance.

He was thinking this, and out of the corner of his eye, he saw someone coming out of the brightly lit door of the hotel.

Subconsciously, he picked up the camera and aimed it there, and saw one big and one small walking out of the hotel.

Chapter 3410 Sister Nian found out

The girl's sweater hoodie is pulled up very high, revealing only the outline of snow-white, which cannot be seen very clearly from a distance.

You can feel a very unique personal temperament.

That's not the point.

The focus of the reporter's attention is the children who follow her.

The little boy is only six or seven years old, and he looks so cute. Today, he is wearing a custom-made suit like an adult, with big obsidian-like eyes and long eyelashes curled up, like a doll. He looks cute. Following the girl step by step, his eyes never left the girl.

"Damn, I'm so lucky?!" The young reporter couldn't help bursting out, and quickly pointed the camera at Ye Qichen and took a snap.

...

not far away.

Qiao Nian seemed to feel something, and suddenly looked in the direction of three o'clock.

Sure enough, I saw a reporter pressing the shutter over there.

She talked to Ye Qichen, raised her leg and walked towards the reporter.

Most of the reporters didn't notice the people coming out of the hotel door until Qiao Nian walked in front of them and stretched out his hand to one of the men wearing glasses.

"Give me the camera."

The young reporter had just taken a picture of a child, and was secretly delighted that he had captured a big news, when he saw the other person coming straight to him.

He was terrified, and hid the camera behind: "What are you doing? Why should I give it to you."

The old reporter next to him just persuaded him to look at him like a fool, and distanced himself from him without any trace, determined not to let himself be contaminated by this fool.

He really thought he was squatting on a celebrity today?

Don't look at the girl in front of you who looks young, which guest can walk out of the hotel that they can afford?

Everyone finds out about sneak shots, and they come to him to ask him to delete the photos. He quickly deletes the photos and apologizes, but he is still tough with them.

"You just took pictures of that child." Qiao Nian was quite patient, she didn't take back her outstretched hand, and looked at him clearly with black and white eyes.

This kind of insight and understanding made the young reporter very ashamed and annoyed. He gritted his teeth and refused to admit it: "You saw that I took the picture? Do you have evidence?"

"Well, just look at your camera." Qiao Nian looked very calm.

The young reporter's face was flushed, but he didn't cooperate. He hid his mobile phone behind him, and his attitude was extremely tough: "Sorry, this is my camera. If you don't have evidence, I can't give you the camera to check! Otherwise, you will Call the police."

Compared to his irritable and excited attitude.

The girl was too calm, she just looked at him, and said coldly: "I'll say it again, give me the camera, and I'll delete the photos in it and it's over."

She knows Ye Qichen's character, she has received a lot of stares and comments since she was a child, she has a delicate mind and a sensitive personality.

If she hadn't come today, the little guy probably wouldn't have come to eat this meal.

She didn't want anyone to make a fuss about the little guy's life experience.

Even if the news might not be released, she doesn't want anyone to use Ye Qichen's photo to make anonymous revelations.

"I'm not negotiating with you."

This means that there is no room for maneuver.

The young reporter stared at her angrily, as if he wanted to stare at Qiao Nian as a flower.

Qiao Nian saw that he had not cooperated in handing over the camera, and did not waste time with him here, so he glanced at the media company on the nameplate on his chest.

He took out his mobile phone and made a call: "Aunt Yuan, do you know Star Entertainment? Do me a favor."
