

## Madam's 3531

Chapter 3531 If you don't want her to sleep well, make trouble

"How is your home? The southern hall..."

Ji Nan supported his back, gritted his teeth and interrupted him: "Dad, don't worry about these things, take care of your body first."

Ji Lingfeng squinted his sharp eyes. Although his face was pale and sickly, he couldn't hide the power in his bones: "Ha, I'm asking you something."

Ji Nan poured him a glass of water and handed it over. Seeing that Ji Lingfeng looked down and didn't pick it up, he looked helplessly at him and said, "Niannian helped solve it. Those people don't dare to act rashly for now."

Qiao Nian.

"No, she can't get involved now!" Ji Lingfeng's temples swelled up, and he tried to get up while supporting the hospital bed.

Jinan pressed him down: "Dad! Mr. Zhong said, you must stay in bed now, and don't think too much..."

"Get out of the way!" Ji Lingfeng didn't listen.

No one knows his physical condition better than him, and he won't last long.

Since time is limited, he must arrange everything in a short time.

Ji Nan's forehead was bulging with blue veins, and he stood in front of him stubbornly but refused to move away: "The doctor told you to stay in bed!"

Ji Lingfeng seldom saw him so disobedient, and frowned before he got angry.

Xie Yun came in from the outside, saw the tense atmosphere between the two, and seemed to know what they were arguing about, so she slowed down and walked towards the hospital bed.

"If you want to quarrel, make it louder. It's just that Nian Nian just went back and hasn't rested for three hours. You'd better make a fuss and vomit blood and pass out for a while, so that she doesn't even have time to sleep."

Ji Lingfeng heard something in her words, and he tried to get up slowly.

Xie Yun put the medicine from Zhong Liuliu on the bedside table without looking back: "I know what you're thinking."

"You thought you had arranged everything, but in the end, not only did you not help her, but you also made her have to separate herself from the First Research Institute because of family matters."

"Now the Ji family relies on her to suppress those who are ready to move, and because she manages the mess of the Ji family, you should know better than me how many people in Independent Island want her life. She has offended us this time. Most of the Independence Continent! If you are still doing her best, you shouldn't be self-righteous and stalemate with Ji Nan here, but cooperate with Zhong Lao in treatment."

"By the way, you don't know?"

Xie Yun guessed that he didn't pay attention to these either.

"Mr. Zhong was also invited by Niannian."

Ji's family is well-known, so it cannot be said that Zhong Liuliu will definitely be invited to fly over to recuperate his body.

But Qiao Nian can do it.

If Qiao Nian hadn't invited Zhong Liuliu here in advance, Xie Yun couldn't imagine if she would still be arguing with him here.

So even if it is a quarrel, she is rarely calm.

"If you don't want to drag her down, don't be stubborn anymore."

Xie Yun looked into his eyes: "You want to give her Ji's family, have you asked her if she wants it? With Nian Nian's current ability, there is really no shortage of Ji's family."

Ji Lingfeng was so emotional from the beginning that he wanted to get up immediately, but at this moment, it was as if his whole body strength had been removed, and he was leaning on the pillow again, his eyes were slack, and his face showed a tired look.

"I didn't protect her mother well at the beginning, and now I'm dragging her down. What face do I have to see her after I die?"

The she he said.

Only Xie Yun understood.

She knows the past between Ji Lingfeng and Ji Qing, and also knows Ji Lingfeng's lifelong regrets and remorse.

She understands this man's love and pain, so she can't hate him.

"You are sorry for her if you continue to be stubborn."

If he continues like this, he will be sorry for Qiao Nian's doing so many things for Ji's family.

Chapter 3532 Master Wang wants to vent his anger on Sister Nian

When Ye Wangchuan came to see him.

Ji Lingfeng has calmed down under Xie Yun's persuasion.

He saw Ye Wangchuan coming in, his eyelids were blue and dark, his face was seriously ill, but his eyes were as shrewd and sharp as ever.

"Dad, drink the medicine." Ji Nan handed him the water cup and the medicine.

"kindness."

Ji Lingfeng picked up the medicine, raised his head and swallowed it in one gulp, then took a drink from the water glass, and turned his gaze to the man who came in from outside.

Judging by his critical eyes, the young man in front of the hospital bed is still outstanding.

He knew that he was not qualified and could not control Qiao Nian's life.

Although he looked sharply at the man in front of him, he never mentioned the nonsense that the elders would say, but said in a hoarse voice, "I heard that you went to Mingshui Mansion with Nian Nian."

"Um."

Ye Wangchuan handed over the bought fruit and gift box to Ji Nan, looked at the middle-aged man on the hospital bed, and was very polite and thoughtful: "I bought some fruit, and I can ask Ji Shao to wash some for you to eat later."

Ji Lingfeng lowered his raised eyebrows slightly, turned his eyes away, and moved his lips: "You don't have to do this."

He knew Qiao Nian's character, and also knew that his original choice destined them not to be close relatives.

If Ye Wangchuan wanted to express himself through him, he didn't have to.

He's not that important.

Ye Wangchuan seemed to understand his thoughts, and the deep eyes with eyelashes drawn were black: "She is not good at expressing, to understand her heart, not by what she says, but by what she is doing."

"..." Ji Lingfeng stared at him in astonishment.

Ye Wangchuan met his gaze, with clear eyebrows and open eyes: "She is protected by me, so there will be no danger. Just take care of your health. Only the living will have the opportunity to witness the future."

\*\*

Out of the hospital, Mo Dong leaned next to the \*\*\*\* G and waited for him to come out.

Seeing Ye Wangchuan walking out of the hospital without haste, Mo Dong threw away the cigarette held between his fingers, quickly crushed it with his feet, and went up to him: "Master Wang, you're out."

Ye Wangchuan had already walked to the front of the car, opened the door, as if thinking of something, put one hand on the door, and pinched the lower brow bone with the other hand, turned to look at him: "I asked you to check the matter. Reached?"

"Found it." Mo Dong walked around to the opposite side and opened the door to get in the car first. He started the car and said with a smile: "There are inevitably some shameful things in a big family like the Hidden Family. No matter how cautious the queen is, she can't stand by her side." What a fool!"

"The one you asked me to check is true. Ji Lin's people have already contacted the victim's parents."

A week ago, there was a traffic accident in the center of State M. At 8:30 in the evening, two luxury cars collided at the intersection. The accident was very tragic.

Among them, the owner of the Mercedes-Benz was unconscious on the spot and was sent to the hospital for emergency treatment.

Three days later, the doctor announced that the 28-year-old man died after rescue failed.

The owner of the Mercedes-Benz who was seriously injured and died had a lot of background. He was the only son of the president of a multinational trading company.

He was an old man at first, and his son was struggling. He got a master's degree in finance from a well-known university at the age of 28. He just followed into the company's management and had a bright future. It was so sudden that no one could accept it.

"The couple still had a little fantasy before, thinking that if the person can be rescued, the big and small things will be turned into small things. As a result, the son died two days ago with hatred, and now they want to have an explanation, and they don't care about it..."

## Chapter 3533 The Nie family is in trouble!

Mo Dong said: "As long as the murderer can pay the due price, they are not afraid of revenge from the Hermit Family."

"Oh?" Ye Fanchuan had already gotten into the car, leaning back lazily on the seat back, with one hand resting on the outside of the car window, his slumped sitting posture was indescribably arrogant and dignified.

Mo Dong looked at the sunshine outside and coated that handsome face with a halo, which was so beautiful that it was unforgettable. He paused for a second before continuing: "What the Nie family did this time is really dishonest. That car accident was The prodigal son of their family hit someone drunk and drove him, but he was only slightly bruised and fell asleep when he got home. He was seriously injured and sent to the hospital, but they didn't see them, so it can be said that he is not arrogant!"

Ye Wangchuan raised his eyebrows and smiled.

It's no wonder that people like Mo Dong feel that the Nie family is arrogant.

Drunk driving hit someone, hit and fled, and ignored the victim. The victim was seriously injured and died afterwards. They didn't give an explanation, and they used their relationship to suppress the news.

Even privately threatened the victim's parents not to allow them to be held accountable.

This also happened in M state, and he was arrested 10,000 times in Beijing.

"Does Nie Qingru know about this?"

"..." Mo Dong froze for half a second, how did he know? !

but...

Mo Dong thought about it and said: "After all, the Nie family is her natal family, she should know, right? If she doesn't know, she can't justify it."

"Is it?"

Ye Wangchuan was noncommittal.

He felt that Nie Qingru didn't know about it yet.

Mo Dong figured out what he meant: "It doesn't matter if she doesn't know for the time being. I heard that the old couple has found the media to expose this matter on the Internet. In addition, they also called the police. Sooner or later, the queen will hear about it."

"Master Wang, do you want to?" He came to his senses a little bit, staring at the man's face with fiery eyes, very excited, as if he was gearing up to stretch his hands and feet.

Ye Wangchuan still put his hands out of the car window, and Nunu reminded him: "Drive and watch the road."

Mo Dong saw that his brows and eyes were calm, but he didn't dare to neglect him in the slightest. He honestly looked straight ahead and drove fast and steadily.

At this moment, he heard the man's clear voice ringing in his ears: "She gave Qiao Nian such a big gift, wouldn't it be impolite if I don't return it?"

Mo Dong looked awe-inspiring all over, looking sideways at the people around him.

Ye Wangchuan was still as lazy as if he had no interest in raising his eyelids, but he slowly withdrew his gaze, knowing very well in his heart that the matter of the Nie family might not make it through!

\*\*

M continent.

Nie's family.

Nie Tao came home from outside in a hurry with a cold face. As soon as he entered the door, he heard the mournful cry of the prodigal son from the living room.

"Hey, take it easy! Take it easy! You want to hurt me to death? Tell you to take it easy."

"Master, I'm already very careful."

"Then be gentler! If you hurt me again, believe it or not, I will twitch."

Nie Tao strode in with a gloomy face, and sure enough, he saw his good son slumped on the sofa like a lump of mud, and a servant was kneeling beside him, carefully applying medicine to the scratch on his cheek.

His face inherited the good genes of the Nie family, and his facial features are well-rounded. Unfortunately, his body has been hollowed out by wine all the year round, his eyelids are swollen, and his eyes are slack. It doesn't look like a good thing.

But Nie Junwei didn't feel it himself, seeing his father coming back from the corner of his eyes, he greeted him with a fearless smile: "Dad, you're back. It's so early today?"

Nie Tao's face was gloomy and terrifying, he pulled the tie that restrained his neck, and looked at him coldly: "You still have the nerve to call me dad."

Chapter 3534 is really arrogant

Nie Junwei had an indifferent attitude: "You don't have to call me, anyway, you only need to have a big brother and a son. I'm just something to embarrass you."

Nie Tao has two sons.

The eldest son grows up step by step according to the family's training to become a talent who can take charge of his own affairs. He is outstanding in every way and wins him glory.

The youngest son is the same as the one picked up from the trash can. He was fine when he was a child. Although he is not smart enough and his learning ability is not as good as his brother, he is obedient anyway.

Who knows which link went wrong later, and it became what it is now.

If the Nie family hadn't been backed by the hidden family and had plenty of money for him to play with, Nie Tao couldn't have imagined what kind of \*\*\*\* this son would be.

He didn't have any hope for this son, but now he saw him mentioning his outstanding elder brother without any scruples, with an expression that a dead pig is not afraid of boiling water.

He still looked up in anger, pointed at his nose and cursed: "You still have the guts to fight with me. Do you know that the person you hit is dead?!"

Nie Junwei was just a little dazed, and immediately put it behind him, and said nonchalantly: "If you die, you will die. You tell me, can I bring him back to life? You should pay for it. As long as you give me money, they will shut up." gone."

It's not that he didn't cause life-threatening things before.

The first time, he was scared.

After all, he has never lived up to expectations since he was a child, and he has no serious contact with the family business. He is just a second-generation ancestor who only knows how to eat, drink and have fun.

At that time, he was young, and he was afraid of accidents caused by drinking. He was so frightened that day that he ran home and didn't dare to go out to play for several days.

When he went out to play again, he found that the family had already settled for him.

From then on, he didn't worry about these things.

In his opinion, big things can be solved with money, and if it doesn't work, he can rely on his family's background to solve them.

Behind them is the hidden family.

His aunt is the Queen of the Hermit Family.

With this relationship, as long as he doesn't break the sky, who can do anything to him?

"Do you think it's so easy?" Nie Tao has been working \*\*\*\* his affairs for the past two days. When he saw him open his mouth, he came to him, eager to call him: "He doesn't want money, he wants to make trouble online, and he has to call the police... No So easy to fix!"

Nie Junwei bumped into the only son of the president of a listed company this time, and his family conditions are not bad, not comparable to the circle of the hermit family.

But now that he has no son, and has reached the age of sixty, now he is going all out to die with them.

No matter how capable Nie Tao is, he can't stand this kind of desperate revenge, so the incident caused by Nie Junwei gave him a headache.

He has already seen each other once.

The other party saw that Nie Junwei didn't show up, and his face was extremely ugly at the time. Later, he proposed to solve it privately, and also mentioned the hidden family.

People have a very tough attitude. Either Nie Junwei's life will pay for his life, or everyone will die, and even tell him directly that as long as their family is not dead, this matter will not end!

No matter how powerful the Nie family is, it is impossible to kill and set fire in public, right?

Of course, it's not like they haven't done these things, but after all, there is a queen in the family, and Nie Qingru attaches great importance to reputation and will not allow them to make too much trouble.

Nie Junwei still didn't blink his eyes: "Then ask someone to beat them up until they get scared."

Nie Tao's forehead was bulging with blue veins, and he raised his hand and almost slapped him across the face.

Chapter 3535 Tell him to be honest with me

But when he thought that it was his own son, he endured it again, and slowly lowered his hand, and said with a cold face: "I have already found a relationship to suppress the news, and I will not let them be interviewed by the media. It's just that you have to give me some time during this period." Let me be honest, don't go out and cause trouble again, otherwise even if your grandpa intercedes for you, I won't let you go!"

"Got it." Nie Junwei was almost beaten just now, but he restrained his attitude, nodded, and suddenly became sensible and obedient again.

The more he behaved like this, the more helpless Nie Tao was. He glanced at the scratches on his cheeks, and finally softened his tone: "If you want to take the medicine, you should take the medicine carefully, and don't leave a scar on your face."

"I was taking the medicine well just now, isn't this dad talking to me?" Nie Junwei picked up another cotton swab and rubbed the medicine on himself nonchalantly.

Nie Tao didn't bother to talk to him, and turned around to go upstairs.

Just then, the phone on his body rang.

He stopped in his tracks, took out his cell phone, looked down at the caller ID, immediately suppressed the relaxed expression on his face, and walked to the floor-to-ceiling window solemnly to answer the call.

"Hello, Qingru. What can you do if you call me?"

He thought Nie Qingru didn't know about drunk driving yet.

Because he handled it quickly this time, when he learned that the other party wanted to make a big fuss through the media and use the power of public opinion to make Nie Junwei responsible, he immediately suppressed the news.

Of course, the face of the Hermit Family and Nie Qingru was used.

His sister has great face, and the media in M state will not report news related to her.

Nie Tao is confident that he can solve this matter. The other party's family conditions are not ordinary, and he has a little background among ordinary people.

It's just that this strength is not enough in his eyes.

Hundreds of years of accumulation of the hermit family is not in vain. As long as the Nie family is still in the hermit family and is blessed by this force, if the family wants to fight him, they will undoubtedly hit the stone with an egg.

And even if they have the mentality of dying together, they are actually just thinking about it. They can't shake the Nie family, and they can't make Nie Junwei responsible for the drunk driving injury.

"What do you think?" Nie Qingru's voice was as calm as ever.

But Nie Tao is her own brother after all, and he has lived with her for decades, so how could he not hear the anger suppressed in her calm tone.

His heart sank. While thinking about it, he had no choice but to ask further: "What's wrong? Did something happen? It has something to do with Independent Island? It's that Qiao Nian..."

He knew that this name was what Nie Qingru hated the most. As long as this name was mentioned, Nie Qingru would always be so disgusted that he wanted to hang up the phone immediately.

But this time it was not the same as before.

Nie Qingru not only did not hang up the phone, but also interrogated with extremely suppressed anger: "Shouldn't you give me a reasonable explanation for Jun Wei's drunk driving accident?!"

Nie Tao stopped for three seconds without speaking: "You know?"

Nie Qingru snorted coldly: "It was only when the Murdore family found me that I realized what you did behind my back. What? You think you can hide it from me when you go out to find someone to do things under my name?"

The Murdoch family is a media tycoon family in M state. The family has lasted for hundreds of years and is also a member of the hermit family. Like the Nie family, they belong to the top family of the hermit family.

It's just that the Murdoch family is a little different from the Nie family.

The Nie family's current status is all due to the emergence of a queen, and the Murdoch family actually controls countless media and social media, and it is itself a big family.

Nie Tao used Nie Qingru's banner to seek Murdoch's help this time, which undoubtedly made Nie Qingru owe him a favor.

Chapter 3536 is really extremely arrogant

Nie Qingru has never been a person who likes to waste words with others. Before Nie Tao could answer her, she said coldly: "I will help you suppress this matter. But only this time, it will not be an example! I don't care how you educate your son. Tell him to be honest with me!"

Nie Tao felt guilty: "Thank you, Qingru."

What answered him was a cold mechanical voice.

Nie Qingru had already hung up the phone.

Nie Tao put down his mobile phone with a gloomy expression, and turned his head to see the ancestor who caused the trouble squatting on the sofa and rubbing medicine on his face, and the anger in his stomach rose.

He had fire in his eyes, walked over in two steps in three steps, and kicked Nizi hard with one foot, kicking the person on the sofa staggeringly, clutching his waist in pain.

He warned the other party condescendingly: "Stay at home honestly these few days."

Nie Junwei was kicked hard by him just now, and now he is still in pain and can't speak. He only saw his father say harsh words and went upstairs.

He gritted his teeth, and blamed all his grievances and anger on irrelevant people: "It's that short-lived ghost again!"

To die is to die.

He didn't mean not to lose money.

Those people were still not satisfied, and came to trouble him.

Nie Junwei has been hiding at home since the day the incident happened, but that doesn't mean he can't communicate with the outside world.

As a member of the Nie family.

There are many people around him who are fooling around.

Nie Junwei has always been cautious and arrogant. He was suffocated at home, how could he swallow this breath, and waited for the place where he was kicked in his waist to be less painful. He got up and found his mobile phone, and dug out a frequently contacted number and dialed it.

There was a ring over there and the connection was made.

Nie Junwei's face was cold and serious, and he ordered: "Go find some people to teach those two old men a lesson. It's best to beat them so that they don't dare to trouble me again."

\*

He is surrounded by hooligans.

These people have followed him to bully men and women, and they all know that Nie Junwei's family background is deep, and everything can be settled.

Everyone is very courageous and dares to do anything.

Nie Junwei made a phone call, and a group of gangsters gathered together and blocked the victim's parents on the only way to leave the hospital, beating the old couple on the spot until they couldn't get up.

While beating and kicking, he still didn't forget to shout.

"Two immortal things, who gave you the courage to trouble my brother. Ah, you don't want to live anymore, do you? Then go down and die with your short-lived son!"

"Hit, hit me to death!"

There are a lot of people and cars outside the hospital.

So many people beating the two old people is eye-catching no matter what, even passers-by don't want to cause trouble, but they can see the two old people being beaten in the middle.

After all, there are still some people who can't stand it and stand up to stop their evil deeds.

This kind of thing is that as long as one person bravely stands up, a second and third person will stand up immediately.

Some people stood up to dissuade, some called the police, and some called the hospital security... Seeing that the situation was getting out of control, more and more people gathered around.

Several rioters exchanged glances with each other, cursed a few more words, pushed away the indignant crowd, and walked away arrogantly.

\*

Half a day later.

Nie Tao just received the news, knowing that Nie Junwei did something good behind his back.

He vomited on the spot and wished he could rush home and beat up that traitor with a whip, but in front of the Murdoch family.

He could only smash his teeth and swallow it in his stomach, and smiled apologetically: "I'm sorry, I have no way to teach my son. Don't worry, I will give you an explanation."

Chapter 3537 does not allow any reporters to enter the hospital

The members of the Murdoch family did not hide the contempt on their faces, and said to him concisely, "Mr. Nie, we don't want to care about how you educate your son. But since we promised the Queen to help with this, we also hope you can care about it." Good boy, don't make trouble for us any more."

Nie Tao seemed to have been slapped in the face, his face flushed, and he could only nod repeatedly: "You are right."

"The incident of beating people outside the hospital was too big this time. Many people took videos and posted them on the Internet. We can control some media not to report this incident, but we can't completely manipulate public opinion."

"what do you mean...?"

The other party was also not polite: "I hope that Mr. Ling can go to the hospital and communicate with the victim in person, and it is best to reach a reconciliation. As long as the other party does not continue to press this matter and continue to talk about it, all problems will be solved. You think so? Nie gentlemen."

Nie Tao felt bitter: "Yes, what you said makes sense."

But he was very aware of his youngest son's temper.

It's already very difficult to end things like this this time. Besides, the other party is not short of money, and the person who died was the only child of the family.

If there hadn't been a farce in which Nie Junwei asked someone to beat him up later, this matter might still be resolved peacefully.

He wanted to find a time another day to ask the other party to meet, and play the emotional card so that the other party can soften their hearts and accept the reconciliation.

Now it seems... everything is ruined.

Things have come to this point.

Nie Tao can only do the worst. He raised his eyes, his eyes were shrewd and capable: "What if I want to block this news?"

The Murdoch family shrugged, as if they didn't understand what he meant.

Nie Tao turned the cuff buttons of his suit, revealing the superiority of the Yinshi family in his words: "I mean, we have to plan not to reconcile. If it really gets to that point, the other party's company happens

to go bankrupt, and they insist on A statement, even at the expense of drastic actions. In this case, can we block the news and prevent the news from making news?"

The people of the Murdoch family have experienced hundreds of years and have been well-educated in their bones. Even though they have seen a lot of dark sides of human nature, when they heard him hinting that they would suppress and persecute the victim's family, they still couldn't help but look at him. Very shameless.

But we are all on the same boat, members of the hermit family.

Even if the Murdoch family scoffed at Nie Tao's proposal, or even disgusted them, they had to answer him coldly for Nie Qingru's sake: "The other party has become an ordinary person, of course it is not easy to make news."

"Okay, thank you." How could Nie Tao fail to see the undisguised disgust in the other party's eyes, held his breath, and called his assistant to come in with a smile on his face: "I'll take Mr. Murdoch back."

The young man flicked the folds of his suit, and declined his kindness very coldly: "No need, I'll just go back by myself."

"Then I'll ask my assistant to take you out." Nie Tao didn't force him, he told his assistant, and watched them leave the office.

He waited for the two of them to walk away before he dropped his cup in embarrassment, returned to his desk, picked up the intercom phone, and made a call in a deep voice: "From now on, find someone to watch near the hospital, and the media and reporters are not allowed to go there. For interviews, if you see anyone who may be a reporter, stop them and don't allow them to go in."

"Yes." The other end said in a deep voice.

Chapter 3538 sun, you did a good job this time

"Also." Nie Tao paused, but he didn't want to do it either.

The reason why he didn't want to do this was not because he had a strong sense of right and wrong, but simply because he didn't want to clean up the mess for Nie Junwei.

These subtle emotions that just flashed through his mind were not worth the face and reputation of the Nie family that he valued.

Nie Tao quickly calmed down his voice: "You find a way to destroy the other party's company, and you have to be quick. It's best to get this matter done as soon as possible while they are in hospital."

"good."

Nie Tao hung up the phone.

He sat back on the leather swivel chair, took an unread file and opened it, and quickly forgot about it.

Independent Continent.

Qiao Nian slept for ten hours before waking up.

When she woke up, the sun had already set outside, and the setting sun smudged the blue sky, like overturned colored pens.

Qiao Nian rubbed her forehead, there was still sleepiness in her eyes, she casually nestled on the single sofa and didn't want to move.

With her long legs propped up casually, she picked up the phone with one hand and pressed the screen to light up. When she saw it, she saw a missed call from a private number.

Qiao Nian's mind was confused for a moment, he narrowed his eyes, and looked at the missed call.

Because it is a private number, the IP and number are not displayed.

She didn't intend to check it either.

Just as he was leaving without interest, the phone dinged and a text message came in.

Coincidentally, it was also sent from a private number.

She rested her chin on her hand, and opened the text message casually.

—[Are you taking revenge on me by not answering the phone? ]

This kind of high-ranking, arrogant tone, and the attitude of directly questioning without saying a word.

Besides Nie Qingru, she couldn't think of another person.

Qiao Nian blocked and deleted the text message. She didn't want to ask Nie Qingru why she called her and what she wanted from her.

After she blocked Nie Qingru's phone number, she soon received a call from Guan Yan.

Qiao Nian just woke up, leaning against the soft cushions of the sofa irritably, and answered: "What's the matter?"

"Sun, you're going to make the old hag jump in anger this time, it's too bad~ But they are also doing it on their own, they don't leave any room for things, they are too arrogant."

Guan Yan's voice came from the other end of the phone, very pleasant.

"Now there is a lot of trouble in M state, which has affected the reputation of the hidden family. As the queen, if there is such a scandal in the family, it will be hard to convince the public. Sun, you did a good job this time. !"

Qiao Nian listened to her talk for a long time, until now he interrupted casually: "What's the matter in M State?"

Guan Yan was dumbfounded.

"you do not know?"

"kindness."

Qiao Nian brows and eyes were dry, and she raised her hand to press her temples, very loosely: "I just woke up after a nap."

This undoubtedly means that the affairs of State M have nothing to do with her, and she has not intervened in anything.

Guan Yan said "wocao", and then told her in a concise and concise manner about the good deeds that the second generation ancestor of the Nie family in Xia M state did, and by the way, he talked about the follow-up situation.

"Originally, this matter has been suppressed by Nie Tao, and Jin's company was also maliciously acquired by someone under his instigation, and the company's stock price plummeted...Who knew that the news of his son's drunk driving and assaulting people broke out at this time, Before the Nie family suppressed the news, someone released a video of Nie Junwei buying and beating people on the Internet, and the matter suddenly became serious."

"Now public opinion has triggered a chain reaction. Some people have already discovered that after the car accident, Nie Junwei has been hiding at home and has not been summoned by the police."

Chapter 3539 Sister Nian wants to see what Nie Qingru plans to do

"In addition, some people began to question why the old couple of the Jin family had been interviewed by reporters before, but why the interview draft was not sent out and so on..."

"If the fermentation continues like this, sooner or later it will be troubled by other members of the Nie family."

Qiao Nian didn't expect so many things to happen during the short half day she slept, and when she thought about the text message Nie Qingru sent her in a panic, she knew the reason.

"not me."

Her voice is mixed with the hoarseness of just waking up, which is quite cold.

But she already knew who did it.

"I thought it was you." Guan Yan leaned on the ferry deck.

The wind blew her curly hair, and a pair of charming and affectionate peach blossom eyes were full of smiles at the moment, quite flamboyant and bright.

"Nie Qingru must have never imagined that things would turn out like this. The younger generation of the Nie family is also talented, and they are used to arrogance. They kept provoking life-threatening lawsuits and even dared to ask someone to beat the victim's family. Tsk, I don't know if it's Nie who says he's brainless. The tutor is good."

Guan Yan didn't know about the relationship between Qiao Nian and Nie Qingru so far, so he didn't mean to say this maliciously: "Now let's see how the Nie family handles the mess."

Qiao Nian didn't understand the ins and outs of this matter, so he didn't express any opinion, but said lightly: "Hang up first."

Guan Yan reckoned that Qiao Nian was going to investigate this matter, so she didn't delay her: "Okay, hang up. I'm going to Independent Island the day after tomorrow, and I'll send you a message when I arrive."

"You want to come to Independent Island?" Qiao Nian rarely showed surprise.

Guan Yan didn't say what he was doing, but said: "I have something to do."

"Yes." Qiao Nian didn't ask any further questions, and hung up the phone after talking to her again.

She hung up Guan Yan's phone, then pulled out the search bar, specifically searched for the car accident Guan Yan told her about, and by the way, checked the news found on the Internet.

This car accident is nothing to watch.

The cause and effect of the incident are very simple, that is, Nie Junwei hit someone while drunk driving, and then drove away after getting into a car accident. As a result, the victim was not sent to the hospital until half an hour later.

The unlucky victim died two days ago after rescue efforts failed.

During the period, the Nie family was extremely arrogant, and no one came forward to communicate with the victim's family to solve the problem. It was not until they were gone that Nie Tao called a lawyer to communicate with the victim's family about compensation.

However, the family conditions of the victim were not bad. The family members refused to accept the financial compensation proposed by the Nie family, and demanded that Nie Junwei come forward to apologize and accept due investigation.

If it comes to this place, there is still room for maneuver.

After that, the beating incident at the entrance of the hospital pushed the matter to the point of no return.

Now that a series of events have been exposed, the Nie family has suddenly become passive from the side that controls the overall situation.

Qiao Nian glanced around, and noticed at a glance the name of the media that the victim's family was interviewed on the news.

She paused, her eyes briefly stayed on the name of the media, copied it, and searched for the capital behind this media.

Sure enough, the Murdoch family's capital injection was found.

The Murdoch family is also a member of the hermit family.

Qiao Nian can almost guess who let the Murdoch family get involved in this matter. Without Nie Qingru's consent, the Murdoch family would never take care of the Nie family.

An innocent life and the pain of a pair of parents who lost their children, these are all less important than her own reputation in her eyes.

This is Nie Qingru.

A person who doesn't even recognize his relatives.

In her eyes, there is only herself.

Qiao Nian looked at the overwhelming news reports on the Internet, and suddenly wondered how Nie Qingru planned to quell the public outrage caused by public opinion this time.

Chapter 3540 Master Wang, are you protecting your shortcomings?

Downstairs.

Bo Jingxing was also asking Ye Wangchuan about this.

"Are you meddling in state M's affairs?"

"Um."

Ye Wangchuan wore a khaki sweater today, the hem of which hung loosely around his waist, giving him a relaxed feeling of home.

Bo Jingxing saw him open the refrigerator door and take out a bottle of water, unscrew it, and gulp down the water, his Adam's apple under the cold white skin went up and down with the movement, \*\*\*\* and seductive.

"It has already spread on the Internet, what are you going to do next?" He stared at the man's good-looking eyebrows and asked as he leaned back on the sofa.

Ye Wangchuan also walked over with water at this time: "It depends on what they plan to do."

Bao Jingxing saw that he found a seat and sat down at a leisurely pace, put the water in his hand on the table, raised his long legs, looked lazy and proud, couldn't help saying a few words: "You Is it to vent your anger on your girlfriend? Just to protect yourself like this?"

He also heard about the Mingshui mansion.

Knowing that the Hermit Family has often been involved behind the scenes to trip up Qiao Nian.

But he didn't expect Ye Wangchuan to strike back so quickly, and almost immediately gave the other side a look.

He grew up with Ye Wangchuan since he was a child, and we are all children of the same compound.

Bo Jingxing knows Ye Wangchuan's temper better than anyone else.

Ye Wangchuan likes to take his time. He takes one step at a time and counts three steps in everything. Even when dealing with those who offend him, he takes his time and plays with the other party in his hands until he finally realizes his mistake when he sees the other party cornered. In other words, such a person never bothered to make a quick decision and take revenge immediately.

Because of price drop.

At least in Ye Wangchuan's view of the world, doing so is too cheap.

But this time he broke the principle for Qiao Nian, and broke his usual style of handling things without hesitation.

Bo Jingxing realized where the two of them had come.

"The Ye family all protect their weaknesses." Ye Wangchuan didn't answer him directly, but raised the end of his eyes: "Besides, shouldn't I protect my weaknesses?"

Bo Jingxing was paused by his rhetorical question, but after thinking about it, he nodded sincerely: "Yes."

If it were him, he might not be as fierce as Ye Fanchuan, but he should also protect his girlfriend.

It's a pity that he doesn't have a girlfriend yet, and he doesn't know what hot love is like.

According to his life plan for himself, he probably won't meet the same person as his two best friends in this life. If there is no accident, when he reaches the right age, he will find a well-matched person according to his family's wishes. Respect each other and keep distance to finish this life...

Bo Jingxing only lost his mind for a moment, raised his eyes and asked the biggest doubt in his heart: "Do you think the Nie family will give up Nie Junwei?"

Ye Wangchuan picked up the mobile phone beside him, rubbed the screen with his fingertips, and was hesitating whether to send a WeChat message to the girl to ask if he was up.

Hearing that, his eyelids were closed, and he said casually: "It's best for them to give up, and it doesn't matter if they don't give up. What I want is not the life and death of a junior in the Nie family, but the people behind it pay the price."

Bo Jingxing calmed down when he heard this, and he knew in his heart that Ye Wangchuan had plans in mind, and he should have a backup. If the Nie family did not give up on Nie Junwei, they would have to pay a heavier price.

Just when he was thinking this way, Ye Wangchuan's cell phone rang suddenly.

Bo Jingxing saw that he glanced down at the incoming call, so he picked it up, with a low voice: "What's the matter?"

I don't know what to say on the other side.

He saw Ye Wangchuan narrowed his eyes slightly, and leaned back slightly, casually revealing a bit of decisiveness in his heart: "Hey, then give them another surprise."
