

Madam's 3551

Chapter 3551 She wants to prove that she did nothing wrong

Nie Tao not only changed his complexion, his shoulders trembled, he raised his face, and looked at his sister in disbelief.

The first one is for him to give up his son.

The second is to let him slap himself in the face in public.

The price of solving this matter is too high!

Nie Qingru continued: "Third, I will come forward and go to the hospital with you. It is best to reach a reconciliation with the victim's family. It would be best if they can come forward and say a word of forgiveness. Express any opinion on the matter."

Nie Tao closed his eyes, and said with a gloomy face: "They will not agree to a settlement. I have approached them before, and they are very firm. They must hold Jun Wei accountable."

Nie Qingru looked at him as if watching a joke: "Yes, we are going to the hospital to tell them the news."

"..." Nie Tao looked at her suddenly.

Nie Qingru showed no fear at all, and met his gaze directly. There was no emotion in those eyes, only endless sense of oppression.

"Either you follow the path I gave you, or I can only choose to protect myself and draw a clear line with the Nie family. I don't have much time, so you should think it through yourself."

Nie Tao couldn't suppress the panic and anger in his heart: "We are from Heyou's family!"

Who knew that Nie Qingru only answered him indifferently: "Ji Qing is still my only daughter, and I sacrificed myself as you said."

Nie's house was as silent as death.

Even Mrs. Nie dared not continue on this topic.

No matter what they thought, Nie Qingru got up and took the bag, and looked arrogantly at the faces of everyone in the Nie family, feeling extremely tired: "I have nothing that I can't give up. It was no exception in the past. Now it's your turn to do the same." No exceptions possible."

"Didn't Qixing die in the same way?"

At that time, she remembered that her good brother advised her not to hesitate, it was only Nie Qixing, and sacrifice was sacrifice.

Now she can return this sentence to him.

"You have two sons, one is gone and the other is left. There is nothing to hesitate, sacrifice is sacrifice."

Nie Tao frowned and covered his face in great pain, his trembling lips seemed to beg her: "Qingru, there is no other way."

Nie Qingru looked at him as if he was looking at an ant, looking down, cold, but without emotion: "Yes, I will pay for the entire Nie family."

She smiled, as if laughing at the worthless feelings of the people in the room, and laughed at their inability to understand: "I am the queen of the hidden family just like losing the Nie family, and my

position will not be shaken. But if you lose With the protection of the hidden family, the Nie family will plummet and never have the glory it has now."

The Nie family is different from industrial families such as Murdoch, otherwise they would not have used their brains to sell their daughters for marriage.

Who is willing to give up the power within easy reach.

Qiao Nian always looked at her with that 'she's wrong' look, unrestrained and rebellious.

But she was right.

She knew she was just making a choice that most people would make.

Sure enough, before she walked out of the door, she heard her elder brother's painful and loud answer inside.

"I'll go to the hospital with you."

"..."

Nie Qingru stopped for a moment, and raised the corners of her mouth silently, as if once again confirming that she had done nothing wrong.

She turned her head slowly, still looking at the slumped Nie Tao with the cold and arrogant eyes, and told the shadow: "Take him, let's go to the hospital first."

Chapter 3552 Make no secret of her dislike for sister Nian

Things did not go as smoothly as Nie Qingru planned.

After the group of them arrived at the hospital, they were forcibly stopped, saying that they were allowed to visit the ward only after asking the old couple of the Jin family if they would like to see them.

"You know who I am, dare to talk to me like that?" Nie Tao was angry and wanted to go forward to argue.

"Okay." Nie Qingru recognized the identity of the person who stopped them at a glance, raised his hand to block Nie Tao, and said calmly: "We will wait outside."

"Clear as?!" Nie Tao looked at her in surprise, his brows were furrowed tightly, his eyes were confused, and he didn't seem to understand why she was so aggrieved.

Nie Qingru didn't even give him a look, and went straight to the outside of the corridor to wait for the people inside to reply.

Fortunately, the people inside didn't make them wait too long.

Nie Tao suppressed his anger when he saw the young man who had stopped them come out of the ward, walked up to them, and said mildly, "Sorry, the patient doesn't want to see you, please go back."

"You!" Nie Tao's forehead was bulging with veins, and he was about to force his way in.

The young man refused to give an inch, and once again opened his arms to block him, with a smile that didn't reach his eyes: "Mr. Nie, are you here to make trouble?"

"I'm here to apologize to Mr. Jin instead of Quanzi!" Nie Tao gritted his teeth.

The young man showed a suddenly realized expression, and immediately said in a mocking tone: "Oh, I think Mr. Nie's attitude is that you are here to make trouble."

"After all, it's the first time I've seen someone apologize so arrogantly."

If Nie Tao didn't hear the irony in the first half of his sentence, then he still couldn't hear the irony in the second half of the sentence.

His face suddenly became extremely ugly, he clenched his fists, and stared at the young man standing in front of him, as if he would strike at any moment.

Until Nie Qingru called his name again: "Nie Tao, don't forget what you promised me, if you can't do it, go back."

Very calm tone.

mixed with Thunder Fury underneath.

Nie Tao stiffened all over, slowly forced himself to turn around, returned to Nie Qingru without saying a word, and stopped arguing with others.

"I haven't forgotten what I promised you."

"That's good."

Nie Qingru had no expression on her face, and turned to look at the young man who was still there.

The young man was probably in his early twenties. He wore a suit vest over his shirt. The buttons of the vest were buttoned up, outlining a good figure with wide shoulders and narrow waist. Like a businessman.

Nie Qingru knew him: "Ji Lin."

Ji Lin finally showed a look of surprise, as if he didn't expect that Her Majesty the Queen, who is always busy with everything, would know his name.

However, he reacted quickly, nodded slightly, and said in an extremely gentlemanly way: "Is there any order from Her Majesty the Empress?"

This is equivalent to telling Nie Qingru.

He also knew her identity.

Everyone is still standing at the same starting point.

Nie Qingru didn't care about these minutiae, she cast her sharp eyes on him, and said concisely: "Who told you to come. The one in Beijing is... Qiao Nian?"

Qiao Nian couldn't hide the disgust when she said the word Qiao Nian, as if her mouth was dirty, and she even frowned involuntarily.

When she seldom shows her emotions, the uncontrollable disgust and disgust at that moment is particularly noticeable.

Who should this be?

Ji Lin watched her reaction at that moment, and the smile on the corner of his lips faded away.

Chapter 3553 See off guests directly

His eyes were slightly cold, and his words became less polite: "This seems to have nothing to do with Her Majesty the Empress. I am not from the Hermit Family, so I don't need to explain to you!"

Nie Qingru's eyes were dark and she spoke, and after a few seconds, she slowly said: "You don't know who I am?"

Ji Lin raised his eyebrows, as if asking her 'what do you mean'.

Nie Qingru lowered her head to straighten Libao's blue velvet gloves, raised her face that was still graceful and noble over fifty years old, and said expressionlessly: "I am her grandmother by blood. Didn't she tell you?"

When she said this, a trace of hatred flashed across her eyes like a shooting star, as if what she was talking about was not Qiao Nian, but the dirty things sticking to her body.

Ji Lin was stunned for a moment, but he returned to normal in just a moment.

He watched Nie Qingru confront him, then looked at her slightly raised chin, and couldn't help asking curiously: "You don't like Miss Qiao, do you?"

"..." Nie Qingru didn't answer immediately.

Not answering right away is the answer.

Ji Lin understood in seconds, and immediately asked her puzzledly: "Since you have repeatedly shown that you don't like Ms. Qiao, and even hate her. Why did you tell me this? You are Ms. Qiao's grandmother, and then what? You want to use this identity to let Shall I go through the back door for you?"

Nie Qingru's face suddenly darkened, no doubt Ji Lin's questioning her clearly hurt her face, and made her unable to calm down any longer.

She immediately turned cold: "No wonder the people around her are as uneducated as her! No relatives!"

Hearing her undisguised malice, Ji Lin stopped laughing, and responded with the same expressionless face as her: "Her Majesty and the Hidden Family are superior, so don't use blood relationship as an excuse. Otherwise, it will appear... that share The close blood relationship is just a bargaining chip you put on the table, except for using it when you use it, it is usually useless."

Nie Tao watched the two go back and forth, and couldn't figure out what the origin of Ji Lin was, how dare he talk to his superior sister like that.

Before he could think clearly, he heard Nie Qingru's voice suddenly freezing cold: "Do you think I can't solve this matter if I don't see the Jin family?"

Ji Lin didn't argue with her, but made a gesture of 'please', which meant to see off the guests.

The air seemed to freeze.

The next second, Nie Qingru raised her eyelids, took a deep look at Ji Lin, then turned her head and called Nie Tao: "Let's go!"

"I won't send Her Majesty the Queen away." Ji Lin said politely behind.

Nie Qingru walked without looking back, as if she didn't hear his voice, but she could hear her uncontrollable anger in the faster and faster steps.

Nie Tao chased after him all the way, and finally caught up with Nie Qingru when he reached the entrance of the elevator. Seeing her press the elevator button, he was at a loss: "We're leaving like this. What about the things we planned before?"

According to Nie Qingru's plan, the victim's parents must stand up and express their forgiveness to the public, otherwise they will not be able to pass the test of public opinion.

Now they've made a trip for nothing, and they haven't even seen anyone, which is not in their plan.

Ding-

Elevator doors open.

Nie Qingru stepped into the elevator, and Nie Tao quickly followed, watching the elevator door close again, hesitant to speak several times.

But seeing Nie Qingru's face, he didn't dare to ask further questions easily.

Fortunately, before leaving the hospital and waiting for the car to arrive, Nie Qingru, who had been silent all the way, finally spoke to him.

Chapter 3554 The old witch still has some skills

"Not everyone is that evil."

"Everyone has weaknesses."

"As long as I grasp the opponent's weakness, there is always a way to make the opponent let go."

Nie Tao was confused and stunned for a moment: "What do you mean?"

Nie Qingru didn't answer him.

At this moment, Ying drove over and trotted to open the door for Nie Qingru. Nie Qingru just walked past him and got into the car and left.

Nie Tao was left in place watching Nie Qingru's car, Kaiyuan, still reminiscing about what she said before leaving.

Everyone has weaknesses.

So Qingru is trying to solve this matter from another place?

But the matter has reached the current stage, how can it be so easy to solve...

**

Facts have proved that Nie Qingru has some skills in him, and he is not a person like Nie Tao who relied on his family to get to where he is today.

She asked Nie Tao to send Nie Junwei back to the police station as planned, and arranged for reporters to watch the scene.

Then Nie Tao apologized to the public in front of the camera, and said with tears that he was also eager to love his son, and sincerely apologized to the families of the victims.

Immediately afterwards, when the public opinion was the most turbulent, the old couple of the Jin family appeared in front of the media cameras. The two lost their only son after a serious illness, looking extremely haggard.

But facing the camera, the two still expressed that they had forgiven Nie Tao. As long as the judiciary can give his son justice, he will not implicate Nie Junwei's family.

They also said in front of the camera that the Nie family actively negotiated compensation with them after the car accident, and their attitude has always been very good.

So the fact that they were beaten in public outside the hospital should have nothing to do with the rest of the Nie family, it was the behavior of Nie Junwei alone.

...

The family members of the victims stood up to help the Nie family clean up, and the effect was better than Nie Tao apologizing a thousand or ten thousand times in front of the media.

As soon as the media interview was released, public opinion tended to reverse.

Of course, it doesn't mean that everyone praises the Nie family for their love and righteousness, but it's not as fierce as what they scold, and a small group of people start to agree with the family's innocence.

Think that Nie Junwei is Nie Junwei, and the rest of the Nie family are other people, and they cannot overthrow a whole boat with one blow.

As soon as this statement comes out.

The Nie family basically resolved this crisis.

Just as a price, Nie Junwei will definitely be pushed out to sacrifice, and to show it to the public, Nie Junwei will definitely be sentenced this time.

If he hadn't been released on bail at the time and hadn't been involved in the tape recorder, given the status of the Nie family, he would have been sentenced to at most ten years.

But after so many things, outsiders are predicting that Nie Junwei has not run away for at least 15-20 years this time.

**

The news from Continent M also spread back to Independent Continent.

Qiao read down to make coffee and saw Ji Lin making a video call to Ye Wangchuan.

"...they dismissed me that day and told me that they stayed in the hospital for several days and wanted to go back to take a shower. talk at home."

"Who said that we must help my son get justice, even if the company goes bankrupt, and that we will help them because we are not afraid of offending the hidden family. It turned out that such a big matter, they actually kept it from me!"

Qiao Nian saw Ji Lin furiously at the other end of the video from the corner of his eye, which shows how terribly angry the old couple of the Jin family were for their behavior this time.

Ye Wangchuan leaned on the back of the sofa, looking relaxed, as if he had already guessed that things would turn out like this: "Normal, the Jin family also has relatives."

Chapter 3555 I don't need to explain anything to her

Ji Lin asked him puzzled: "Master Wang, are you not angry?"

Ye Wangchuan raised his legs and looked cynically: "Why should I be angry? Mrs. Jin has a biological sister. The two grew up together, and they each got married and had children. Their relationship has always been very good. She lost her only son. But if Nie Qingru threatens her with her sister's family, and tells her that she only needs to say a few words for the Nie family, she doesn't need to forgive Nie Junwei, and promises that she will punish Nie Junwei, the murderer, severely. Do you think she will agree?"

"..." Ji Lin quieted down, as if he was thinking about his words seriously.

Ye Wangchuan didn't hurry to urge him: "Everyone has weaknesses. If she can't even solve this trivial matter, she won't be able to sit in her current position."

Nie Qingru has never been easy to deal with.

She is decisive and ruthless. She puts her interests first and can sacrifice anything.

Such a mercenary, clever, and powerful woman is by no means a simple person.

He just gave Nie Qingru a gift for the news he made in Independence Island this time, and it could be regarded as a warning to the other party to clean his hands and feet next time.

Otherwise, you must be foolproof, or you must be mentally prepared to be retaliated immediately.

He is playing psychological tactics, what he wants is to give the opponent a shackle, so that the opponent will not dare to meddle in the affairs of Independent Continent as easily as he is now.

Ji Lin seemed to understand after a brief silence, and said hesitantly, "Then shall we just let it go this time?"

"The matter is over, the Jin family all stood up and said forgiveness, no matter how much we entangle, it won't help much. It's not that necessary." Ye Wangchuan said indifferently.

It seems to be saying that the weather is fine today.

Qiao Nian held the coffee cup in both hands, leaned against the edge of the bar, watched them make video calls, and drank his coffee with his head down.

It's quite playful.

Ji Lin no longer entangled with the Jin family's affairs, but remembered something: "Master Wang, Nie Qingru came to the hospital that day and told me that she was Miss Qiao's grandmother. I think she seemed to hate Miss Qiao when she mentioned this. It didn't feel like grandma, it felt more like..."

He didn't say the last two words.

When Nie Qingru mentioned Miss Qiao's expression and tone, it didn't feel like a grandmother, but more like an enemy.

Qiao Nian heard her own name by accident, raised her eyes slightly, stopped drinking coffee, and listened to Ji Lin continue: "She targets Miss Qiao everywhere, and this time she also asked me if Miss Qiao did it, I think she The suspicion is on Ms. Qiao's head. Do you think we should find a way to prevent her from going to check on Ms. Qiao. "

In Ji Lin's view, this matter has nothing to do with Qiao Nian.

He and Master Wang were doing the whole process.

Whether Ms. Qiao knows this is another matter.

But Nie Qingru's attitude in the hospital that day was obviously suspicious of Ms. Qiao, and he was also instructed by Ms. Qiao.

The fact is not the case at all.

He didn't know about Miss Qiao's grievances with the Hidden Family, but he didn't want Qiao Nian to suffer innocent injustice.

Who knew that just as he finished speaking, he didn't hear his master's answer, but heard a lazy female voice from behind: "She thinks whatever she likes. If she thinks it's me, then it's me. I don't need to talk to her." explain anything."

Ji Lin recognized the voice, and asked in surprise, "Miss Qiao?"

Qiao Nian straightened up and walked over there, exposing herself to the camera, quite casually: "Ji Lin, don't worry about her."

Chapter 3556 Sister Nian is ready to leave immediately

"But..." Ji Lin's young face quickly flashed a cruising.

Really don't care.

The empress of the hidden family is Miss Qiao's grandmother, and she thinks that Miss Qiao is making trouble behind her back. Miss Qiao doesn't want to explain at all?

Qiao Nian didn't even move her eyelashes, her brows and eyes were dark: "No but."

Loose and unrepentant.

Ji Lin shut his mouth and stopped expressing his opinion.

This matter was settled so simply.

Ji Lin reported to Ye Wangchuan the recent affairs of the lower bunker in Continent M, talking about all the big and small things, and it didn't take much time.

Ye Wangchuan didn't avoid Qiao Nian at all. Occasionally, when Ji Lin mentioned something important, he would simply ask. For most of the rest of the time, Ji Lin was talking, and he let out a lazy 'hmm' from time to time.

Qiao Nian even suspected that he didn't listen carefully.

Wait for Ye Wangchuan and Ji Lin to finish talking about the business in M state before she put down her coffee cup and interjected, "I'm going to M state."

"Master Wang, then I will..." Ji Lin was still talking on the other side, so he hung up first, before he finished speaking, he heard Qiao Nian's voice.

After a short pause, he immediately asked, "Miss Qiao, when are you coming?"

Ye Wangchuan turned his head from a distance, Qingmou was also looking at her.

Qiao Nian ignored his close gaze, and said to Ji Lin through the video: "Now."

"Now?!" Ji Lin couldn't hide his surprise: "You mean now?"

This is too sudden.

Qiao Nian said directly: "I'll go up and pack my things right away, and buy the nearest flight ticket."

"If nothing else happens, I will use an alias."

Although Ji Lin is still confused, he is not stupid: "Then send me a message when you arrive at the airport, and I will pick you up."

Qiao Nian shook his head and looked at him seriously: "The Nie family just had an accident, and you got involved again. I'm afraid there are many eyeliners around you staring at you these days. If you come to the airport to pick me up, I will be exposed. It will attract the eyes of the Yinshi family and the Nie family to me."

"That..."

Qiao Nian said calmly: "I'm here on a private matter. I told you in advance just in case I need your help at that time, so I'll let you know. You don't need to come to me until I don't."

Ji Lin understood what she meant.

"I see."

He glanced at his master Wang, before he had time to ask Qiao Nian if he came to M state alone.

I heard my master's cold voice.

"Bye."

"..."

Ji Lin Mingming didn't do anything, but he felt like he was shot while lying down. He rubbed the bridge of his nose and watched the screen in front of him go black.

The other end is already hung up.

...

the other side.

Ye Wangchuan hung up the video, left the laptop on his lap next door, and looked up at the girl who was about to go upstairs.

"Are you leaving now?"

"En." Qiao Nian originally wanted to go up to get the computer, but upon hearing this, he went around and sat down beside him, and reached out to him, "Can I borrow the computer?"

Ye Wangchuan was silent for a moment, then handed over the laptop he had just put down.

The girl took the computer he handed over, opened it, her slender fingers fluttered over the keyboard, her expression focused.

Ye Wangchuan saw that she first found the search bar, then entered a URL, and then typed out a series of codes, the interface jumped, and she entered the backstage of the airline and started to create a passport for herself, and called it 'Ye One by one, I bought a plane ticket to M state at ten o'clock.

He watched as Qiao Nian bought the plane ticket, wiped out the traces of his intrusion with ease, and operated the mouse to fork off the page.

The next second, her phone lighted up with a 'ding'.

Chapter 3557 Do you know where Nie Qingru put the antidote

Out of the corner of Ye Wangchuan's eyes, he saw a flight reminder message popping up on his mobile phone, which said 'Miss Ye', your XXXXXX flight...

Qiao Nian obviously also saw the short message on the mobile phone. He picked up the mobile phone and looked at the message. Then he raised the corner of his mouth, pushed away the laptop on his lap, and looked at him with raised eyebrows: "It's done."

Ye Wangchuan's pupils trembled for a moment, as if the light shone into his heart and shook the mountains.

He didn't move, and he still maintained a sitting posture with his back slightly tilted back. His pupils were like deep lakes, making people unable to detect his thoughts.

"Ye Yiyi?"

The voice was cold and hoarse, deep and pleasant.

Qiao Nian looked at him sideways and raised his eyebrows: "Then what are you called? Ye San? Ye Qi?"

"..." Ye Wangchuan didn't speak, just looked at her.

Qiao Nian took the lead to look away, and put the phone back into his pocket: "You are the only one in your generation, and you are the only one, Ye Fanchuan. Ye Yiyi."

One is the beginning of all things and the only one.

He is unique in the world, he is the only one.

If Gu San came to Independent Island with him, he would definitely shout "Wonderful, Miss Qiao" beside him right now, and he would be very flirtatious.

Ye Wangchuan's eyes really became deep, and the way he looked at her changed slightly.

Qiao Nian was busy going to the airport, so she briefly told him what she was about to do: "I'm going to find an antidote. The Nie family and the Yinshi family in State M are in chaos. I still have a chance to go there now. I have to wait." She freed her hands after solving the headache in front of her, and it would not be so easy for me to get the antidote."

"So you want to use a false identity to go to Independent Island before she is free." Ye Wangchuan helped her to say the rest.

Immediately asked her: "Do you know where she hid the antidote?"

It's not surprising that Qiao Nian wanted to go to M state to find an antidote for Ji Lingfeng when Nie Qingru was in a hurry, but how did she know where Nie Qingru hid the antidote.

After all these years, it is not certain whether Nie Qingru still has the antidote, let alone such an important thing.

Qiao Nian raised her eyelids in a playful manner, stretched one leg, and leaned the other on the edge of the sofa, resting her chin on her elbow, with a lazy and unrestrained look: "I don't know."

Ye Fanchuan keenly waited for her next words.

Sure enough, the girl changed her hand to support her chin, and continued to say lazily: "But I know that the Empress of the Hidden Family has a treasure house, and usually stores good things in the warehouse. The structure of that warehouse should be similar to that of Ji's warehouse. I just don't know if she put the antidote in it. But as long as they are human, they have a commonality. They like to put important things in the same place that they think are safe. The antidote should be found in that warehouse."

Ye Wangchuan understood.

So she is gambling psychology.

Taking a gamble, Nie Qingru still kept the antidote from 20 or 30 years ago, and put it in the warehouse where she usually kept her collection.

Qiao Nian continued: "Your goal is too big, this time I will go alone. It would be best if I can find the antidote, if I can't find it... I will find another way."

In fact, both Ye Wangchuan and she knew in their hearts that Ji Lingfeng couldn't afford it anymore.

Otherwise, she would not take the risk of going to M state alone to find the antidote.

Ye Wangchuan didn't insist on advising her at this time, 'Don't go, it's dangerous' like the others, but after Qiao Nian finished speaking, he looked into her eyes and said, "I'll fly over as soon as I finish handling the matter here."

Chapter 3558 Guan Yan is here, you really want to follow me

Qiao Nian suddenly raised her head.

As if he knew what she was going to say, he stretched out his hand to block her words, very calmly: "Don't worry, I will leave with you, no one will notice you."

Qiao Nian was used to running into danger alone, her body and brain instinctively refused, and even her back tensed unconsciously.

But thinking of her entrusting her back to him with complete trust in Mingshui Mansion, the feeling of physical resistance subconsciously disappeared.

She nodded after thinking about it for a minute, and quickly agreed: "Okay, be careful."

Ye Wangchuan's eyes were shining brightly, he raised his hand and brushed up the hair beside his ears, his proud and prudent face was extremely gentle: "Wait for me obediently."

**

Qiao Nian bought a ticket to M state at ten o'clock, went upstairs to pack her luggage, and set off for the airport with a shoulder bag.

In order not to startle the snake.

She was sent to the airport by Qin Si this time.

Qin Si is a stranger, and has never been involved in the affairs of Independence Continent. In addition, unlike Bao Jingxing, even if he is not from Independence Continent, he is involved in the Nine Institutes anyway.

Qin Si is more like a wealthy idler, so no one will pay attention to what he is doing.

On the way to the airport, Qin Si secretly glanced at the girl in the passenger seat several times while waiting for the traffic light, hesitant to speak.

Arrived at the airport.

He went to park the car, followed Qiao Nian into the terminal, and finally found an opportunity: "Sister Qiao, why are you leaving in such a hurry this time? Or go to State M. Don't let Master Wang accompany you?"

"No need." Qiao Nian just twisted a shoulder bag. There was nothing in it. Except for her usual laptop, mobile phone charger and some gadgets, she didn't even bring any clothes. pieces.

So no matter where you look at it, the shriveled bag on her shoulder doesn't look like someone who is about to go out, especially when she is carelessly putting her hands in her pockets and stuffing her earphones, she doesn't look like someone who is about to go out.

Seeing her completely incapable of taking care of herself, Qin Si hesitated for a moment, then looked in the direction of the terminal to exchange tickets: "How about I go with you? Anyway, I have nothing to do in Independent Island, so I might as well go there with you. "

Qiao Nian glanced at him.

In order to express his determination, Qin Si looked quite determined: "I don't worry about you going there alone."

Qiao Nian touched the orange candy in the bag with his fingertips, took one out, peeled off the wrapper and stuffed it into his mouth, then looked up at him, and asked him, "Either?"

Qin Si looked at the candy she handed in front of him, and paused for a second. He always felt that Qiao Nian didn't take his words to heart, and was a little depressed: "Sister Qiao, I always have one more person and more helpers in the past. If I can help busy..."

"Guan Yan is coming to Independent Continent." Qiao Nian said suddenly.

Qin Si was stunned for a moment, and then his eyes lit up. He wanted to grab Qiao Nian's shoulder and ask clearly, "When? How long will she arrive?"

Qiao Nian recalled the time Guan Yan said on the phone: "Just a few days."

Then she looked at the overjoyed Qin Si, and said, "So you still want to go to State M with me?"

After Qin Si was happy, he really got entangled.

It is said that he said everything he said, and he didn't immediately regret it. That would be too LOW.

But he hasn't seen Guan Yan for a long time. The woman is either in the high seas or in Continent F. In short, they run around the world, and the time they can meet is only a handful.

If it wasn't for her occasionally cheating on corpses on WeChat, Qin Si would have suspected that he had found a virtual girlfriend, relying solely on him to maintain the relationship unilaterally.

Chapter 3559 I heard from Qin Si that Miss Qiao is gone

But he was really tempted after getting along with Guan Yan during this period of time.

He is different from Ye Wangchuan. He was enlightened early since he was a child, and he dated his first girlfriend in junior high school, and they haven't broken up since then. There are almost no gaps in each relationship.

In his words, life is so boring in just a few decades, of course you have to find something to do for yourself, falling in love is the best way to pass the time.

He has been playing for fun and making troubles all these years, but he has never been tempted by anyone.

Before, he still thought that if he and Wang Ye didn't fall in love, it would be fine if they fell in love, and they would be vigorous when they fell in love, and they couldn't wait to talk about their lives.

He can't love anyone.

Not to mention unilaterally giving affection.

Until you meet Guan Yan.

Qin Si knew he had fallen.

There are people who are more playful, more flowery, know how to love themselves better than him, and are more rational and good at withdrawing, but he can't see it anymore.

Qin Si thought so, his heart seemed to be pinched by an invisible big hand, the heart was broken into countless pieces, and he stubbornly picked it up and glued it together.

He figured it out in a short time, and sincerely apologized to Qiao Nian: "Sister Qiao, I'm sorry, I can't accompany you to state M. So, what gift do you want for your birthday next year? As long as you tell me, as long as I have it, I will give it to you You get it."

This is his apology this time.

Of course Qiao Nian wouldn't be upset about this, and after a few words with him, the airport broadcast announced that the flight she bought was about to take off, and she was ready to check in.

Qiao Nian had no luggage to check in and had to leave.

Qin Si accompanied her to get the ticket, sent her to the security checkpoint, watched as Qiao Nian copied his pocket with one hand, turned his back and waved him in, until his back disappeared.

He turned around and walked out, ready to go back.

On the way back, Qin Si remembered the name on the ticket he had just followed Qiao Nian to pick up the ticket, and couldn't help but took out his phone and sent a message to someone on WeChat.

—[Qin: Ye Yiyi? 】

—[Qin: Master Wang, your nickname. 】

—[Qin Si: One by one, who thought of the name? Your old man? Tsk! The name is so cute, no wonder you never mentioned it. I didn't see that Ye Lao still has this style! 】

He took the car, inserted the car key, put on his seat belt and was about to drive, when he saw the cell phone left in the corner light up.

Qin Si thought of the message he had sent before, so he picked up the phone and unlocked it.

Sure enough, it was a new WeChat message.

He opened it with great interest, and looked at it gossipingly.

With slightly concentrated eyes, he saw Ye Wangchuan returning to him calmly.

—[Y: My wife.]

"Depend on!"

The smile at the corners of Qin Si's mouth froze, rubbing his face with his hands, shaking off goosebumps, he should have ridiculed him immediately, but I have to say that compared to his fictitious virtual girlfriend, Wang Ye's dog food stuffed in He's wounded.

Not only is she showing affection, but she is also abusing a good dog.

Qin Si lamented the difficulty of being a dog, and decided not to seek abuse by himself, and resolutely refused to return. He threw the lock screen of the phone on the passenger seat and drove back.

The next time he is sick, he will go to abuse again!

**

Ye Wangchuan finished replying to Qin Si's message, and saw that the other party's profile picture was silent, so he exited, clicked on the top profile profile picture, thought about it, and slowly edited the message.

Qiao Nian didn't reply right away. He probably didn't have time to look at his phone after passing the security check.

Ye Wangchuan put his mobile phone at hand, bent down and picked up the freshly brewed Longjing tea on the coffee table, the dense tea smell floated in the air, leaving only a wisp of the fragrance of the tea.

Bo Jingxing just came back from outside. Seeing him drinking tea at home, he put down the car keys and walked over: "I heard from Qin Si that Miss Qiao left."

Chapter 3560 This is Qiao Nian, always walk ahead

Ye Wangchuan blew over the foam on the tea leaves, his eyelids drooped, and he leaned back lazily, without lifting his head: "En."

"Tsk." Bao Jingxing sat down opposite him, looked at the tired man with interest, and said, "Wang Ye, do you know what you're thinking now?"

Ye Wangchuan took a sip of tea, raised his extremely long eyelashes, and finally looked him in the eye: "Speak up if you have something to say." The second half of the sentence is not a good one.

Sure enough.

Bo Jingxing touched the bridge of his nose, pushed the gold-rimmed glasses on the bridge of his nose with his slender fingers, and stared straight at him: "Now you look like a wife-watching stone abandoned by your wife."

Ye Wangchuan paused, took the teacup away, looked at him indifferently, and said calmly: "Tired of work? Do you want to go to Continent F to mine?"

Bo Jingxing's forehead twitched with blue veins: "Just kidding~"

Ye Wangchuan didn't even have any interest in talking to him, he leaned on the back of the chair, rubbed his fingertips against the rim of the cup, and the tea leaves floated in the light yellow tea, reflecting his overly provocative face.

"She went to State M alone this time, which made me think about something."

"What?"

Bo Jingxing poured himself a glass of white water, lowered his head leisurely and took a sip, then raised his head, the peach blossom eyes hidden under the lens were as cunning as a fox.

"Don't tell me you want to follow me to state M."

Ye Wangchuan glanced at him and said nothing.

Bao Jingxing's drinking water slowed down, as if he had seen a ghost: "You haven't finished the backlog of Yaomen's work here this time. And the one you've planned for a long time, working with Dean Feng to build the first research institute The matter of being stationed in the illegal area for activities has not yet been implemented. At this juncture, you are going to put up your burden and leave, and run after Qiao Nian?"

He is a bit incredible!

In his impression, Ye Wangchuan has all the qualities that a top person in the circle of Beijing should possess.

Calm, sensible, restrained and sober.

People like them have been educated to choose between gains and losses since birth, and they have been determined in their bones for twenty years.

Bo Jingxing thought he was a person who did a good job in this area.

But he only admires Ye Wangchuan.

Ye Wangchuan was like a leader in the circle when he was a teenager.

This person is neither too cold nor too hot, not too distant, and you will never be able to touch his inner thoughts... It seems that he is ruthless and principled.

The most important thing is—Ye Fanchuan always has reason over emotion.

Until now...Bo Jingxing was shaken in his heart, and the huge gap made him unable to make any expression on his face for a moment, and he only subconsciously looked at the man who was facing him.

Ye Wangchuan was still sitting on the seat, with his strong wrist raised slightly, holding a ceramic glaze teacup in his hand, his extremely long eyelashes pressed down the thin light in his eyes.

He just sat there quietly, the light smoke of the tea enveloped his wide eyebrows: "I was thinking... what can I do for her."

"?" Bao Jingxing didn't understand what he said.

Ye Wangchuan clicked his tongue lightly, and raised his eyes: "If she finally decides to settle accounts with Nie Qingru, what can I do for her as her boyfriend."

Bo Jingxing's throat seemed to be stuck by an invisible big hand: "What do you want to do for her?"

"At that time, she won't let me participate." Ye Fanchuan said slowly: "I know her too well, she is used to facing it alone. The reason why we are here now is that it is not really dangerous. Every time there is real danger, she faces it alone."

This is Qiao Nian.

Always go ahead and never look back.
