

## Madam's 3811

### Chapter 3811 Sister Nian didn't find Zhai Xicheng

In addition, these people were originally gathered temporarily for the last person of the Nantes Alliance, and there was no backbone at all.

This kind of people can easily lose control once they encounter unexpected events.

Right now, many people are pulling out their weapons, looking nervous, they don't need people from the Hongmeng, they are already in chaos.

Singer is a relatively calm one among these people. She also holds a weapon in her hand and is loaded, but she still knows how to help the bald man stop the panicked crowd.

Seeing that the effect was mediocre, she didn't care so much, she gritted her teeth and asked the bald man: "What should we do now?"

The bald man already regretted that he had easily stepped into the opponent's trap the moment he saw the signal flare, so he could only force himself to say calmly: "Arrange everyone to retreat immediately, and I have arranged for people to respond outside. The car is also outside, as long as we get in the car, it will be better."

"good."

Singer heard him say that there are people outside to meet them, the tight string was slightly loosened, and he didn't care so much, he grabbed a person and explained the arrangement again.

In the end, Singer said loudly: "If you want to leave, hurry up and retreat with us, and if you want to die, just continue to stand here and be a living target for others!"

Her forehead is covered with sweat now, and the clothes on her body are also wet with cold sweat. Every minute and every second here is extremely long.

She was particularly worried that Hongmeng had already arranged snipers nearby, and they would become living targets for others just waiting for an order.

"Go!" Singer gritted his teeth and shouted sharply.

Because of her yell, the others seemed to have found the backbone for a short time, and began to evacuate towards the outside in an orderly manner like a tide.

\*

On the roof.

Guan Yan watched those people retreat like frightened birds in fright, looked at the girl in a blink of an eye, and said with a smile: "The next thing is to look at the flower arm."

The flower arm she was talking about was Qiao Nian, the driver who picked up people the day they arrived in the illegal area.

Because her arms are full of tattoos, she was privately controlled by her thin waist and nicknamed her Huaarm.

Huayi is mainly responsible for the docking of Hongmeng and Fzhou Diamond Line, and running transportation.

Of course, because he is in charge of transporting diamonds and is in an illegal area, Hua Arm can be regarded as the head of the Red League responsible for the gray area.

He is responsible for keeping these people tonight.

"Is he ready?" Qiao Nian narrowed his eyes and looked at the group of people running away in the night, not sure if Zhai Xicheng was inside.

It was too dark.

She didn't see that familiar face through the telescope just now, so she can't determine the location of Zhai Xicheng for the time being.

Guan Yan didn't know what Qiao Nian was thinking, so he looked in the same direction as her, and said calmly, "Sun, don't worry. The flower arm has been prepared long ago, and our manpower is also in ambush, just wait for them to pass by." ."

"That's good."

Qiao Nian didn't say much, walked to the side, took out her mobile phone, and contacted someone.

Guan Yan looked at her cold back, and knew who she was going to call without following her. It must be that Young Master Ye from Beijing.

But this time they really don't have enough manpower. Fortunately, that young master Ye has already prepared, otherwise, based on the information they received tonight, if they acted rashly according to her previous thinking, they would have fallen into the trap of that old man at this moment. The witch's plan is right.

People from the hermit family are really not easy to mess with.

Guan Yan raised an arc that was inevitable.

It just so happens that they are not easy to mess with.

Let's see who is the oriole hiding behind tonight!

Chapter 3812 Their people and cars are gone

The cold wind in the illegal area.

It was too dark.

The road ahead can't be seen clearly.

The bald man had to take about twenty young masters and ladies from different families to run away, and the psychological pressure was huge.

The group of them crossed the block and finally arrived at the reception point.

However, unexpectedly, there was not even a single figure in the entire square.

The person he had left outside to take care of him disappeared out of thin air!

The bald man realized something, and his expression changed drastically.

Before he had time to speak, Singer hurriedly walked up to him and questioned him: "Didn't you say that there are people outside to meet us? People?"

The bald man opened his mouth: "People..."

Singer didn't care about that much, he gritted his teeth and asked again: "Forget it, let's not talk about those people. What about the car? You have always prepared a car, right? Why didn't I see the car."

People who have no pick-up, as long as they have a car, they can still go.

The bald man didn't know this. Seeing that the people and vehicles he left outside disappeared together, he had been in the illegal area for so long, so he might not know what happened.

I saw that his expression was visibly decadent.

"We were tricked by...!"

"What?"

"Everything is a trap prepared by the Hongmeng long ago, and we fell into their trap." The bald man briefly told Singer that before he came, he sent someone to investigate but did not find anyone from the Hongmeng. all over.

This undoubtedly threw a blockbuster to the crowd who managed to escape.

Singer's head was buzzing, his fingers holding the weapon were trembling, he was a little bit hysterical and collapsed: "Aren't you from the hidden family? This is the only way you can do it? Think of a way!"

What kind of hermit family are they?

The bald man regretted it to death.

If it wasn't for him to repay Nie Qingru's kindness, he would not take this risk.

But Nie Qingru's kindness to him back then was not to the extent that he would have to sacrifice his life for it! Now he wished that there was a regret medicine in the world for him to take a pill, so that he could turn back time.

He must be mixed into this muddy water!

"What do we do now?" Singer was still asking him.

The bald man tried to contact Nie Qingru, but no one answered the phone.

"Fuck!" He cursed and couldn't figure out why the other party didn't answer his call.

In the current situation, they definitely can't stay here and catch them without a fight.

He tensed his back molars, and waved to the people under him: "Let's rush out!"

Surrounded by endless darkness, the entire neighborhood was as quiet as if no one lived here.

None of them knew what was lurking in the darkness.

It's just that they can't help but struggle with the situation in front of them. There may be a glimmer of life if they rush out, but they can only become prisoners if they stay here.

Singer looked towards the unknown darkness ahead, and also clenched the weapon in his hand, determined: "We will follow suit!"

Just when all of them quickly adjusted their status and prepared to fight to the death.

The daytime spotlights around the square were lit up one after another, and the dazzling light shone on everyone's eyes in an instant.

Dozens of people in the square were blinded by the bright light without any preparation, and blocked their eyes with their arms.

"Fuck, what's going on?"

"Who is it?"

After they slowly got used to the light level, they removed their hands covering their eyes, only to notice a jeep appeared in front of them.

### Chapter 3813 Sister Nian: Where is Zhai Xicheng?

The sunroof was opened on the roof of the jeep, and a man with flowery arms was standing in the sunroof with a cigarette in his mouth, looking at them.

"Sun invites you to Hongmeng to play."

Arrogant, arrogant!

Hongmeng's consistent style of doing things!

The bald man is also from the K organization anyway, and has seen a lot of things in the world.

This is the first time he has fought against the Hongmeng. Not only are people shining their eyes with strong lights, but they also make it clear that they will be "forced to invite" them to be guests.

He cursed secretly, raised his gun to the temple of the man standing on the front of the car with a cold face: "Let your sun come out and talk to me!"

Hua Yi held a cigarette \*\*\* in one hand, and stared at him with a pair of eagle-like eyes, as if he didn't pay attention to the gun he raised.

The atmosphere is tense.

He threw the cigarette \*\*\* on the ground, finally let out a sneer, jumped out of the car, and stepped on the scarlet cigarette \*\*\* on the ground with his toes.

Walking in front of the crowd with his hands in his pockets, there was obviously only one person, but he had an indomitable aura that was enough to frighten everyone.

"Do you think you are qualified to negotiate terms with me?"

"Depend on!"

The bald man spat, his eyes were fierce, and he was about to give it a try as he said.

All of a sudden.

Countless red infrared aiming spots aimed at the deadly positions such as heads and chests of all of them.

This change came too suddenly.

But not surprising.

The bald man's whole body was as stiff as a stone, from the fierce and arrogant expression at the beginning to a fearful expression: "Where's sun?"

Hua Yi raised her chin, motioning him to turn around: "Didn't you see the previous signal flare? She's behind you."

The bald man only saw someone on the roof, but he didn't know that the person standing on the roof was Qiao Nian.

He turned his head sharply.

It was only then that they noticed two people coming out of the darkness at the other end of the square not far from them. One was wearing a peaked cap at a young age, and his face could not be seen clearly under the light.

Another flamboyant, a tight leather skirt outlines a woman's proud figure, straightened her chestnut-colored curly hair, and greeted him: "Hey, isn't this our brother KT?"

The bald man is also a leader in the K organization, and he is not an unknown person in the illegal area.

It's just that when Guan Yan said his name, he always felt like he was being teased.

The bald man's expression changed again and again. It was obvious that Guan Yan was the one who provoked him, but his eyes kept falling on the girl who didn't speak.

The eyes were full of fear.

"Sun, I also do things for others. Everyone is from the illegal area. You can't look up and look down. Look..."

Singer also noticed that he was addressing the speaker.

She subconsciously looked over.

Originally thought that the woman in the enchanting dress was the boss here, but looking at the meaning of the bald head, it turns out that the girl in the sweater is the sun?

She couldn't hide her surprise, and blurted out: "Are you sun?"

Seeing her like that, Guan Yan sneered, and turned to talk to the girl: "Boss, I told you that you are dressed too plainly all day long. Look, people don't believe you are sun."

Qiao Nian raised his hand and tugged on the brim of his hat, his impatient gaze swept across the crowd.

Because of the strong light, she only saw a group of people crowded together in darkness, and she couldn't see the people inside clearly.

She didn't talk nonsense, her eyelids sank slightly: "Where is Zhai Xicheng?"

This is the first sentence she said tonight.

Qingqing Lingling, the voice is not loud, but full of momentum.

#### Chapter 3814 The signal flare lights up

Everyone, including the bald man, showed complicated expressions. Everyone looked at each other in blank dismay, but no one stood up to answer her question.

Qiao Nian's heart sank when he saw their reactions.

at this time.

Signal flares light up outside the square.

Red flares soared into the sky.

Hua Bi looked up at the sky, and said to the girl with a solemn expression: "Sun, you guessed it right. There is another group of people coming tonight."

"kindness."

The girl still had a casual expression, and she didn't seem to be affected. She stepped on the cement pipe next to the square with one leg, took out a lighter and lit it up, emitting a faint blue flame.

She glanced at the people below the circle, and said impatiently: "I'll give you five minutes to think about it, and tell me where the Zhai Xicheng people are."

"Of course, you can choose not to speak."

She pointed at the bald man and asked casually, "Are you their leader?"

The bald man was named Kubude: "Sun, I told you, I was only entrusted to help others, so don't make things difficult for me."

He is not too flustered now.

Because Hua Yi didn't avoid them when he talked to Qiao Nian just now, he can guess about 70% or 80% based on the phone call he made to the Hermit Family tonight.

It must be that the hidden family has prepared a backup, and those people have started to do it!

In this way, the situation between them and the Red League is not a reversal, but at least he is not so dangerous for the time being.

He just licked his face and prepared to negotiate with the leader of the Hongmeng who seldom shows up: "Actually, Sun, you also know the power of the family behind these people. Why should the Hongmeng make things difficult for them and make enemies for themselves?"

"Why don't you all take a step back, let us go, and we'll talk good things for you. Let's just pretend that nothing happened these few days, so we can get together and relax."

Guan Yan looked at the confident look of the bald man, couldn't help but sneered, turned around and teased the girl: "Boss, I'm looking down on you."

Qiao Nian ignored them, and said to the bald man indifferently: "After five minutes, if they don't say anything, I'll take you first."

As soon as the words came out.

The bald man's face turned blue.

For a moment, he couldn't figure out how sure the people in front of him could solve those people outside.

Now he can only pray that the Hidden Family's high-skilled man can get rid of the people in the outer Red League within a few minutes.

In this way, he can still count on this sun to be cautious, so that he won't go too far!

\*\*

Nie Qingru prepared two groups of people this time.

The bald man was just a bait she threw in, the purpose was to lure Qiao Nian to the location of the Hongmeng staff who were ambushing outside.

The second group of people she arranged was still a certain distance away from the square, and before they confirmed that all the Red League personnel had shown up on the other side of the square.

They started a counterattack!

In the beginning, they proceeded very smoothly, just as the Queen had planned. The Red League did not have any second-hand preparations, and they broke through the first opening completely undefended.

Then they saw the Hongmeng people finally pulled off the flare to warn the people inside of the danger.

They didn't take the signal flare to heart, and they were still laughing at the people of the Hongmeng for jumping over the wall, thinking it was too late to remind them.

Even if the people inside know that they still have a group of people setting up an encirclement circle, so what, those people are already inside their encirclement circle.

As long as they continue to shrink the encirclement, the Hongmeng will be in their pocket sooner or later!

### Chapter 3815 Not from Tianchen

After solving the first breach, the person in the lead made a gesture for the people under him to move forward, and then reported the good news to State M.

...

M continent.

Old Xue's car has arrived at Nie Qingru's private castle. Nie Qingru changed into a set of home clothes and hurried down to meet the distinguished guests.

The two sat down in the living room, and the servant hurriedly made the latest black tea.

The aroma of Keemun black tea fills the living room, and the wine-red tea leaves rise and fall in the tea water, which is very aesthetic.

At this moment, Nie Qingru answered the phone.

After she came back, her face was filled with a rare joy, and she picked up the teacup on the table and signaled to the old man in blue: "Old Xue, come and have a drink."

The old man in blue gave her a puzzled look.

Nie Qingru took a sip first, and then said to him in a calm manner: "I arranged to do it tonight, and Qiao Nian has already been fooled."

"In less than half an hour, we will disintegrate her power in the illegal area in one fell swoop. Even if the Hongmeng can get away with a few people by chance, it will hurt a lot."

Her eyes are like a boa constrictor biting its prey, just waiting for the prey to be hanged, and she wants to enjoy the struggle and pain of the prey before dying.

"Without the Hongmeng, she only has the power of Continent F. Just relying on a weapon dealer to fight with me, she is too immature!"

Mr. Xue's tense face relaxed a little. He had received the good news from her. He took a sip of the tea on the table, looked up at Nie Qingru, and said gently: "I am not helping you this time. It's a personal vendetta. I'm just doing it for the Hermit family... so I just hope things go well."

"certainly."

Old Xue put down the teacup, seemed to hesitate and said, "If the Empress can catch Qiao Nian this time, I hope you will give her another chance."

He seemed to regret and sympathize: "In fact, she is very talented, a rare talent. I admire her very much. It would be a pity if she passed away at such a young age!"

Nie Qingru's eyes had already turned cold, but facing one of the three giants of the Privy Council who was still unequivocally supporting her, she couldn't bear to turn her face on the spot. Of course I'll give her a chance!"

Old Xue glanced at her and shook his head in his heart. He knew very well that Qiao Nian's character would never bow to others.

He knew in his heart that what Nie Qingru said meant that Qiao Nian would not be let go.

He was a little sad that such a young life was going to end like this, but he just sighed, picked up the black tea and tasted it lightly, and didn't speak for Qiao Nian again.

In his heart, it is a pity for a genius, but the interests of the hermit family are above all else.

Qiao Nian's style is too tough, she has the shadow of Ji Wu Falcon in the past, and she is always against the hidden family... Such a person will be a disaster if he stays.

...

The two decided a person's fate while talking and laughing.

But they didn't know that not long after their people hung up the happy call, they received bad news from their subordinates.

"Boss, it's bad! Our brothers on the periphery are all gone!"

"what's the situation?!"

The man on the phone couldn't pay attention to his mobile phone, his scalp was numb, and he looked into the darkness behind him, his throat seemed to be restrained.

"Is it Tianchen?"

He knew that the relationship between Hongmeng and Tianchen was unusual, and probably only Tianchen dared to meddle at this time!

However, his subordinates denied it: "They are not from Tianchen. I, I, I don't know where those people came from."

### Chapter 3816 Master Wang makes a move, be quick, accurate and ruthless

The man on the phone froze, his eyes darkened.

Not Tianchen?

Then who is the nosy person at this time?

The people under him didn't give him much time to think, and they gritted their teeth and said anxiously: "Boss, the opponent is coming fiercely, our brothers are about to be overwhelmed!"

The man who takes the lead is also from the Xue family, but it is not from the head of the Xue family, but from the peripheral branch of the Xue family called Xue Qing.

Xue Qing heard the seriousness of the people under him, one head and two big, and immediately walked over there: "Take me to see!"

"Boss, follow me."

The people under his command quickly took him to the scene of the accident.

\*\*

Their encirclement this time takes the town square as the center point and extends outward for ten kilometers, forming a comprehensive encirclement of the Red League forces!

The whole plan is perfect.

They also hid their whereabouts before they came. There were almost no difficult things in the process, and the progress was very smooth.

According to their original plan, at this moment they have broken through the periphery of the Red League and broke in to arrest all the people inside.

If you encounter someone who resists.

Executed on the spot according to the instructions of the Privy Council and the Queen.

Xue Qing couldn't figure out why he had just finished talking with State M on the phone, and everything was going smoothly, so why did something happen in the blink of an eye.

He hurried to the scene of the accident with the people under his command. Only when he saw the devastated scene did he realize how ferocious the opponent's attack was.

A dozen or so people fell in disorder on the ground, all of them were their hands.

Basically one-shot kills.

Be quick and ruthless.

There is no room for it at all!

Xue Qing walked over and knelt down to check the breath of the nearest brother. When he touched it with his fingers, he was already out of breath.

His complexion became ashen, dignified and ugly, and he raised his eyes to look at the subordinates who followed: "Tell me what happened at that time?"

The people under him who followed him didn't expect that in the blink of an eye, all the people in his small team would be wiped out.

If he hadn't been sent to report the messenger, he himself would be one of the members lying on the ground here.

At this moment, fear was written on his face, cold sweat dripped down his back, his clothes were soaked, and he clenched his fists, his whole body was in great fear: "I... I don't know what happened specifically. It's just that we are When we were about to narrow the encirclement, a car suddenly came outside, and the people in the car rushed over and fought with us without saying a word."

"The elites they brought with them are not simple people at first glance. We didn't have time to react and were forced to exchange fire with each other. The boss saw that the situation here is not good, so he asked me to find you..."

"After...then is what you see."

All of them are gone!

Not one left.

Was dealt with quickly and ruthlessly, and the other party did not leave any traces.

They don't even know each other's identity, where are they now?

what is this?

A game of cat and mouse?

Xue Qingrao has seen the world, and now he is a little bit mentally blown by the other party's cat-and-mouse trick.

He suppressed the anger in his chest, gritted his teeth and questioned the only person who escaped: "You said that the other person came from an unusual way. Then you don't know who they are?"

The person under his hand was pale, and stared blankly at his brother lying on the ground.

Xue Qing took a deep breath, and put it another way: "There are only a few forces in the illegal area, and we have all seen them. People from the K organization are still inside, and the Hongmeng is also inside. If you say it's not Tianchen, where did they come from?" Came out?!"

Chapter 3817 Things are reversed, they were played

"I, I don't know." The people under his hands were as pale as paper when he asked, their eyes became more panicked, and they kept shaking their heads.

Xue Qing thought of the few people he said that it's better to drive the car and do it when they see them. They don't know where they are now.

He has no bottom in his heart.

He didn't care about that much, so he took out his mobile phone from his pocket and dialed M state immediately.

...

M continent.

Nie Qingru and the old man in green shirt hadn't finished their cup of Keemun black tea when they saw a call from the illegal area.

"It seems that the matter is almost done." Nie Qingru put down the teacup with a winner's smile in the corner of his mouth, and picked up the phone to answer it.

"Hello?"

She just got on the phone.

The person on the other end of the phone told her the situation they encountered in a concise and concise manner like pouring beans, and finally demanded her righteously.

"Your Majesty, we are helping you. You have never told us about this situation. I can't find any information in this corner. I need your help to find those people immediately. The origin of..."

"I have to talk to those people. We will double the conditions given to them by the Hongmeng! Otherwise, given the current situation, we may fall into the trap set by the Hongmeng."

"We're surrounded!"

...

Nie Qingru and Nie Qingru could understand every word he said, but the meaning of connecting together made Nie Qingru's whole cognition upside down.

She clenched the phone several times, and it took a long time before she said: "What did you say?!"

Xue Qing saw someone under his command hurriedly looking for him again, and seeing the anxious look of the other party, he already had a bad premonition in his heart.

He didn't care about pretending to be a snake with the queen: "I said we were tricked by the Hongmeng."

"If I'm not mistaken, the Hongmeng had already expected that we would have a backup, so they also made two-handed preparations. Those people are the rescuers they recruited."

"From the very beginning, they taught that the people who knew the K organization were just bait, and they were planning to lure us out."

"Now they have achieved their purpose and started to collect the net!"

Xue Qing gritted his teeth and said: "I remember you said that Tianchen didn't know about tonight's actions, and he didn't make any moves. My people also said that they were not from Tianchen. Since the helpers they hired were not from Tianchen, maybe Paid help. I need to get in touch with their boss and talk to him."

"Otherwise our Xue family's decades of painstaking efforts in the illegal area will be gone!"

The illegal area is not a place where cats and dogs can come in and play. The time and money they spent on cultivating so many forces is immeasurable.

This time, playing with the empress of the hermit family in such a drama of "praying mantis catching cicadas and orioles behind her" matches the layout of the entire Xue family in the illegal area.

Even the patriarch can't afford the consequences!

Afterwards, the family is bound to be turned upside down.

He is a solid supporter of Mr. Xue, so of course he doesn't want things to come to this point.

The most important thing is that he has stayed in the illegal area for so many years and worked hard to achieve what he is today. If all these people were here today, the price would be too high!

"Empress, I'm not joking with you. Please give me the result as soon as possible! I'll wait for your news!" Xue Qing hurriedly hung up the phone without waiting for Nie Qingru to answer.

At the same time, the people who came to look for him also walked in front of him.

Chapter 3818 found out, it is Ye Wangchuan's person

With a mournful expression on his face, he stammered, "Boss, something happened to us in the southeast."

Xue Qing's teeth were about to be crushed.

He seemed to see a huge net surrounding them, but those who controlled the net did not catch them all at once.

Instead, he deliberately used a hammer to the east and a stick to the west.

Turn them around.

Watching them running back and forth under this net with cold eyes, they are in a state of panic all day long!

This method of manipulating people's hearts... is the most terrifying!

...

M continent.

After Nie Qingru received the call, the old man in green shirt gradually lost his smile and began to realize that something was wrong.

He also forgot to drink tea, put the teacup on the table, got up and asked the person who hung up the phone: "Is it Xue Qing's call? What did he say?"

Nie Qingru stared at him with her mobile phone in a daze, and said after a long while, "He said... Qiao Nian had expected that we would have a backhand, and we were fooled."

Mr. Xue's usual immobile expression cracked a bit, he was suffocated, leaned forward and put his hands on the table: "This time we suppressed all the forces of the Xue family in the illegal area. In case of failure..."

In case of failure, even he cannot afford the consequences!

"..." How could Nie Qing know that what he was using was the Xue family's decades of experience in the illegal area.

In order to teach Qiao a profound lesson this time, she also used her last group of forces in the illegal area... The Xue family can't afford to lose, and she can't afford to lose either.

Nie Qingru is the queen of the hermit family at any rate, and she is calm enough when encountering things: "Wait, I'll think of a way."

She remembered the 'helper' that Xue Qing told her that Qiao Nian had found, so she didn't care too much, so she called Ying Ying to investigate.

Shadow's work efficiency is very fast.

He quickly replied to Nie Qingru.

It's just that it's better not to reply to this message.

"The empress is from Ye Wangchuan."

"He transferred his staff from M state ten days ago. We have been paying attention to Tianchen Luzhi's movements, but we have not noticed them."

They always believed that the illegal area was Tianchen's territory.

As long as Lu Zhi doesn't intervene.

Qiao Nian is fighting alone.

No one expected that Ye Fanchuan would intervene, and they had already expected this day when all of them planned for it.

This man is horrible.

The corners of Nie Qingru's mouth trembled, and his face twisted and deformed uncontrollably: "The people of Ji's family are always so lucky! One Ji Wu Falcon, and now another Qiao Nian. Were they my nemesis in the previous life!"

Shadow didn't know how to comfort her: "Empress... When we are not angry, we should think about how to solve the predicament in front of us."

Nie Qingru doesn't know what the most important thing is.

She took a deep breath of the blood flowing backwards under the pressure, and asked, "Where is Xicheng? Is he okay?"

Shadow didn't expect that she was still worried about Zhai Xicheng's safety at this point. Even though she didn't understand, she still told Nie Qingru the latest situation she had learned.

"Young Master Zhai did not go with the others, and his whereabouts are unknown now."

Good one is missing!

Nie Qingru took a breath of cold air into her lungs: "If she touches Xicheng, I will definitely demand her life!"

Shadow probably guessed that she would say that, so he didn't speak.

Nie Qingru didn't say much, and calmly arranged: "Prepare the plane, I will fly to the illegal area immediately."

"Empress?"

Shadow didn't understand what she was doing in the illegal area at this time.

Chapter 3819 I want to go to the illegal area myself

They just have a lot of bad things on the bank side, and the Privy Council archbishop is still biting the Beijing city to ask the queen to explain.

It can be said that the queen herself has a lot of things to deal with urgently.

At this juncture, the queen left a bunch of things to go to the illegal area, and one can imagine what the Privy Council would blow up.

Because it failed against Beijing this time.

Many families in the hermit family are already dissatisfied with the queen's decision. If this continues, the queen's own status will be lost.

Nie Qingru didn't wait for him to persuade herself, and made up her mind: "I know what you want to say. But if I don't go there in person, those people won't help me save people."

"Only if I put myself in danger, they will be willing to put pressure on the honor of the hermit family."

"But in this way, Empress..." Shadow couldn't speak.

After the queen made such a thing, the Privy Council will definitely not stop there afterwards, and those families who are already dissatisfied with the queen's control will become more and more opposed.

Queen, is this because Young Master Zhai doesn't care about herself?

Nie Qingru did not waver in her determination, she just said: "I have made up my mind, you go and arrange people to prepare."

Shadow always obeys orders: "Yes."

...

After the phone call, Nie Qingru told Mr. Xue about her decision to go to the illegal area in person.

Although the old man in the green shirt cared about Xue's family history in the illegal area for decades, he still reacted fiercely when he heard that Nie Qingru wanted to go to the illegal area in person, and objected without even thinking about it.

"no!"

"Empress, you can't go."

He suppressed the depression in his chest, and said his reasons with a cold face: "I know you are worried about the situation in the illegal area, but everything must be your safety!"

"I've already made up my mind." Nie Qingru waved his hand, signaling him to stop talking.

The blue veins on the forehead of the old man in the green shirt bulged, and he wanted to speak for several times but suppressed it. Finally, he couldn't help asking the third time: "Queen, are you going here for your own influence in the illegal area, or for... Zhai?" West City."

Things related to Nie Qingru back then have long been taboo.

It's just that Mr. Xue has a high status, and he has the status to talk about Zhai Xicheng face to face with Nie Qingru.

His eyes were burning, and he spoke fiercely: "Back then, you sacrificed your ego without hesitation in the choice between Ji Qing and the hidden family. I have always admired you for this! But you dedicated yourself to Zhai Xicheng. I was so disappointed to fly this trip."

There are three giants in the Privy Council.

The conservative faction controlled by the old man in blue in front of her is the only faction that is still clearly on her side. It stands to reason that Nie Qingru should appease the other party no matter what.

It's just that she clearly knows that if she doesn't go to the illegal area, Zhai Xicheng is likely to be trapped in it.

So when she saw Mr. Xue talking about disappointment earnestly and fiercely, her eyes flickered for a while, and she didn't answer directly.

Just said: "The Xue family used your power in the illegal area for me this time. Now that something like this has happened, I can't let it go."

"..." These are all scene words.

"I used to be not only for Xicheng, but also for all of us." Nie Qingru smiled at him, reached out and patted his shoulder: "You have to understand me."

Old Xue felt the strength on his shoulders, pursed his lips and stopped talking, but his eyes were full of disappointment with Nie Qingru...Nie Qingru's insistence on going to the illegal area this time will definitely cause a backlash from the major families of the Privy Council.

And he probably won't speak out again this time.

Chapter 3820 initiates the impeachment mechanism of the Privy Council

The news that Nie Qingru was going to fly to the illegal area in person really caused a strong reaction from the Hermit Family.

People from several families approached the Privy Council and asked the Privy Council to give an explanation first.

Nie Qingru walked resolutely this time, and never discussed with the Privy Council at all, but just notified in advance. Under such circumstances, the Privy Council could only try to appease the people who came to the door from the major families, and could not give the other party a reasonable explanation.

"Boom!"

The chamber of the Privy Council.

Quentin, who was wearing red robes, strode in regardless of blocking Meteor.

"The Archbishop."

"Archbishop, you cannot go in."

"Archbishop, Elder Xue and Elder Lei are discussing matters inside, please wait a moment."

"Get out!"

Quentin ignored the person in front of him, pushed the door open and went in.

...

in.

Old Xue has returned from Nie Qingru's private house.

Lei Kai is also there.

In addition, several key members of the conservatives and radicals are all inside, and the two sides seem to be arguing about important things.

People from the two factions were arguing red-faced.

Quentin suddenly pushed the door open at this moment, attracting everyone's attention.

"The archbishop is here." Lei Kai suppressed the hostility between his brows, squeezed out a smile as much as possible, got up and politely gave up his seat to the middle-aged man.

He is the youngest here.

Even if the radical faction controls one of the three factions of the Privy Council on behalf of the Leonard family, they still have to be polite to the other two in a place like the Privy Council that pays attention to seniority.

Lei Kai offered to give up his seat, and the archbishop was not polite.

Quentin waved away the red robes and sat down, and confronted Xue Lao with a strong purpose: "What's the matter with the queen? Why did she suddenly go to the illegal area. What did you do in the illegal area?"

Look at the Privy Council.

Probably he is the only one who can talk to Mr. Xue so directly.

Facing his merciless questioning, the old man in green shirt couldn't hold back his face, and he barely controlled his facial expression: "Going to the illegal area is the empress's own decision. I persuaded her and didn't stop her."

"Oh, didn't you stop me?"

Quentin was very ruthless and spoke extremely sharply: "You made us all pay for her willful behavior without stopping?! I don't know what you are doing in the illegal area, but from the news I received, you got involved too."

"..." Mr. Xue was poked in a sore spot, and he couldn't argue with himself.

Quentin became more certain of his guess when he saw his reticence: "You really got involved."

Old Xue raised his eyes to meet his four eyes, and said in a deep voice: "The starting point of everything I do is for the hidden family."

"Yes, I don't doubt this. You have devoted your whole life to the Hermit Family. I believe you will not do anything that is not good for the family."

"..." Old Xue's face turned pale, not as ugly as before.

Quentin continued: "But the fact is that the Hermit family has been in constant trouble since years ago. The farce between us and the capital city has not yet ended, and now it is an illegal area... It is impossible for our neutral faction to lose so much just by relying on your boss. Just say 'for the sake of the family'. Don't you think so?"

Old Xue pressed his swollen temples, knowing that things couldn't be better this time, so he directly spoke to the person who came.

"What do you want?"

"I want to start the Privy Council's impeachment mechanism against the imperial power."

Quentin took time to look at the shocked expressions of the people in the room, not joking at all, and was very resolute.
