

Madam's 3821

Chapter 3821 He thinks this punishment is too heavy

"The existence of the queen is to prove the glory of the hermit family. If this queen not only fails to act as a good mascot, but also brings us troubles and disasters everywhere, as one of the elders of the Privy Council, I have the obligation to stand up for the following The family speaks."

"I request that the impeachment mechanism of the Privy Council be activated to impeach the Queen."

"If she is not going to be a leader, then she must step down from her position and get out of class."

His words can be described as overreaching.

Mr. Xue was shocked at the beginning that he would speak out about the impeachment mechanism, but he did not immediately oppose it as clearly as before.

Old Xue was silent for a long while, then said wearily: "Impeaching the Queen is not a trivial matter, let me think about it again."

Quentin squinted at him: "I am not discussing this matter with conservatives. If you disagree, we neutrals will initiate this impeachment procedure."

Old Xue glared at him suddenly: "You must impeach the queen."

"certainly."

Quentin has always been tough in doing things, and he doesn't shy away from his own ideas. He met his eyes straightly, and they met and burst into flames in mid-air.

"She is unworthy of virtue, she should give up this position!"

"you..."

Old Xue was in a mess in his heart.

He also felt that Nie Qingru's act of willfully placing himself in a dangerous place to force everyone in the hidden family to intervene in the disputes in the illegal area was too much.

But impeaching a queen is no joke.

Nie Qingru made huge sacrifices for the hermit family back then, including sacrificing her own marriage and only daughter...

These credits are still there, and they will impeach Nie Qingru.

Selfishly, Mr. Xue still felt that this punishment was too heavy!

Just when he frowned and hesitated to help Nie Qingru say something fair.

Lei Kai, who had been silent on the side, suddenly interjected, looked at him with apologetic eyes, and expressed his opinion: "I also agree with the archbishop's proposal."

So far.

Two of the three factions of the Privy Council stood up.

Old Xue understands that his own opinion is no longer important. According to the rule of the Privy Council, the minority obeys the majority, he is not qualified to refuse.

He calmed down and made the last fight for Nie Qingru: "No matter what, let's wait until the queen returns from the illegal area."

"Can."

Quentin also understood that if Nie Qingru was not in State M, it would be meaningless for them to start impeachment proceedings immediately, so he readily agreed.

Seeing that things have settled down like this, Mr. Xue felt a little lost in his heart, and it was not easy to show it in front of other people.

He got up and said sickly to others: "Since everyone has discussed it, I'm not feeling well, let's take a step first."

The conservatives who were with him stood up to send him off.

"Old Xue, let me accompany you."

"Old Xue, I'll call a taxi."

The old man in green shirt did not speak the whole time, maintaining his last dignity and left Juyi Hall.

Until his back disappeared.

Lei Kai withdrew his gaze and looked at the uninvited guest, corrected his attitude, and asked respectfully: "Archbishop, I want to ask you something, is it convenient?"

"Speak." Quentin straightened his robes and was about to leave, but he stopped to save face when he heard the words, and turned his head to look at him.

Lei Kai hesitated for a moment, but asked in front of everyone: "The illegal area you just mentioned has something to do with her?"

Chapter 3822 Five minutes is up

Quentin didn't answer immediately, but narrowed his eyes, and answered in an unclear manner: "Her?"

Lei Kai paused, and met his gaze: "sun."

It was actually Qiao Nian.

It's just that Qiao's name is also considered one of the taboos in the Privy Council.

Behind him is the entire Leonard family and radicals, and some words are not so convenient to say in public.

But he believed the Archbishop understood what he meant.

Sure enough.

Quentin glanced at him with interest, and answered the question head-on: "According to the information I received, this is the case."

Lei Kai understood: "Thank you, Archbishop, for clarifying my doubts."

"Thank you, I'm just telling you what I know." Quentin also straightened his clothes, said nothing, and waved his hand: "Let's go."

Lei Kai watched him leave.

It was not until the backs of the conservatives and Quentin left the parliament hall that the radicals gathered around and talked about the impeachment of the queen by the neutrals.

Lei Kai didn't listen to a single word, and his mind was full of thoughts about what kind of conflict happened in the illegal area, so that people like the Queen would mess up and make such an irrational decision at this time...

"I still have something to do, let's talk."

He pushed aside the crowd, and hurriedly prepared to go back and send someone to investigate.

**

at the same time.

It is in the illegal area in the center of the storm.

On the ground around the bald man in the square, bright red blood flowed all over the ground.

Kneeling on the plastic runway of the square, he covered his chest with his hands where he was shot, but he couldn't stop the trickling blood.

The bald man's complexion was as pale as paper, and he could only let out a "wheezing, wheezing" sound. It could be seen that he lost his mind due to excessive blood loss.

The shot fired without warning.

Everyone in the square was stunned by Hongmeng's sharp shot.

Before, these people still took chances and thought that they could wait until the help from the Hermit Family arrived, or thought that Qiao Nian was just talking to scare them, and would not actually do it... until they saw the bald head before they even heard the gunshot. The man covered his chest and knelt down, bleeding all over the floor.

They understand that Hongmeng is also good.

Qiao Nian is also good.

Nobody kidding them!

Now their lives are in the hands of each other, as long as Qiao Nian gives an order, all of them may die here tonight.

The **** of death is so close.

Singer and the others were startled for a long time.

The members of the K organization can still grasp the weapons in their hands during the tense confrontation, and the members of several other families have long been frightened and their legs are weak.

They stared at the bald man who fell down and the girl who stepped on the cement pipe and looked like a fool...

Qiao Nian jumped off the concrete pipe with his hands in his pockets, and landed firmly on the ground. His dark eyes looked around at the people in the square, watching them change from noisy to silent.

She raised her eyebrows, her voice hoarse: "I told you to give you five minutes, and now the time is up."

She glanced at the bald man who fell to the ground and convulsed. There was no wave in her eyes, and she looked at the crowd again: "He lost his chance, so the opportunity came to the next person."

Qiao Nian pulled out his hand in his pocket, his white fingers became more and more beautiful under the incandescent light in the square, like fine suet jade.

"you."

At this moment, no one was in the mood to appreciate how beautiful the famous Sun's hand was. They only saw the life-death finger slightly curled up and pointed at Singer's seat.

Chapter 3823 Zhai Xicheng did not go with the others

"You also have five minutes to think about it."

"..."

Singer opened his mouth slightly because of shock, pointed to himself, and watched the people around her move away like a tide.

It looks like they are afraid that the sniper will tilt his head and hit them in the next second.

Singer was so angry that his face turned blue and white, and his complexion fluctuated.

The bald man lost blood and his head was still convulsing and trembling on the ground, which looked very terrifying.

Singer clenched his fists, his nails clenched into his flesh.

She doesn't know how much time has passed now.

I could only feel my heart beating so fast that it was rushing out of my throat. Every second of time seemed to be passing her life infinitely.

Guan Yan looked at his watch, tilted his head and said to Qiao: "Sun, it's a minute."

She originally wanted to ask whether Singer would be as stubborn as the bald head of the K organization, and would rather eat bullets than explain anything.

Who knows she hasn't had time to say it yet.

Singer looked in their direction in panic as if he had sensed something, as if he had noticed that she had spoken, his pupils were constricted into needlepoints, and he looked terrified.

"I said!"

"Eh..." Guan Yan frowned, vaguely feeling that Singer had misunderstood something, she probably thought she was telling Sun that five minutes was up.

"I said."

Singer just mistook Guan Yan for turning around and telling Qiao Nian that it was 'time's up', and hurriedly raised his hand to show that he didn't miss the time.

"I have already promised, you don't mess around!"

Qiao Nian ignored her flamboyant movements, crossed his arms around his chest, and squinted at her: "Tell me, where are the Zhai Xicheng people?"

Singer made his choice after only a brief battle between heaven and man, gritted his teeth and confessed: "He didn't go with us."

Guan Yan pricked up his ears when he heard this, and his expression was a little surprised: "What do you mean? Aren't you together?"

"We are together." Singer was afraid that Qiao Nian would not believe it, and said anxiously: "But after the people from the Hermit Family came, he refused to go with us. He insisted on acting alone, let us go first. At that time ...It was the man lying on the ground who kept urging us, saying that it was dangerous outside and we couldn't delay any longer. Seeing that he refused to go with us, there was nothing we could do, so we left him and his people and followed them out."

She didn't explain what happened next, but the facts were in front of her eyes.

They ran out recklessly following the K organization, and ran into the trap set by Qiao Nian in a blink of an eye.

On the contrary, Zhai Xicheng did not go with them, and escaped unharmed by luck.

Speaking of this, Singer wondered whether Zhai Xicheng had guessed everything they would encounter in advance, so he was so resolute in refusing to leave.

Thinking of this, she felt a little annoyed and resentful.

He simply looked at the legend of Hongmeng, gritted his teeth and said firmly: "S, sun, if you want to find him, he is still in that hotel!"

Qiao Nian replied blankly, her eyes were dark and she didn't know what she was thinking.

Guan Yan was also surprised when he heard the unexpected situation, his peach eyes closed, and he couldn't help sighing in a low voice: "This person still has some brains. Interesting~"

She tilted her head and asked the girl: "Boss, shouldn't we go find someone?"

Qiao Nian twitched the corners of his mouth, turned around and walked towards the hotel: "If he is smart enough, he would have just taken advantage of it and ran away."

That being said, she still has to go and have a look.

Guan Yan also jumped off the cement pipe, kept up with her pace, and did not forget to turn around and tell the rest of the Hongmeng: "Look at them!"

Chapter 3824 sun, don't you chase

The door of the hotel where those families lived in dwelling is now open, and the lights inside are brightly lit. Standing outside, it is not clear whether there is anyone inside.

Guan Yan grabbed the person who wanted to go in, and said cautiously: "Sun, be careful. I'll go in first."

"No need." Qiao Nian pushed her hand away and walked straight into the hotel.

The lobby of the hotel was in a mess, and a lot of unwanted luggage was discarded on the ground. It could be seen that Singer was not lying, and they left in a hurry.

Qiao Nian walked over and looked towards the stairs on the second floor.

If there are no accidents, Zhai Xicheng is on it.

"I'll go up first." Guan Yan took the lead this time, pulled out his gun, loaded it swiftly and walked up slowly.

Qiao Nian couldn't resist her, so he could only walk behind her and follow her.

Compared to Guan Yan's extremely vigilant expression, her expression is relaxed, even soothed that she doesn't know how to be afraid...

Guan Yan pulled away in a hurry and saw that Qiao Nian was not afraid, so he took a breath, but because they still wanted to touch it, he couldn't make a sound.

She only signaled Qiao Nian to 'be careful' with her eyes, and told her to keep the weapon in her hand.

However, the girl put her hands in her pockets and pulled her so hard that she didn't receive the hint from her eyes at all, and followed her like a normal person.

Guan Yan couldn't do it, so he could only raise his ears to pay attention to the movement upstairs, and was ready to kill anyone who might appear at any time.

Just two flights of stairs.

In Guan Yan's cautious steps, they spent three minutes abruptly.

After Qiao Nian went upstairs, he found that the second floor was very quiet.

As expected before she came here.

Zhai Xicheng should have taken advantage of the chaos and left long ago.

"Boom!"

Guan Yan kicked open the door all the way.

Until they reached the last room and kicked open the door, there was not a single ghost in it.

Guan Yan also relaxed this time, and turned around: "No one."

Qiao Nian still put his hands in his pockets, and has been following her since just now, seeing this scene without any surprised expression on his face.

"I see."

Guan Yan slammed down the wall angrily: "Fuck, I didn't expect him to react so quickly. It's pitch black outside, and I don't know where he went!"

Their biggest goal this time is to catch Zhai Xicheng and further talk with Nie Qingru.

Now the secondary purpose is accomplished.

They are the ones who control Nie Qingru and the Yinshi family in the illegal area, but the problem is that Zhai Xicheng has escaped!

ran away under the watchful eyes of so many of them.

Guan Yan has never encountered this kind of setback before, so he turned around and left after being somewhat overwhelmed: "I'll call Hua Arm and they will find someone to chase after them!"

"Come back." Qiao Nian grabbed her arm to block her way.

Guan Yan raised his eyes to meet her gaze, his eyes were full of puzzlement: "Sun, don't you want to chase after me?"

Zhai Xicheng living outside will be a disaster sooner or later.

They spent so much effort this time, they can't do it for nothing.

Qiao Nian felt like she was being teased, but she looked at the sky outside and said calmly than Guan Yan: "It's almost dawn."

"?"so what?

Qiao Nian let go of her hand, pressed her eyebrows, pursed her lips and said, "It's too late for us to chase now. Since he was smart enough to sense the danger early in the morning, he must have planned his escape route. We don't have any clues to find someone, so we are undoubtedly looking for a needle in a haystack." , it's just a waste of time."

"Then we just let him go?" Guan Yan raised his willow eyebrows.

Chapter 3825 What is Hongmeng going to do with us?

Qiao Nian pulled off his peaked cap, turned his left wrist bone with his hand, and lowered his eyebrows: "Take care of the outsiders first."

"After the outsiders are settled, another team will be sent to search the mountains nearby to find someone."

Zhai Xicheng is a smart man.

Such a smart person should not be so stupid as to go to dangerous places like airports or docks at this time.

And he is not from an illegal area, so there is a high probability that he will not go to crowded urban areas.

Then the most likely place to hide here, and the safest place for the time being, is the dark mountain outside.

Following her gaze, Guan Yan also saw the dark mountain peaks outside where only the outlines could be seen, his cheeks twitched and he had a headache.

The difficulty of searching the mountain is no less than that of finding people in the sea last time.

sun said so.

She had no choice but to bite the bullet and find someone to do it.

"I see."

**

Outside.

The Hongmeng people began to do the finishing work.

Under the command of Guan Yan, everyone performed their duties in an orderly manner.

"Take him away first." Guan Yan pointed to the bald man on the ground who didn't know if he was angry.

Two people from Hongmeng immediately went over to lift him up and sent him to the jeep beside him. The jeep turned on the lights and started to drive away through the crowd.

Singer and the others looked at the jeep driving away, feeling agitated, not sure how Hongmeng and Qiao Nian planned to deal with them.

They stood in the middle of the square like a group of wooden stakes and watched as the man with the flower arm tattoo searched and took away all the members of the K organization, leaving them alone.

A man from country R looked at all this with a pale face, couldn't help pushing Singer, and said in a low voice, "Why don't you ask them what they plan to do with us? They won't want to execute us on the spot Bar."

Singer was pushed and almost fell out of the crowd and became an early bird. He slapped his hand away annoyed on his face, and went back very angrily: "You asked me to ask, why don't you ask yourself?"

"You...you talked to Sun from Hongmeng." The man from country R was obviously embarrassed.

Singer stared at him with beautiful eyes, and sneered at him: "You are still a big man, but you have not seen you show your courage. When you encounter problems, you push women out. Why, this is the tradition of your country."

The man from country R was poked in the sore spot, and immediately blushed and raised his voice: "Everyone is in the same group, why do you have to speak so harshly?!"

"Hehe." Singer didn't give in, and quarreled with him face to face: "No matter how ugly I say, it's not as ugly as what you do."

...

Not far away, someone reminded Guan Yan of the movement.

Guan Yan looked up and saw the noisy crowd, and raised his chin speechlessly and asked, "What are they arguing about?"

The Hongmeng people shook their heads and said uncertainly: "I don't know. It seems to be discussing sun..."

"Discuss the boss?"

"Seems to be."

"..."

Guan Yan covered the statistical form in his hand, handed it to the person next to him, and said, "I'll go and see."

...

When she walked over, she heard that Singer was arguing with a short man, blushing, and neither side saved face for the other.

One sentence is more ugly than the other.

If she doesn't come over, it is estimated that if they are given another five minutes, the two of them will directly start pinching each other.

When Guan Yan came over, except for Singer and the little man who were angry and didn't notice, everyone else saw the big red man who was following the Hongmeng sun coming.

Chapter 3826 We are not a killer organization

The crowd gave way tacitly to allow her to pass, and their expressions changed from restless at the beginning to fearful silence.

"I just asked you to ask."

"Why don't you ask?"

Guan Yan heard that the two sides were still arguing, so he simply found a corner to watch the excitement with his hands folded, and see when they were going to quarrel.

Probably the surrounding atmosphere is too strange.

Singer and the man who had quarreled finally realized that something seemed wrong around them, so they temporarily stopped their hands and paid attention to their surroundings.

Guan Yan has an outstanding appearance and arrogant temperament, it is hard not to let people notice her.

Singer saw Guan Yan who came over from who knows when at a glance, and his **** face was as pale as paper in an instant.

"you you..."

She managed to maintain her dignity.

The man from country R was so frightened that he couldn't even speak.

Guan Yan looked at Singer and raised his chin: "Why are you not arguing anymore? Continue."

Singer had never been humiliated like this since he was a child, his face turned blue and red, and he clenched his palms tightly.

At any rate, she knew the truth of "people have to bow their heads under the eaves". After a short period of embarrassment, she was no longer hypocritical when she thought of her situation.

Looking at Guan Yan with four eyes facing each other, he let out a foul breath, trying not to look so embarrassed and ridiculous: "What is Sun going to do with us?"

"Our boss still has to explain to you?" Guan Yan smiled arrogantly.

Singer's beautiful eyes showed sorrow, and he gritted his teeth and said, "We don't have the ability to resist anyway, so you can tell us directly. Is sun planning to kill us?"

Others made noise.

The atmosphere became more and more heavy.

Seeing that Singer still had the courage to ask himself frankly, Guan Yan glanced at her, and finally put away his somewhat disrespectful attitude.

"what are you thinking about."

"?"

"Our Hongmeng is not a killer organization, and we are not so BT."

Singer thought for a while before realizing what she meant, and a gleam of light burst out of his ashen face: "You mean..."

"Stop, don't look at me like that." Guan Yan immediately resisted, and said calmly under the expectant eyes of Singer and others: "You are involved in an old matter. Sun just came to you to understand Next year, there is a high probability that it will not embarrass you..."

Singer only felt that there was a turning point, and saw a ray of light in a desperate situation. She was extremely surprised and couldn't believe her ears: "Sun won't embarrass us...?"

Guan Yan glanced sideways at her, and said with a smile: "Otherwise, do you think she has nothing to trouble you all day long?"

Singer didn't care about the sarcasm in her words, and heaved a long sigh of relief, feeling powerless after a catastrophe, and almost stopped standing.

Guan Yan didn't forget to find them: "By the way, who of you knows where Zhai Xicheng might have gone?"

Singer looked at her in astonishment: "He's not in the room?"

Guan Yan didn't answer her question directly, but just glanced at the crowd meaningfully: "Think about where he wants to go, or how he planned to leave the illegal area before. If anyone provides useful clues, he may be the first go home."

Singer and others look at me and I look at you. For a while, no one can think of any useful information, and no one answers for the time being.

Guan Yan just came over to watch the excitement. Seeing that they didn't answer, someone was calling her over, so she waved at Singer and the others.

"After you've made up your mind, come and find me."

Chapter 3827 Brother Lu came to inform

Qiao Nian really didn't intend to do anything to people like Singer this time.

Because what happened in Jiqing that year had nothing to do with Singer's generation. These people were just sent by the family to track down the last survivor of the South African Union.

to be honest.

Singer and others are just running errands for the family.

She wanted to declare war head-on with those families who participated in the hunting season, but she was not the kind of person like Nie Qingru who trampled on other people's lives at will to achieve her goal.

She will definitely put Singer and others back.

Of course I won't put it back in vain.

At the beginning of the Nantes Alliance, more than 20 people were ruined by them, and their wives were separated.

Now that the relationship between the two parties has been reversed, among other things, Qiao Nian must first ask for compensation from them for those innocent people implicated in the Nantes Alliance.

As for receiving the compensation, of course, there is a grievance and a debtor.

She only pursues those old guys who participated in these things and really did it!

...

Guan Yan is dealing with the aftermath.

Qiao Nian got into the jeep after leaving the hotel. Apart from making a phone call with Ye Wangchuan, she was sitting in the car editing messages on her mobile phone.

SMS is sent in groups.

Her white fingertips pressed the keyboard, edited the content in a short while, and pressed the send button.

The text message of a ransom of 20 million US dollars for one person has been sent to the major families, including an overseas bank account.

One person's 20 million is still US dollars, which is not a small amount for any family. If they want to get their own people back, they will lose their skin to some extent.

Qiao Nian didn't care how many family uproars his group text message caused, and he didn't care whether those people couldn't sleep after receiving the text message.

After sending the message, she took out the calling card in her phone, crushed it, opened the car window and threw it out.

The night wind blows in from the outside, bringing a touch of coolness in winter.

Qiao Nian squinted slightly and leaned against the back of the car seat before closing her eyes and resting her mind for a while, when a string of piano sounds rang out in the car.

The girl who had just closed her eyes to rest her mind opened her eyes, raised her hand and pinched the bridge of her nose, half-closed her eyes and fumbled on the driver's seat for a while, and soon found her frequently used mobile phone, looked at the caller ID, Just pick it up.

"explain."

The person on the other end of the phone paused for a few seconds and did not speak. The receiver was extremely quiet, only the rustling sound of the current came out.

Just when Qiao Nian frowned and gradually showed an expression of impatience.

The man's deep voice finally came out from the other end: "Are you so impatient talking to me now?"

This voice is extremely recognizable in illegal areas.

Even small forces are familiar with this voice.

The uncrowned king of the illegal area, Lu Zhi, the boss behind Tianchen.

A young man with disabled legs who controls the entire illegal area.

"I'm not answering your phone." Qiao Nian suppressed his impatience, and his tone was a little careless.

Lu Zhi was used to her speaking tone, so he kept the long story short: "I received news that Nie Qingru is coming."

"Oh?" This was beyond Qiao Nian's expectation, she didn't expect that Nie Qingru would rush to the door. Didn't Nie Qingru know that Zhai Xicheng had escaped?

He tried to ask her in a calm tone: "What did you do in the illegal area to make her come to you at any cost."

Qiao Nian listened to Lu Zhi's voice, still pondering why Nie Qingru came to the door so impulsively in his mind, and then he was a little absent-minded: "...I just did some personal things."

Chapter 3828 Nie Qingru wants to see you

Lu Zhi said inexplicably: "The little personal matter you mentioned is that you almost turned the illegal area upside down tonight."

"?" Qiao Nian finally regained his sanity.

...

Tianchen Headquarters.

Lu Zhi was still in the office and didn't come home. Now he steered the wheelchair to the huge French window, his extremely beautiful face looked dull.

"You have made too much noise in the past few days. Many people asked me to inquire about you in private, and I blocked them for you."

"Thanks."

Qiao Nian has always been concise and to the point.

Lu Zhi felt uncomfortable when he heard her thank you casually: "That's not what I meant."

He held the phone in another hand and looked at the crescent moon in the sky, as if thinking of that person's face.

After a long silence, he said, "Do we have to talk like this?"

Perhaps the person on the other end could hear the emotion in his words, and after a while, he regained his laziness and became serious: "No."

But her response was still so short.

Lu Zhi pressed his brows together: "I called you because I was worried about you."

"En." Quite bland, very Qiao Nian's style.

His hand grabbed the armrest of the wheelchair, his cold white knuckles turned white with more force, and a small protruding bone became clearer and clearer.

Lu Zhi had nothing to do with her, and he didn't know how to get along well with her. After losing control of his emotions for a while, he suppressed the discomfort in his heart.

"Nie Qingru will definitely force the Hermit family to be your enemy when she comes this time."

He said bluntly: "I heard that you saved a person? Is that person related to Auntie?"

...

Qiao Nian leaned against the open car window with her arms propped up, facing the night wind, her crow-black eyelashes drooping: "Yes."

She heard Lu Zhi's cold reminder.

"I don't care what you want to do, listen to me, don't confront Nie Qingru this time, it's not the time yet."

"I know."

Even if Lu Zhi didn't explain why now is not the time, Qiao Nian also knew what it meant for Nie Qingru to come alone at this time.

Probably seeing that it was rare for her not to confront him, Lu Zhi's tone was a little slower: "When she arrives in the illegal area, I will arrange for you to meet."

Qiao Nian narrowed her eyes, feeling somewhat rebellious, and was about to say no.

The person on the other end of the phone seemed to press his eyes on her, and rushed to the front and said: "Anyway, we will talk when you see each other."

Qiao Nian's eyes were heavy, and he never let go of his hand on the car door.

Lu Zhi seemed to have a feeling and said: "You also have something to say to her."

Qiao Nian thought of the list he had obtained, as well as the people caught in this siege, his thin eyelids drooped, and his dark eyes cleared: "What time."

Lu Zhi gave her a specific time: "Three o'clock in the afternoon. Are you okay?"

"OK."

Qiao Nian made an appointment with him and hung up the phone directly.

She just hung up the phone.

Ye Wangchuan's phone call came in.

Qiao Nian originally wanted to open the car door and get in to get some air, but now he had to answer his phone first.

"Hello."

"Who were you on the phone with just now? It's been so long." Ye Wangchuan's voice blew over with the night wind, and it had a soothing power.

Qiao Nian's irritability just came to an end, and most of the depression disappeared. He didn't mention Lu Zhi, and directly told him the result: "I want to meet Nie Qingru."

Lu Zhi made an appointment with her, it is definitely impossible that she did not get angry with Nie Qingru.

Nie Qingru must also want to see her.

That's why Lu Zhi made an appointment for this round, as a middleman to resolve this conflict.

Chapter 3829 I feel sorry for Miss Nian, who is too cold

Ye Wangchuan's steady voice came from the night: "I was just about to tell you about this matter... Ji Lin just called to say that there was news from M State that Nie Qingru came to the illegal area."

He paused and brought new news to Qiao Nian.

"The archbishop called me, and the words revealed that the Privy Council planned to wait for her to go back this time, and start impeachment proceedings against her."

"Nian Nian, what do you think?"

"..."

Qiao Nian didn't answer right away, but asked in surprise, "The Privy Council wants to impeach her?"

She really didn't expect that Nie Qingru's visit this time would cause such a big backlash from the Privy Council.

Nie Qingru is not a mindless person, so this time he is so reckless, no wonder Lu Zhigang advised her on the phone not to confront Nie Qingru at least this time.

"The current attitude of the Privy Council is this." Ye Wangchuan was noncommittal, and suddenly softened: "Where are you?"

Qiao Nian looked outside and gave him a location.

I heard the person on the other end whisper: "Wait for me, I'll go there right away."

Qiao Nian's heart skipped a beat, as if she had found a breathing space from all the clues, she let out an 'um'.

*

Ye Wangchuan came over half an hour later wearing stars and wearing moons.

He is outstanding and slender, with long legs. He is wearing a black windbreaker with a waist that looks like a model.

Singer and others all stared at him.

"That person is not the man who came to our place to find someone that day..."

"It seems to be him."

Guan Yan was still doing the finishing touches. Seeing Ye Wangchuan approaching, he was accustomed to hearing the chattering voices around him, and naturally greeted the person who came: "Young Master Ye."

"Yes." Ye Wangchuan nodded, which was a response.

Guan Yan knew that he only paid attention to him because of his boss's face, so he pointed to where Qiao Nian was with great insight.

"The sun is there."

This time Ye Wangchuan took a look at her, and politely said: "Thank you."

Guan Yan withdrew his gaze and handed over the statistical form to the person next to him, lazily leaning against the side of the car, commanding the rest of the people: "Hey, take those people back."

She was talking about Singer et al.

The person under his hand looked back and made a gesture of understanding: "Understood."

He moved quickly and asked someone to do it.

Most of them are peripheral members of the Red League, and it was the first time to work with a few main members tonight.

Guan Yan is of course the focus of their attention.

But apart from Guan Yan, these peripheral members are most concerned about the legendary character—sun.

So when they saw a man who didn't know where he came from, he walked up to Sun, took out a pair of gloves from his coat pocket, put them on Sun's hands, and took off the scarf around his neck and wrapped it carefully for Sun... a series of intimate Sun also changed his usual indifference of rejecting people thousands of miles away, and cooperated with each other's every move...

The shock was so great that it opened the eyes of many non-staff members of the Hongmeng.

Where there are people, there will be gossip.

"Who is that person?"

"I do not know."

"Look at him...could he be a couple with Sun?"

"Stop gossip about the above."

Several people whispered to each other and frequently peeked in the direction of Qiao Nian.

Hua Bi just walked over and heard them gossip about Qiao Nian, she kicked over, swept the crowd with a serious face, and shouted.

"What are you doing? No work!"

Chapter 3830 Let's go, I'll take you back first

Several people were caught straight, and they scattered like birds and beasts in fright, muttering: "Work, work, everyone disperses."

Hua Arm watched them walk away, and also looked in the direction where they were watching the excitement just now, and happened to see the men and women standing together.

He silently retracted his gaze, turned around and stared at the people under him and hurried to work.

Ye Wangchuan put the scarf and gloves on for the girl, and held her hands warm.

It was only then that he told her about the members of the Xue family: "The power of the Xue family has been wiped out, and Moxi has captured their leader, named Xue Qing."

"Conservative people." Qiao Nian raised his eyes.

Ye Wangchuan rubbed her slightly cold fingertips with downcast eyes, and replied indifferently: "It's his."

"Among the three factions of the Privy Council, he is the only one who still firmly supports Nie Qingru's decision. Presumably it was Nie Qingru who persuaded him this time, so he will take advantage of the Xue family's influence in the illegal area for many years."

"..."

Qiao Nian doesn't want to comment on Mr. Xue's behavior.

When she was introduced to the Privy Council by Feng Yu, Mr. Xue was one of the few people in the Privy Council who helped her, although he didn't help her much.

But the relationship between the two parties has always been good.

Until she became more and more at odds with Nie Qingru, and the conflicts with the hidden family became more and more... The two sides have not been in touch for a long time.

Qiao Nian is a person who thinks clearly.

She and Mr. Xue can't talk about who is right and who is wrong, they just have different positions.

Ye Wangchuan raised his eyelids at this moment, dignified and lazy: "I heard that Zhai Xicheng ran away."

Qiao Nian withdrew her hand and felt for the lighter in her pocket a little irritably, but she didn't take it out, and didn't look at him: "He didn't come out with the big troops, he probably ran away while taking advantage of it."

Ye Wangchuan didn't say anything, looked into her eyes very calmly and said: "Do you know who Nie Qingru is here for, have you thought about how to deal with her this afternoon?"

Qiao Nian walked around him, picked up her mobile phone from the car, and said arrogantly and a little carelessly: "Say what you want."

It's Qiao Nian's style of doing things.

Ye Wangchuan raised his thin lips, and a smile flashed across his eyes. He blocked her way, opened the door of the jeep in front of her, and sat in the driver's seat. Then he waved to the girl outside the car: "Come on, I'll take you back to sleep."

"..." Qiao Nian stood outside the car and looked at him. The matter here hasn't been dealt with yet, and she, the boss, seems unable to leave.

Ye Wangchuan seemed to know what she was thinking, put his hands on the steering wheel, and said calmly: "I'll take you back and drive here."

Qiao Nian frowned, almond eyes burning: "Aren't you going to sleep?"

It is about 120 kilometers from here to Hongmeng headquarters, and it will take at least three hours to drive back.

He sent her back and came back, it was dawn.

Ye Wangchuan opened the co-pilot's door for her: "I can sleep during the day, get in the car."

Qiao Nian stopped being shy, went around to the other side, got in the car and closed the door. Before she could sit still, Ye Fanchuan leaned over and lowered his head to fasten her seat belt, then sat back down.

"Let you go back and rest first." His voice carried a hoarse smile, like a breeze blowing through the eardrums: "Let's go, Joe God."

Nie Qingru's plane landed at the airport in the illegal area at noon.

She had contacted Lu Zhi before coming here.

Lu Zhi also proposed to her to meet and talk.

So as soon as her plane landed, Tianchen's staff came to pick her up.

"Queen." With a professional smile, Jian Jin politely opened the door for her and said, "I am the person sent by Mr. Lu to pick you up. Please get in the car."
