

Madam's 3831

Chapter 3831 Nie Qingru has arrived in the illegal area

Nie Qingru glanced at her, recognized her as Lu Zhi's right-hand man who had been with Lu Zhi all the year round, and stooped indifferently to get into the car.

Jian Jin felt her contempt, closed the car door for her without anger, went around to the co-pilot and sat down, and told the driver: "Go to the headquarters."

Neither of them spoke on the road.

The main reason is that Nie Qingru insisted on her identity and did not intend to talk to Jian Jin. From the moment she got in the car, she watched the scenery speeding outside the car window with cold eyes, her eyes and eyebrows were as cold as a proud peacock, and she ignored everyone.

Jian Jin was originally entrusted by Lu Zhizhi to pick up people, and she didn't have the hobby of putting hot faces on people's cold buttocks. Seeing Nie Qingru's haughty posture through the rearview mirror, she didn't bother to take the initiative to speak.

All the way to Tianchen headquarters in silence, the extended Lincoln car slowly stopped.

Jian Jin consciously got out of the car first and opened the door for the empress of the hermit family, and said politely: "The empress has arrived."

Nie Qingru stepped on the ground to get off the car, and finally said the first sentence of the day: "Where is Lu Zhi?"

Jian Jin gave her a 'please' gesture with a half-smile: "Mr. Lu is on the 33rd floor, please follow me."

The two stepped into Tianchen headquarters, attracting a lot of attention along the way.

However, with Jian Jin personally leading the way, even if the people in Tianchen didn't know Nie Qingru or her identity, they could still see that the person who was able to be led by Jian Zhu in person was of extraordinary status.

So although everyone looked at Nie Qingru curiously, none of them dared to step forward.

Jian Jin led Nie Qingru up the elevator exclusive to Lu Zhi.

This exclusive elevator goes directly to the 33rd floor.

soon.

They only heard a sound of 'ding—', and the elevator door opened.

Jian Jin walked out first, smiled at the people inside, and led her to the right: "Here."

"..." Nie Qingru only glanced at her from the corner of her eye, without responding, and followed her to Lu Zhi's office.

**

Outside the office.

Jian Jin stopped, politely knocked on the door first, and whispered to the people inside: "President Lu, the queen is here."

She is usually called Big Brother Lu, Big Brother, Boss and so on in private.

Whether there is an outsider at the moment, Jian Jin can tell the situation very clearly, and put on the attitude that an assistant should have, very reliable.

"Come in." A man's sandy voice came from inside.

Jian Jin turned her head and smiled at Nie Qingru: "Your Majesty, please."

After she finished speaking, she opened the glass door for Nie Qingru very discerningly, and signaled Nie Qingru to go in alone.

Nie Qingru passed her into the office without saying anything.

After Jian Jin confirmed that she was going in, she withdrew the commercial smile on her face, closed the door, turned around and asked the assistant, "Are there any coffee beans left?"

"Yes, Jane Assistant." The assistant quickly responded.

Jian Jin rolled up her cuffs, and walked to the rest area skillfully: "I'll make two cups of coffee, and you will bring them in for me."

She usually does not make coffee by herself, unless it is for Lu Zhi to drink. The assistant has already seen the strangeness and nodded repeatedly to express her understanding.

Jian Jin didn't mention the identity of the 'guest' who came today, but only told him: "Don't look and listen when you go in, and come out quickly after delivering the coffee."

She has never been in contact with the empress of the hermit family, and Jian Jin can feel that the empress is not easy to mess with after just getting along with her in the short time she picked up the plane today.

At least the other party is not an easy person to get along with.

She didn't want her assistant to get into trouble for no reason.

The assistant nodded knowingly, and quickly said: "I see, Jane Zhu can rest assured."

Jian Jin went to make coffee.

Chapter 3832 After all, this is an illegal area

The atmosphere in the office is also not relaxed.

Nie Qingru came in and found a sofa and sat down, took off the wide brim of her hat and put it on the tea table in front of her, revealing her haughty face.

"How long has it been since we last saw each other?"

After all, she is getting old, with heavy marks on the corners of her eyes and brows, and coupled with the troubles these days, there are obvious blue and black marks on the bottom of her eyes.

Nie Qingru was habitually strong, sitting on the sofa still straightened her back, and her sharp eyes fell on the man behind the desk who was reading documents.

"Chick."

She sneered, with mockery in her eyes: "You are willing to be her cow and horse, but it's a pity that people look down on you."

Lu Zhi paused while holding the pen, and the tip of the pen drew a trace of different shades on the white paper.

He raised his eyes, stretched his body and leaned on the back of the chair, a trace of sarcasm flashed across that extremely beautiful face, and he replied in a neutral way: "In this respect, you are still my senior. You are also willing Come to the illegal area for an irrelevant person?"

Nie Qingru's eyes immediately sank: "How dare you talk to me like that."

Lu Zhi has always had a kind face and a cruel heart, and he rarely turns against anyone on the surface, let alone someone with a complicated background like Nie Qingru.

But what Nie Qingru said this time stepped on his bottom line.

He is not a shy person either.

Immediately sat up, gracefully took out a wet paper towel and wiped my slender fingers, lowered my head and lowered my eyes, and replied casually: "I don't care about your private affairs, and you'd better not meddle in mine."

He wiped off the remaining ink on his hands one by one, threw the used wet tissue on the table, raised his head casually and confronted the people in the office again, leaving a meaningful sentence.

"After all... this is an illegal area!"

"..."

Nie Qingru's complexion was not very good-looking, and she swallowed her breath.

Lu Zhi's warning is very clear, this is an illegal area, and it's his territory, and a strong dragon can't overwhelm a local snake.

She wasn't afraid of Lu Zhi, but she didn't want Lu Zhi to be completely involved in this matter, otherwise it would bring her a lot of trouble.

After Nie Qingru figured it out, her face turned pale, and she sarcastically said, "I didn't expect you to be a lover."

Everyone is a decent person.

Even if they don't fight each other, they understand what it means to stop.

Nie Qingru shut up after half a sentence, and sat on the sofa like a Bodhisattva, exuding a deterrent aura around her.

Lu Zhi didn't hold on to the last half of what she said, and fiddled with the pen on the desk, as if the pen had some magical power to attract him, so he didn't answer.

Just after the first round of confrontation between the two quieted down, there was a knock on the door.

"Mr. Lu, I'll deliver the coffee." It was the assistant's voice.

Lu Zhi raised his eyelids, glanced at the person sitting on the sofa from the corner of his eye, and said, "Come in."

The assistant came in with a tray and pushed the door in, keeping in mind Jian Jin's instructions and focusing on delivering the coffee the whole time, without saying a word.

He first put a cup in front of Nie Qingru: "The guests take it lightly."

After speaking, he got up without stopping, and delivered the remaining cup of coffee to Lu Zhi's desk.

The assistant knew that it was inconvenient for Lu to hold his legs, so he naturally placed the cup of coffee within his reach: "Boss Lu, your Blue Mountain does not add sugar."

Coffee smoke curled up from the cup, Lu Zhi touched the cup with his fingers, and felt the warmth of the coffee from his fingertips.

This temperature is the small detail that Jian Jin always pays attention to when making him coffee. The coldness in Lu Zhi's eyes dissipated a little, and he said gently to his assistant, "Go out first."

Chapter 3833 Sister Nian was half an hour late

The assistant put away the tray and bowed respectfully to him: "Yes, Mr. Lu."

In a blink of an eye, he and Nie Qingru were the only ones left in the office.

Nie Qingru picked up the coffee cup and took a sip, showing a picky expression in his demeanor, and put it back after just touching it.

Looked straight at Lu Zhi: "When will she come?"

Lu Zhi drank his coffee in sips, relaxed his nerves, and leaned back in his chair a little tired: "Didn't you say three o'clock?"

Nie Qingru saw his attitude of not taking it seriously, suppressed the anxiety that rushed up, tried to make herself look less anxious, and sat there counting the time.

**

Qiao Nian didn't wake up until three o'clock.

After waking up, she washed her face before she picked up the peaked cap on the table and put it on her head, and went out with her keys and mobile phone.

By the time she arrived at Tianchen headquarters, she was already half an hour late.

During the period, Lu Zhi called her once, because Qiao Nian was already on the way here at that time, so he didn't answer, and sent him a message telling him that he would be there soon.

Later, Lu Zhi didn't urge her either.

It is not the first time she has come to Tianchen.

Qiao Nian pushed the door open and walked in familiarly, stepping on the brightly lit marble floor and walking straight to the elevator exclusive to Lu Zhi.

She still dresses in her usual style, simple and comfortable, very low-key.

So when she came in, the front desk didn't notice her. It wasn't until she saw Qiao Nian walking towards the exclusive elevator out of the corner of her eye that she frowned and turned to look over.

"The man..."

She originally wanted to say, 'Did that person go by mistake'.

But soon reality slapped her. The front desk saw a girl in ordinary clothes and a peaked cap standing sideways with a unclear face, raising her hand to enter her fingerprints, and the elevator opened the door.

The girl walked into the elevator in front of her and disappeared.

The mouth of the front desk opened wide unconsciously, pointing in the direction of the elevator entrance as if he saw something the hell, unable to react for a long time.

The colleague around her noticed her abnormal behavior, patted her, and said puzzledly, "What are you doing, what are you pointing there for?"

The elevator has gone up now, and they can't see any difference from their perspective.

Only the front desk witnessed Qiao Nian entering the elevator through fingerprint verification. She turned around and grabbed her colleague's shoulder excitedly and shook: "How many people's fingerprint codes are there in Mr. Lu's exclusive elevator?"

Lu Zhi is obsessed with cleanliness.

Few people can touch his stuff.

So I never take the same elevator with other people in Tianchen, because I don't want to stay in the same small space and get in touch.

Similarly, he doesn't like other people using his elevator.

Everyone in Tianchen knows that Lu Zhi's exclusive elevator has a fingerprint password, not everyone can use it, and no one will rub Lu Zhi's elevator without tact.

"Are you crazy?"

"Say it quickly."

"...President Lu and Jianzhu had their fingerprints taken. Everyone knows, but you don't?"

The front desk let go of her shoulders, and said in a daze, "I just saw that a person also has a password, and he has already taken the elevator up."

Her colleague looked at her with a puzzled expression on her face, and reached out to touch her forehead to make sure she had no fever. Finally, she let go of her hand and said strangely, "Hey, I don't have a fever, why are you talking nonsense?"

"I'm serious!" The receptionist grabbed her hand excitedly.

The colleague saw her excited face, was stunned, and said in disbelief: "Someone really went up just now?"

"It's true!"

The two looked at each other, and they both saw confusion in each other's eyes, unable to guess the identity of the person who went up.

Chapter 3834 Waiting for you when you meet your elders?

Who will have Mr. Lu's fingerprint password.

**

above.

Qiao Nian has already stepped out of the elevator and walked straight to Lu Zhi's office.

Meet Jian Jin on the way.

Jian Jin saw her coming, so she rushed up to meet her, and dragged her to hurry up: "My little ancestor, you are finally here. If you don't come again, I will go find you!"

Qiao Nian has a good relationship with her, and didn't care about her tugging, so she was soon dragged to the office door.

Jian Jin let go of her hand, looked back into her eyes, and muttered: "I won't accompany you in. People are inside, waiting for you for a long time. Brother Lu is also inside, so go in quickly!"

One of them is Her Majesty the Empress of the Hermit Family, who has received a lot of response in Continent M, and is regarded as a legendary figure at the top of the pyramid.

The other one is Lu Zhi, one of the absolute bosses in the illegal area.

When these two people are placed outside, it makes people's scalp tingle, and they have to hold their breath when they speak, carefully lest they offend anyone.

That is to say, QIAO has always had a kind of arrogance and indulgence of "love so and so", and the two people in it are not coming for a long time, and they are not in a hurry when they come.

Jian Jin knew her temper, so she didn't talk too much: "I won't say too much, just a word. I know that you have a bad temper, so keep it a little bit tighter this time. She came prepared, and you will suffer if you confront her head-on."

After Jian Jin finished speaking, she put her hand on the girl's shoulder with a guilty expression on her face: "You didn't look for me this time, and I didn't help either."

Qiao Nian glanced at her hand on his shoulder, paused, and responded in a rather lax manner: "Our relationship, don't need to talk about that."

Jian Jin smiled. After all, she has a straightforward temperament and is not good at hypocrisy, so she let go: "Go, Mr. Lu is inside. We are all on your side."

Qiao Nian knew that Lu Zhi would not forget the friendship he had had before, so he ran to stand by Nie Qingru to make things difficult for her.

Also, she also knew that Lu Zhi would not let Tian Chen take a clear side because of her dispute with Nie Qingru.

This is Lu Zhi's character.

She pulled down her peaked cap, squinted and opened the door to enter.

...

Nie Qingru was already waiting impatiently. Hearing movement at the door, she looked over early.

After waiting for a while, someone opened the door and came in.

When she saw the person who came in, Nie Qing stood up abruptly, eyes full of disgust, and said in a low voice: "Do you know what time it is? Why, it's your duty to wait for you when you meet the elders." Upbringing?!"

As soon as Qiao Nian came in, he heard scolding voices coming from his ears. He didn't even bother to raise his eyelids, and walked straight in: "Thanks to you, I have a mother or not, only this education..."

When she reached the center of the office, she finally turned around to face the angry lady, smiled domineeringly, raised the corners of her mouth, and mocked in her eyes: "Why don't you let the dead come back to life and teach me?"

Nie Qingru's face was livid, and he didn't slow down for a long time. He looked at her with vicious eyes that seemed to tear her apart.

It means that there is no warmth that a grandma should have.

Qiao Nian didn't bother arguing with her, and turned around to say hello to Lu Zhi: "There's a traffic jam on the road, so I'm a little late."

Lu Zhi nodded and asked her, "What to drink?"

Qiao Nian found a seat opposite Nie Qingru and sat down lazily: "A glass of white water."

Lu Zhi made an internal call and asked someone to send it in.

The familiar and peaceful way of getting along between the two is completely different from the tit-for-tat attitude between her and Nie Qingru just now. This contrast is a kind of provocation and rebellion to Nie Qingru.

Nie Qingru's face became more and more difficult to look.

Chapter 3835 Qiao Nian, what are you going to do to let Xicheng go?

When she looked at the rebellious girl who was willing to sit down under her nose, a fire rose between her brows, and she suppressed her forcefully again.

Nie Qingru suppressed her temper, sat back with a cold face, never took her eyes off Qiao Nian, and said oppressively, "Where's Xicheng? What did you do to him?"

Jian Jin pushed the door open and came in.

Walked in front of Qiao Nian and handed her the white water: "Warm."

Qiao Nian seemed not to have heard Nie Qingru's aggressive questioning, and gently took the water from Jian Jin's hand, holding the glass and saying, "Thank you."

Jian Jin also smiled at her intimately: "I'm going out first, call me if you need anything."

"OK."

Qiao Nian put the water on the table.

Before going out, Jian Jin took a look in Nie Qingru's direction, but without saying anything, she backed out silently, and closed the door behind her.

In an instant, there were only three of them left in the office.

Nie Qingru was completely ignored just now, her complexion became even darker, and the veins on her neck bulged, it could be seen that she was trying her best to suppress her emotions.

But the disgust, coldness, and hatred for Qiao Nian leaked from his eyes.

She seemed to be patient to the extreme, and she raised her voice again: "Qiao Nian, you know why I'm looking for you today. You don't need to play dumb here, my patience is limited..."

"You can go." The girl raised her head at this moment, revealing a delicate and beautiful face under the peaked cap. The Qingdai from Yuanshan was far more stunning than Nie Qingrusheng's.

And she has a unique aura that cannot be ignored. She seems to be indifferent to everything around her, but her aura is so strong that it cannot be ignored.

Nie Qingru raised his eyebrows coldly.

Watching the girl sitting on the sofa opposite her slowly take out a lighter from her pocket and start playing with it.

"I promised to come to see you. It was you who begged me, not me. Please figure out the current situation before talking to me."

"..."

How could Nie Qing have suffered such aggrieved.

The way she looks at girls is more than just wanting to tear them apart, it's already like a poisonous snake, and she can't even show gentleness on the surface!

Exit is the deepest disgust in my heart: "I should really kill the grass!"

She regretted it.

Knowing that after Ji Qing's death, she should follow the advice of the people around her and then investigate Ji Qing's life and interpersonal relationships.

Instead of ending this matter hastily, she indulged Qiao Nian to grow up.

Qiao Nian listened to her venomous curse, and met her eyes expressionlessly, her emotions were calm and unaffected by her: "You came to me today to talk about this? That's unnecessary, I Tired of hearing it."

Nie Qingru suppressed the anger of being provoked, clenched her hands on her knees, and tried her best to calm down and talk about things.

"Qiao Nian, what are you going to do to let Xicheng go?"

'Paji'.

The lighter in the girl's hand was casually lit.

Then she pinched out the flames with her white hands, her dark eyes were bottomless, and there seemed to be some inexplicable emotions in them.

But at this moment, Nie Qingru was preoccupied with Zhai Xicheng's safety, so she didn't notice Qiao Nian's momentary emotional change when she heard her words, and continued to hold on to this topic.

"You arrested him just to threaten me. Now that I'm here to find you, you can come directly to me if you have anything. There's no need to implicate irrelevant people!"

"Are you qualified to say this to me?"

Qiao Nian was instantly ignited, and squeezed the silver lighter in the palm of his hand with a snap.

Chapter 3836 Have you ever thought that there will be today?

She saw Nie Qingru's eyes were frozen cold, and retorted: "The person who is least qualified to say these things here is you! You told me not to involve irrelevant people, did you do it yourself?"

Nie Qingru's eyes twitched slightly, she was at fault for this.

For a while, his throat was blocked, but his face was extremely ugly!

Qiao Nian saw that she didn't speak, and she lacked interest, and there was still a hostility around her, but the anger was not so strong, and she returned to the indifferent attitude that she didn't even give her a glance.

"Zhai Xicheng is not with me."

"You are lying."

Nie Qingru obviously didn't believe it, and reacted greatly.

Qiao Nian was not interested in arguing with her, so she took a sip of the water Jian Jin poured for herself, and slowly put down the glass, her expression normal: "Do you believe it or not."

Nie Qingru couldn't make up her mind when she saw her appearance, her brows were slightly frowned, and her sharp eyes fell on Qiao Nian.

Such as examining, such as considering.

It means that there is no blood bond and the gentleness of being an elder.

"What about Xue Qing and those people? It's always in your hands." In the end, she didn't continue to hold on to Zhai Xicheng's matter, and instead brought up other people.

The main purpose of her coming to the illegal area this time is to find Zhai Xicheng, and the secondary purpose is to get her back from Qiao Nian.

She didn't even think about why Qiao Nian would release him.

"When are you going to let them go." Nie Qingru asked it as a matter of course, and even narrowed her eyes to show her dissatisfaction.

Qiao Nian probably heard the funniest joke today, and finally raised her eyes to look at her, her black and white pupils looked up and down, with a strange expression on her face.

"You... want me to let you go?"

Nie Qingru suppressed her dissatisfaction, and tried her best to calm down: "Those people didn't participate in the incident back then, and it has nothing to do with your mother's death."

It's okay if she doesn't mention Ji Qing, but Ji Qing.

Qiao Nian suddenly became hostile, and interrupted her: "Do you think that as long as you talk to me, I will treat your face as if nothing happened, and make a big deal a small one?"

Nie Qingru froze at the thought of being poked in the most secret place of her heart, and called her with a hint of warning: "Qiao Nian."

Qiao Nian ignored her, smiled rather boringly, pulled the corners of her mouth, and her bright red lips curled up slightly, extremely mocking.

"But why should I give you face? Who are you to me?"

"I am your grandmother!"

Nie Qingru stood up furiously with bulging veins on his forehead, and stared at her fiercely and condescendingly.

"It doesn't matter if you admit it or not. My blood is flowing on your body, and the fact that I am your grandmother will never be changed!"

"Heh." Qiao Nian saw that she couldn't maintain the illusion of calm, tearing off the real face under the gentle coat, and found it much more pleasing to the eye.

Nie Qingru restrained her anger: "What are you laughing at?"

Everyone had already torn their faces, and Qiao Nian didn't bother to pretend to be a snake with her, so she stood up and put her hands in her pockets, forming a confrontational situation face to face.

"I laugh at you. When you exchanged your own daughter's life for your current status, did you ever think that one day you would stand in front of me with gritted teeth, and you could only rely on your grandmother's status to suppress me and let me let your people go? "

She didn't wait for Nie Qingru to answer, but answered for her: "You probably never thought about it!"

To be precise, my tone as Qiao Nian spoke was extremely cold, not a mockery or anything, but a frank statement of a fact.

Chapter 3837 Sister Nian's conditions are harsh enough

However, the facts in her mouth were like a thorn in Nie Qingru's heart, which could not be pulled out, making her inevitably think of the decision she made back then.

She confronted Qiao Nian for a full second before pursing her lips and speaking arrogantly.

"Ji Qing must die."

She didn't explain why, as if she didn't think it was necessary to explain her behavior to Qiao Nian.

"Even if I hadn't done that, she would have died."

What Ji Qing did touched the interests of too many people, and she was doomed to seek her own death.

When she returned to the hermit family, she hadn't been able to climb to her current status. On the one hand, she was a mortal daughter, and on the other hand, she was an honor that was readily available.

Nie Qingru made a choice after only thinking about it for one night.

She is not a person without feelings, even if she has raised a dog for 20 years, she will still have feelings, not to mention that in the past 20 years, Ji Qing has been careful to please herself since she was a child.

If Ji Qing didn't have half the blood of the man she hates the most, she wouldn't be so ruthless.

But no one can change fate.

Nie Qingru didn't think she was wrong, she looked at Qiao Nian with calmness and no guilt at all: "From your point of view, I may have acted too cold-bloodedly. But from my point of view, I have done my best. persuaded her."

She did persuade Ji Qing not to study any further, but she just mentioned something on the phone.

Ji Qing has always listened to her, but that time she didn't promise herself. While Nie Qingru was bored, she didn't bother to care about her anymore, and never mentioned it again just that one time.

Of course, in her eyes, she has 'did her best' to save them.

From her point of view, sacrificing a daughter who was born to never please her, and would only prove to be humiliated in the past, can be exchanged for the highest position and countless benefits.

As long as a normal person knows how to choose.

She just made a decision that most people would make. There is really no need for Qiao Nian to hold her tightly on this matter...

"If you can't get along with me because of this, I have nothing to say." Nie Qingru looked at the girl opposite her with a blazing gaze, aggravating her tone, with a hint of threat and warning: "But you have

to understand a truth. Take it! Otherwise, you think you climbed high, but when you fall, you will fall harder!"

She was referring to the fact that Qiao Nian wiped out the hidden family's influence in the illegal area this time...

Those present are smart people.

Everyone could hear the meaning of her words.

Qiao Nian sneered, raised the corners of her eyes lazily, and ignored her threat: "If you want me to let you go, you can."

Nie Qingru thought she finally listened.

The next second, I heard the voice of the girl who is not stingy.

"One person is 50 million US dollars, and you will let him go if you give the money." She said it casually, not knowing how serious it was.

Nie Qingru's face sank instantly, and she suppressed her voice: "Qiao Nian!"

On the plane, she received calls from people from the families of countries y and r, saying that the ransom price offered by the Red League was 20 million US dollars per person.

\$20 million is still a sky-high price.

Qiao Nian unexpectedly asked her to ask her for 50 million US dollars alone.

Nie Qingru's expression was so angry that she could only point to the girl's nose and say, "You don't want to talk to me at all!"

"It was you who wanted to use your face to swipe my card in a whimsical way." Qiao Nian had never been used to her, and raised her eyebrows slightly after going back.

Chapter 3838 does not represent Tianchen, only represents myself

She said casually: "This is the price I have here, if you want someone, just pay, and I will send you the bank account later."

Nie Qingru's face twitched violently, and he smiled back in anger.

Qiao Nian didn't bother to care what she thought, she had already stayed here enough, took her own things, turned around and said to the man who was the background board the whole time: "I'll go first."

"So soon?" Lu Zhi expected that the atmosphere of their meeting would not be too good, but he didn't expect it to be so bad.

"Hmm." Qiao Nian responded, and said casually, "I've already laid out the conditions, so it's pointless to talk about it."

She came here just to see what attitude Nie Qingru has now.

Just now she has seen Nie Qingru's attitude, so there is no need to stay any longer.

Lu Zhi knew her dog temper, so he didn't say anything to persuade her to stay. He picked up the intercom on the desk and called: "I'll ask Jane to see you off."

Qiao Nian did not refuse his kindness anyway, paused, glanced at him and said, "Thank you."

This is polite.

She and Jian Jin usually say "thank you". It seems that thank you and thank you are just a word difference, but the emotions contained in it are completely different.

Lu Zhi could feel her estrangement, he closed his fingers holding the receiver for a moment and then let go, and forced a smile on his face: "Don't tell me this."

"En." Qiao Nian replied, not sure if he listened.

Lu Zhi knew that it wasn't a matter of one day and one night for them to get into the present situation, and it would not be possible to change the current alienated and awkward atmosphere in a short period of time.

He adjusted his mood, just as the internal call was connected.

He put the receiver to his lips, and his voice was clear: "Ask Jane to arrange a driver to deliver someone."

"Okay, Mr. Lu." The assistant on the other end of the receiver quickly agreed.

Lu Zhi put down the receiver and looked at the girl again: "Leave the rest to me."

Qiao Nian didn't say anything, but took a deep look at him, turned around and bowed freely: "Let's go."

Her back is as unrestrained as ever.

Lu Zhi didn't look back for a long time.

Until that figure disappeared outside the glass door of the office, separating two worlds by the glass door.

Reluctantly, he withdrew his eyes, and his calm eyes fell on Nie Qingru who was still angry again, and he turned the wheelchair and walked out.

"Empress, everyone is responsible for the incident. It is impossible for so many people in your illegal area to get back. Why don't you choose a few people who want to transfer the money to the bank account according to the conditions she proposed before?" , everyone resolve this matter peacefully. How?"

Nie Qingru's sharp gaze fell on his face like a knife, and it took a long time to squeeze out: "Is this your Tianchen's attitude?"

Lu Zhi avoided her gaze noncommittally: "No, this is just my personal suggestion!"

We are all adults and smart people.

Lu Zhi himself represents Tianchen.

What he said only represents his personal opinion, but it is just a scene that takes into account the deep cooperative relationship between the two parties.

Since Lu Zhi said these words to himself, he made it clear that if there was any conflict between her and Qiao Nian in the future, Tianchen's position would be taken.

Nie Qingru's expression was extremely ugly, and she couldn't control her emotions after controlling her all afternoon: "Hehe, I understand!"

She picked up her handbag, unwilling to stay any longer, and said angrily, "...Let's go first!"

Lu Zhi didn't mention looking for someone to see her off, sitting motionless in the wheelchair, but his tone sounded a bit polite.

"Then I won't send you off."

"snort."

Nie Qingru waved her hands away without looking back.

Chapter 3839 In fact, the queen, Qiao Nian will not lie

Outside.

Nie Qingru didn't see Qiao Nian's figure when he went down, so he probably left first.

A black Bentley stopped silently in front of her, and then the man who was immobile quickly got out of the car and opened the door for her.

"Queen, get in the car first."

The man in a suit and leather shoes always lowered his eyebrows, half-bent and respectfully opened one side of the car door, very respectful.

"You came."

"yes."

Shadow urged her again: "Queen, let's drive, sir."

"..." Nie Qingru looked pale when he saw him, and got into the car.

'Snapped'.

Shadow closed the car door, quickly walked around to the front and got into the car, closed the co-pilot's door smoothly, and commanded the driver: "Go back to the manor."

Nie Qingru has a manor private house in the illegal area, which is rarely used. This time she is going to the illegal area, and Shadow ordered the servant to clean it in advance.

The driver responded in a low voice, turned around and drove the car steadily towards Nie Qingru's manor in Nanwan Lake...

**

On the way.

Nie Qingru raised her hand and pressed on both temples to soothe the blood that had been congealed by Qiao Nian's anger just now, and her ugly complexion finally recovered a bit.

She slowly opened her eyes, her sharp eyes fell on the man in the co-pilot seat through the front rearview mirror, her voice was low.

"Have you heard any news about Xicheng?"

Shadow sat in front wearing the seat belt, turned around after hearing the words, and replied respectfully: "Queen, we haven't found any news about Young Master Zhai yet."

Nie Qingru frowned fiercely, not knowing what to think, her face looked gloomy.

Shadow observed her expression, and asked tentatively, "You went to see her, but she didn't say anything?"

In this small space.

Who she is is self-evident.

Nie Qingru's eyelids twitched, and her face, which had just recovered, immediately sank: "Oh, she doesn't admit it."

Shadow pondered for a moment: "Queen, with Qiao Nian's character, if you do something, you do it, if you don't do it, you don't do it. Since she said that Young Master Zhai is not in her hands, it is unlikely that she is lying."

Nie Qingru was very jealous of the name 'Qiao Nian', and it was difficult to control her emotions when she heard it, and sneered almost meanly: "When did you trust her so much? Don't forget, Ji Wu Falcon's blood is shed in her bones. They What kind of reputation does such a person have?!"

"yes."

Shadow immediately bowed his head and admitted his mistake: "Sorry, empress."

Nie Qingru took a deep look at him, and didn't bother with him after all, only reminded him coldly: "Be more careful next time."

"If it wasn't for you, I would have made him regret coming to this world if anyone else had said that to you."

"I'm sorry, Empress." Shadow bowed his head again to admit his mistake.

Nie Qingru's fierce expression finally calmed down, she stopped dwelling on this uncomfortable topic, and asked instead: "How are you doing with what I asked you to do?"

"I have sent someone to do it, and I will report to me immediately if there is any news." The shadow also returned to normal.

Nie Qingru leaned on the back of the chair relaxed, with sparse black eyebrows, cold and serious eyes, and thick, oily scarlet lips shrouded in the sunlight that came in from the illegal area in the afternoon, and the sunlight could not dispel the special nobility that she was born with. It is also easy to give people a feeling of "inhumanity".

"She wants to fight with me, so I will play with her to the end!"

**

at the same time.

Qiao Nian is also on his way back to the Hongmeng headquarters.

Jian Jin drove.

The relationship between the two of them has been friends for many years, so they didn't engage in the driver's routine, and Jian Jin sent her back directly.

Chapter 3840 I don't have as many identity scruples as him, remember to call me

Along the way, Qiao Nian was playing with her phone and answering messages with her head down.

Jian Jin glanced at her from time to time.

Just at the traffic light, the car stopped slowly.

Jian Jin found a chance to talk to her, and nudged the girl next to her with her elbow: "Hey, I just met Mr. Lu, how are you two doing?"

Qiao Nian just finished replying to Yuan Yongqin's news, and sent the data report that Ye Wangchuan stayed up all night to help her sort out into an email, and edited the message for Yuan Yongqin to read.

Jian Jin's gossiping voice came from next to her ear.

She had just met Nie Qingru, and had another argument with Nie Qingru. At the moment, she was very tired, so she didn't raise her eyelids: "What's the matter?"

Jian Jin approached and said, "It's just you two... have you reconciled? What did you say in it. Didn't Mr. Lu tell you anything?"

"What do you want to say, just say it." Qiao Nian squinted at her, half of her face was shrouded in the light and shadow cast by the peaked cap, which made her cold white skin look more outstanding.

Jian Jin was embarrassed by the question instead, and retracted: "How can you tell me directly... I don't have anything to ask, I just wonder if Mr. Lu has anything to say to you."

She felt that Lu Zhi and QIAO hadn't seen each other for half a year.

Such a good opportunity, even if there is an 'old light bulb' present, if a smarter man would seize the opportunity to make an appointment for a meal or something.

But this person was replaced by Lu Zhi, she was not sure whether Lu Zhi had invited QIAO to dinner.

Qiao Nian didn't get what she meant, narrowed her eyes slightly, and asked in bewilderment, "What did he say to me?"

"Okay, I understand."

Jian Jin understood instantly.

—Lu Zhi didn't say anything!

She sat back with a bit of pain on her face, and it was hard to show it in front of Qiao Nian. Just when the green light came on, the vehicles behind started to honk their horns to urge them to leave quickly.

Jian Jin didn't delay to restart the car, turned the steering wheel, and said casually, "The negotiation between you and the hidden family fell apart?"

Qiao Nian nestled on the seat, lazily replied: "It's sort of."

In fact, she never thought of talking to Nie Qingru at all.

Negotiations are just a pretense.

Perhaps Nie Qingru still had the fantasy of overwhelming her with blood relationship, but from the beginning to the end she just wanted to meet Nie Qingru again.

The result of the meeting was about the same as she expected, and they broke up on bad terms...Then there is a high probability that they will have a head-on confrontation.

Jian Jin took a peek at Qiao Nian while driving, with a complicated expression, but she didn't continue talking...until she drove the car outside the Hongmeng headquarters and stopped steadily.

Only then did Jian Jin pull down the handbrake, looked sideways at the girl who was about to get off the car, and called her to stop: "QIAO, some words are too boring. But I still want to say that we are friends, no matter when we are friends. Even if Lu It's not convenient for the boss to help you because of his

status, so I don't have that much fear. Just talk to me if you need it, and I'll be there whenever you call, no matter what!"

Qiao Nian had already opened the car door with one hand, and when she turned around and heard her talking to him so much, her heart warmed up, and her cold brows and eyes softened a lot. She nodded at her, and pursed her lower lip: "I know."

Jian Jin made an OK gesture, smiled and urged her: "Then you go back first, and call if you have something to do."

Qiao Nian got out of the car freely, waved at her, and raised his eyes to signal her to go first.

Jian Jin tacitly didn't say much, turned the steering wheel and drove out of Hongmeng headquarters, heading back to Tianchen.
