

## Madam's 3891

Chapter 3891: This is your girlfriend?

"And the person who took command of that operation is the queen of the hermit family."

Fred sighed: "That's why I said that money and power make people lost, even if it is between biological parents and children, are there still few people who see through money?"

Ye Wangchuan didn't take it seriously: "It's just the law of survival in the jungle."

"Yes." Fred sighed and stopped talking.

Man is an advanced animal to put it bluntly.

The nature of animals goes deep into the blood. On the grassland, there are only strong and weak animals, and there is no family relationship to speak of.

It's just that when people have wisdom, they learn a sense of shame, and they set a set of moral standards for themselves, and most people live by this standard.

Fred was in the IPA, and saw more people of all kinds, and some people who weren't... But anyway, those were the exceptions.

Most people will not use their daughter's blood to pave their way to success like Nie Qingru.

"By the way, how did your girlfriend know her?" Fred suddenly remembered and asked this question.

When Ye Wangchuan came to him for help, he mentioned this matter to him, but he forgot to ask this along the way... Nie Qingru's status is not ordinary, no matter what his character is, at least he is not someone that ordinary people can get in touch with.

It is more likely that Ye Wangchuan will offend her.

Because the two of them have a chance to exchange contact.

But where did Ye Wangchuan's girlfriend go to offend the cold-blooded queen of the hermit family?

Fred just opened his mouth to ask curiously, and someone inside has already come out to greet them.

"Mr. Fred..." Shadow came down from the second floor to greet him after receiving the call from the bodyguard. Unexpectedly, when he approached, he immediately found that Fred was accompanied by two people.

One of them he is very familiar with is Ji Lin who has been active in State M all year round.

The other one is also an acquaintance—Ye Wangchuan!

Shadow's complexion changed slightly, and when he saw Fred again, he became wary: "The queen is inside, please follow me."

No matter what, he must at least lead people in first.

The shadow on the road insinuated: "Mr. Fred came to find the Queen for...?"

Fred walked in beside him, changed his relaxed expression in front of Ye Wangchuan, with a serious expression on his face: "For a business."

"Sir, is it convenient for you to disclose it?" Shadow frowned slightly, with a vague premonition.

"..." Fred ignored him and stepped straight into the hall.

Ye Wangchuan and Ji Lin followed behind them without any haste, and didn't care if the shadow greeted them, they went in together very casually.

When they entered, they bumped into Luo Fei, Qiao Nian and the others.

Qiao Nian met the people who came in from the outside, and was silent for a second. Because of the fast speed, the cube in his hand swayed and hit the top in that second.

Her mobile phone made a jingle reminder [gameover] at the right time.

The sound of "game over" was very loud in the hall, at least it attracted Fred's attention, and he looked at Qiao Nian curiously.

Turned around and whispered something to the man.

Qiao Nian saw Ye Wangchuan's smiling eyes softly falling on him, nodded, and replied: "Yes."

Others may not know what Fred asked him.

Qiao Nian has learned lip language.

She could tell from Fred's lip shape. After Fred saw him, the first thing he said to Ye Fanchuan was— is she your girlfriend?

Chapter 3892: Fred was clearly plotted by the deceitful master

Ye Fanchuan replied—yes.

Qiao Nian rubbed her ears, dropped her eyes and exited the game, stood up and walked over: "Why are you here?"

She walked up to Ye Wangchuan without hesitation, and Ye Wangchuan took out his hand to rub her fingertips without hesitation, lowered his head and focused his eyes: "I heard Moxi said that you are here."

He admitted quickly.

Qiao Nian frowned, but didn't say anything.

She doesn't like being reported whereabouts, that feeling makes her feel like she's being watched, but the strange thing is that she doesn't feel so disgusted by Ye Fanchuan.

Right now is not a good place to continue talking about this topic with him, Qiao Nian only asked a question, and stopped entangled.

On the contrary, Luo Fei and the others were nervous when they saw Fred coming, and then Qiao Nian walked over, skillfully greeted the people brought by their leader, and talked intimately... Luo Fei felt that his brain was not enough. , didn't sun say that he didn't know their leader?

Luo Fei couldn't figure out the current situation, so he could only suppress his surprise, and walked over, embarrassed to say hello to Fred: "Boss."

"Why are you here?" Fred was stunned when he saw that his people in the illegal area were also here, and he didn't react.

Luo Fei hesitated to speak: "Didn't you come with Sun's friend...?"

He originally wanted to say Sun's boyfriend.

When the words came to his lips, Luo Fei, a big man, didn't want to gossip like that, so he changed the address of Ye Wangchuan from boyfriend to friend.

But his words still caught Fred's attention, and he looked at him with wide eyes in surprise: "Who are you talking about?"

"That... isn't Sun's friend?" Luo Fei was also confused, met his eyes, and rubbed his nose uncertainly.

Qiao Nian and Ye Wangchuan were still standing together, the two seemed to be a match made in heaven, their auras were incomparably compatible, even if outsiders didn't know the relationship between the two, they could still tell that something was wrong between them.

Luo Fei is very conservative in describing the relationship between the two as friends!

But Fred's muscles twitched, and he said with a more expressionless face than him: "It's true that he is a friend of the person you mentioned, but I didn't know that the person you mentioned...is sun."

sun.

Their IPA illegal area attention list first.

Compared to Lu Zhi, the boss of Tianchen, who is gradually washing his hands and taking the standardized group route, this is a master with personality.

Hongmeng was not smaller than Tianchen at the beginning.

Tianchen has gradually expanded his influence over the years to where it is today, while Hongmeng still maintains those people from the beginning.

And he has a clear goal and a step-by-step work style different from Lu Zhi.

Hongmeng is more casual.

sun is even more mysterious.

sun is not in the illegal area all the year round, nor does she participate in the dinner parties in the illegal area. She is rarely seen on various occasions.

In this way, it is much more difficult for their IPA to collect information about this big boss. So far, the information they have in their hands is what most people outside know.

For example, sun is a girl.

sun is not very old.

...

Except for the information exposed by Sun one or two years ago, Fred has no more information.

He didn't expect that Ye Lan's nephew's girlfriend turned out to be Sun, the boss of the illegal area, and he, the head of the IPA, came all the way here to help Sun?

Fred couldn't describe how \*\*\*\* he felt right now.

Ye Wangchuan never mentioned Qiao Nian's identity to him along the way, so he never thought about it.

Chapter 3893: Coincidentally, you're not the first person to come to me

Now others are here.

The arrow has to be fired on the string.

Fred realized that he had been put together!

If Ye Wangchuan had told him the identity of his girlfriend at the beginning, he might not have readily agreed to help him...

However, everything is in the calculation of the other party.

He fell into the hands of a young man.

Fred's expression on his face was unpredictable, and his complexion was really not good. He took a few deep breaths and was easily fooled by himself.

Luo Fei didn't expect that he and the boss's information didn't match up, and he didn't know what to say in this situation, nana: "I thought you knew."

Fred was poked in the heart again, and he had no desire to speak at all, and directly ignored the topic, not wanting to continue.

"Why are you here?"

"Ah, we are for..." Luo Fei was about to tell Nie Qingru the ins and outs of the matter before he came, and try to get his help.

It's just that neither Shadow nor Nie Qingru gave him a chance.

Shadow saw people going up and down from the second floor, and quickly interrupted their conversation: "Mr. Fred, the Queen has come down."

Fred was really attracted by the people on the stairs, and forgot to listen to Luo Fei.

Although Luo Fei was in a hurry, he knew that if he went up to him at this time and insisted, the hidden family would definitely catch him.

He had no choice but to bear with his thoughts, and then secretly looked back at Qiao Nian's reaction.

Qiao Nian has already raised her head from Ye Wangchuan, and is also looking in the direction of the second floor, her pretty face looks very calm.

"Huh." Luo Fei quietly breathed a sigh of relief, thankful that Qiao Nian's mood is still stable, and he won't tear his face directly.

He turned back and immediately looked at Fred worriedly again, eager to find an opportunity to explain the current predicament to Fred.

Fred didn't receive his anxious gaze, Nie Qingru came down from the second floor.

She had already seen the people below at the stairs, and noticed that Ye Wangchuan and Ji Lin had also come.

Nie Qingru had a lot of premonitions in her heart, she kept her face calm, raised her hand to straighten her gloves, and said with a dignified manner, "Mr. Fred."

"Hello, Queen." Fred saluted her as a gentleman.

Nie Qingru was of high seniority and status, so he stood there and accepted his etiquette calmly.

After Fred straightened up, she smiled slightly, and said to the person: "Let's sit down and talk. Would Mr. Fred have tea or coffee?"

She spoke and called the servants of the manor, ready to order and arrange.

Fred glanced at the servant who came over, not intending to waste time, stopped Nie Qingru, and said bluntly: "I'm here to discuss business with the Queen, so I won't drink water."

"Oh?" Nie Qingru raised her eyelids, and the smile on her lips faded.

Her face is cold and serious, showing her dignity for the first time.

"What business do you want to talk to me about?"

"I'm here for your two suspects."

Fred just finished speaking.

Nie Qingru showed a strange expression, hehe sneered: "Coincidentally, many people came to my place today to find someone."

Fred saw that Luo Fei was here, and heard this again. He didn't understand anything, so he didn't react much. He showed the notification letter stamped with the seal of the IPA headquarters very calmly.

"Empress, I hope you will cooperate with my work!"

"Chick."

Nie Qingru obviously didn't like this, so he ignored him, went straight to the sofa, raised his hand and said to a servant, "Make me another cup of black tea."

"yes."

The servant felt the serious atmosphere here, and hurriedly went to do it.

Chapter 3894: You didn't tell me your girlfriend is sun

Nie Qingru turned around and looked at Fred. She was no longer as polite as before, and said meaningfully: "I don't know when IPA became so familiar with Hongmeng. Even you are willing to sit for more than ten hours. The plane is coming."

"..." Fred was in distress.

He is not familiar with Hongmeng.

He is the sister-in-law who wants to chase the boyfriend of the boss of Hongmeng!

How can he say this!

Fred's silent attitude seemed to tacitly agree that he and Qiao Nian had a good relationship, and Nie Qingru became more and more unfriendly.

The expression on Nie Qingru's face completely faded now: "It's okay if you want someone from me. These two people broke into the manor privately. I have to check whether they have stolen anything before releasing them. If you want someone, you can come over tomorrow morning catch."

At that time, Guan Yan and Qin Si will become two corpses.

Nie Qingru is not afraid of IPA investigation.

Wait until tomorrow morning, she will have other means to solve this problem, such as giving IPA a scapegoat, saying that the people under her were 'too hard' and accidentally killed people.

She had no prior knowledge.

Nie Qingru understands that in her own capacity, IPA and Fred have nothing to do with her, knowing that she did it, she can only admit it!

Everyone present understood what she was thinking, Qiao Nian narrowed her eyes, and her eyes suddenly turned cold.

Ye Wangchuan pinched her fingertips at this moment, silently comforting: Look again.

Qiao Nian took a deep breath, suppressing her surly anger.

Fred reacted, and withdrew the politeness on his face, looked at Nie Qingru seriously, and emphasized his tone again: "Queen, I hope you will cooperate with our work!"

Nie Qingru raised her head slightly: "What if I don't cooperate?"

She asked casually.

Very light sentence.

But there is an energy to look down on everyone.

Fred was on the way here, Ye Wangchuan discussed with him that Nie Qingru might not give face, and pointed him a way.

He didn't think it would be necessary.

I didn't expect the slap in the face to come so quickly!

When the matter developed to this point, Fred had no choice but to throw out the trump card he had prepared in advance, and handed a document to Nie Qingru.

"Then take a look at this."

"What's this?"

Nie Qingru didn't reach out to pick it up, her attitude was very tough.

"I don't need to read it! It won't change my decision if I read it."

Fred insisted on handing it over: "You should take a look."

Nie Qingru frowned, slowly stretched out her hand, took out the document from inside, and only glanced at it, her expression changed drastically.

If she was just dissatisfied with Fred's intention at first.

Now Qiao Nian clearly felt the real murderous aura from her!

"What do you want to do?" Nie Qingru only read a few lines, but didn't read any further, and didn't return the document to the other party.

Fred seemed to know that she would do this, looked up at each other, and expressed his thoughts concisely: "If you insist on not cooperating with the work of IPA, I have no choice but to hand over this information to the international police and let them handle it."

Nie Qingru's cheek muscles were tense, looking at his eyes revealed the message of murder, and slowly sneered: "This is an illegal area."

"You came to me alone and showed me this, so you are not afraid of accidents here?"

The illegal area is a good place.

It is not a new thing that the head of IPA died here.

As long as she does it cleanly and wipes off the traces afterwards, she can completely remove herself from it.

At this moment, Qiao Nian stepped forward: "So you also know that this is an illegal area, not State M."

Chapter 3895: Sister Nian knows how to poke at the pain

Nie Qingru only noticed Fred, and almost forgot that she existed. When she was suddenly slapped in the face, a trace of anger flashed across her expression, and she said in an abnormally angry tone: "I am your grandmother, and you want to help outsiders deal with me?!"

Qiao Nianhun didn't hesitate to dig his ears, and asked impatiently: "Is this the only thing you can say? Every time something happens, you come and go and pull me to say this."

Luo Fei, Fred and a group of IPA members were already petrified as if struck by lightning during the conversation between the two.

Nie Qingru is Sun's grandmother.

That is to say, the queen of the hidden family is the grandmother of the boss of the Hongmeng?

Fred quickly turned his head and looked at Ye Wangchuan.

The man is very handsome, and the well-tailored windbreaker is on his body to set off his upright figure. Just standing there is magnificent and unparalleled!

But he didn't forget that he talked about Nie Qingru's secret with this person before entering the door, and this person still seemed to know nothing.

Fred couldn't tell how many critical blows he suffered today, but he felt that as the person in charge of the IPA, he was completely played.

Completely crushing him mentally!

And such a terrible person is the most valued nephew of the woman he likes.

If he wants to develop with Ye Lan in the future, he still has to rely on the help of this nephew...

Fred thought again.

Ye Wangchuan may have understood the key points from the very beginning, knowing that even if he knew the truth, he would have to swallow his anger...sorry, so from the beginning, in order to save unnecessary trouble, he didn't make it clear to himself, but he was sure of people's hearts.

Fred sank to the bottom of the valley. Apart from being terrible, he couldn't find a suitable adjective to describe the shock that Ye Wangchuan gave him in such a short time.

Luo Fei was also shocked.

It's just that he knows less and participates less.

In his eyes, Qiao Nian is the sun itself is enough to surprise people, and he just laughed it off when he heard something even more surprising.

He got used to it quickly.

"So you want to help them deal with me?" Nie Qingru still didn't give up.

Qiao Nian pulled off her peaked cap and put her hands in her pockets, she didn't mind putting another kick on her sore spot: "Actually, you didn't admit that Qin Si and Guan Yan were with you at first, so I might have to think about it, and I'm worried that you will kill her in advance. Moved away."

She raised her eyes: "But in order to show that you can beat me, you didn't even have the most basic vigilance, and told me that you were still in the manor. Then I don't need to be wary, do you think so? My dear ...grandmother."

Nie Qingru's face was ashen, staring at her: "You little people, I won't let you go, and you can't go!"

Qiao Nian expected that she would say this without pausing at all: "Yeah, so I arranged for someone to prepare the second kick outside."

It's not just Nie Qingru.

Shadow and IPA people were shocked.

Only Luo Fei, who knew the inside story, and Ye Wangchuan, who knew Qiao Nian, took it for granted and did not respond.

The others were full of disbelief, they couldn't believe that Qiao Nianwan was so big.

She watched Nie Qingru's face change again and again, and slapped her face: "You said this is an illegal area, but it seems that you didn't tell who is in charge of the illegal area."

This is an illegal area, where Hongmeng and Tianchen have the final say!

At least Nie Qingru is not in charge!

Shadow could tell that Nie Qingru was so angry that his old problem was about to flare up, so he immediately stepped forward and warned with a serious face: "Sun, aren't you afraid that none of us will be able to leave?"

Chapter 3896: Sister Nian met Guan Yan

"It doesn't matter."

Qiao Nian returned his cold eyes, and said calmly: "The worst outcome is that everyone dies together. I'm not afraid of death, how about you?"

"..." Shadow was speechless.

He is not afraid of death, but fears that Nie Qingru is in danger.

And Nie Qingru managed to get to where she is today, let her die with Qiao Nian, she must consider whether it is worth it or not.

So Qiao said "not afraid of death" and actually blocked all the escape routes of the Hermit Family.

Even they are not sure if Qiao Nian is really not afraid, no one dares to bet.

\*\*

Nie Qingru did not show up to deal with the next matters. She left everything to the shadow and said to Fred: "Since I made a step back, I hope you will abide by your promise and don't pursue it any further."

Fred knew that it was not easy for the Hermit Family to give in, so he readily agreed: "Of course."

Nie Qingru finally took a deep look at Qiao Nian, as if she wanted to tear Qiao Nian into pieces and imprint them deep in her mind, she turned around and went up without looking back.

Shadow immediately arranged for someone to bring Guan Yan and Qin Si out, and asked Qiao Nian and the others to wait outside.

Soon a few mercenaries brought people over.

Qin Si is okay, just suffered a little skin trauma, his handsome face is blushed, and looks unattractive, but from his actions, it can be seen that the injury is not serious.

Guan Yan is much worse.

If she hadn't been supported by people on both sides, she probably wouldn't even be able to stand, let alone walk.

The clothes on her body have long been bloody, and the dark red blood clots are coagulated and cracked. It is shocking to look at, and the traces of whipping can be seen on the exposed skin of her wrists and neck...

Qiao Nian's expression changed immediately.

Luo Fei was so frightened that he quickly comforted her: "Sun, just come out."

Ye Wangchuan also pinched her, but did not speak.

Qiao Nian suppressed the blood energy that hit his temples, and relied on his strong reason to suppress the urge to kill, with a cold face, he glanced at the shadow on the side, pursed his lips and said, "I will remember your hospitality! "

Shadow complained in his heart, but he also knew that if he did it, he did it.

So he only replied lightly: "We are treated like this when we fall into your hands."

Qiao Nian didn't make any excuses. At least she didn't touch Singer and others. She was not the same kind of people as Nie Qingru and Ying Ying, who would use any means to suppress her.

She just looked at Guan Yan who came over with heavy eyes, and said restrainedly, "Are you all right?"

"Boss." Guan Yan rarely called her boss, and forced a smile: "Not dead."

Seeing that she still had the energy to joke with him, Qiao Nian knew that her situation was not life-threatening, and her complexion looked a little better.

Go forward to help her: "I'll take you back."

Qin Si was faster than her hands and feet, he had already supported Guan Yan's right arm, and said stiffly, "Try a little more and see if you die."

Fuck, he wants to die?

Guan Yan wanted to refute, but when he touched his bruised face, he subconsciously endured it, and it was rare that he didn't quarrel with him.

Qiao Nian saw the reaction of the two of them, touched his ear, retracted his hand, wisely did not plug it in as a light bulb, and let Qin Si take care of Guanyan.

She turned around and pulled down her peaked cap, raised her eyes and said to the others: "Let's go back first."

Fred was quite stimulated today, he still looked at her strangely, and couldn't look at Qiao Nian the same way he looked at a little girl at the beginning.

Luo Fei was eager to leave quickly, and greeted the others: "Let's go."

Chapter 3897: It's okay to watch the inkstone

Guan Yan was seriously injured.

Qiao Nian and his team didn't return to Hongmeng, so they sent her to the hospital for a physical examination.

Originally, Guan Yan himself disagreed, but Qiao Nian was firm.

She was reluctant to cooperate with the doctor to complete various examinations, and soon the doctor issued a data report and handed it to Qiao Nian, saying earnestly: "The patient has serious injuries, but fortunately no internal organs were injured, so as long as she is treated well, Trauma, it's okay to take care of your body during this period of time... But as the saying goes, "a hundred days of injury", you will

definitely not be hospitalized, so you must take good care of her at home, try not to let her do anything, don't raise your hand Take something high up and wait."

Qin Si also followed, and immediately went up to the doctor and said, "Doctor, can you write me a list of precautions? I can follow it."

The doctor looked up at him and understood the relationship between the two. He was very talkative and turned around to type on the computer keyboard: "Wait for me, I will write it down for you."

Qin Si was very polite: "Thank you doctor."

The doctor understood young people very well, and said with a smile: "It's okay, you just take good care of your girlfriend according to what I wrote to you. After three months of safekeeping, she will be alive and kicking again."

...

Qin Si stayed inside to talk to the doctor, and Qiao Nian went out with the checklist.

Fred, Ye Fanchuan, Ji Lin and others were all outside.

People from Huaji and Hongmeng are also there.

Hongmeng and the others saw Qiao Nian coming out alone and immediately surrounded him, chirping and asking, "Sun, how is Sister Guanyan?"

"Sun, is sister Guan Yan okay? What did the doctor say?"

"Sun, what did the doctor tell you?"

Everyone was arguing so much that Qiao Nian's head hurt, so he handed the report to one of them: "Look for yourself."

"Why are you standing there, let's see what's going on with Sister Guan Yan!" The person who got the report was immediately surrounded by other people, and everyone couldn't wait to know what happened to Guan Yan.

Qiao Nian pushed them away and walked out to get some air.

Just in time to see Fredella talking with Ye Fanchuan in the hospital corridor, the two of them didn't know what they were talking about, and their expressions were very serious.

Especially Fred, his brows were tightly wrinkled, and he looked very angry.

Qiao Nian thought that Fred had done her a favor in the manor just now, so he should go over to thank him and see what the other party needs.

So she walked over: "Fred...Mr. Thank you for your help before, see what I can do for you."

Fred shut their mouths when Qiao Nian approached them, and didn't continue to argue with Ye Wangchuan. He just watched the number one person on his list of illegal areas come to say hello to him, and he still felt a sense of division.

Facing such a young and beautiful girl, younger than himself, and a junior Ye Lan likes, even if Fred has complaints in his heart, he is embarrassed to embarrass Qiao Nian.

So he covered his lips with his hands, coughed twice to ease his embarrassment, and said, "You're being polite."

Qiao Nian nodded, his eyes were calm and calm, he didn't care about his polite words, and said directly: "This time I owe you a favor, if you owe me, you owe me, if you need me or if you need anything, you can talk to me I'll talk, and if I can do it, I'll do it."

Guan Yan is very important to her, and Qin Si is also her friend.

The safety of the two is more expensive to her than all material things, so no matter what kind of repayment conditions Fred proposes to her, she has no objection.

Chapter 3898: Just treat it as a meeting gift from your elders

Speaking of this.

Qiao Nian thought of it in a flash, and looked up at him: "Before this, I have a question to ask you, I wonder if you can help me answer it?"

"Say it." Fred relaxed a little.

Qiao Nian looked at him and said, "What did you show her to force her to agree to release her?"

Fred guessed that Qiao Nian would definitely ask himself this question later, so he didn't intend to hide it from her. He smiled, showing his clean teeth, and pouted to let her look at the person next to him: "It's Wang Chuan, he got something. A copy of Zhai The report on Xicheng's suspected illegal deeds in recent years lists many businesses and behaviors that Zhai Xicheng used Nie Qingru and the Yinshi family to step on the gray line."

"As long as I hand over this information to the international police, Zhai Xicheng will definitely get a warrant. She probably didn't want Zhai Xicheng to be targeted by the international police, so she chose to give in... Hey, I really didn't expect the empress of the hermit family to have such a weakness, willing to do this for an irrelevant person."

After he finished speaking, he realized that he had said the wrong thing. He quickly looked at Qiao Nian, waved his hand and explained: "That's not what I meant. I just..."

How could he forget the relationship between sun and the queen.

The relationship between the two was complicated and entangled. Fred didn't know Sun's attitude towards the Queen, at least he knew that people would not like what he said.

He was in embarrassment and didn't know how to explain it. When he talked quickly, he saw the girl casually lifted her peaked cap, and said very indifferently: "It's okay, you can say whatever you want, I don't care."

That being said, how could Fred continue talking.

He simply changed the subject, mentioned what Qiao Nian just said, and said gracefully: "By the way, you said you wanted to thank me earlier."

Qiao Nian really looked up at him: "En."

Fred smiled, raised his hand and patted Ye Fanchuan on the shoulder, stood on the ground and said softly: "Actually, you don't have to be so polite with me. I'm also half of your elders. It's normal for elders to help younger ones, so you just treat it as your own." It's my greeting gift to you."

Qiao Nian didn't understand for a moment, frowned, subconsciously looked in Ye Wangchuan's direction, and signaled him with black pupils: What do you mean?

Ye Fanchuan received her gaze, touched the bridge of his nose with his slender fingers, and explained softly: "Fred is chasing my sister-in-law."

"..."

Qiao Nian was rarely surprised, but this time he really couldn't control his facial expression, and looked at the person in charge of the IPA at the side in surprise.

The person in charge of IPA and Aunt Lan?

The corner of Qiao Nian's mouth twitched, and he managed to squeeze out an arc. Looking at the mature and serious man, he said, "Cough, come on."

Fred accepted the encouragement with a smile: "Haha, I will work hard."

Now that the two sides had Ye Lan as a lubricant, Qiao Nian relaxed a lot when facing him, and had a brief chat with Fred.

Fred was already very curious about her, since Qiao Nian was the number one person on his list of illegal areas, IPA has very little information about Qiao Nian.

Secondly, he also wondered how a man from Beijing could have anything to do with the illegal area and create such an existence as Hongmeng at a young age.

Later, he heard that Qiao Nian was not in the capital at first, but went around the city to study high school in a small place outside the capital, remotely controlling the Hongmeng.

Fred opened his eyes even more, secretly lamenting the horror of genius.

...

It was already evening when the doctor finished cleaning and bandaging Guan Yan's wound.

Because of Guan Yan's special status and the fact that the illegal area has not been peaceful recently, Qiao Nian didn't let her be hospitalized. After the doctor finished treating Guan Yan's wound, the group returned to the Hongmeng headquarters.

Chapter 3899: Master Wang is always thinking of sister Nian

As an IPA member, it was inconvenient for Fred to stay with them, so Ye Wangchuan personally sent him to the hotel for check-in.

Wait for Fred to enter the elevator before Ye Fanchuan got in the car and prepared to go back.

Ji Lin drives on the road.

They had been running around for several days without a good rest. Ji Lin drove the car smoothly and steadily, and looked at the tired look on the man's face through the rearview mirror on the road.

opened the mouth and said: "Master Wang, the old man called again to ask when you will go back."

Ye Wangchuan raised his hand to press the center of his eyebrows, closed his eyes and meditated, his voice was hoarse: "What did you say?"

Ji Lin is very experienced: "I said that you still have things to deal with outside, and the return date is uncertain."

"Yes." Ye Fanchuan responded in a low voice.

Ji Lin looked at his face through the rearview mirror, and then said: "Um, but the old man was very angry. He said a few words about you on the phone, and said that if you don't go back, he will call Miss Qiao..."

Old man Ye's original words were: If that brat doesn't come back, I'll call Niannian to see what he's doing!

It turned out that in Mr. Ye's heart, Ye Wangchuan didn't go back for so long because he was busy with unresolved things outside, and he didn't even have time to come back with his precious children, grandchildren and daughter-in-law.

Ji Lin only found out later that Master Wang had put the blame on himself in front of the elders in Beijing, and even the Jiang family thought that Master Huang was out on business and couldn't go back.

No matter how many times Mr. Jiang asked around in front of him, the old man couldn't sit still and kept calling the people around him to urge them.

"Master Wang, you'd better find time to take Miss Qiao back." Ji Lin couldn't help persuading, mainly because if Ye Wangchuan didn't go back, his impression in front of the elders would be greatly reduced.

Ye Wangchuan narrowed his eyes and said, "She doesn't have time... Besides, there's something about viewing inkstones, so wait a little longer."

Ji Lin knew it was useless to persuade him, so he kept his mouth shut and drove quietly.

The car drove through the night to the Hongmeng headquarters in the illegal area.

\*\*

in the room.

Qiao Nian came out of the shower and was wiping the moisture from her hair with a towel.

She heard the movement below and knew that Ye Wangchuan and Ji Lin had returned, she lowered her eyes and thought for a while, then put down the towel and went downstairs.

Wait for her to go down, and saw Ji Lin coming back with big and small bags, and was greeting her: "Miss Qiao."

Qiao Nian glanced at the things he brought in, and asked curiously, "What did you take?"

I saw Ye Wangchuan unbutton the cuff buttons, and gracefully roll up the edge of the sleeves, revealing a strong white wrist bone, very beautiful.

"I'll make you a hot pot tonight."

"Eat hot pot?" Qin Si came out of nowhere, and when he heard about eating hot pot, everyone jumped up, and said with a smile on his face, "Master Wang, you finally figured it out. I've been talking about it for days, but I haven't seen you yet." You agree, I thought you didn't want to eat."

Ye Wangchuan has a light taste, and he really doesn't like hot pot.

But Qiao Nian loves to eat, and his ability to make hot pot has become more and more perfect. Qin Si heard that he even asked Zhang Yang, a friend who owns a hot pot restaurant, to learn the secret recipe from the chef for the sake of making it for sister Qiao.

Qin Si is envious, but also has to admit that the family abuses dogs from time to time.

But he is thick-skinned and can afford dog food, so he brazenly asks: "Master Wang, so what... Guanyan is injured and can't eat spicy food. Can you make a clear soup pot by the way tonight?"

Ye Wangchuan rolled up his cuffs, raised his eyebrows and looked at him: "Are you my cook?"

Chapter 3900: You are a ninja!

"Hey, isn't Guan Yan also sister Qiao's best friend? Of course you are not a cook, how can a cook have your temperament." Qin Si asked shamelessly.

Ye Wangchuan didn't know that he was moved by his words, lowered his extremely long eyelashes, and said gracefully and lazily: "Okay, I will make a tomato pot."

Qin Si immediately flattered: "Thank you, Master Wang, for your hard work!"

He didn't forget to cover everything, turned his head to look at Qiao Nian, his mouth was still a series of flattery: "And thank you sister Qiao for finding a good boyfriend, we can have a tomato pot~"

Qiao Nian was left speechless by him, and walked over directly ignoring him, raised his head and said, "Aren't you going to rest for a while?"

She is not very good at caring for people, touched the black marks in Ye Wangchuan's eyes, but still pursed her lips and said: "I don't need to eat hot pot."

"Don't tell me!" Qin Si wailed from behind.

Fortunately, Ye Wangchuan stretched his brows and said very gently: "I've already bought the vegetables. There are many people at night, and everyone just got together."

He refers to Moxi, and several main members of the Hongmeng, such as Huabi and others, who have not left yet and are still in Guanyan's room.

When there are many people, eating hot pot is indeed the most convenient and convenient way to liven up the atmosphere.

Qiao Nian didn't say any more, she took out her hand and wanted to go to the kitchen: "Then I'll help."

In the end, someone grabbed her by the wrist and pulled her back, Ye Fanchuan pressed her to sit on the sofa, and said in a helpless voice: "I don't need you to do anything, just sit here and wait for me! "

It was already twelve thirty in the morning after the evening dinner.

Moxi, Ji Lin, Hua Arm and the others don't live here, so they staggered and called the driver to pick them up.

Qin Si sent them away, and sent Guan Yan back to the room, only Qiao Nian and Ye Wangchuan were left in the living room.

"Master Wang, leave the table there, I'll get up and clean it up tomorrow." Qin Si didn't forget to make an agreement with them before going up.

Qiao Nian saw that the living room was quiet again, and was about to get up and go back to the room. He glanced at the person opposite in advance: "Go back to sleep?"

She spoke naturally, and she didn't realize how ambiguous her words were.

Ye Wangchuan glanced at her, and asked back with a smile: "Nian Nian, are you inviting me?"

"?"

Qiao Nian may not have reacted at first, but everyone is an adult, and she is not someone who knows nothing, so she immediately understood what he was talking about.

So he looked over with dark eyes, and said in a playful tone: "Yes, do you accept the invitation?"

Ye Wangchuan didn't expect her to be so straightforward, he smiled dumbly and looked at her right hand: "The last time who said that the hands were sore all day and they forgot the lesson?"

Qiao Nian's arm was sore all day that time, but she was not defeated anyway. She made eye contact with someone in a very flamboyant manner, and her eyes faced each other provocatively: "I'm sore not because of you, but because I have no experience before. Do you understand?"

Which man can accept this kind of provocation.

Ye Wangchuan was overwhelmed by the anger and blood she said in a short sentence, but fortunately he still maintained the last sliver of clarity. He stretched out his fingertips and touched the girl's forehead lightly, helping her brush away her black hair, eyes wrapped in deep sea mist Shen Shen looked at Qiao Nian: "Don't make trouble, I'm not as patient as you think. But at least my family Niannian shouldn't be in this place for the first time, and there must be a sense of ceremony."

Qiao Nian didn't quite understand the need for a sense of ritual, but she was still immersed in his eyes, and didn't continue talking to him.

She didn't think about that aspect of things, so she leaned back on the chair slackly, in a nonchalant manner, and suddenly said to Ye Wangchuan: "I plan to find Zhai Xicheng."
