

Madam's 3901

Chapter 3901: Sister Nian: I happen to have some money

Ye Wangchuan was not as easy as she was to get out of the ambiguous atmosphere just now. This is probably due to the natural difference between men and women, so his voice was still a little hoarse: "Huh?"

His rising sound was like a feather brushing against Qiao Nian's ears. Qiao Nian couldn't help digging out his ears, his expression became complicated, and he looked at him: "You really don't want to think about it anymore?"

"What are you thinking about?" Ye Wangchuan got the answer from her eyes, laughed suddenly, touched her forehead again, and turned to the topic: "I'm afraid it's not so easy to find."

Zhai Xicheng is cunning and scheming. Since he intends to hide and create conflicts, no one will find him easily.

Of course Qiao Nian knew this, he didn't care too much and said arrogantly: "I never thought that I must find him before."

"Since I have made it clear that I want to find him, I am just looking for someone. Unless he is no longer in the illegal area, there is no one I can't find!"

The illegal area is her territory.

Even Nie Qingru was afraid.

Zhai Xicheng thinks he can play cat and mouse with her in the illegal area, and thinks highly of himself.

"From tomorrow onwards, I will have people from Hongmeng scattered all over the place search for him, and I will issue a reward order." Qiao Nian did what he said, and his actions were astonishing.

Looking at Ye Wangchuan with deep eyes, she said: "The illegal zone is a zone where no one cares. Using power to oppress people here is worse than taking money."

"There are not many people in the Hongmeng, but I can't stop me from spending money. She can spend money to find mercenaries to do things, and I can also find the same group of people to arrest people."

This is a place to look at money.

Many people do everything for money.

Nie Qingru didn't want to play, she played to the end!

**

The next day.

There is a sky-high price reward task on the dark web channel in the illegal area.

The task is simple, find someone.

But the person who issued the mission was obviously very rich, and he charged a high price close to ten figures for this ordinary mission, and there were few missions of this amount in the illegal area.

Besides, this task only needs to find this person.

Fools don't grab.

Suddenly, all classes and forces in the illegal area were discussing this matter.

"Do you know a recent mission on the dark web?"

"You mean a sky-high price task?"

"Oops, I heard that the owner behind it is Hongmeng, and Sun personally issued a reward order. What do you think this guy named Zhai Xicheng is, and he is worthy of this mysterious boss?"

"Ghost knows. I haven't even heard of it. I shouldn't be from the illegal area."

"People from outside came to our illegal area?!"

"..."

When Qiao Nian gave out the reward task, he also attached the basic information of Zhai Xicheng, including a recent photo for easy identification.

The photo was synthesized by her using the customs photos left by Zhai Xicheng in Independence Island, and it was almost exactly the same as herself.

It is estimated that Zhai Xicheng himself did not expect that the photo he left behind to play with people's hearts would become the ID photo that is now offering rewards everywhere.

It's just that what he thinks has nothing to do with Qiao Nian.

...

It was less than three days since Hongmeng released the task.

Everyone in the illegal area treats this task as winning a lottery ticket. Many people are so excited that they try to find someone.

Even ordinary people who have no connections want to try their luck and go for a walk on the street to see if they can pick up a few hundred million.

Among them, the most active groups are mercenaries and professional gold diggers.

Some of the professional gold diggers are bounty hunters themselves, and what they are best at doing is tracking treasure hunts.

As for mercenaries, they have always been the masters who do everything for money.

Chapter 3902: It's time for her to find Lu Zhi

Such a big list came out.

Even the mercenaries in the manor where Nie Qingru works are starting to move around. Recently, more and more people are asking for leave and leaving early.

While Shadow was suffering from endless headaches, he had nothing to do with these people.

After all, these peripheral mercenaries are just helpers they have spent money to find. Now that this group of people finds something more profitable, of course their hearts are floating, and few people are willing to listen to his command.

"Empress."

Shadow went in after dealing with a few people asking for leave from the outside, and saw Nie Qingru sitting on a chair with a gloomy face and looking up at him.

"How many people left today?"

"..."

Shadow raised his eyes and then lowered them, really not wanting to irritate her.

Nie Qingru said forcefully: "Say!"

Shadow had no choice but to speak bitterly: "10, we have lost a third of our staff so far."

"Hmph." Nie Qing laughed angrily: "A bunch of low-level bastards, if I hadn't encountered difficulties, I wouldn't have looked for them. They are brave enough to treat me like this."

Shadow persuaded her: "Queen, don't be angry, these people are outlaws and have no morals at all. If they don't do it, we can just find new people to replace them."

"Of course I know." Nie Qingru still had a bad tone, resting his hands on his forehead, as if he was having a headache: "But on the west side..."

"Young Master Zhai..." Shadow didn't know how to persuade her.

He told the Queen that Qiao Nian was not a liar from the very beginning, since Qiao Nian has repeatedly said that Zhai Shao is not in his hands, he must not have it.

But the empress couldn't listen, she believed that Qiao Nian's disappearance had something to do with Shao Zhai's disappearance, so she grabbed Guan Yan at the critical moment between the two sides.

This angered Qiao Nian and began to hunt down Young Master Zhai.

The empress has always been shrewd and capable, but this time Shadow himself had to admit that Nie Qingru was too impulsive, which led to the current situation.

They are really passive.

"No one would have thought that Qiao Nian would do this kind of operation." Shadow could only hold his breath and whisper: "You have to take care of yourself."

Nie Qingru's face was full of anger, her face was extremely distorted, and she slapped the table fiercely and growled: "I don't think she wants to make me feel better, otherwise, how could such a thing happen! My body...my body has such a good granddaughter thinking about it!" Come on, where can it be better!"

If she didn't get what she wanted, it would be fine if she died sooner!

Shadow dared not raise his head under her fury.

Fortunately, Nie Qingru's temper came and went quickly, and she quickly suppressed her anger, leaving only a cold expression between her brows and eyes: "Isn't she looking for Xicheng? Just right, I should also look for Lu Zhi."

"If he keeps calm and doesn't move, he will be able to attend my good granddaughter's wedding later! He can't bear it anymore."

"..."

Shadow raised his head and said nothing.

He doesn't think Lu Zhi is an excellent partner.

It's just that they are currently working in the illegal area with their hands tied. Without Lu Zhi's help, it would be difficult not to be overwhelmed by Qiao Nian.

Shadow said softly: "I hope Lu Zhi will not disappoint your expectations."

Nie Qingru was very confident, and said calmly, "He won't let me down, because this time he didn't do things for me, he did it for himself. I'm just his pedal, but I'm not afraid to take on this responsibility. Hehe, why? Said, she and I have come to this point, and we are not afraid of more hatred."

Lu Zhi wanted to touch Ye Wangchuan, but he couldn't bear the anger and hatred that Qiao Nian would have to endure for moving Ye Wangchuan.

Chapter 3903: sun will be too late to come back tomorrow

But she is different, she and Qiao Nian have long since had trouble with each other and there is no room for change.

It doesn't matter to Qiao Nian if she loves her more or hates her less.

What Lu Zhi needs is exactly what she doesn't care about.

And their goals are roughly the same.

They are the most stable partners when they cooperate for the benefit.

This shadow is always too emotional, and I don't understand the reason why she trusts Lu Zhi.

She believed it wasn't Lu Zhi, but a man's love and possessiveness!

**

Early spring is warm and cold.

On January 24th, Qiao Nian finally received news from Zhai Xicheng.

Someone found that Zhai Xicheng appeared in a certain supermarket in Bailu Lane and bought some daily necessities. The owner of the supermarket recognized him with sharp eyes. I secretly took a few photos of the man's profile with his mobile phone...

After the supermarket owner took the photo, he waited for the man to go out, and Mimi quietly followed to observe the man's whereabouts.

Then he reported to Hongmeng non-stop, wanting to earn that valuable reward.

Qiao Nian got the photos secretly taken by the boss and immediately went online to do a 3D skeleton analysis on the computer, and soon confirmed that the person the boss took was Zhai Xicheng himself in disguise.

Early in the morning, she put on her flower arms and waited for someone to go out to arrest people.

Qin Si and Guan Yan were left at home.

Ye Wangchuan originally said to go with her, but Qiao Nian didn't agree, so he left in a hurry and asked him to stay and help take care of the Hongmeng headquarters and the injured Guanyan...

...

at the same time.

Tianchen Headquarters, in the top office on the 33rd floor.

The 360° panoramic sunroof overlooks the entire illegal area. Lu Zhi sits alone in front of the window and looks at the scenery below through the glass window—the viaduct is full of traffic, as if the illegal area is crawling under his feet.

"Knock knock."

At this time, someone knocked on the door outside.

Lu Zhi moved his eyes away, his crow-black eyelashes drooped slightly, turned the wheelchair to face the door, and said in a dull tone, "Come in."

People outside push the door and enter from the inside.

It was Jian Jin's left assistant.

The assistant is wearing a well-fitting suit and vest with a white shirt inside, his hair is combed meticulously, his square face is young and rigorous, and his image is very capable.

He walked up to Lu Zhi with a document in his hand and stopped, immediately lowered his head, not daring to make eye contact with Lu Zhi, and said softly, "Mr. Lu, everything is ready."

As the assistant spoke, he handed over the documents he had brought, all the while daring to see the shiny leather toes of the man stepping on the wheelchair.

Lu Zhi looked at the document bag handed to him for a long time without any response.

Until the assistant saw that no one answered for a long time, his hands were numb, so he bravely raised his head and called him: "Boss Lu?"

Lu Zhicai stretched out his hand to take the document with a blank expression, untied the white thread wrapped around it, and pulled out the report inside with his slender hand.

This is a complete surveillance log, marking exactly what the person being watched is doing every minute of every second.

There are two documents in Lu Zhi's hand, one is Qiao Nian, and the other is Ye Wangchuan!

He read Qiao Nian's copy first.

Lu Zhi glanced at the ten lines, then slightly raised his head as if in deep thought: "Are you sure she took someone to the north?"

The assistant immediately replied: "I'm sure."

"After I received the news from the spies, I immediately contacted our people in the north and confirmed with them that Sun is in the north. According to the time, it is impossible for her to come back in time tomorrow."

Chapter 3904: I didn't fight for it, why give up

"..."

Lu Zhi closed his fingers and pinched the thin paper, his eyes flickered and he didn't know what he was thinking.

After a long time, he opened the second document, lowered his eyes and read it carefully. After reading it, he pursed his thin lips, and fell silent for a long time again.

The assistant didn't know what he was thinking, and didn't dare to interrupt his thoughts at this moment, so he had to endure Lu Zhi's strong sense of oppression, and put his hands in front of him neatly, hoping that this psychological torture would end soon.

President Lu had already discussed with the Queen, didn't he? Now that everything is going according to their plan, why didn't President Lu issue an order again?

The assistant is not Jian Jin after all, and he doesn't understand Lu Zhi's character.

He didn't know what Lu Zhi was hesitating about, he just thought it was the first time he saw Lu Zhi's tangled and unresolute side.

After the office was quiet for a long time, the assistant stretched his neck impatiently and said.

"Boss Lu?"

Lu Zhi's eyes focused into beams of light and suddenly looked at him, and asked an inexplicable question: "What would you do if you liked someone?"

The assistant didn't know what to say: "Mr. Lu?"

Lu Zhi's expression was dull: "Answer me."

The assistant didn't dare to look directly at him, but lowered his head and said honestly: "If I like her very much, I will tell her and ask her if she wants to be with me."

"If...you can't open your mouth..." Lu Zhi asked again.

The assistant couldn't help peeking at him again: "Uh...then I shouldn't...don't like her enough?"

"No!" This time Lu Zhi firmly corrected him: "You like her very much!"

"..."

The assistant felt like he was going crazy.

He tentatively whispered: "Mr. Lu has someone he likes?"

Lu Zhi didn't answer.

He suddenly felt sympathetic to Jian Jin, who in Tianchen didn't know that Jian Zhu had a deep love for Mr. Lu, and after staying by Mr. Lu's side for so long, Mr. Lu had another love in his heart.

No wonder Jianzhu left so resolutely not long ago.

It turned out to be emotionally hurt.

Thinking of this, the assistant calmed down a lot of his anxiety, and said hesitantly: "If I can't tell her, I will probably choose to look at her from afar and bless her."

Lu Zhi showed a thoughtful expression, and immediately curled up the corners of his mouth, let out a sneering sneer, put his hands on his lap, his sharp eyes fell on the assistant, and said coldly: "If you like it, go after it. Rob, what does it mean to bless her? If you can bless her, do you still like it?"

"..." The assistant was taken aback by the expression he said, and felt a little persuaded.

Lu Zhi turned his wheelchair to face the floor-to-ceiling windows, and his eyes fell on the viaduct outside the window again, looking at the fleeting vehicles.

He said slowly: "People themselves are animals, and it is the instinct of animals to possess them if they like it. A man who can achieve perfection from a distance can only show that he is too weak to even dare to **** it!"

The assistant looked at the back of his head, not knowing how to answer.

Immediately afterwards, he heard Lu Zhi's low voice: "I haven't fought for it, so why give up!"

**

the other side.

After answering Tianchen's call, Yingying walked quickly to Nie Qingru's side, and reported cautiously: "Queen, Lu Zhi is ready to act. What about us?"

"Oh." Nie Qingru's eyes were full of darkness, and she gracefully adjusted the silk scarf around her neck, and said indifferently, "Let's get ready too."

"OK."

Shadow turned around and prepared to go down to make arrangements.

Nie Qingru suddenly said from behind him: "Tell our people to listen to Lu Zhi, and don't touch that villain and the Guan Yan of the Hongmeng this time. As for the others... tell them, if Lu Zhi's people don't do anything, they can do it at the crucial moment." Hold hands for Lu at all times."

Chapter 3905: Miss Nian is in the north

Shadow turned around, understood what she meant, lowered his eyes and said respectfully: "Empress, don't worry. Every time Ye Fanchuan ruins our affairs, he should pay the price!"

"It's just the Ye family in Jing City..." Ying Ying still had his own considerations, and raised it to Nie Qingru very worriedly: "The family values in Jing City are very strong, and the Ye family may not be willing to let it go."

The illegal area is famous as a three-way zone. No matter who comes here and has an accident, they can't seek revenge outside.

This rule belongs to the default rules of all forces and families on all continents.

He was mainly worried that the Ye family would not abide by this unwritten rule, and insisted on biting them.

The Ye family may not be able to hurt them fundamentally, but with Ye Maoshan's prestige and status, if they insist on fighting with them forever, they will be in trouble.

Smith Bank still has to do business, with such a large amount of daily turnover, it won't work on any continent.

The empress wants to move Ye Fanchuan, which means breaking the roots of the Ye family.

It is difficult for the Ye family not to retaliate.

After hearing what he said, Nie Qingru didn't even bother to raise her eyelids, and she contemptuously shifted the responsibility to Lu Zhi: "They are not fools, and they will naturally investigate the real cause of Ye Wangchuan's death when they turn around. They won't embarrass me when they find the real culprit." scapegoat'."

"Besides, our two families are still related by marriage, so what if they know that I have participated in a lot?"

"Isn't Qiao Nian Ye Huangchuan's fiancée? In their grief, they just transferred their resentment to Qiao Nian. After all, if she wasn't a good fiancée, how could Ye Shao, a dignified city, have encountered such a thing? As an elder, I just need to be perfectly invisible and watch them being torn apart by these love-hate entanglements..."

Ye Maoshan can only take revenge on one person, and it is impossible to spare energy to deal with two 'enemies' at once.

She has a relationship with Qiao Nian, even if the two families are not close, Ye Maoshan will not choose to take revenge on her under such circumstances.

"So don't give him a chance to live!"

"Yes, Empress."

Shadow said no more, stepped back and made quick arrangements.

**

The illegal area is about to rain.

However, the atmosphere at the Hongmeng headquarters is very good, and no one is aware of the imminent danger.

Guan Yan and Moxi are still chatting about the business and local customs in states F and M.

Both of them are people who run around the world.

Haven't chatted with each other before, and we don't know each other well.

After getting along with each other for the past few days, Guan Yan found that he and Moxi had some common topics, and Moxi could touch a little bit in all aspects.

And she happened to be this kind of person, so the two of them chatted wildly, and they could also exchange ideas about the work they were doing.

Moxi has a lot of authority, and knowing the relationship between Guan Yan and Qiao Nian, every time Guan Yan brings it up, he always generously expresses that he can help or let some of the profits go to Guan Yan to cooperate.

Guan Yan is of course very happy.

In the past two days, I have been smiling.

Qin Si saw it in his eyes and was anxious in his heart. Fortunately, Moxi saw it behind him, and talked to him specifically, saying that even he could see that Guan Yan just wanted to do business with him, and had no other intentions.

Qin Si stopped whistling around every time they were chatting.

...

At noon, Qiao Nian arrived in the northern part of the illegal area.

They were not in a hurry to find someone immediately, but opened a hotel first, and asked Huayi to explore the road before preparing to arrest people.

While Hua Arm was going to explore the road, she took a shower in the hotel room, changed into a bathrobe, and dried her hair.

Chapter 3906: Master Wang still understands Chencheng

Wait for her to finish this.

It is already afternoon in the north, and the sunset outside covers the sky and forms a fire cloud.

Qiao Nian picked up her phone and went to the window to take a picture and send it to the contact on WeChat.

Soon, a WeChat friend named Y made a video call to her.

Qiao Nian raised the corners of her mouth, and easily slid her fingers to pick it up on her fair face.

The other end of the pitch-black screen was quickly connected to the signal, and Ye Wangchuan's overly good-looking handsome face appeared on the screen, and the room could be seen in the background.

Qiao Nian coughed and spoke first: "Why didn't you go out?"

Ye Wangchuan dragged his chair and sat down: "Wait for you to go home."

Qiao Nian's ears were slightly hot, and without looking at him, he said softly, "I didn't go back so soon. If it goes well, I will return the day after tomorrow. If it doesn't go well...it will take time."

Ye Wangchuan smiled slightly: "It's okay, I'll wait for you."

Qiao Nian didn't know what to say.

She had never been the kind of person who would fall in love, so she fell silent immediately, thinking about what topic to find.

The person on the other end of the video is like a roundworm in her stomach, and her thoughts can be seen with a look and a hesitant expression.

Qiao Nian didn't need to worry about how to talk, he just mentioned it naturally: "Where's the flower arm? It's not in the hotel."

"He went to the supermarket to check the news." Qiao Nian really relaxed and answered easily.

Ye Wangchuan immediately said: "Have you eaten yet?"

Qiao Nian looked at Huoshaoyun outside, and suddenly regretted that he didn't watch it with him. Thinking about this in his heart, he couldn't help being a little distracted: "Huh? Ah... no..."

Ye Wangchuan's voice was low and mellow: "Send me your hotel address."

"?"

Qiao Nian subconsciously withdrew, pursed her lips and shared the location with him.

After about two minutes, I heard the man on the other end of the phone tell her calmly: "I ordered food for you, and the hotel room service will deliver it later, remember to open the door."

It turned out that he wanted the hotel address to order food for himself.

Qiao Nian's heart warmed up, she turned around and walked inside, saying, "Chenchen's birthday is coming soon, let's go back with you when I'm done working this time."

"Okay." Ye Wangchuan agreed casually, paused and said: "It depends on your time, it's just the child's birthday, don't worry too much about it."

Qiao Nian gave him a sideways look, but she understood the little guy's psychology very well: "Tell Chenchen that he's going to make a fuss about cutting his hair again."

"Then let him go." Ye Wangchuan smiled, his eyes and brows revealing a noble and dark belly, he raised his eyebrows, his narrow eyes were deep: "I will tell him that it is useless if you don't shave your head bald and are not sincere. And you ... like men with hair."

Qiao Nian: "..."

Ye Wangchuan also made a joke with her, seeing that Qiao Nian was speechless, he curled up his thin lips when he saw it, and said in a low voice: "If God Qiao doesn't come back, I want to go find you."

Qiao Nian picked up the backpack from the bedside, and was about to take out the notebook inside, when he heard that the movements of his hands were half a beat slow: "It seems that I... just went out."

"Well, seeing each other every day is like three autumns. It's been half a day now, I've been waiting for a year and a half." Ye Wangchuan said without blinking his eyes.

Qiao Nian could see his outstanding eyebrows and eyes, and the obvious corners of his mouth. He knew that he was joking with him, but he still couldn't hold back his heartbeat, and lowered his eyelids: "You... Forget it, I will go back as soon as possible."

...

Qiao Nian hung up the video with Ye Wangchuan, packed up her mood and devoted herself to her work.

Chapter 3907: Miss Nian's sixth sense is at work

Qiao Nian began to use the network in the north to investigate Zhai Xicheng's activity track, while calculating how to cast the net to ensure that everything was safe and not give the other party a chance to escape.

She is extremely focused when doing things, but she still has a loose and unrestrained temperament in her bones, her eyes are still on the fast code on the screen, she is typing on the keyboard, one leg is stretched out, and the other leg is lazily bent. , with a careless expression on his face, and his eyes are extremely dark...

Ten minutes later, Qiao Nian pushed away the keyboard, picked up the phone on the table and called Hua Arm.

"Beep."

It took seconds to pick up: "sun."

Qiao Nian leaned on the arm of the chair and asked lazily, "Have you been to that supermarket yet? What did the boss say?"

"The boss gave me the phone, and I'm about to bring it back for you to check if he has tampered with the video." Hua Arm answered neatly.

Qiao Nian hummed, and said to him, "You guys come back first."

Hua Yi responded, probably turning around to explain to the people around him in a low voice, Qiao Nian heard his noisy voice.

Not long after, Hua Bi came back and reported to her: "I have told them to get in the car."

Qiao Nian heard the sound of closing the door. of

She thought for a while: "Slow down on the road."

"Okay, sun."

Hua Arm slowed down her voice to answer her concern.

...

Qiao Nian quickly put the phone back, and his eyes fell on the computer again.

There are many tracks on the computer screen about Zhai Xicheng's activities in the north, and these tracks seem to pop up suddenly overnight.

I didn't find any trace of Zhai Xicheng at all before.

However, since the owner of the supermarket showed up and provided a clue, she found that the investigation went very smoothly... Qiao Nian couldn't help but wonder if someone was deliberately 'helping' her behind the scenes.

Qiao Nian pursed her lips, raised her hand and pressed the direction of her heart.

In the powerful beating of the heartbeat under the palm of her hand, the rhythm of thump-thump-thump-thump was clear, but she just felt an indescribable sense of anxiety.

—Which link went wrong?

Qiao Nian half-closed her sleepy eyes, and couldn't figure out what went wrong for a while, and didn't know where her irritability came from.

She put her hands on her knees, half-closed her eyelids and temporarily gave up investigating the reason.

**

Night always comes extra early in the illegal zone.

At about 6:30 in the evening, the Huoshaoyun gradually disappeared, and the sky began to be shrouded in night...

Hongmeng headquarters.

Moxi didn't come today because of something.

Qiao Nian and Hua Bi are also in the north.

Only Guanyan, Qin Si, Ji Lin and Ye Wangchuan lived in the white western-style building.

Guan Yan fell asleep and woke up, it was dark outside.

She put on her coat and opened the door to go out, and saw Ji Lin and Qin Si busily preparing dinner, fragrance molecules floating in the air.

She couldn't help shaking her nose, and grabbed the passing man: "What are you doing, it smells so good."

Qin Si was still holding an exquisite porcelain plate in his hand. Hearing this, his eyelids lowered and his thin lips curled up: "My craftsmanship. You will know later."

Seeing that he was mysterious, Guan Yan let go of his hand with a click.

Qin Si lowered his head and called her: "Go and wash your hands first, just sit at the dining table and wait. It will be ready soon."

"Oh." Guan Yan slightly staggered his eyes to conceal his heartbeat for a moment.

Qin Si was busy in the kitchen and was busy with the dishes, so he didn't notice her momentary emotional change. Seeing Guan Yan obediently washing his hands, he walked towards the restaurant after washing his hands.

He felt relieved and plunged into the kitchen.

Chapter 3908: Qin Si: When to discuss, when to get married?

In the restaurant, only Ye Wangchuan came over after calling.

Guan Yan greeted him, pulled out the chair and sat down.

Qin Si and the others have to wait for a while, there are only the two of them in the dining room for the time being, Guan Yan can't sit still after sitting for a while.

She turned her head to look at the night outside the window, breaking the quiet atmosphere, and forced to say: "It seems to be dark early today."

"Really?" The man sitting opposite her looked at the sky outside, his superior jaw line was like a masterpiece of God.

Guan Yan looked away after taking a look, and said worriedly: "I don't know what's going on with Sun."

Ye Wangchuan also looked away from the window, and his eyes fell on her. Seeing Guan Yan's slightly sickly pale face, he said warmly: "I just called her. She and Hua Bi went to the north."

Guan Yan couldn't help asking: "Then Zhai Xicheng..."

"Still grasping." Ye Wangchuan crossed his hands on the table, but his body was lazily leaning back, his whole body was clear and charming: "It will take some time."

"..." Guan Yan pursed his lips, seemingly no longer asking questions, but he was worried about Qiao Nian's safety.

Just when the two exchanged a few words briefly.

Qin Si and Ji Lin came from the kitchen with trays.

Qin Si placed the steaming steaks in front of the two of them, and asked Ye Wangchuan curiously: "Master Wang, what were you talking about just now?"

He gave it to Guan Yan first, and then to Ye Wangchuan.

Then without waiting for Ye Wangchuan to answer, he went on to say: "I seem to hear you say that it takes time... What time does it take? You are still sister Qiao. Oh! You said that you need time to get married?"

Guan Yan gave him a hard look, and almost cursed: SB!

But she remembered that this person once broke into the dark prison to find her regardless of the danger, and then clenched the knife and fork tightly in her hand, suppressing the moment when Qin Si provoked her speechlessly, and started to "cut the steak into pieces" on the plate.

... She endured it!

Qin Si still felt that he had guessed right, so he looked back at her, wondering, "Are you hungry so early today? Didn't you have enough at noon?"

He didn't see Guan Yan's darkened face on the spot, so he turned around to continue the topic just now with Ye Wangchuan's playful smile: "Yes, Master Wang, when you get married later, I'll give you a big red envelope!"

"..." Ji Lin sat down silently, ignoring his stupid appearance.

He didn't know what Master Wang was talking to Guan Yan just now, but he was sure it wasn't what Young Master Qin said.

Qin Si was also very happy, and even sat down beside Ye Wangchuan, and the two brothers patted Ye Wangchuan on the shoulder: "So sister Qiao agreed to your proposal? When did you propose? Why didn't you inform me. You tell me in advance, so that I can give you some advice and make it more romantic."

"Stay away from me." Ye Wangchuan pinched his hand on his shoulder with two fingers, his disgust was obvious under his expressionless face.

"?" Qin Si was not reconciled: "Why?"

Before he had time to howl and pretend, he heard the man's ruthless voice: "I'm allergic to fools."

Qin Si: "When did you...wrong, idiot! Why are you swearing???"

Guan Yan couldn't help stuffing a piece of steak into his mouth, chewing and taking it vaguely: "You owe!"

Qin Si glanced at her without knowing it, touched his nose embarrassingly, with an aggrieved expression: "You are targeting me."

However, none of the people present responded to him, and all ignored his grievances, making Qin Si even more depressed and confused.

Chapter 3909: Did you notice something was wrong tonight

What the **** is he going to be targeted by everyone?

He was concerned about where the wedding of Lord Wang and Sister Qiao would be held, and wanted to make suggestions and provide a few romantic ideas?

There is something wrong with this too, and that is because his wife is too **** nice.

Qin Si seems to have found a step.

Looking around at the people who ignored him, my heart became more and more determined. This group of people is just **** jealous of other handsome and kind-hearted people, and jealous of his handsomeness.

One meal, only the world where Qin Si was injured was reached.

On the contrary, Guan Yan patted his stomach in satisfaction after the meal, and couldn't help asking: "You majored in cooking in Beijing?"

The western food he cooks is quite delicious.

Qin Si has been depressed since just now, and when he heard this, he looked at her even more depressed, and opened his mouth to say, "Master is studying finance, finance!"

"Aren't you considering changing your career?" Guan Yan was still serious.

Qin Si: "..."

"You really don't think about it?" Guan Yan propped his chin.

Qin Si felt that he would not be able to stay any longer, so he stood up and prepared to help Ji Lin clean up the mess, while saying: "I won't change my career even if you change it!"

Guan Yan looked at his back with regret, and was about to turn around when he heard Ye Wangchuan's deep voice: "It seems too quiet outside tonight."

Guan Yan looked out the window into the darkness: "Is there?"

Ye Fanchuan didn't speak.

Guan Yan frowned again, suddenly realized something was wrong, his expression became serious, and immediately turned to look at the man who spoke: "...There is no sound of insects outside."

The illegal area is in the subtropical zone.

The annual temperature is maintained at around 20°.

Even in the coldest winter, there is the trembling sound of a local nocturnal insect vibrating its wings.

Before hearing these voices every night.

Guan Yan himself doesn't care much.

But she remembered that Qiao Nian came to the illegal area once before, and lived in the headquarters at that time. Qiao Nian didn't fall asleep that night. She met Qiao Nian who came down to drink water and asked why the boss didn't sleep.

Guan Yan remembered that what Qiao Nian said was that the sound outside was too loud.

Later she found out that Sun had severe insomnia, and even a little noise from outside might cause her to be unable to fall asleep...

Guan Yan remembered that she had discussed it with the control officer later, and said that when Sun came next time, he might as well buy some insecticide and spray the lawn outside.

Tonight, when everything is normal, the bugs outside are no longer noisy.

Guan Yan has a lot of experience in the field, and after a little thought, he can understand the biggest possibility—insects are highly vigilant creatures. Once they feel in an unsafe environment, they will hide themselves to save their lives.

There are people near them! 0 Only then are insects extraordinarily quiet.

Guan Yan looked at Ye Wangchuan, seeing the man who was the first to notice this strange and different man lowered his extremely long eyelashes to cover the coldness in his eyes, reached for the mobile phone on the table, and said to her in a low voice: "Don't startle the snake first."

"I'll inform Moxie."

He started calling Moxie.

Guan Yan got up and wanted to go back to the room: "I'll call someone over too."

But Ye Wangchuan stopped him: "Don't go."

Guan Yan turned around in confusion: "Why?" This is an illegal area, isn't it more convenient for her to call someone than Ye Wangchuan?

"This is the Hongmeng headquarters."

"So?" Guan Yan still doesn't understand, what does this have to do with her calling someone.

Ye Fanchuan held the phone with his slender fingers, and his tall body leaned against the back of the chair, as if with a magical power that made people believe that he would not have to worry if he was here, his eyes were long and indifferent.

Chapter 3910: What are you waiting for, let's do it now

"Is there anyone in the illegal area who doesn't know what this place represents? Then you say that since they know where this place is, why did they come here?"

"..."

Ye Wangchuan enunciated clearly, but with an inadvertent coldness: "Who in the illegal area can move their ideas on Hongmeng?"

Guan Yan is like being hit by a bucket of ice water, the chill rushes up from the soles of the feet, and the back is icy cold.

She is not a fool, on the contrary she is very smart, and has even seen more worldly experiences than ordinary women, so she immediately understood the meaning of Ye Wangchuan's words: "You mean...Tianchen?"

"Impossible! How could Tianchen..." She subconsciously denied this answer.

Lu Zhi likes sun, except for sun, everyone knows about it.

Lu Zhi would only move on Sun if he was crazy.

unless...

Guan Yan opened his eyes wide and looked at Ye Wangchuan who was sitting there, enlightened: "He wants to touch you?"

Ye Fanchuan didn't speak.

At this time, silence is the answer.

Guan Yan couldn't describe the feeling in his heart at this moment, he only felt that Lu Zhi was crazy, and felt that Lu Zhi's behavior was within the logical range.

Her first reaction: "I'll call Sun right away."

At this moment, Ye Wangchuan had put down his cell phone, and curled up his bony fingers. He was obviously calling Moxi just now.

The pale face was cold and wild, and the deep dark eyes were dimly lit: "No need, we have been cut off the signal."

**

Outside.

At a distance of 5 kilometers outside the Red League, everyone from snipers to melee attackers came.

Many people are even familiar faces on the dark web, ranking at the forefront of the dangerous blacklists of various countries, and the risk factor is extremely high.

These dangerous people who are difficult to appear together are now gathered outside the Hongmeng headquarters, bowing down before the young men one by one.

"Mr. Lu." A bearded man wearing thick glasses whispered in front of Lu Zhi: "We have cut off the communication inside."

The young man named Mr. Lu was sitting in a wheelchair, with a dark gray blanket covering his knees to cover his legs, but he could see the toes of his shoes on the wheelchair.

He is not a healthy person.

Such a young and beautiful man is crippled. Anyone who sees it will shake his head with regret.

However, no one dares to do this in the illegal area.

Just because this disabled man is called Lu Zhi.

The wrist is cruel enough, and the heart is dark enough.

In just over ten years, a newly rising force annexed many old families in illegal areas and became the absolute KING.

And Lu Zhi has long been the uncrowned king here.

The only one who can compete with him is probably sun, but sun is engaged in technology, and he is low-key and mysterious, so it is difficult to see him in person.

Moreover, the relationship between Tianchen and Hongmeng is very good, and the two big bosses are also good friends in private... Who would have thought that good friends would tear each other apart one day.

For example, now... Lu Zhi actually wants to move Sun's lair!

Tianchen's technician didn't dare to raise his head, didn't dare to look at the expression on the boss's face, and just lowered his voice to report: "They can't contact the outside now... If someone calls, they will soon find that there is no signal."

Lu Zhi was surrounded by shadows and more than a dozen people from hermit families, all of whom were cronies brought over from M state by Nie Qingru.

These cronies have been by Nie Qingru's side all year round, and they have a high status in Continent M, and they have long been accustomed to a detached status.

When they heard what the technician said, they interrupted before Lu Zhi could speak: "Then what are you waiting for, let's do it!"
