

Madam's 3911

Chapter 3911: He is pure madness

Shadow's heart skipped a beat, and he immediately looked at Lu Zhi.

The expression on Lu Zhi's face was as indifferent as ever, with his hands on his lap, there was no trace of emotional ups and downs, as if he didn't hear the man's words.

Yang Ying's heart sank involuntarily, and he opened his mouth: "Mr. Lu..."

He still had time to intercede.

The young man in the wheelchair raised his eyelids slightly, still staring ahead, not looking at them at all, and commanded the private bodyguard who was pushing his wheelchair behind him.

"Know my rules?"

The bodyguard behind him was 2 meters tall, and his burly body was like a moving mountain. Hearing the words, he nodded firmly: "I know."

Lu Zhi raised his hand and said softly, "Drag people down."

"yes."

The bodyguard let go of his hand and went straight to the man who interrupted, and asked the man with a frightened expression, "What are you doing?"

The bodyguard pursed his lips, like a mute, stretched out his long arms and thugs grabbed his collar and walked towards a place where there were few people.

"What are you doing! I'm from the Hidden World Family!"

"Let go of me! How dare you touch me!"

"Master Shadow, help me!"

The bodyguard was tall and burly, and dragging the struggling man was like grabbing a little chicken, and he couldn't break free from his grasp despite the opponent's thumping.

Hearing the man's cry for help, Shadow subconsciously frowned, and just said to the man in the wheelchair: "Mr. Lu, he..."

Before he finished speaking, he heard a gunshot.

"Boom!"

Shadow suddenly turned his head and saw that the man who was still struggling was shot in the head by Lu Zhi's personal bodyguard, and then the man as tall as an iron tower let go without blinking his eyes, letting the breathless man slide to the ground, Wiping his hands with paper, he turned around and went back behind Lu Zhi silently, and said in a low voice, "Sir, it's done."

"kindness."

Lu Zhi responded in a low voice, without turning his head at all, looked at the shadow politely, and then noticed that he said in a slightly apologetic tone: "I'm sorry, I helped you deal with an unruly person."

He even smiled and asked, "Would the Queen not mind?"

Shadow gradually calmed down from being stunned at the beginning, and then looked at Shang Luzhi's eyes with a smile, but the smile did not reach the bottom of the eyes.

He managed to control the convulsive muscles on his cheeks, clenched his fists, endured the humiliation in his heart at this moment, and nodded at the other party: "President Lu, please go ahead."

"That's good."

Lu Zhi suppressed his smile, took out a clean white handkerchief from his pocket and wiped his fingers. His fingers were slender and delicate, well-proportioned as if they were extremely soft.

He didn't look at Ying Ying and the rest of the Hidden World Family, his extremely long eyelashes drooped to cover the darkness in his eyes, and his tone was cold.

"I don't like others to interrupt, especially in front of me. This is the rule. You didn't know it before, you should know now."

He just finished wiping his left hand after speaking.

Everyone saw him throwing the used handkerchief on the ground, operating the wheelchair to roll over the handkerchief, and the white handkerchief immediately rolled over the dirt, completely ruined.

Lu Zhi seemed to appreciate this kind of violent aesthetics very much, and looked around at the people brought by the shadow: "Everyone, you can speak now."

Everyone in the Hermit family looked at each other, you looked at me, I looked at you, their mouths were sealed, and no one dared to speak.

joke.

The smell of their companions' blood still hangs in the air.

Who dares to touch Lu Zhi's head?

Lu Zhi smiled, as if he was in a good mood: "Why, I gave you a chance and didn't say anything? If you really don't say it, I'll take it as if you have no objections."

Chapter 3912: sun, key

Shadow stood up at this moment: "Mr. Lu, since the technicians have cut off the signal inside, in order not to let the people inside notice, we'd better make a quick decision..."

This is what other people wanted to say before, but they dare not say it now.

Lu Zhi looked back at him.

Shadow met his eyes for a moment, without moving away, and said firmly, "This is also the cooperation you negotiated with the empress."

Lu Zhi's eyes were silent, and he lowered his eyes and said, "Wait another ten minutes."

Shadow frowned fiercely, and held his breath to remind him: "Ye Wangchuan is not such an easy person to deal with, if he notices, it will be difficult for us to succeed."

Lu Zhi, however, suppressed his objections indifferently: "I know what's in my mind, it's only ten minutes."

He is waiting for an answer.

**

at the same time.

North of illegal zone.

Flower Arm took someone back to the hotel and handed the phone to Qiao Nian face to face. Qiao Nian just connected the phone to the data cable and was going to check the originals of those photos.

At this time, her phone lit up.

Qiao Nian didn't care about the light on the screen.

It was Hua Arm who was standing next to her, noticing the lit screen, and said to her, "Sun, you have some new news."

Qiao Nian was interrupted, moved his eyes from the computer a little irritably, picked up the phone, glanced down at the screen and found that it was a text message from an unfamiliar number.

A strong feeling of uneasiness came to my heart again.

Qiao Nian suddenly dragged the chair and stood up, and said to Hua Bi, "Wait a minute. I'll check the news."

"Okay." Hua Bi was still observing the photos she uploaded to the computer, without raising her head.

Qiao Nian walked away, and Yingbai clicked on the anonymous text message with her fingertips, only to see a short sentence on it - Ye Wangchuan will die.

Qiao Nian's pupils shrank suddenly, his heart stopped, and his extremely black eyes stared at the words above without blinking. Her body had already reacted instinctively, she turned around and walked quickly to the computer, closed it and threw it into a shoulder bag, then she turned around and immediately ordered Huayi.

"Get me a car, I want to go back."

"Huh?" Hua Yi didn't react, and looked past her to the dark night outside the window, a little confused: "Sun, now?"

Qiao Nian dialed Ye Wangchuan while packing her things: "Right now!"

Hua Yi has always obeyed orders, she was really anxious to see her, and immediately went to arrange: "Sun, what car do you want?"

"Supercar." Qiao Nian said without hesitation.

Hua Bi hurriedly said: "I'll ask someone to drive a car over here right away."

As he spoke, he opened the door and hurried to make arrangements.

Qiao Nian waited in the room for more than ten seconds, and a mechanical female voice came from the phone: "Sorry, the number you dialed is not within the service area. Please wait..."

Qiao Nian didn't wait for the voice inside to finish, he hung up the phone and called the internal number of Hongmeng headquarters.

"Duddu..." got through this time.

But soon the same mechanical voice came out: "Sorry, the number you dialed is not within the service area, please try again later."

Qiao Nian was already 50% certain in his heart that the text message he received was not a simple threat, but a reminder or a 'warning'?

She couldn't be sure who sent the text message for a while, and what was the purpose?

She had no choice but to rush out of the hotel with her shoulder bag, and call Hua Bi to ask him to hurry up, and even faster.

Outside the hotel.

Flower Arm has arranged for a dark blue supercar to park below, and the driver inside got out of the car and handed over the key: "sun."

Chapter 3913: In front of Lu Zhi, survival became the instinct of survival

Qiao Nian couldn't wait to take it, opened the door to get in the car, and threw his shoulder bag on the co-pilot.

Hua Arm stood outside the co-pilot and looked worriedly at the girl who was wearing a seat belt inside, and said in a low voice, "Sun, you really don't want me to go back with you."

"No, you stay here."

"But it's too dangerous for you to go back alone. How about I go with you, and I have a helper." Hua Yi rarely showed worry.

Qiao Nian fastened his seat belt, twisted the car keys, and tried to feel the steering wheel with both hands, without even lifting his eyelids: "I need you to stay here and help me catch Zhai Xicheng."

"But..."

"In addition, I also need you to contact Jian Jin and help me ask her what happened to the Hongmeng headquarters."

"good."

"Call me back if you have any questions."

Qiao Nian stepped on the accelerator, and the dark blue sports car shot out of the night like lightning, and quickly disappeared on the road.

She likes big cars such as Jeeps, which are neater and cooler to drive, but she wants to race against time, and what can be faster than a supercar.

Hua Yi looked at the sports car that had disappeared, and while walking back, made calls to various contacts, and at the same time called Jian Jin who was far away in the east according to Qiao Nian's arrangement.

...

"You mean the Hongmeng headquarters? Qiao asked you to ask me? No, what can happen to the Hongmeng headquarters? Who has the courage to go to the Hongmeng headquarters to make trouble?"

Hua Bi was made dizzy by her seven or eight rhetorical questions in a row, so he, who was not good at speaking, just managed to say: "I don't know either, it was Sun who asked me to call Miss Jian."

"...All right." Jian Jin probably felt his 'pain', and restrained herself: "Wait, I'll get up right away and ask someone to check it out."

Hua Arm was full of gratitude: "Thank you, Miss Jane."

Jian Jin waved her hands generously to express her indifference: "My relationship with your family Sun is there, so you don't need to thank me."

"Thank you anyway."

Jian Jin no longer entangled with him about whether to thank him, and said straightforwardly: "Wait for me, I will call you back when I find out."

She hung up the phone, got up, put on her nightgown, went downstairs to find a drinking cup to fetch water for herself, and at the same time contacted the staff in the illegal area to make a call to ask.

At first, Jian Jin didn't pay much attention to this matter, and didn't think that there would be any troubles in the Hongmeng. She thought that Qiao Nian just wanted her to see why she didn't answer the phone on a whim.

After she received the feedback from her contacts, Jian Jin put down the water glass, and the expression of disapproval on her face was gradually replaced by seriousness.

She quickly sent back a message to Huayi— 【The area around the Hongmeng headquarters has been blocked, and my people haven't found out who did it yet. 】

Jian Jin edited the good news and sent it successfully, so she went back to her room, changed her clothes, and decided to go and have a look in person, to see who would dare to dance on the grave.

**

at the same time.

When Hua Armai received the message, someone at the hotel also sent a text message.

5 kilometers away from Hongmeng headquarters.

The cold wind was blowing on everyone's face, but no one dared to complain of suffering or tiredness, just because the person who was brutally executed before was still left there and not dragged away.

Everyone understands that Lu Zhi is by no means gentle and easy-talking as he appears on the surface. This seemingly gentle and harmless man's wrists are more ruthless than imagined.

In front of this kind of person, survival has become everyone's survival instinct.

Chapter 3914: He spent ten minutes testing Qiao Nian's reaction

Nie Qingru's cronies who were brought by the shadow finally understood why so many people on the black net danger list here behaved so kneeling and licking in front of Lu Zhi.

They are not afraid of Lu Zhi's power.

But he was afraid that Lu Zhi was crazy enough to do it.

"8 minutes." Shadow looked at the time on the watch.

Lu Zhi didn't even bother to move his eyelashes, and replied leisurely: "Isn't there still 2 minutes left?"

Shadow couldn't hold back and asked him: "Mr. Lu, can you tell me, what are you waiting for?"

He thought that Lu Zhi might not talk to him.

Who knew that Lu Zhi pulled down the blanket on his lap, and slightly raised the corner of his mouth: "Wait for someone."

"?"

Shadow was confused at the beginning, and soon he didn't know what to think, and his whole face suddenly changed, and his reaction was fierce: "You said sun?"

sun is coming?

Isn't she up north?

Since the shadow suffered a few losses in Qiao Nian's hands, it seems to have formed a psychological conditioned reflex, and her heart beat so fast that it was about to jump out of her chest.

He couldn't control his anxiety, frowned tightly, and asked Lu Zhi nervously to confirm: "She's back?"

"..." Lu Zhi didn't speak, just looked at the mobile phone in his hand, and kept his head down the whole time, not being moved by the outside world.

Shadow really couldn't bear this atmosphere, and immediately said: "It shouldn't be, even if she rushes back immediately, it will be too late."

He looked at Lu Zhi, as if he wanted to open Lu Zhi's heart to see what Lu Zhi was thinking.

at this time.

Lu Zhi's cell phone rang suddenly.

In such a quiet and tense environment, this string of ringtones is extremely eye-catching, instantly attracting everyone's attention.

Lu Zhi picked it up: "Hello."

The other end didn't know what to say, the light in his eyes went out.

Immediately afterwards, Shadow and others heard him say: "She didn't care about anything, didn't hesitate to leave everything behind and drive away?"

"Yes." The short answer from the other end.

"Ah."

Lu Zhi lowered his head and laughed inexplicably, but no one thought he was smiling because he was happy.

"okay, I get it."

Lu Zhi put down his phone, looked at Ying Ying and the others again, and said slowly, "Looking at it this way, he really deserves to die!"

He is waiting for an answer.

He gave Qiao the answer for ten minutes to read.

As long as Qiao Nian didn't leave the hotel because of the text message within ten minutes, he would give Ye Wangchuan a chance to live.

But apparently he made a bet and lost.

Qiao Nian left Zhai Xicheng who was about to be caught and rushed back for a text message from an unknown source without the slightest hesitation.

—Based on this alone, Ye Fanchuan must die!

There was no hesitation in Lu Zhi's eyes anymore, only the coldness that was colder than the Arctic ice field remained, and he ordered the tower bodyguard behind him: "Do it."

**

In a western-style building 5 kilometers away from Lu Zhi.

Guan Yan used the telescope in the room to monitor every move of the people several kilometers away from the rooftop.

When she saw through the binoculars that Lu Zhi and the others were starting to attack, Guan Yan's face changed slightly, and she immediately pressed the miniature walkie-talkie in her ear and said to the people below: "Young Master Ye, they have made a move. What shall we do next? "

Joe is absent.

Ye Fanchuan seemed to be the backbone.

The man in the living room downstairs looked out at the quiet night outside, holding a weapon in one hand, and pressed the intercom switch with the other hand, and said to Guan Yan: "Listen to my command later."

"good."

Guan Yan's eyes were dark, and he was not afraid of the danger lurking in the dark.

Chapter 3915: The whole road is blocked

Instead, she seemed to be thinking of something, and suddenly said to Ye Wangchuan: "Young Master Ye, Qin Si..."

She herself doesn't care.

Grow up in an illegal area.

Going from the wind to the rain, passing by the **** of death countless times, laughing at the incompetence of the **** of death.

She is not afraid of death, and even longs to use her life to play a hearty game. It's just that she might not care about facing these dangers alone, but now she feels that someone should not face these dangers.

Guan Yan hesitated for a moment, but was still loyal to his true inner feelings and begged in a low voice: "I'm inconvenient up there, please help me take care of him."

Ye Wangchuan did not agree, but said calmly: "Guan Yan, he is a man."

" ... "

"You are on top, even if I tell him to hide, he won't listen to me."

Guan Yan's eyes flickered slightly, thinking of Qin Si's appearance of breaking into the dark prison and refusing to leave, he chuckled: "That's right."

She figured it out, she seemed to be no longer entangled, looked at the unknown number of enemies lurking in the darkness, and said heartily: "Then have fun with him!"

...

Night is the best color of cover. All dangers always like to hide in the night, just like the lingering ink that can cover all evils.

When Jian Jin rushed over, she was stopped 5 kilometers away from Xiaoyanglou.

If there were only people blocking her way, she might rush over regardless... But Jane found that except for the people crossing out to block the way, the road to go was covered with speed bumps.

The icy sharp nails flicker under the strong light to warn every vehicle that wants to rush past—it cannot pass here!

Jian Jin slammed on the brakes, and the four wheels of the sports car clung to the ground and made a sharp whirring sound. She turned the steering wheel to the left, and hit the front of the tree on the side of the road.

The violent impact made many people realize the small 'situation' here.

After the initial dizziness passed, Jian Jin gritted her teeth and unfastened her seat belt, took the pistol from the storage compartment on the car, opened the door and got out of the car.

She in black clothes and black trousers walked out of the smoky tens of millions of sports cars like a goddess, and walked straight towards the crowd without even looking at the deformed luxury car that was hit in front of her.

Here is the periphery.

One of Nie Qingru's cronies is in charge, and most of the rest are Lu Zhi's people.

These people have seen Jian Jin often.

When they saw Jian Jin getting off the sports car and walking towards them, their expressions changed slightly, revealing a look of panic.

"Who is this?"

Nie Qingru's cronies stayed in M state all the year round, had never set foot in the illegal area and didn't know Jian Jin, looking at the sports car driving in and the woman getting out of the car, she was a little surprised for a long time.

"Where did this woman come from? I'll go over and have a look." As he spoke, he raised the weapon in his hand and was about to walk towards Jian Jin.

Fortunately, a strong man who usually has a good relationship with Jian Jin grabbed his hand and warned in a deep voice: "That's Jian Zhu, our friend of Mr. Lu. Put down your weapon!"

Nie Qingru's confidant broke out in a cold sweat instantly, remembering Lu Zhi's previous cold-blooded methods, he admitted that he didn't argue with the strong man, walked back silently and put down his weapon.

Only then did the strong man move his eyes away from him, look again at the people who were getting closer and closer, walked aside and said to his companion in a low voice, "Talk to Mr. Don't let anyone go."

"Okay." The man also knew the relationship between Jian Jin and Lu Zhi, glanced at Jian Jin, and hurriedly ran away to contact the people in the inner circle.

Chapter 3916: What about Lu Zhi? I want to see him!

Jian Jin approached step by step.

It looks like they are about to break through their blockade.

The strong man patted his cheeks, took a breath, and greeted him with a smile: "Jane Zhu, why are you here? Who told you that."

Jian Jin continued to walk forward without stopping, and didn't even give him half a glance, only indifferently scolded: "Get out of the way!"

The brawny man complained incessantly, he blocked her way again, and said with a smile: "Jane Zhu, you can't pass."

Jian Jin stopped suddenly when she heard the sound, her short hair was sharp, and she stared at him coldly: "Oh? Why can't I go there? There's something shady inside."

She didn't even give the strong man a chance to perfunctory himself: "If I remember correctly, it is Sun's territory. You bring so many people here, why do you want to bring weapons one by one?"

Facing her aggressive questioning, the burly man lowered his head, not meeting her eyes, and said very embarrassedly: "Jane Zhu, don't embarrass me. You also know Mr. Lu's temper, I'm just a person who does things. Unless Mr. Lu agrees, otherwise if you ask me, I can only say that I don't know anything..."

Jian Jin understood that he was telling the truth.

She suppressed her anger and pursed her lips: "Where is Lu Zhi? I want to see him!"

...

After receiving the news, Lu Zhi arranged the internal affairs before coming out to see her.

Jian Jin waited on the side of the road for a few minutes, and finally saw the man who came late.

Lu Zhi was still sitting in the wheelchair, just like when she left Tianchen headquarters more than ten days ago, wearing a white shirt, as beautiful as a god.

Behind him was a taciturn iron tower bodyguard pushing a wheelchair. The two had almost no communication until the bodyguard pushed Lu Zhi in front of her.

Jian Jin heard the bodyguard engraved: "Mr. Lu, we're here."

Lu Zhi raised his eyelashes slightly.

The tall, clumsy-looking man immediately walked away knowingly, leaving room for the two to talk alone, and stood tens of meters away.

Lu Zhi and others walked away.

Then she looked at Jian Jin: "What are you doing here? Who told you."

Jian Jin originally wanted to ask him a lot of questions, but after Lu Zhi finished speaking, all her questions were stuck in her throat, and she couldn't ask him any more.

Her eyelids twitched slightly, and she stood there in astonishment, staring at the man in front of her for a long time, unable to believe that Lu Zhi would do something to hurt Qiao Nian.

But based on Lu Zhi's two questions just now, she already knows the answer.

Jian Jin's fingers trembled, as if making a difficult decision, and finally raised her heavy arm and placed the gun on the man's temple.

"Let your people go!"

Others not far away were stunned by this scene.

Including Lu Zhi's staff.

They were not sure whether the two were joking or for real, and they didn't know whether they should rush up and immediately control the crazy Jane Jin.

Jianzhu actually put a gun on Mr. Lu's head, is this world crazy?

Jian Jin didn't care about the astonished gazes around her, she gritted her teeth, restrained her trembling hands and clenched the handle of the gun and sent it forward: "Boss, I'll let you go!"

Lu Zhi sat motionless in the wheelchair, only looking gently at the trembling woman: "Are you going to turn against me?"

"Lu Zhi!" Jian Jin yelled, holding a gun in both hands as if forcing herself to face it head-on, her eyes were scarlet and bloodshot and screamed: "Do you know what you are doing? Do you know that you will destroy us by doing this? Friendship! That's QIAO's territory, that's Hongmeng! We came out of the cannibalism together, she helped you so much, and you just treat her like this? Are you crazy? You were kicked in the head by a donkey when you went out Or someone talking nonsense in your ear. How would you even think of doing that?"

Chapter 3917: Lu Zhi: I told her

She gritted her teeth and looked at the unmoved man in front of her, with trembling lips, she said, "...QIAO already knew."

She thought that Lu Zhi would at least be touched when he heard this, so she listened to her own words and quickly stopped.

Who knew that Lu Zhi actually lowered his head and chuckled, those beautiful eyes looked at him with no emotion: "I know."

"?"

"I told her."

"!"

Jian Jin's brain sounded 'clang', and her brain went blank. She could hardly believe her ears and eyes, neither what she heard nor what she saw.

Lu Zhihe... Really crazy?

At this moment, Lu Zhi slowly raised his hand to hold the gun head, pulled the barrel to the top of his head, raised his eyes, the corners of his eyes were stern, and said to Jian Jin, "Shoot here."

"..." Jian Jin's hand trembled violently the moment he grabbed the end of the gun, and the thumb holding the trigger was like a stiff stone, not even daring to tremble.

She was afraid that she would accidentally touch the trigger and wipe the gun off... This fear overcame her anger at Lu Zhi, and subconsciously withdrew her hand: "You, let go."

Lu Zhi firmly held the pistol to prevent her from taking it away. He stared at her with a pair of dark brown eyes without blinking, and closed his rosy lips, "You still have a chance to kill me now. Jian Jin, if you don't do it, you will die." Don't stop what I'm going to do."

Jian Jin looked up with trembling eyelids, her pupils were full of pain and struggle: "Don't force me."

Lu Zhi remained unmoved, still grabbed the muzzle of the gun and sent it to his temple, saying softly, "I didn't force you, I just gave you a chance to choose."

Jian Jin bit her lips tightly: "..."

Lu Zhi was still in the mood to laugh: "I count to three, you have three seconds to think about it."

Jian Jin's heart was trembling, and the finger bones holding the gun protruded so hard that her skin turned white: "Are you crazy?! Don't force me!"

But as if Lu Zhi was determined to force her, he lowered his eyes and began to count: "Three."

"Boss."

"two."

"Don't make me..."

Lu Zhi looked at her quietly: "You still have a second to consider whether to shoot."

Jian Jin's pupils violently rioted, and pain and despair welled up in her heart, almost drowning her inside.

"Ah!" She wailed in pain, threw her hands away, and didn't give the man in the wheelchair another chance to threaten her, and stepped back three steps away and stood there looking at him.

"Lu Zhi, you are crazy."

She didn't call the boss this time.

Jian Jin's eyes were bloodshot, her left hand holding the gun was hanging there uncontrollably and still trembling, she looked at Lu Zhi like a stranger.

"I don't understand why you became like this, but it's still too late for you to stop. If you continue, you will only go to an irreparable point with QIAO..."

"If it's not the relationship I want, so what if it's irretrievable?" Lu Zhi asked rhetorically.

Jian Jin just felt that he was hopeless, and opened her mouth, but the words got stuck in her throat, and she didn't say any more.

Lu Zhi manipulated the wheelchair, turned around and said, "I just gave you the chance to stop me. Now that you have made your choice, don't stop me anymore. You can't stop me."

While he was talking.

"Mr. Lu." The iron tower-like bodyguard beside Lu Zhi walked back silently, and walked behind with great insight to push Lu Zhi's wheelchair.

Jian Jin looked at the backs of the two, and then looked at the cordon that was blocked by Lu Zhi and the people of the Yinshi family in the cold wind.

She took a deep breath, turned around and walked towards her deformed sports car.

...

"Jane Assist."

On the way, she met the strong man who had just talked to her.

Chapter 3918: Jian Jin didn't leave, she contacted Sister Nian

The strong man also saw the scene where Jian Jin pointed a gun at Lu's head, looked at her eyes full of fear, and greeted her politely.

"Jane, where are you going?"

"Step aside!"

Jian Jin didn't seem to see him knocking him away, and walked straight away.

The strong man watched her walk to the side of the sports car in a daze and opened the door, and watched her pull out the deformed car and turn around to leave.

It wasn't until Jian Jin's car disappeared on the night road that he heaved a sigh of relief and turned back to greet the others.

"What are you looking at, everyone has nothing to do?!"

"It's gone, it's all gone!"

**

Jian Jin didn't go far.

She reached the end of the road and did not drive back along the road, but stepped on the accelerator and stepped into the wilderness outside the green belt.

Fortunately, she drove a sports car. The tires of the sports car are naturally anti-skid, so the royal blue sports car will not get stuck in the damp grass mud at night.

"Depend on."

Jian Jin struggled to step on the accelerator to move forward slowly. She could only comfort herself in her heart that moving at such a slow pace was better than not moving at all.

While she took the time to pick up the mobile phone that was thrown in the car, she found Qiao Nian's number and called it.

"Beep."

The other side is connected in seconds.

The girl's voice was carried into her eardrums by the howling night wind: "Hello."

"QIAO, you asked Hua Bi to look for me, right? Did he pass on what I found to you?" Jian Jin made a long story short.

"Say it." Qiao Nian said in a calm tone.

Jian Jin looked at the dark night road ahead, and while driving forward, she tilted her head and clamped the phone to her neck: "Then listen. What I'm going to say next is very important."

"Well, you say."

Jian Jin couldn't open her mouth: "I..."

Over there through the howling wind.

Even though she was unable to continue talking with Ai Ai several times, Qiao Nian was always so quiet that she didn't urge her.

Under this kind of tolerant gentleness, Jian Jin gradually calmed down, gritted her teeth and said in a breath: "I came to see it myself."

"It's Lu Zhi."

"How do you know?!" Jian Jin was astonished. There was a stone blocking the road below. It was dark and she couldn't see it clearly. The car bumped and almost hit the side and turned off again.

Jian Jin almost stepped on the brakes, and Qiao Nian said: "I can't think of anyone who will cooperate with Nie Qingru except him."

"...QIAO." Jian Jin had mixed feelings.

Qiao Nian went on to say: "We grew up together, I can forgive him for doing other things wrong, but I can't forgive him if he wants to touch my people."

Jian Jin parked the car on the side of the road and said in a muffled voice, "I know."

"It's good that you understand." The girl's voice was always sober and rational, casual, but also revealing a little warmth.

Jian Jin wanted to cry in her heart, her eyes were slightly hot, her hands holding the steering wheel were bulging, and she choked her throat and said, "I never thought Boss Lu would do this. You asked me before, I really don't know...I never thought He'll do things to hurt you. He..."

Yes, how could Lu Zhi hurt QIAO.

In her impression, no matter how gloomy and scheming Lu Zhi was, he never used these methods on her and Qiao Nian.

Especially Qiao Nian... who Lu Zhi likes.

Boss Lu has always kept QIAO in his heart, and Jian Jin never thought that one day Lu Zhi would lead people to surround Hongmeng.

And still cooperate with QIAO's enemies.

She still can't figure out what is going on in Lu Zhi's mind so far!

"I had a chance to stop him, but I..." Jian Jin closed her hand holding the steering wheel, and apologized in a slumped way: "I'm sorry."

Chapter 3919: Jian Jin broke into the central encirclement

She couldn't do it.

She couldn't fire the gun.

Jian Jin took a deep breath, raised her eyes and said to the person on the other end of the phone: "I have already taken a small path to drive in. Don't worry, I will defend Hongmeng for you even if I risk my life!"

Who knew that Qiao Nian said without thinking, "You go back."

Jian Jin didn't understand: "Why? I'm almost there! It's still too late for me to rush over now. Lu Zhi just met me, which means they haven't done anything yet..."

Hua Arm and others are outside.

There are not many people in the Hongmeng headquarters.

Jian Jin knew exactly what it meant to have one more person at this time—meaning that the people inside had an extra chance of surviving!

Of course, for her personally, this decision is not so friendly.

She could have stayed out of it, but she insisted on getting involved.

In the event of a fight, her side will definitely be at a disadvantage... Jian Jin is trying her best to make up for the guilt of not being able to shoot to stop Lu Zhi.

"Go back!" Qiao Nian obviously understood her psychology, so she didn't let her go: "I'll be right there. Don't worry about it."

"QIAO!" Jian Jin could not accept this arrangement.

She argued with Qiao Nian on the other end of the phone with a pale face: "No, I can't listen to you."

She didn't wait for Qiao Nian to speak, and immediately said: "Do you not believe me? You think I will stand by Lu Zhi's side, even if I go, it will be useless?"

Qiao Nian said in a tone of headache: "I didn't mean that."

Jian Jin knew that she didn't mean that, but the guilt in her heart was about to swallow her like a tide: "Anyway, I'll go back first. If you're worried, come here earlier, and I'll try my best to guard your 'home' before you come here. "

Hongmeng is Qiao Nian's home in the illegal area.

Qiao Nian was silent for a moment, but in the end she didn't refuse her kindness: "It's dangerous there."

Jian Jin laughed: "Do you think I look like a fool?"

"Tsk." Qiao Nian tutted, but didn't speak.

The atmosphere between the two relaxed.

Jian Jin said: "I know it's dangerous, I will be careful. You too, be careful yourself."

**

Qiao Nian hung up the phone, and tried to call Ye Wangchuan again.

"Sorry, the number you dialed is not in the service area, please try again later..." The mechanical female voice sounded again.

Qiao Nian hung up the phone and threw the phone on the co-pilot seat, stepped on the accelerator to the bottom, and the sports car rushed into the night like laser spots.

...

at the same time.

Under the cover of darkness, the atmosphere reached freezing point.

The two sides were on the verge of a war, and even the air outside seemed to freeze, and the sound of the wind quieted down.

Jian Jin drove into the Hongmeng headquarters at this time.

"Call call, an unidentified sports car appears at the target."

"Call call, an unknown person appears."

"Call..."

Jian Jin slanted into the central circle of everyone's blockade from the muddy area, which was unexpected by no one.

She not only barged in, but also pushed the door open and got out of the car.

When Lu Zhi's staff and Nie Qingru's cronies shook their hair, they strode towards the small western building.

...

The other side is on the top floor.

Guan Yan was ready to do it the first time he saw the royal blue sports car breaking into his field of vision.

Fortunately, Ye Wangchuan saw the license plate number in the dark sky with sharp eyes, and stopped her in time: "It's Jian Jin's car, let it go first."

"Yeah." Guan Yan also knew Jian Jin, put down his hand to aim at the sniper rifle on the tire of the car in front, pulled on the goggles, a little irritable: "Why is she here?"

Isn't Jian Jin looking for death at this time?

Chapter 3920: The master's plan was disrupted

Ye Wangchuan didn't speak, watched Jian Jin walk in under the eyes of everyone, and said to the people in the living room with some headaches: "The plan has changed."

His original plan was to wait for people from outside to rush in, and at that moment, Qin Si cut off the power supply of the western building and plunged the room into darkness, making it easier for them to move...

Now that Jian Jin is here, people outside must know that they know there is an ambush.

In this way, the unexpected power cut method they had discussed before will not work well.

Because the other party has a sense of vigilance.

Many of their actions are restricted.

...

"Mr. Lu, Jianzhu has entered."

"I'm sorry, Mr. Lu, but we don't know that besides the main road, there is another trail leading to the Hongmeng headquarters."

"Mr. Lu is my ineffectiveness, please punish me!"

Lu Zhi had already reached the outside of the encirclement closest to the central circle, and now there were seven or eight people standing groveling in front of him.

Acknowledging mistakes in front of him one by one, apologizing and begging for mercy with ugly faces.

Ying Ying also received the news that someone broke into their encirclement and entered the small foreign building. He hurried over, his face tense and cold, and he said: "Mr. Lu, what's going on? Why didn't your people keep an eye on the outside? Someone broke in! This way Ye Wangchuan will know what we are going to do, I said earlier that he is not easy to deal with, it is okay if we do it unexpectedly, let him know that we exist and then attack, we will not take the initiative..."

Lu Zhi ignored him, raised his eyes slightly and asked sternly, "Are you blaming me?"

Shadow froze, hearing the impatience in the other party's tone, and thought of Lu Zhi's previous method of dealing with the Queen's cronies.

He endured it, and said in a slow tone: "Mr. Lu, I just don't want something to happen midway to affect everyone's plan..."

"I won't let her affect the plan." Lu Zhi rested his left hand on the wheelchair, narrowed his eyes and said, "My plan only includes Ye Fanchuan and his people, not anyone from Hongmeng. You promised that I will guarantee it." For the safety of Guan Yan, one more assistant of mine should be fine, right?"

Ying Ying's face turned into a liver color, and he suddenly said angrily: "Mr. Lu, you should be very clear about what we are doing here tonight!"

Lu Zhi also looked at him, and there was always a hint of evil in his clear eyebrows: "You should also know that the things I have decided will not be changed easily."

"..." Shadow's eyelids twitched.

Until Lu Zhi said: "Not to mention you are begging me."

Holding back his breath with the tip of his tongue against his cheek, Shadow turned around and left, yelling at Nie Qingru's cronies: "Don't touch the two women inside..."

Nie Qingru's cronies said in unison: "Yes, Lord Shadow."

Lu Zhi watched them go away, the iron tower bodyguard pushing the wheelchair behind him slightly lowered his head and listened to his ear: "Mr. Lu, do we ignore Jane's assistance?"

Lu Zhi looked far away: "I will not change the plan."

The tower-like bodyguard was quiet for a second, and said, "But Jianzhu is inside."

Lu Zhi pulled the blanket up with his hands, and his bangs were hanging down to cover his outstanding eyebrows, making it difficult for people to see his expression at the moment.

"I will try to keep her safe."

The tower-like bodyguards can understand him no matter how slow their reactions are. Lu Zhi's meaning is obvious, he will not let the people in the small western building go for Jian Jin.

But he will try his best to ensure that nothing will happen to Jian Jin.

The bodyguard fell silent.

He was born tall and burly, God has treated him favorably on the one hand, he is much slower than ordinary people in terms of emotion...
