

Madam's 3971

Chapter 3971: I heard that Ye Wangchuan was injured, he is not missing an arm or a leg

Vancouver leaned his head on the cushion, raised his hand and squeezed his stiff shoulders, thinking about what to say when he saw the Wei family.

Since the death of Mr. Wei, the Wei family has gradually been taken over by the third generation of Wei Lou.

He had heard of the prestige of this young and decisive little Wei Shao abroad. This is not a character to be fooled with.

If it weren't for the generous rewards from the Hermit Family, he wouldn't be willing to step into the muddy water.

But since he wants to take advantage, he can only use his brain to get things done.

Vancouver is a foreigner, and he is not so transparent about the world. He does everything based on the Western value theory-everything starts from the interests.

In his conception.

The Ye family may not be willing to accept the conditions offered by Mr. Xue, and it will benefit many others in Beijing.

He didn't want to stay at home and wait for the news, so he made up his mind and planned to start with the family that had the right to speak.

For example, find Weilou to reveal the conditions that the Hermit family wants to reconcile with the Ye family this time, and then these forces in Beijing will force Ye Maoshan to agree to this compensation. In this way, they can change from passive to active and take control of the situation.

...

evening.

After Weilou sent off the man who came to visit politely, he strode back to the room and picked up the mobile phone he had left beside the bed.

Drop your eyes to edit the message to send out.

After he finished posting, he still didn't forget to sneer and curse: "SB!"

...

at the same time.

The illegal area also changed from night to day at this moment.

Qiao Nian rushed over overnight, saving lives and staying up late for surgery, with two big dark circles under her eyelids.

People are also exhausted.

Ye Wangchuan hadn't woken up yet, so she walked away worried.

So with the help of Yu Yan, Qiao Nian took a cold shower in the hospital staff dormitory, and asked someone to bring out a new set of clothes.

She didn't spend much time in total. When she came out of the room, the exhaustion on her face didn't subside much. Instead, her eyes were half-closed, revealing the sleepiness of not waking up. She walked to the table with a cold face and took a look at the phone. .

Qiao Nian looked at the phone purely subconsciously.

Who knew that when she came here, she saw the WeChat message sent by Weilou. She glanced at a few interesting words on the screen, and clicked to read them.

【The dangerous building is a hundred feet high: I heard that Ye Wangchuan was injured? Are you missing an arm or a leg? Qiao Xiaonian, you don't want to serve him for the rest of your life before you get married. laugh! Rich and resentful wife~ In one word, miserable! 】

Qiao Nian's eyelids twitched, he pursed the corner of his lower lip, resisting the urge to blacken this idiot and patiently slid down.

There is another one below.

【The dangerous building is a hundred feet high: By the way, a friendly reminder. Now a foreigner is spreading the word in Beijing that you are ignorant and ignorant. I heard that he even danced and beeped in front of Mr. Ye. Let me give you a vaccination first, so that you won't be fooled by others. 】

Qiao Nian's eyes glide through the darkness. foreigners?

Which corner came the foreigner?

Her brain was thinking about which foreigner she had offended. After thinking about it, too many people flashed past, and it seemed that she had offended quite a few.

She really couldn't think of anyone who would come to Mr. Ye and speak ill of her.

While tilting her head a little laxly, she quickly edited the news on her mobile phone and went back, while she walked to the side and hooked her foot over the chair to sit down.

The guard building at the other end is also busy.

She just asked: Who?

Before Qiao Nian had time to unscrew the water bottle to take a sip of water, his message came again.

Chapter 3972: Yu Yan ran away

Qiao Nian picked up the phone and glanced at the new WeChat account.

【Dangerous building a hundred feet high: What is it called Vancouver. The Ministry of International Economics has a strong background. 】

Qiao Nian held water in one hand and fed it to his mouth. Out of the corner of his eye, he saw his last few words 'Department of International Economics'?

Ministry of International Economics? Vancouver?

She knew all these words, and Qiao Nian was a little confused when they were connected together.

Does this have anything to do with her?

She doesn't even know what kind of organization the Ministry of International Economics is, where to get to know the people in it, let alone offend the other party.

So Qiao Nian came to the conclusion intuitively that this person is mentally ill!

Based on the attitude of not arguing with fools, Qiao Nian quickly forgot about the person Wei Lou said, drank some water and rested for a while, then got up and went to the operating building to visit Ye Wangchuan.

**

At this moment, Qin Si, Ji Lin, and Guan Yan are all here.

Among the three, Ji Lin was still talking to Yu Yan, probably asking about Ye Wangchuan's operation.

Yu Yan is used to being free and unrestrained. He was suddenly stopped and asked questions, which made him feel dizzy. He raised his eyes and saw the girl walking slowly.

He rushed over immediately as if seeing the savior, patted Qiao Nian on the shoulder, and said impatiently, "I still have a half-finished experiment. Q, I'll leave this to you!"

He said that he was afraid that Ji Lin would catch up and catch him and chatter away, and he disappeared in a blink of an eye.

Before Ji Lin had time to react, he saw Yu Yan's back disappear around the corner, leaving him with only a few hems of his white coat.

"Doctor..." He stretched out his hand, not having time to call out to him.

Qiao Nian walked over to stand in front of him, folded his pockets with both hands, his dark eyes were bottomless, and said casually, "He's off to work. Tell me what you have to say."

Ji Lin saw Qiao Nian and immediately greeted him respectfully: "Miss Qiao."

At this time, Qin Si and Guan Yan also came over.

The two greeted Qiao Nian respectively, and Qin Si took the initiative to say: "The doctor just said that Mr. Wang's condition is stable, and he will wake up after a while."

"Sister Qiao, I heard from the doctor that you performed the operation. This time... I'm sorry to trouble you." He grew up with Ye Wangchuan, but this time he didn't come in handy and let Ye Wangchuan step into danger for their safety. in.

Qin Si inevitably blamed himself in his heart.

So he hurried to the hospital, and heard Yu Yan say that Qiao Nian delivered the surgery in time and performed the operation on the patient himself, and the patient's condition was stable... Qin Si was indescribably relieved and grateful.

"Fortunately, Mr. Wang is fine, otherwise I really don't know how to explain to my family and Mr. Ye." Qin Si was extremely guilty.

Qiao Nian put his hand on his shoulder and patted him lightly twice, then withdrew his hand: "No one thought that this kind of thing would happen, let alone this time it has nothing to do with you. It was my fault."

"No." Qin Si raised his eyes to look at her, and hurriedly said, "Don't grab yourself. That woman is targeting Wang Ye, and she came here for us! The chip competition between Beijing City and M State is fierce, and she originally wanted to take action against Wang Ye , Give the capital a blow."

What he said also makes sense.

But Qiao Nian knew in her heart that Nie Qingru and Lu Zhi's troubles for Ye Wangchuan had nothing to do with her.

But since Qin Si said so, she didn't want to dismiss the other party's intentions, so she just gave a grace and put down her hands: "It's all over. Let's talk about it after people wake up!"

She thought of something, and looked back at Qin Si: "That's right. Where are the Moxi people?"

Ye Wangchuan brought Qin Si, Moxi, and Ji Lin over this time.

Qin Si and Ji Lin are here, but Moxi is not there, which is unreasonable.

Chapter 3973 He speaks ill of you everywhere

"he..."

Qiao Nian remembered Ye Wangchuan talking about what he had arranged for Mo Xi in the mansion, and was distracted for a moment, so he didn't hear Qin Si's words clearly.

Wait for her to recover.

Qin Si received another call and had to say to her: "Sister Qiao, I'm sorry, I'm calling from home, I'll answer the call."

He pointed to the side.

Qiao Nian nodded to indicate that he was free.

Qin Si hurried away with his mobile phone, and went to the side to answer the phone.

Guan Yan told Qiao Nian how they would deal with Lu Zhi and Nie Qingru's people after she left...

Ten minutes later, Qin Si walked back with an embarrassed expression.

Before Qiao Nian could ask him, he said with a gloomy face, "Sister Qiao, do you know a man named Vancouver?"

"??" Qiao Nian didn't realize it at first, but immediately felt that the name sounded familiar, oh, isn't it the name that Wei Lou mentioned to her.

After she reacted, the confused expression on her face faded, and she was a little sleepy: "What happened to him?"

"My mother said that he came to my house to speak ill of you." Qin Si's forehead was bulging with veins, and he was depressed: "He said that you relied on Wang Ye's liking and ignorance of the general situation, and suppressed people when Wang Ye was injured, making things bigger on purpose."

He walked back and forth very irritably: "This person is out of his mind! Does he know what happened? He doesn't know anything and stands on the moral high ground to guide others to do things. Fuck him crazy!"

Sister Qiao made things bigger on purpose.

Master Wang has not woken up yet, if it were him, he would have been able to arrest Nie Qingru and Lu Zhi and bloom a few flowers on them.

Sure enough, it doesn't hurt if the knife doesn't stick in your body, right?

Qiao Nian understood, the confused expression on his face disappeared, he was too lazy to stand, and found a wall to lean against with all his strength, propped his face with his hands, turned his head, and said, "So he is planning to fill the capital now." Talking bad about me?"

"Forehead?"

Qin Si didn't react immediately.

He fixed his eyes on Qiao Nian: "What do you mean Man Jingshi speaks ill of you? Has he ever gone to someone else??"

"En." Qiao Nian responded casually: "As far as I know, he also looked for Weilou."

"The one from the Wei family?" Qin Si was taken aback for a moment.

As a member of the top circle in Beijing, he seems to be in a daze among the top three generations, not as outstanding as Ye Wangchuan and Bao Jingxing of the same age.

But it depends on who you compare with.

In fact, Qin Si is not compared with these overly perverted masters, he is considered a witty and smart person among his peers.

When Qiao Nian mentioned Weilou, he immediately thought of it.

Qin Si frowned, his face was not good-looking: "What does he want to do? By tarnishing your reputation in Beijing, to force you to release me?"

Qiao Nian was tired of seeing these low-level methods, his brows and eyes were cold, and he couldn't get up: "It should be."

Qin Si doesn't swear at others easily, unless he can't help it: "Stupid!"

Guan Yan and Ji Lin listened to the general idea, and cast their worried eyes on the girl. Ji Lin's position is not convenient to intervene, so Guan Yan doesn't have so many scruples.

"Sun, those people in Beijing won't..." Let me tell you.

She didn't finish the following words.

Qiao Nian told her firmly: "No."

Guan Yan's bored expression eased a little, it wouldn't be okay, otherwise those people would be too bad, and their boss was busy here and was misunderstood by others, that would be disgusting.

Chapter 3974 Sister Nian: Nie Qingru cannot die in the illegal area

Qiao Nianya raised his black eyelashes slightly, and with light thoughts in his eyes, he said softly: "But since the Hidden World Family came to the door, they must have proposed a reconciliation condition. It depends on what conditions they give, whether it is enough or not Sincere..."

Qin Si clenched his fists, seeing her incredulously said: "Sister Qiao, are you going to let them go?"

"It's not letting go, it's a deal." Qiao Nian was in an extremely calm state, and the surly aura around her had been restrained a lot, giving the illusion that she was very peaceful and easy to talk to.

Qin Si obviously couldn't accept this result: "Even if it's a deal, Mr. Wang is still lying in the ICU and hasn't woken up. It's too cheap for them to just let them go!"

"What do you want to do?" Qiao Nian glanced at him lightly, there was no extra emotion in the dark pupils, just discussing the matter: "Nie Qingru can't die in the illegal area, let alone die because of this incident. Otherwise, Lu Zhi won't let us go out illegal zone."

Nie Qingru, no matter how bad she is, is also the queen of the hidden family, a symbolic figure of the hidden family.

If it was easy to die in the illegal area, the Hermit family would have to ask someone for an explanation even for the sake of face. Lu Zhi also participated in this matter, and Lu Zhi is a well-deserved speaker in the illegal area.

In this way, Lu Zhishi will have to find someone to 'account' for the Hermit Family.

Qiao Nian is not worried about herself, but she is not alone now.

Qin Si, Ji Lin, Moxi and many of David's people are in the illegal area, including Guan Yan and the others, so she has to take it into consideration.

The safety of so many people is on her mind, she can't just think about it for a while, and leave the safety of so many friends behind her.

Qiao Nian continued in a low voice, "Also, I got an inside message. The Privy Council will start the impeachment procedure against Nie Qingru when she returns. In terms of the troubles she caused recently, it has already touched many people in the hidden family. According to this situation, the impeachment is likely to be successful in the end. She is no longer the queen of the hermit family, and it will be much easier for me to find her later."

This is top secret news that the Privy Council has kept tightly guarded.

Ji Lin stayed in M state all year round and didn't receive this news. I didn't expect the girl to say it easily, and what she said was well-founded, not like fake news.

He was almost sure that Qiao Nian must know a high-ranking person in the Privy Council, and only high-ranking people can get access to this kind of information.

But hasn't M State always had a bad relationship with Ms. Qiao?

Ji Lin was momentarily confused.

Qin Si gradually calmed down after hearing what Qiao Nian said: "I just feel that I am a bit unwilling to let her go so easily! In addition, there is the one called Vancouver talking bad things about you..."

Qiao Nian stood up straight with his legs up. He was tall and had long legs, very eye-catching: "So, I will release people, but I will release them easily if I don't go back. I have to peel off a layer of skin from them."

She narrowed her eyes, tugging and dangerous: "As for the person you mentioned, he should be a lobbyist in the middle. The Hermit Family promised him benefits, so he will find a way to make those little tricks in the middle."

"Don't worry, I've figured out a solution."

**

The next day.

Wake up early in Vancouver, get dressed, call the driver, and get ready to go.

He planned to try his best to visit as many houses as possible before Mr. Xue gave him an answer, and put pressure on the Ye family appropriately, so as to achieve his goal of reconciling the two parties.

The driver gets on the bus first.

He walked out of the hotel and was about to get in the car when the phone rang in his suit.

Chapter 3975 Did you not check her before you came to me?

Vancouver leaned on the car door with one hand, took out his cell phone and looked down. He didn't expect it to be from M state.

"Hello." He gestured to the driver to wait a moment, and then walked aside to pick it up.

"You can tell the Ye family, and we agree." The old man in the green shirt stayed up all night, and finally tried his best to persuade the families involved to agree to the request made by Beijing.

Vancouver was stunned for a second, before realizing: "Old Xue, are you sure? Are you sure I'll go to the Ye family immediately."

"Sure." The blue-clothed old man's tired and gloomy voice came: "Go and tell the Ye family, let them release him as soon as possible!"

...

Vancouver hung up the phone, got in the car and told the driver, "Go to the western suburbs."

"yes."

Seeing this, the driver turned the reverse wheel and slowly drove towards the western suburbs.

In the car.

The blond-haired and blue-eyed mature man kept looking at his phone, wondering why no one from the Wei family and the Qin family replied to him.

When he visited yesterday, the Wei family and the Qin family treated him very kindly and even sent him out.

Vancouver thinks that the other party must agree with his point of view. According to common sense, it has been a day and a night, and the other party should contact him to talk about how to cure Ye Shao's naive female friend.

However, neither Xiaowei Shao nor the kind Mrs. Qin have contacted him yet.

Vancouver had a trace of confusion in his eyes. He didn't quite understand the Oriental way of doing things. He quickly shook his head and put away his mobile phone. He leaned on the back of his chair and waited until the Ye family had a face-to-face conversation with Ye Maoshan.

**

Things went better than he expected.

When he arrived at Ye's house in Vancouver, he told the old housekeeper the purpose of his visit, and he came to Ye Maoshan after waiting in the living room for a long time.

Ye Maoshan is a vigorous and decisive person.

Vancouver was very smart not to play tricks in front of this kind of person. When Ye Maoshan came, he immediately conveyed the meaning of the hidden family and Mr. Xue.

At the end.

He hesitated to speak but said: "...Old Ye, the Yinshi family has made concessions according to your wishes, and you should also show sincerity. Your granddaughter-in-law is really a little undisciplined, in fact, if it weren't for her It's gone too far, and Beijing City can definitely make friends with the Hermit Family."

"Are you finished?" Ye Maoshan interrupted him with dissatisfaction in his voice.

Vancouver changed his expression slightly, and stopped in embarrassment: "I'm just a bystander's suggestion. You don't like to listen, so I just don't say anything."

"Yeah." Ye Maoshan couldn't see any anger on his face, but the aura on his body became colder for no reason. With his hands behind his back, he looked up and down Vancouver with those cloudy and shrewd eyes, and suddenly said: "Did you come here before?" Haven't you heard about her? Why did the Yinshi family tell you that Niannian is my brat's girlfriend?"

"Isn't she Ye girl's friend?" Vancouver looked at him with deep meaning, feeling inexplicably uneasy, vented his confidence, and didn't quite understand what he meant.

Has the Ye family not recognized this girlfriend yet?

Vancouver is not surprised by this kind of thing, and it is the first time to think about it.

There are also many famous families in foreign countries, such as the hermit family, which belong to the top families of this kind of pyramid, and these families have extremely high requirements for the other half of the heir.

The young masters and ladies who came from famous families mostly married and mourned people from this circle, and rarely looked for people outside the circle.

So this type of family marriage is mostly.

He doesn't know much about the situation of the major families in Beijing, but he knows the surnames of several families in the top circles of Beijing, and none of them has the surname Qiao.

Chapter 3976 Ready to clean up Vancouver

So Vancouver preconceived that Ye Wangchuan belonged to the rebellious type among wealthy families, so he found a girl who he likes but who is not of sufficient status.

When Ye Maoshan asked him if he had inquired about Qiao Nian, he felt that Ye Maoshan looked down on Qiao Nian and was reminding him of the Ye family's position.

In the middle, Qiao Nian suppressed the news and refused to let him go.

Without waiting for Ye Maoshan to answer him.

Vancouver's brows and eyes stretched out, and he said like a spring breeze: "Young Master Ye is still young, so it's better to think more about it. He will definitely meet someone more suitable in the future!"

"hehe."

Ye Maoshan lost the desire to communicate with him, so he couldn't be bothered to explain to him, so he asked the old housekeeper to see off the guests.

I plan to get in touch with Qiao Nian and talk about the fact that the Hidden Family came to the door and offered conditions.

He hasn't made it clear that he will let him go, he just offered the entry conditions and promised to talk about it. He still planned to ask Qiao Nian for his opinion.

If Qiao Nian disagrees in the end, then he respects the young man's decision and will reject Vancouver and the old Xue behind him.

**

"Well, I see."

"Can."

"I have no opinion."

Qiao Nian came out of Yu Yan's studio and received a call from Mr. Ye. After hearing Mr. Ye's explanation of his visit, he lowered his eyelids and walked forward casually.

"I have one additional condition." She said suddenly.

Ye Maoshan on the phone was stunned: "What?"

Qiao Nian stopped for a while, didn't rush to the ward, put one hand in his pocket, and held the phone in the other hand. His pretty face was extremely eye-catching, and his demeanor was casual: "I will talk to them alone."

"..." Ye Maoshan intuitively has something to do with Vancouver.

But he always knew how to respect the privacy of the younger generation, and he didn't rely on his seniority to pry into other people's intentions: "Okay, you tell them yourself. After you have finished talking with them, send me a message, and I will tell them to agree to a settlement. "

"Okay." Qiao Nian paused, and the outline softened: "Thank you, Grandpa."

"Hey!" Ye Maoshan smiled on the other side of the phone, the corners of his mouth went behind his ears, and the servant who happened to be passing by to water the flowers was shocked when he saw it.

Ye Maoshan didn't care either, and happily closed his mouth from ear to ear, holding his mobile phone and telling Qiao Nian: "Be careful outside. If you have something to do, ask Wang Chuan to do it. He is a big man with rough skin and thick flesh. There is nothing wrong with you. It's a girl, and a girl should be well protected, so don't be polite to him. If he doesn't listen to you, just tell me. Grandpa will help you out!"

Qiao Nian has always had nothing to do with the elders. Hearing that the faint light in his eyes became clearer, he pursed his lips and said softly, "Okay."

Ye Maoshan happily pulled her to talk a few words, during which time he didn't mention Ye Wangchuan's injury at all. Qiao Nian knew that he didn't mention this because he was afraid that he would feel guilty if he did, so he listened more obediently to Ye Maoshan's advice on the other end of the phone.

Ye Maoshan was probably so happy, so he dragged Qiao Nian and talked for twenty minutes.

By the time he realized it was too long, the call lasted nearly half an hour.

"Hey, you see, I forget the time as soon as I start chatting." Ye Maoshan scolded, and hurriedly said: "Nian Nian, if you are busy, do it. I will hang up first."

"Well, I'm not busy." Qiao Nian was very patient and said politely, "Goodbye, Grandpa Ye."

Although Ye Maoshan was a little regretful that she didn't call him grandpa again, she was satisfied, said 'goodbye' with a smile, and hung up the phone.

Qiao Nian waited until the other side hung up the phone before taking the phone away. He lowered his head, found a string of phone numbers in the blacklist, found a phone number from it, and called.

Chapter 3977 She agrees to let people go, but with conditions

at the same time.

Vancouver's car has just left the western suburbs of Beijing and is about to drive towards the hotel.

On the way, Vancouver was still thinking about the few words that Ye Maoshan asked him before he wanted to speak—had he investigated Qiao Nian before coming here.

"What is there to investigate for a girl from Beijing?" He frowned, still unable to figure out the meaning of Ye Maoshan's words.

The driver drove in front without looking sideways, without speaking.

He thought for a while and still couldn't figure out why Ye Maoshan would ask such a question, so he searched the Internet for information about Qiao Nian.

At first, he didn't expect to find news related to Qiao Nian on the Internet, but it was just a subconscious behavior of sitting in the car to pass the time.

When the search engine popped up tens of thousands of results, Vancouver sat up straight involuntarily and looked intently.

"The top scorer in the college entrance examination around the city? Enter Tsinghua University with full marks? The first place in the international computer competition? Or the inheritor of the intangible cultural heritage konghou?"

Vancouver was dazzled for a while, but when he scrolled down, he found something even more incredible.

"Suspected to be one of the investors behind the Chengfeng Group? He also wrote top medical academic papers... What is this? Isn't she a student?"

Vancouver almost wanted to say, 'Are the students so busy now? '

He got to his mouth and swallowed it back.

Most of the news about Qiao Nian that can be found on the Internet is the information that Qiao Nian allowed to stay on the Internet. After all, it is something that happened in the past.

Even if she can hack the whole network, the insider will post it later.

Qiao Nian is a person who is afraid of trouble. It is too troublesome to do this kind of thing endlessly, so she acquiesced to the information about herself that was leaked on the Internet.

This information can only be regarded as the tip of the iceberg compared to what she has done, but in the eyes of people who don't know her situation, it becomes extremely incredible.

Vancouver was stunned for a while, probably numb from seeing too much, and gradually accepted Qiao Nian's multiple identities. Still comforting himself in his heart, after all, it would be too strange if the girlfriend Ye Shao, the top nobleman, was looking for was just an ordinary person.

For this kind of son to fall in love with, it's normal for Qiao Nian to be pretty and have some ability!

Vancouver had just been convinced by himself, and gradually felt relieved. Just as he was about to put away his phone and go back to the hotel with his eyes closed, the phone screen suddenly lit up.

He glanced at the incoming call, put away the idleness on his face, and answered it with a smile all over his face: "Old Xue, I was about to go back to the hotel to contact you, and you called. We still have a tacit understanding...the Ye family..."

He was going to tell the Hermit Family that Ye Maoshan had let go.

Who knew that the other party brought him bad news coldly: "I know, Qiao Nian called me. She promised to let me go."

"Young Master Ye's girlfriend?" Vancouver froze for a moment, then loosened his brows, a little surprised but not too much, and said with a smile: "She is very knowledgeable about current affairs."

"Heh." The old man in the green shirt didn't comment on his words, and directly talked to him about the business: "She agreed to let her go, but there is one condition."

Vancouver's brows that had just been loosened immediately frowned, and sat up straight: "Are there conditions?!"

The Ye family took Joe too much!

It's fine for Ye Maoshan to raise conditions, but a junior who came out of nowhere dares to raise conditions with the Hidden Family. I don't know if I am too ignorant to be so bold.

He still didn't know that Qiao Nian's condition had anything to do with him, so he said with an undisguised dislike on his face, "What condition did she mention?"

Chapter 3978 Stealing a chicken is not a loss

Mr. Xue could hear his disapproval in what he said, and his attitude of not taking Qiao Nian seriously. He paused and said in a low voice, "Did you speak ill of her in Beijing?"

"?" Vancouver didn't react for a while, and sat up a little while holding the front seat, and asked without knowing it: "What do you mean? The conditions she raised have something to do with me?"

"It has something to do with you." Mr. Xue said bluntly: "Qiao Nian called me and told me that she already knew the conditions we offered. The conditions were fair, but she wanted to add a compensation. She said that you met people everywhere in Beijing. To tarnish her reputation, she wants 800 million mental damages."

"How many?"

Vancouver's brain buzzed, he subconsciously held the phone tightly and put it in his ear, and blurted out: "Why doesn't she grab it!"

Blood surged from his whole body, a burst of sweetness surged up his throat, and he was so angry that he almost spat out a mouthful of blood.

800 million!

The future granddaughter-in-law the Ye family is looking for really dares to ask for it. She is not as thick-skinned and daring as she is to rob a bank! Why doesn't she rob the bank!

"I have already promised to give the money." The old man in blue obviously didn't want to entangle with him on this matter, and before Vancouver asked, he said flatly: "Maybe you have heard of Sun."

Vancouver couldn't understand why he easily agreed to such an unreasonable request. Is the Hermit family crazy?

His brows were furrowed together, holding his mobile phone breathlessly, he said, "Yes. What does this have to do with Sun? Does she know Sun?"

Vancouver reacted fairly quickly, and immediately thought that Qiao Nian knew the legendary boss of the illegal area.

The hidden family suppressed Nie Qingru's news to death, and Lu Zhi was in charge of the illegal area, so it was difficult for the outside world to hear the news inside.

In addition, it didn't take long for the incident to happen, and the news had not yet spread. Many forces in the illegal area did not figure out what happened that night.

The Vancouverites were outside, and most of the news they got was dictated by Mr. Xue.

Mr. Xue wanted him to be a lobbyist, and he spoke in a subtle way, hiding a lot of things, and only told him about what happened.

Did not mention Qiao Nian's identity.

Ordinarily things have come to this point, the Hermit Family gave an extra 800 million, we can't blame Vancouver for being reckless, but whoever gave out so much money for no reason would feel uncomfortable.

What's more, the Privy Council is only concerned about his appearance and walking around this time, so of course he and Xue's family should pay the money...

Mr. Xue was even more dissatisfied with Vancouver's actions that he didn't discuss with him in private. He didn't care about Vancouver's mood when he spoke, and said directly: "She is sun."

"What?!"

Vancouver stood up abruptly, the top of his head immediately hit the roof of the car and felt a tingling sensation.

Because of extreme surprise, he even forgot that he was still in the car back to the hotel.

Such outrageous behavior also startled the driver in front of him, he turned his head and said to him in a daze, "Sir, are you alright?"

Vancouver's face turned blue and white and red, and his expression was in a trance, as if he didn't hear the driver's words, he went straight to Xue Lao: "Why didn't you tell me that she is... yes..."

He was going to die of rage.

Huge remorse enveloped him, Vancouver only felt that he was going to be out of breath, his shoulders trembled, and he couldn't control his emotions at all.

"You tell me her identity in advance, and I won't..." I won't run off to offend others in a daze!

Mr. Xue didn't feel guilty at all about this: "You didn't tell me, you even ran to find the Wei House of the Wei family and the people of the Qin family."

Chapter 3979 Angry to death, I offended a big boss for no reason

"I'm not..." Vancouver was about to reason.

Mr. Xue interrupted him: "You only need to do a little investigation to find out the relationship between Qiao Nian and these two families. I told you that she refused to let her go, so you should investigate carefully. I didn't expect you to not even investigate. I didn't check it, and I didn't discuss it with me, so I ran around looking for people."

Vancouver heard that the other party blamed him for the extra 800 million, and he felt mixed feelings, like kicking over a gas tank. Wanting to turn against the other party several times and being afraid of the power of the hidden family, he forcefully suppressed the anger that almost choked him to death. Said in a flat tone: "Since everyone has done something bad, I don't want what you promised me when I was old. This matter ends here, and I won't participate in the future!"

He regretted it almost to death.

I'm getting **** off.

The Hermit family dug a big hole for him, and he not only jumped into it foolishly, but also took the initiative to dig a bigger hole.

Now I have not gained any benefits, and I have offended the Red League in the illegal area and the boss behind it.

As long as Vancouver thinks about this, he can't breathe, and his face is ugly. Before the old Xue can speak, he hangs up the phone, throws the phone on the leather seat, and sits back with no effort.

The driver was waiting for the traffic lights ahead, and when he heard Vancouver's fierce words and sudden hanging up of the phone behind him, he carefully lowered his sense of existence.

"Sir, shall we go back to the hotel?"

Vancouver in the back row scratched his hair, raised his head, his eyes were bloodshot. Compared to when he came to Beijing, he was much more depressed: "I want to go back."

"Okay." The driver didn't dare to say more.

Vancouver closed his eyes in pain, his mind was in a mess and he couldn't figure it out. Fortunately, he knew one thing clearly—he offended the boss of the illegal area!

Vancouver reacted suddenly, and began to look for connections like ants on a hot pot, trying to contact people he knew in the illegal area, and then contacted Qiao Nian himself to apologize.

Things are not going well.

He can get in touch with the little people in the illegal area, but he can't get in touch with a few big people.

And even if he finds a few bigwigs in the illegal area who can talk to him, except for Lu Zhi, no one can talk to Sun.

I can't even talk to him, let alone intercede for him.

Vancouver hurriedly searched for a group of people, but the effect was not good, not to mention the face-to-face apology he wanted to Qiao Nian, he didn't even get a phone number.

When Vancouver returned to the hotel room, he tried to use all the connections he knew to contact Qiao Nian, but every time he failed...

**

Ye Fanchuan hadn't woken up from the coma on the third day.

Metaphor Yan and Qiao Nian were two days behind schedule.

During the period, Qin Si contacted Beijing City and told Mr. Ye about Ye Wangchuan's situation.

Master Ye was so frightened that he contacted Qiao Nian to fly to the illegal area by himself. It's just that because of his special status, it's not easy for him to come, so he was persuaded by Nie Mi and the others, and turned into Ye Lan and brought Ye Qichen over.

On the day Ye Lan arrived, Qiao Nian arranged a place for them to live and took them to the hospital.

Ye Lan looked at Ye Wangchuan, and asked Yu Yan about Ye Wangchuan's physical condition, and was not so worried when he learned that Ye Wangchuan was just in a coma.

She patted the **** the shoulder, and said proactively, "I'll make a call with Dad, so that he won't worry about being alone at home."

Qiao Nian was wearing a hooded sweater, and nodded with a tired expression: "Okay."

Ye Lan couldn't help seeing the dark circles under her eyes that hadn't rested for a while, and felt distressed and worried. In the end, she didn't say any more about burdening Qiao Nian, and went to the side to talk to Mr. Ye who was waiting for news at home.

PS: Happy Valentine's Day, babies

Chapter 3980 He may have misunderstood cuteness

Ye Lan walked away, and Qin Si walked over with Ye Qichen.

He let go of his hand, and pushed the little devil in front of Qiao Nian: "Sister Qiao, he wants to play with you."

Ye Qichen was caught off guard and pushed in front of Qiao Nian. He smelled the faint scent of saponins on the girl's body, and his face turned red. He turned his head and gave Qin Si a hard look. Then he turned his head to face Qiao Nian, he was at a loss, his fingers curled up. I don't know where to put it.

"Sister, sister."

Qin Si was glared at by the little demon king, not only did not restrain himself, but also laughed mercilessly: "Haha, Master Wang is laying down and downgrading."

He still didn't forget to poke the little guy on the back, and said with a smile: "Does your uncle know that you call his girlfriend sister?"

Ye Qichen was about to annoy him to death, so he frowned coolly, remembering that Qiao Nian was still here, he tried to loosen his brows, shook hands, and pulled the corners of his mouth with a smirk: "Sister Guanyan doesn't know that Uncle Qin used to be in the capital city Take those pretty girls I've seen?"

Thank you! Qin Si's scalp was numb, and he immediately admitted his cowardice, raised his eyes and said to Qiao Nian: "Sister Qiao, I will leave this little guy to you. I will slip away first."

"En." Qiao Nian didn't feel anything, nodded slightly, stretched out his hand to Ye Qichen to hold her hand, and said to him, "I'm going to find a doctor, come with me?"

"Okay." Ye Qichen grabbed her hand shyly, the tips of his ears were red, his **** eyes were extremely beautiful, showing Qiao Nianren's flamboyant facial features, he pursed the corners of his mouth, and obediently followed her.

Young master, there are 250,000 to 80,000 in Beijing, and he looks like a cool boy who doesn't even lift his eyelids when he sees girls giving candies.

...

Qiao Nian took Ye Qichen to see Yu Yan.

Yu Yan had just sent Ye Lan away, and then saw her leading a five or six-year-old boy in. The boy's eyebrows and eyes looked a bit like Ye Wangchuan.

He suddenly lost his mind, looked at the ruthless Qiao Nian, then at the cute and lovely Ye Qichen, then at Qiao Nian, and moved his lips: "You...you won't even have a child with him, will you?! "

Yu Yan felt incredible though.

But Qiao Nian itself is quite an incredible existence.

Otherwise, he would not have stayed in the Pharmacy Association alone for so long, and challenged Western medicine with Chinese medicine. From pharmacology to surgery, his teacher directly recognized the subtleties of traditional Chinese medicine heritage culture.

Compared with this, it is not so surprising that Qiao Nian and Ye Wangchuan were unmarried and had a child first.

Qiao Nian raised his eyelids and gave him a cool look: "Do you think it's possible?"

Yu Yan just wanted to say how impossible?

Qiao Nian stopped him: "Chenchen, this is my friend, you can just call him... Uncle Yu." Yu Yan was ten years older than her, so there was nothing wrong with Chenchen calling him uncle.

"Hello, Uncle Yu." Ye Qichen was so cute and cute.

"Hello, hello." Yu Yan was used to being unrestrained, and hated the little boy who had never been interested in children and couldn't face such a delicate and beautiful face.

He even took out his pocket, took out a piece of candy and stuffed it into Ye Qichen's hand, and said, "I'll give you some candy."

Ye Qichen looked down at the candy stuffed in his hand, then looked back at Qiao Nian, accepted the candy, looked at Yu Yan with dark eyes, and said very politely, "Thank you, Uncle Yu."

So good! Yu Yan understood why Qiao Nian brought a child in to find him. He didn't feel at ease staying outside with this sweet little dumpling. What if someone tricked him away?
