

Madam's 3991

Chapter 3991 Lu Zhi is at a loss

"This time..." Qiao Nian seldom explained why he did it or why he didn't do it. At this moment, she was extremely patient, her black eyes looked at Ye Fanchuan on the hospital bed with a flash of guilt, the corners of her lips were straightened, unable to explain anything, she said in a deep voice, "I'm sorry."

...

He reckoned that Lu Zhi would never have another chance after this time. Compared to what Lu Zhi lost inadvertently, he only suffered a small shoulder injury, which seemed less unacceptable.

It's just impossible for him to say it.

So Ye Wangchuan raised the corners of his lips, and he was in a good mood: "If you really feel that you owe me, take the time to come out and accompany me to an engagement banquet."

"Huh?" Qiao couldn't figure it out and said, "What engagement banquet?"

Ye Wangchuan raised his eyelids slightly, and said: "It's from the Bo family. Bo Zheng. He's getting engaged to a reporter, and the days are looking good. He sent an invitation to the old man at home, but if the old man doesn't go, let me go."

"You know that this kind of banquet needs to bring a female companion, can God Qiao give me a favor?" He smiled faintly.

Qiao Nian clearly knew that he was probably taking advantage of his guilt, so he asked him to go back on purpose, but the words came to his lips: "Yes. You tell me the date, and I will spare time in advance."

**

Three days later.

Ye Wangchuan was transferred from the hospital to the Hongmeng headquarters to stay.

Qiao Nian also took the time to call Moxi and ask Moxi to let him go.

In the manor.

Moxi got the order, went back to the living room and said to Nie Qingru who was impatient and did not dare to provoke Qiao Nian: "Queen, you can go."

Nie Qingru suddenly raised her head, her gaze was like a knife: "What about her? Why don't you come and see me off?"

Moxi raised his eyebrows: "Who are you talking about, old man?"

"...Couldn't you be asking Ms. Qiao?" He had a half-smile expression on his face.

Nie Qingru's complexion was extremely pale, she got up and pulled the shawl, looked at her coldly, and said, "I'm leaving the illegal area tomorrow, you ask her to see me off."

Moxi listened to her request as a matter of course, and refused bluntly: "I can't contact Miss Qiao. Why don't you contact her yourself, the empress?"

Nie Qingru stopped at the top of the stairs, turned around and looked back at him, with hatred in his eyes as if he wanted to swallow him in his belly.

Moxi pretended not to see it, and greeted his subordinates: "Brothers, let's go."

Others had long been displeased with Nie Qingru's mannerisms, they packed up their things one after another, and passed her by like air.

"Let's go."

"Go back and take a shower."

"I've had enough of this **** place."

Nie Qingru watched them pass by her one by one, chatting as if no one was there, the corners of her mouth pulled down, and her face was even more gloomy and terrifying.

But neither the people in the dark castle nor Moxi seemed to have noticed her embarrassment, and they had already discussed to have a dinner together and eat hot pot.

Nie Qingru felt that the breath was stuck in her throat and her chest was so tight that she simply shook her hands without looking back.

Out of the corner of his eyes, Moxi saw her go up, and kicked on the knee of the strong man who was still talking about having dinner tonight, and said with a smile: "Okay, everyone has gone up. Stop acting, and prepare to leave."

"good."

Nie Qingru didn't see her go up, the group of rogue and bandit-like strong men immediately suppressed the hippie smiles on their faces, packed their things in an orderly manner, and prepared to evacuate.

After Chapter 3992, she is no longer the Queen of the Hermit Family

When Moxi and the others were leaving, they happened to meet Shadow who had hurried back after receiving a call from Mr. Xue in M State, and a few of Nie Qingru's cronies.

As soon as the two parties meet.

The air is full of violent factors.

Moxie slowed down, pushed down the glasses on the bridge of his nose, stopped the subordinates behind him who were about to step forward, and looked at the messy shadow with his eyes.

"Put your guns away if you don't want to fight here, or..."

Shadow was covered in scars, his throat rolled, he turned his head to signal his men to put away their guns, and then turned his head to look back, with a hoarse voice: "What are you doing to the Queen?"

"It's delicious and delicious, and there's no missing arm or leg." Moxi said lazily, and took the time to look down at the time on the watch, and then said to him: "You guys are lucky this time, next time you The empress of the family is not so lucky. After all... this time, the hidden family will support her, and she will have to rely on herself next time!"

Shadow frowned, his eyes flickered, and he wasn't sure about the meaning of Moxi's words.

Moxi didn't intend to explain to him, and beckoned him to leave first.

People from the Hermit Family saw them getting into the car, and only the exhaust gas was left after the car drove away, so someone stood up and asked Shadow: "Master Shadow, don't we chase after?"

Shadow's face twitched, suppressing the aggrieved feeling in his heart, and said with anger, "Don't chase."

"let's go!"

Those people immediately followed him to the manor.

They just talk, they don't really want to chase.

Otherwise, they would have opened their mouths when Moxi made a provocative statement, instead of waiting for the person to leave before asking whether to pursue him or not.

Chasing or not is just to comfort myself psychologically, to save face for myself.

**

Shadow returned to the manor, arranged for the few remaining people to take over the work of maintaining the safety of the manor, and then went to find Nie Qingru.

He asked the servant where Nie Qingru was.

Then went straight to the second floor, stood outside Nie Qingru's bedroom door, raised her hand and knocked on the door.

"Knock knock."

The door rang twice.

Shadow stepped back in a very orderly manner, stood respectfully on the spot, and whispered to the people inside: "Queen, it's me. Can I go in?"

After a long time, voices came to mind.

"Come in."

Shadow took a deep breath and held the doorknob, unscrewed it, opened the door and walked inside.

When I entered my eyes, I saw Nie Qingru coming back from the balcony wrapped in a nightgown, with a mobile phone in his hand, and he should have just finished calling someone.

Shadow didn't dare to take a closer look, so he immediately lowered his head, and when Nie Qingru walked in front of him, he could see the toes of the other party very close at hand.

He confessed his mistake in a low voice: "Queen, it's my subordinates' ineffectiveness that caused you to get involved in danger. Fortunately, you are fine, otherwise 10,000 deaths of subordinates would not be enough to atone for your sins!"

Nie Qingru did not scold him this time, and said in a low voice, "This time it has nothing to do with you. No one would have thought that that evil person would come back so soon. And Ye Wangchuan..."

"Hmph!" Nie Qingru sneered and squeezed out from between his teeth: "He's fine!"

I have never suffered such a big loss.

Qiao Nian and Ye Wangchuan are both great!

Today's young people have less and less awareness of respecting their elders and filial piety, and they are more open-minded than them in doing things.

Shadow hesitated whether to tell her what Moxi said before he left. Seeing Nie Qingru's angry face, he hesitated for a moment, and said slowly: "Empress, in fact, Ye Wangchuan's people said very strange things to their subordinates before they left. Feeling a little uneasy."

Nie Qingru looked over: "What did he say?"

"This..." Shadow quickly made a decision, met Nie Qingru's sharp eyes, and said in a low voice: "He provoked his subordinates and said that you will not be the queen of the hidden family in the future."

Chapter 3993 I still miss my sister to send her off

"I always feel that there is something in his words, as if he knows something. That's why... Empress, you said that there must be something wrong with State M?"

Nie Qingru saw that the matter could not be concealed anymore, she was silent for a while, and admitted: "The Privy Council is going to start the impeachment procedure against me. Qiao Nian should have got the news."

"What!" Shadow's reaction was huge. He immediately looked at her, frowned and raised his eyebrows: "Old Xue..."

Nie Qingru shook his head at him: "It's not him."

Her expression was not relaxed: "It was the archbishop who took the lead. The Leonard family rebelled and chose to side with the archbishop. The strength of the conservative faction alone is not enough to contend with them..."

Shadow's face became more and more ugly, and he clenched his fists, desperately enduring it.

Seeing his reaction, Nie Qingru softened her voice: "...so I must go back immediately."

She said very optimistically.

In fact, the internal situation of the Privy Council is very unfavorable to her. After paying for her actions several times in a row, even many conservatives who seem to be on her side are very dissatisfied with her.

It's just that Mr. Xue didn't show his dissatisfaction because of his face.

Once the Privy Council starts impeachment proceedings, it will be very detrimental to her.

"Then Young Master Zhai..." Shadow didn't want to bring it up. He knew that Nie Qingru cared about Zhai Xicheng's safety, otherwise he wouldn't have brought himself to this point.

Nie Qingru shook her head, with a sullen expression, and sighed: "I can't control him for the time being, we can only talk about it when we go back."

Shadow secretly breathed a sigh of relief, raised his head and said, "Master Zhai will be safe."

Nie Qingru didn't answer the call this time, and told him to arrange a flight back. When the shadow walked away, she frowned as if thinking of something, exhaled again, calmed down and went to pack her luggage.

...

Nie Qingru walked in a hurry.

Qiao Nian released her in the morning, and at noon her private plane landed on the parking lot of the illegal area. Except for Qiao Nian, no one was notified of the whole process.

12:30 noon.

Nie Qingru's car arrived at the airport on time, and the servant handed over the luggage in her trunk to the crew.

Shadow walked around to the other side and opened the car door, waiting respectfully for the old woman in the car to get off.

Nie Qingru handed him a hand, supported his hand and walked out of the carriage gracefully, stepped on the concrete road of the airport, looked at the blue sky and white clouds that formed a parallel line with the plane, narrowed her eyes slightly, took off the sunglasses on the bottom, and looked sideways at the shadow beside her .

"Hasn't Qiao Nian come yet?"

Shadow carefully supported her, and replied in a low voice: "Queen, she hasn't come yet."

Nie Qingru pursed her lower lip, feeling bad.

Shadow has been with her for more than ten years, and is very good at trying to figure out her psychology. He immediately lowered his voice and said: "The traffic on the road is bad, she may be stuck in traffic."

"Yeah." Nie Qingru's expression softened slightly: "Wait a little longer."

"yes."

Shadow looked down at the tip of his shoe again, restless.

The traffic in the illegal area is not congested today, the traffic jam is just an excuse he made for Qiao Nian not coming yet.

If Qiao can't read it, the Queen's face will be trampled by these people again today.

**

Hongmeng headquarters.

Nie Qingru and the person who never forgets the shadow just woke up, put on a coat, got up to brush their teeth and wash their face, white foam remained on the corners of their lips, and their half-closed eyes were full of sleepiness and dryness.

Qiao Nian brushed her teeth, turned on the faucet and lowered her head to take the saliva to rinse her mouth.

She didn't bother to get a towel after washing her face, so she simply patted her face with water in her hands.

Chapter 3994 The poor performance of the jumping clown

She ignored the wet cuffs on her wrists, turned around and walked to the shelf, took out a clean white towel to wipe off the water droplets on her face, and threw the towel on the washstand to wait for someone to change it.

He went out by himself, walked to the bedside, bent down and pulled off the charging mobile phone.

One leg was bent, and she leaned on the edge of the bed casually to look at her mobile phone... There were many and mixed messages on her mobile phone, except for the news from the illegal area, there were also messages from F Continent and Beijing City.

Nie Mi was also asking her if she would go back to attend Bo Zheng's engagement ceremony.

And Mr. Ye sent a message early in the morning to ask her about Ye Wangchuan's health.

And Jiang Zongjin asked her if she had any money in her card, and transferred another 100,000 yuan to her.

...

Qiao Nian looked back one by one, and her eyes finally fell on the text message sent to her by an unremarked M state number at 9:00 in the morning.

The message is not signed.

But Qiao Nian remembered this string of numbers.

is a string of numbers that she just released from the blacklist a few days ago. The owner of the number is the middle-aged man Nie Qingru has been with all the year round.

She curled her white fingers and clicked on the text message.

[Miss Qiao, the queen is leaving at 12:30 noon. She hopes you can come to XX address to send it, and looks forward to seeing you.]

Qiao Nian glanced at the texting time below.

9:58 minutes.

She glanced at the time on the top right of the phone again, and it was already past the time stated in the text message, and it was close to 1 o'clock.

She didn't plan to send Nie Qingru off at first, and it didn't make much difference to Qiao Nian if she didn't exceed the time limit.

She quickly pulled the string of numbers into the blacklist again and lay down, took her mobile phone, turned around and prepared to go downstairs...

She still has to go to see Lu Zhi today, and she has no time to pay attention to the clumsy performance of the clown.

**

One o'clock in the afternoon.

Nie Qingru's private plane stopped on the tarmac and there was still no sign of the car coming.

"Empress, Ms. Qiao may be busy with something, so she can't come. How about we go first?" Shadow couldn't stand it, and said proactively.

Nie Qingru's face was embarrassed, and his eagle-like eyes were extremely gloomy. He withdrew his gaze from looking into the distance, gave a cold 'um', turned around and walked on the plane.

Shadow quickly followed, walking behind her step by step.

Nie Qingru entered the cabin, found a place to sit down, the crew immediately brought her fresh juice, and exited cautiously.

Shadow did not sit down during this period, but stood beside her and handed her blankets and other supplies. While observing her face, he whispered: "Empress, I know you intend to reconcile with Miss Qiao. It's just that she treats us The misunderstanding is too deep, I'm afraid it will be difficult to get results for a while..."

Nie Qingru was wiping her hands with a wet towel. Hearing this, she threw the towel back as if it affected her mood. Her brows were sharp, but she couldn't suppress the impetuosity in her tone: "I've already offered her the initiative, what else does she want! Is it possible? Let me, a grandmother, kneel down for her?"

"this..."

Shadow didn't know what to say.

"The conflict between you and her is too deep. She doesn't understand you, and she has that kind of unscrupulous temper. Except for those people in Beijing, she doesn't listen to anyone. The subordinates don't know how to make her understand yours." painstakingly."

"Ah."

Nie Qingru sneered.

Her face was covered with a layer of haze, the corners of her lips were pressed down, and she pulled the shawl on her shoulders from time to time, visibly upset.

Of course she didn't want to reconcile with Qiao Nian.

If she could find a way to use that evil obstacle, she would wish to tear Qiao Nian into pieces in order to relieve her hatred.

Chapter 3995 Go find Lu Zhi

But the current situation is stronger than people.

She was in an extremely passive environment, so she had to use the method of winning people's hearts, thinking of taking the initiative to give Qiao a step down.

In this way, they will reconcile with each other, so that the old people of the hidden family will be afraid of them.

After all, Qiao Nian has a lot of power behind him.

For example, the Ye family.

Another example is the forces in Continent F and illegal areas.

These will become her help, and to some extent help her resist this crisis.

Who knew that Qiao Nian would not give her any face.

She waited until one o'clock and no one came!

Nie Qingru could not accept this result in her heart.

In her eyes, the Ji family was sorry for her first, even if she was forced to do something that hurt Ji Qing later, it was a compromise without choice.

She is Ji Qing's biological mother.

Even if she deprives Ji Qing of the chance to live, so what? She brought Ji Qing into the world and gave Ji Qing 20 or 30 years of light and shadow. Her kindness outweighed her hatred, after all the calculations, the Ji family still owed her.

Qiao Nian, as a sinner with Ji Wu Falcon's blood flowing through her body, why should she settle accounts with her and ask her to give an explanation?

She is the victim!

She is the one who was hurt and owed!

Everyone in the Ji family should be unable to lift their heads up in front of her!

Why did Qiao Nian ask her to collect debts? !

Nie Qingru couldn't figure this out, so he couldn't figure out why Qiao Nian was unwilling to come down when she gave her the steps, and continued to fight against her.

"It's fine if she doesn't come. I don't expect her to know what respecting the elderly and filial piety is for a wild girl who has not been educated since she was a child."

She was about to be **** off by Qiao Nian, and she had to act calmly to maintain her dignity.

Nie Qingru was impatient, and tilted her head.

"No need to wait, let's go back to Continent M first!"

**

At the same time as the plane flew over 50,000 feet, Qiao Nian also arrived under the Tianchen Building.

She was wearing a peaked cap, with only her snow-white chin exposed, her hands in her pockets, and she walked into the revolving glass door with a casual aura.

Tianchen has a lot of things these days.

The front desk saw a strange face coming in, and immediately asked her: "Hi, who are you looking for?"

Qiao Nian saw the smooth marble floor, which reflected the surlyness in his eyes, restrained his temper, raised his head and looked at the front desk: "Lu Zhi."

...

at the same time.

Lu Zhi's office.

Jian Jin and several senior executives of Tianchen were in the office. The executive in charge of the cargo terminal took out the handkerchief in his pocket and wiped the cold sweat from his forehead.

He hesitated and reported to the young man behind the large desk: "...Our goods have been attacked continuously, and the loss rate is as high as 50%."

Lu Zhi tapped the table with his long and slender fingers rhythmically.

The sweat on the forehead of the high-level executive who reported to him became more diligent, he wiped his sweat frequently, and once again mustered up his courage: "Ninety percent of the goods were sailed out of the illegal area and had accidents when they entered the high seas. According to my investigation, The results of the investigation...the results show that there should be more than one group of pirates robbing our Tianchen freighter in an organized and purposeful way."

Why is this idiot so scared? What is the result of this investigation, can you guess? Jian Jin frowned, subconsciously looking at Lu Zhi's reaction.

Young man sits behind a black desk.

The huge desk covered his vision below the waist, and outsiders could only see his upper body in a straight white shirt.

Chapter 3996 Tianchen was targeted on the high seas

Only those who know him know that the man who doesn't look any different from the outside actually sits in a wheelchair all year round and needs to rely on the wheelchair to move around.

He insisted on covering up his physical defects with extraordinary means, so that people only paid attention to his ability and rarely noticed his body.

"Is this the result of your three-day investigation?" Lu Zhi finally put down his pen, put his hands on the table, and looked up at him indifferently.

The executive was trembling with fright: "It's not easy to investigate in the high seas, I, I'll get someone to investigate right away!"

'Da', Lu Zhi fiddled with the pen, looked past him and saw someone else, and suddenly stopped: "No need. I know who did it."

The executive asked subconsciously: "Mr. Lu, who robbed our Tianchen's cargo? Have you eaten the bear's heart and leopard's guts?"

Jian Jin's heart skipped a beat, and she immediately looked at Lu Zhi again, sure enough, she guessed who Lu Zhi was talking about from Lu Zhi's face, and subconsciously pursed her lips.

QIAO.

Lu Zhi ignored the talking executive, leaned over to pick up the Rubik's Cube on the table, and started playing with his hands quickly, and quickly got it done.

While he was silent, no one else in the office dared to speak.

The atmosphere became tense and dignified.

The executive thought he had said something wrong, his face turned pale with fright, his legs almost lost strength, and he almost sat down on his buttocks. Fortunately, he managed to stabilize his shaking body with an obsession with maintaining dignity, but his lips trembled Very powerful: "Lu Lu, Mr. Lu?"

He was wondering whether to admit his mistake and apologize immediately.

But he was hesitant again, not sure what he said that made Mr. Lu silent.

In just two seconds, his heart felt as if he had been thrown into a pan of oil to torment repeatedly, and beads of sweat appeared on his forehead again.

is about to speak.

There was a knock on the door.

The outside secretary said cautiously: "Mr. Lu, Hongmeng sun is here."

...

When Qiao Nian came in, she saw several people standing in the office. Except for Jian Jin, she didn't recognize any of them, so she simply looked away.

Walking towards Lu Zhi as if he didn't see it, he stood at the desk and stared at the young man sitting there straight, as if he was meeting him for the first time.

Lu Zhi felt uncomfortable being pierced by her strange eyes, and he broke the balance first like throwing away his armor: "You came to see me for something?"

"Otherwise? I won't come if I have nothing to do." Qiao Nian moved her eyes away, walked straight to the reception sofa, found a seat and sat down.

Some of Tianchen's high-level executives knew her, and some of them met her for the first time.

But no matter what it was, seeing Qiao Nian's attitude towards Lu Zhi, he was so shocked that he broke out in a cold sweat, and kept sneaking glances in the direction of the girl.

Sun usually gets along with Mr. Lu in this way? How arrogant!

Hongmeng is not common in the illegal area, but there is still a certain gap compared with Tianchen, not to mention that these two big bosses have been rumored to break up.

Their boss Lu seems to have taken action against Hongmeng in private.

In this situation, what does Sun want to do when he comes to Tianchen Headquarters alone?

Many people were thinking a lot, looking at Qiao Nian with complicated eyes... No matter what Sun wanted to do, he was too arrogant.

However, what was unexpected was Lu Zhi's reaction, his eyes followed the girl the whole time, and he couldn't see the meaning of anger.

Even crossing his hands on the table, his aura softened a lot, at least not as scary as when he was talking to the executive just now.

"You came to me because of Ye Wangchuan?"

Qiao Nian glanced over and asked him quietly, "Give me an explanation."

Chapter 3997 Shouldn't I stand up for him?

Lu Zhi was silent for a while, ignored the hints in Jian Jin's eyes, and said coldly: "He blocked the way. In addition, I owe Nie Qingru a favor. This is a condition she proposed, and I have no reason to refuse."

Qiao Nian crossed her legs, pinched her head and nodded. The pitch-black pupils were calm, as if he knew that Lu Zhi would say: "Okay!"

Seeing her like this, Jian Jin knew that Lu Zhi had gone too far, and Qiao was angry.

Regardless of the presence of several high-level officials, she hurriedly smoothed things over in the middle to block the spark of communication between the two: "Joe, that's not what Boss Lu meant. He...you know he has a problem with his brain! Sometimes he just short-circuits, doing some incomprehensible things."

She paused, and begged in a tone: "But we have known each other since we were young, and we have gone through ups and downs together until now. Can you forgive him once?"

Qiao Nian couldn't hold back his anger at first, and almost quarreled with Lu Zhi over the table, but now he met Jian Jin's pleading eyes.

She was so angry that she endured it, her temples protruded, and she pressed the tip of her tongue against her chin, trying to calm down: "I forgave him once."

Jian Jin remembered that Lu Zhi did the same good thing last time!

She was speechless, and looked back at the young man sitting motionless behind the desk, only to feel that one head was bigger than the two, and she turned around again: "...he can make up for mistakes."

Qiao Nian probably guessed what she would say.

"Zhai Xicheng is indeed in Tianchen's hands." To be precise, Zhai Xicheng is in Lu Zhi's hands.

Jian Jin was taken aback: "Joe, you know?"

She instinctively turned her neck to look in Lu Zhi's direction again, her face full of doubts, she couldn't directly ask Lu Zhi if he told Qiao Nian in private.

But her expression betrayed her thoughts, Lu Zhi was silent for a moment and replied: "It's not me."

His voice was low: "I didn't say."

"..." Jian Jin was confused.

Then how does Joe know?

The three of them seemed to be playing charades, and it was hard for Tianchen and those executives who stayed in the office too late to leave, and they didn't understand what Qiao Nian and the others were saying.

—Who is Zhai Xicheng?

This question was entrenched in the minds of several senior executives present, and each other wanted to ask someone close to each other, but they all got a look of "I don't know".

Lu Zhi probably knew why Qiao Nian came looking for him, Qingling looked over with deep eyes: "You want to stand up for Ye Wangchuan?"

What he said was an interrogative sentence, but he used an affirmative tone.

And all of a sudden his breath became bad.

Jian Jin's temples agitated, and she reflexively watched the girl's reaction.

The girl was sitting on the sofa indifferently, holding a lighter in her hand and playing with it, her crow-black eyelashes drooping and coated with a layer of plain color by light and shadow.

She raised her eyes and said to Lu Zhi: "Even if I didn't stand up for him, I would still find you. Besides... I should stand up for him?"

Lu Zhi was stunned for a moment: "You really don't know?"

"Know what?" Qiao Nian asked him back.

—"I like you" is not a confession, it is me expressing.

Lu Zhi stared at her for a long time, turned away, unconsciously opened a document in his hand, actually his eyes didn't fall on it, and his tone was much calmer than before: "I still have something to deal with, I don't have time to greet you today Let Jian Jin take you down..."

Jian Jin opened her mouth, but she didn't have time to speak to Qiao Nian.

The girl suddenly became angry and threw the lighter on the table with a 'snap'.

At the same time, she stood up, looked at the young man sitting behind the desk, and asked in a tone as if frozen in ice: "Lu Zhi, do you think I'm easy to provoke?"

Chapter 3998 Mr. Lu is not totally indifferent to sister Nian

So he challenged his bottom line time and time again, thinking that she would never fight back, at most he would come to Tianchen to talk to him like now.

Jian Jin saw that Qiao Nian was serious, and grabbed her arm: "QIAO."

"Don't talk yet." Qiao Nian glanced at her with dry eyebrows, trying to control her temper, but she couldn't control it well.

Jian Jin fell silent.

She looked at Lu Zhi again, and put her hand on her side and lowered it naturally: "I will leave the illegal area the day after tomorrow and go back, give me the answer before the day after tomorrow. Zhai Xicheng is in your hands, what conditions do you want for me... If he is with you in hand... Lu Zhi, we will be enemies from now on."

"Aren't we now?" Lu Zhi obviously didn't want to say this, but he couldn't control his mouth.

He fixed his eyes on the girl in the office, and he could see the red bloodshot eyes and the slightly protruding veins on the back of his hands, which revealed his restless mood at the moment.

Jian Jin raised her hands to cover her eyes, and looked at the sky speechlessly.

Qiao read back his eyes: "You think it is, and it can be."

"Give me the answer as soon as possible." She put down these words and walked away without looking back.

The glass door of the office was pushed open, and then fell back in a moment. Only one person was missing in the top-floor office with a huge 270° panorama overlooking the illegal area.

The atmosphere is much lower than before.

The senior executives were all in danger, cowardly like quails, for fear that Lu Zhi would notice them.

Only Jian Jin can calmly talk to Lu Zhi in such a high-pressure environment: "Hey, why did you talk to Joe like that? You can obviously talk well, you have planned to chase Joe before, boss, where are you?" Chasing girls like this?"

Several senior executives seem to have heard a shocking secret—Mr. Lu wants to chase the sun?

Will Tianchen and Hongmeng... merge in the future?

Several executives thought about that scene, and it was disharmonious no matter how they thought about it.

Tianchen respects rules, has distinct levels, and has strict divisions. It is completely different from Hongmeng's free and undisciplined management method, and the attitudes of the people under the management of Mr. Lu and Sun are also different.

In the past few years, the two parties have only limited to friendly and cooperative relations, and they have gotten along fairly well.

If put together...they can't picture it.

Don't use their imagination.

Lu Zhi took the lead in breaking the illusion: "Do we still have room for maneuver?"

Jian Jin put away her sloppy face, her expression became much more serious, and said to him seriously: "As long as you want it, you can do it!"

Lu Zhi staggered his hands on the desk, with a calm expression, as if lost in thought.

Jian Jin didn't rush him, but waited for him to think slowly.

I don't know how long it took, but the few executives who were standing there listening to the training in the office couldn't stand anymore.

The man sitting behind the large desk said slowly: "I know where Zhai Xicheng is, but he is not in my hands. I only provided him with a hiding place."

Jian Jin frowned, the question she wanted to ask at that time, she only asked now: "Boss, why did you..." Guan Zhai Xicheng.

She thought that Lu Zhi did this purely to make Qiao Nian unhappy.

who knows.

"Zhai Xicheng is Nie Qingru's backliner. She went to M state to **** Nie Qingru's things before, which made Nie Qingru tolerate her to the extreme. If she touches Zhai Xicheng again, Nie Qingru will go crazy."

"I know that sooner or later she will completely turn against Nie Qingru, but before the time comes...as long as Nie Qingru is still the Queen of the Hidden Family, she will not be able to do anything. Once she does, she will risk being hunted down by the Hidden Family endlessly for the rest of her life."

Chapter 3999 Remember not to talk too much

Lu Zhi lowered his eyes, stared at the back of his hand, and slowed down his voice: "I know she is not afraid. She has been different from us since she was a child, as if she didn't pay attention to anything... She may not be afraid, but I have to plan for her."

Jian Jin understood: "So you hid the person in front of Qiao, just because you didn't want Qiao to anger Nie Qingru impulsively?"

She stood there mixed with sorrow and joy, unable to describe the sour feeling surging in her chest at this moment.

"Boss, you..." She didn't know what to say to Lu Zhi.

Lu Zhi is right to think so, at least the starting point is for the good of QIAO, but why are the things he did so unpleasant?

Lu Zhishen was not emotional, picked up a pen, and said annoyed: "I will tell you the hotel where he is hiding, and you can tell her."

"Okay." Jian Jin nodded, happy that he could figure it out.

She hasn't walked out yet.

He also heard the deep and cold voice of the man behind him saying: "I did nothing wrong with Ye Fanchuan. This is a conflict between the two of us. If he asks Qiao Nian to come forward, it can only mean that he is not worthy to stand on her side. The position next to him! I will only look down on him even more!"

Jian Jin turned her back and never looked back.

Lu Zhi didn't ask her to comfort him, he raised his hand and said, "Go out."

Jian Jin sighed secretly, opened the door and went out.

Suddenly there were only a few senior executives who collectively pretended to be dead in the office, and they didn't want to leave or stay. Just when they were wondering whether they should remind their boss that they were still inside...

Lu Zhi didn't give them out of the corner of his eye. Holding the pen, he turned to the last page of the contract and signed his name. He said in a low voice, "What did you hear today?"

"without."

"We heard nothing."

"Yes, we came to Mr. Lu to report on the recent robbery of goods on the high seas. Apart from this, we don't know anything about it."

Lu Zhilong signed his name and put the cap on the pen. His jade-like face showed no expression at all, and his calm eyes contained the immensity of the sea: "I don't want to hear any rumors from outside. If there are any rumors from outside, In my ears, I don't ask who disclosed it, you all prepare for the funeral."

What he said was as simple as eating and drinking.

A few senior executives trembled like a sieve.

"No, no, no. Don't worry, Mr. Lu!"

"We don't know anything."

"Yeah yeah, we don't know anything."

Several people looked at Lu Zhi with pleading eyes.

Lu Zhi didn't intend to 'seal' them collectively here for a trivial matter, seeing their pale faces and stuttering in fright.

He lost interest and looked away, and said in a cold tone: "...Go out and give me the investigation report on the high seas as soon as possible."

The senior executive who was named nodded slightly with cold sweat on his forehead.

Lu Zhi focused on his work and stopped looking at them.

They looked at each other in the office for a while, and someone bit the bullet and said in a low voice, 'Mr. Lu, I'm going out first'.

Immediately afterwards, the others left one after another as if they had found their backbone.

They still had lingering fears when they went out and warned each other not to hurt everyone by talking nonsense outside. In the end, the fat executive said goodbye to the others with a bitter face: "I will investigate the matter on the high seas first. Mr. Lu is still waiting for my report."

The others looked at him sympathetically, and one of them patted him on the shoulder to show encouragement.

The executive was in distress, so he had to go back to his own site in a hurry to find someone to find a relationship to find out the identity of the 'pirate' who robbed the Tianchen cargo ship.

Chapter 4000 Jian Jin handed the envelope to Sister Nian

The next day.

Jian Jin found Qiao Nian and called Qiao Nian out for coffee.

She ordered a cup of mocha at the old place on the street, then ordered a cup of sugar-free iced Americano for the girl, and sat down on her own.

Qiao Nianlai opened the chair opposite her and sat down, just in time for the waiter to bring over two cups of coffee.

Heard Jian Jin greeting.

"Give me the Mocha." She pointed to Qiao Nian and said with a smile, "Give her the Ice American."

The waiter put the two cups of coffee separately according to her request, took the tray and walked away quietly.

Jane Jin was looking for a seat in the corner. As soon as the waiter walked away, the area immediately became quiet, and only the two of them were left to chat freely.

She took the handbag she brought, took out an envelope from it, put it on the table, and handed it to Qiao Nian: "It has the address you want."

The girl was holding an iced American glass in one hand, leaning on the chair, sitting in a loose posture, a little carefree and half sleepy.

It wasn't until out of the corner of his eye that he caught sight of the yellow envelope that Jian Jin pushed in front of him, Qiao Nian raised his eyes, put down the coffee, and took it over.

Seeing her answering, Jian Jin breathed a sigh of relief, hesitated to speak: "Joe, you may not like to hear what I say next, but I hope the three of us will be together forever, so if you don't like to hear it, I will I want to say. Mr. Lu may not be a good person. He has nothing wrong with you... It's just that he doesn't turn his head and always does stupid things with low EQ. What happened to Young Master Ye... He didn't mean to hurt you. Let's leave our relationship aside Ye Shao and him are not friends, it is normal to touch someone who is not your friend in the illegal area..."

Qiao Nian didn't open the envelope immediately to see what was written inside, but raised her eyelids slightly, leaned back, and looked at Jian Jin quietly on the back of the chair.

Shasha's voice said: "If I hurt Lu Zhi without hurting you, will you think that I did nothing wrong and you can continue to be friends with me without any grievances?"

Jian Jin looked at her in astonishment, and lost her voice.

Because she found that she couldn't do what Qiao Nian said, and could continue to be friends. Since she couldn't do it herself, Jian Jin didn't have the face to continue talking.

"He... Forget it, you can find someone according to the address on the envelope, Zhai Xicheng should not have left yet."

"kindness."

Qiao Nian accepted the envelope and took her own things to leave.

Seeing her get up, Jian Jin was stunned for a moment, then raised her head and said, "Aren't you going to stay and drink a glass of water before leaving?"

They used to have such a good relationship that they wished they could wear the same pair of pants, but now it's unrecognizable.

Qiao Nian turned around, but didn't sit back: "I'm leaving tomorrow, and I'm going back to organize my things. I'm leaving."

She waved at Jian Jin, the girl's back was free and unrestrained, she saw that she walked to the door of the store, opened the door and went out.

Jian Jin looked lost, she held the coffee cup in her palm with both hands, opened her mouth, but finally didn't call Qiao Nian to stop.

I just sat in the original position and slowly drank the cup of mocha coffee full of sugar by myself. There was no sweetness in my mouth, but bitterness in my mouth.

Jian Jin drank a whole cup of coffee before picking up the bag and going to the bar to pay.

"Two cups."

The waiter was wiping the glass. Seeing her coming over, she was stunned for a moment, and said in the next second, "Uh, didn't you pay the bill?"

"Have you bought it?" Jian Jin obviously didn't recover.

The waiter affirmed: "Ah, it's paid by mobile phone. You pay after you order the coffee."

Jian Jin thought about it briefly, and remembered that Qiao Nian had been playing with her phone for a while when she sat down. At that time, she thought that Joe was replying to the message and didn't care, so she turned her head and took the envelope.
