

Madam's 4031

Chapter 4031: The company is in trouble again?

Rhine.

Gu San was the first to get out of the car after parking, and said to the two people in the car: "Miss Qiao, Mr. Wang, please wait for me in the car. I'll be back as soon as I finish picking up my things."

Ye Wangchuan had injuries on his body and it was inconvenient for intense exercise, so he didn't say anything.

Qiao Nian originally opened the car door to go out together, but was grabbed by the wrist by the man beside him, and said in a low voice, "Do you know what to take?"

Qiao Nian glanced at him: "What are you taking?"

Ye Wangchuan smiled, let go of his hand: "A gift for uncle."

Qiao Nian frowned, feeling that he was being mysterious, but when they were talking, Gu San had already run away. She couldn't keep up, so she had to give up.

Gu San was working extremely fast, and soon trotted back with a palm-sized cardboard box.

He got in the car, turned around and handed the cardboard box to the man sitting in the back seat: "My Lord, your things."

Ye Wangchuan reached out to take it, glanced down at the courier number and sender's information, hummed, and ordered, "Go to a nursing home."

"good."

Gu San put on his seat belt, stepped on the accelerator and drove towards the nursing home.

The place where they live is exactly in the same direction as the nursing home where Mr. Jiang is. Follow this direction and drive a few more roads to the nursing home where Jiang Weishang is.

At noon, the sun passed through the gaps in the leaves and drove through a long trail of camphor trees. The black Phaeton stopped outside a peaceful and peaceful yard.

"Here we are." Gu San took the initiative to speak.

Ye Wangchuan had already opened the car door and got out of the car first, then stretched out his hand inside: "Come down."

Qiao Nian originally wanted to avoid him and get out of the car directly, but after thinking about it, she put her hand on his palm and used his strength to get out of the car.

Ye Wangchuan directly held the girl's hand, and hung the hand they held together by his side, grabbing her and walking inside: "Did you tell Mr. Jiang that you were coming back?"

Qiao Nian could feel the warm body temperature from his hands, his attention was always distracted, and his bright eyes narrowed slightly: "No."

She didn't wait for Ye Wangchuan to ask, and said, "...It's a half surprise."

Ye Wangchuan rarely saw her having such a carefree mind, the corners of his mouth slightly raised, and his mood relaxed.

...

The nursing home is huge.

Besides Jiang Weishang, there are other people living in it.

Jiang Weishang lived in a small independent building. At this moment, the nurse had just finished checking his blood lipids, blood sugar, and blood pressure for the day, and recorded the data of the day in his notebook.

Then he said to the old man in the wheelchair with good eyesight: "Grandpa Jiang, rest well, I won't bother you."

In addition to Jiang Weishang, Jiang Zongnan and Jiang Yao were also in the ward.

Jiang Weishang thanked the nurse politely, and when the nurse took the examination tools and left the ward, he withdrew his expression and said indifferently.

"Tell me, what are you looking for me for?"

"Dad." Jiang Zongnan called him in embarrassment, and stood still and explained: "I just came to see you..."

"Come and see me?" Jiang Weishang raised his eyes. His eyes were not like eagles and tigers like Mr. Ye's, but he was not someone to be fooled by.

He had a solemn face, looking at the two people in the ward, as if he had seen through everything: "The company has encountered difficulties again?"

Jiang Zongnan's face was extremely embarrassed, and he was so embarrassed that he didn't know how to face him: "...No."

Jiang Weishang knew he had guessed right when he saw him like that. Immediately, he became angry, and slapped the armrest of the wheelchair vigorously and said angrily: "I told you not to listen to your wife, you have to be smart!"

Chapter 4032: Behind is the Zhang family

"After hearing what that person said, I thought I was taking the lead in the company and squeezed out your brother and niece. Hehe, it's all right now, and you come to me again when you encounter

problems... Why didn't you go to the company to teach you how to separate the family and teach you?"
A person who robbed property?"

Jiang Zongnan was so scolded that he couldn't lift his head up.

Jiang Yao said something for his father in the middle: "Grandpa, Dad knows it's wrong."

Jiang Wei returned his anger, and finally gave Jiang Yao a three-pointer, without revealing that he was as unclear as his father in the past when he excluded Qiao Nian.

"Tell me, what's the matter."

"It's actually like this..." Jiang Yao roughly talked about the difficulties faced by the company.

Jiang Weishang sat in a wheelchair and listened quietly to his narration.

Jiang Yao's suit and leather shoes are much more mature and stable. Speaking of upset, he raised his hand and pulled off his tie, and continued: "We want to negotiate this business, but the other party still refuses to meet. I found out that the Zhang family is behind this company. , I just want to ask my grandfather if I can contact the old man of the Zhang family. I will invite him to dinner as the host and talk about the project by the way."

Jiang's Group has had troubles in the past year. Many projects that were easy to get in the past are now more difficult to get.

Jiang Yao knew in his heart that it had something to do with the separation of the two families.

Those who used to take care of the uncle's family and Qiao Nian for the sake of Ye Shao's face, after seeing the separation of the two families and the unpleasant quarrel, they consciously kept their distance from them.

The business world is full of smart people, and a little trouble is enough to trigger a chain effect.

When everyone distances themselves from them.

Jiang Yao and Jiang Zongnan found it difficult for them to discuss projects and attract investment.

A big group company can't afford to support so many employees if it can't start 2-3 big projects in half a year. Jiang Yao also can't keep an eye on this urban construction project.

They wanted to develop a piece of land together with the other party, but the boss of the company that successfully bid avoided them.

Jiang Yao has been running the construction site during this time.

The other party was determined not to see him, no matter how much he came to the door, they would not give him a chance.

Jiang Yao grew up in Beijing. Faced with this situation, he knew how well he knew that the other party was embarrassing him.

He can only use the method of finding relationships to see if he can win the opponent and solve the current predicament...

After Jiang Yao finished speaking, he looked at Mr. Jiang with handsome eyebrows and fine eyes.

"Grandpa, this project is very important to the group. Otherwise, Dad and I wouldn't bother you about your recovery. We have tried everything we can think of. You and Grandpa Zhang have always had a good relationship. Can you invite me from your side? Next Grandpa Zhang..."

Jiang Weishang frowned, his eyes narrowed slightly, and his tone was not very good: "You think I'm not willing to help?"

"The Zhang family has long been the housekeeper of Lao Zhang, so it's useless for me to ask him out for you. Think about whether you have offended that little grandson of the Zhang family!" Jiang Weishang didn't give Jiang Yao a chance to speak.

The Zhang family is similar to the Jiang family.

In the capital city of Crouching Tiger, Hidden Dragon, the families are not considered the top circle, but they are much better than the families who have just stepped into this circle.

Both belong to the noble families in the middle.

To say the only difference.

Jiang Weishang's eyes darkened, and he said with emotion: "This kid Zhang Yang can't study well, but he has some abilities in society."

Jiang Yao stood there uncomfortably when he heard this.

In the family they are familiar with in Beijing, he is the only one who is good at studying. He was admitted to a prestigious foreign school for graduate studies and then entered Tianchen.

Chapter 4033 I remember he was close to Ye Shao

It was once called the best existence of this generation except Ye Wangchuan and Bao Jingxing. Who knew that he would be fired by Tianchen and come back to manage the company in despair?

Jiang Weishang didn't pay attention to his unease, and said bluntly: "Zhang Yang is a long-sleeved, good-looking dancer, and he seldom gets in trouble with anyone. You said you found out that the Zhang family was involved, so you should think about what you are doing. If you offend the other party, he will punish you like this."

"Zhang Yang? I don't know him." Jiang Zongnan frowned, never thinking that he could have any communication or conflict with a junior.

Jiang Yao reacted quickly, grabbed him and said, "I remember he was very close to Young Master Ye."

Jiang Zongnan stared at him blankly, and when he realized it, his eyes became complicated: "Then I need to find Niannian..."

Jiang Yao didn't say a word.

let go of his hand and said, "Qiao Nian didn't come back after going around the city, I'm afraid I won't be able to find it."

Jiang Weishang picked up the thermos cup that was hanging to dry on the table, and took a sip of the health-preserving tea that the nurse inside made for him, acting as if he was deaf and unable to hear.

They know how to find Niannian now, why did they go so early!

He doesn't want to care about these things.

Jiang Zongnan and Jiang Yao looked at him at the same time, although they didn't directly ask him to intercede with Qiao Nian, their expressions clearly meant that.

This urban construction project is too important to them.

Relationship Group's performance statement and stock trend this year.

They have to pay attention.

"Dad..." Jiang Zongnan muttered.

Jiang Weishang slammed the thermos cup in his hand on the table, his brows were filled with anger, and he looked up at him: "Don't call me, I can't speak."

Jiang Zongnan was extremely embarrassed.

"Jiang Group is also your half-life effort, do you want to see it go bankrupt?"

"I can't control so many people who are half buried in the soil." Jiang Weishang said sharply: "Besides, the group gave it to you, and you rushed to ask for it. Now if you encounter problems, you can solve them yourself."

Jiang Zongnan wanted to say something else.

It was Jiang Yao who saw that Jiang Weishang was in a fit of anger, quietly tugged his arm, and said to Mr. Jiang seriously: "Grandpa, let's go back first without disturbing your rest."

"Yeah." Jiang Weishang picked up the thermos again, his expression indifferent.

Jiang Yao forced Jiang Zongnan to go first.

waited out of the ward.

Jiang Zongnan shook his hand, pressed his eyebrows, and looked at him incomprehensibly: "Jiang Yao, why didn't you let me talk to your grandfather just now. You know that project is very important to us. If we can't win that project, the board of directors will There is no way to explain it."

Jiang Yao certainly knew that they could not give an explanation to many shareholders based on their financial statements this year, but...

"Grandpa is tired."

"..."

Jiang Zongnan frowned fiercely.

He became emotional, and originally wanted to say something, but then thought of Mr. Jiang's exhausted appearance, so he swallowed the words.

He closed his eyes and sighed heavily: "Forget it!"

Jiang Yao saw that he was depressed, so he had to put his hands on his shoulders and comfort him: "Qiao Nian is abroad, there is no use for us to worry, we will talk about it when she comes back."

Master Jiang always said that Qiao Nian was going around the city.

But Jiang Yao is not stupid.

From the fact that Jiang Li had never been to the Ring City, he could guess that Qiao Nian was not in the country. Otherwise, with Jiang Li's personality, why would he not go to find Qiao Nian.

Jiang Zongnan was shrouded in melancholy, and was about to leave with Jiang Yao, and think of a solution when he went back.

As a result, I saw two familiar figures head on.

"Read, read?"

The girl is wearing a peaked cap, looking like she has rushed back after a long journey.

Chapter 4034 Sister Nian walked over arrogantly

Beside her was a man walking side by side. The man was dressed in a casual style suit.

Ye Wangchuan discovered them immediately.

He lowered his head and seemed to whisper something in the girl's ear.

Jiang Yao and Jiang Zongnan saw the girl looking up at them at the same time. There was no emotion in her eyes, and she moved away in a blink of an eye.

Then the two walked up to them and passed each other straight.

Qiao Nian didn't even say hello the whole time, and walked extremely arrogantly, with casual steps, during which time she didn't even fall on the two of them out of the corner of her eye.

Everything she did was as if she just happened to meet two strangers who came to visit Mr. Jiang in the nursing home where Mr. Jiang lived.

Everyone is unfamiliar, so there is no need to greet them specially.

"Joe..." Jiang Yao seemed to be slapped severely, and his whole body froze in an instant, and he couldn't say the name on his lips.

Jiang Zongnan also showed embarrassment, knowing that Qiao Nian was still indifferent to them because of the previous unhappiness, but Jiang Xianrou had nothing to say even as a father, so he could only say in despair: "Let's go."

**

Jiang Weishang was really pleasantly surprised when he saw Qiao Nian and Ye Wangchuan coming back together, he was so happy from ear to ear.

Joe doesn't read much.

Went into the ward and dragged a chair to sit beside him peeling fruit, mainly because Ye Wangchuan was chatting with Jiang Weishang.

The two chatted about everything.

Ye Wangchuan is well-informed.

No matter what topic old man Jiang brought up, he would accompany the old man to say a few words, and he still hit the point every time, which made old man Jiang nod frequently and look at him with more satisfaction.

At this moment, Qiao Nian peeled off the apple in his hand and handed it to Mr. Jiang, and asked casually, "I ran into my second uncle outside just now."

The smile on Jiang Weishang's face faded a bit, he frowned, and looked at the past: "They didn't say anything to you, did they?"

"No." Seeing that he didn't pick up the apples, Qiao Nian turned around and took a plate, and put the peeled apples on the plate.

When she turned around again, her eyes were clear: "What happened?"

Jiang Weishang's tone was not very good: "Hey! It's nothing... It's just the group's business, and it has nothing to do with you. You don't need to talk to them."

Qiao Nian didn't ask any more questions, and handed him the plate with apples, and said patiently: "You always eat some fruit and supplement your vitamins. The doctor said that you are deficient in vitamin E, so you should eat more fruits."

"Haha, you just care about me." Jiang Weishang said so, with a smile on his face, obediently picked up the apple Qiao Nian had peeled and ate it.

Qiao Nian stretched her legs, leaned against the wall and watched him eat fruit quietly, her lowered eyelids covered her dark eyes, and she didn't know what she was thinking.

The doctor came later to give old man Jiang a daily training. Qiao Nian asked him to find out about old man Jiang's health, and sat with him for a while. Seeing that the time was almost up, she got up to leave.

...

Outside the ward.

Qiao Nian stopped after making sure he was within range of Mr. Jiang's hearing, "Is Jiang's in trouble?"

Ye Fanchuan came back with her.

But when Qiao Nian was talking to Jiang Weishang, he sent a message to ask people in his circle. At this moment, Ye Wangchuan stopped following the girl, put one hand into his trouser pocket, and said in a loose tone: "Jiang's Group has fancy a piece of land and wants to develop it with the Hongwei Group, but the boss of the Hongwei Group refuses to meet, so let's go together." Development was delayed."

Chapter 4035 That person is Uncle Bo's fiancée

Qiao Nian heard his leisurely tone, and guessed that there was something tricky in it: "Is the Hongwei Group your company?"

"Why does God Qiao think so?" Ye Wangchuan smiled half-smile, and immediately hooked his lips and said: "It has nothing to do with me. Zhang Yang's company."

Qiao Nian just frowned and didn't ask him.

Seeing the handsome man leaning sideways against the wall, he smiled and said, "The two of them have some conflicts in private. Before Zhang Yang knew Qin Si, he was in another small circle, but later Jiang Yao Seeing that regardless of his style of doing things, he brought a few good friends to squeeze him out, and forced him out of that small circle."

"Zhang Yang holds grudges. I didn't care about him in the past because of your face. This time, I think you didn't play with Jiang Yao, so I did it."

Ye Wangchuan raised his fingertips, grabbed a strand of black hair hanging down from the girl and carefully pulled it behind her ears, and whispered: "If you don't like it, you can tell him. Zhang Yang is a smart man, you can do whatever you want." Click a word, and he will understand what you mean."

He thought Qiao Nian would soften his heart because of Mr. Jiang's face.

Who knew that the girl raised her eyes coldly, brushed his hand aside, and said casually, "Who said I should take care of it?"

Ye Wangchuan was slightly taken aback: "You...don't care?"

Qiao Nian put his hands in his pockets, stood in a cool posture, raised his chin slightly, and his chin was sharp: "Didn't you say that it has nothing to do with me, because they had a private feud?"

"Tsk." Ye Wangchuan came back to his senses, a smile appeared on the corner of his lips, and his narrow eyes were deep: "I thought you would take care of me."

Jiang's Group desperately needs this urban construction project to turn around. I'm afraid Jiang Yao will have to ask her for help if he is in a hurry.

Qiao Nian has turned around and walked forward: "I never mind my own business!"

Ye Wangchuan waited until her back was about to disappear before her eyes, and then followed her at a leisurely pace.

The backs of the two quickly left the nursing home.

**

at the same time.

The group in the small circle in Beijing exploded.

Zhang Yang is in the group Aite Qinsi.

【Yangyang proud: Young Master Qin, are you back? @Qin】

【Qin: Are you a dog? So well-informed? It hasn't been long since the young master came back, and I received your message before my **** was hot. 】

【Yangyang proud: Then Ms. Qiao and Mr. Wang are back too? I'll hold a banquet to welcome the wind tonight, to welcome the wind and clean up the dust for Wang Ye and the others. 】

【Qin: Evening? Master Wang wants to have a meal with his family tonight, right? The ghost has time to talk to you. 】

There are dozens of people in the group.

Ye Wangchuan and Bo Jingxing rarely bubble up in the group.

Jiang Li was so busy rushing to make an announcement that he didn't even bother to show up.

Qin Si is the easiest person in the small circle of the four of them to show his face. Every time he shows up, it will cause a small commotion in the group.

【Summer: Young Master Ye is back? 】

Not far from the Qin family.

Qin Si just got home and handed the suitcase to the housekeeper. He went back to his room and took a cold shower. He opened the refrigerator while looking for something to drink while wearing a bathrobe, and returned messages with his mobile phone.

When he saw a familiar nickname in the group, he couldn't help but take another look, the Coke in his hand was no longer fragrant: "Wo Cao, who is this?"

He remembered that Qiao's sister's WeChat name was Q, but Qiao Nian changed her WeChat to sun for some time because she was probably bored. This woman's wechat name is almost the same as sister Qiao's.

Qin Si thought at first glance that Qiao Nian had spoken.

Fortunately, he saw that the other person's profile picture was different, so he walked back to the lazy sofa in the room with a can of Coke in his hand, and pulled the ring.

is preparing to send a message to Zhang Yang.

Who knows to open the WeChat private chat page.

Zhang Yang's message has been sent.

【Yangyang proud: That's Uncle Bo's fiancée. 】

Chapter 4036: Qin Si: Tell her to change her ID

【Yangyang proud: The marriage partner chosen by the Bo family, the person Bo Ershao brought in, I am also embarrassed to remove them. 】

【Yangyang proud: It is said that her WeChat name has been used for many years, and she used that name abroad. I know her name collided with Ms. Qiao, but after all, it has been used for so long, and I don't want her to change it. Otherwise, I would be too disrespectful to Uncle Bo. 】

Zhang Yang deserves to be able to get along well in the top circles of Beijing with his ability to observe words and emotions. Qin Si never told him that he was dissatisfied.

He could immediately detect Qin Si's little emotions, and explained the ins and outs of the matter clearly with high EQ, showing that he was on Qiao Nian's side.

Qin Si simply picked up his mobile phone and sent him a voice message: "Uncle Bo's fiancée? The woman who will be engaged in a few days?"

Zhang Yang replied in seconds.

【Yangyang proud: Yes. 】

Fuck? its not right.

Qin Si frowned and held down his voice again: "She cares what Master Wang is doing when he comes back? Don't tell me that she knows Master Huang?"

Zhang Yang did not reply.

Qin Si is still restless.

Zhang Yang called.

Qin Si picked it up, put the phone to his ear, got up and walked to the balcony outside. Opening his mouth, he asked: "Zhang Yang, what's the situation? Don't tell me that this is a rotten love affair that Wang Ye provoked before."

"Isn't it?" Zhang Yang said familiarly, and immediately said: "According to my knowledge, the two of you don't know each other. This woman has been studying outside, and she just came back recently. I asked friends in the capital city and few of them know each other. She, her family is not from our background. Since her grandfather's generation, she has gone outside. There are several mixed races in the family, and there is also an uncle who is a boss of the Ministry of Economic Affairs... In short, her family has some strength outside, otherwise the Bo family would not I won't choose her for marriage. She has been very active in Beijing recently, and she has come out to play with us a few times. Her personality is... hard to say. Anyway, I can barely get along! I don't know why she talked in the group just now, it's quite strange. "

"So Uncle Bo didn't choose this woman?" Qin Si probably understood.

Zhang Yang laughed: "Young Master Qin, you are so humorous. How many people in our circle did we choose? I just chose Ms. Qiao. That family also had a marriage contract before, but the Jiang family never found Ms. Qiao." That's all."

At that time, didn't they collectively mourn that a man as outstanding as Wang Ye had to find a wild girl from the countryside according to the family marriage.

Who knew that the wild girl behind would turn into an invisible boss.

Qin Si didn't know what to think of. He was silent for a moment, and soon stopped mentioning this: "Let her change her group nickname later."

Zhang Yang understands that Qin Si still minds that this woman collided with Ms. Qiao's ID, so he is very smart not to mention that it is difficult to speak: "Okay, I will tell her later."

Qin Si hung up the phone.

Zhang Yang was hung up on the phone and realized that he called to ask him by the way, when Miss Qiao has time to come out for dinner.

But Qin Si hung up, and Zhang Yang couldn't make a series of calls. Instead, he found the ID called summer in the group and clicked on the profile picture.

Their previous chat records were still at the day before yesterday. This woman approached him and said that she would participate in a dinner he had saved.

At that time, he had an attitude of not offending others, and he had a good relationship with Bao Jingxing in private, so he brought this person to play with him.

Zhang Yang Maliu edited the good news and sent it over.

【Yangyang proud: Beauty, please change the group name, your ID crashed. 】

In a shopping mall in Beijing, Li Mo had just finished her manicure and went to Seven to choose a necklace for the engagement banquet. While waiting for the clerk to pick up the goods for her, she looked at her phone bored.

I saw that I had a new WeChat account.

Li Mo noticed Zhang Yang's name, and was surprised that the other party would take the initiative to contact her, so she propped her chin with one hand, and picked up the phone with the other hand to open the message.

The clerk came out holding a tray at this time.

Seeing that the woman in a water-green slender dress was playing with her mobile phone, she didn't rush to disturb her, but waited silently with a tray in her hand.

Out of the corner of his eye, Li Mo saw the clerk coming, but he ignored it and continued to read his news.

She has been trying to integrate into the domestic circle these days, especially Zhang Yang's top small circle, and build a good relationship with the people in it.

Zhang Yang took her to play with her a few times.

It's just that Li Mo can feel that the other party is not particularly enthusiastic about her, and can only say that she will give her a three-pointer, but she doesn't take the initiative to make friends.

Li Mo was annoyed at the other party's attitude of not being far or close, but she also knew that her family was considered a small force abroad, but in China...especially in places like Beijing, it was not her turn to show off.

Li Mo knows better that the Zhang family is not powerful, but this Zhang Yang is extremely capable, and if she wants to smoothly integrate into the top circle in Beijing, she must not offend him.

"Miss Li..." The clerk had stood there for a long time, and his feet hurt a little, so he called her softly.

In exchange for Li Mo's indifferent eyes.

The clerk dared not speak.

Li Mo then returned to focus and looked at the WeChat messages on her mobile phone. When she saw the message sent by Zhang Yang clearly, her face changed slightly on the spot, and the corners of her mouth were tightened, feeling very angry.

"Snapped!"

She put her mobile phone heavily on the glass cabinet, and for a time she couldn't breathe well, and she couldn't believe her eyes.

However, the message displayed on Zhang Yang's WeChat page has not changed at all. It is still the seemingly polite but actually quite blunt request—"Beauty, please change the group name, your ID crashed."

Li Mo pinched the palm of her hand, only feeling the pulse beating wildly in her forehead, and Zhang Yang's WeChat in front of her seemed to be baring her teeth and laughing at her.

Li Mo suppressed her anger with difficulty.

Picked up the phone again, flipped through the IDs in the group, and finally saw a name similar to hers at the end of the crane.

sun.

There is no avatar of the other party, and I have not seen any conversations in the group.

If it wasn't for this ID lying quietly in the group list, Li Mo wouldn't even know that there was someone with a similar name to her in the group.

Who is this!

Looking at that dark profile picture, Li Mo thought for a long time that he didn't know who he was.

Since she made a marriage contract with the Bo family and returned to China, she has been in the social circle like a duck to water, and everything has gone smoothly.

Even if Zhang Yang refuses to take the initiative to have a deep friendship with her, he still gives him enough face.

Li Mo never thought that one of her IDs in the group was similar to others, and they all asked her to change it. what is this? Deliberate demonstration?

Before Li Mo could figure out what this person called Sun meant, she heard a gentle introduction from the clerk in the shop.

"Miss, this row is our latest finished product series this year, and the next row is the necklace designed by this year's high-end ghost designer S, full of stars."

"this is not bad."

The woman's voice is full of charm.

Li Mo raised her eyes and saw that the other party pointed to one of the necklaces that she hadn't chosen yet: "Take out this set and show me."

It was a set of high-end ruby jewelry. The designer just inlaid the gems on the silver setting, and did not use too complicated techniques.

But this set of jewelry is better than the ruby color is beautiful enough, can be worn by all ages, solemn and luxurious unconventional.

Li Mo saw the clerk who led the woman in and immediately went to pick up the jewelry.

She suddenly called to stop the clerk: "Wait."

Several people in the store looked over together.

Including the young woman who just came in.

At the same time, Li Mo met her gaze. Her almond eyes looked gentle, but she was overbearing. She raised her chin slightly and said to the woman, "Sorry, I'll see the jewelry first."

The implication is that you can't watch.

It stands to reason that her straightforward words should be ignored by the other party as long as they are sensible.

But Li Mo didn't expect that woman to look at her with enchanting eyes, and opened her mouth to ask sincerely: "Why, you bought it?"

"I didn't buy it, but I'll come first!" Li Mo's face was gloomy, with an ugly expression.

Her words revealed a domineering tone, as if she was superior to others.

The few shop assistants in the store were confused by the scene in front of them and didn't know what to do. They looked at each other in blank dismay, a little at a loss.

The beautiful woman who came in from behind rolled her eyes again when she heard the sound, and asked sincerely, "Are you the VIP of this family?"

"!" Li Mo straightened her face and looked at the other party with uneasy eyes, as if asking what the other party meant.

I saw the beautiful woman ignoring her sitting on the high stool next to her, and took out a card from her wallet and handed it to the clerk: "Help me wrap that jewelry set, put it in a gift box, and I'll give it away."

The clerk looked down and saw the diamond card handed to him. He didn't dare to waste time, so he took it and said softly, "Okay, please wait a moment, distinguished guest."

She trotted into the warehouse safe to get the jewelry.

at the same time.

Li Mo saw the beautiful woman sitting next to her grinningly bared her white teeth, and smiled brightly: "I'm sorry, sister, I'm the VIP of this company."

—Are you the VIP of this company?

—Excuse me, I'm a VIP!

Li Mo's chest was full of energy and blood, and when she met the other party's casual and casual smile, she felt that the woman in front of her was extremely dazzling.

She curled up her hands on the glass cabinet, almost picking off the manicure she just made.

Li Mo looked at the other party vigilantly, originally wondering if the other party was Bai Fumei from a family in Beijing, but she hadn't met him yet.

But looking at the other party's uneasy peach blossom eyes, and the unruly sitting posture at first glance, I have already drawn the woman in front of me out of Bai Fumei in my heart.

Li Mo classifies her as a star with a certain body and good looks, or a canary who is taken care of by an old man.

She has always dismissed these two types of people.

At first, she wanted to compete with the other party, but when she thought that the other party might not be a celebrity, she stopped thinking and looked away. He said reservedly to the clerk, "I want that set of Fan Xing."

The clerk who followed her was holding a set of high-end jewelry, which was taken out of the safe by Li Mo before she said that she wanted to see the genuine product.

At this moment, Li Mo didn't look at it, and asked to buy another set.

The clerk had no choice but to bear the burden of hard work holding the set of high-end jewelry, and asked her in a soft voice: "Does Miss Li want to see the goods?"

Li Mo originally wanted to watch it, but out of the corner of her eye, she caught sight of a woman with her chin propped up and her legs raised, playing with her mobile phone, and felt disappointed again: "I won't watch it. You just pack it for me."

"OK."

The clerk breathed a sigh of relief, and hurried into the back with small steps to get the jewelry for her.

Li Mo didn't want to talk to the woman next to her, so she simply picked up her phone, turned it on, and saw the chat page with Zhang Yang.

Zhang Yang's message asking her to change her group nickname was still hanging on it, and she was slapped in the face with a big thorn... In addition, she was also angry when she was buying engagement jewelry.

Li Mo's fingers holding the phone tightened, her complexion getting worse and worse.

At this time, the clerk who went in first came out with a paper bag, and respectfully returned the black card to the beautiful woman next to her: "Miss Guan, please take your jewelry."

close?

Li Mo listened.

Searched for a person with the surname Guan in Jingshi in his mind.

Not long after she returned to China, she did come into contact with one or two people surnamed Guan, but they were all people who were not ranked high in front of her.

Li Mo watched the beautiful woman put away the card with cold eyes, got up and picked up the paper bag, and left without checking the millions of jewels inside.

"Heh." She sneered lowly, as if mocking the other party's pose. He even fiddled with the manicure he had just done, and recalled a sentence he had heard before: the poorer the person, the more they like to pretend to be rich!

Some poor people obviously only struggle on the line of food and clothing, but they like to buy luxuries that they cannot afford. This kind of people can't afford H's bags, so they buy belts and accessories. It seems that as long as I consume luxury goods, I can become a celebrity.

This woman is probably like this.

Buying a set of millions of jewelry without blinking an eye, without even checking it, is it just to pretend to be rich in front of them.

Even if a truly rich person can afford these things, it doesn't mean she won't check and choose again and again...Only the rich imagined by the poor is so superficial!

Looking at the back of the other party leaving, Li Mo was sure that the other party must be a canary kept by an old man. She took the black card of the patron and installed it in SEVEN.

She is too lazy to argue with this kind of person and lower the grade.

"Miss Li, your necklace is packed for you." At this time, her shopping guide came out and handed over an equally exquisite paper bag.

Li Mo picked up her handbag and took out a card: "Swipe the card."

"Okay." The clerk took the card with both hands, carefully swiped a sum of money, then returned the bank card to Li Mo, and asked softly, "Miss Li, do you need us to take you back?"

This is a regular arrangement in the store.

Guests bought jewelry, and if necessary, they will be responsible for sending the guests home safely.

This is also a unique rule of SEVEN.

Even the cars that send guests off are black Rolls-Royce Phantoms, which are low-key and elegant, which is the brand concept of SEVEN.

Li Mo thought about the bad things that happened today, and added that she didn't bring the driver, so she casually nodded her chin: "Yes."

The clerk went to prepare and arrange.

**

at the same time.

Guan Yan, who was slandered by Li Mo behind her back and pretended to be rich, just walked out of the shopping mall, took out her car key, opened the door of her Bentley parked on the side of the road, and threw the paper bag inside.

She bent down into the driver's seat and was about to put on her seat belt.

Guan Yan raised his eyes, and saw through the car window that the woman who had just robbed her of jewelry in the store left the mall surrounded by bodyguards in black.

"Tsk." She smacked her lips, thinking of Li Mo's seemingly critical gaze on her before, she thought it was funny.

But Guanyan saw many people of all kinds, and she didn't care about Li Mo, a superficial person who could see through at a glance. She swayed her legs and played with her mobile phone the whole time, ignoring the other's unreasonable scrutiny and scrutiny.

At this moment, Guan Yan's mobile phone on the passenger seat rang.

She reached out to pick up the phone, and saw Qin Si's name jumping on the screen.

Chapter 4040: Who is the person in the group who collided with my car ID?

Guan Yan hung up the phone resolutely, then propped his elbows, leaned on the car and sent him a WeChat message.

【Guan Yan: Is there something wrong? 】

These are her newly learned modal particles.

Slender waist control is very fond of using it these days, she is so girly, so she picks it up and uses it, and finds it very interesting!

Qin Si's dialogue box quickly changed to 'typing in progress', Guan Yan became impatient after waiting for a few seconds, and was about to start the sports car back to the hotel.

Fortunately, before this, Qin Si news came back one step ahead.

【Qin: Let's have dinner together in the evening. 】

【Qin: Let me introduce a few friends to you. 】

After scanning his message with one eye and two lines, Guan Yan hit the reverse board with one hand, and replied to him with one hand with the other.

【Guan Yan: No time. 】

Qin Si also returned quickly.

【Qin: Do you have other arrangements? 】

Guan Yan twitched the corners of his mouth, his outline softened, and edited the message patiently: [Aunt Ye, please eat, I want to go to eat with sun. 】

She finished this reply.

Not wanting to continue talking to him on the side of the road, he locked the screen and threw the phone on the passenger seat again, started the car, and drove to the hotel.

I didn't see the message behind Qin Si.

【Qin: Forget it. If you don't go, I won't go either. I also said that I would like to introduce the bride-to-be who will hold the wedding ceremony to you. 】

【Qin: But you don't have to go if you don't want to. She is not a person worth your special trip. 】

...

the other side.

Li Mo just got into the Rolls-Royce when she received a call from Zhang Yang.

"Hello." Despite being in a bad mood, Li Mo still spoke softly.

Zhang Yang didn't have as many things as her, hehe said: "Miss Li, Qin Shaogang messaged me back and said he couldn't come tonight."

"Young Master Ye..." Li Mo opened her mouth and said eagerly.

"Huh?" Zhang Yang probably thought her question was funny, no one in Beijing knew of a game that even Young Master Qin couldn't reach, let alone Young Master Ye.

This Li Mo just came to Beijing, so she doesn't know many common sense things.

Zhang Yang, with the mentality of giving Bo Er Shao some face, said kindly: "Young Master Ye is busy and not free."

Li Mo's expression faded, and she squeezed her phone: "Is that so..."

Zhang Yang could hear the disappointment in the other party's tone, and felt more and more that the marriage partner the Bo family was looking for this time was too ambitious, so he smiled and said, "That's right. I can't go to a business event tonight instead of my father. I'm in Ting Lan has reserved a box for you, and some people in the group will go there when they have time. You play, and the drinks will be charged to my account."

Li Mo ignored his arrogance and focused on the key point: "Are you...won't you come at night?"

"Hehe, Ms. Li said it as if I don't want to go." Zhang Yang joked: "I can't go because of temporary business. There is no way, people have to eat, right?"

When people talk to this position, Li Mo will seem ignorant to mess with others.

So Li Mo took a deep breath, swallowing the invisible aggrieved feeling.

"Oh well..."

"By the way, Miss Li, why haven't you changed your group nickname yet?" Zhang Yang asked suddenly.

Li Mo's whole body froze, she lowered her eyes, lowered her voice, and said naturally, "Oh, I just went shopping outside and was about to go back. So I haven't had time to change... Who is the ID in the group that crashed into my car? "

Zhang Yang clearly said that she hit someone else's ID.

Her mouth turned into Qiao Nian and hit her ID.

Obviously it was just a difference in order, which turned the person who named her later into a victim.
