

Madam's 4041

Chapter 4041: I don't want to be a man

Zhang Yang has been invading in the circle all the year round, and he is now a human being, how can he have no means?

So when Li Mo changed the meaning of her words in a casual tone, her attitude towards her immediately faded, and she said in a cold tone that she didn't even want to maintain her appearance: "Miss Li, don't care who the others are, just remember It is not allowed in the group to take the name that hits that ID."

Li Mo scratched her nails. She didn't expect his speech to be so blunt and unpleasant. After being embarrassed, she didn't want to offend Zhang Yang, so she could only say, "I see. I'll go back and change it later."

Zhang Yang lost his desire to talk to her: "I still have things to do, so I won't talk to Miss Li. Goodbye."

Li Mo's cheek muscles twitched, she held back her words, and managed to maintain an elegant attitude: "88."

Zhang Yang simply hung up the phone.

"Beep..." Li Mo heard the beep coming from the phone, put away the phone heavily with a gloomy face, and pressed the bag on her knees.

"Miss Li, are you ready to go?" The driver in front asked softly through the rearview mirror after seeing her finish the phone call.

Li Mo closed her eyes and pursed her lips slightly: "Yes."

**

The next day.

Qiao Nian didn't wake up until twelve o'clock at noon.

When she went downstairs, she saw Gu San making lunch and putting it on the dining table waiting for her to eat together.

The man in white home clothes is sitting on the sofa in the living room and is flipping through the latest financial magazines. The cotton and linen slacks cover his body to outline his long legs. The simple home casual clothes are worn by him as if the president in the TV series gets up early in the morning. sense of sight.

Even a ray of sunlight coming in from the window favored him, falling gently on the tips of his hair, like adding a thick ink color to the painting scroll.

Qiao Nian has always appreciated beautiful things, otherwise she wouldn't be able to be a designer.

So when she came down from the spiral staircase and saw the scene below, she naturally slowed down and whistled loudly.

"咻~"

is quite rascal.

Among the hooligans, there is a bit of unrestrained freedom.

The noise she made alarmed the two people below, Gu San and Ye Wangchuan looked up at the same time and saw the girl come down with her hands in her pockets.

Especially when Ye Wangchuan bumped into her bright and deep eyes head-on, he was startled for a moment, then raised his eyebrows, and greeted Qiao Nian meaningfully: "Morning."

Qiao Nian has already walked down: "Morning."

She opened the refrigerator door to get out of the ice water, but someone reminded her: "Gu San made chicken soup for you, and it's simmering in the kitchen."

Qiao Nian was holding a bottle of mineral water, ready to unscrew the lid: "I'll drink it later."

Ye Wangchuan looked at her with deep eyes: "You drink iced ones, and if you drink hot ones, your stomach will hurt."

Qiao Nian has already unscrewed the cap of the bottle, disapprovingly: "Oh, then I'll have the soup later."

After finishing speaking, she raised her head and gulped a few sips of water to relieve the hotness of just waking up.

After drinking half a bottle of ice water, Qiao Nian felt much more comfortable. He squeezed the mineral water and walked over, leaned on the sofa with one leg propped up, and seemed to look at the man when he remembered: "Didn't Chenchen say he would come in the morning?"

Ye Wangchuan flipped through a page of the magazine, closed the magazine, put it back on the coffee table, and said in a natural tone, "He's going to school."

"Hmm." Qiao Nian nodded naturally after thinking about today's Thursday, but didn't take it to heart.

It is normal for students to go to school on Thursdays.

Only Gu San heard the words and secretly glanced in the direction of his master Wang, deeply feeling that Master Wang is a dog!

As the bully of Beijing, Ye Qichen has been skipping classes since he was three years old, and he didn't even go to school after that.

Chapter 4042 Is it Miss Li?

He has behaved a lot in the past year, but the private elementary school he attended was not strict in inspections. Many students would ask for leave and stay at home if they had family problems or overlapped with their private education classes outside.

If the young master wants to ask for leave, it's not a matter of calling the teacher.

He remembered that this morning when Master Wang came together, he called the eldest lady, and said righteously that children should not be used to it, and that they should cultivate study habits from an early age.

And then, the young master who said he wanted to come and play with Ms. Qiao last night was forced to go to school.

...So it's not that the young master is going to school at all, it's clearly that the young master wants the young master to go to school!

But it was impossible for him to tell Qiao Nian what he was slandering in his heart, so he had to be an insider watching someone lie without changing his face and heartbeat, feeling uncomfortable.

"I thought he was on vacation." Qiao Nian replied casually, taking out his phone to check the news.

Just in time, I saw Qin Si send her a message saying that Tang Ning and others held a reception banquet for her in the afternoon, and Jiang Li also found time to come.

She was fairly familiar with Tangning.

Before, Qin Si pulled Zhang Yang and Tang Ning, and they often teamed up to play games.

Everyone is acquaintances, Qin Si asked for an appointment, Qiao Nian thought that he didn't have any arrangements this afternoon, so he replied with an [OK] emoji.

Turning around, she said to Ye Wangchuan: "Qin Si made an appointment to play together in the afternoon."

"Are you going?" Ye Wangchuan was quite surprised.

Qiao Nian shrugged his shoulders and raised his eyebrows lazily: "Go ahead, I just have nothing to do."

Letting her stay in the room in a daze is meaningless, and she just woke up, and now I tell her to continue to sleep after lunch, but she can't fall asleep...

Qiao Nian was simply too busy.

Ye Wangchuan saw the root cause of her agreement to Qin Si from the boredom in her eyes, and nodded: "Okay, I'll go with you."

Qiao Nian sent a message to Guan Yan, asking her if she would come out to play together, and asked Qin Si to send her the address, and then forwarded the location sent by Qin Si to Guan Yan.

...

After receiving Qiao Nian's reply, Qin Si notified Zhang Yang, Tang Ning and the others, "Sure, sister Qiao is coming. Call some more acquaintances, and let's have a small gathering."

Zhang Yang, like a fine person, immediately smiled and said that he would arrange it himself.

"Do you want to call...Miss Li?" Tang Ning entered the entertainment circle, at the beginning she was on the 18th line, and then she had an affair with Jiang Li.

She has a reputation as a top-notch, and she is not bad for traffic, but she is a group with a bad reputation, and she is often chased and scolded by female fans. Now in a black and red situation outside the second line, there is no shortage of resources, but there are no good resources to find her.

Fortunately, Tang Ning himself is open to it, and the Buddha is in business.

I have always maintained my tepid career, so I can find something for myself to do, so that I won't face a lot of bad things when I go home.

She mentioned Li Mo not because she has a good relationship with Li Mo, but simply to ask.

After all, everyone in the Beijing circle knows that Li Mo is going to get engaged to Bo Zheng soon. As a newcomer to the circle, they will take each other to play for Bo Zheng's sake.

Tang Ning mentioned it casually, originally thinking that she would be called Li Mo because of her flamboyant and smooth personality.

Who knew that Zhang Yang would not want to refuse and said: "We have a small gathering this time, there is no need to invite unfamiliar people."

Tang Ning was able to play well with Zhang Yang. She was not considered smart, nor was she stupid.

She immediately judged from Zhang Yang's "unfamiliar person" that she didn't want to play with Li Mo, and immediately changed the topic: "Then I'll call a few friends to play games with."

Chapter 4043 She is cheeky to take the meal

"Um."

Zhang Yang thought about it and added: "I'll find a few people too. Make it more lively~"

Miss Qiao doesn't like excitement, but Young Master Qin likes it.

He doesn't find too many people, but it's a common sense that everyone who knows how to play games—there are few people, the game is cold, and it's boring to play.

As the number one player among the players, Zhang Yang naturally knows how to arrange to ensure that the people he wants to maintain the relationship with have fun.

**

Since everyone has made an appointment for the afternoon.

Zhang Yang asked the club owner to reserve the largest private room, and arranged several bottles of fine wine.

He arrived at the place an hour earlier, greeted the boss and found a few waiters who were strict and smart, and checked the drinks himself.

It's half past two in the afternoon.

Half an hour earlier than the three o'clock they agreed, people came one after another.

Tangning came early.

was one of the first to come.

When she came, she greeted Zhang Yang, and immediately sat down beside her, and said to Zhang Yang, "Miss Qiao, they haven't come yet?"

Zhang Yang looked at the time on his watch, sat on the leather sofa, and replied indifferently: "It's still early, wait a minute."

They waited, instead of Qiao Nian and Ye Wangchuan, they waited for an uninvited guest.

When the door of the private room opened, a young man with emerald green bird feathers appeared at the door with Li Mo.

Zhang Yang and Tangning frowned together.

The two thought at the same time—how did she come?

Zhang Yang put down the melon seeds even more, as if he didn't expect Li Mo to come, he couldn't even control his facial expression in place for a while, almost revealing his secrets.

"Miss Li, come in and have a seat." The person who brought Li Mo was a man named Lu Yue, who had some connections in his family, counting three generations.

Otherwise, they wouldn't be able to get into Zhang Yang's circle.

Lu Yue is a typical dandy young master. His family was rich and he was sent abroad to study in his early years. He was very good at studying. He was admitted to Stanford University.

Then he came back with a gold-plated high degree, but he didn't enter the circle of power and wealth as his family expected.

On the contrary, they are similar to the second generation who have not studied. They only know how to play all day long, invest in what they fail, and their emotional intelligence is even more so.

Zhang Yang is willing to play with him, firstly because of the friendship between the older generations of the two families, and secondly because Lu Yue has a low EQ and at the same time is a careless person.

In their kind of circle, Zhang Yang sees many people whose minds are like a sieve, and it is inevitable that Lu Yue, a fool with his intestines to the bottom, will have a good impression of him.

Who knew that today this idiot taught him a lesson, letting him know what it means to be 'low EQ, brainless'.

Li Mo found a seat to sit down under Lu Yue's greeting.

"Thanks."

"You are welcome."

Lu Yue scratched his head in embarrassment, turned around and saw Zhang Yang looking at them with bulging eyes, and suddenly explained: "I met Ms. Li for lunch, and she invited me to have afternoon tea. I thought there was a problem here? Ask Miss Li to come with you."

"Hey, Brother Yang, don't you mind having more people?" He rubbed his hands together with an embarrassed look on his face.

Zhang Yang was so angry that his blood pressure rose sharply, and he didn't spit out a mouthful of blood, so he could only answer through gritted teeth: "Hehe, I don't mind."

Things have come to this point.

Zhang Yang has to take care of his face.

So after Zhang Yang finished speaking in Lu Yue, he took the initiative to talk to Li Mo: "Today we are just gathering in a small group. I don't know if you are free, so I don't have the nerve to find you."

Look, how sincere and natural the explanation is.

Chapter 4044 I am the person in that box, I don't know her

Of course Li Mo knew that Zhang Yang was just talking to her, but she was so cheeky that she tried to cheat others, so she was too cheap and behaved.

"I also happened to meet Lu Yue..."

"Hehe, what a coincidence."

Zhang Yang ended this topic.

He looked at the time, guessing that Qiao Nian and the others would be coming soon. He picked up his phone, bowed his head in the corner, and sent a WeChat message to Qin Si, briefly explaining the unexpected situation on his side.

...

Qin Si is driving.

When he saw the message from Zhang Yang while waiting for the traffic light, a trace of impatience flashed across his heroic handsome face, and he directly picked up his mobile phone and sent a voice message: "Why is she so annoying, she is everywhere!"

...

Zhang Yang received the voice over there, and clicked to listen without thinking much.

"Why is she so annoying..." When Qin Si's irritable voice was released publicly, he immediately pressed the stop button with quick eyesight and hands.

However, it just so happened that when Zhang Yang was listening to the audio, the song being played on the KTV in the private room ended, and he was skipping to the next song.

This is the neutral gear in the middle, which is quiet enough.

The consequence of this is...everyone can hear Qin Si complaining.

Now everyone with a brain looked in Li Mo's direction, and the expressions on their faces instantly became playful—is it her that Young Master Qin seems to be complaining about?

Li Mo didn't expect that she was sitting here, and misfortune fell from the sky. She was slapped in the face in public for no reason. Her fingers subconsciously grasped the strap of her bag, and she got up with a very bad expression: "I'm going to the bathroom."

Zhang Yang was also quite embarrassed, and explained with a smile: "Oh, Young Master Qin was telling me about a person in the game. I didn't pay attention and let him out."

"Well, I know." Li Mo swallowed, at least she looked normal, as if she really believed Zhang Yang's reasons.

She picked up her bag: "I'll go out for a while."

As she spoke, she pushed the door and went out without looking back.

Zhang Yang twitched his forehead and looked at Tangning desperately. Give her a shrug that everyone knows: "It's over."

Tangning pursed her lips and smiled, "I didn't expect you to make such a mistake."

Zhang Yang looked helpless: "I didn't expect Young Master Qin to be so...direct!"

He said it was over, but actually his face was very relaxed, and he didn't seem afraid of offending Li Mo, so he went straight over and sat down.

Tilting her head and talking to Tangning, "I heard from Ms. Qiao that she will bring a friend over today. I don't know which friend it is?"

Both of them thought of the 'those friends' that Qiao Nian said, from Su Huaiyuan to Mr. Nie, and Young Master Wei, etc., which one could be offended.

I'm afraid that the friends Miss Qiao called this time will not be ordinary people.

**

Outside.

Li Mo went out with her front feet, but she clenched her teeth with her back feet, her face flushed red with anger, and she almost couldn't maintain the expression on her face.

She was carrying her bag and was going outside to get some air.

I bumped into a familiar woman pulling the waiter and asking them where the box was.

Li Mo was about to walk away, but she saw that beautiful woman who looked very familiar, and her peach eyes were even more annoying to her.

She couldn't help but stop, stopped the waiter who was going to show the woman, and ordered to block the corridor: "You're new here? Didn't the foreman teach you how to behave?"

She slightly raised her eyebrows and looked at the beautiful woman who looked at her in surprise, and said softly: "Everyone is taken into the box, and I don't see if she deserves to go in."

She didn't even look at Guan Yan, and spoke directly to the waiter: "I'm from that box, and I don't know her."

Chapter 4045 Sister Nian calls Zhang Yang directly

"Uh..." The waiter's brain went blank after being reprimanded by her, and he opened his mouth, a little unresponsive.

But Li Mo was full of momentum, like the owner of the big private room, he was also fooled by Li Mo, subconsciously bowed his head to Li Mo and apologized: "Yes, I'm sorry for the guest."

Guan Yan looked at her for a long while in his free time, as if he was watching something novel and exciting, his eyes showed some interest.

Looking at it, Li Mo was full of anger, and said in a low voice: "Next time you want to find a financial backer, remember to try your luck in another place!"

As she spoke, she held her head high and walked away like an elegant swan, heading towards the bathroom. When passing by during the period, she didn't even bother to look at Guan Yan...

"Chick."

Guan Yan waited for her to leave before taking out his mobile phone to call Qiao Nian.

"Hello?"

The girl's voice was careless and idle, probably walking on the road, and more than one person's footsteps could be heard from the background sound.

Guan Yan didn't embarrass the waiter who was looking at her, and said with a low voice, "Sun, where have you been?"

"underground garage."

The girl probably heard that her question was illogical, and paused for half a second: "Did you encounter something?"

...

underground garage.

Ye Wangchuan just parked the car, walked over with the car key hooked on one finger, and felt the coolness on the girl's body.

"What's wrong?"

Qiao Nian was still on the phone with Guan Yan, unable to hear the emotion: "You wait for me at the same place for a while, I will be right there."

Immediately, she hung up the phone, holding the phone with her hands down, feeling dry all over her body, and looked up at the tall and long-legged man beside her.

"Do you know someone surnamed Li?"

"Li?"

Ye Wangchuan thought about it, and then said: "There are not many people surnamed Li in Beijing, so I don't necessarily know them."

"Isn't she from your circle?" Qiao Nian was quite irritable, especially when she heard Guan Yan talking about the other party's harsh words in public, saying that Guan Yan was for sale.

There was an unknown fire in her heart.

Guan Yan had a bad life in the illegal area before joining the Hongmeng, and she also encountered some bad things. It's just that she has got rid of the shadows and learned to live every day in the present.

But no matter in the illegal area or the Hongmeng, everyone knows that Guanyan has an unhappy past, so everyone consciously does not bring up this topic.

Qiao Nian really didn't expect that she invited Guan Yan to come to Beijing, and Guan Yan would meet such a person.

Ye Wangchuan felt that she was rarely angry, so he thought about picking up the phone and saying, "Wait a minute, I'll ask Zhang Yang."

Qiao Nian was one step ahead of him, and said first, "I'll do it."

She found Zhang Yang's phone number in her cell phone and called.

Putting one hand into his pocket, with a cold face and lips pursed, he walked towards the elevator.

The other end is connected in seconds.

Zhang Yang didn't know what happened, so he opened his mouth and asked, "Miss Qiao, have you arrived? Where are you? I'll come out to pick you up."

Qiao Nian pressed the up button of the elevator, stood at the door waiting for the elevator, and interrupted him concisely: "Today, you called someone named Li? A woman?"

Zhang Yang immediately sensed that her tone was wrong, and said vaguely, "There is a Miss Li among us, but Tangning and I didn't invite her. She came with another person, and everyone else came, so I didn't have the nerve to let her go. ...Miss Joe, what happened?"

The elevator just came down.

Qiao Nian stood at the entrance of the elevator and said bluntly: "She bullies my friend. I can't play with her. Wait until she walks with me!"

Chapter 4046 Everyone looks at her

"Don't!" Zhang Yang was impatient.

He saved the game for two consecutive days just to hold a welcome banquet for Miss Qiao and Mr. Wang.

Now everyone is at the door, and he messed it up.

Zhang Yang will never allow this to happen.

So he said immediately without any hesitation: "Miss Qiao, come here, and I will make it clear to her. We are a small party today, and she is not suitable here!"

"Yes." Qiao Nian actually made this phone call with that in mind.

That person didn't mean that Guan Yan was not worthy to go in and play together.

She just wants that person to see who is not worthy to play in the box!

...

Qiao Nian hung up the phone and was still angry, a little upset.

Ye Wangchuan saw her go in, raised his hand to press the third floor, pressed the cap on the girl's head, and said with a low smile, "Are you angry?"

Qiao Nian raised her thin eyelids, didn't explain to him the bad experiences Guan Yan had before, and just put her phone in her pocket.

Tell him: "I'm going to pick up Guan Yan later."

Ye Wangchuan saw that she was still angry with that Li, so he withdrew his hand, his deep eyes narrowed slightly, and the bottom of his eyes seemed to be brewing emotions.

People who are familiar with him will definitely be a man with their tails between their tails when they see Ye Wangchuan's expression, because usually when he shows this expression, he wants to attack people.

But there was no one else in the elevator except Qiao Nian.

Li Mo would not know that the woman she casually 'bullied' at the door would be Qiao Nian's friend and one of Zhang Yang's important guests today.

**

Wait for her to go back from the bathroom.

Li Mo obviously felt that the atmosphere in the box was not right.

Several people came in after she opened the door and looked at her.

The eyes are scrutinizing, sizing up and watching the excitement.

No one sat within a radius of one meter from where she was sitting before, as if she had become a virus-infected body, and everyone hid far away.

Even Lu Yue who brought her here blushed and stood beside Zhang Yang. Zhang Yang shut up only when she pushed the door in.

But Lu Yue looked at her with a clear sense of accusation.

...what's the situation?

Even if her nerves are slow, Li Mo can feel that these weirdnesses are directed at herself.

But she didn't know why this happened.

Li Mo could only sit back in her seat against the gaze, frowning, thinking about how to break the weird atmosphere in the box, and asked someone to ask what happened while she was going to the bathroom.

I saw a swaying young woman in a water-green suspender dress walking up to her with a red wine glass, and greeted her with a chuckle: "Miss Li?"

Li Mo raised her eyes and looked over, vaguely remembering that the woman in front of her was called Tang Ning, she was from around the city, she was now working in the entertainment industry, she was a female star.

"Ah, you're Tangning? I've heard your name before. You acted in a good TV series." She has always been downright contemptuous towards people whose family background is inferior to hers. Tang Ning was ignored.

For example, Tang Ning has never acted in a TV series, but she just opened her mouth, which is enough to show that she doesn't care, and she doesn't pay attention to others.

Tangning didn't change her expression, she smiled and thanked, "Really? It's fine if Miss Li likes it."

Li Mo could feel the gazes looking at him from all directions, so she simply didn't go around and looked directly at him and said, "This is Miss Tang?"

She pointed to the red wine glass in Tangning's hand meaningfully, her question was very strong.

Chapter 4047 I'm sorry, but you can't stay here

Tangning was more direct, tapped her wine glass with her chin, raised her eyes and smiled, "Well, I want to apologize to Ms. Li first."

"What do you mean?" Li Mo smiled slightly.

"I'll drink it first." Tangning didn't give her a chance to ask, and finished the glass of wine in public.

Instead, he put down his wine glass, stood up straight, and looked at Li Mo again. Shi Shiran said, "This is Miss Li. I took the lead in organizing today's bureau, and the main purpose is to clean up my friend."

Li Mo already guessed what the other party was going to say next, but it was unbelievable that the other party would do so.

"As you can see, the people who came here today are all friends who are good friends in the circle. My friend is introverted, shy, and shy. So..."

Tangning not only did it, but also did it generously.

"...So can you ask Miss Li to leave?" She even asked the other party, very polite.

At least in terms of attitude, Li Mo can't find faults

But no matter what the other party said or did, they undoubtedly slapped her on the face in front of so many people!

No matter how polite you are, what's the use of having a good attitude?

Li Mo's breathing was reversed, and she couldn't believe her ears. She stood up suddenly and stared at Tangning's beautiful face.

Tangning kept smiling all the time, "Before Lu Yue brought you here, he didn't understand the nature of today's party. We've already told him about it. Please forgive me for causing trouble to you."

"you..."

Li Mo couldn't get up in one breath, and almost pouted.

The other party seemed to be polite to him when he said this, but who was not a good person present, and he couldn't tell what he meant by scolding Lu Yue that he shouldn't bring her here?

She said why Lu Yue looked at her accusingly when she came in.

It turned out that someone scolded her for bringing her here to play!

Li Mo was so angry that she pinched her fingernails deeply, and she barely calmed down until the tingling sensation from the palm of her hand stimulated the central nervous system.

"Miss Li?" Tangning signaled her to leave with her eyes, even standing at a distance from her, not giving an inch.

Li Mo has never been so embarrassing since she was a child. She clenched her teeth and stared at Tangning's beautiful face: "Miss Tang, right? I remember you."

Tangning shrugged indifferently, and said politely and perfunctorily, "...Oh, my pleasure."

"Hehe!" Li Mo's face twitched, she turned around and picked up her bag, and left angrily.

Holding one hand on the doorknob of the box, she suddenly turned her head and asked softly, "Who are you hosting the banquet for today?"

Tangning looked at her in surprise, as if she didn't expect Li Mo to ask such a question, and she even used a tone of revenge. After regaining consciousness, he casually said, "A friend Miss Li doesn't know."

Li Mo didn't know why the girl named Sun in the WeChat group suddenly appeared in her mind, and immediately sneered.

She stopped entangled too much, opened the door, and slammed the door away like a whirlwind.

The box returned to silence.

Zhang Yang came forward and said: "Okay, it's time to eat, drink, and play. Don't wait for Miss Qiao to bring friends here. Seeing that you all look like logs, I thought something big happened."

Li Mo is backed by the Bo family in Beijing. As Bo Zheng's fiancée, her status in the circle is indeed not low.

But it also depends on who she compares with!

She compares with Miss Qiao.

He is backed by the Ye family, and is favored by Mr. Wang, so he is not bad. Mr. Nie, Tsingda University, Wen family, Su family, Wei family... which one is worse than the Bo family?

Chapter 4048 Are you that sun?

Li Mo ran to Qiao Nian's place to play awe-inspiring, purely playing a big knife in front of Guan Gong, courting death!

Even a three-year-old child understands this truth, and all the adults present, who don't understand the difference, the rest quickly react.

The bustle of the big box resumed before.

Singing, shaking dice, playing billiards, everyone had fun.

It seems that Li Mo has never been here, nor has she passed by.

**

Outside.

Li Mo rushed out of the box angrily, tightly clutching the bag in her hand, with a face full of anger and dissatisfaction, she bumped into Qiao Nian who had just received someone.

"You...?" Li Mo didn't notice that there was a girl wearing a peaked cap beside Guan Yan, she only had Guan Yan in her eyes, Liu Ye raised her eyebrows, and asked aggressively: "Why are you still here?"

Guan Yan didn't expect to meet her, so he stopped, looked Li Mo up and down, smiled and said, "I'm going in. What, you're leaving?"

This woman wants to enter the box?

Li Mo's face turns blue, turns white, turns red, and then he notices that there is someone beside Guan Yan.

She looked each other up and down.

girl.

very young.

The clothes she is wearing are of good material, but they are not the brands she is familiar with and often wear, and her dressing style is too casual.

But Li Mo can roughly see through the peaked cap that the girl's growth is particularly prominent, the skin on the chin is white, and the outline is sharp and beautiful.

She didn't know where the intuition came from, and suddenly read to Qiao: "You are the sun?"

As soon as the words came out.

Not to mention Qiao Nian turned her wrist and lifted the brim of her peaked cap, and cast a glance at her with her black eyes.

Even Guan Yan looked at the other party in surprise, obviously surprised that Li Mo would say this name.

Li Mo knew that she had guessed right when she saw the reaction of the two of them. She frowned slightly and narrowed her jaw: "I've been using summer when I was abroad. I didn't notice that your name was also called this before I joined the group. I thought that the WeChat group It's okay to put a nickname in it, since you mind, I'd better explain it to you, lest you misunderstand."

Guan Yan seems to be listening to the scriptures, what is this woman talking about?

After Qiao Nian raised his eyebrows, he probably understood Li Mo's meaning, raised his eyelids slightly, and looked over with black and white eyes: "Oh, you bumped into my ID?"

"You don't know?" Li Mopi smiled bluntly, too lazy to expose Qiao Nian, took the bag and prepared to walk away, but stopped: "By the way, what is your real name?"

Li Mo didn't wait for Qiao Nian to answer, and smiled slightly: "I can't call you sun, can I?"

"Qiao Nian." The girl said in a very cold tone.

Li Mo suppressed the displeasure in her eyes, twitched the corners of her mouth, didn't even bother to say goodbye, shook her hair, and walked away without looking back.

Seeing her leaving back, Guan Yan bumped the girl's arm with his elbow with great interest: "Sun, what do you think she wants to do?"

Qiao Nian looked away impatiently, raised her legs and walked forward: "I don't know, I don't know, it doesn't matter."

I don't know, I don't know, it doesn't matter!

Enough arrogant!

It's Qiao Nian's style.

"That's right." Guan Yan thought about closing his eyes, too lazy to care about what Li Mo wanted to do.

**

Ye Wangchuan didn't go to pick up Guan Yan with Qiao Nian, he was a little behind them, walking behind.

Qiao Nian entered the box.

He's still outside.

Ye Wangchuan took his time and didn't go in in a hurry, but found a corner staircase, took out his mobile phone and called Bao Jingxing.

"I thought you didn't contact me anymore." Bao Jingxing answered the phone with a familiar tone.

Ye Wangchuan was leaning on the stairs, and from his angle, he happened to see Li Mo leaving angrily, so he raised his eyes and casually talked to Bao Jingxing: "Where is your new aunt?"

Chapter 4049 I usually don't inquire about others casually

"Where did my aunt come from?"

Bo Jingxing came to his senses: "You mean the Li family?"

"Yeah." Ye Wangchuan took out a cigarette from his pocket, bit it between his thin lips, and seemed to remember something and didn't light it, but played with it between his fingers.

"Why did your family think of marrying someone outside?"

"She has a problem?" Bao Jingxing couldn't figure out what this master was thinking for a while, and mistakenly thought that there was something wrong with Li's family.

Ye Wangchuan kneaded the cigarette with his fingertips, and said a little casually: "No, I'm just curious."

"Oh." Bao Jingxing didn't talk nonsense, he probably told him about the relationship between the next two families, and finally explained roughly: "...It wasn't her turn, I didn't expect her grandma to find out the dead wife and say it to my grandpa for saving his life Thing. You also know that the relationship of the older generation is like this. The kindness is greater than the sky. The marriage was arranged by the old man lying in the hospital bed. Even if my third uncle doesn't want to, there is nothing I can do, but to bite the bullet and get engaged first. Things That's about it."

Ye Wangchuan broke off the cigarette between his fingers: "Does Third Uncle Bo like someone?"

Bo Jingxing was taken aback for a moment: "Huh?"

Ye Fanchuan's eyes were dark, and he smiled for a moment: "It's nothing. I guessed it from your tone of voice..."

Bo Jingxing was silent for a moment, and said with a little embarrassment: "I almost forgot everything, but I can't hide it from you. Your intuition...is quite scary."

This means tacitly acquiescing that Bo Zheng actually has another woman he likes.

After all, it is my third uncle's secret.

Bao Jingxing couldn't be too specific, just said: "I don't know much. I only know that my third uncle studied in ordinary high school before, and he seems to be a classmate he met in high school. The two have always been in contact, and they still dated when they were in college. After a while. Later... my third uncle went to the army, and the two separated. Now the family has a child, a daughter."

Ye Wangchuan completely broke the cigarette in his hand: "So... Uncle Bo has not married for so many years, is this the reason?"

"This... It's hard to say. After all, he never mentioned to me why he didn't get married. In short, he just never got married. If the old man didn't open his mouth this time, and said that he didn't have a few days to live, I guess he wouldn't bow your head."

Ye Wangchuan put his legs up, threw the broken cigarette on the ground, turned around and walked out casually, talking to him with his mobile phone in one hand: "Okay, I see."

"My Lord, why are you asking this?" Bao Jingxing grasped the point.

Ye Wangchuan still didn't tell him the reason, and said in a leisurely manner, "...ask."

Bo Jingxing had no choice but to admit it.

He could only light a candle in his heart for Miss Li, who was about to become his little aunt, and Wang Ye usually would not inquire about a single person.

Once Wang Ye inquires about someone, it means that person may be targeted.

He doesn't know what Li Mo did, but he can be sure that Li Mo will be in trouble next time...

...

In the box.

Ye Fanchuan came in last.

Even Jiang Li and Qin Si had arrived, so he opened the door and entered without haste.

After entering, he didn't say hello to the others, he went straight to Qiao Nian and found a sofa to sit down on, and leaned lazily aside.

Qiao Nian was dragged by Qin Si to play cards.

She could touch a deck of cards in her hand, and there were piles of weights on the table in front of her, but she was unlucky. Ye Wangchuan looked over and found that she didn't even have a card in her hand, 123 had no 4, and 567 had no 8.

But the girl raised her legs, propped her chin with her hand, narrowed her sleepy eyes slightly, sluggish and out of shape.

Chapter 4050 Qin Si was cheated by sister Nian again

Qiao Nian's lazy look looking down on all sentient beings, as if she was holding a pair of aces + 4 2s in her hand.

Sitting across from her, Qin Si, who also grabbed a handful of farmer cards, swallowed and resolutely gave Jiang Li the opportunity to be a landlord.

In the end, I still didn't forget to read to Qiao trustingly: "Sister Qiao, the rest is up to you!"

Qiao Nian raised his eyelids, returned an OK gesture to him, and picked up his lips to answer: "Yes, I will pay the money together."

"Hey, I believe you won't overturn!" Qin Si hadn't realized what Qiao Nian was telling the truth, it was quite witty.

Thought the boss was keeping a low profile.

Jiang Li glanced at him, and asked him before the flop: "Do you want to add weight?"

This is a common way of fighting the landlord.

Generally, you can choose to double or not to double before starting.

Qin Si wanted to share with Qiao Nian, and pushed out his own weight without hesitation, Yi Bo Yuntian said: "Add! Why not add."

Tang Ning looked at three brands.

Knowing that Qiao Nian was not as good as Qin Shao, he raised his hand to his forehead and silently gave Qin Si a thumbs up.

Sure enough, Jiang Li flipped the cards immediately, not giving him a chance to repent.

The next step is unilateral killing.

He was full of good cards, so Qin Si frequently looked at Qiao Nian, hoping that Qiao Nian would be able to turn the tide. However, the girl just put one hand on the back of the chair, holding a handful of cards, and every time it was her turn, she would answer in a low voice: "... pass."

Until Jiang Li finished throwing Wang Zha.

Qin Siteng stood up and snatched the cards from Qiao Nian's hand. Seeing the broken cards, he couldn't help crying, "No, sister Qiao. Your cards are so bad, what are you holding?"

It made him think until the end that the pair of king bombs in Jiang Li's hand were in Qiao Nian's hands, and he still had a glimmer of hope that Qiao Nian bombs would be on Jiang Li's waist.

Who knew that sister Qiao had blown up his heart with a hand of bad cards, blowing his hope of turning over to pieces...

Qiao Nian placed a bad hand of cards on the table and asked Tangning to take her place: "The weight is there. If you lose, it's mine. If you win, it's yours."

Tangning didn't shy away, and immediately sat down, "Okay, I won and invited Ms. Qiao to dinner."

Her straightforward character is actually more likable, and sure enough, Qiao Nian nodded, agreeing.

Tang Ning happily took Qiao Nian's place, and asked Qin Si and Jiang Li to play together.

...

"Why did you come in so late?" Qiao Nian put down the Pai Gow, so he could have time to talk to Ye Wangchuan. She avoided the lively crowd, turned her head and said to the man.

"Huh?" There were many people in the box, and some people were playing music, so it was very lively.

Ye Wangchuan didn't hear what she said to him at the first time, raised his eyebrows, and his appearance was outstanding, no wonder he was regarded as the ceiling of Beijing's beauty.

Qiao Nian couldn't help but look a few more times, then moved closer, and slowly continued what he said just now: "I said, why did you come in so late."

Ye Wangchuan felt a slight tickle on his neck. Seeing the girl's black hair falling on his neck, Qiao Nian didn't seem to notice it. A pair of bright eyes moved closer, showing his own face.

He paused for breath, closed the fingers holding the glass half an inch, and raised the corners of his lips: "I answered a call."

"Oh." Qiao Nian backed up after hearing this.

Just about to distance himself from him.

Suddenly someone grabbed her finger and pulled her over again.

Qiao Nian was caught off guard and ran into his arms, instinctively remembering the injury on his shoulder, his body tilted, and he was about to fall if he didn't sit still.
