

Madam's 4051

Chapter 4051 Everyone is watching

Ye Wangchuan hooked the girl's waist with one hand, pulled her into his arms again, his heartbeat was steady and powerful: "Nian Nian, don't move, you have something on your hair."

Qiao Nian looked at his handsome face that was infinitely magnified in front of her. She could see the pores clearly, but Ye Fanchuan's skin was so good that he couldn't see any pores at such a close distance. It is darker than a woman.

The man's breath sprayed lightly on his face and ears.

Qiao Nian curled up her fingers on the edge of the sofa, grasping it subconsciously, but felt that she was overreacting, so she frowned slightly, forcing her body to relax.

It's between this breath and one breath.

Ye Wangchuan took a small piece of falling ribbon from her hair, slightly distanced himself, and showed her his palm: "Okay. It's this one. It should have fallen on the hair when entering the door."

Qiao Nian suddenly relaxed, and nodded slightly: "Hmm."

She almost lost control just now, she was too beastly.

Could it be that she has been in the illegal area with Guan Yan, Hua Bi and the others for a long time, and she has heard too many words about tigers and wolves, so she subconsciously hinted at herself?

Thinking of this, Qiao Nian glanced at the unaware man beside him, his eyes fell on his rose-colored thin lips, and he narrowed his eyes.

Did she really want to... kiss her just now?

Qiao Nian was still thinking about something, when he felt his earlobe being gently twirled with fingers, a chuckle came from his ear: "What is God Qiao thinking about?"

Qiao Nian raised his eyes, his dark eyes showed a lazy expression of a man who seemed to be smiling but not smiling.

She thought for a while, withdrew her hand, and looked over seriously: "How about a kiss?"

Ye Wangchuan: "...". She is quite polite.

Qiao Nian turned to notice the peeping gazes from all directions in the box, closed his eyes again, and calmed down: "Forget it, let's do it another day."

She has no interest in performing erotica to others.

Guan Yan, Jiang Li and the others looked like they were playing cards, but in fact they kept peeking in their direction, and their ears were pricked up to eavesdrop...

It was hard for Qiao Nian not to notice them.

Ye Wangchuan came back to his senses, stars fell into his eyes, and he said in a dotting tone: "...Okay. Then another day."

Qiao Nian stepped back to a safe distance, nestled in a corner of the sofa, with one leg hanging down, and the other leg stepped on the coffee table, and she had already taken out her mobile phone to play.

But when she heard Ye Wangchuan's answer, she didn't bother to raise her eyelids, feeling cold and dry, she raised her hand, and casually made an OK gesture to the other party, indicating that there was no problem.

**

Next two days.

Jiang Li was pestering her to wander around.

Qiao Nian only stayed in Beijing until Bo Zheng's engagement banquet was over, and she didn't have time to spend with her family at first. This time, she just had to be patient and get up early and late every day to accompany Jiang Li, Jiang Zongjin, and Mr. Jiang to visit the scenic spots.

They visited all the scenic spots near Beijing.

Qiao Nian also knew that the reason why Jiang Li made a fuss about visiting the scenic spots was not because she wanted to play, but because she wanted to take her around.

After all, except for Qiao Nian, they are all from Beijing.

They have basically been to the scenic spots in this area of Beijing once.

Qiao Nian knew Jiang Li and Mr. Jiang's intentions, so he became more patient. Anyway, he just accompanied them all the way, walked around, and bought some snacks and specialties.

Bo Zheng's engagement date is March 10th.

In a blink of an eye, it was March 9th.

The Bo family and the Li family got busy early.

As the soon-to-be groom, Bo Zheng almost left him alone and disappeared for several days in a row. No one could find where he went.

Chapter 4052 The Jiang family is very powerful in Beijing?

As one of the protagonists of the engagement banquet, Li Mo had to take on most of the responsibilities, and took the initiative to handle matters that needed to be finalized by the newcomers at the engagement banquet.

The housekeeper of the Bo family frequently went in and out of the house that Li's family bought in Beijing, either to deliver wedding candy, or to ask about the details of the engagement banquet.

Li Mo enjoys this feeling of being sought after very much, and has also received congratulatory gifts from many people one after another...

These gifts were basically intended for Bo Zheng, because the Bo family couldn't get in touch with Bo Zheng, so Mrs. Bo simply asked the housekeeper to bring these gifts to Li Mo and let Li Mo accept them.

The Wei family, the Wen family, the Ye family...the top families in Beijing all gave face-saving engagement gifts this time. The ostentation was huge, and Li Mo was very happy to count the gifts every day.

It happens that tomorrow is the engagement banquet.

The butler of the Bo family came to Li Mo with the guest list early in the morning. He intended to let Li Mo take a look and express the sincerity of the Bo family.

"Miss Li, did I put the list here?"

"Let me see."

Li Mo was instructing the servant to put away a jade bracelet with an excellent water color, and then walked over immediately, and really picked up the list and looked at it carefully.

The housekeeper of the Bo family saw that she was looking seriously, and that she was the future wife of Bo Zheng, so he took the initiative to go over and explain to her the people on the list.

The interpersonal relationship in Beijing is complicated.

The Bo family controls the nine institutes, and their status has risen over the past year, and there are faint signs that half of their foot has stepped into the top circle.

Bo Zheng is the best man in the third generation.

The big families in Beijing certainly gave Bo Zheng enough face, as long as there is nothing wrong, anyone who can come will come.

Even those who couldn't come because of something, they would inform Bo's family in advance and explain why they couldn't come.

Except for the veterans like Mr. Ye who have long since retired, this engagement banquet gathered almost all people from the upper circles of Beijing.

"This is the Zhang family. Zhang Yang is a leader of his generation. The family business is almost in his hands. He is a very capable young man."

The housekeeper pointed to Zhang Yang's name and explained to Li Mo, and told Li Mo the basic situation of the Zhang family in a few short words.

Li Mo didn't care about these things, looked down at the list with almond eyes, and suddenly pointed to a group of people and said, "Grandpa Butler, this is...?"

"Let me take a look." The housekeeper of the Bo family looked intently, saw the names she was pointing at, and suddenly realized, "This is the Jiang family."

The butler of the Bo family said with a smile on his face: "Our old man has a good relationship with Mr. Jiang. They are old friends who have known each other for many years. It's a pity that both the old man and Mr. Jiang suffered too much when they were young. When they get older, both of them are not healthy. excellent."

This is also a common shortcoming of Mr. Ye's generation.

Old Wei worried about his country all his life, and even passed away early.

The butler of the Bo family was still immersed in sadness, and didn't notice the flash in Li Mo's eyes. He looked at Qiao Nian written in the middle of the names, and asked softly, "Then the Jiang family is very powerful in Beijing?"

"Jiang family?" The housekeeper of the Bo family frowned, subconsciously thought of Jiang Zongnan's branch, and said with a complicated expression: "Because of certain things...the Jiang family can only be regarded as the middle in Beijing. If there are no such things, With that relationship, no matter what, you have to step into the top circle."

"That's it." Li Mo directly substituted the "that" he said into Jiang Weishang, thinking that Jiang Weishang had a good relationship with Mr. Bo and could help the Jiang family.

In her heart, she positioned the Jiang family as a second-rate family attached to the Bo family.

Chapter 4053 She doesn't send invitations to Sister Nian

Li Mo didn't show her own thoughts, she still asked the old butler about such and such matters in a gentle and sensible manner, until she sent the old butler of the Bo family away.

She looked at a large pile of invitation cards brought by the housekeeper, found out the people she had just seen on the list, and took out the name cards of Jiang Weishang and Jiang Zongnan, and then threw Qiao Nian and Jiang Zongjin's into the trash can. Talk to your servants.

"Find someone to send out the invitation."

"yes."

**

Now the technology is advanced.

In addition to paper invitations, electronic invitations have already appeared.

Most of the guests who want to attend the engagement banquet will receive the electronic version of the invitation first, and the engagement banquet will be held soon.

They just started accepting paper invitations.

Paper invitations represent the style and taste of a family. Even in today's technologically advanced world, this is an unwritten tacit agreement in Beijing.

To attend the engagement banquet tomorrow, you still have to enter and leave with the paper invitation sent to your door by the Bo family.

The invitations from the Jiang family were uniformly sent to the Jiang family's old house.

Auntie brought in a stack of invitations and handed them to Jiang Zongnan: "Boss Jiang, someone sent you an invitation. Take a look."

"Give it to me." Jiang Zongnan knew that it was probably sent by the Bo family, so he stretched out his hand to come over, and lowered his head to check.

He had a dazed expression on his face, and then re-checked the invitation in his hand two or three times, and raised his head to stop the aunt who was going to clean up.

"Are you... sure the other party only gave you these? Did you leave two out?"

"No." Auntie shook her head, confused: "That person only gave me so many invitations just now, and I gave them all to you."

Jiang Zongnan frowned and pursed the corners of his mouth.

Auntie could see that his expression was solemn, and unconsciously became nervous: "Mr. Jiang, is there something wrong?"

But she was also wronged.

The person who delivered the invitations outside only gave her these few invitations and nothing else, otherwise, what would she do secretly hiding.

Jiang Zongnan raised his eyes to see his aunt's nervous expression, he loosened his brows and said, "It's nothing. I'll go out for a while, and Jiang Yao will ask him to call me when he comes back."

"Okay, Mr. Jiang." The auntie saw him hurried upstairs, changed into his formal clothes, took the car keys, and hurried out.

Outside, the sound of sirens quickly came to mind.

It should be Jiang Zongnan who drove away the car parked outside.

Auntie turned her head and went into the kitchen. She noticed that all the invitation letters on the coffee table had been taken away by Mr. Jiang. She vaguely felt that Jiang Zongnan's rush to go out had something to do with the invitation letter.

It's just that she doesn't know what's wrong with the invitation.

Auntie didn't think so much, so she went to make soup.

**

at the same time.

Jiang Zongnan hurried to the nursing home where Jiang Weishang was, and saw Mr. Jiang who was pushed outside by the nurses.

He walked over quickly and called out, "Dad."

Jiang Weishang's face collapsed when he saw him: "Why are you here?"

Despite his dissatisfaction, Jiang Weishang politely asked the nurse to go back first, leaving him alone for the time being.

The nurse was also obedient, and immediately gave them space to talk.

"Let's talk, something happened to the company again?" Jiang Weishang thought it was the last time, so he took a bad look at him and spoke with anger.

Jiang Zongnan showed bitterness, did not explain, silently took out the invitation letter from the Bo family and handed it to him: "This is the invitation I received, please take a look."

"Bo's?" Jiang Weishang loosened his brows, reached out to take it, turned it over, his face changed slightly, and immediately looked up at him: "Did you miss two?"

Chapter 4054 The master is going crazy

Jiang Zongnan felt really uncomfortable: "Dad, I'm Uncle Nian Nian. Before, it was related to Xian Rou, but this time it didn't involve anyone. I wouldn't act like that."

"I have received so many invitations, and there are no invitations from Big Brother and Nian Nian. I feel strange, so I hurried to find you."

Jiang Weishang is also aware of his son's character. Jiang Zongnan is indecisive in the face of feelings, but he is indeed not a person who can play low-level tricks.

It wasn't that Jiang Zongnan hid the invitation letter on purpose.

Jiang Weishang's expression became serious, he met Jiang Zongnan's eyes, and said, "What does the Bo family mean?"

"I don't know either." Jiang Zongnan shook his head.

He was still more puzzled than Mr. Jiang, and said, "I remember Bo Ershao and Ye Shao are good friends, and they had a good time with Niannian. What's the matter this time..."

The Bo family didn't read the invitation letter to Qiao.

Not only did they not read it to Qiao, but they didn't even read it to Jiang Zongjin!

But the Bo family gave Jiang Zongnan and Jiang Weishang invitation letters.

This kind of blatant discrimination and face-slapping behavior is really incredible.

Even if the big families in Beijing don't like each other in private, they don't bother to make a fuss on the stage and engage in such a small means of distinguishing others.

What's more, as Jiang Zongnan said, the Bo family and the Ye family have always been close, and Bao Jingxing has a close relationship with Ye Wangchuan and Qiao Nian.

Is the Bo family crazy?

Only send invitation letters to them, leaving out Nian Nian and Zong Jin.

Jiang Weishang looked through the invitation letter in his hand repeatedly, and made sure that even Jiang Li and Jiang Yao were invited, but there was no invitation letter from Qiao Nian and Jiang Zongjin.

He exhaled foul breath, with a cold face, raised his eyes and said to Jiang Zongnan: "Push me back. I'll tell Xiaoye."

He didn't want to tell Qiao Nian directly, so as not to affect Qiao Nian's mood.

It is best to ask Ye Wangchuan about this matter.

After all, Ye Wangchuan and Bao Jing walk close together, so he knows exactly what the Bo family means.

**

ten minutes later.

"I see." The young man's tone was soft, with a kind of calming power: "Don't worry, I will ask clearly."

"Then I will trouble you." Jiang Weishang was polite.

Ye Wangchuan lowered his eyes: "No trouble, you are too polite."

"Grandpa Jiang, I'll ask him first, and I'll get back to you after I figure out the reason." He said something to Jiang Weishang, and then hung up the phone politely.

Ye Wangchuan hung up the phone and did not call Bao Jingxing immediately, but leaned against the edge of the balcony railing, his eyes suddenly turned cold.

He knew that the Bo family couldn't do it, it must be Li Mo.

It is said that he only needs to make a phone call and tell Bo Jingxing or other members of the Bo family, and the Bo family will immediately send another invitation card.

But he didn't do that. Instead, he pinched the edge of the phone's thin body, tapped it with his slender fingers, and thought for half a second.

Ye Wangchuan drew his thin lips into a straight line, and called Zhang Yang: "Help me with something."

"My lord, tell me."

"You go..." Ye Wangchuan leaned on the balcony, looking at the scenery of Beijing below, and arranged his tone in a leisurely manner.

He put one hand on the balcony, a thin wrist leaking from the cuff, with fair skin, and a circle of dark brown beads wrapped around it. Add some compassion to him.

Anyone who knows the character of Ye Shao in Jingshi knows that this Buddha face is kind and cruel, and he is definitely not a person who is merciful to others.

It's okay not to provoke this person.

Anyone who provokes this master will be played to death.

Ye Wangchuan hung up the phone, raised his eyebrows, and his eyes deepened. I have already guessed the reason for this oolong - Qiao Nian's name is written with the Jiang family, I am afraid that person has never thought about the relationship between Qiao Nian and him.

Chapter 4055 Everyone is gone

the other side.

Li Mo had long since forgotten about the expulsion of Qiao Nian and Jiang Zongjin, and invited people from the Bai Fumei circle in Beijing to have a beauty treatment together.

After she finished the essential oil massage, she came out of the beauty spa again.

I saw the family members anxiously waiting for her in the lounge of the beauty salon.

"I'll go over there." Li Mo saw the butler of the Bo family, turned her head and said to a few friends who came, and walked straight over.

The few Bai Fumei who came with her didn't know what was going on outside, and looked in her direction wonderingly.

"Strange, did you find this place?"

Someone disagreed: "Bride-to-be, there are many things, it's normal."

The staff of the beauty salon returned the mobile phones they kept in advance to several people one by one.

Someone turned on the phone and played a few times. Out of the corner of his eye, he saw a message. He was taken aback and stopped the others: "Come and see this!"

...

Li Mo still doesn't know what happened.

She walked to the rest area and greeted the old housekeeper gently: "Grandpa housekeeper, why are you here?"

The housekeeper of the Bo family saw her coming out, his eyes lit up, he walked up to her without hesitation, and asked seriously: "Miss Li, have you sent out all the invitations I gave you?"

Li Mo's eyes flashed: "Why do you ask such a question?"

She didn't wait for the old housekeeper to answer, and immediately said: "Of course I sent them all."

Seeing her lacquered eyes, bright eyes and bright teeth, the housekeeper frowned and said in great distress, "That's not right."

Li Mo kindly leaned over and said, "What's wrong?"

The housekeeper thought carefully about whether he had handed over all the invitations to Li Mo, and whether there would be a possibility of missing a few invitations in the process.

He thought about it a few times, and he was sure that it was impossible for him to make a low-level mistake.

The housekeeper met Shang Li Mo's eyes and said sternly: "Something happened. The Ye family suddenly stated that they would not participate in tomorrow's engagement banquet...followed by the Zhang family, Tang family, and Qin family...many people expressed that they would not come tomorrow."

Li Mo's face was as white as snow, she clenched her fists tightly, pinching the palms of her hands, trying to calm down: "Why, how did this happen?"

The old housekeeper observed her reaction carefully, and said softly: "I asked Master Jing Xing to ask Young Master Ye, and Young Master Ye said that his girlfriend didn't receive the invitation. Since he doesn't have a female companion, he won't come."

Li Mo realized: "You mean Joe, Qiao Nian her..."

She almost slipped her tongue, but fortunately she stopped in time.

However, her face looked very pale, and anyone with a discerning eye could tell that she was extremely restless.

"Miss Qiao is Young Master Ye's fiancée."

The housekeeper of the Bo family felt that she was overreacting, and he was not sure whether Li Mo's reaction at this moment was because she was suddenly hit by hearing that so many guests would not come tomorrow, or because of other reasons...

He dutifully explained: "Elder Ye and Miss Ye like her very much, and she and Young Master Qin also had a good time. We missed her invitation this time, and I'm afraid it annoyed her."

Li Mo stays abroad all year round. If it weren't for this marriage and engagement, she would not return to China. It's normal that she doesn't know much about the situation in Beijing.

The butler of the Bo family said softly: "Miss Qiao is usually low-key, but she has a high status in the circle of the younger generation in Beijing. Not only Qin Shao and the others have a good relationship with her, but she also has a close relationship with Nie and others. Now it's just Qin Shao and the others. If I can't say it, I'm afraid that even Mr. Nie and the others won't want to come later."

That's no small matter.

Chapter 4056 Wangye: You are not qualified

If those in the top circle don't want to come, the Bo family's engagement banquet this time will definitely become a laughing stock in Beijing...

Several insiders of the Bo family were dying of anxiety.

Bo Jingxing didn't find out anything, so Mrs. Bo and the others became even more anxious.

The old man hasn't been alarmed yet, if the old man knows, he won't be **** off?

So the old butler just wanted to find out the reason quickly so that he could prescribe the right medicine to solve it: "Miss Li, you really didn't see Miss Qiao's invitation?"

How dare Li Mo say that she threw it into the trash can at this moment, so she can only bite the bullet and lie: "Ah, no, I didn't see it."

Fortunately, the housekeeper of the Bo family didn't criticize her too much. He nodded and said to her solemnly, "Then I'll go back first, and then let Master Jing Xing inquire about it."

Li Mo couldn't stay any longer, and hurriedly called him: "I'll go back with you."

**

at dusk.

Many Bo family members including Li Mo gathered in the old house, discussing how to solve the current emergency.

Bo Jingxing has been calling Ye Wangchuan in the study.

Ye Wangchuan didn't answer the call all afternoon.

Until he made nearly thirty calls.

The other side picked it up lazily.

"Hello." Bao Jingxing was a little anxious when his family called him back, and his tone was naturally impatient: "Master Wang, I have contacted Zhang Yang. He said it was your intention, what's going on?"

"Um?"

Bao Jingxing walked quickly on the balcony, pushed the gold-rimmed glasses on the bridge of his nose and said annoyedly: "Tomorrow is the engagement banquet. Even if you have some fire, can't you post it after tomorrow? My mother and the others are here. The whole family We discussed in the living room all afternoon, so what happened?"

He probably heard something about the reason.

"Because the butler lost Sister Qiao's invitation letter?"

Although Bao Jingxing thinks that Ye Wangchuan is not a person who cares about everything, but when it comes to Qiao Nian, no one dares to be too absolute.

"I can come to the door to apologize, Sister Qiao, she..."

Ye Wangchuan didn't speak for a while, and said softly, "So Li Mo told you that the housekeeper lost the invitation letter?"

Bo Jingxing slowed down, put his hand on the doorknob together, and lowered his voice: "What do you mean?"

Ye Wangchuan didn't hide it, and said bluntly: "There are two invitation letters missing in total, one from Qiao Nian and one from Uncle Jiang. Everyone else's is not lost, even the invitation letter from Jiang Yao, the second roommate of Jiang's family. Can you guess why it was such a coincidence that only Qiao Nian's invitation letter was 'lost'?"

Bo Jingxing grabbed the doorknob tightly: "You mean...but there's no reason!"

"I asked Zhang Yang about this." Ye Wangchuan was calm, his voice was like a breeze: "Earlier, Qin Si saw that her nickname collided with Qiao Nian in the group, so she sent a private message to ask her to change her nickname. Later, she ran into Guan Yan on Chang'an Street, and had a conflict with Qiao Nian. It is said that she asked Qiao Nian's name that day, and then walked away. The reason is not sufficient, but someone insists on doing it..."

Bo Jingxing's heart turned cold, and he believed it: "Master Wang, I can apologize to you on her behalf, I..."

"You're not qualified." Straightforward.

Ye Wangchuan's faint voice, articulation is very clear: "Also, the matter of Qiao Nian is my business. I can be wronged, but she can't! I will remember it clearly in the future."

...

Bo Jingxing hung up the phone, turned the doorknob and went out.

In the living room, a large family is still waiting for him.

Madam Bo even contacted Ye Lan, and asked Ye Lan what happened.

Chapter 4057 Expose Li Mo's true colors

But Ye Lan was out of town, so she didn't seem to know much about this, so she only agreed to ask Ye Wangchuan or Qin Si for her.

Madam Bo was as anxious as ants on a hot pan, but there was nothing she could do.

So when Bao Jingxing came out.

The eyes of the whole family fell on him.

Madam Bo hurried up to meet him, grabbed his arm and asked, "How, have you contacted Young Master Ye? What did he say?"

"Contacted."

Bo Jingxing's chest was full of fire, and he was aggrieved. He took off his glasses rarely, revealing a pair of fox eyes behind the lenses.

He crossed the crowd and walked in front of the obedient Li Mo, looked at the young woman with delicate makeup and hair, and asked without any face: "Are you sure you didn't see Qiao Nian's invitation letter?"

Li Mo didn't know why Bao Jingxing rushed towards her suddenly.

But she could feel the surprised eyes of everyone in the Bo family on her, and some of them began to look at her, obviously doubting herself.

Li Mo's heart skipped a beat, she curled her fingers, and forced a smile: "I didn't see it. What's wrong?"

Considering Bo Zheng's face, Mrs. Bo grabbed him and pulled him back: "Okay, Miss Li is your future little aunt, you should pay attention to your attitude."

It was rare for Bao Jingxing not to show face to his mother, so he pulled her hand away, lowered his eyes coldly, and said to them, "Young Master Ye said that apart from Qiao Nian's lack of invitation letter, Uncle Jiang also had no invitation letter! Not long ago, Ms. Li once asked Qiao to read his name at the Chang'an Street Club..."

"..." The expressions of everyone in the Bo family became exciting.

Bao Jingxing didn't go around with them, and said bluntly: "You guys know the relationship between Young Master Ye and Ms. Qiao. The two families will definitely get married in the future, and the attitude of Mr. Ye and Aunt Ye is obvious to everyone in Beijing. Putting aside these dissatisfaction Say, just Qiao Nian herself... I remember talking about her relationship with the illegal area. So I just want to know how everyone will end the farce that is happening now!"

"I asked Young Master Ye, and he doesn't want to give me face." Bao Jingxing said with a dark face without even giving Mrs. Bo a chance to open his mouth.

Now everyone in the Bo family who still had a glimmer of hope was dumb. For a while, no one could think of a good way.

Bo Jingxing has always been a gentleman, now he looked directly at the culprit, and said bluntly, "Maybe Miss Li tell me, how do you plan to solve it?"

Li Mo once again felt the gazes from all directions.

This time, it wasn't a simple scrutiny, but a questioning that was similar to anger and wanted to pierce her heart with ten thousand arrows.

Li Mo's face was pitifully pale, and she held her fingers tightly: "...I apologize to Miss Qiao."

She didn't pretend to be innocent this time, and she didn't say anything stupid like she didn't know.

The main reason is that she bit herself to death at this moment and didn't see the invitation letter and no one believed it. Li Mo opened her mouth and said with difficulty: "I'll come to the door to apologize."

Bo Jingxing looked at the woman bearing the humiliation with cold eyes, but he didn't say what was in his heart.

He didn't think it was useful for Li Mo to come to apologize.

But they have no reason to take care of Li Mo's own troubles.

Bao Jingxing thought that he didn't give her a good face here, so he said coldly: "Miss Qiao lives in the Rhineland, you can't get in. You can first ask Zhang Yang to explain your thoughts clearly, say that you want to apologize, be more sincere, and ask the other party to help you. You pass it on to Qiao Nian."

"...Okay." Li Mo endured and endured.

**

Half an hour later.

Chapter 4058 Who does she think she is

Li Mo went outside the community by car, and called Zhang Yang as he said.

Zhang Yang didn't deliberately embarrass her, and quickly answered: "Miss Li?"

The voice was half a smile, as if he didn't know it.

Li Mo swallowed the resentment in her throat, and apologized with a smile: "Zhang Yang, I'm outside the Rhine. That's right, I want to come to Qiao Nian to apologize to Qiao Nian in person. Can you convey it to her for me?"

She was very reluctant.

But he had no choice but to follow Bao Jingxing's wishes, and added unwillingly: "I did something wrong this time, and I regret it very much. I really want to express my regret in person, and I hope Qiao Nian can give me this opportunity."

Li Mo was afraid that he would not be willing to help her, so she did not forget to emphasize at the end: "We will all be in the same circle in the future, and we will see each other without looking up. I don't want to make the relationship worse...You have a good relationship with Qiao Nian, can you convey it to me? , just say I'm waiting for her outside."

"Tsk!" Zhang Yang clicked on the other end, and said in a half-smile tone: "I can't help you."

"Zhang Yang..."

"If you want to apologize to Ms. Qiao, you should go to Ms. Qiao. How did you find me here? I don't have that much face, I can ask Ms. Qiao to come downstairs to accept your apology in person." Zhang Yang said with a gun and a stick, Li Mo, who was choking white, felt embarrassed.

Her face turned blue, white, and red, and she even wanted to tell the driver to turn around and go home immediately.

But she knew very well in her heart that she was going to marry into the Bo family in the future, and she had to swallow her anger if she wanted to keep this beneficial business marriage.

She apologized again in a low voice: "I didn't mean that... I just wanted to express that I wanted to apologize to Qiao Nian, not that I want her to come down, I can go up too."

There is always a bit of arrogance in her words.

Which one in the circle of Beijing is not a young master or a young lady, whoever goes out, few people will support him, even if Zhang Yang is outside, he is still a figure that few people can provoke.

It's so boring for Li Mo to play this set of yin and yang weirdness in front of him.

Zhang Yang only thought she was stupid, so he simply explained to her: "I don't have this face. You have found the wrong person!"

"Bo Jingxing said..." Li Mo had no choice but to use Bo Jingxing's name.

Who knew that this time Zhang Yang didn't even give Bao Jingxing face, he interrupted on the spot: "Bo Er Shao told you to find me, you can go to him. He has the ability to ask Miss Qiao to come down to accept your apology, I have no objection. Anyway, I don't I don't have the face to do it!"

Li Mo was speechless after being robbed by him, and could only see the shadowy floor of the Rhine Community under the camphor tree outside the car window.

She bit her lip and said, "Okay, excuse me."

Zhang Yang resumed his polite and distant attitude: "Where is Miss Li, if I have something to do, I'll hang up first?"

What else can Li Mo say, except for asking Ai Ai to hang up the phone.

After Zhang Yang hung up the phone, she put the phone on her lap, feeling depressed for a while, and then sent another text message to Bao Jingxing.

Briefly talked about Zhang Yang's refusal to help, and asked Bao Jingxing what should he do next?

As a result, it took ten minutes for Bao Jingxing to reply to her text message.

Li Mo clicked to open it.

There is only one word in it.

【Bo Jingxing: Wait. 】

Looking at the short word on the text message, Li Mo's blood surged, and she felt dizzy, and her mind went blank with anger.

It took her a while to calm down, gritted her teeth, and sat in the car to wait!

Chapter 4059 Sister Nian: What invitation letter

Rhine.

Qiao Nian just finished finishing a design drawing for Master Cheng, stretched her waist, stretched her neck, got up and went downstairs.

Get ready to go to the refrigerator to grab a bottle of iced Coke to refresh your mind.

When she reached the corner of the stairs, she heard Qin Si's voice below.

"...Bo Jingxing said that the woman was waiting for Sister Qiao outside the community, and that she wanted to apologize to Sister Qiao face to face. Tsk~ She couldn't bear it when she did it, why did she have to apologize again in a blink of an eye? She has the ability to detain Sister Qiao and Sister Qiao. Uncle Jiang's invitation letter is enough to hold the engagement banquet with just a few guests tomorrow!"

Qiao Nian paused slightly, lowered her eyes, a little surprised.

What invitation?

Qin Si, who was talking carelessly downstairs, hadn't noticed that she came down, and continued to beep there: "... Besides, she came to apologize? We are going to accept the apology? A joke! Beijing City is not owned by her family! After all, she and Bo Third Uncle is only engaged, not married."

"Even if she marries into the Bo family, it doesn't mean she can walk sideways in Beijing."

"She's out of her mind. After staying abroad for a long time, she didn't ask who owns this place when she came back."

Gu San brought him a glass of water and put it in front of him, with a sullen face, he said: "Young Master Qin, you have been cursing for almost half an hour, drink some water and rest for a while."

Qin Si never started here, and his mouth never stopped.

has been scolding Li Mo.

Incidentally, he also scolded Bao Jingxing.

In short, he was about to go out and fight with people for Qiao Nian.

Watching it, Gu San felt a headache. He quietly picked out his ears a few times, and peeked at his master.

As a result, Wang Ye was calm. Under Qin Shao's indiscriminate bombardment, he was able to sit in front of the computer and focus on the work left behind.

Gu San couldn't take it anymore, so he took a glass of water and advised Qin Si to swear less.

He didn't finish his sentence.

noticed the person coming down the stairs.

Gu Sanmu put on a face, and kicked Qin Si who was drinking water calmly.

"Pfft, why are you kicking me?" Qin Si looked up in a daze, a little unhappy. Out of the corner of his eye, he saw the girl coming down from the second floor, and he reacted instantly. He immediately suppressed the anger between his brows, and raised his hand to greet Qiao Nian like a normal person: "Hi, sister Qiao, you're coming down."

Gu San stood straight, and also greeted Qiao Nian: "Miss Qiao, do you want coffee? Or tea? I'll make it for you right away."

"I drink Coke." Qiao Nian walked straight past the two of them, went to get a bottle of soda cans and came back, her clear eyes fell on the two of them, one hand opened the pull ring, and the other hand was propped on the edge of the bar in the living room, quite confused Not hesitate to stand, slightly tilted his head to look at them.

"Tell me, who are you talking about?"

"Ahem!" Qin Si wanted to play dead at this moment, his eyes flickered: "Sister Qiao, what are you talking about, who is it?"

Qiao Nian took a sip of Coca-Cola, held the can with his hands down, and raised his eyelids a little wildly: "Did you just talk about the invitation letter? What invitation letter?"

Qin Si was sure that she had heard it.

Jun's expression became exciting, and he subconsciously took a sneak peek at Ye Wangchuan to react.

Master Wang told him not to mention it in front of Sister Qiao, but he slipped his mouth... Master Wang wouldn't send him to Continent F for Mo Dong to pull out the root of his tongue.

My dear brother, Master Wang should not be so ruthless to him.

But Qin Si wasn't sure if Master Wang would settle accounts with him, so he hesitated to deal with Qiao Nian: "Just, just... the invitation to Fashion Week."

He thought of an excuse, and affirmed: "Yes, isn't there a fashion week recently? They sent me an invitation letter. I don't want to go~"

Chapter 4060 Are you still going to the engagement banquet tomorrow?

Qiao Nian didn't bother to look at him, turned around and propped herself up in front of the man sitting in front of the computer, raised her jaw slightly: "Say it."

Ye Wangchuan took his hand away from the computer keyboard, a strand of black hair hanging down partially covered his deep eyes, and he stared at the girl with a helpless expression on his face.

"say what?"

"Hmm." Qiao Nian tapped his fingers on the marble table, and said lazily, "Let's talk about the invitation letter first?"

Ye Wangchuan looked at her clear cold eyes, thought for a while, still supported his elbows, and said slowly: "It's nothing."

"Third Uncle Bo's fiancée lost your invitation letter. I reminded her a little, so that she won't have a long memory in the future."

What an understatement of "a little reminder", it sounds so gentlemanly and polite, as if he really just reminded the other party gently and kindly.

But Qin Si and Gu San, as insiders, are quite aware of the weight of the fluffy words in Master Wang's mouth.

At least the Bo family was turned upside down at the moment. Mrs. Bo quickly found the relationship with the young lady, and even the young lady called to ask, but the master didn't give face.

As a result, when I got to Ms. Qiao, Master Wang just said-'a little reminder'.

"Oh." After hearing what he said, Qiao Nian looked away disinterestedly. As if remembering something, he squinted at the past again: "Then shall I go tomorrow?"

Ye Wangchuan took out a candy from his body and put it in front of Qiao Nian, proudly and lazily: "Go. Why don't you go?"

"At least give Uncle Bo some face." He was afraid that the girl would be too lazy to do it, so he peeled off the candy wrapper himself, and pushed the orange-flavored candy in front of the girl: "Nian Nian, eat a candy."

Qiao Nian was full of calculation formulas, still stuck on the huge calculation data handed over to Master Cheng. Looking at the extra orange candy in front of her eyes, she regained her senses, took it and threw it into her mouth. The taste of oranges stimulated her taste buds, and she suddenly had a flash of inspiration.

I thought of a good entry point again.

Qiao Nian pulled away the chair and said to the three people in the living room: "I still have something to finish, so go upstairs first."

"Okay." Qin Si waved to her.

Gu San watched her go upstairs: "Miss Qiao wants tea or coffee, call me."

"OK."

Qiao Nian left without looking back, apparently she didn't care about the invitation letter they were talking about, at least she wasn't thinking about whether Li Mo really lost the invitation letter or did she deliberately lose the invitation letter...

Rather than paying attention to Li Mo's little thoughts.

Right now, she prefers to spend her time researching the possibility of realizing one of the reactor equations in the USB flash drive left by Ji Qing.

...

Qin Si saw Qiao Nian disappearing at the corner of the second floor, and there was a sound of closing the door upstairs.

He unblocked his mouth.

"Wang Ye, are you going to the engagement banquet tomorrow?"

He's a little out of tune.

"Didn't you say you wouldn't go? Zhang Yang and the others didn't go. Why did you tell sister Qiao to go?"

Qin Si mainly felt that the woman was too cheap.

Ye Wangchuan turned his gaze back to the unfinished work on the computer, and didn't even bother to lift his eyelids: "I only said to attend the engagement banquet, but didn't say who's engagement banquet to attend."

This vague sentence directly blew Qin Si's mind.

"What's the meaning?"

"Besides the engagement banquet of Bo's family, is there another engagement banquet in Beijing tomorrow?" He looked at Gu San questioningly, seeking an answer.

Gu San is like Ye Wangchuan's right-hand man, and usually helps with some human relations, so he has a very clear understanding of the big and small things in Beijing.
