

Madam's 4061

Chapter 4061 is all under the control of Wang Ye

At this moment, Gu San showed the same confused expression, shook his head, and told him with certainty: "No?"

In Beijing, people get engaged, married, and divorced every day.

There are really not many occasions where Mr. Wang can attend.

In this case, only the Bo family's engagement banquet will be eligible tomorrow.

Gu San also didn't know which engagement banquet Ye Wangchuan was talking about.

But Master Wang didn't look like he wanted to answer their questions, so he didn't even look at them.

Just when Gu San thought that he could only know the answer to the mystery tomorrow, Ye Wangchuan's cell phone next to the computer suddenly lit up.

The man at work stopped, glanced at the caller ID that was beating on the screen, raised his hand to bring the phone to his ear, and leaned back.

"Third Uncle Bo."

Bo Zheng!

Qin Si and Gu San instantly pricked up their ears.

Ye Wangchuan's deep voice was heard: "Have you thought about it?"

"?"

Both Qin Si and Gu San want to know what they are talking about, what are they thinking about?

Ye Wangchuan looked relaxed, and said softly: "If you think it over, tell the old man at home early, everything is still in time."

Bo Zheng on the opposite side seemed to say 'thank you'.

Ye Wangchuan said lightly: "You're welcome. I just asked someone to check, but I didn't expect that I guessed it right. Go and tell the old man!"

"good."

**

at the same time.

Bo Zheng, who had disappeared since agreeing to get engaged, finally showed up.

When the family saw him telling him about the bad things that happened, including Bo Jingxing's mother, they all anxiously asked him what he planned to do.

The Ye family has not let go.

But it was getting dark.

Tomorrow is dawn, and it will be the engagement banquet!

If few people come to the engagement banquet, the Bo family will lose face.

Who knew that after Bo Zheng came back, he brushed aside everyone with a serious face and went straight to the old man's ward.

Then Mrs. Bo, Bo Jingxing and the others heard the old man's excited and cursing voice from the hospital bed—

"What did you say? You want to change?"

"Are you going to **** me off?"

"Ah! What do you think engagement is? A child's play house game! Tomorrow is your engagement banquet, we have sent out invitations, and you told me to change people."

Outside the ward.

The members of the Bo family standing in the corridor, you look at me, I look at you, all dumbfounded.

Madam Bo murmured even more: "Is Bo Zheng crazy?"

Substitution?

This view is unheard of in Beijing.

People like them value their dignity more than their lives.

He ran to tell the old man now that he wanted to change his engagement partner, which would be more embarrassing than tomorrow's cold and cold engagement banquet.

Absurd!

She turned around anxiously: "What's going on in his mind? He's going crazy with him too? Is it because we're not messed up enough now?"

Instead, Bao Jingxing pushed the gold-rimmed glasses, his fox eyes narrowed: "I think this is a good thing."

Madam Bo glared at him fiercely: "Oh, what's the matter? Your grandpa won't agree!"

She would not even agree with such absurd statement, not to mention that people in the old man's era would never accept Bo Zheng's change of wife at this juncture.

...

Inside the ward.

Things are similar to what Mrs. Bo thought.

Master Bo was almost not overwhelmed by his youngest son's words.

He shook the pillow again, slapped the bed and roared angrily.

But that kid just stood there, beating and scolding, but he had a stubborn look, a resolute expression, and stared at himself with forbearance.

He made it clear that if he was killed today, he would not change his mind.

Chapter 4062 Bo Zheng has a daughter

Master Bo has nothing to do with Bo Zheng like this, he can only take a breath, and say in a sullen voice, "Give me a reason."

Bo Zheng raised his eyes.

The old man Bo was expressionless: "Li Mo is the granddaughter of my old friend who passed away. Her grandfather almost lost his life trying to save me. I promised him one condition, and his wife came to marry me. You yourself agreed before Yes! Now you tell me that you don't love her, you don't like her, and you want to find someone you like... I can't accept such a childish reason. "

Mr. Bo is not so much that he can't accept the reasons given by Bo Zheng, it's better to say that he can't accept that Bo Zheng wants to be a man who doesn't take responsibility and doesn't care about the consequences.

He stared closely at his youngest son, and said sternly: "If you just use this reason to convince me, then let me tell you. Unless the day I cover the coffin, that woman will never step into the door of our Bo's house !"

This is very serious.

Bo Zheng thought over and over again, and said: "I have known her since high school, and we have been together for three years in college."

Old man Bo stopped to start, and interrupted him in a rough voice: "I don't want to hear this! Tell me the main point. Why did you suddenly change your mind."

Bo Zheng took a deep breath, faced him and said, "I can't let my beloved woman and child be left outside without even a title!"

"What?"

Master Bo suspected that he had misheard.

"You what?"

He was surprised by the second half of the sentence.

Bo Zheng has a woman he has loved for many years, and this matter is no secret at home.

Old man Bo is not a stubborn old man. If they could get together back then, he would have passed by with a blind eye.

The two did not come together.

Bo Zheng has also been single for many years, and seems to be in his late thirties.

He was old and in poor health. As an old man, he certainly wanted to see Bo Zheng solve his personal problems.

In the future, even if he dies, he will have the face to face his wife.

Who knew that such a simple thing would lead to a child?

Bo Zheng briefly talked about how he separated from his girlfriend back then, and her girlfriend gave birth to a daughter without telling him.

"I never thought that the child was my daughter and hers. It wasn't until Young Master Ye entrusted the inspection report to me that I realized what I had missed all these years."

Bo Zheng raised his eyes and said solemnly: "Dad, I promised you to get engaged to Li Mo before. Firstly, it was because of your poor health, and secondly, I thought she had already started a new life. I don't want to disturb her, I want to give her Freedom, and I want to let myself go. Who knows that my immaturity has caused them to suffer so much from the past to the present. Do you think I, as a man, can still be engaged to other women?"

"..." Mr. Bo fell silent.

He actually didn't understand how Ye Wangchuan got involved again, how he knew Bo Zheng's ex-girlfriend, and even got the child's inspection certificate.

this...

Old man Bo only felt that he was going to be confused, but at least he now knew one thing - Bo Zheng had a daughter.

Mr. Bo pursed his lips, looked at his youngest son who could not be brought back by nine cows, and thought of his little granddaughter who was living outside, and sighed: "That's all! Children and grandchildren have their own blessings. You make your own decisions, I don't care about you !"

At worst, he went to apologize to Mrs. Li.

Their family deserved compensation, so he put up his old face and came in to compensate the other party.

Bo Zheng's words are right.

The situation in their family is indeed not suitable for engagement.

Chapter 4063 Terribly divorced

eight pm.

Everyone in the small circle in Beijing knows that tomorrow the Bo family's engagement banquet has changed the fiancée.

From the daughter of the Li family abroad, she was replaced by a little-known perfume designer, and she was still the kind of woman who was pregnant with a daughter before she was married.

Suddenly, public opinion was in an uproar.

Everyone was discussing and waiting for the response from the Li family.

This is not an ordinary matter, Bo Zheng's actions this time are too embarrassing, almost smashing the face of the whole Li family.

Depreciation is not the point yet.

The point is that after Bo Zheng did this, it was obviously impossible for Li Mo to marry into the top circle in Beijing.

Everyone is waiting for Li Mo's response.

After all, this Miss Li has always regarded herself as Bo Zheng's fiancée in Beijing some time ago, making contacts everywhere and showing off her might.

**

Li Mo was the last person to know about it.

She knew that when she got divorced tomorrow, Bo Zheng had already negotiated the compensation with the Li family.

Old lady Li called to inform her.

"Grandma, can you say it again? I didn't hear clearly just now." Li Mo himself was still sitting in the back of the car outside Rhine.

When I received the call from Mrs. Li, my first reaction was disbelief, and then I was a little disbelieved. I held my forehead and suspected that I had a fever.

If I didn't have a fever, how could I have heard grandma say...Bo Zheng is going to divorce her.

Besides, if the Bo family broke off their engagement with her, tomorrow's engagement banquet will be held as usual, but someone else will take her place.

This is so funny, so ridiculous!

Li Mo curled her fingers in disbelief: "Impossible!"

Old lady Li told her again gently, and persuaded her to calm down on the other end of the phone and go home early.

But Li Mo's complexion was extremely bad, her delicate little face began to flush red, her eyes changed from being confused at first to angry and resentful.

Shouting old lady Li's words of consolation, she said sharply, "I don't agree! Grandma, how could you let them bully me like this?"

"They hit me on the face! What face do I have to return to China in the future? Those people will laugh at me!"

Li Mo clenched her lips and refused to agree with anything: "I don't agree to divorce, I'm going to the scene tomorrow to ask Bo Zheng face to face!"

"Li Mo!" Seeing that she was disobedient, old lady Li called her name with emphasis.

Li Mo's eyes turned red all of a sudden, and she covered her face and choked with sobs, "Grandma, I can't accept being divorced like this. You let me bear it, and you have to give me a reason. Otherwise, I can't accept it...I really can't accept it. They Why are you so humiliating? I have never been wronged since I was a child, so why should they withdraw their engagement..."

She is the youngest daughter in the family.

There is an older brother on it.

Because she is a daughter, she doesn't need to inherit the family company in the future, and the family is very arrogant to her, wanting wind and rain.

It was only then that she developed an irreversible arrogant behavior under her cheerful appearance.

Li Mo herself felt wronged, and felt that Bo Zheng was not a thing, and even resented that her family did not stand by her side...

"Hey." The old lady Li sighed, and then said in a stern tone: "I will give you a reason, and you will go home obediently, right?"

Li Mo stopped crying: "...Yes."

Old lady Li asked directly: "Then tell me if you have ever bullied others outside."

Li Mo looked forward in a daze: "What do you mean?"

Old lady Li said patiently: "Apart from the invitation letter to throw away that precious lump of the Ye family, have you ever bullied other people outside?"

Chapter 4064 You offended our important overseas investors

Li Mo's mind couldn't help thinking of Guan Yan's gorgeous and flamboyant appearance, she clasped her phone tightly, her eyes flickered slightly and argued: "...It's not bullying, I'm just telling the truth."

"Because you made enemies outside, the family's business went wrong. These two days, your parents have been in a state of anxiety, and your brother has blisters on his lips. The Bo family found us wanting to divorce, of course we don't want to agree, but you Offended someone who shouldn't be offended. Now we have only one way to go, and we don't have to go, do you want to go bankrupt?"

Old lady Li didn't reason with her, just one sentence was enough to knock her into the abyss.

"The person you offended is called Guan Yan, who is an important overseas investor of our family. He is going to withdraw his capital now, and also inject the funds withdrawn from our family into the rival company. The reason is that you have repeatedly troubled him..."

"Xiaomo, you have caused such a big mess in the family. Grandma doesn't want to blame you, so don't blame the family for not supporting you anymore."

Old lady Li said coldly: "It's still too late for you to come back. If you insist on staying in Beijing, or even go to make trouble, then our family will have to treat you as a child."

Li Mo's hand trembled, almost slipping the phone: "Grandma, grandma?"

She couldn't believe that her grandma would say such a heavy word, but compared to that, she couldn't believe that the woman who looked like a canary had such ability? !

What exactly is Beijing City?

How Crouching Tiger, Hidden Dragon.

Anyone she meets is an important investor in the family.

Li Mo couldn't describe this kind of aggrieved feeling, as if a mountain was pressing on her head, making her breathless. But she still has nothing to say.

"Grandma, then Qiao misses her..." Li Mo held on to the last sliver of hope, trying to find some sense of existence.

Old lady Li knew what she wanted to ask, and directly crushed her last trace of fantasy: "She is not someone you can mess with."

"But this time it's not her who is going to punish you, but Young Master Ye."

"but I..."

Li Mo excitedly wanted to say that she had never offended Ye Wangchuan, and even bothered trying to please him.

Old lady Li interrupted her ruthlessly: "Is there a problem with venting my fiancée's anger?"

"...No problem." Li Mo couldn't help but think of Bo Zheng, thinking of herself as a fiancée, she only felt that the two worlds of ice and fire were extremely ironic.

She seems to have become the biggest laughing stock in Beijing recently.

Old lady Li stopped talking nonsense to her: "Okay, you come back early. I won't tell you anymore, hang up first."

"...good."

Li Mo listened to the beeping sound from the mobile phone, put down her hands, stared straight ahead with blank eyes, sitting in the back of the car like a sculpture.

Still the driver couldn't bear to watch, and cautiously called her through the rearview mirror: "Miss, shall we go back?"

Li Mo turned her head to look at the high-end residential area outside the car window.

She didn't even have the qualifications to go in, let alone find Qiao Nian and apologize to him.

Li Mo withdrew his eyes in a slump, looked at the driver, and said weakly, "Go back."

Wait for her to return to her residence.

Father Li called again to urge her to go home.

Li Mo just said: "...Always give me time to pack things."

In exchange for Li's father who couldn't hold back his anger, he scolded in a low voice: "You have caused such a disaster for the family, you don't want to bother! Stop chatting with me, pack up your things and come back quickly! Otherwise, I will go find you in person."

"I just need time to pack my things, not for anything..." Li Mo felt aggrieved and her eyes turned red.

Chapter 4065 Sister Joe, they are talking about you, right?

Father Li was not in the mood to comfort her: "Okay, I'll ask the secretary to book a flight for you tonight. Just get your passport and come back to me quickly."

"But my stuff..."

"Let the driver mail it back to you!" Father Li said in a consistent tone.

Li Mo didn't dare to talk back, so she had to agree.

After Li's father hung up the phone, the living room became quiet again.

Li Mo fell down on the sofa by herself, buried her face in her knees and cried bitterly, feeling extremely embarrassed and ashamed.

Why did she go to provoke Qiao Nian and that woman in the first place.

If it weren't for these things, she wouldn't be targeted by Ye Wangchuan at all, and she wouldn't be reduced to the point where she hastily left the country now.

Obviously, as soon as the sun breaks, she can get engaged to Bo Zheng and successfully enter the door of Bo's house... Now everything is ruined!

It's a pity that no matter how much she regrets now, it's unrealistic to think about going back in time.

Li Mo wiped away her tears and tried to contact Zhang Yang, asking him to convey his apology to Ye Wangchuan and Qiao Nian, so as not to cause problems in his family's business.

However, Zhang Yang stopped answering her calls.

Although Li Mo was anxious and anxious, she had no other choice, so she had to follow Li's father's arrangement to get her passport and leave first.

The news that she went abroad overnight spread quickly in a small area.

There was also movement on Ye Wangchuan's side.

Bo Zheng personally contacted Ye Wangchuan, briefly explained his situation, and then sincerely invited him and Qiao Nian to attend his engagement banquet tomorrow.

Ye Wangchuan changed his previous attitude and readily agreed to go.

He said he was going.

Zhang Yang, Qin Si and others who refused to go before immediately changed their words and said that they have time again, and they will definitely attend tomorrow.

As a result, Bo Zheng got engaged to an ordinary woman, but the core figures in the most powerful circles in Beijing all went away.

**

The next day.

Bo Zheng's engagement banquet.

The rumors that Ye, Wei, and Wen's families didn't come, which made a lot of noise before, were like water drops falling into the sea, without causing any ripples.

Today's topic focus is all on the bride.

"...It is said that he is an ordinary person with no background."

"No way? You didn't find out about his background. Just like the one before... at first, they said that he was a lost child who came back from around the city. In the end... it still shocked everyone's jaws."

The two passed by, not noticing that there were still a few people standing at the corner of the stairs.

Qin Si turned his head and said, "Sister Qiao, are they talking about you?"

Qiao Nian didn't wear sweater and slacks today, she chose to wear a black polka dot dress with a retro look, beautiful and elegant, like a black swan.

This skirt uses dots of various colors and embellishes them on the skirt to create a luminous and symphonic visual sense, but the simple black reduces the complicated feeling to a certain extent. The overall look Just right.

Compared with bright and warm tones, the basic color will be more inclusive. No matter which item is designed on, it can show its own simple charm.

Combined with Qiao Nian's outstanding cold white skin, this simple black dress looks particularly good on her, with a beautiful and arrogant accent.

Qin Si was amazed for a second when he saw Qiao Nian going out this morning.

Especially Ye Wangchuan also chose suits of the same color, and the two walked out together, with the same outstanding looks, just like male and female stars who went out to shoot commercials.

Chapter 4066 Changing him has already been settled

Qin Si took out his mobile phone and took a picture and sent it to the group. He also laughed and said that it could be used as a wedding photo of the two in the future.

"I don't know." At this moment, Qiao Nian was impatient and wanted to put one hand in his pocket, and after a while he realized that he was not wearing the usual sweater with a pocket.

The impatience on her exquisite face became more and more obvious, and she turned her head to look at the man beside her: "How long will it take to start?"

Ye Wangchuan raised his hand to check the time on his watch, raised his eyelids, and the thick night melted into a pool of spring water: "Wait a little longer."

Qiao Nian gave him the handbag first, and said, "I'm going to the bathroom."

She dressed today in line with the identity of the guests who came to the engagement banquet. Naturally, she couldn't step on a pair of canvas shoes under the dress.

Qiao Nian was not used to stepping on high heels and walked inside.

Ye Wangchuan stretched out his hand to help her: "Shall I go with you?"

Qiao Nian patted his hand, raised the corners of his eyes, a little dry and careless: "I'm going to the bathroom, what are you doing?"

Ye Wangchuan let go of his hand and told her in a low voice: "Slow down."

"Hmmm." The girl nodded, as if she had listened.

But the back of the walk is free and easy, and it seems to be slower.

Looking at her impatient back, it was more like she wanted to take off her annoying high-heeled shoes when she turned the corner, and strode away after attending the engagement banquet.

Ye Wangchuan watched her go away, then closed his eyes, turned to look at Qin Si and said: "Did Lu Zhi send a gift to Jiusuo?"

"Ah?" Qin Si reacted, and immediately got serious: "I heard that it was a gift, and Master Cheng has already received it and researched it. It is a robot chip, a product that Tianchen has not yet released. They contacted On the other side of the illegal area, Jian Jin said that Tianchen gave this gift in order to thank the research team of Tsinghua University for their efforts in the cooperation project. But on the other hand, she emphasized that the gift should be handed over to Uncle Jiang. Uncle Jiang's research and transformation is also the meaning of their boss."

Qin Si is rare to see clearly: "Lu Zhi is chasing sister Qiao."

"Hey, he wants to die." Ye Wangchuan took out the lighter, bowed his head to light the cigarette, leaned to the side and didn't smoke, just pinched the cigarette between his fingers, and the light smoke enveloped his wide browbones.

He was dressed in a crisp suit, and his fingers were slender and slender as he was holding a cigarette to play with.

It took Qin Si a long time to hear him say in a loose tone: "I heard that Nie Qingru in M state is about to stabilize the situation, and she is almost free to move."

—Once Nie Qingru is free, she will definitely come to Qiao Nian.

Everyone has this consensus.

So they won't stay in Beijing for too long, lest Nie Qingru go crazy and hurt innocent people.

Qin Si said clearly: "When you return to Independent Continent, Lu Zhi may not be able to catch up."

The Independent Continent has its own division of power just like the illegal area.

These forces naturally repel outsiders, especially the foreign forces like Lu Zhi who have thrived in other places.

So Lu Zhi can send gifts to Beijing, but it is difficult to send gifts to Independent Island.

Qin Si thought about this clearly, and realized that it was actually very difficult for Lu Zhi to catch up with Sister Qiao. He let go of his frowning brows, and looked at the young man suddenly.

"My lord, you never thought about asking Sister Qiao... um, to propose marriage? To save you from having long nights and dreams." Sister Qiao is so good, so many people think about it.

If it were him, he would definitely settle down earlier.

Chapter 4067 Mrs. Qin confronts Guan Yan

Ye Wangchuan threw the burnt cigarette on the ground and crushed it with the toe of his leather shoes, his clear and outstanding face showed no emotion, rather arrogant and lazy: "She deserves to take her time."

Qin Si pondered for a while: "That's right. There's no rush to fall in love." His own affairs have not been resolved yet, and he has no time to worry about other people's family backgrounds.

Once Qiao Nian returns to Independent Island, Guan Yan will definitely follow.

Qin Si began to think about how to find opportunities to arrange for family members to meet with Guan Yan in the limited time, and how to persuade family members to accept Guan Yan.

The situation of their family is similar to that of the Bo family.

The older generations of the two families are relatively well-behaved, and they like to pay attention to the old-fashioned family relationship, or else they are baby relatives, marriages, etc.

Third Uncle Bo can get rid of his marriage contract with the Li family this time.

Qin Si felt hopeful and optimistic about the future.

**

the other side.

As soon as Guan Yan entered the hotel, he ran into Mrs. Qin who was chatting with a lady traveling with her.

When Mrs. Qin saw the gorgeous and flamboyant woman walking in, she paused with a smile in her eyes, and said to a few friends in the same company: "You go in first, I saw an acquaintance to chat with."

"Okay, you can go."

"Yeah, let's go."

All the ladies present in the top circles of Beijing, all of them are very smart, who are smiling and kindly urging Mrs. Qin to go quickly, don't worry about them.

However, when Mrs. Qin walked away, they exchanged glances with each other tacitly, and looked in the direction of Guan Yan without any trace.

When they saw Guan Yan's flamboyant facial features, they frowned unconsciously, showing a repulsive expression. Someone lowered his voice and said, "Hey, that's the girl Qin Si likes? She looks a little too coquettish. She's in the entertainment industry?"

When someone speaks, someone naturally speaks up.

"It doesn't seem to be. I heard that they are working abroad, but they are not developed countries such as M state. I don't know where it is."

"Hey, isn't it possible that it came from f continent?" Immediately, a lady showed a disgusted expression: "How did Qin Si find a woman from such a poor place? He might as well find a female star, his mother can accept it."

From the perspective of their circle, finding a celebrity is already a shame, and Guan Yan's background seems to be inferior to that of an entertainment star.

Really not good enough for Qin Si.

"That's why Mrs. Qin can hold her breath." Someone raised his chin and motioned for everyone to look: "You see, she can still greet this situation with a smile, and her demeanor is better than mine. If my son finds someone like this Such a woman, don't put me in the hospital!"

Others looked in the direction of Guan Yan and Mrs. Qin.

I saw that the two had already met.

Ms. Qin did talk to Guan Yan in a dignified manner, and even raised her hand to invite Guan Yan to go to the side for a private chat. The whole process was polite and polite.

Guan Yan probably figured out her identity, didn't say anything, followed her to a relatively quiet corner and stopped.

"Mrs. Qin, just say what you have to say."

Madam Qin couldn't go any further, so she could only follow her wishes and say here: "Are you Qin Si's girlfriend?"

Guan Yan lowered his peachy eyes, probably thinking about whether the situation between himself and Qin Si is a formal relationship to meet his parents.

While she was thinking, Mrs. Qin looked at her and said softly: "I heard Qin Si talk about you many times, he said you are a good girl, I saw you today, and I also think you are a good girl, It's not what it seems."

Chapter 4068 OK, I get it

Mrs. Qin said this from the bottom of her heart, not just talking about the scene.

Seeing Guan Yan looking up at herself, she smiled: "I just walked over to look for you suddenly, and you are willing to come with me, which is enough to show that you are a polite child."

Otherwise, Guan Yan can ignore her.

However, Mrs. Qin still looked at her with those elegant eyes full of years: "That child Qin Si may not have told you, but our family's situation is more complicated. His marriage is not up to him, and of course it is not up to me as a pawn." The mother's person can make the decision, but it needs his grandfather's consent."

"Miss Guan Yan, his grandfather is a traditional person, and may not understand your career and life. So..."

Ms. Qin spoke in that gentle and soft voice throughout the whole process, neither in her attitude nor in her tone of voice.

But the meaning expressed in her words is already very obvious.

Guan Yan put away the ridiculous question he was thinking about just a moment ago, and did not lose his composure because of Mrs. Qin's attitude, but nodded and said very politely: "I see."

Guan Yan was not angry at all, and even slightly nodded at her, polite and alienated: "Do you have anything else to tell me?"

Ms. Qin froze for a moment, probably never thought that Guan Yan would have such a reaction.

Guan Yan didn't care what she thought of him, so he looked down at the gift in his hand and said, "If you have nothing to do, I'll go over and give the gift first."

People don't cry, fight, argue or quarrel, Madam Qin has nothing to say, so she has to make a way to pass: "Miss Guanyan, please do what you want."

Guan Yan said: "Thank you."

Then he walked past her, without being hit at all, looking as calm and unassuming as when he came in.

Ms. Qin couldn't tell what it was like, she always felt that she was punching the cotton, a little dry, and even seemed ridiculous with her earnestness.

She didn't intend to embarrass Guan Yan, and he was very good at communicating and cooperating with her. Mrs. Qin had nothing to say, so she had to follow after Guan Yan left.

She was also a guest at Bo Zheng's engagement banquet, and she also brought a gift.

Just as Mrs. Qin walked to the entrance.

She came together with the ladies she had acquainted with before.

Several people immediately asked her: "Who was that girl just now?"

Ms. Qin still maintains a good demeanor in the face of this kind of question that she knowingly asks: "A friend of my son."

The man covered his mouth and smiled lightly: "Could it be a girlfriend?"

Mrs. Qin was noncommittal.

Her attitude of not denying and not admitting made all the ladies embarrassed to continue talking.

Everyone looked at Guan Yan in unison, always wanting to see something from Guan Yan.

The first to ask Guan Yan if she was Qin Si's girlfriend, that noble lady looked at Guan Yan's casual attire and couldn't help muttering: "I heard that she doesn't usually stay in China, which country does she study in?"

"This... has nothing to do with you, right?" Mrs. Qin frowned subconsciously, with a displeasure already on her face, she seemed a little unhappy.

The noble lady was a little surprised by her reaction, she was stunned for a while, and immediately covered it up, and said in an embarrassing way: "I'm just curious."

Ms. Qin hummed, and didn't let her down the steps very much.

The man's face was filled with disdain.

Others also observed Mrs. Qin's reaction curiously, and always felt that her reaction seemed to be defending Guanyan, which was really amazing.

Chapter 4069 I don't look good now

Just when none of them spoke, they saw Ye Lan arriving late, hurrying towards the entrance.

"Miss Ye family is here." The ladies immediately started to move.

Except them.

The other people in the lobby here are also very impressed when they see Ye Lan rushing over, and they all want to go forward to make friends.

After all, apart from Ye Lan's identity as a Ye family, she is also an out-and-out strong woman.

"Mr. Ye..." Someone stopped the woman in a professional suit and was about to go forward to chat.

Ye Lan raised her hand to block it, and politely declined: "Sorry, I have a friend here, I have to go over first."

Although the man she declined politely looked a little embarrassed, he stepped aside gracefully and said, "Mr. Ye, please go ahead."

Ye Lan strode past him, walked straight behind Guan Yan who was at the front, stretched out his hand and patted Guan Yan on the shoulder, waited for the person to turn around, and said with a smile, "Why are you here alone?"

She looked around, then looked at Guan Yan again: "Where is Nian Nian, are they not with you?"

Guan Yan saw that it was Ye Lan who came, and relaxed: "She is with Ye Shao, I live close, so I came here by myself."

Ye Lan understood, and said: "Then let's go in together."

Guan Yan nodded, no objection: "Okay."

The two seem to be very familiar, at least not like a normal relationship. When Guan Yan talked to Ye Lan, both his expression and tone were too natural, and the two seemed to be in an equal relationship.

If there is any difference.

Probably because when Guan Yan talked to Ye Lan, his attitude was quite respectful.

That kind of respect does not come from the status gap, but more from the younger generation's respect for the elders.

Seeing that the two of them entered the engagement banquet hall together.

The crowd watching the excitement behind were dumbfounded.

Especially Mrs. Qin's group.

Looking at each other one by one, everyone can see ignorance from the surprised expression of the other party.

The noble lady who mocked Guan Yan as coming from a poor country before squeezed her handbag uncomfortably, and asked cautiously: "Mrs. Qin, why did you tell me that she still knows Mr. Ye?"

The Qin family has several meanings.

Fortunately, they didn't mock him face to face, otherwise they would be a copy of Li Mo, which would be embarrassing.

"You said earlier that she has a good relationship with Mr. Ye, and we went with you to say hello to him just now. If you didn't say it just now, it doesn't seem like we have a problem with him." She blamed Qin both in and out of words. Madame doesn't mean to let everyone know.

Mrs. Qin's face turned blue and red after being choked by her, she was too lazy to argue with her, she glanced at her, and walked away: "I'll go in first."

The lady waited for her to walk away, still not convinced, and said to the others: "Did I say something wrong? We are all acquaintances, since she knows people from the Ye family. She should have told us just now."

Ms. Qin heard the discussion from behind when she was far away. She was angry and annoyed, but she couldn't explain to others that she didn't know before.

She had no choice but to let the people behind her talk about her dishonesty.

While thinking about the relationship between Guan Yan and Ye Lan, Ye Lan is not an easy person to get in touch with, at least few people in Beijing can enter Ye Lan's social circle seriously.

Even relying on the relationship between Qin Si and Ye Wangchuan, she couldn't form a close relationship with Ye Lanchu.

But she just saw with her own eyes that Ye Lan's attitude towards Guan Yan seemed to divide Guan Yan into her own small circle, and she was very protective...

So how did Ye Lan and Guan Yan know each other?

Chapter 4070 Arrange Mrs. Qin and Guan Yan to sit together

Guan Yan still doesn't know that Qin Si's mother is struggling with how she knows Ye Lan.

After she went in with Ye Lan, she and Ye Lan handed over the gift to the housekeeper of the Bo family, and the housekeeper immediately put it away properly.

Mrs. Bo and all members of the Bo family greeted the guests at the door.

Everyone saw Ye Lan and immediately greeted Ye Lan enthusiastically to let him in.

At the same time, they also noticed Guan Yan.

"This is..." Mrs. Bo responded quickly, and said with a gentle smile, "You are Miss Guan Yan, right? Please come inside."

Guan Yan greeted her politely: "Hello, Mrs. Bo."

Ms. Bo said hello repeatedly, looked at her with curious eyes, and enthusiastically led people inside: "I have arranged seats for you, come with me."

The Bo family is today's protagonist.

As one of the hosts, Mrs. Bo was naturally the focus of attention of the guests in the room. Ye Lan and Guan Yan were led in by her to arrange seats, which showed their status.

Ye Lan, as a well-known eldest lady in the Ye family, is not surprising to enjoy this kind of treatment.

Many people pay more attention to viewing inkstone.

I am more curious about where this new face came from, and who is involved behind it.

Madam Bo didn't care about those curious eyes, she directly led Guan Yan to sit at one of the main tables, and said with a smile, "Sit here."

At the end, she said thoughtfully: "Young Master Ye and Miss Qiao will also sit at this table later."

Ye Lan put down her handbag and thanked her gracefully: "Thank you."

Mrs. Bo immediately said: "The relationship between our two families, you are too polite."

She was talking to Ye Lan, but her eyes were watching Yan.

Although Li Mo's matter was suppressed by the Bo family and Ye Wangchuan, many people didn't know the inside story, but Mrs. Bo obviously knew something.

At least she knew that the Li family could readily agree to their request to divorce because the Li family's own foreign company had problems.

And this problem is very likely...Guan Yan did it.

Ms. Bo knows little about the illegal area, and doesn't know much about what the people in the illegal area mainly do, but she looks at Yan differently.

Guan Yan pretended not to notice Mrs. Bo's curiosity, and poured Ye Lan a cup of tea while sitting upright.

"Aunt Ye."

"Ah." Ye Lan saw clearly the teacup handed over, took it with a smile, and said, "I don't know when Nian Nian will come over."

Guan Yan rested his elbows on the seat, and his overall sitting posture revealed an air of incompatibility with Beijing, and he said casually: "Hurry up."

at this time.

Qiao Nian and Ye Wangchuan came over.

Qin Si and Zhang Yang came along with them.

Mrs. Bo knew that they had a good relationship, so she thoughtfully arranged them on a table. When she saw Mrs. Qin passing by, she thought of the relationship between Qin Si and Guan Yan, and called Mrs. Qin over again, and sat down on the chair: " Mrs. Qin can sit here. It just so happens that everyone knows each other..."

She didn't mention Guan Yan in her words.

The playful eyes say it all.

Ms. Qin clenched her handbag tightly, raised her eyes in embarrassment and looked in the direction of Guan Yan.

In the end, I ran into Guan Yan's eyes that were just looking over.

Guan Yan's eyes were calm, without the slightest embarrassment, and he even nodded at her, as if seeing her for the first time, calling out very politely: "Hello, Mrs. Qin."

Qin Si hurriedly said to her: "Mom, this is my girlfriend. Guan Yan."

"Ah. Oh oh oh!" Mrs. Qin fidgeted, forced a smile, and then greeted Guan Yan: "Hello, Miss Guan Yan."
