

## Madam's 4131

Chapter 4131 I have to go with Laipi

Mother Nan liked Li Mo very much, she completely regarded her as a relative in the family, and said with a smile: "It's okay, when he comes down, I'll introduce them to him."

Song Ya was overjoyed when she heard the sound, but she didn't show it on her face. She was secretly happy, and praised her a few more times, saying that she thoughtfully prepared so many things for herself and Li Mo to come.

Nan's mother is usually well protected, and she doesn't have much exposure to hypocrisy in the social arena. In addition, Song Ya is her biological sister whom she hasn't seen in ten years.

It happened that Nan Ling took the notebook down.

Mother Nan immediately called him over.

"Nanling, come here."

"..."

Nanling didn't want to get involved too much with his indifferent aunt and so-called cousin who was not related by blood. He had no choice but to force his mother to lose face.

"Mom, I have something to do later. It's almost time, why don't you talk first, and wait for the next opportunity..."

"I didn't tell you to waste time." Mother Nan interrupted him unhappy.

Nan Ling had no choice but to keep his mouth shut: "Yes, I'm sorry."

Mother Nan pulled him over with a smile on her face and introduced her: "This is your cousin Li Mo. Your aunt showed you in the video when you were young. Do you remember?"

Nan Ling frowned and looked at the girl next to him who gave him a strong feeling of awkwardness, with a flat attitude: "I don't remember."

Mother Nan glared at him again: "You child!"

Having said that, she couldn't really scold her son in public for a relative who couldn't be reached, so she just blamed her with her mouth.

Immediately changed the topic: "That's right. Where are you going next?"

"Yunding Mountain Club." Nan Ling didn't hide from her: "I have made an appointment with a few friends, Daniel and Kevin. They are all coming. At 12 noon, it will take an hour to drive there."

means he is running out of time.

Mother Nan let go of her hand, and glanced at Li Mo, who was "behaved" beside her.

I remembered what my sister said.

She hesitated, and asked her son, "Can you take Li Mo with you?"

Nanling refused without even thinking about it.

Nan's mother took the lead: "She just came to Independent Island, and she is not familiar with the place. I will go to the beauty salon with your aunt later. It's not good for her as a young girl to play with our two old aunts all the time. You are about the same age, and There are a lot of friends here, so you just take Li Mo there, and you take her to meet more friends."

"..." Nan Ling was silent for a moment.

He is a smart man, and he can understand the meaning of Nanmu's words.

In fact, his mother just asked him to take Li Mo out on a blind date, to see if he could meet someone who could see each other well, and then develop it.

Nanling himself was raised to be extremely decent, and he looked down on this kind of climbing, but his mother spoke up, and seeing how the Li family sent their daughter over, Li Mo couldn't find a suitable person, maybe Will hit his own head.

After a short consideration, he reluctantly let go: "I have business at noon, and I may not take care of it well. If she doesn't mind, she can go with me."

Mother Nan looked at Li Mo tenderly.

Li Mo immediately lowered her head, as if embarrassed: "I will take care of myself."

Mother Nan understood what she meant, turned her head and told Nan Ling a few more words, and asked Li Mo to follow Nan Ling, and the two of them left together.

...

Outside.

Nan Ling opened the door of his car with a headache, glanced at the person behind him, suppressed his irritability, and tried to speak in a calm tone.

## Chapter 4132 She has a good plan

"I really have something to do at noon, so I may not be able to notice you at any time. If you are going, just follow me when you get there and don't walk around. It's not chaotic or safe inside, as long as you don't walk around alone. It's okay."

In the top clubs, it is inevitable that there will be a lot of powerful descendants with not so good personalities playing in it. If a young woman like Li Mo wanders around, she will inevitably encounter accidents.

After all, he promised his mother to take care of her.

If something happens to Li Mo, he won't be able to explain it.

Li Mo seemed very submissive and agreed: "I will be by your side."

"Um."

Nan Ling is not good at communicating with women, so he didn't say much, got into the driver's seat, and said to her, "Get in the car."

Li Mo got into the car immediately, sat in the co-pilot's seat, put on her seat belt and closed the door, sitting upright.

Nan Ling glanced at her outfit through the rearview mirror, but still couldn't hold back, and asked her doubts: "I want to ask."

"?"

"Do girls of your age outside like this style of outfit?"

Li Mo was stunned, and instinctively pulled down the sweater, and said unaccustomed: "It's okay. Maybe some people think it's cool to wear it like this."

Nan Ling keenly grasped that what she said was 'someone', not that everyone thought it was cool to dress like this.

He intuitively felt that Li Mo's words meant something.

But he respects women more, he didn't get to the bottom of it, he only thought that the outfits of Li Mo and the girls last night were popular outside.

"Sit down, we'll set off right away."

"good."

Li Mo rolled up the car window, leaned on the back of the seat, felt Nan Ling start the car, and they started towards their destination.

The roads on both sides were speeding by, and the wind blowing in from the open car window at Nanling was blowing in the ears, whistling and humming.

Li Mo pulled down the peaked cap unnaturally, and then let go of her hand uncomfortably. She always felt uncomfortable wearing the cap, and her forehead was rubbed and red.

She even wanted to take it off right away, throw the \*\*\*\* hat away.

But she insisted on pinching the palm of her hand, suppressing the irritability and discomfort in her heart, and did not do so.

After Bo Zheng broke off her engagement, she returned home in despair.

No one in the family welcomes her, and everyone blames her for offending someone she shouldn't offend and causing big troubles for the family.

But she herself is wronged.

Who would know that Qiao Nian has such a big background.

And she didn't do anything!

Didn't she just lose the invitation letter for the engagement banquet?

She has already come to the door immediately to apologize, everyone said sorry, it's okay, it's fine if you don't.

But the other party chased her to death, and did not know what method they used to make the Linmen family of the Bo family change their brides.

She became the laughing stock of Beijing and had to go home in embarrassment.

Forget it.

The other party still suppressed their overseas business relentlessly, insisting on making a fuss about withdrawing their capital, which made no one in the family give her a good face.

Li Moguang couldn't help but think of the grievances he had suffered during this period.

This time, she and her second aunt came to Independent Island according to the wishes of her family, to see if she could find a suitable partner here through relationships.

Help the family through the crisis.

Li Mo knows very well that her reputation in Beijing is rotten, and Independent Island has always been xenophobic. It is more difficult for her to find a suitable marriage partner.

If she doesn't want to become a victim of the family marriage, she has to find a way to find a man who can silence the family and is good enough.

Chapter 4133 The person you mentioned hasn't come yet?

And it just so happened that someone had revealed to her that Young Master Ye from Beijing City was also in Independence Island, and she was as unwilling as she was being punished this time.

Li Mo was thinking that if she could become the favored person, would she be able to return all the humiliation she had received before!

So here she comes.

Before coming here, I also studied that person's preferences, deliberately relying on the type he likes.

\*

Nan Ling's car quickly drove up the Panshan Highway and stopped in front of a top club.

"Nan Shao." The parking boy knew him a long time ago, and came to open the car door for him on the way.

Nan Ling casually threw the car keys to him: "Stop the car for me."

"Okay, Nan Shao." The parking boy took the key steadily, and only then did he notice that there was someone sitting in the passenger seat.

He took a closer look and found that it was a young woman.

The parking boy immediately stood aside sensibly, waited for the people in the car to get off first, and then drove the car to the parking lot by himself.

Nanling found that Li Mo hadn't come down, so she frowned and walked over, reaching out to help her open the car door: "Here we are."

Li Mo unfastened her seat belt, then got out of the car reservedly, stood beside him and thanked him warmly: "Thank you, Cousin Nanling."

Nan Ling listened to the pretentious voice in his ears, and subconsciously glanced at her attire, feeling more and more awkward and uncomfortable, so he didn't coy with her, and strode ahead: "Follow me."

Li Mo is not a fool, she can see that he treats her indifferently.

But now that she is under the eaves, she has to bow her head.

She bit her lip, and quickly ran after her.

...

Nanling booked at 12:00 noon.

Because the family was delayed by Nanmu and Li Mo's incident, it took more than five minutes to arrive at the agreed place.

Put it before.

He probably doesn't care about being five minutes late.

But this time the situation is different. He deliberately wanted to reach a settlement with Ye Wangchuan, but he found Daniel's special team again.

Under repeated orders, he was still five minutes late.

This made Nan Ling a little impatient, and his steps couldn't help getting bigger and bigger, gradually widening the gap with Li Mo who was behind.

In order to keep up with him, Li Mo even had to trot, so as not to be ignored by him.

\*\*

at the same time.

At the shooting range where they usually hang out.

Ye Fanchuan wore wrist guards, held a bow and arrow in his left hand, and grasped the feathered tail with his right hand. He narrowed his eyes and let go of the arrow.

A long arrow pierced through the wind.

Only hearing the sound of 'clank—', it was firmly nailed to the red dot in the center, and the tail was still vibrating and humming, which shows the greatness of the archery man.

"Papa papa!" Someone present took the lead in applauding.

Others couldn't help clapping their hands when they saw the situation.

Only Daniel's dark face had an embarrassing expression, holding a bow and arrow exactly like Ye Fanchuan's in his hand, and he walked over like a mourning concubine: "Young Master Ye. How can I play with you this time with 10 rings?"

"Sorry, I'll pay attention next time." Ye Wangchuan handed the bow and arrow in his hand to the staff on the side, and wiped his hands with a wet towel. His fingers were slender and shiny, as beautiful as a work of art.

Daniel looked at him: "Forget it, if you want to say that, I might as well lose to you, at least I lost in a fair way!"

"Otherwise, if you let me go, I will still lose. How can I survive Independence Week with this face."

The others booed and said with a smile that he could hide his face in the future.

Daniel scolded 'Get out', with a smile on his face, and his whole body was relaxed. It can be seen that he is a person who can take jokes, and he doesn't take others' jokes at ease.

Chapter 4134: Didn't you promise me that you won't be late? !

His personality is easy to mix up in social situations.

After all, who doesn't like to play with generous people.

Ye Fanchuan happened to throw the wet towel for wiping hands on the plate at this moment, raised Danfeng's eyes and looked over, and said lazily, "The person you mentioned hasn't come yet?"

He took off his wristband, looked at the time, and raised his eyebrows: "It's past 12 o'clock."

‘哉’, I told you not to be late.

Daniel cursed in his heart, but could only smile on his face: "Is it almost there? He might be stuck in traffic."

Ye Wangchuan didn't play tricks with him either, and asked the waiter to come over with a glass of lemonade, and stood there calmly: "I'll wait another ten minutes at most. If he doesn't arrive, forget it, I have other things, it is impossible to wait here forever."

"Of course." Daniel answered straightforwardly, already scolding Nan Ling as a fool in his heart.

And he regretted that he hastily agreed to Nan Ling's help.

...

The scolded person hurried to the outside of the shooting range.

Just then, his phone vibrated.

Nan Ling took out his cell phone from his suit, saw that it was Daniel's call, but he didn't answer it, so he turned it off and put it back again.

While saying to the person who is about to go in with him: "Before going in, let me make it clear to you. There are some friends I usually play with. I will find opportunities to introduce you, but after all, you are the sister I brought over. Just be a little more careful."

Li Mo heard the meaning of his words, blushed with embarrassment, clenched her fists hard, and lowered her head: "I know."

"The other thing is that I told you before I came here, you must follow me closely and don't just run around alone. Understand?"

Li Mo gritted her teeth: "Understood."

Nan Ling looked away and led her to push the door to go in: "Let's go."

Li Mo took a deep breath, tried her best to adjust her state, and followed Nan Ling with a smile on her face, preparing to get to know the circle in Independence Island.

She had heard from the elders in her family that Independent Island was extremely xenophobic, otherwise they wouldn't have used their first-level kinship with the Nan family to make a fool of themselves.

She insisted on pestering Nan Ling to come with her, and the idea was that Nan Ling would bring her into this circle, and she would use the identity of 'Nan Ling's younger sister'.

In this way, her social status can also be raised, so that she will not be regarded as a country bumpkin from outside...

Li Mo is an ambitious person.

Her goal is Ye Wangchuan, but it doesn't affect her desire to use Nanling to break into the circle of Independent Continent, so that she can make a living in it.

The two went in front and back.

As soon as Nan Ling entered, Daniel came to pick him up.

"You've come!"

This sentence is said louder.

Immediately afterwards, Li Mo heard the man who came up to Nan Ling lower his voice and gritted his teeth and said in Nan Ling's ear: "Didn't I tell you not to be late, you are still late, what do you mean?"

Nanling was embarrassed for a while: "Sorry, there is something at home."

Daniel didn't give him face this time, and said very irritably: "You almost made me unable to get off the stage just now, next time something like this happens, don't look for me!"

Nan Ling also asked him: "You mean that Young Master Ye lost his temper at you because I was late?"

"..." He was almost 15 minutes late, how could he not be unhappy?

Daniel rolled his eyes and didn't bother to answer him.

Nanling frowned, thinking that Ye Wangchuan was too tempered. This is Independent Continent, not Beijing City. Why is he so arrogant as an outsider?

Chapter 4135: Nan Ling is too confused about his position.

Daniel seemed to see what he was thinking, and lowered his voice to warn again: "Let me tell you first, don't forget to promise me. Ye Shao is my important future partner, you want to break up the business for me, I will break up with you."

"I know." Nanling resisted the urge to ask him back, didn't he ask him the lie of "really believe that Ye Wangchuan has rare earth mines" at this juncture?

Daniel looked at him dubiously and dubiously. Since there were so many people behind him waiting for them to pass, it was difficult for him to continue whispering to Nan Ling.

He only regretted that he agreed too easily, otherwise he would not have caused such troubles for himself.

Waiting for Daniel to half turn around and prepare to take Nan Ling there, he noticed that he also brought someone with him. Out of the corner of his eye, he glanced at Li Mo, and said in a carefree tone, "Who is this?"

Although Nan Ling is not as good as Ji Nan in all aspects, he is in line with his wishes.

But Daniel is very clear about one thing. Nan Ling keeps a clean life and rarely gets involved in the bad habits in the circle.

This time, he will bring a woman over.

He was only curious about Li Mo at first, but on second thought, Nan Ling brought a strange woman over on this important occasion, and he immediately felt as uncomfortable as swallowing a fly.

It is inevitable that the sense of Li Mo will decline.

"My sister."

Daniel's tone was not very good: "Your sister? Why didn't I hear that my aunt gave birth to a daughter?"

Li Mo's face was pale.

She could feel Daniel's malice towards her.

"Not my real sister, Li Mo is my cousin." Nan Ling also felt embarrassed, slightly blocked Daniel's strong gaze, and explained simply: "She is the daughter of my aunt's relative, and she is here to play in Independent Island this time."

"Yes." Daniel didn't even bother to look at Li Mo, turned around and walked back: "Tell her not to cause trouble."

It was the first time Nan Ling was treated with this attitude, and he felt embarrassed, but it was he who asked Daniel to help organize the game, and he was late again.

Since he was wronged, he didn't care about it.

Nan Ling turned around and said perfunctorily to comfort her: "He has this personality, don't worry about it."

"good."

Li Mo feels aggrieved, and her tone reveals a little weakness.

It's a pity that Nan Ling herself felt bad, and didn't pay much attention to her emotions, so she walked into the crowd with her hands shaken.

Seeing that he didn't even comfort herself, Li Mo bit her lower lip, still dragging her legs, following step by step.

...

Wait for them to pass by.

The others knew Nan Ling and greeted him, and soon someone noticed the person Nan Ling brought.

Nan Ling pulled Li Mo to introduce it to everyone.

Said about the same as Daniel said.

"Her name is Li Mo, she is the younger sister of my aunt's family, she is my cousin. This time, she is here to play in Independent Continent, and she will stay at my house temporarily."

"Oh, that's it, so it's my cousin."

"Hello, cousin."

"I just said that she doesn't look much like you, haha, she's prettier than you."

Everyone seemed to be chatting enthusiastically around Li Mo, but none of the men present took the initiative to say that they would add a contact information, take her around later, or take care of her more.

After all, who can come to this club where princelings gather?

If Nan Tianyi hadn't selected Nan Ling's father and intended to support Nan Ling's team, Nan Ling wouldn't be worthy of playing with them based on his background.

Not to mention Nanling's sister who came out of nowhere, this group of people would not pay attention to it, and at most they would give face a little perfunctory.

Chapter 4136: Master Wang turned around and left

Nanling is only responsible for introducing Li Mo into the circle, not for pimping.

After he finished his mother's explanation, he focused on the person he hadn't seen. He searched around but didn't see Ye Fanchuan, so he found Daniel.

"Where is Young Master Ye?"

Daniel is much colder towards him now, and pouted his chin: "He went out to answer the phone."

...

While the two were talking, the person who went out to answer the phone came back.

Ye Wangchuan came in and saw a group of people surrounded by the figure in the center, sweater + peaked cap, with a strong personal style.

He narrowed his eyes, still holding the mobile phone in his hand, his footsteps stopped slightly, his eyes had already turned cold.

Daniel walked over without knowing it: "The rare earth friend I mentioned is here, let's go, let me introduce you to each other."

Ye Wangchuan pushed his hand away, raised his eyebrows proudly, his pupils were pitch black: "No need."

Daniel was suddenly rejected, and he was taken aback: "What do you mean?"

Ye Wangchuan gave him a lazy look: "I should ask you, what do you mean?"

"?"

Monk Daniel Zhang Er was puzzled.

"What's wrong with me?"

Of course Ye Wangchuan saw Nanling not far away, so he sneered, and said impatiently: "Yesterday, Young Master Nan kept saying that we are not familiar with each other, so today you bring people to me...so today you want to ask me out Is it you or him?"

Daniel has never heard of this, people are stupid.

No, it's not.

What the \*\*\*\* is going on?

Nan Ling never told him about it.

His dark face turned red, like a chicken whose windpipe was strangled: "It's him."

He explained in a hurry: "But I don't know what happened to you yesterday. I just thought you didn't meet yesterday? I'll set up a game, everyone knows each other. And what I told you is also true, his hand There are indeed rare earth resources."

"Um."

Ye Wangchuan walked over calmly, took his own things, and walked back, before passing him by, said indifferently: "I believe you, but I can't eat with Nan Shao. I don't know each other well!"

Daniel was knocked off his shoulder, and watched helplessly as he walked out of the shooting range from behind and disappeared on the club's gravel road.

He kicked over the trash can on the ground, couldn't control his emotions, turned his face sullenly and said to the others: "I still have something to do, I don't want to play anymore, you guys play slowly!"

He didn't say that he was angry at Nanling, but anyone could tell who his temper was directed at!

After Daniel finished speaking, he also took his own things and left.

He got caught up in the evil, he would listen to Nan Ling's words and help to ask people out, but in the end he lost his face and didn't say anything, depending on his attitude, the cooperation we talked about before might be ruined.

What Daniel couldn't accept the most was that Nan Ling kept him from telling him and used him as a pawn!

Everyone is a gangster.

He helped others out of a kind attitude, but was stabbed in the back by someone, who would be able to let this tone go in his heart?

Daniel naturally wouldn't save Nanling face when he was angry. He walked quickly and decisively, leaving no time for everyone to react.

The others have already left the shooting range like Ye Wangchuan, and they can't even see a shadow...

This time, only Kevin and others were left in the shooting range.

Everyone, you look at me and I look at you. They are all dazzled by the good show right now, and there is interest in each other's eyes. By the way, they don't forget to take a peek at Nan Ling, the only one of the protagonists who is still here.

Chapter 4137: Li Mo chased after her

The eyes need to examine more, and more examine.

Nanling himself didn't expect that Ye Wangchuan would leave immediately after seeing him for the first time.

I didn't even expect that Daniel would leave later.

He stood there in astonishment, accepting all the mocking gazes, feeling as if he fell into the mud and was trampled on his face.

Kevin saw his pale face, stood there in a daze, stepped forward and patted his shoulder, breaking the deadly embarrassing atmosphere inside.

"Ouch, what...Daniel is such a dog, don't take it to heart."

"Yeah yeah, don't worry about it."

Other people are also persuading after reacting, but they don't know how much sincerity there is.

Nan Ling's complexion finally recovered a little, and he looked in the direction where Daniel left, with a complicated look on his face. He didn't know if he was talking about Daniel or Ye Wangchuan: "Is he right?"

Others made eye contact with unknown meanings.

No way, they left too.

What does it mean?

It shows that your Nanling's face is worthless!

And you don't feel offended, and you are still complaining to the big guys here so that they won't lose face. Tsk! It's absolutely amazing.

He embarrassed everyone, and Kevin couldn't take it easy, and noticed a detail that others didn't pay attention to: "Hey, where's your sister?"

Nan Ling suddenly turned around, only to realize that Li Mo was gone.

His already bad mood worsened again, with a cold face, he hurried out to find someone...

\*\*

Outside, Li Mo pursued closely.

"Young Master Ye."

"Young Master Ye, wait for me."

"Young Master Ye!"

She finally caught up with Ye Wangchuan outside, rushed forward with a stride, opened her hands to block the way, and said out of breath.

"I, I have something to say."

Li Mo raised her head, a pair of beautiful eyes glowed with the water after exercise, so delicate, no one would feel soft-hearted after seeing it.

"Do you remember me?"

"Say it directly if you have something to say." Ye Wangchuan's heart was as if made of a stone, and he didn't respond at all.

Li Mo wasn't sure for a while whether he was wearing the right style of clothing, ordinarily, if he liked girls with this style, he shouldn't even look at himself.

But she took the initiative to stop him.

Li Mo ignored the doubts in her heart, and said bravely: "You may not have met me before, but we know each other. Do you remember the person who was engaged to Bo Zheng before?"

"That person is me."

She was afraid of saying something that would embarrass her, so she took the lead and said, "We were still in the same group. I don't know if you have seen me. My name in the group is Summer."

Her eyes dimmed, and she lifted the broken hair by her ears with her hands, and suppressed her aggrieved tone: "...You may not have read it, but I will change my name later."

After Li Mo finished speaking, she raised her head again, as if she was afraid that others would see her vulnerable side, so she forced a smile, like a tenacious little flower in the wind.

Weak, but never bow to the wind and rain!

This is a smile that she has painstakingly practiced for a long time, even how many degrees the corners of her mouth rises are extremely precise, just to show that stubborn side.

That person provided her with Qiao Nian's photo.

She has seen it.

The girls in the photo really give people a strong aura, maverick, very own style.

But in her opinion, none of these are the key to winning over a man!

Li Mo firmly believes that what men eat is the desire to conquer.

If a woman is too strong, men will only keep her at a respectful distance. No matter how different Qiao Nian behaves outside, she must be a little girl in front of Ye Wangchuan.

For example, just like what she is doing now, she has her own bottom line, and at the same time reveals a vulnerable side that needs protection.

This is the most attractive way to attract men

## Chapter 4138 Hook up men face to face

Li Mo has confidence in her appearance.

She is not as delicate and beautiful as Qiao Nian, but she has been in a lot of relationships in the past few years abroad, and some of them have the style of a young woman.

Even if she is slightly inferior to Qiao Nian in appearance, she can make up for it with her temperament and figure, not to mention that she is more embarrassing than Qiao Nian.

Li Mo is still imagining how the other party's heart is moving.

I heard the man's indifferent voice: "You stopped me and wanted to tell me this?"

"No, it's not." She raised her head in a panic, touched the other's unhappy eyes, and was suddenly stunned.

No, it's not possible, is it?

Why didn't he respond at all?

And Li Mo soon discovered that Ye Wangchuan's eyes were filled with extreme impatience.

She herself has been in the top social places abroad since she was a child, and her family is well-off, and she has met many brothers like Ye Wangchuan from aristocratic families.

Generally, this kind of people have strict family education since childhood, and the men they bring up are always respectful enough for women and very gentlemen.

They show little emotion.

Unless they are offended, or the person in front of them is too disgusting for them to bear.

Li Mo didn't believe that she would be the latter based on her appearance and figure. After a brief panic, she quickly pinched the palms of her hands to calm down.

"of course not."

"I want to apologize to you for the unpleasant trouble in Beijing last time."

"Before..."

As she spoke, she was observing the changes in the man's expression.

Speaking properly, she recounted how she met Qiao Nian and Guan Yan in the dining room before, in her narrative.

She just didn't recognize Guan Yan and Qiao Nianlai, and it seemed that Qiao Nian was grabbing her aggressively afterwards.

She threw away the wedding invitation because of impulsiveness.

Afterwards, she realized that she had done something wrong, and she wanted to tell the housekeeper of the Bo family, but before she had time, things went wrong.

Li Mo's brilliance lies in her admitting her mistakes: "I did something wrong. I don't blame Ms. Qiao for being so angry afterwards. I just didn't expect that she wouldn't even give me a chance to apologize..."

Seeing Ye Wangchuan's eyes, she became impatient again. Quickly changed her words: "So... I would like to ask you to convey my apology to Miss Qiao for me."

Then immediately looked over with shy and timid eyes, and said eagerly: "Or if you are willing to help Miss Qiao come out, it would be better if I apologize to her face to face."

As she spoke, she took out her mobile phone and said, "Young Master Ye, do you think we can exchange contact information?"

These are all in her calculations.

Under normal circumstances, women are the first to leave their contact information, and most of the men will agree to leave the phone no matter it is out of decency or respect.

What she wants is to take the first step!

Before she came here today, she never thought that Ye Fanchuan would be here, but now that she's doing it right, it saves her from trying to find ways to create chance encounters.

Li Mo is ambitious: "Let me talk about mine first."

She reported her number first.

As if Ye Wangchuan didn't give Ye Wangchuan a chance to decline her, calculations flashed in his eyes, and he was eager to try, waiting for the other party to give her his phone number.

Wait for her to finish reporting her phone call.

Seeing that Ye Fanchuan had no intention of taking up the fight, he took out his phone and held it up for a long time, finally a trace of embarrassment flashed across Li Mo's face. With hindsight, he said, "Master Ye wouldn't even be willing to exchange phone numbers with me?"

"Or are you worried that your girlfriend will be angry because I had some trouble with your girlfriend?" She used aggressive methods in the second half of the sentence.

Chapter 4139 I smashed my face on the spot

Ye Wangchuan's casual expression: "I don't care about my girlfriend's emotions, do I care about you?"

Li Mo's face was flushed by his retorting question, and she subconsciously squeezed the phone in her hand tightly, leaning against the hard corners of the phone to hurt her palm.

Only then did he calm down, and bit his lip.

"Young Master Ye, I just want to apologize."

Look, how innocent.

Ye Fanchuan seemed to finally see her.

Li Mo immediately straightened up nervously, met that sharp and insightful gaze, and raised her jaw to make herself look even more wronged.

She was working hard, trying to seize this opportunity with all her strength, when she felt that Ye Wangchuan's eyes only paused on her for a second, and then looked behind her.

What is he looking at?

Li Mo instinctively turned back.

Then his expression changed suddenly and he realized that Nanling chased them out at some point, and was standing ten meters away from them.

Li Mo really panicked now.

She will stay at Nan's house next time, if she offends Nan Ling...

Li Mo's mind was buzzing, she opened her mouth, before she could think of an explanation.

Ye Wangchuan passed her and said directly to Nan Ling: "Be careful of the people you bring."

Nan Ling also just came here not long ago, and only heard a little vague conversation, mainly because my cheap cousin was pulling people around.

He didn't know that the two knew each other, let alone what Li Mo was doing.

But as an elder brother and entrusted by his mother, he walked over with a cold face, three steps at a time, and pulled Li Mo behind him to protect him.

Facing Ye Wangchuan directly, with cold eyes, he said in a deep voice, "I should be the one asking you, don't you have a girlfriend? What did you say to my sister just now?"

He already had a prejudice against Ye Wangchuan, and he believed that the other party was a villain who was full of lies and good at managing interpersonal relationships. He immediately said: "She just came to Independent Continent, and she didn't know the place well and didn't meet many people. If it wasn't for you What, she won't be entangled with you."

"Oh?" Ye Wangchuan was annoyed by SB, so he stood up straight, and kindly asked him: "Then tell me, what did I do?"

Nan Ling immediately looked at Li Mo: "What did you just tell him?"

Li Mo suddenly became the focus of the two people's attention, and neither of them was the person she wanted to offend, so she bit her lip and said vaguely: "I'm here... to apologize to Young Master Ye."

"Are you asking him to apologize?" Nan Ling didn't understand.

Li Mo was afraid that he would get angry, so she immediately said: "We...we didn't make Ye Shao unhappy, that...it's late."

She pushed the blame on being late.

When she said this, she turned into a good sister, and even ran out to catch up with Ye Wangchuan to explain and apologize for Nan Ling.

Sure enough, Nan Ling's sharp face softened a lot, and his sullen expression turned slightly calmer. He looked at her with warmer eyes, pursed his lips and said nothing.

But his firm standing in front of Li Mo again is enough to show his attitude.

Nanling even questioned Ye Wangchuan again: "What kind of man are you bullying women!"

"Tsk." Ye Wangchuan raised his eyelids, as if he was tired of the brother-sister love scene performed by the two in front of him, he took out the phone from his pocket, and directly pressed the play button.

When Li Mo's voice came out from inside, it clearly reached everyone's ears.

Prove clearly and clearly what Li Mo stopped others from saying.

Nan Ling turned his head suddenly, and looked at Li Mo who was hiding behind him and couldn't lift his head again, his eyes were full of disbelief. And Li Mo also looked at Ye Wangchuan in disbelief.

She just said so many, so sensational things.

This man didn't listen to a word, and was...recording? !

"You..." Nan Ling quickly calmed down.

He is a man, and he could hear what Li Mo was doing in the recording. After a short reaction time, he changed from the righteous side to the wrong side, and his aura was half down.

Chapter 4140 Take care of your sister

"Take care of my sister." Ye Wangchuan turned off the recording, put away his phone, and glanced coldly at the two people with different expressions, quite lazy: "And next time let your sister change clothes to go out. I don't mind other people wearing clothes. clothing style... but, she doesn't deserve it!"

Nanling's face turned blue and turned red, and it was burning hot. The skin on his neck was flushed, and the veins on his neck were bulging.

But every word he said made him unable to refute.

He finally realized where the awkward and unnatural feeling came from when he saw Li Mo for the first time.

Since Li Mo is in the recording...he clearly wants to hook up with this Young Master Ye who came from outside, so he can match the dressing style of the girl he met last night.

What else does he not understand!

She is deliberately imitating others!

Nanling's feeling of not being able to hold his head up became stronger just because he understood what Ye Wangchuan was talking about.

It's a shame.

Until seeing Ye Fanchuan walking away.

He breathed out his chest stuffiness as if he was relieved, turned around and met Li Mo who was dodging again, his eyes sank, and he didn't bother to educate this cheap cousin who couldn't beat him, so he turned and told her.

"Let's go, I'll take you back."

\*\*

On the other side, Qiao Nian was busy until evening before finishing the experiment.

She took off her blue protective clothing, took off her goggles and put them on the table, looking at Xu Yi who was still analyzing the data in front of the computer: "Let's get here today."

"Um."

Xu Yi raised her head and took the time to respond to her.

"You go back first, I will stay and watch the experiment video."

He won't come home?

Qiao Nian looked deeply into his eyes, pursed her lips, drooped her black eyelashes, pondered for a moment and said, "You don't have to suffer like this. If you have unfinished details, you can send them to my computer, and I'll fix them tonight."

Xu Yi moved his hand away from the mouse, and finally got distracted. Facing Qiao Nianzheng, he said: "It's not your problem, it's because I can't keep up with the rhythm."

He watched the experiment that Qiao Nian and the vice president did together in the afternoon, which was more than a star and a half higher than the one he did in the morning.

There are still several details that are much more advanced than him.

Xu Yi did not hide from Qiao Nian, and said his own thoughts together. In the end, his face was straight and handsome, without any shyness, and he said with a serious expression: "I stayed here just to watch the video, and then study you and the vice president. The experiment in the afternoon. I couldn't figure out a few things in the afternoon, and you were busy at the time, so I didn't have the nerve to bother you, so I just figured it out on my own at night when I have nothing to do...so you don't have to worry about me."

Qiao Nian figured out that he didn't suffer for himself, so he didn't have such a big psychological burden. He nodded slightly and said to him: "If you encounter something that is unclear, you can send me a message, and I will get back to you when I see it."

Xu Yi gave her an 'OK' gesture, and continued to study hard.

Seeing that he was studying hard, Qiao Nian raised his legs and walked around, went to the small cabinet where he kept his things, took out his mobile phone and peaked cap, put the peaked cap on his head, and held the brim of the cap with his cold white hand and lowered it down.

Then she leaned against the cabinet and turned on her phone.

Qiao Nian is using a black mobile phone with no age. The metal paint on the corners and edges is severely worn, and it can be seen that it has been used for many years.

General mobile phones will have various problems after several years of use.

For example, freeze, the battery is not used, and the memory space is insufficient.

But the mobile phone in her hand obviously does not have these problems, and it turned on in less than 3 seconds.

As soon as Qiao Nian turned on the phone, a lot of unread messages popped up, including text messages, emails, WeChat... and missed calls.
