

Madam's 4191

Chapter 4191 Isn't she the vicious person!

Ye Wangchuan quickly dodged her rushing body.

Just listen once.

"boom!"

Li Mo couldn't help but slammed into the wall, her facial features constricted in pain, and she almost sat on the ground in embarrassment.

She looked up at the ruthless man: "Why?"

Li Mo's eyes were heartbroken, as if accusing the wrongdoer: "Why can she do it, but I can't? What's so good about her, she deserves all of you to protect her!"

She doesn't understand.

Li Mo gritted her teeth and resisted the tingling pain from the right shoulder that hit her just now, she was about to cry, and her emotions collapsed: "Apart from her face, what else is there that you like? I just took it from the group." A similar ID, you all asked me to change it, and I had to make way for her. Why! I also grew up with a lot of pets in my family, from childhood to adulthood, only others let me."

"It's not over after I've changed. You and Young Master Qin still squeeze me out and don't let me get close to your circle. They even messed up my engagement in the end...and made me a laughing stock!"

Ye Wangchuan looked at her distorted face and angrily accusing her, and reminded her calmly: "You know what you have done yourself."

"What did I do?"

Li Mo came to her senses, cried and laughed and wiped her eyes: "You said I lost her invitation letter?"

She shook her hand angrily and said, "Yes, I lost her invitation letter and threw her father's invitation letter into the trash can. So what?! I am the protagonist of the engagement banquet, who do I want to invite, It's my right not to invite anyone. If I don't invite her, she will cause me to be divorced? Isn't she the one who is vicious? "

Ye Wangchuan said: "It is the Bo family's choice to divorce you."

"No, she is making trouble in the middle!"

Li Mo couldn't listen at all, and bit Qiao Nian tightly, as if Qiao Nian was the only one to blame for the whole thing.

She didn't dare to blame the Bo family, and she didn't dare to anger Ye Wangchuan, so she grabbed the girl who showed up the least and seemed to have the most ordinary background, and pushed the mistake on the other party.

at this time.

There were chaotic footsteps not far away.

There are also two people talking.

"How did I hear movement in front of me just now?"

"I heard it too, a loud bang, as if it hit something."

Li Mo's heart rose to her throat, and she suddenly stared at Ye Fanchuan, without giving Ye Fanchuan any time to react, she suddenly tore off the skirt on her body, and pinched a few red marks on her neck with her hands.

Then she wanted to stick it on Ye Wangchuan before the outsiders came over, so that the matter could be settled!

"Young Master Ye, help me." When Li Mo did this, her eyes were flushed, and she deliberately raised her deliberately painted eyes, tearful.

"I can't help it, I really can't help it..." As she said this, she tried to frame others deftly.

It's a pity that no matter how miserable and coquettish she is.

Ye Wangchuan didn't give her a chance to get close to him at all, and Li Mo jumped up and down but couldn't touch a finger of the man, so annoyed and annoyed.

While doubting whether the perfume Song Ya gave her was fake, hearing the approaching footsteps, her heart was about to lose balance.

What should she do?

Li Mo's face was pale, and she knew that going on like this was not an option, and if she went on like this, she would only become a joke when someone came.

It simply can't achieve the effect that Song Ya said to sit down first and then use power to force her.

Li Mo understood that this was her last chance, and looked at Ye Wangchuan who didn't soften her heart at all.

She gave up her heart, and finally stopped pretending to show her originally ambitious expression.

Chapter 4192 The person who came was actually Daniel and the others

"Young Master Ye, you forced me."

This is a dead end, there is no way ahead.

Li Mo was sure that even if Ye Wangchuan wanted to leave, he couldn't leave at this time, so she pricked up her ears to judge when the two were approaching.

Suddenly, he intentionally groaned loudly: "Young Master Ye, why are you pushing me away? You made me hurt so much... Someone is here? Where? Will they find us? What will they do if they find us? You said you will be responsible for me. "

Ye Wangchuan was standing three meters away, watching her directing and acting with cold eyes.

Li Mo could feel that ice-cold gaze falling on her body, the gaze was obviously cold, but her cheeks were burning hot.

Shame rose in her heart.

She is indeed too shameless to do so, but...

Li Mo can't take care of these things now, she must firmly seize this opportunity, even if she uses deception, she must squeeze out Qiao Nian's position.

Song Ya said.

A strong dragon can't overwhelm a local snake.

No matter how powerful the Ye family is in Beijing, it still depends on people's face when they arrive in Independence Island.

Among the top forces in Independence Continent, there is the Nan family. Aunt Song's husband is the current speaker of the Nan family. As long as she bravely takes the first step, the rest can be handed over to the second aunt.

...

Daniel and another friend came to see this scene.

Jinan's friend, that is, the oriental man who played with them in the mountain club last time, stood neatly at the door of the bathroom.

At the same time, three steps away from him, a woman's clothes fell to her shoulders, revealing most of her breasts, and there were many ambiguous red marks on her fair neck. She was looking at them in surprise.

The woman seemed not expecting them to come, subconsciously shrunk her neck, and immediately went to pull the clothes on her body, utterly ashamed.

"This man..." Daniel opened his mouth, looking at the 'scene' happening in front of him in disbelief.

The man named Rose who came with him reacted, pointed at Li Mo, and said in surprise, "Isn't this... Nanling's sister?"

He immediately turned around and ran out: "I'll call Nan Ling."

"Wait!" Daniel realized and subconsciously stopped him.

But the man ran so fast that he didn't have a chance to stop him.

Daniel saw that Rose was running to call someone, and holding his temple with a splitting headache, he turned around and looked at Ye Wangchuan, who had always been calm.

"Young Master Ye, what's going on?"

He glanced towards Li Mo and gestured with his eyes.

"Don't tell me you have a crush on her."

Daniel admitted that he did receive a great visual impact when he first saw this scene, and he instinctively thought in that direction.

But he soon realized something was wrong.

He and Ye Wangchuan had met Nan Ling's younger sister at the Peak Club, and Ye Wangchuan was very indifferent to this woman, even...disgusted.

He is a man, and he knows very well that it is impossible for a man of their status to wrong himself to accept a woman he doesn't like.

It is impossible to do this even with the brain of a sperm.

"What do you think?" Ye Wangchuan didn't seem to be in a hurry, leaning against the wall, Shi Shiran, asked him lazily and casually.

Li Mo was afraid that he would tell the truth that would be harmful to her, so she quickly stepped in, waved her hands in panic and said: "We, we are not what you see. I...I..."

She looked back at Ye Wangchuan with an aggrieved and stubborn expression, then turned to Daniel and said, "It's my fault."

Daniel didn't understand anything after seeing this.

This sister Nanling seems to be helping Ye Wangchuan in every sentence, but from actions to demeanor, she says that Ye Wangchuan has an improper relationship with her.

Chapter 4193 Something went wrong, Nan Ling's face was ashen

"Tch." Daniel is engaged in gray business, and he has never seen any kind of woman, especially Li Mo, a woman who plays tricks, he has seen a lot.

He ignored Li Mo, and looked at the unlucky man with sympathetic eyes: "That idiot will call someone over soon, what are you going to do?"

Daniel glanced at Li Mo frivolously, and said without respect: "...Are you really going to accept this kind of thing?"

As a man, Daniel just wanted to say that this is too miserable.

Li Mo's humiliated face turned blue and white, all the blood faded, her lips pursed, she wanted to refute, but she didn't dare to provoke her.

"I don't want to ruin today's birthday party, but someone insists on me, and it seems that I can't solve it."

"Oh?" Daniel looked at the calm expression on his face again. Although he was still a little suspicious, he was not so worried about him in his heart.

There is no fear in his demeanor and tone.

Nanling, this sister, is afraid that she will be devastated!

It depends on the reaction of the Nan family.

If Nan Jiafei wants to stick to it, it's hard to talk about it today.

Daniel accompanied the two of them here and waited for someone to come over, with the mentality that watching the excitement was not a big deal.

...

Outside.

Ross found Nan Ling first, and told him about the matter in a hurry.

At this moment, Nan Zhengyu, Song Ling, Song Ya, and Nan Ling were still waiting for Li Mo to come back from the bathroom, and they were very irritable.

Suddenly saw Nan Ling's friend approaching, and talked about the farce that happened outside the bathroom.

Nanzhengyu's neck was bulging with veins, his face sank, and his brain ached with anger. He gave Song Ling a hard look, and rarely lost his temper: "Where is she? We'll go there right away."

Song Ling's mind went blank, and she never thought that Li Mo would make such a big fuss on this occasion and be seen by others.

Seeing her husband, who has always loved her so much, give her face in public, she felt uncomfortable and wronged, and she also said beside her: "Momo is not that kind of person, there must be a misunderstanding."

Nan Ling went over to support her shoulders, his eyes darkened, and he said softly, "Mom, don't talk about it. We will follow Dad's arrangement later, and you don't want to interfere anymore."

Song Ya is the only person here who is not surprised.

After Ross finished speaking, she pretended to be surprised for a moment.

When Nan Ling was talking about Song Ling, he quickly grabbed Song Ling's hand, his eyes were red, and he said sadly: "Sister, what can I do? The old lady was fine when she handed her over to me. How can she find a suitable candidate in Independent Island. This...that man must be responsible. "

"Okay, don't be in a hurry." Song Ling's attention was diverted, she patted Song Ya's hand lightly, and said in a low voice, "Let's go and have a look first."

Song Ya wiped away tears that didn't exist at all, and said, "Sister, this is Independent Island, and I can't say anything. Momo can only rely on you."

Song Ling opened her mouth, and almost said that your brother-in-law was still there, but then remembered the way her husband looked at her just now, her chest was tight, and she only whispered a few words to comfort Song Ya.

Nanzhengyu didn't see the little actions of the two sisters, and was so anxious that he asked Ross to inquire about the situation there.

Ross roughly said what he heard, and was about to take them there.

Nanling heard a few key descriptions.

Oriental face, young man, surnamed Ye...

"Could it be..." His heart missed two beats, and Ye Wangchuan's face appeared in his mind.

Besides being surprised, he remembered what happened in the club before, and immediately realized that Nan Ling's face turned livid, extremely ugly!

Chapter 4194 Okay, do you want to make trouble so that everyone knows

Nan Zhengyu and Nan Ling hurried to the scene of the incident.

"coming."

Daniel was the first to spot them, raised his eyebrows and said to the man leaning against the wall, "Brother, good luck."

Then he stepped forward to greet Nan Zhengyu who rushed over: "Uncle, you are here."

Nan Zhengyu saw him, slowed down, pulled the twitching muscles of his cheeks to force a smile, and stopped: "Are you here too?"

"I met Ross together. He went to find Nan Ling, and I stayed." Daniel still respected him, and said again: "Don't worry, no one else has come."

Nan Zhengyu frowned and finally relaxed a little, glanced at him, put his hand on his shoulder, and smiled kindly: "Thank you."

Daniel is very humble: "I should do it."

The two exchanged a few pleasantries, Nan Zhengyu let go of his hands and went straight to the point, walked to the scene of the 'farce', first looked at Ye Wangchuan, then at Li Mo, who was disheveled and embarrassed.

With a straight face, he said to Li Mo: "What's going on?"

Li Mo grabbed the clothes by the collar to prevent them from slipping off, her eyes turned red, and she was about to cry before she could speak: "I..."

Song Ya stepped in at this moment, stepped forward to support Li Mo's shoulder, and took the lead in attacking Ye Wangchuan with great distress: "What did you do to my Momo! I want to call the police!"

Seeing her rushing out, Nan Zhengyu felt her temples throbbing and her head buzzing, she almost passed out of anger, especially when she heard Song Ya yelling to call the police, lest the people inside didn't hear what they were doing here. , was so angry that his complexion turned blue, and his anger surged.

"Nan Ling, what are you doing standing there? Why don't you send your aunt and the others away."

Nanling also realized, and immediately went to pull Songya: "Auntie, let's go back first."

He glanced at Li Mo: "...Go back and change Miss Li's clothes."

How could Li Mo leave? With tears streaming down her face, she grabbed Song Ya's hand and immediately said in a crying voice, "Second Aunt, I know I was wrong. It's me, it's my fault, you blame me, I can accept it. But don't blame Young Master Ye, this matter has nothing to do with him, it's me... I like him."

"Then let him be responsible!" Song Ya was furious.

Li Mo shook her head desperately, tears kept falling: "No, I can't do this. He has a girlfriend, I can't force him."

Song Ya grabbed her hand, with a look of resentment: "You said he has a girlfriend? Then you return it!"

"I'm sorry." Li Mo could only sob.

Song Ya's embarrassment gradually eased, as if she had made up her mind, she stared at Ye Wangchuan again, and said through gritted teeth: "I don't care if he has a girlfriend, he must be responsible for this kind of thing!"

Nan Zhengyu saw Ye Wangchuan in this situation, still put his hands in his pockets, leaning lazily against the wall, as if he wasn't the one being criticized by Song Ya.

This kind of calm and calm reaction... Nan Zhengyu had an ominous premonition, his eyelids twitched, and he stopped Song Ya: "Okay, do you want to make a fuss until everyone hears it?"

Song Ya was stunned for a moment, and then her eyes were red like Li Mo's. She raised her hand to wipe away the tears that did not exist in the corners of her eyes, and said sadly: "Brother-in-law, don't you want to seek justice for Momo?"

"I know she's not from Independent Continent. But she was entrusted to me by her parents, and she was entrusted to me to take good care of her baby. In the end, when this kind of thing happened, if I don't want to explain it, how can I talk to her parents when I go back?" Confession..."

Chapter 4195 Or, you married Li Mo?

She said mourning, as if she had been greatly wronged.

All the people present were silent.

But except for Ross and Song Ling, the others were silent not because of how touching Song Ya said, but because they were simply depressed by Song Ya's shamelessness.

Nan Zhengyu was stunned for a moment, then came to his senses, looked at Song Ya and said seriously: "You mean...someone else should be responsible?"

Song Ya wiped the corners of her eyes without hesitation, and said honestly, "Isn't this what it should be!"

She didn't give Nanzhengyu a chance to ask back, and said righteously: "No matter how this happened, Momo is a woman and he is a man. The ones who suffer are women, and he should take responsibility as a man. Married Momo Mo, give everyone an explanation!"

"You mean you still want to get married?" Nan Zhengyu laughed angrily.

Song Ya is not an idiot, she can see her brother-in-law's raging anger, but she has no choice but to fire, and she has no way out.

Song Ya gritted her teeth, clenched her fists, looked hard at Nan Zhengyu, and said bluntly: "Either he agrees to marry Momo in front of everyone, or I will make the matter worse and let the police handle it."

There is no so-called police in Independent State, but there are related institutions responsible for handling disputes.

This kind of organization is similar to IPA. It is not a serious police organization, but it does similar things to the police.

Nan Zhengyu was not afraid that she would call the police, but mainly did not want Song Ya to ruin Xie Tingyun's birthday party, otherwise he would be in big trouble.

He took a short breath of anger, looked at one of the parties, his eyes were not angry and pretentious, and asked, "What do you think?"

Nanzhengyu doesn't know Ye Wangchuan.

But seeing Ye Wangchuan's rare oriental face, and appearing on today's occasion, he basically guessed Ye Wangchuan's identity.

Jinan's friend.

Although he resented Song Ya and Li Mo for using him as a fool, he had no choice but to follow their wishes, saying: "Her words are a bit extreme, but there is a saying that is true, you are a man, making such a scene Things, at least give an explanation."

"I heard you have a girlfriend?"

Nan Zhengyu thought about it and said: "Let's do this. What compensation do you want? As long as I can do it, I will try my best. Including your girlfriend, I will also come forward and give her a decent 'compensation'. Then we will follow the The solution she said is temporarily settled."

Daniel opened his eyes, and couldn't help but "tsk", seeing Ye Wangchuan's expression with great interest, guessing that the result was completely different from the thrill of seeing it with his own eyes.

Today's good show is worth it.

Song Ling also hurriedly added: "Yes, Momo is my niece. After you are together, we will not ignore her."

"Don't you want to gain a foothold in Independent Island? This is the opportunity. As long as you marry Momo, I will be your aunt, and we are all your relatives."

Nan Zhengyu frowned fiercely when he heard this, and glanced at his wife, without making a sound to stop her.

He just wants to solve this farce as soon as possible. As for Song Ya and Li Mo in the future...he will definitely not care about it anymore. When the day is over, he will send them away immediately!

The difficulty now lies in whether the other party is willing to compromise.

Nan Zhengyu looked at the young man who had been silent all this time from the corner of his eyes, and saw that the other party finally spoke: "Are you finished?"

This attitude... tone of voice...

Nan Zhengyu was overwhelmed by the opponent's aura, and observed again.

He still kept saying: "I know this is unfair to you, and it's not good for you to tell your girlfriend, we will help you."

Chapter 4196 They even want to coerce and lure

"How about you call the police?"

Ye Huangchuan has always been arrogant, he has been away for so many years, no girls have played such clumsy tricks in front of him, but no one really asked him to take responsibility with marriage, and even said bluntly that if he told him to dump his girlfriend, he could give him some Spiritual compensation.

As long as Fan Nanzhengyu knew who he was talking to, he would not say such ridiculous things.

So he didn't bother to play tricks with Nan Zhengyu and others, his eyelids drooped, and he looked at them frivolously: "There are surveillance cameras everywhere here, as long as you ask the hotel to pull out the surveillance video, you can know whether I have been molested or not." This...Miss Li."

Nan Zhengyu and the others were dumbfounded.

"Aren't you going to give her justice? You must be fair."

Ye Wangchuan Shi Shiran stood up straight, with long legs and narrow waist, with a cool temperament, coupled with prominent bones and well-defined outlines, he was born with a special aura of nobility, and it was easy to give people a feeling of inhumanity.

"Exactly, I'm a man, and I also need to be innocent. Otherwise, my girlfriend will misunderstand... Since everyone needs to 'account', why don't you find out the monitoring."

"Whew~" Daniel couldn't help but whistled and cheered for him when he heard the phrase 'men also need to be innocent'.

Nan Zhengyu and the others were awakened by the whistle, and Song Ya and Li Mo became visibly panicked.

Song Ya didn't even think about it, she opened her mouth and refused: "No way! Momo is a woman, how could it be possible for so many people to watch the video."

Li Mo also continued to wipe away tears, crying really sad this time: "Ye, Young Master Ye, I know you don't want to be with me. I didn't force you, you don't have to do this."

Song Ya called Song Ling anxiously again: "Sister, do you allow him to bully us like this?"

"..."

Song Ling wavered and couldn't make up his mind for a while.

People just asked to check the monitoring. Although this request is not humane, it is reasonable and legal. She can't even let people check the surveillance!

Nanzhengyu's temples were throbbing, looking at Ye Wangchuan, he said with a heavy tone: "I am willing to compensate you in my own name, you can ask me."

His voice changed, and he revealed a threatening meaning: "It's okay if you insist on checking the surveillance, but you don't want to go back when you come to Independent Island, do you?"

He just didn't say it clearly.

Independence Continent is his territory.

Ye Wangchuan wanted to hang out in Independence Continent later on, so if he admits it today, he must admit it, and if he doesn't, he must admit it!

It is best not to watch the surveillance, as it will make both parties ugly.

"Since you can be friends with Ji Shao, you must be a smart person, and you should understand what I mean." Nan Zhengyu narrowed his eyes, trying to pat Ye Wangchuan on the shoulder to comfort him.

However, before his hand touched his shoulder, he was slapped in the face and avoided it.

Nan Zhengyu lost his hand, before he had time to sink his face.

I heard Ye Wangchuan's lazy voice say again: "Since you guys don't want to check the hotel surveillance, I have to check it myself."

Nan Ling couldn't understand what Li Mo and his aunt did, and kept a neutral attitude from the beginning, neither talking nor interfering.

Now when he heard Ye Wangchuan say that he checked the hotel surveillance by himself, he couldn't help but twitched the corner of his mouth, and sneered at Ye Wangchuan's so-called surveillance surveillance.

This is Independence Continent.

This hotel has a background of Yaomen, from banquets to underground auctions.

He thought he could ask for hotel surveillance?

His father may not be able to get the surveillance immediately. He has to find a relationship to contact the relationship behind the hotel and explain the situation to him.

Chapter 4197 This hotel has a complicated background

Daniel also reminded Ye Wangchuan at this time: "This hotel has a complicated background, you can't get hotel surveillance."

Li Mo and Song Ya were scared to death from just now.

Heard Daniel say that.

Their hearts quickly fell back to their original place.

Li Mo's complexion improved a lot, she continued to hide behind and wiped her tears, and leaned against Song Ya sobbing, as if she could no longer stand crying.

Nan Zhengyu said gently: "If you insist on monitoring, you can try."

"But I still advise you, just follow the solution I said, we all settle peacefully, and don't end up being the only one who can't get down."

"Young people should not be too arrogant!"

Ye Wangchuan took out his mobile phone and made a call: "I want hotel monitoring."

Then he hung up the phone, put down the phone, squinted his narrow eyes, his bottomless pupils looked at Nan Zhengyu and replied: "I also want to see who will not come down."

**

Mo Dong received the call the first time, called Moxi, and asked which hotel Ye Wangchuan was in today.

He learned that Ye Wangchuan was attending a birthday party at the Intercontinental Hotel, so he drove there without stopping, and even contacted the person in charge of the hotel on the way, telling the person in charge to rush to the door to pick him up.

When he arrived at the hotel in a hurry, he got out of the car and threw the car keys to the staff. He immediately found the person in charge of the hotel and walked inside quickly.

The person in charge of the hotel is also a member of Yaomen, not as high as Mo Dong, and belongs to the member in charge of economics in Yaomen.

I usually know Moxi well.

The person in charge is about 1.7 meters tall, black, with messy curly hair lying on the top of his head, full forehead, ordinary facial features, and a pair of shrewd eyes. He looks like the kind of social **** suitable for managing complex interpersonal relationships.

"Brother Dong, why are you free to come here today?"

"Don't talk nonsense, the monitoring I asked you to prepare, is it ready?" Mo Dong scowled his face fiercely, interrupting him impatiently to flatter himself.

The person in charge of the hotel has long been used to Mo Dong's straight-forward and impatient personality, so Ma Liu followed up: "I dare not neglect the things you explained. I'm ready."

He thought about it and said: "But we don't have surveillance in the banquet hall."

He said cautiously: "You also know the temper of the Nan family, and today is the wife's birthday. All the guests are here. He has never allowed surveillance in the banquet hall. Someone came to the hotel early this morning Turn off the surveillance inside."

It is said that there is no one behind the Intercontinental Hotel, so it is not possible to listen to Nan Tianyi like this.

The reason why they complied with Nan Tianyi's request was that the person in charge of the hotel received the request from the boss more than a year ago.

Master said that they should respect Nan Tianyi and Xie Tingyun. Of course, the people below them must cooperate with Nan Tianyi's request.

"But just in case, I asked the waiter to keep an eye on the movement inside. If something happens, we won't be ignorant."

The person in charge of the hotel has a humble tone, but the arrangement he said is extremely smooth. It looks like someone with a brain and a city.

"However, nothing has gone wrong so far today."

Mo Dong heard his implication: "Not at the banquet."

"...Understood." The person in charge of the hotel understood in seconds.

That is, someone was doing something outside the banquet and alarmed Brother Dong.

Generally, Dong Ge can solve it himself, and it can be predicted that the person who caused the trouble will be unlucky!

Chapter 4198 Which of you wants to watch the monitoring

The person in charge of the hotel led Mo Dong to the accident site.

Just then I heard Nanling say in a deep voice: "You are talking about checking the monitoring, but you are standing here to check?"

Mo Dong immediately quickened his pace and walked over, with a loud voice, interjected: "Let me see who is talking so crazy?"

Several people present spotted him immediately.

Li Mo and Song Ya didn't know him, they just thought Mo Dong was a little guy who appeared out of nowhere.

Nan Zhengyu and Song Ling knew him.

The scar on Mo Dong's face is his most striking feature, which is very recognizable in Yaomen.

Yaomen people?

Nan Zhengyu's complexion changed slightly.

At this time, Mo Dong had already walked into the crowd, walked straight to the young and vigorous Nan Ling, looked him up and down like a clown: "Oh, this is not... let me think about who it is. Mr. Cai ? Or Wang Shao?"

Nanling's neck was bulging with veins, and he clenched his hands into fists, so angry that he wanted to argue with him.

Mo Dong pretended to pat himself on the forehead, made an expression of sudden realization, and looked at him: "Oh, isn't this Nan Shao?"

He knew how to sprinkle salt on Nan Ling's wound. He looked at Nan Ling, fixed his wolf-like eyes, and asked with a blank expression on his face, "Why, Nan Shao inherited the Nan family? Talk at a young age If you are so crazy, you are not afraid to flash your tongue."

Nan Ling hated others to talk about their status as offshoots the most in his life. At this moment, he narrowed his eyes and said, "I don't seem to have messed with you."

Mo Dong put his hands in his pockets and nodded in agreement: "It seems to be."

But the expression on his face seemed to say: 'Does it affect me to slap you in the face'.

Nan Ling had never been humiliated like this before, his handsome face was flushed red, then livid in an instant, turning black in the blue.

It was because Nan Zhengyu was quick to hold him back that he didn't directly clash with Mo Dong.

"This is Mr. Mo Dong, right? You are here..."

"Send monitoring."

Mo Dong didn't talk nonsense, raised his elbow, frowned and called to the people behind him: "What are you doing in a daze, why don't you show people the surveillance, so that they will be anxious like rushing to reincarnate, for fear that they won't be able to see the surveillance in this life!"

"Hehe, Brother Dong really knows how to joke."

The person in charge of the hotel smiled and walked out from behind him, holding an ipad in his hand, coughed, and asked the people present: "Which one of you wants to watch the surveillance?"

Li Mo and Song Ya's faces were pale, they didn't expect Ye Wangchuan to find the hotel to monitor.

The two dared not respond.

Ye Wangchuan casually clicked on the names of the two at this time: "Don't you watch the surveillance?"

"I..." Li Mo's eyes flustered.

Song Ya is a little older and calmer than her, with the corners of her eyes pulled down, she opened her mouth and said, "How do we know if these two people are your accomplices?"

The person in charge of the hotel immediately put down the ipad, put away the innocent smile on his face, looked at Nan Zhengyu, and said indifferently: "Mr. Nan, please restrain your own people."

"Our hotel has been operating with integrity in Independent State for so many years. If you are worried, I can call Mr. Nan and Mrs. Nan to see if we have tampered with the monitoring..."

People don't save any sympathy for themselves.

Nan Zhengyu was embarrassed and ashamed, no matter how good his temper was, he couldn't help getting angry, and scolded Song Ling: "Take care of your sister!"

Song Ling had an unbelievable expression at first, then bit her lips, drooped her head, not daring to talk back when her husband was angry: "...OK."

"..." Seeing her brother-in-law getting angry, Song Ya felt anxious, but like Song Ling, she didn't dare to continue to forcefully intervene at this time, otherwise it might not be her sister who will be scolded, but her.

Chapter 4199 Now I want to take a step back

The person in charge of the hotel was serious, and greeted the others: "I'll play it directly, you can watch it for yourself."

"good."

Nanzhengyu felt bitter, and it was impossible for him to say that he didn't watch it.

The person in charge of the hotel ignored him, erected the ipad, clicked the screen play button, and held the screen in mid-air, so that everyone could see the location clearly.

Monitoring is simple.

The above clearly photographed how Li Mo entered the banquet hall, how she made a bunch of tricks at the stairs, and how she came out behind Ye Wangchuan with the added wine.

The most exciting thing is the surveillance footage that she followed.

You can clearly see her standing in front of Ye Wangchuan, crying and laughing. Although she couldn't hear what she said, anyone with eyes could see that she rushed forward again and again.

In the end, she also failed to knock down Ye Wangchuan, Li Mo simply directed and acted to tear off the shoulder straps of the dress, and acted like she was yelling and yelling all by herself.

And then Rose and Daniel walk into the camera.

...

Everything that is obvious cannot be more obvious.

Besides Song Ling, Rose, the only one who believed in Li Mo's nonsense, was shocked and looked at Li Mo's pitiful look.

He looked back at Nan Ling: "Your sister..."

This is too shameless!

Nanling wanted to find a crack in the ground to sneak in. Facing his friend's doubts, he could only sullenly say, "She is not my sister, but a relative brought by my aunt."

The voices of the two were not loud enough for Li Mo and Song Ya to hear clearly.

Li Mo seemed to have been slapped in the face, humiliating and embarrassing.

Song Ya didn't feel much better, she stood there and wanted to yell: "What does this video mean? Li Mo is doing something wrong, but she is a girl, if you hadn't seduced her in private, how could she do such a thing?" Things? After all, it's not your problem."

Song Ling couldn't bear to listen to her and called her: "Okay, don't say a few words."

This is their only chance, how can she give up if she fights to the death.

Song Ya was anxious in her heart, so she didn't know what to say, and said her true thoughts: "Sister, no matter what the truth is today, Momo's reputation will definitely be ruined."

"We can't just leave it like this. You ask brother-in-law to help and make him responsible for Momo. As long as brother-in-law says a word, it will definitely be done..."

"Pfft." Daniel couldn't stand it and interrupted her: "This means, are you going to buy and sell by force today?"

He somehow remembered that Ye Wangchuan was a friend introduced to him by Ji Nan, and it was inappropriate for him to continue to watch the excitement when things got to this point.

Daniel made a gesture to take out his mobile phone: "I'd better ask Ji Shao to come and have a look."

"Daniel, we didn't mean that!" Nan Zhengyu stopped him, watching Daniel reluctantly stop.

He was so angry that his throat was about to burst into flames, he gave Song Ya a hard look, and said in a deep voice: "Your sister can't control you, so I have to send you back and let your old lady control you."

Song Ya used to rely on Nan Zhengyu's brother-in-law to say that she couldn't speak of herself, so she interrupted unscrupulously. Now Nan Zhengyu publicly warned her and slapped her in the face.

Song Ya was embarrassed, but also scared.

Nan Zhengyu ignored her, walked back to one of today's parties, tried to suppress the turbulent emotions, and said to Ye Wangchuan: "We misunderstood you today."

"This is the end of Li Mo's matter, don't worry, I won't pester you with this matter in the future, everyone take a step back..."

Chapter 4200 It's too late to find out now

In his opinion, Ye Wangchuan is just a person from outside the Independent Continent.

Although there is a relationship with Ji Nan behind him, Ji Nan is a junior after all, if the other party is smart enough, don't pester him any longer.

"Of course, I will also compensate you."

Nanzhengyu still has EQ, and knows that what he did today was too much.

"Finished?"

Ye Wangchuan interrupted him now, raised his eyes, completely crushed Nanzhengyu in terms of height, and also overwhelmed him with momentum.

He walked up to Nanzhengyu calmly and said, "It's my turn after you finish talking."

Nan Zhengyu was stunned.

Ye Wangchuan: "Have you seen the monitoring clearly?"

Nan Zhengyu saw that he mentioned surveillance, his expression changed slightly: "This matter..."

Ye Wangchuan cut him off: "You don't seem to have apologized to me from the beginning to the end, right?"

Apologize?

Nan Zhengyu frowned, and didn't keep up with what he said, mainly because he never thought that he needed to apologize.

In his eyes, even when he used his power to force Ye Wangchuan to bow his head and marry Li Mo, he said "politely" that he would make it up.

Even if it turns out to be a misunderstanding afterwards, why should he bow his head and apologize as an elder and a superior?

Didn't he say that he is willing to make up for it?

"It seems that you never thought about apologizing to me." Ye Wangchuan saw through his thoughts at a glance, and Shi Shiran exposed it.

Nanling couldn't suppress his anger, stepped forward and said in a deep voice, "Don't go too far!"

Before he got close to Ye Wangchuan, Mo Dong raised his hand and pressed his shoulder: "Why, do you want to do something?"

"Hmm..." Mo Dong's hand was surprisingly strong, and it hurt Nan Ling's shoulder when he pinched it, and any more force would almost dislocate his arm.

Song Ling saw it, and immediately rushed over: "Nanling."

The person in charge of the hotel quickly blocked her in front of her: "Mrs. Nan, what's the hurry, tell me if you have anything."

Nan Zhengyu saw the actions of the two of them, and suddenly looked at the young man who was hiding in front of him, and was surprised for the first time: "You and Yaomen..."

He had long been shocked by the stormy waves.

Yaomen has always been a mysterious existence in Independence Continent. Nan Zhengyu never thought that an oriental who just came to Independence Continent would have something to do with Yaomen.

But the behavior of Mo Dong and the person in charge of the hotel now, if you say that Ye Wangchuan has nothing to do with Yaomen, you have seen a ghost.

Even Daniel could see it, and looked at the man who didn't show his face in the same astonishment, but he didn't ask like Nan Zhengyu.

Ye Wangchuan didn't explain to him, mainly there was no need to tell Nan Zhengyu: "Everything will be discussed after Aunt Xie's birthday party is over."

Nan Zhengyu's heart was beating wildly, and he vaguely realized that he might have offended the wrong person.

Especially, you shouldn't just listen to your wife and Song Ya's words and try to use power to coerce them to bow their heads just now...

He regretted it a lot now, and the expression on his face was also shocked.

Ye Wangchuan: "Or do you want to say it now?"

Nan Zhengyu swayed, took a deep breath, knew that he had no choice, and reached an agreement with a sullen face: "Wait until the birthday party is over."

**

Half an hour later.

Qiao Nian saw that the man who had just gone to answer the phone finally came back, pulled out the chair and sat down beside him, feeling the cold outside.

She picked up the water glass and took a sip of water, pinching the handle with her slender fingers, and asked softly, "Master isn't feeling well?"

The reason why Qiao Nian asked this was because before Ye Fanchuan went out to answer the phone, out of the corner of her eye, she caught a glimpse of Mr. Ye's name.

"You, why don't you go back?" Qiao Nian murmured to him, her delicate eyebrows and eyes were rarely relaxed, and when she mentioned Mr. Ye, her eyes were soft.
