

Madam's 4211

Chapter 4211 She absolutely shouldn't, she shouldn't have involved Mr. Ye

"Famous families care about face the most. Regardless of whether something is true or not, even if they are not responsible in the end, they still have to give us some benefits to appease us."

The Li family is short of money and panic at this point, and funds must be injected in to maintain the normal operation of the capital chain.

Old lady Li doesn't want to face anymore.

**

The Li family contacted their domestic contacts and found a marketing company that dared to take on the job. First, they used the paparazzi account under the company to pretend to be mysterious and posted a Weibo, saying that there was a big melon going to explode at three o'clock.

Then buy more heat, bring in a few top stars, and stir up this 'melon'.

Three o'clock in the afternoon domestic time.

Paparazzi broke the news and a shocking melon broke out.

It is said that a certain third-generation son 'bullied' a Bai Fumei. This Bai Fumei lived overseas since she was a child, and was deceived without knowing the domestic situation.

The paparazzi broke the news and gave a key clue, saying that this boy has a girlfriend, and the girlfriend is the younger sister of a top male star.

If you want to say that the breaking news number will stop here, the people who eat melons may not be sure who he is talking about.

But then the paparazzi broke the news and started a live broadcast again. On the live broadcast watched by 100,000 people online, he added another sentence in a mysterious way: "The younger sister of this top celebrity is also a well-known Internet celebrity in China. She is a music star. ."

Make music.

Fame is not small.

There is also a top star brother.

The combination of several conditions made the paparazzi almost fail to mention Qiao Nian's name.

Qiao Nian herself is extremely low-key, and there is very little news about her.

This time, when I come here, I will involve this kind of explosive melon.

Fans and passers-by were all very interested and began to dig graves.

Talks about #追光男友是什么#, #一个三代公子哥被组#, #三点大瓜# and other topics dominate the hot search list.

Qiao Nian has never hidden the fact that she has a boyfriend. Many people in Tsinghua University have seen Ye Wangchuan come to the school to pick him up.

This also led to people starting to cryptically name Ye Wangchuan's family background under some breaking news posts, and also involved Mr. Ye.

Seeing that public opinion began to develop in an abnormal direction.

Someone blew up the entry.

...

Shengxing Entertainment.

Jiang Li was still sitting in the president's office, and the people from the public relations department came in non-stop with documents to report to the boss.

"Mr. Zhang, we have shut down the entry you explained."

"Well, you go out first."

"OK."

The people from the public relations department gently placed the relevant documents on his desk, then went out quietly, and closed the glass door for the two people inside.

and others went out.

Zhang Yang lowered his eyes slightly, and slammed the document on the table: "Who do you think is so bold?"

"You'll know if you don't look it up!"

Jiang Li was wearing a motorcycle leather jacket, with curly hair dyed in highlights hanging on his superior browbones, outlining the shape of his beautiful eyes, like a male fairy who has turned all sentient beings upside down.

Zhang Yang couldn't pretend to be in front of him, so he sat back, crossed his hands on the desk, and said hesitantly, "I found something, but it's hard to tell."

Jiang Li clicked his tongue: "There is a lot of trouble on the Internet, so there is nothing to say."

Zhang Yang thinks about it too. With such a stance on the Internet, the other party is also afraid that things will not make a big difference, so he desperately seeks death.

When he figured it out, he didn't get entangled anymore, and gave Jiang Li a clear idea.

"I checked the marketing company behind the paparazzi that broke the news. That company is headquartered overseas, so that's why it was so bold to slander Mr. Wang and Ms. Qiao..."

"Get to the point." Jiang Li was impatient.

Zhang Yang hesitated to speak, and immediately said: "That company is related to the Li family."

Chapter 4212 Sister Nian knows

"I don't know if you know about the Li family. Their family almost got married with Uncle Bo before, and they have reached the stage of the engagement banquet. That woman offended Mr. Wang, and Mr. Wang took action to find Uncle Bo's first love...Anyway, there was trouble. Later, the bride was changed the day before the engagement banquet, and the girl from the Li family also left the country in desperation."

"Now Mr. Wang and Ms. Qiao are not in the country, I don't know what's going on in their house, and why they got into trouble with Mr. Wang again. They even dragged the old man into it..."

Jiang Li saw that he was in trouble, so he narrowed his brows and eyes in a heroic manner and said to him: "Okay, don't worry about this matter, I'll go and tell Mr. Ye."

Zhang Yang breathed a sigh of relief, and immediately smiled: "Thank you."

"Yes." Jiang Li got up and was about to leave.

Zhang Yang stopped him again: "We can only suppress the heat temporarily by blowing up the entries. I don't think the other party will give up easily."

Jiang Li lowered his brows, and the corners of his eyes revealed the sense of oppression and confidence that people in the top circle have, without any hesitation: "I know what they want to do, they just want to rely on public opinion to extract benefits. I have seen this kind of operation a lot. When I saw these, they were still playing with mud!"

"Wait until I ask Nian Nian what she means, see what she wants to do, and then make future plans..."

Seeing that he is full of confidence, Zhang Yang nods his head and smiles: "Okay, then I will continue to stare at Weibo. Once there are related hot searches, I will drop it first."

As the boss of entertainment, his ability to drop a popular search term is no problem.

It's just that sometimes public opinion cannot be suppressed by the rich and powerful. In addition to Weibo, there are also forums and post bars.

As long as you have the heart, you can spread it everywhere.

So the best way is to stop the spread of rumors from the source.

Zhang Yang picked up the internal phone and called the person in charge of the PR department to come in: "You guys keep an eye on the public opinion for the next 24 hours!"

**

On the other side, Independent Continent.

Qiao Nian received a call from Jiang Li, and learned about what happened in China from Jiang Li.

There is a time difference between the two places.

It was mid-afternoon in Beijing, but it was actually less than nine o'clock in the morning in Independence Island.

Qiao Nian lifted the quilt and got up from the bed, stepped on her shoes and walked to the bathroom: "I see, tell Grandpa Ye for me."

"You don't need to tell me about this, I know how to do it." Jiang Li said, and then added worryingly: "You are outside alone, so be careful."

"good."

Qiao Nian hung up Jiangli's phone, put the phone next to the sink, went in and took a cold shower, and waited until the whole body's consciousness returned to her brain, she wiped off the water, put on a bathrobe, and walked out from inside.

When the girl passed by the washstand, she took out her mobile phone, and then ignored her shoulder-length black hair that was still dripping, and called Nan Tianyi's number with her slender fingertips.

"beep—"

There was a sound on the other end, and Nan Tianyi's voice came from the phone: "Hello, Niannian."

Qiao Nian walked to the edge of the balcony, opened the window, and stood on the open-air balcony, with his elbows on the edge: "You haven't given me a result of what happened last time."

When Qiao Nian brought up what happened last time, Nan Tianyi was a little embarrassed, and said hesitantly, "He's still in the hospital and hasn't come out yet, so I can't force him too much."

The early morning breeze blew over the broken hair on her forehead, which just fell to cover the surly and unruly eyes of the girl, as well as the dryness that floated up at the end of her eyes at that moment.

Nan Tianyi was not at the side, unaware of her emotions, and continued to say: "Nian Nian, don't worry, I will definitely give you and Ye Shao an explanation."

Chapter 4213 Sister Nian: I will solve it myself from now on

"People from the Li family have already arrived. After he is discharged from the hospital and recuperates, I will go to him again and ask him how he plans to deal with it..."

Qiao Nian could only hear the buzzing in his ears, Nan Tianyi's voice had already faded away.

"So you want to tell me to wait?"

The girl's tone is really not good.

Nan Tianyi finally sensed something was wrong: "Nian Nian, are you angry?"

He explained: "I'll definitely give you an explanation. It's just that Nan Zhengyu cut off his little finger and lived in the hospital before he came out. The old lady of the Li family came again, and his mother-in-law also came. He was caught in the middle, and it was at this juncture again." , that's why I..."

"That's why you think that Ye Wangchuan hasn't been hospitalized, and hasn't been ruined by them successfully, so that's the one you should wait for."

Nan Tianyi was startled, and opened his mouth subconsciously: "I didn't..." But he began to reflect in his heart whether he had such an idea.

He soon discovered that Qiao Nian was right.

After receiving the 'sincerity of apology' from Nan Ling, he really softened his heart to Nan Zhengyu a lot, so that Nan Zhengyu dragged on and never gave him the results of Li Mo and Song Ya.

He is also helping Nan Zhengyu to find a reason, understanding Nan Zhengyu's difficulties.

At this moment, Qiao Nian cut off his words: "I only heard that if you do something wrong, you will stand at attention and be beaten!"

"..." Nan Tianyi was speechless for a moment.

"I originally thought that your family's affairs should be handled by you. Since you can't handle it, I'll do it myself." Qiao Nian didn't want to go around in circles with him.

"good."

Nan Tianyi knew that she had said so much, and there was no room for change.

He said guiltily: "Nian Nian, I did not do well this time, and I failed to give you a satisfactory explanation... Nanjia..."

Qiao Nian interrupted him: "It doesn't matter who the Nan family passes on to me, and you don't have to tell me. I just care about this matter. Since they can do it, they have to give me a result. I won't interfere with you, the same Yes, I hope you don't interfere in how I deal with it later..."

He could feel Qiao Nian's changes in him bit by bit.

At least during this call today, Qiao Nian never called him uncle again.

Nan Tianyi opened his mouth, but could only swallow the result bitterly: "I know."

**

Qiao Nian hung up the phone and went downstairs, ready to go out.

The living room was quiet, Gu San and Ye Wangchuan didn't seem to be there.

Qiao Nian couldn't tell whether he hadn't gotten up yet, or had already gone out.

But she herself was busy going out at the moment, so she didn't waste time. Before going out, she picked up the peaked cap of the porch and put it on her head, picked up the car keys and went out.

In the garage, there are only sports cars and off-road vehicles.

There is also a Saimo in the corner. The black and smooth lines are like a bursting cheetah among the luxury cars, with a strong aesthetic feeling.

Qiao Nian inserted the car keys, Xuan got into the car, put on fingerless gloves, leaned forward and held the gas pedal with both hands, she turned the gas pedal, only to hear the motorcycle make a "boom-boom-" sound, and then the girl kicked the left brake, The black cheetah broke through the wind.

The wind blew quickly from both sides of Qiao Nian, and the girl's dark eyes were narrowed. Turning the accelerator to the end, the speed of the car was faster and unpredictable.

Qiao Nian had an unfriendly aura lingering around her.

Rampage all the way.

Many people in the center of Independence Island saw her racing a racing car.

"Wocao, female?"

"so hot."

"Hey, look ahead."

at the same time.

Song Ya and Li Mo were also waiting for Song Ling in the coffee shop in the city center. They were anxious and uneasy, and neither of them was in the mood to touch the coffee placed in front of them.

Chapter 4214 Sister Nian directly kills the hotel where the old woman lives

It was Li Mo who noticed the commotion on the sidewalk outside the window. It seemed that there was a racing car and pedestrians waiting for the traffic light.

Her eyes fell on the motorcyclist uncontrollably—the girl was wearing a sweater, her hat was hanging down, her ponytail was high, and the peaked cap covered part of her face. From her perspective, she could only see the girl's side face with a slashed chin. I don't know what it looks like above the bridge of the nose.

Just a silhouette makes people feel cool.

"What do you mean by old lady?"

Li Mo was still looking out the window, distracted from listening to Song Ya talking to her.

Just at this time, the red light at the intersection turned into a green light.

Li Mo saw the girl riding a motorcycle out of her sight...

"Knock knock."

At this moment, Song Ya talked to her for a long time without any response, raised her hand and knocked on the table unhappily, and said dissatisfiedly: "Li Mo, I'm talking to you!"

Li Mo was suddenly pulled back to the real world. Facing Song Ya's strong and domineering eyes, she lowered her eyes and apologized: "I'm sorry, Second Aunt."

Song Ya raised her eyebrows in dissatisfaction, and stared at her fiercely for a few seconds.

Li Mo was sitting opposite her. She had been tortured for the past few days and couldn't sleep well. She was highly stressed, and her eyelids were black and green, pale and decadent, like a flower that was about to wither.

Song Ya looked at her for a while, then angrily withdrew her gaze: "Forget it, I don't even bother to look at your ghostly appearance."

Li Mo didn't say a word when she was scolded, her hands under the table tightly clutched the hem of her skirt.

She has been scolded these days.

The old lady scolded.

Her father scolded.

Mother also made intercontinental phone calls to scold her.

No one in the entire Li family stopped blaming her, even Song Ya blamed her for all her mistakes, and never mentioned how she encouraged her to play games.

Li Mo was physically and mentally exhausted, she didn't want to argue about right and wrong, she was in a daze.

Song Ya was still saying: "When your aunt comes over, you remember to pretend to be pitiful. It's better to cry if you can cry. Even if you kneel down to her, you have to say that you are pitiful. And you try to make mistakes Push it to that man surnamed Ye, insisting that you had an affair before, and that's why you do stupid things."

"En." Li Mo heard what she was saying clearly, and there was no ups and downs in her heart, she just felt that Song Ya thought things too easily.

If it's useful for her to cry, her tears are almost dry these days, why is no one willing to let her go?

The old lady has been in Independence Island for several days, and she didn't say to take them back.

It can be seen that this matter is not as simple as what Song Ya said!

They can't go away!

Li Mo even felt that Song Ling would not come to the appointment today, for example, they made an appointment at 9:00 in the morning, and now it is almost 9:30.

Song Ling hasn't appeared yet.

Only my second aunt is sure that they can get out of here and Song Ling can help them. Li Mo can see clearly that Song Ling's status is not as high as that of the people they offended this time, even the big bosses around Qiao Nian. , everyone has a much higher status than Song Ling.

Second aunt hasn't found out yet.

They wanted to overwhelm others with force, but this time they hit a real iron plate.

...

Ten o'clock.

Qiao Nian parked the car and appeared in the lobby of the Intercontinental Hotel on time.

The hotel that the Li family stayed at this time happened to be the Intercontinental Hotel.

She went straight to the front desk and asked the front desk to check the room number for her.

The people behind the hotel are knocking on the door of Mrs. Li's room.

"Dingling—"

The hotel suite that Mrs. Li stayed in was not the top presidential suite, but it was a luxury suite worth tens of thousands a night.

Chapter 4215 Oh, you are not qualified

"Who is it?"

"Dingling—"

Lady Li was wearing a nightgown, very unhappy, walked to the entrance and opened the door.

When I drew my eyes, I saw several hotel staff standing outside the door, including a fat man who looked like a manager, looking at me with a smile.

Old lady Li frowned, and looked at them suspiciously: "What are you doing? I didn't call the hotel service."

The fat man in the middle stood up, smiled and answered: "Are you Ms. Li Yang?"

Old lady Li's real name is Li Yang, but she is well married, and most people call her by her husband's family name. After so many years, she almost forgot her real name.

She quickly came back to her senses, her eyes impatient: "What do you want from me."

"It's good that I didn't mistake the person."

The fat white man immediately gave the staff behind him a look, and the staff behind him immediately pushed aside the old lady Li who was blocking the door and went straight in.

Old lady Li had never seen such a scene before, her complexion changed suddenly, and she immediately raised her eyebrows angrily and looked at the man who was smiling at her from beginning to end.

"What do you mean!"

"Old lady, you are getting old, I advise you to calm down, you are so emotional, don't faint."

"What do you want to do?"

There was the sound of crackling and moving things in the room.

Old lady Li's face was flushed, and the blood vessels in her neck were bulging. She was so angry that she covered her chest with her hands and almost fainted: "You..."

Her eyes turned black again and again, and she gritted her teeth and asked: "Where is the person in charge of your hotel! Tell your person in charge to come over, I want to see him!"

She knew that there were no rules and no laws in the Independent Continent.

But she didn't expect that she would encounter robbers even if she lived in a five-star hotel. The old lady Li was outraged, and the huge anger flooded her mind. She just wanted to teach these people a lesson right away!

Who would have thought that the only fat white man who didn't break in was facing her, with a playful smile on his mouth, and said to her: "I am the manager."

...

There was a lot of commotion in Mrs. Li's room.

This floor is full of rich and powerful people. Someone heard the noise outside and opened the door to see the old lady Li and the fat man standing in the corridor.

When those people saw the white and fat man in uniform, they immediately put away their mood of watching the excitement and closed the door silently.

Others don't know, but anyone with information in Independent Island knows who the owner behind this hotel is.

As long as the Intercontinental Hotel doesn't offend Yaomen, it's no different from an ordinary five-star hotel. There's even an underground auction that doesn't exist outside. Every Friday at 8:00 pm, there will be an underground auction for suites and above. roll.

The hotel managers all came forward.

These people must have offended Yaomen.

As long as you are not stupid, you will not want to watch the excitement at this time, and everyone will have no time to hide.

Old lady Li herself also found that it was useless to argue, she was soon too tired to continue arguing, and her throat was torn and dry because of the loud voice just now.

Her throat made a sound like a broken bellows, and she stared at the fat white man who never stopped her with wide eyes, as if she knew that it was useless for her to mess around here.

"I want to see the people above you!"

"Oh? You are not qualified."

The white and fat man who had been ignoring her had a smile on his face again, but what he said was like a slap on the face of the old lady Li who was about to vomit blood.

Old lady Li held her chest, almost dying of anger.

Chapter 4216 All thrown out like garbage

Just as her heart was beating violently, the rest of the Li family finally rushed over upon hearing the news and discovered the movement on Old Madam Li's side.

"Mom!" Li's father went over first, and quickly helped the old lady who looked extremely pale.

He looked at the scene inside, then looked at the strange white and fat man standing in the corridor outside, finally came to his senses, and asked Old Madam Li: "What's going on?"

Old Madam Li anxiously said: "You don't know how to read it yourself?! This hotel is a big bully! I lived in it, but they suddenly knocked on the door and broke in."

Father Li had never heard of this kind of method. After being dazed, he immediately sank his face and said the same thing as his old mother to the white and fat man.

"Where is your person in charge? I want to see your manager!"

This time the fat man just faced him directly, leaning against the wall as if he didn't bother to argue: "We have received a notice to ask you to leave the hotel. If you have time to fight with me here, why don't you think about who you have offended?" Bar!"

"..." Who did they offend?

Lady Li and Father Li fell into deep thought at the same time.

They have only been in Independence Island for less than three days. Apart from visiting Nanzhengyu in the hospital, these two days have been spent traveling around, trying to spend money to find a relationship to help them solve this predicament.

But they spent a lot of money, and when they heard that the people they wanted to deal with, they returned all the gifts they gave them, and they never saw them again.

Old lady Li and Father Li have run into walls one after another in the past two days.

The hotel staff didn't give them a chance to think too much, and quickly cleared out Mrs. Li's suitcase, and threw the suitcase and everything out of the room...

Old lady Li saw her messy things on the floor, her face darkened, and she didn't bring it up in one breath, and she was dizzy with anger.

"Mom." Father Li anxiously supported her, and kept patting her back to relieve the air.

Even so, Old Madam Li was still very angry.

Before she could make trouble, the hotel manager said to Li's father, "Since Mr. Li is here, I won't come to inform you."

"What's the meaning?"

The hotel manager looked at him with the eyes of a fool, as if saying 'what do you mean by me', but he still tried to keep his fantasy eyes when looking at Father Shang Li.

The hotel manager still said it directly: "They mean to clean up all of you, do you understand?"

Father Li turned pale.

The hotel manager ignored them and turned around to tell his subordinates.

"Go, get to work."

...

after an hour.

The luggage of everyone in the Li family was thrown out and piled up in the corridor to form a conspicuous pile of 'garbage'.

Including the things of Li Mo and Song Ya who were not in the hotel, they were thrown out together, without giving them any face.

The hotel manager looked at the mess everywhere, and then at the Li family who had been driven out, Shi Shiran was ready to take them away.

Before he left, he did not forget to say to everyone in the Li family: "The next time you offend someone, remember to keep your eyes bright and see if he is someone you can offend!"

He put down these words and walked away without looking back.

The rest of the people also followed him to leave this floor and entered the elevator.

Old lady Li only heard the elevator's "ding" and closed the door, pinched the palm of her hand, and forced herself to arrange Father Li and the others.

"What are you still doing standing here, pack up, let's go too!"

The assistant brought by Li's father immediately began to clean up the mess on the corridor...

Chapter 4217 Sure enough, it was done by Wang Ye

But except for him, the other Li family members stood there motionless, showing no intention of helping.

Old lady Li saw that her blood pressure rose, she turned her head, and angrily scolded the immobile person with a black face: "What are you doing here in a daze, and you think we are not shameful enough, you want people to watch it for a while?"

Father Li took the lead to help clean up.

It took another ten minutes for them to pack up the luggage that had been thrown outside, before Old Madam Li led the people to the elevator.

I am going to leave this hotel first, and find another place to stay.

During the time when others were cleaning up, she was not a fool, and immediately called Song's mother and told them about the embarrassing situation they encountered in the hotel.

And specifically said that Mother Song's room had also been cleared out, and she asked for help with the luggage for the time being... After they found a hotel where they could stay, they would send Mother Song the address.

Old lady Li thought very simply—they had no background or connections in Independent Island, but Mother Song was different, Song Ling was her daughter.

These people just throw out their things, and also throw out Mother Song's, so don't blame her for borrowing a knife, just show it.

**

Outside, at the same time.

Qiao Nian was about to enter the elevator with the room number given to her by the front desk.

was stopped by a hand.

"Nian Nian."

Qiao Nian frowned as he looked at the timeless and handsome face of the man who had put out a hand to block the elevator door that was about to close.

"Why are you here?"

Immediately, Gu San's voice came from the side again, greeting her with a smile: "Miss Qiao, you are here too."

Qiao Nian rested her forehead with her hands, looked at the two people in front of her, and pursed her lips tightly. What else did she not understand—Gu San and Ye Wangchuan came to the door one step earlier than her!

Ye Wangchuan walked into the elevator, raised his hand to hold the door open button for her, and said in a low and hoarse voice, "Go out and talk?"

Qiao Nian held the note with the room number between her fingers, paused for half a second, narrowed her eyes, and followed them out.

The coffee area below the hotel.

The waiter quickly brought two cups of coffee.

Gu San tactfully found another table to sit, leaving room for the two to talk alone, and sat far away, making sure that he could not hear what Qiao Nian and Ye Wangchuan said.

When the coffee was served, the girl simply threw the note on the table, took a sip of the coffee, and leaned back.

"Tell me, what plan do you have if you don't let me go up."

Ye Wangchuan met her gaze, and said bluntly: "Can you leave it to me to handle this time."

Qiao Nian was puzzled: "?" Why did he insist on coming by himself.

Ye Wangchuan put his hands on his knees, sitting in a dignified and decent posture, with a smile as usual on his lips, but the smile didn't reach his eyes.

"When it comes to the old man, I'd better handle it myself, lest the old man at home will jump up and scold me when he finds out."

Qiao Nian knew in his heart that this was definitely not the reason why he had to deal with it himself, there must be other reasons.

"Are you afraid that the relationship between me and Aunt Xie will become stagnant?"

Qiao Nian has never been a person who likes to go around in circles. Say what you want, just go straight.

Ye Wangchuan was stunned for a moment, looking at the girl's dark and pure eyes, he couldn't explain the reason why he wanted to pass by.

His extremely long eyelashes drooped, and the light and shadow from the side shrouded his wide browbones. There seemed to be small hooks in his eyes: "I really can't hide anything from you."

Seeing him chuckle, Qiao Nian knew he had guessed right. He sat up straight, rubbed his swollen eyebrows, and said seriously, "I only care about having a clear conscience."

Chapter 4218 Delusion: It's just begun

"On this matter, I have a clear conscience and gave him enough time. He didn't give me a satisfactory answer, and let them come up with new things in the time they procrastinated. If Aunt Xie wants to This is my fault, then I have nothing to say!"

She believed in Nan Tianyi.

Also respect Xie Tingyun.

So she handed it over to Nan Tianyi to deal with it as soon as the incident happened, in order to give the elder Nan Tianyi the respect he deserved.

As a result, Nan Tianyi's handling was too disappointing!

Ye Wangchuan pinched her fingers and gently played with her: "Nian Nian, leave this matter to me, good boy. I promise to give you a satisfactory answer!"

Qiao Nian's fingertips felt dense and numb, and the skin touched was slightly cool, but the blood flowing underneath seemed like a prairie fire.

Her tense nerves still compromised and relaxed, suppressed the depression in her body, and said with relief: "I just don't want to involve grandpa."

"I know."

Ye Wangchuan's eyes were a bit softer, only the shadow of a girl appeared in his unfathomable eyes, focused and gentle, as if she was the only one in the world who fell into his eyes.

Qiao Nian is not a person who is good at expressing feelings, so she fell silent.

at this time.

A group of distressed people dragging their suitcases appeared in the hotel lobby.

One of the silver-haired cheongsam old ladies was particularly eye-catching. Qiao Nian recognized her identity at a glance, and she was exactly the person she was looking for today.

Li Yang.

Lady Li.

The group of them walked in a hurry, all of them had extremely bad expressions on their faces, as if someone was chasing after them, and they walked without looking back.

Old lady Li and the others didn't even notice the presence of Qiao Nian and Ye Wangchuan who were also in the hotel lobby, they took a taxi and left here without squinting.

Ye Wangchuan leaned on the back of the chair, let go of the girl's hand, put her slender white hand on the coffee table, and said casually: "This is just the beginning."

**

Old lady Li soon encountered her second setback today.

When they took a taxi to the re-booked hotel and went to the front desk to check in, the front desk quickly returned all their documents.

Then he told them with a look of embarrassment: "Sorry, you can't stay."

"Why? We have already booked online! Why can't we check in!" Father Li was so angry that he lay on the front desk and argued with the other party, blushing.

The front desk insisted on returning all the documents, and said in secret: "Sorry, if you can't check in, you can't check in. Sir, you'd better change to a hotel."

For the next two hours.

The old lady Li, Father Li and others searched all the hotels in the central area of Independence Island without believing in evil. From the beginning, they only looked at five-star hotels, but later they had to look at three-star hotels, or even high-end hotels... Without exception, even if they have a good chat on the phone and online, when they arrive at the hotel and take out the formalities to check in, they will be refunded by the front desk.

If it reaches this point, if Mrs. Li still can't see the reason, she will live for decades in vain.

Old Madam Li was furious just because she knew why she was rejected so often. At the same time, she also began to realize the huge influence of Ye Fanchuan in Independence Island that Song Ya and Li Mo provoked this time... It was not what she imagined. , is just superficial scenery.

As the evening approached, Mrs. Li and the others were once again turned away by the hotel.

Seeing that the sky is getting dark.

After tossing and tossing the old lady all day, her complexion was already gray and her energy was lost, so she had to tell Father Li to call Song Ya and the others on the side of the road.

Chapter 4219 Sleeping on the street all night

She still harbors fantasies, hoping that Song Ya, who is backed by Song Ling, can solve the current predicament, so that they won't be left on the streets tonight.

Who knew that Song Ya answered the phone and hurried over with Li Mo, saw her luggage and Mrs. Li and her party waiting for her on the side of the road with dejected expressions, and walked slowly over in shock.

"Mom, what is this...? What happened?"

The old lady Li didn't talk nonsense to her, she took her hand and asked her: "Have you seen your sister?"

Song Ya's complexion turned pale, she was embarrassed for half a second, and slowly shook her head under the expectant eyes of everyone: "She, she should be busy with something."

Li Mo followed behind without saying a word.

In fact, they waited in the coffee shop for three hours, but Song Ling did not show up.

Song Ya took her to the hospital again, trying to find Song Ling and Nan Zhengyu, who knew that the hospital told them that Nan Zhengyu had been discharged.

They rushed to the villa area without stopping. They wanted to visit at home, but they were stopped by the security of the villa area.

They waited outside all afternoon.

It wasn't until ten minutes before receiving the call from Mrs. Li that Song Ling asked someone to bring them a message, saying that she couldn't see them for the time being.

Li Mo knew the reason without asking—Nan Zhengyu must not allow Song Ling to come out to see them!

Now when she sees the old lady and her father living on the street together, Li Mo looks pale and becomes more and more desperate.

...

Old lady Li didn't believe that Song Ling would be so cruel, she really didn't care about her own sister.

But the facts are in front of us.

She had to find another way.

She anxiously contacted Li's mother in country Y, and asked Li's mother to find a way to find a relationship with country Y and help them arrange a place to live as soon as possible.

Then they tried to contact Mother Song who came with them, starting from Mother Song, trying to get Nan Zhengyu to help.

At this moment, Mrs. Li has not realized that she is paying for her actions.

Haven't thought of the good things she did in China.

Until the busy night.

Whether Li's mother in country y searched all over the relationship and couldn't find anyone who could help, or Song's mother never answered her phone.

They waited on the side of the road for a whole night. Independence Island cooled down at night, and the group of people shivered from the cold, and it was almost dawn.

Old lady Li couldn't stand the cold anymore.

She walked to the side of the road with a frosty face and waved to passing taxis, then turned her head and said to the rest of the Li family, "Let's go to Nan's house first."

Old lady Li's idea is very simple - it's useless for them to wait here, it's better to block people at the door!

Song Ya hesitated for a moment and agreed with Mrs. Li's approach: "Yes, why don't you come and have a look, or I'm about to catch a cold."

At this time, the yellow taxi slowly stopped in front of them.

Li's father and a group of Li family members pulled up the suitcases and prepared to get in the car. The window of the taxi was rolled down, revealing the tough face of a black-skinned and black-haired burly man. The tough man's arm resting on the steering wheel was covered with tattoos with unique patterns. , the social atmosphere is very heavy...

Looking at the tattoo on the driver's arm and the not-to-be-provoked aura, Li Mo didn't know what to think, so she stopped and showed a fearful expression.

"What are you doing?" Song Ya, who was walking behind her, asked strangely, and then said impatiently: "Hurry up, it's freezing to death."

"No." Li Mo stared at the taxi driver with intense uneasiness in his heart, and hesitantly refused to get in the car.

"That driver is weird."

Chapter 4220 They have been targeted for a long time

"What?"

Song Ya looked at the driver. The big flower arm on the driver's hand was really strange, but she couldn't stand it anymore after waiting on the side of the road all night.

She pushed Li Mo impatiently: "Even the old lady is allowed to get in the car, you are the only one with a lot of work in one day!"

Li Mo had no choice but to get into the taxi first.

A taxi can't hold too many people. The driver said he called a new car for them, and it will arrive in about three to five minutes.

Li Mo, Song Ya and Mrs. Li went first.

For the sake of safety, Father Li asked his assistants to get in the taxi of Mrs. Li and the others, and they went to find Song Ling first, and Father Li and the others rushed over afterward.

The taxi starts soon.

Li Mo was sitting in the back row, secretly watching the driver through the rearview mirror, and she didn't know if she was really delusional.

The taxi driver behaved normally along the way.

The taxi drove them through the high-rise roads in Independence Island, driving at a constant speed and steadily, without any bumps along the way.

Old lady Li was still in the car talking to Song Ya about how to call someone out when they got to the villa area where Song Ling lived.

What are they going to say when they call people out, so that Song Ling is willing to take them in for a while...

Li Mo gradually relaxed his vigilance while the two were discussing, so he stopped paying attention to the driver in front of him.

Half an hour later.

After discussing with Song Ya about the result, the old lady Li looked up at the road outside, and asked the driver in a nonchalant tone: "Why haven't you arrived yet?"

She is older in the Li family, has a high status, and is used to being domineering and arrogant on weekdays.

Connected to Independence Island, under such desolate circumstances, Mrs. Li still involuntarily adopts a domineering tone when she asks questions.

"..."

Strangely, the driver was silent.

Still driving forward.

Now Mrs. Li felt something was wrong, she leaned forward, pulled the edge of the passenger seat, and asked the driver: "I'm asking you, how long will it take us to arrive?"

Song Ya and Li Mo, including Li's father's assistant, all became nervous.

Because all three of them found that as the driver turned the steering wheel and the car turned into a new lane, the surrounding scenery became desolate.

They seem to have been unknowingly pulled to the suburbs.

"Second Aunt..." Li Moxing grabbed Song Ya's sleeve with deep fear in her eyes.

"Don't talk." Song Ya was so annoyed, and she was also afraid that she couldn't get rid of her, so she stopped her softly.

Li Mo had no choice but to tightly squeeze her lips, trying to control her inner fear.

"Where are you taking us!" Old Madam Li realized that she had been deceived, and instantly lowered her eyebrows.

But it was too late.

The taxi stopped on the side of a road in a suburb.

There was also a black commercial vehicle parked on the side of the road.

Waiting for the taxi driver to stop the car, the door of the commercial vehicle was opened from the inside, and seven or eight burly men rushed out in an instant.

The taxi driver also opened the door and got out of the car, greeted several people skillfully, handed cigarettes to each other, exchanged something, and quickly turned to look in the direction of the car.

They were kidnapped?

Li Mo, Song Ya and the others were already scared to death.

Only the old lady Li managed to maintain a trace of rationality, so as not to be frightened, but her face was pale, and she was in a state of embarrassment.

Soon the taxi driver turned back, opened the window and said to several people inside: "Tsk, you are lucky. I asked, they only want your luggage, not your organs. You are lucky!"
