

Madam's 4361

Chapter 4361 OK, even a 6-year-old child abused him

He endured it, reluctantly calling out: "Little uncle."

That's called perfunctory.

Moreover, he directly ignored Ye Fanchuan's refusal to change his words, turned his head and grabbed Qiao Nian's finger again, raised his head slightly, his eyes were full of stars, shining brightly.

"Sister, I made a robot with the teacher and want to give it to you."

Qiao Nian propped his chin with his hand, and asked the little guy very patiently: "What robot?"

"That's...that's..." Ye Qichen met her eyes, his little face flushed red, and he didn't say anything for a long time in embarrassment.

He was anxious again, looking at his teacher with big eyes.

Slender waist control: "..."

Look at my hair, tell me yourself?

But seeing Ye Qichen's beautiful face turn redder and redder, he couldn't bear it, so he interrupted and explained to Qiao Nian: "It's just a giant ugly robot, what is it called Man?"

He grabbed a handful of hair, thought for a long time, and finally remembered: "Bumpman!"

"Pfft."

Wei Lou laughed out loud first.

Immediately, he couldn't help laughing: "Bumpman?"

The slender waist control saw that he was laughing maniacally, but Monk Zhanger couldn't figure it out. He turned his head to look at Qiao Nian, with an innocent expression on his face: "Isn't it?"

"I remember it was called this name."

He was quite depressed.

It was Gu San who kindly told him, "It's Ultraman."

Slender Waist Control's pointed ears heard it.

He didn't think there was any big difference between Ultraman and Bumpman, so he corrected the mistake very readily: "Ah, that's Ultraman."

"The little guy made an Ultraman robot. It doesn't look very good, but it is already equipped with the most advanced intelligent AI system today."

"The system he wrote himself."

"..."

Wei Lou suddenly couldn't laugh.

He looked at Xiao Douding, who was only as tall as Qiao Nian's waist, and couldn't believe what he heard: "You said him?"

Wei Lou pointed to Ye Qichen, and then pointed to the waist control.

With an unbelievable look + lovelessness: "He wrote an intelligent AI system?"

Slender waist control is used to it: "Otherwise you wrote it?"

He ignored the expression on Wei Lou's handsome face of "Another day taught by a genius, hehe".

Turning to the pretty cool girl, he said, "His system is well written. I personally think that compared with the smart AIs that have been announced on the market, Chenchen is no worse than them."

The key person is a programming system written by a team after day and night collaboration.

Ye Qichen, a little guy, locked himself in the study after school every day, so he figured it out by himself.

The weight between the two is definitely not the same.

As Ye Qichen's teacher, Slim Waist Control is of course proud, and he doesn't resent Qiao Nian's request that he be a child's teacher at the beginning.

"He has an amazing talent in computers, and he is a rare seed."

Slender Waist Control himself is one of the major members of the Hongmeng.

Even he recognized Ye Qichen's talent.

It can be seen how amazing Ye Qichen's talent is.

"Ah." Qiao Nian raised his hand and turned his peaked cap, blinked his beautiful eyes, and nodded slightly, not surprised, as if he had already seen the little guy's talent in computers.

She is quite perfunctory about thin waist control.

But don't be stingy with compliments to children.

Qiao Nian squatted down, raised her hand to touch the hair on the top of the little guy's head, and said softly, "Go back later, I'll play games with you."

"good!"

Ye Qichen had been shy and afraid to look directly at her before, his small hands were nervously clutching the corners of his clothes, now he completely relaxed his small face, his **** grape-like eyes sparkled brightly.

Chapter 4362 Let Gu San accompany Slim Waist Control for a walk

Qiao Nian withdrew his hand, stood up and held his little hand, looked at a few people and said, "Let's go?"

They have been at the pier for half a day.

Everyone stands here and blocks away.

Wei Lou jumped off the boat first: "I don't know about them, I can't stay any longer. I want to go!"

It's fine that he is usually hit by Ye Wangchuan.

Anyway, they are considered peers.

A 6-year-old kid in Ye's family can also write programming, so let his dad know it's okay, and he should whisper it in his ear.

Who said that the Ye family has good genes.

It's not like he has poor genes and doesn't work hard.

Anyway, he doesn't know who the old man at home is scolding.

Gu San came out of the cabin, walked behind Ye Wangchuan, and said silently: "Master Wang, the old man booked a Guanlan private room."

"En." Ye Wangchuan clasped his arms around his chest, and replied lightly, he knew it, and said to him: "You can take a walk with Xiao Yaokong."

Gu San had already guessed Ye Wangchuan's arrangement, and nodded very respectfully: "Okay, I think so too."

...

Ye Wangchuan went over and told Qiao Nian about his arrangement.

"...Slim-waisted control is better at things in the field of hacking. It is better to have someone to accompany the boat on the sea. Gu San happens to have nothing to do so he can take a trip."

Qiao Nian thought for a moment, then looked at Xiao Yaokong himself: "How do you say that?"

Slender Waist Control himself is very easy-going, and immediately shrugged: "It doesn't matter, I can get along with anyone."

Since I don't mind.

Qiao Nian made a quick decision: "That's fine, let's do it like this."

...

This matter was arranged like this.

Gu San and Siao Yao will send the rest of the tungsten gold back to Independent Continent.

Qiao Nian and the others temporarily stayed in Beijing for a few days, had a meal with Mr. Ye, and then watched the engine problem with Master Cheng.

They wait until 6 p.m.

Nine people finally came.

Bo Jingxing led people to move the goods to Master Cheng's separate laboratory outside.

He met Qiao Nian and said hello, as if the embarrassing incident had never happened before, and he didn't ask what Qiao Nian and Master Cheng used a large amount of tungsten gold in private.

Just tell Qiao Nian: "Don't worry, I will do my best to ensure Master Cheng's safety in Beijing."

Just this one sentence is enough for both parties to laugh away their grievances.

Although Qiao Nian still didn't speak to him, the eyes that looked at him softened a lot, and she nodded her chin at him.

"Thanks."

Bo Jingxing is a smart person, he knows how to point it out, he didn't accept Qiao Nian's thank you, and walked over to chat with Ye Wangchuan alone.

Weilou, Bao Jingxing, and Ye Wangchuan's small group had been playing so-so, and they didn't stay at the port for long. When the driver of Wei's family came over, he told Qiao Nian to take a step ahead.

As soon as the guard building left.

Slender Waist Control and Gu San did not go with them.

Only Qiao Nian, Ye Fanchuan and Ye Qichen were left.

Watching the time go by every minute and every second.

It's almost 6:30.

Qiao Nian had arranged everything at the port, and then received a call from Ye Lan.

She picked it up: "Hello, Aunt Ye."

Ye Lan was as cheerful as ever: "Is Chenchen with you?"

Qiao Nian looked down at the little guy who had been obediently hooking her with a finger and following her, the corners of his mouth curled up in a good mood: "Well, he's with me."

"When are you coming?" Ye Lan got straight to the point.

Qiao Nian looked at the time, and saw that it was already half past six. Just say to Ye Lan: "Within an hour, do you think it's okay?"

Chapter 4363 Jiang Yao also celebrates his birthday here

Master Ye made an appointment this time at 8 o'clock, just to give them enough time to process the goods.

Ye Lan called Qiao Nian just to reconfirm with Qiao Nian, and when Qiao Nian said that she would be there at 7:30, she smiled from ear to ear: "Yes, of course."

"Don't worry, just take your time."

"good."

Qiao Nian hung up Ye Lan's phone, put the phone away, and took the little guy by one hand to find someone.

Bo Jingxing didn't know what he said to Ye Wangchuan.

His face is cold and solemn, his eyes are cold.

Qiao Nian walked over and only heard him say briefly: "Let's see."

She raised her eyebrows, before Bao Jingxing noticed her, he immediately stopped talking, turned around and said to Qiao Nian with a smile, "The goods have already been loaded into the car."

Qiao Nian has always been a person who doesn't like to inquire about right and wrong, so he didn't specifically ask what they were talking about just now, and looked up at Ye Wangchuan.

"It's almost time, Grandpa and the others are waiting for us."

"Okay, let's go there first."

Ye Fanchuan is leaving soon.

Bao Jingxing saw how he wanted to go with Qiao Nian without any hesitation, and the corners of his mouth twitched into a smile. Fortunately, he got used to it, so he raised his hand and pushed down the glasses on the bridge of his nose, and muttered in his heart without any surprise—the old tree blossoms That's right, he endured it.

But he has too much inner drama now.

Because Ye Wangchuan had no intention of telling him at all, so he just took the notebook he carried with him, and left with Qiao Nian and Ye Qichen.

Bo Jingxing: ...

So you don't even need to call him to say hello?

*

Tonight's Guanlan is destined to be lively.

Jiang Yao rushed directly to Guanlan after finishing the meeting in the afternoon.

The driver opened the car door for him, and mentioned by the way: "Mr. Jiang, Mr. Jiang and his wife's friends are in the private room."

"Yeah." Jiang Yao straightened his suit and prepared to walk into Guanlan with a blank expression.

Before he went in, he ran into Wei Ling who had a good relationship with Tang Wanru before.

Wei Ling just got out of the car with a small sachet in her hand. When she saw him, she immediately greeted him with a smile and said, "Jiang Yao, what a coincidence."

Jiang Yao saw Wei Ling, his expression was not so natural: "Aunt Wei."

Wei Ling didn't seem to be able to see his stiffness, so she went over and patted the shoulder affectionately, and said, "As the host of tonight, why did you come at this hour."

As an elder, Wei Ling is so enthusiastic.

Even if Jiang Yao knew about the unpleasant incident that her family had had with Qiao Nian before, she still had to give Wei Ling some face. She forced the corners of her lips and said politely, "The meeting in the afternoon has delayed some time."

He didn't want to argue with Wei Ling at the door, so before Wei Ling could ask again, he took the initiative to ask, "Aunt Wei, shall we go in first?"

Wei Ling saw his behavior of avoiding suspicion, the warm expression on his face quickly cooled down, and a trace of disapproval and contempt leaked from the corner of his mouth.

He didn't say anything, but followed Jiang Yao's footsteps: "Let's go."

The two of them are almost down and out now.

If she didn't have the relationship between Wei Lou and Wei Mingxuan, she might not be able to get along in Beijing long ago.

But even if she still maintains a relationship with the Weilou family, everyone in the Beijing circle knows that the two of them are not close.

So Wei Ling is no longer welcome in a slightly more advanced circle.

The people Wei Ling used to play with couldn't keep playing, so she had to condescend to attend a junior's birthday party.

But Jiang Yao's attitude made her quite uncomfortable.

After all, their family is down and out.

Jiang Yao is not much better.

Chapter 4364 Thought he was here to find Jiang Yao

No one in the Beijing circle knows that the Jiang family is married to the Ye family.

But up to Mr. Jiang, down to that mysterious Miss Qiao, they have a bad relationship with their second-bedroom family.

The fate of the two of them is the same.

How could Wei Ling be willing to put her hot face on Jiang Yao's cold ass, just for fun.

The two of them didn't talk to each other all the way, they just walked forward, and they didn't take the initiative to talk about it.

Until they were about to walk into Mission Hills.

Suddenly there was the sound of the throttle roaring from behind.

Then they saw Guanlan's waiter rushing out and passing them.

Wei Ling was quite surprised, so she stopped and looked back.

I was surprised when I saw it.

She saw a black red flag car parked behind them at some point, and a gray-haired old man got out of the car.

The old man was wearing an old-fashioned buttoned Chinese tunic suit with a tight collar and a mahogany cane in his hand. His hair was combed back meticulously, revealing his face.

Beside him was a young man, carefully supporting the old man's arm, with a bright smile, talking to the old man.

...

Wei Ling has been in Beijing for many years and knows quite a few people.

She recognized the old man at a glance: "Old Su?"

This one is not in Beijing.

But he is also a power faction that should not be underestimated.

As for the young man next to Su Huaiyuan, Wei Ling knew who it was without guessing: "That must be Young Master Xu."

She turned her head to talk to Jiang Yao, but her eyes were still on the pair of grandparents at the door, and she didn't even see Jiang Yao's reaction.

Jiang Yao was also taken aback when he saw Xu Jishen, obviously he didn't expect Xu Jishen to appear here.

Wei Ling came to her senses at this moment, her gaze fell on Jiang Yao, and she asked in surprise, "You invited Young Master Xu and Old Su?"

No wonder she was so surprised.

Don't say that Jiang Yao's second room is not treated well by Mr. Jiang, and his status is not as good as before.

It was the years when Mr. Jiang supported Erfang to take over Jiang's property, Su Huaiyuan's identity might not give a junior birthday face.

But she thought that Jiang Yao seemed to have a good relationship with Xu Jishen, so she took it for granted that Su Huaiyuan was willing to come, and Xu Jishen was the one who made the connection.

She couldn't help being tinged with joy: "Why didn't you say it earlier."

It is reasonable for her to be happy.

Now Shen Jingyan is like a rat crossing the street, without the slightest hope of promotion, and is still marginalized everywhere.

If she can take advantage of Jiang Yao's birthday to hook up with Mr. Su, she might be able to help her husband again.

That's why Wei Ling was happy and complained that Jiang Yao didn't make it clear to them in advance that such a big man was coming tonight.

...

Su Huaiyuan and Xu Jishen also walked to the gate of Guanlan soon, just in time to bump into Wei Ling and Jiang Yao.

Surprise flashed across Xu Jishen's face.

Before he could speak.

Wei Ling thought that she stepped forward to chat: "Mr. Su, what brought you here. You and Young Master Xu are also going to the private room?"

"It happened that we all went there together."

Xu Jishen looked at her with a smile on his face, and thought of the relationship between Wei Ling and Qiao Nian, he was stunned for a while, but didn't react for a while.

"Are you also invited?"

As he spoke, he looked at Jiang Yao and then at Wei Ling, almost having no idea written on his face.

They were invited to have dinner together this time. It was his old man who happened to be in Beijing to see a doctor and stayed for half a month. Then the Ye family heard that they were here and took the initiative to call and invite his old man...

Chapter 4365 Slapping in the face, embarrassing and embarrassing

But what about Jiang Yao and Wei Ling?

Xu Jishen couldn't figure out what Ye Lao meant?

Could it be that Mr. Ye didn't know that these two had a bad relationship with Miss Qiao?

Wei Ling was stunned by his rhetorical question, and looked back at Jiang Yao: "Didn't Young Master Xu come to Jiang Yao's birthday party?"

Jiang Yao came back to his senses after being named, his face was blue and white, he clenched his fist, then let go, tried to calm down, and said lightly: "You should be mistaken, I didn't invite Xu Shao. He and Mr. Su Probably came here to eat."

"You and Young Master Xu, you..." Wei Ling was completely dumbfounded.

She looked at Jiang Yao and Xu Jishen, feeling embarrassed and ashamed by her behavior just now, and a little bit at a loss as to how to smooth things over.

Isn't Jiang Yao on good terms with Young Master Xu?

What is the trouble here?

Fortunately, Xu Jishen deserves to be educated by a famous family. He quickly figured out the misunderstanding from Wei Ling's reaction. He turned to look at Jiang Yao, and said very politely: "Is your birthday today? Happy birthday."

Jiang Yao looked at his old friend and felt bitterness in his heart, so he nodded and said politely, "Thank you."

Xu Jishen asked Jiang Yao for help since Su Huaiyuan fell ill that time, but Jiang Xianrou made a fool of him, relying on Qiao Nian's help to find the special medicine.

consciously alienated Jiang Yao.

The two haven't been in touch for more than a year, and this meeting was also an accident.

After Xu Jishen said his birthday wishes to Jiang Yao, he felt that he had maximized the friendship between his former friends, so he didn't spend any more time with Jiang Yao and Wei Ling.

He supported old man Su, Wen Tun said: "Grandpa, let's go there first."

Su Huaiyuan knew Wei Ling.

He frowned and glanced at Wei Ling, displeasure flashed in his eyes, but the older generation was well-bred, and he didn't care about blocking the way with Wei Ling, so he raised his leg and followed Xu Jishen in.

During the period, he didn't say hello to Jiang Yao and Wei Ling, and wrote 'I don't want to know each other' on his face.

Watching Xu Jishen and Su Huaiyuan go in helplessly, Wei Ling felt her face burning hot, which was extremely embarrassing.

She couldn't help complaining about Jiang Yao: "Did you quarrel with Young Master Xu? Didn't you have a good relationship before? Why Young Master Xu doesn't seem to know your birthday."

Jiang Yao felt uncomfortable at the moment, and didn't want to explain to her any more, so he walked inside with a blank expression: "I'll go first."

Seeing that he didn't answer, Wei Ling turned around and left. Although she was very angry, she came all the time, so she couldn't just leave.

She could only hold the small sachet tightly in her hand, and followed with a sullen face.

...

All the way in.

Wei Ling discovered the unusualness of Guanlan today.

In addition to Xu Jishen and Su Huaiyuan who met outside the door, she also saw several familiar faces, such as Nie Mi and Zhang Yang.

These people come from various circles and different ages. It is hard to say that they gathered in the same place for dinner just by coincidence.

Wei Ling followed Jiang Yao all the way into the box, and then saw Jiang Zongnan and others in the box where they were, and immediately felt a strong sense of contrast.

The box they are in is not small.

Because Jiang Yao didn't have a big birthday party, he actually only invited a table of people to eat.

Most of these people are celebrities in the business world.

On identity.

Except for Jiang Zongnan himself, there were no two people who could stand on the stage, and they were completely incomparable with the Su Huaiyuan and others she met on the road.

Immediately, it was set off a lot of shabby.

Chapter 4366 There are parties in Beijing every day, who knows

"Mrs. Shen, you are here." Jiang Zongnan saw her and beckoned her to sit on the left.

Wei Ling forced the corners of her mouth to smile and walked over.

When Jiang Zongnan opened the chair for her, she couldn't hold back the pain in her heart, and pretended to be casual and said: "I just saw Mr. Nie and others outside, maybe there are still people here today?" What dinner party?"

"Old Nie?"

Jiang Zongnan was stunned.

Wei Ling put it in her handbag, stood sideways beside the seat, and didn't sit down immediately: "Yes, there are Zhang Yang and little Xu Shao."

Jiang Zongnan's brows became tighter and tighter, obviously thinking of someone.

Wei Ling continued to make persistent efforts: "I don't know what kind of gathering here tonight can attract so many people. It should be unusual."

Jiang Zongnan gradually loosened his brows, and glanced at Wei Ling with the same fine eyes as Mr. Jiang's, and his gaze wandered around her face.

With a few swipes, he said: "There are gatherings in Beijing every day, who knows about that. Mrs. Shen, you'd better take a seat first."

Wei Ling saw that he was unwilling to inquire, so she sat down absent-mindedly.

She was in a daze all night, and she didn't even listen carefully to what the people around her were talking to her. She was still thinking about why little Xu Shao, Mr. Su, Nie Mi and others came to Guanlan...

*

Xu Jishen didn't know that he had been missed all night.

He helped his old man to the box, and saw a lot of people inside.

Among them is the famous Nie Mi.

There are also a group of young faces, such as Chen Yuan who is around the city, and Zhang Yang and Qin Si who are known as Beijing PHS.

Except for these people.

Among them, the most eye-catching one is probably Mr. Ye in a brand-new Tang suit.

Ye Maoshan's face was flushed today, he looked very energetic, and he was calling everyone to sit down, without any airs.

After Xu Jishen arrived, he went to find him.

Handing over the meeting gift he brought with both hands, he was very sensible and said earnestly, "Old Ye, this is a little gift from my grandfather and me."

"?"

Ye Maoshan suddenly saw a young man approaching him and handing him a box of gifts, but he didn't react.

When he saw Su Huaiyuan out of the corner of his eye, he immediately understood, looked at Xu Jishen and smiled: "Are you the grandson of Mr. Su?"

"I'm Xu Jishen, Mr. Ye is good." Xu Jishen didn't dare to neglect in the slightest.

After all, Ye Maoshan has a great status in Beijing.

People treat him politely, but he dare not treat himself as an onion.

Fortunately, Ye Maoshan raised his hand and patted him on the shoulder lightly, with a very gentle tone: "I know you, you know Niannian."

Then Ye Maoshan said again: "You come here as soon as you come, there is no need to give gifts. Today is a family feast, and family and friends get together."

His words carry a lot of weight.

The family and friends of the Ye family said that they should not be treated politely by various circles in Beijing.

But none of the group of people present thought of relying on this relationship to make profits outside, they just simply got along with Qiao Nian as friends.

Xu Jishen also relaxed when he heard this, he was not as nervous as before, and he spoke much more naturally.

He insisted on giving the things to Mr. Ye, talking less socially and more sincerely: "Mr. Ye, this is ginseng. I contracted a mountain in the north and planted it myself. I grew it from natural I picked the best one out of the ginseng, it is not expensive, and I know that you are definitely not short of these, but it is a small gift, I still hope you can accept it."

Chapter 4367 She still has the face to shout

Ye Maoshan saw that he insisted, and that ginseng was indeed not such a valuable gift, so he asked the butler to accept it for him.

Then he smiled and said to Xu Jishen, "Don't give it away next time."

"good."

Xu Jishen also smiled, and nodded very sensibly.

The two had a brief chat.

Xu Jishen asked about Qiao Nian's recent situation, and then said that his father was in good health. Finally, after thinking about it, he made a point.

"...my grandfather and I ran into Jiang Yao when we came here. He and his father seemed to be having dinner here too. I heard it was his birthday."

Jiang Yao and Qiao Nian are cousins in terms of blood relationship.

Although Xu Jishen didn't want to mention it.

But I still think it would be better to tell Mr. Ye.

The smile on Ye Maoshan's face faded a bit, and after thinking about it, he felt that Jiang Yao and the others would not have chased him here to cause trouble for him, and the possibility of a coincidence was relatively high.

He changed the subject calmly.

Wait for Xu Jishen to leave.

Ye Maoshan called the old housekeeper over again.

"You go to pick up people outside in person later, lest they come over and encounter things that are not eye-opening."

"yes."

*

after an hour.

Qiao Nian and Ye Wangchuan's car arrived at the dining place.

Ye Lan followed them to the front and rear of the car, and everyone met in the parking lot and went inside to find Mr. Ye and the others.

Waited until the gate of Guanlan.

Ye Lan saw the old butler from a distance, and was surprised: "Why is the butler outside? The old man must have arranged to pick us up."

She turned around and said to Qiao Nian and Ye Wangchuan: "Let's hurry up, so as not to make them wait too long."

"Um."

Qiao Nian responded.

Ye Qichen held the girl's hand obediently along the way, and behaved very sensible and obedient throughout the whole process. He didn't need Ye Lan to take care of him at all, and his heart was full of Qiao Nian.

Qiao Nian walked fast, and he followed with his short legs.

Qiao Nian walked slowly, and he followed suit.

Anyway, whatever Qiao Nian does, he does.

It is not difficult to carry at all.

Be more obedient than little angels.

She doesn't have the stinky face of disliking dogs and cats at home at all, that's called cute, that's called sweet.

Even Ye Fanchuan didn't have eyes to see his puppy legs.

"Miss Qiao."

The housekeeper saw a group of people coming, he greeted Qiao Nian first, and then turned his head to call out one by one: "Miss, Young Master Ye and Young Master, you are here."

The old butler focused his attention on Ye Qichen who was holding Qiao Nian's hand. It was also a novelty, but he looked at his little devil with a hint of warning.

He smiled, quickly looked away, and respectfully said to Qiao Nian: "Mr. Ye and the others are waiting for you inside, Ms. Qiao, come with me, and I will take you there."

Finished speaking.

The butler took the initiative to lead the way.

Qiao Nian has been to Guanlan several times.

Familiar with the layout inside.

But the old housekeeper took the initiative to lead the way, and she followed him very politely and walked inside.

...

at the same time.

Wei Ling was really bored in the floor box, so she found a reason to come out to breathe.

She intended to go to the bathroom to reapply her lipstick, and by the way, take a cold shower to wake up.

But he couldn't help but ran to the entrance of the corridor where he met Zhang Yang and others before, and wandered around. In his heart, he still wanted to find out who was eating in Guanlan tonight.

This look happened to meet Qiao Nian and the others who were led by the old housekeeper.

Wei Ling hadn't seen that face for a long time, the expression on his face changed again and again, and she couldn't help calling out the name: "Qiao Nian?!"

Her voice is not too loud.

But Guanlan was originally a private club.

There are not many people coming and going in the corridor.

Her abrupt voice still attracted the attention of others.

Chapter 4368 warns her not to get involved

It was Ye Fanchuan who first discovered her existence.

Out of the corner of Ye Wangchuan's eyes, he noticed Wei Ling standing there, and he turned sideways to block her gaze.

Then said to the girl in a low alcohol voice: "Let's go, grandpa is waiting for us."

Qiao Nian had actually seen Wei Ling, but didn't say anything, just lowered her eyelids as if she didn't see it, and continued walking forward while holding Ye Qichen's hand.

Ye Lan deliberately took two steps down, waiting for the old housekeeper, Qiao Nian, and Ye Wangchuan to go first, and then she walked at the back.

Until Qiao Nian and the others passed the corner of the corridor, the figure disappeared.

Ye Lan stopped just now, right in front of Wei Ling, gave Wei Ling a condescending look, and looked up and down.

Finally, he said lightly: "I remember that Mrs. Shen didn't like Nian Nian before. Since you didn't like her and looked down on her before, there's no need to say hello when you meet her now, right?"

Ye Lan is the eldest lady of the Ye family.

Whether inside or outside the Ye family, they have their own way, with a very sharp and capable temperament, definitely not like Wei Ling.

She wore a sharply tailored suit today. The white suit has the waist curve that a woman should have, without losing her graceful demeanor.

It fits very well with Ye Lan's own temperament.

By contrast.

Wearing Xiangjia's autumn flower skirt, Wei Ling looked a bit petty, and she couldn't stand on the stage. When the two stood together, Wei Ling's momentum was half shorter.

"Miss, I..."

Wei Ling's face turned blue and white after being robbed by her, she was embarrassed and ashamed, of course, she didn't want to offend Ye Lan.

"I didn't mean that, I just saw you all of a sudden and couldn't help but say hello."

She licked her face and forced a smile, and asked Ye Lan: "Has Nian Nian returned to the capital? I don't know yet... I thought she was still going around the city."

Ye Lan saw that she couldn't understand human words, so she insisted on getting close to her, and simply suppressed the expression on her face, leaving only a frosty face.

"Mrs. Shen, I think what I said is very clear!"

Wei Ling was embarrassed for a while.

She knew what Ye Lan meant, let her stay away from Qiao Nian, of course she didn't dare to get close to that evil spirit, but now her family's situation made her desperate to get in touch with people like Ye Lan.

So Wei Ling could only pretend not to understand, and after a short embarrassment, she smiled and said: "I know that I had a little misunderstanding with Nian Nian before, and she felt that I was not good to her, but this matter has passed so After a long time, Chen Chen has also been in jail, so there is no need for you to hold on to this matter. Jing Yan and I still regard Nian Nian as our own niece in our hearts, but we have never found a chance to reconcile with Nian Nian..."

Ye Lanliu raised her brows sharply, and her aura became fiercer to the naked eye. She immediately interrupted her violently: "I think I didn't speak clearly enough."

Wei Ling had no choice but to shut up and listen to her.

Ye Lan's status in Beijing has always been much higher than that of Wei Ling, even in Wei Ling's most prosperous years, she still couldn't reach Ye Lan's circle.

So Ye Lan spoke to her very directly: "I hope you stay away from Nian Nian, and in the future, even in the situation like today, don't make any noise to say hello, it's unnecessary and inappropriate."

"I..."

Ye Lan has short short hair and fierce eyes, "And what you said about reconciling with her, I don't care what you two think, at least she doesn't think about it! If you go to disturb her... Mrs. Shen, she is the future mistress of our Ye family, the attitude of me and the old man is here, if you insist on acting stupid for me, I can only use our own solution to solve it."

Chapter 4369 Shame, no one pays attention to her

"The Ye family has never been a soft persimmon!"

The Ye family has been in Beijing for so many years, how can they suppress the coveted people outside without any means of thunder.

What happened to her daughter Ye Yuchen before, considered their family a big stumble.

But at the time, it was her daughter who liked that scumbag in the Bo family.

But Qiao Nian's situation is different.

Qiao Nian and Wei Ling have never caught a cold.

If Wei Ling and Shen Jingyan dare to get in touch with each other, don't blame her for being rude.

"That's all I've said, you should think about it yourself!" Ye Lan cast a final glance at Wei Ling, who was stunned, and turned to leave domineeringly.

It seems that she doesn't bother to look at Wei Ling anymore.

Wei Ling watched Ye Lan walk away in high heels, the nails on her hands were about to break, but she could only grit her teeth and bear it.

After all, she couldn't offend Qiao Nian, let alone Ye Lan.

The former may be too lazy to talk to her.

The latter will really come forward to clean up her.

Wei Ling didn't dare to confront Ye Lan head-on, so she had to put away her small thoughts, and went back to her box with an ugly expression on her face.

When she went back, she happened to see a friend of Jiang Zongnan ordered a cake for Jiang Yao, and the staff pushed the exquisite cakes with seven or eight floors into the box, and the box was bustling.

Wei Ling walked back to her seat expressionlessly, and met Jiang Zongnan who invited her to eat cake.

Wei Ling couldn't hold back and asked, "Don't you know that Qiao Nian is back?"

Jiang Zongnan paused with a smile on his face, but didn't answer.

Wei Ling said to herself: "I just ran into her and Ye Lan when I went to the bathroom. Didn't you know that she came back to Beijing? You are not a family? She didn't tell you, right?"

Jiang Zongnan really didn't know that Qiao Nian was back, but he guessed that Qiao Nian might be back when Wei Ling came in and said he met Zhang Yang and Nie Mi.

So even though he was a little surprised by Wei Ling's words, he quickly adjusted his expression and said very indifferently: "Why does Mrs. Shen care about this? This seems to be my private matter, and I don't need to explain it to you."

Wei Ling was a little embarrassed by his choking, and realized that she was too emotional, a little too much, so she tightened her mouth and stopped talking.

Jiang Zongnan didn't bother with her anymore, he stopped asking her to eat cake, and turned to talk to other people.

Sitting in her seat, Wei Ling became more reserved and uncoordinated, feeling that everyone around her was excluding her and not giving her face.

I think she backed the Wei family back then, when Mr. Wei was still there, how could she condescend to come to this kind of game, but now she came to this kind of game, and she was treated as a background board and looked at.

Wei Ling was so aggrieved that she endured and endured, but still couldn't hold back, she got up, took her bag, and said to everyone in the box: "I don't feel well, so I won't continue. You play slowly, I will Go first!"

Her behavior was extremely abrupt.

Everyone present was looking at her, and most of them couldn't figure out why she was going crazy.

But seeing that Jiang Zongnan and Jiang Yao had no intention of getting up to keep Wei Ling, they had no choice but to sit in their seats and pretend to be stupid.

Wei Ling rushed out of the box indignantly amidst all the indifferent expressions.

On the other side, Qiao Nian was surrounded by Chen Yuan, Qin Si and others as soon as he arrived at the box.

Chen Yuan is not an extrovert, so he just shouted: "Sister Nian."

Qin Si wasn't so stuffy, he wanted to grab Qiao Nian's shoulders when he went up, and said cheerfully on the way: "Sister Qiao, it's rare for you to come back and take me to the black."

Chapter 4370 Sister Nian: You can stay for a week

However, before he put his arm on it, he was stopped by two obstacles, one big and one small.

"What are you doing?" Ye Wangchuan grabbed his wrist directly, and gave him a look with a light expression, the meaning was very clear.

Ye Qichen stood in front of Qiao Nian, puffed out his chest, and looked at him with deep eyes, as if he was looking at some kind of rogue.

"?" Qin Si was amused by the eyes of the little devil in the world, retracted his hand, and couldn't help laughing: "No, I'm just saying hello to Sister Qiao, what are you doing?"

Ye Wangchuan didn't answer directly: "Just stand there and say hello."

Qin Si: "..."

He was defeated. He raised his hand and took two steps back. After keeping a certain distance from Qiao Nian, he looked at one big one and one small one, and asked in compromise, "Is this all right?"

When he saw Ye Qichen put away his defensive gaze, Lord Wang put down his hands too.

Qin Si was speechless again, bared his teeth for a long time, but still couldn't hold back: "Damn, you treat me as a hooligan! I don't care."

"Your foundation is not clean either." Ye Wangchuan calmly put his hands in his pockets, ruthlessly exposing his faults.

"Damn~!" Qin Si heard his confession, and hurried up to cover his mouth, yelling in fright: "Master Ye and Missy are still here, and Mr. Nie is also here, I beg you, don't say it... at best I Even if he is young and ignorant, he has not done anything."

"Do you know how to say hello next time?" Ye Wangchuan also reminded him a little, so that he wouldn't know where to put his hands next time.

Qin Si saw him as an old god, and knew that he had learned his lesson. What else could he say, so he said speechlessly: "Yes, I understand."

Ye Wangchuan pursed his thin lips before Ye Maoshan came over, lazy and arrogant, and had no intention of continuing to chat on this topic.

Qin Si heaved a sigh of relief, stepped aside and watched Mr. Ye go to talk to Qiao Nian.

...

Ye Maoshan came to Qiao Nian to ask her how many days she was going to stay and when she would leave.

"I should leave in two days." Qiao Nian was still standing at the door of the box, patiently answering Old Master Ye's question.

Ye Maoshan couldn't help showing a look of disappointment: "...can't you stay for a few more days?"

Qiao Nian is not good at dealing with elders, especially elders like Mr. Ye who are enthusiastic and kind to her. Every time she sees this kind of elders, she is always very soft-hearted, and can't bear to see them disappointed.

So she didn't answer right away, but seriously thought about whether she could stay longer.

After thinking about it, she realized that it was actually not a big deal for her to go back in a hurry.

Xi Yaokong and Gu San have already sent the tungsten gold to Independent Continent, and Guan Yan accompanied Feng Yu and others to get the tungsten gold.

Vice President and Xu Yihui immediately started the tungsten gold experiment.

She can participate remotely with a computer.

Qiao Nian pondered for a while, then raised his eyes to meet the pitiful eyes of Old Master Ye, and his heart softened again: "You can stay for a week."

Ye Wangchuan turned his head to look at her in surprise.

Ye Maoshan smiled, and immediately said happily: "Then you go back to live with me, and I will ask the old housekeeper to clean up a room for you."

He didn't wait for Qiao Nian to refuse, and immediately said: "Have you visited Chang'an Avenue next door? There are a few ancient buildings over there, I will take you for a walk some other day."

"Your Aunt Ye often went to play inside when she was a child. The inside is very big and beautiful. Spring and autumn are very suitable for taking a walk and blowing the wind."

"By the way, do you like flower and bird antiques?" Ye Maoshan wanted to share all his favorite things with Qiao Nian and let her choose.
