

Madam's 4371

Chapter 4371 Miss Qiao, do you know someone named Qiao Ruqing?

Even Ye Wangchuan couldn't stand it anymore, and stopped him from continuing: "Grandpa, we haven't had time to eat when we came from the pier, it's almost time to eat."

This brat!

Ye Maoshan gave him a hard look, and couldn't bear Qiao Nian to gossip with him here on a hungry stomach, so he quickly stepped aside to make way, and patted Qiao Nian's arm: "I'll talk about this later, you go and sit down first. I let them serve."

"good."

Qiao Nian was originally proposed by him to live in the Ye family's old house, and why did he go to the park to see flowers and birds? Now, as if he had received amnesty, he hurried over and sat next to Zhang Yang and the others.

Zhang Yang was flattered, and quickly got up to say hello: "Miss Qiao."

Qiao Nian hasn't come back for a long time, this time he finally returned to Beijing, Ye Lao personally invited him to have a family feast... It can be said that Zhang Yang has mixed up to a level that his parents and grandparents have never touched.

Their family paid special attention to it today. When they received the invitation letter from the old housekeeper in the afternoon, the family even tried to get him a suit, and even found the company's stylist.

Fortunately, Zhang Yang is a person with a brain, and he resolutely doesn't let his parents make it too exaggerated. He only wears ordinary clothes, mainly casual and low-key.

Today he came to Guanlan in advance, and saw that everyone was dressed in ordinary clothes, except for Mr. Ye, who was wearing a new Tang suit, no one made oily noodles and dressed in suits to attend.

Zhang Yang was extremely thankful that he was tough enough when he went out, and didn't follow the family arrangement to make it so grand, otherwise it would be a joke.

Now when he saw Qiao Nian who had drawn him into the top circle, it was like seeing his reborn parents, so he dared not neglect him.

After all, when he hooked up with Young Master Qin, at most he dared to imagine that he could occasionally follow Young Master Qin and integrate into the small circle with Mr. Wang and the others.

Who dares to imagine that one day he will be invited to dinner by Ye Lao himself?

And all the glory he has today is all given by Miss Qiao.

If he had chosen the wrong person among Jiang Xianrou and Miss Qiao like everyone else, then he probably is no different from Jiang Yao, Wei Ling and others now.

Zhang Yang was grateful, but also sincerely grateful to Qiao Nian.

After Qiao Nian took his seat, he thought of something: "Do you know a girl named Qiao Ruqing?"

"En?" Qiao Nian didn't realize it all of a sudden, she picked out her ears and raised her head: "Who?"

Seeing her reaction, Zhang Yang knew that she probably didn't know this person, so he simply explained: "Recently, a fledgling in the entertainment industry has been gaining popularity, competing with Tangning for resources. I didn't care about it at first, but I happened to meet him a few days ago. She bullied Tangning again, so I investigated this person."

"?" Qiao Nian was quite impatient, and patiently waited for him to write later.

"I found out that she is a newcomer signed by our company. She debuted for more than a year. She was signed when you were still in Beijing, and it was signed by my mother herself."

Zhang Yang didn't panic in the face of the girl's oppressive eyes, and said eloquently: "My mother usually manages the entertainment at home, but she doesn't only have one company, and she rarely handles the company's affairs in person. It is left to professional personnel to take care of it. She only cares about major issues at the company's decision-making level. This kind of signing of newcomers by her has never happened, and my dad also told the management of the company to take good care of them. This newcomer..."

The Zhang family has a large business landscape.

The entertainment circle is just an insignificant small section on their business map, and it is usually handed over to Zhang's mother for management and fun.

Chapter 4372 If you have met several times, you will know each other

Father Zhang seldom asks about the entertainment industry, especially when it comes to female stars in the entertainment industry.

It's a trivial matter to ruin your family's reputation.

The Zhang family managed to get into the top circle these few days. Seeing that their status in Beijing is rising, they are about to enter the ranks of celebrities.

All of them are dedicated to doing charity and attending positive energy activities... It is absolutely impossible for the entertainment industry to get involved and push their family down for nothing.

That's why Zhang Yang was so surprised after checking the background of this girl named Qiao Ruoqing, and hurried home to ask her parents.

He saw that Qiao Nian's brows were covered with a layer of coldness, which was a sign that she was about to become impatient.

Zhang Yang said the key point very discerningly: "I went back and asked them, and they said that this person is your cousin, who has had a good relationship with you since childhood."

"They took special care of this person for your sake."

Qiao Nian finally understood after hearing this.

"My cousin?"

Zhang Yang cautiously said: "Didn't you live around the city for a long time? I checked this Qiao Ruoqing. She is the daughter of your adoptive father and sister. Qiao Ruoqing."

Qiao Nian couldn't help squinting at him, her eyes were quite speechless: "No, why don't you just tell me her real name and stage name? You think I'm someone who pays attention to the entertainment industry?"

She is busy as **** in Independence Day and night.

Where does she have the time to care about newcomers in the country, how popular they are, and what news is being made... Is she so idle?

She didn't even have time to watch Jiang Li's news, let alone Qiao Ruoqing.

But Qiao Nian remembered the name Qiao Yao, and quickly remembered such a person.

Her expression was neither liking nor disliking, but she just narrated calmly, as if she was talking about an acquaintance whom she hadn't seen for a long time.

"I only met her a few times during Chinese New Years and holidays. How about a good relationship? Well... During Chinese New Years, she would kindly stuff me with two pieces of candy."

Qiao Nian remembered that as long as she could remember, Qiao Weimin and his wife were extremely indifferent to her. In the past, when they were only living in a well-to-do life, the family didn't have that much money.

Every Chinese New Year, Shen Qiongzhi would only buy new clothes for Qiao Chen, take Qiao Chen out to play, give Qiao Chen red envelopes, and say Happy New Year to Qiao Chen...

As for her... she seems like a dispensable shadow in that family.

But every year during the Chinese New Year, relatives will gather for dinner, and Qiao Weimin and Shen Qiongzhi will also take her to visit relatives.

At that time, she met Qiao Yao.

Qiao Yao's family lived better than Qiao Chen's at that time.

Qiao Yao is also the little princess who is loved by thousands of people in the family. Of course, she can't understand Qiao Chen who likes to put on airs, so when there is friction between children, Qiao Yao will always pull her.

Every time Qiao Yao would deliberately pretend to have a good relationship with her in front of Qiao Chen, and would occasionally grab one or two candies bought at home and stuff them for her.

But this kind of behavior is not to give her candy, but simply to anger Qiao Chen.

Later, Qiao Weimin started to do business, and his family moved to the urban area around the city. With Qiao Weimin, the business grew bigger and bigger.

Qiao Nian remembered that when she saw Qiao Yao later, Qiao Yao deliberately kept a distance from her without Qiao An's explanation.

No longer angry with Qiao Chen.

Instead, she often followed her cousin, Qiao Chen, who called her nicely, and seemed to be a member of Qiao Chen's small group.

Chapter 4373 Zhang Yang knew he was tricked

It's just that Qiao's family is getting richer and richer.

However, Qiao Yao's family has always been an ordinary family in the suburbs of the city.

She couldn't afford the aristocratic schools that Qiao An went to, so she seldom met Qiao An, only occasionally, because she didn't talk to herself, and Qiao Nian had a very dim impression of her.

The one with the deepest memory is Qiao Yao who often whispers beside Qiao Chen. When she walked by, Qiao Yao immediately shut up again, squinting at her, with a haughty gesture of disdain to be with her.

"She told you that she has a good relationship with me?" Qiao Nian was just a little curious, wondering how Qiao Yao came to this conclusion.

Zhang Yang already understood what kind of trick Qiao Ruqing played, and nodded immediately: "Yes, she graduated from an art school, and it happened that the talent scout went to her school to sign someone, so she said she knew you."

"At first, the scout didn't know about the relationship between you and me, but she insisted that the scout go back and tell the people above that the scout saw that she was so confident at a young age, so she reported the situation, and then my mother found out..."

During those years when Qiao Nian went around the city, there were no traces of many things, and no information could be found at all.

Mother Zhang saw that the two really had a short-term 'relative relationship', so she couldn't figure out what Qiao Ruoqing was telling the truth.

Mother Zhang insisted on flattering others, and there was no need to offend Qiao Nian for a trivial matter, which led to the following things...

Zhang Yang now understands the twists and turns inside, without Qiao Nian saying it, he just said bluntly: "Miss Qiao don't need it, don't worry about it, I will explain it to my mother later."

"Hmm." Qiao Nian really didn't worry about this matter. It was a long memory. She had too many things to care about. She didn't have time to deal with such things. She just made it clear to Zhang Yang: "I have a general relationship with her, that is, I know her."

She didn't want to engage in the trick of implicating the nine clans.

After all, Qiao Weimin and Shen Qiongzhi gave her a bite to eat at the beginning. If they hadn't pressed forward every step of the way, she would have only thought about finding her biological parents.

But Qiao Yao didn't want to get used to Qiao Yao's act of bluffing and deceiving outside under her banner. We don't have affection in the first place, so just don't get involved.

This is the basic quality of each other.

"clear."

Zhang Yang nodded again.

Qiao Nian didn't continue this topic, and Ye Fanchuan pulled the seat next to her to sit down, and told him about Bao Jingxing sending the batch of tungsten gold to Master Cheng's laboratory outside, Qiao Nian He even forgot about Qiao Yao's affairs.

...

After the dinner party.

A group of people left in a mighty way.

Jiang Zongjin pushed Mr. Jiang's wheelchair, and said to everyone first: "I'll take Dad back first, so you don't have to."

Ye Maoshan didn't worry, he stopped him quickly and said, "No, in-laws, I'll take you back."

He didn't give Jiang Zongjin a chance to refuse.

He took Jiang Zongjin's hand again, and said earnestly: "I will go there too when I go back, and it happens to be on the way, so don't be polite to me."

Master Jiang also said, "Let Mr. Ye deliver it."

Jiang Zongjin stopped being shy when he saw that his father was talking, and raised his eyes to Old Master Ye and said, "Then I will trouble Old Man Ye."

Ye Maoshan smiled from ear to ear: "No trouble, no trouble!"

He arranged for the old butler to go back with Ye Lan later, and he and the driver would just send him off, so as not to overcrowd everyone in the same car.

Old housekeeper naturally didn't dare to be sloppy, so he went to the side to call and asked the driver to bring over the extended Hongqi car that Ye Maoshan seldom used.

Chapter 4374 Wangye just loves to tease him

While waiting for the bus, Ye Maoshan went to find Qiao Nian again, and brought up the topic before dinner: "Nian Nian, do you want to go back to the old house with me for a few days?"

Qiao Nian was originally asking Chen Yuan and Uncle Chen about their recent situation.

In the end, when she looked up, she saw Mr. Ye walking over, and asked her if she would go to live in Ye's old house, and suddenly her head became dizzy again.

Fortunately, Ye Wangchuan interjected: "Okay, she won't go back to live with you. Let's go back to the Rhine and get used to living there. If you have time, you can come and find her..."

"You're the only one with a mouth!" Ye Maoshan scowled viciously with a grumpy face, but he didn't force Qiao Nian to be with him.

Instead, after thinking about it, he said, "That's fine, then Chenchen..."

Ye Qichen immediately grabbed Qiao Nian's sleeves vigilantly, and looked at his old man like a little beast that was about to be taken away, pitiful and funny.

Seeing that Mr. Ye couldn't laugh or cry, he simply said to Qiao Nian: "Why don't you let Chenchen play with you for two days, and then I'll take him home."

Ye Qichen's big eyes brightened brightly, he no longer pursed the corners of his mouth and looked at his grandfather vigilantly, but looked at his grandfather with eyes full of light.

This little brat...

Ye Maoshan looked at another stinky boy again, and was suddenly gloomy and gloomy. He intuited that he was not marrying a grandson-in-law, but a grandson.

There is also a little grandson.

Qiao Nian looked down at Ye Qichen at this moment, and asked him very equally: "Do you want to come with me?"

Ye Qichen was suddenly shy and timid, grabbed her sleeve with his small hands, and nodded vigorously: "Yes!"

"OK."

Qiao Nian nodded understandingly, raised his head and said to Mr. Ye: "Then let Chenchen play with me for a few days, and when he wants to go back, I'll send you back."

Ye Fanchuan glanced at the little guy lightly.

Ye Qichen felt his gaze on him, tensed his back again, and looked at him with extreme vigilance.

Fortunately, Ye Wangchuan just glanced at him and didn't say anything to Qiao Nian.

Ye Qichen felt relieved.

Hearing that my sister made an appointment with the old man at home about how to send him back, my whole heart was going to fly to the sky.

Ye Fanchuan glanced at him again at this moment, seeing the silly expression of the little guy grinning happily, he also sneered slightly.

Ye Qichen heard his little uncle's sneer, quickly raised his eyes to look at him again, and vigilantly grabbed Qiao Nian's sleeves, as if he was afraid that his little uncle would be wrong again.

"What's the matter?" Qiao Nian liked the little guy very much. Feeling his nervousness, she raised her hand and rubbed his hair.

Ye Qichen shook his head: "No, nothing."

Qiao Nian rubbed his hair again, and turned to Ye Wangchuan and said, "Chenchen will stay with us for a few days. Is it okay?"

Ye Wangchuan stretched his brows and eyes, and under Ye Qichen's nervous gaze, he said lazily and politely: "As long as he doesn't make mischief in the Rhine, it's fine."

"I won't be naughty!" Ye Qichen said hurriedly.

"Oh?" Ye Wangchuan didn't know whether he was really suspicious, or deliberately teasing him: "Aren't you always naughty at home?"

Ye Qichen looked at him in such a terrific way that he wished he could cut his hair right away, shave it all off, and don't want this uncle anymore. His small face was extremely wronged: "Anyway, I will be obedient."

Ye Wangchuan saw that he didn't tease him very much, so he stopped teasing him, calmly read to Qiao: "He can go if he wants, anyway, it's big over there, I'll go back and tidy up a room for him and come out."

Chapter 4375 Miss Qiao said she didn't know her

"Um."

Gu San is not here, and Rhine has no aunt.

Only Ye Wangchuan went to tidy up the room.

Qiao Nian is actually willing to help, but the Rhine is Ye Wangchuan's house after all, so she can't directly say that she will clean it up.

Since Ye Wangchuan is willing to help clean up the room, it is of course the best and most convenient.

*

The next day.

Zhang Yang woke up and came out of the room. When he went downstairs, he met Zhang's mother who was about to go out, and quickly called her: "Mom, wait a minute."

"What's the matter, Yaoer."

Mother Zhang is different from Ye Lan and the others. She doesn't like to dress too seriously, and she still dresses up very softly overall. From her superior maintenance, it can be seen that she is a person who loves life very much.

Zhang Yang doesn't look like her, but more like his father. His facial features are not outstanding, but he is full of energy and looks very contagious.

"Do you remember Qiao Ruoqing I mentioned to you before?"

"The newcomer signed by our company?" Zhang's mother was very impressed with Qiao Ruoqing. When Zhang Yang mentioned it, she immediately remembered: "What's wrong with her?"

Zhang Yang said solemnly: "I met Ms. Qiao yesterday, and she was said to be not familiar with her at all, but just an ordinary acquaintance. It's not the kind of relationship she told you. It's just that she has a good relationship with Ms. Qiao since she was a child. Seldom see each other."

Although Zhang's mother is not a strong woman like Yuan Yongqin and Ye Lan who devotes herself to work, her personality is not too strong.

But after hearing her precious son clearly tell her that she was being tricked by someone, it has been tricked for more than a year.

Mother Zhang's face immediately darkened, her expression was not very good-looking: "She told me and your father that she had a good relationship with Miss Qiao, so I asked someone to take care of her... I didn't expect her to lie to me."

"It's just a means of the entertainment industry." Zhang Yang didn't take it too seriously.

If this Qiao Ruoqing has no personal relationship with Ms. Qiao, there are too many women who come from a small place like Qiao Ruoqing, a little beautiful, but still smart.

He has seen countless women like this in his life. He thinks he is smart and can play tricks, so he thinks he can make it to the top.

In fact, this kind of person is short-sighted at all. He only sees an inch of the world in front of him. He dares to provoke anyone and talk nonsense.

It's like Qiao Ruoqing cheating on his parents.

In the short term, Qiao Ruoqing seems to have benefited a lot.

From a newcomer who was highly praised by the company, she suddenly became the hottest newcomer Xiaohua in the circle, and everyone wanted to give her some favors.

But lies will always be exposed one day.

Qiao Ruoqing never thought about the price she would have to pay if her lies were exposed.

Perhaps in Qiao Ruoqing's view, the big deal is that the company will terminate her contract and stop praising her.

However, in fact, she fooled his parents so wildly, how could it be as simple as terminating the contract.

Zhang Yang himself is not a soft-tempered Bodhisattva, but for someone like Qiao Ruoqing who relies on lies to get ahead and bullies others by relying on the relationship he cheated.

He has little empathy.

So he spoke very bluntly.

"How she climbed up, just let her get down. For this kind of person, letting her return to reality is more uncomfortable than killing her!"

Zhang Yang didn't say what to do after Qiao Ruoqing was beaten back to her original form.

He remembered checking the contract signed between the company and Qiao Ruoqing.

Qiao Ruoqing probably felt that she could rely on this clumsy lie to run amok, so she signed a ten-year contract with the company.

Chapter 4376 Mr. Zhang, do you have anything to do with me?

Relying on this relationship, she plans to become a sister in Yaoxing Entertainment.

Now the contract that Qiao Ruqing signed herself will become a powerful weapon to restrain her, and it is also a cage that Qiao Ruqing made for herself.

Zhang Yang didn't want to get his hands dirty, so he made it clear to Zhang's mother: "Mom, you don't have to go find her and confront her face to face, it's not necessary."

"You just need to know that she has nothing to do with Miss Qiao."

"I see."

Zhang's mother was originally mad at Qiao Ruqing's coquettish manipulation, but after her son told her that she was not a fool, she immediately realized that she didn't need to be angry with Qiao Ruqing's idiot, it was just a matter of depicting the delicate eyebrows and eyes. Control is still shrouded in a layer of depression.

It can be seen that she is still angry that Qiao Ruqing lied.

...

Wait for Zhang's mother to arrive at the company.

She put down the limited-edition bag she was carrying, and told her assistant expressionlessly: "Go and call Qiao Ruqing's manager."

"Yes, Mr. Zhang."

The assistant knew that she had always cared about Qiao Ruoqing's affairs, but she didn't expect that when the proprietress came, she didn't even have time to take a sip of water, so she started asking about Qiao Ruoqing's affairs.

The assistant rushed to find Qiao Ruoqing's manager.

"Boss Zhang is looking for you."

"It's about Qiao Ruoqing again?"

"Who else can it be for?" The assistant also looked helpless.

Aisley frowned fiercely, with a cold face, and had to ask his assistant who was with him to tell the magazine first that she would be late.

While she pursed her lips, the corners of her mouth were drawn into a straight line, and she said to the assistant president who came to the door very unhappy, "Let's go."

Qiao Ruoqing was originally signed into the company by Zhang's mother, and she was assigned one of the top managers in the circle.

It is said that Aisley's subordinates are all first-line actresses and movie kings, so it is impossible to bring a newcomer like Qiao Ruoqing.

But Mr. Zhang spoke.

Aisley knew very well that the Zhang family's background in Beijing was by no means limited to a small entertainment circle.

So despite her great reluctance, she was forced to take over this hot potato.

As a well-known big manager in the circle, she is supposed to bring a newcomer, and the newcomer should be obedient.

But this Qiao Ruoqing didn't know where she came from, she was very arrogant in her behavior, and she often caused messes for her outside.

Not long ago, she went to bully another little flower, Tangning...

She knew that Tang Ning had the Tang family behind the city.

Qiao Ruoqing was unscrupulous in grabbing other people's resources, not to mention, she even pretended to be an idiot while on an entertainment show, and threw the game bucket on Tangning.

It completely ruined other people's make-up.

He also thought he was smart and apologized for being miserable in front of the camera.

It caused a lot of scolding on the Internet.

She doesn't have the time to deal with the trending searches on Weibo.

Eisley was not sure if Qiao Ruoqing had gone to complain to Mr. Zhang again. After all, Mr. Zhang and his wife were very concerned and caring about this newcomer who appeared out of nowhere.

The company even once rumored that Qiao Ruoqing was the illegitimate daughter of Mr. Zhang's husband outside, and was accepted by Mr. Zhang. Sooner or later, she would become a young lady.

Aisley met Mr. Zhang several times privately because of Qiao Ruoqing's matter, and knew that the relationship between the two was definitely not what the company had rumored.

What lady accepted the illegitimate daughter born to the mistress outside.

But she really didn't understand how Qiao Ruqing's charisma would be praised.

She pushed the door open and entered the office full of thoughts.

As soon as I entered, I saw Mrs. Zhang, who was dressed dignifiedly and delicately. She stood aside obediently and took the initiative to remind: "Mr. Zhang, what do you want me to do?"

Chapter 4377 The **** was backlashed

When Mother Zhang saw her, she put down what she was busy with and reached out to her directly: "What kind of work does Qiao Ruqing have recently?"

As soon as Easley heard that she was coming up, she asked Qiao Ruqing about her work arrangement. She immediately made a big head and two heads, and said bravely: "Now she has two TV dramas on her body, and a supporting role in a big-budget movie. There are also several magazines and business endorsements to be announced..."

"Yeah." Zhang's mother's expression showed no joy or anger.

Easley knew her preference for Qiao Ruqing, and was afraid that she would be dissatisfied, so she hurriedly explained: "It's not that easy to get into the film industry. The circle pays attention to seniority, and it's hard for newcomers to talk about resources. This time I also let the actress Molly take her. After struggling with the director for a long time, the director finally gave her a role. I want to let her get in touch with filming, and when the time is right, I will give her the lead role resources."

Qiao Ruqing made her debut as a rookie, but she was born like a Ziwei star.

No matter how the outside world scolds her, boycott her.

How is she domineering in the entertainment circle, bullying other female stars... Her resource is a bull, and she has been a heroine resource since her debut.

Never played a supporting role for anyone.

This movie is regarded as the first supporting role resource received by Eisley for her.

Qiao Ruoping even made a fuss with her when she found out about it. Anyway, she lost her temper as a princess. She was obviously just a related party forced into her.

Eisley was devastated by her.

If the company hadn't insisted on praising Qiao Ruoping, she wouldn't have taken a second look at such a fool!

"Mr. Zhang..." Eisley didn't know what to do, but it was indeed impossible for the director to agree to call a newcomer Xiaohua who had no acting skills to play the leading role.

Who knew that Zhang's mother didn't have the slightest mood swings, looked at her with dark eyes, and said, "Stop all her work."

"Mr. Zhang?" Eisley was taken aback: "Those jobs have been negotiated, and many contracts have been signed. We say stop at this time..."

Mother Zhang is full of anger, so who cares about this. He said firmly: "Stop all her work, and the company will pay liquidated damages. You can go directly to the legal department and I will tell them!"

Eisley saw that she was in a bad mood, so he had no choice but to agree, and then turned around to do these things.

She walked to the door, but she still couldn't hold back her suspicions, stopped again, turned around, summoned up her courage and asked, "Mr. Zhang, do you have other arrangements for stopping her work suddenly, or do you want Qiao Ruoqing to rest for a while? "

Eisley said this very delicately.

After all, he is a genius from the entertainment industry, and his speech is exquisite.

Sure enough.

Mother Zhang frowned and looked at her, but she was not angry, and said lightly, "Let her rest well in the future."

"..." means banning?

Aisley only felt that he could see the sun in an instant, and his mood was unprecedentedly happy!

Although she didn't know what Qiao Ruoqing did to provoke Mr. Zhang, she had already had enough of Qiao Ruoqing's torture, and she would never make trouble for herself and ask the boss why.

"I understand, Mr. Zhang."

Aisley walked briskly to go to the legal department to go through the process, and prepared to notify Qiao Ruoqing herself...

She couldn't wait to see Qiao Ruoqing's reaction.

*

at the same time.

Qiao Nian promised to bring the little guy to play games together yesterday, but Rhine didn't have game discs, so she simply brought Ye Qichen to the mall early in the morning to buy game discs.

Chapter 4378 Sister Nian brought the little guy here to buy things

Wangfujing has a dedicated foreign game disc studio, and the owner of the studio is a fanatic of handle games.

While playing by myself, I also collected game discs from different regions and types.

Qiao Nian brought Ye Qichen here to find that store, took the little guy to pick out a few games he likes, and then they went back to play together.

Along the way, the little guy was very happy by chirping.

Although Qiao Nian is not a person who likes to be lively, seeing him like a happy bird, a smile appeared on his lips.

Wait until the place.

Qiao Niancai found out that the outside of the shopping mall was completely blocked. Many young boys and girls flushed with excitement and shouted at the door with banners.

She guessed that some celebrity was coming.

"Chenchen, hold me." Qiao Nian pushed down her peaked cap, and stretched out her hand towards Ye Qichen.

The little guy's big eyes lit up like black grapes, and he immediately took Qiao Nian's hand, and he grabbed it firmly without Qiao Nian saying anything.

Qiao Nian told him to follow him later, and then led him to squeeze in through the small door with few people on the side.

"Excuse me, please step aside."

She has a unique aura, which is easy to be noticed. Coupled with her deep voice, anyone who hears Qiao Nian's voice will turn their heads subconsciously.

But Qiao Nian lowered his peaked cap and tilted his head on purpose, not wanting to be recognized and cause unnecessary trouble.

Plus she is wearing a normal hoodie and jeans, and she is dragging a little boy by her left hand.

Most people instinctively make way when they see it.

Qiao Nian took advantage of the narrow intersection that could accommodate one person, squeezed Ye Qichen into the shopping mall, and walked directly towards the game studio.

Ye Qichen usually stayed in the old house and rarely saw such a posture. He couldn't hold back the child's temper and asked curiously: "Sister, what are they doing?"

"Let's go after a certain star." Qiao Nian looked back at the crowd outside, and answered casually, thinking that she would go directly from the underground garage later instead of crowding at the door.

"oh."

Ye Qichen lost interest when he heard that he was a celebrity.

One big and one small got on the elevator.

...

the other side.

A nanny car is parked on the basement floor of the mall.

There are not many people in the underground garage.

The door of the nanny car was specially opened for ventilation. From the warm yellow light inside, one can see a beautiful woman in a Chinese dress sitting in the car.

Women are all dressed up from head to toe. The exquisite makeup outline and the blessing of jewelry and costumes are quite beautiful.

But her beauty can only be considered average in the entertainment industry.

Plus, she is not as pure and innocent in private as she is in front of the camera, frowning her brows, always looking mean to find fault.

It also weakened a bit of her beauty by relying on external appearance, but strengthened the dullness and meanness between her eyebrows and eyes.

"What's the matter with the organizer? Why hasn't anyone come to pick me up yet? What are they doing to eat? I don't know I'm here."

"Ruoqing, don't be angry, I'm contacting them." The little assistant who followed her was a fat man who was sweating profusely at the moment. Emotions, just a bit too busy.

However, Qiao Ruoqing didn't care about him, and immediately lost her face and lost her temper: "I won't go! Let's go, I want to go back to the company."

Chapter 4379 Today's event is canceled

Seeing her suddenly turn his back on him, the little fat man was so anxious that his forehead was dripping with sweat. He didn't care to make a phone call, and quickly waved his hands to persuade her: "No, this is a first-class foreign luxury brand. We will announce their endorsement soon. If we leave at this time, we will definitely Offend the brand side. When the time comes to endorse..."

"Heh!" Qiao Ruoqing snorted, raised the corners of her eyes, and squinted at him from above: "It's just an endorsement, do you think I don't care?"

Two attendants + a driver in the nanny's car, and the little fat assistant Eisley sent to follow her, all four of them had a headache from her domineering words and deeds.

But they all know that Qiao Ruoqing is now the little princess of Yaoxing Entertainment, she has a relationship, even Aisley can't do anything about this, they can only coax her well.

They dare not mess with them.

Seeing that Qiao Ruoqing wanted to leave.

The little fat assistant was anxious about how to calm down the little princess, so he noticed that Aisley called him.

Like a drowning man grasping at straws, he quickly showed Qiao Ruoqing the caller ID, and said, "I'll take the manager's call."

Qiao Ruoqing still had a stinky face, very unhappy.

The little fat man was afraid that she would make another trouble, so he hurried away.

When he picked up the phone, he didn't know what was said there. Everyone only heard him answer after a moment of hesitation: "We're in the underground garage of the mall, um, we haven't gone up yet."

The driver and the two attendants were nervous, for fear that the company would implicate them innocent people...

at this time.

When they saw the little fat man turn around suddenly, they gave Qiao Ruqing a surprised and complicated look, and immediately lowered their eyes: "Well, I see."

"Okay, I'll tell her."

Qiao Ruqing vaguely felt that there was some other meaning in his look.

But she soon became confident again.

Others don't know how she became the "little princess" and "daughter" recognized by the top three entertainment companies in the circle, but she herself knows it very well.

She relied on her cousin, Qiao Nian.

Before she came to Beijing to study, she had heard the adults chatting about her, saying that her cheap cousin is now in trouble, and she has found a boyfriend who is very rich and has a background.

That man's family has connections in Beijing.

Flying up the branch and turning into a phoenix with her cheap cousin.

I usually come into contact with upper-class circles.

At that time, she listened to this and kept thinking about how to meet her cheap cousin and make a good relationship.

But she never found a chance.

Later scouts came to their school to select candidates.

She also had a flash of inspiration at the time, and she went all out to do something big.

Originally, she told the scout that she knew Qiao Nian, and it was just a gamble. Who knew that what the family said was right, she is now a terrible cousin.

She just said that, and immediately asked the boss of the entertainment company to meet her in person, sign her a contract, and then find her the best agent regardless of the cost, and put all kinds of good resources and endorsements in front of her to choose from...

That's why Qiao Ruqing is now more and more sure that Qiao Nian's status in the Beijing circle is extraordinary.

As long as she has this level of relationship, ordinary things can't shake her status at all, and no one dares to get angry if she runs amok in the entertainment industry...

Just when Qiao Ruqing was thinking wildly.

The chubby assistant came back with the mobile phone. He glanced at her first. He stood up straighter than before, and he spoke confidently: "Sister Aisley said that today's event has been cancelled."

Chapter 4380 How dare they offend Qiao Nian?

"cancelled?"

Qiao Ruqing has been spoiled for more than a year.

She had long since lost the obedience she had when she first came to Beijing. She really thought of herself as if she had a good relationship with Qiao Nian, and half a foot into Qiao Nian's small circle.

The assistant said to cancel the event.

She immediately raised her brows and became very angry.

"Why didn't she tell me? When was it cancelled, and the organizer canceled it? What is the reason?"

She asked seven or eight questions in a row, completely forgetting that she was in a mood just now and said that she should not go.

The assistant has long been used to her moody look.

I didn't get used to her this time, so I took a quick look at her, and told her with an uneasy face, "This is the company's decision."

Qiao Ruqing frowned immediately.

The little fat assistant didn't give her a chance to speak, and finished in one breath: "The company has stopped all your work, and let you take a good rest for a while."

Qiao Ruqing sat up straight, and fixed her eyes on him: "What do you mean? Are you trying to block me? Who means?"

She didn't believe Mr. Zhang meant it.

Immediately sneered, raised his jaw slightly, and said condescendingly: "She Easley wants to hide me, is she crazy?"

"She asked the company's senior management? She is not qualified to stop my job!"

Her cousin is Qiao Nian!

Qiao Nianming is good, the boyfriend she is looking for is one of the best in the aristocratic circle of Beijing, who would dare to offend her?

Easley is just a small agent.

Even if he has status in the circle, no matter how old he is, what is a small manager worth in the circle of powerful people?

Easley even dared to stop her work without saying a word...Qiao Ruqing just thought that today was a joke.

"You asked her to call me. I want to ask her what she means in person." She was high-spirited and ordered the assistant domineeringly.

However, this time Xiaopang did not obey her as before, but told her clearly: "Sister Aisley said that you might get angry, let me tell you that if you have any problems, you can go back to the company to find her, and said this Everything is on Mr. Zhang's mind. Mr. Zhang asked her to go to the office this morning to talk to her personally..."

boss Zhang?

Qiao Ruoqing's face turned pale, her face turned pale, and her brows were tightly knit together. No matter what, she couldn't figure out how Mr. Zhang would give such an order.

She had met Mr. Zhang before, and when the noble lady heard that Qiao Nian was her cousin, her attitude towards her was extremely warm and enthusiastic.

Obviously she wanted to please the cheap cousin behind her.

President Zhang will not know...

Qiao Ruoqing's first reaction was to guess that her lie had failed.

But she was still thinking about luck.

I always feel that Mr. Zhang would not meet Qiao Nian by such a coincidence, nor would he ask Qiao Nian to mention her... As long as the two sides don't meet, no matter how the company investigates, she and Qiao Nian used to be cousins! As long as she has this relationship as a talisman, is she still worried about not being able to get ahead in the entertainment industry?

Qiao Ruoqing's face turned blue, white, and red, and after a long time of speculation, she couldn't figure out the reason, and she was upset by thinking about it.

"Go back to the company first."

She has a bad tone.

Xiaopang waited for no one to comfort her, got into the car and sat in their seats, and began to ask the driver to drive back to the company.

...

at the same time.

Qiao Nian took Ye Qichen to pick out the CD in that game CD studio. Thinking of the fans besieging the entrance of the shopping mall, she took the little guy to the elevator and went straight down to the underground parking lot.

Gu San and Xi Yaokong went to Independent Island to deliver the goods.

She drove the Volkswagen out by herself.
