

## Madam's 4391

Chapter 4391 How does the person in the video look like Joe God

Eisley arranged everything properly, and he didn't forget to ask the PR department to buy this series of videos on the trending list, so that the other party will be scared first, and then they can negotiate later.

\*

The video of Qiao Nian being shot quickly became popular on Weibo.

Qiao Ruqing has accumulated a lot of fans on the Internet over the past year, one is Xiaohua, who is currently hot, and the other is a car smasher.

On the Internet, Qiao Ruqing's fans scolded Qiao Nian overwhelmingly, accusing her of being aggressive and being too arrogant.

Even if some people came forward and said that Qiao Ruqing did something wrong first, they were automatically ignored by this group of fans, who caught Qiao Nian smashing the car and insulting her.

Qiao Ruqing also has some fans who are more extreme. They ran to dig out Qiao Nian's identity in the video, trying to find out Qiao Nian's background.

...

Online, Qiao Ruqing's fans were scolding vigorously.

The popularity of those videos became popular under Aisley's operation.

Immediately afterwards, things did not develop as Eisley imagined. As the popularity of this matter became higher and higher, besides Qiao Ruoqing's fans, many passers-by also saw the video.

At first, everyone didn't feel anything.

After all, the angles of the few videos that have been circulated are not very clear, and Qiao Nian is wearing a peaked cap and is very low-key.

She didn't say a few words the whole time, and when she came up, she picked up an iron bar and smashed Qiao Ruoqing's nanny car.

After that, Qiao Ruoqing was pulled out of the car and had a brief conversation with Qiao Ruoqing. The video was far away, so I don't know what the two said.

Then she raised her hand and slapped Qiao Ruoqing a few times.

But some people still find that the girls in the video look familiar, and they seem to have seen it somewhere.

At the beginning, there were only one or two such voices in the comment area.

【Cai Caichong: Hey, do you think the girl in the video seems to be alone? 】

【Winter melon is not a vegetable: Are you sure the girl in the hoodie and black hat is not me, God Qiao? Why do I look like my own life! 】

This topic is very popular, and soon there will be new comments that will brush down one or two comments.

Few people saw this weak voice.

Even if someone saw it, it was Qiao Ruoqing's fans who went crazy everywhere.

The fans came up with cynicism.

【Ruoruo Qingtian: You have bad eyesight, how does this woman look like a student of Tsinghua University? It is impossible for Chasing Light to be such a shrew. Besides, you haven't heard the rumors? My family Ruoqing is related to God Qiao, cousins! How could God Qiao do anything to our family Ruoqing, Pengci walked away. 】

There are also several fans who came to support her after hearing the news.

【Qingqing: That's right, Pengcigou go away. Now a cat and a dog have also learned how to touch porcelain. You don't know that woman, help her wash the floor. 】

【Little Angel Ruoruo: He looks like a floor cleaner, yo, how much is it, take me to earn money too. 】

The host didn't want to cause trouble, so he endured his depression and didn't get entangled with them. He only liked it under the comment of another person who said he was like it.

Although Qiao Ruoqing's fans are strong in combat, there are traces of them cursing everywhere.

But it is inevitable that more and more people will follow the people in the video. Qiao Nian's body... is no longer a trend that fans can't hold back.

...

Eisley went to the police station in person before releasing Qiao Ruoqing on bail.

But the people at the police station also made it very clear to her that Qiao Ruoqing could not leave the capital these few days and needed to cooperate with the police investigation at any time.

Eisley smiled again, expressing that he understands that he will not cause trouble for the police and will let the artist actively cooperate with the investigation.

Chapter 4392 Sensing a change in the manager's attitude, I am even more anxious to find Sister Nian

She just signed the bail contract and met Qiao Ruoqing.

Eisley led him out of the police station first, got into the commercial vehicle on the side of the road, and closed the door to ensure that he would not be photographed by paparazzi and reporters.

Then she looked at Qiao Ruoqing, her face was extremely ugly, and she directly challenged: "Tell me, why did you make such news again. You still think that the material on your body is not smelly enough? You have to find some news for yourself."

"I didn't do it on purpose." Qiao Ruoqing was upright, even frowned, and looked at her displeasedly: "Besides, I'm also a victim!"

Her nanny car was smashed.

was beaten in public.

She, a majestic female star, was slapped several times as a little \*\*\*\*\* the street. Isn't it ridiculous to say it?

"How does the company plan to give me public relations?" She still had the nerve to ask.

Eisley laughed back in anger: "How do you want to do public relations?"

Qiao Ruoqing flicked off her manicure, and said without thinking: "She smashed cars and beat people. She is much worse than me. I will definitely sue her for intentional harm. It would be best if she could be sent in. Like this, those black people on the Internet There is nothing left to say."

She still wants to send people to prison?

Eisley simply smiled: "You won't forget that you almost hit someone? If you hadn't asked the driver to go, but stayed to see the injury of the other child, would it have turned into what it is now?"

"Also, do you think Beijing is like your home, and you can run rampant just because of your star status? You kicked the iron plate carefully."

At this time, Eisley didn't know that they had hit the iron plate.

She also simply thought that Qiao Ruqing only offended ordinary rich people.

As a manager, she didn't want to stand out for Qiao Ruqing, nor did she want to cause trouble for herself, she said impatiently.

"I've already contacted the public relations department. Our current plan is to put pressure on the other party first in terms of public opinion. As long as the other party contacts us for reconciliation, we will immediately reconcile. Try to make big things into small things, and don't tarnish the company's reputation and affect other artists. ."

Yaoxing Entertainment is more than just Qiao Ruqing.

If Mr. Zhang hadn't personally signed Qiao Ruqing back then, a newcomer like Qiao Ruqing wouldn't have been able to get ahead in Yaoxing.

Yaoxing is one of the largest companies in the entertainment circle, and there are not a few first- and second-tier male and female stars under its umbrella.

Aisley is willing to come forward to clean up the mess for her this time, purely for the sake of the reputation of other artists in his hands.

If she hadn't been worried that Qiao Ruqing's affairs would become a big issue, and that Heizi's tempo would implicate other artists in her hands, she wouldn't care about Qiao Ruqing's life at all.

"If you are not satisfied, you can find Mr. Zhang, but I advise you to stop. This is the company's decision and it cannot be changed."

Qiao Ruqing felt a 180° change in Aisley's attitude towards her.

Eisley didn't like her before, but he wouldn't be so straightforward. When talking to her, he would usually hold back his temper and answer patiently.

Today is different.

Eisley has been very forceful since the police brought her out, and has never given her a chance to refute.

Qiao Ruqing is not stupid. After seeing this, the uneasiness in her heart expanded infinitely. It was rare that she didn't lose her princess temper with Aisley, and sat obediently in the corner without saying a word.

Seeing that she wasn't arguing with him, Eisley calmed down a bit, and told the driver to drive back to the company first.

Qiao Ruqing didn't say much on the way, holding her mobile phone as if she was sending a message to someone.

Eisley saw it out of the corner of his eye and didn't bother to ask, so he leaned aside and closed his eyes to rest.

Chapter 4393 My daughter is a big star and won't take advantage

Qiao Ruoqing hid in the corner and sent a text message urging her mother to go to Qiao Weimin and ask for the phone number Qiao read.

\*

It was afternoon around the city.

Qiao Weimin has a visitor he hasn't seen for a long time.

He greeted the other party to sit on the sofa in the living room, and went to the kitchen to make a cup of strong tea.

Mother Qiao picked it up and took a sip, then frowned in distaste, put the cup aside, and started talking about business: "Brother, I'm here to find something for you."

Qiao Weimin saw her disgusted expression, but he didn't say anything. He was used to sitting on the sofa opposite: "Say it."

Mother Qiao said it directly.

"I want Joe's phone number. Do you have it?"

"..."

Qiao Weimin probably didn't expect that she finally came to his home because of Qiao Nian's phone number.

But he is used to it.

In recent years, many people around the city have come to him to insinuate that they want Qiao Nian's contact information, trying to get in touch with Qiao Nian through him.

"What do you want her phone number for?"

Mother Qiao refused to tell the truth: "I just thought that we are all relatives, and we haven't contacted for so long. No, I want to contact her."

"If you don't tell the truth, then I can't give you the number." Qiao Weimin raised his eyelids. Although he was not as glamorous as he was when he was an upstart around the city, the ups and downs of the past two years have precipitated his temperament, and he has become much more refined and calm.

Over the past year, Qiao's mother has relied on Qiao Ruqing to earn enough face in front of her family and relatives. This is the first time recently that she has been so suppressed that she can't hold her head up.

She told the truth in disgrace: "Ruqing... no, it's Yaoyao. Qiao Yao wants the number of her cousin. She and Qiao Nian are both in Beijing, so they probably want to get in touch."

She thought that Qiao Weimin would definitely be willing to give the phone number when she said so.

Who knew that Qiao Weimin said "hmm" and rejected her: "I can't give you your phone number."

Mother Qiao stood up suddenly: "Why!"

She realized that Qiao Weimin's eyes were looking over calmly, her face became hot, and she suppressed the rising sense of shame, she turned her eyes away and tried to excuse her behavior: "You said it yourself, as long as I tell the truth, give me your phone number, I told the truth, but you are not willing to give it. Big brother, how can this happen!"

"Didn't we make an agreement. Besides, Yaoyao wants Qiao Nian's phone number because she wants to get in touch with her sisters. Yaoyao is a big star herself, can she still take advantage of Qiao Nian?"

Mother Qiao said this out of her heart, and she didn't have the courage to look Qiao Weimin in the eyes to continue.

God knows, she didn't know why her daughter had to ask Qiao to read the phone, and kept sending text messages urging her to hurry up.

But she is not stupid enough to say it in front of Qiao Weimin.

Qiao Weimin looked at her like a fool: "Qiao Yao is a big star, won't she take advantage of Qiao Nian?"

Mother Qiao is very confident: "Isn't it?"

She wasn't sure what her daughter wanted Qiao Yao to read the phone number for, but it was a fact that Qiao Yao had already become a big star.

In her narrow view of the world, big stars are already remarkable existences, how many stars can be born around the city?

Her daughter is one of them.

And her daughter sees that the more messed up the better, she may not be a movie queen or an international star in the future.

Qiao Nian just found a rich boyfriend, so it would be better for her daughter to gain a foothold through her own efforts? !

Mother Qiao thought from the bottom of her heart that Qiao Yao was better than Qiao Nian.

## Chapter 4394 Unexpected Lord digs people up early in the morning

Qiao Yao is willing to contact Qiao Nian. In her eyes, this is a strong cooperation, and it may be who will take advantage.

Qiao Nian turned around and told her boyfriend's family that she had a big star cousin, isn't it enough to have face by telling her?

Qiao Weimin looked at her as a matter of course, shook his head, didn't bother to argue with her, and just said: "I don't have Qiao on the phone, you can find someone else."

Mother Qiao opened her mouth, wanting to say something.

Qiao Weimin beat her up and beat her up: "Qiao Yao is not a big star, and she is in Beijing like Qiao Nian. She should have a way to contact Qiao Nian."

Qiao's mother's face turned green for more than a little bit, and she was speechless by Qiao Weimin's words. For a while, she didn't know how to answer so as not to lose face.

Qiao Weimin still chased her away at this time: "It's almost dinner time, and I haven't bought groceries at home. I'm going down to buy groceries. How about we go out together?"

Even if she had no eyesight, Mother Qiao could still see that people were chasing away customers. Immediately, she angrily picked up her expensive designer bag, turned around and rushed out.

"Boom!" Qiao Weimin heard the loud closing sound of the entrance.

He just pretended not to hear, closed his eyes, and when he opened them again, his eyes were full of complex emotions.

"Eh."

Qiao Weimin sighed.

He got up and went to the kitchen to find the vegetable basket, took his wallet, and went out to buy vegetables.

He didn't know why Qiao Yao asked Qiao Yao to read the phone number, but his intuition told him that Qiao Yao must have encountered something and needed Qiao Nian's help.

He knew that Qiao Nian had no feelings for Qiao's family, and not disturbing each other was the best decency for each other.

But after all, Qiao Yao is the niece he watched and grew up with. Qiao Weimin thought about it, and after walking out, he still sent the phone number to Qiao's mother.

【I'll give you the phone number, but remember, tell Qiao Yao that it's best not to make this call if it's not a last resort. In addition, let her have a better attitude when talking, Qiao Nian is not an unreasonable person, as long as you don't bump into her hand, she usually doesn't bother to talk to us. But if Qiao Yao did something that touched her bottom line, it would be hard to please her. do you understand? 】

Mother Qiao on the other end quickly replied to the text message, she changed her unhappiness about slamming the door and went out, and she was very face- 【Yes, thank you, brother. 】

\*

the next day.

Qiao Nian's trending search has been on the Internet for a day, but fortunately, Eisley only wants to create some public opinion pressure, and doesn't want to spend too much money on it.

So the hot search ranking of that topic is not high.

In addition to Qiao Ruqing's fans, occasionally a few lost passers-by click in.

Yesterday, a small group of people noticed that the person in the video looked like Qiao Nian, but it didn't spread widely, and it never made a big fuss.

Until Zhang Yang received a call in the morning.

"Fraud?"

Eight in the morning.

Before he woke up from his sleep, he was awakened by a series of phone calls. Zhang Yang was very angry at first, and he picked up the phone impatiently to see who was calling early in the morning to disturb his sleep.

As a result, he saw a series of caller IDs, which scared him soberly, sat up from the bed, and answered the call in a hurry.

"Master Wang, do you have anything to do with me?" Zhang Yang said respectfully.

Ye Wangchuan went straight to the point: "I heard that your company has a signed artist."

"?"

Zhang Yanggang's brain was not very bright, and he didn't react immediately.

But he squeezed into Qin Si's circle by relying on his brains, and with Ye Fanchuan and Qiao Nian, he led his family to become the capital's upstart.

#### Chapter 4395 You go to the hot search

Zhang Yang's brain went down for a while, and he soon understood who Ye Wangchuan was talking about: "Are you asking about Qiao Ruoqing? She has a good relationship, so she ordered the people under her to take care of her."

"I told my family yesterday that we will definitely not condone a person like her who uses Ms. Qiao's name to deceive her."

"Really?"

Zhang Yang tasted something different from his casual tone, and immediately felt uneasy: "Master Wang, why did you mention her suddenly. She won't offend you, right?"

After Zhang Yang asked, he went over it in his mind, it was impossible.

Qiao Ruoqing is just a female star, even if she is a little popular among newcomers Xiaohua, she is still a newcomer.

How can they be qualified to contact Ye Wangchuan and their circle.

Qiao Ruoqing couldn't even touch the corner of Wang Ye's clothes, so how could she be offended?

But he is famously obedient, even if Zhang Yang thought that Qiao Ruoqing couldn't get close to Ye Wangchuan, he immediately separated him.

"My mother told me yesterday to stop all her jobs, and the follow-up company will definitely hide her. Before the company praised her, it was purely for Ms. Qiao's face..."

Zhang Yang emphatically emphasized the reason why the family favored this little star. They gave this face because of Ms. Qiao. Even if there was a mistake, it was because of the importance they attached to Ms. Qiao. on the head.

Then they were wronged.

"Go and check the trending searches first." Ye Wangchuan's voice could not hear any emotion.

Zhang Yang hadn't figured it out yet, the other end had already hung up the phone.

As a last resort, he didn't even put on his pajamas, so he quickly turned to Weibo to see what was on the trending searches.

The first few hot search topics are all major events that happened recently, and there is nothing worth noting.

Zhang Yangzheng is strange.

What did Master Wang tell him to watch.

I remembered Qiao Ruoqing that Ye Wangchuan specifically mentioned.

He learned to be smart.

Zhang Yang directly turned to the entertainment section, and now he can see the clue from the tenth most searched list.

#Qiao Ruoqing Being Bullied#

This topic is hung on the seat at the end of the crane in the entertainment section, and you may not be able to see it if you don't look carefully.

Zhang Yang's heartbeat accelerated suddenly, and he had a sense of foreboding.

When he clicked on this hot search.

Seeing the video made by Qiao Ruqing's fans, and seeing the scene of the girl smashing the car and beating people in the video, her eyes immediately went dark, the world was spinning, and she almost lost her breath.

That person was wearing a hoodie and a peaked cap. Who was it but Qiao Nian?

He had no idea this was happening!

No one told him about such a big matter!

Zhang Yang quickly put on his clothes, got up to find Zhang's mother, and knocked on the door frantically, regardless of whether his parents were awake: "Mom, come out quickly."

There were a few clattering noises inside, and Zhang Mu, who was wearing a nightgown, opened the door with a plain face, and her eyes that hadn't woken up were a little depressed.

"Baby, what are you doing so early in the morning? Your dad flew back from abroad at three o'clock last night and is still sleeping."

Zhang Yang handed it to her without saying a word: "Look at this."

Mother Zhang took the phone strangely: "What?"

When she saw the person in the video clearly, she reacted with Zhang Yang, her face turned green, and she suddenly looked up at her son: "This is Miss Qiao?"

She didn't see Qiao Nian many times, so she wasn't as sure as Zhang Yang.

But Qiao Nian's outfits are too iconic, especially the peaked cap and that outfit.

Mother Zhang immediately thought of Qiao Nian.

Chapter 4396 Know that the child is the little devil of the Ye family

She only saw Zhang Yang nodded with a serious face: "Master Wang called me early in the morning and asked me to watch the trending searches, so I knew about it."

"You said Young Master Ye..." Mother Zhang lost her voice.

Young Master Ye knows? !

She was so startled that she couldn't help but spin around anxiously: "I don't know! I asked her agent to stop her work yesterday. Who knew something like this would happen."

Mother Zhang thought of Eisley and didn't tell her.

Aisley definitely thinks that this kind of 'little thing' shouldn't alarm her.

But Zhang's mother is about to vomit blood now.

She looked carefully at the hot search and said: "The child who was almost hit in the underground garage... Miss Qiao has no children around. Could it be..."

Zhang Yang's face was serious: "We finished our meal that day, Miss Qiao took the young master back."

"..."

The little devil of the Ye family!

Mother Zhang seemed to be hit by a bolt from the blue, and her already precarious body swayed. If it wasn't for Zhang Yang's sharp eyesight and quick hand to hold her arm, Mother Zhang might slip and sit on the ground on the spot.

Everyone in Beijing knows it.

Master Ye has two treasures.

One is Ye Wangchuan, and the other is Ye Qichen.

Compared to the famous Ye Shao.

Master Ye loves Ye Qichen even more because he has been in poor health since he was a child. He is so protective that he looks like eyeballs, and he is a baby.

If Mr. Ye knew that an artist from their company almost bumped into Ye Qichen... Zhang's mother couldn't imagine the consequences. She grabbed her son's arm with a face full of horror, with a frightened expression: "Have you explained to Young Master Ye? We didn't mean to flatter her, either. She lied..."

"Mom, calm down." Zhang Yang said in a deep voice, "The most important thing now is to quickly resolve the trending searches, and then give them an explanation."

Zhang Yang deserves to be a person who is well-versed in the capital by relying on his brain. When encountering such a thing, he can calmly judge his best course of action.

"Let's do what we can first. Mr. Wang, Ms. Qiao, including Mr. Ye are not unreasonable people."

"They know what's going on with Qiao Ruqing. We've been explaining it all the time. Why don't we do something practical."

Mother Zhang gradually calmed down under his comfort: "You are right."

She no longer panicked, but immediately went back to get her phone: "I asked them to remove the trending search."

"No."

Zhang Yang grabbed her.

Zhang's mother turned around without knowing it: "Why did you stop me? Didn't you say that Yaomen should quickly settle this matter and do something to show Mr. Ye and the others to prove that we are not involved?"

Zhang Yang's mind turned quickly: "We want to do this, but instead of removing trending searches, we buy trending searches."

"?"

Mother Zhang was full of doubts, looking at him like a fool.

Zhang Yang let go, and smiled helplessly: "Mom, go find the surveillance cameras in the underground garage of the shopping mall first, and then release all those surveillance cameras, and then we'll backhand buy hot searches."

Mother Zhang has been in charge of the entertainment company for many years, and she immediately realized what Zhang Yang wanted to do. Suddenly, her eyes lit up: "Okay."

...

Nine thirty in the morning.

The half an hour before each company clocks in at work is the time to go to the cubicle to make coffee and take a break.

Star Entertainment.

Eisley was about to make a cup of Americano with his mug when he received a call from his assistant: "Sister, look at the trending searches!"

Aisley immediately returned to his work station, picked up his phone, and flipped through the trending searches skillfully. He thought he was going to the entertainment section to find it.

Who knew that the sharp-eyed one would hang on the high position of the hot search homepage.

#Restore the whole process of the shopping mall smashing car incident#

Chapter 4397 People like Phaeton

Her eyebrows twitched, and a sense of uneasiness welled up in her heart. She quickly opened the topic and found that it was also a video.

But what they released was the complete surveillance video of the underground garage of the mall.

In this complete surveillance video, it can be clearly seen that Qiao Ruoping's nanny car was speeding in the underground garage and almost hit a child. The child fell heavily while dodging, and the nanny car had already stopped. It explained that he knew that he almost hit someone, but after the car paused for a few seconds, no one got off, and then walked away.

This video is enough to explain why the people behind smashed the car in anger, and Qiao Ruoping is not innocent at all.

...

Just as Easley hurried to find the president's office, he knocked on the door and entered.

Mother Zhang just arrived at the company not long ago.

When she saw Aisley who pushed the door and came in, her well-maintained face sank immediately, and she gave Aisley a frosty look.

"What are you doing here?"

"Forehead."

Aisley felt her attitude was completely different from yesterday, walked to the large desk and stood up, said respectfully and cautiously.

"Mr. Zhang, I have something to report to you."

Mother Zhang sneered angrily when she heard this: "Oh?"

After all, Aisley came here with something to do, so he didn't have time to think about it, so he told everything about Qiao Ruqing who almost bumped into someone in the mall yesterday and was turned away to the police station for a record.

Finally, she stated the purpose of coming here today.

"Mr. Zhang, that surveillance video must not have been streamed by myself. It is very likely that the other party got the video and bought it as a hot search."

"If that surveillance video is allowed to be listed on the hot search, our public opinion will overturn sooner or later. I came to you just to ask, see if you have something to do with pressing the hot search."

"Also, can you contact the amateur in this video? I want to ask her to come out and talk about compensation, and give me some money."

It's not like Eisley hasn't done this before.

She often uses the back office of the company to settle troubles.

So this time it is taken for granted that Zhang's mother can come forward to settle things.

Who knew Zhang's mother snorted and sneered when she heard it: "Didn't you see the license plate number on his car?"

"License plate?" Aisley only saw half of the video taken by Qiao Ruqing's fans, but didn't see the scene of Qiao Nian driving away behind.

Mother Zhang threw the tablet over without saying a word: "Open your own dog eyes to see clearly!"

Eisley felt her fury, moved her steps, walked over in small steps, and lowered her head to pick up the ipad she had left on the desk.

When she looked at the zoomed-in garage monitor, she immediately saw the license plate number hanging on the front of the unremarkable car.

King.8 8.

"Hiss." Aisley gasped.

The picture on the tablet is very clear.

In addition to seeing the license plate number on the front of the car clearly, she also noticed that the Volkswagen parked there was not a car worth more than 100,000 yuan as she thought at first.

It is a Phaeton with a price of about 2 million.

A 2 million car in Beijing is not considered luxurious.

But Aisley has worked hard in the entertainment industry for many years. Compared with many celebrities, he has more knowledge. He knows that many people in the wealthy circle do not like to drive domineering sports cars, worth tens of millions, or limited-edition luxury cars.

I really like low-key car models.

She heard that there is a powerful man in Beijing who likes Phaeton.

Chapter 4398 The broker is in bad luck

Aisley's face turned pale when she saw this, and vaguely realized that she might have done something wrong... She returned the tablet to Zhang's mother, and opened her mouth: "Mr. Zhang."

Mother Zhang took the tablet and said mockingly, "What are you asking me to do? Aren't you going to pay him and send him away?"

Eisley was speechless: "I don't know about the license plate..."

Mother Zhang was angry: "You don't know about the license plate, and you haven't figured out the cause and effect, so you dare to ask the public relations to end the matter and get it on the hot search!"

"Do you know how much trouble you have caused?!"

"Mr. Zhang..." Eisley was really scared and panicked.

Mother Zhang's lingering gaze almost pierced her.

Aisley was confused, standing in the same place and didn't know how to put his hands and feet: "Mr. Zhang, I really don't know... I didn't mean it. How about we remove the trending search first?"

"No."

Mother Zhang saw that she had worked for the company for many years, so she didn't torture her mentally anymore, and told her directly.

"I asked someone from the public relations department to post the video of the underground garage."

"..."

Aisley looked over suddenly, without concealing the surprise on his face.

Mother Zhang then dropped a bigger bomb: "I also bought the trending search. Let the people in the public relations department handle it."

"?!"

Aisley opened his mouth, wanting to say something, but couldn't hold back a word.

Mother Zhang looked at her in a trance, and told her word by word: "You provoked someone who shouldn't be provoked, and even I was dragged into trouble by you."

"I can't promise you whether we can get out in the end, but I must tell you that you'd better not do anything next."

Eisley looked at the serious expression on her face, his heart fell to the bottom quickly, and he nodded with a pale face: "Yes, Mr. Zhang."

Mother Zhang looked at her, and then thought of the coquettish operation she made with the public relations department without telling herself yesterday, and said blankly: "Go back and rest for a while."

Eisley was about to leave, but when she heard her arrangement, she suddenly turned her head and looked at the cold expression on Zhang's mother's face.

She knew that there was no room for change this time, so she could only hold back the bitterness in her heart, and gritted her teeth: "I understand, Mr. Zhang."

"Yeah." Zhang's mother didn't hold her back, and waved her hand in an ordinary way: "Okay, you can go out."

"Thank you Mr. Zhang."

Eisley left her office slowly, and closed the office door for her.

\*

The assistant outside has been waiting for a long time.

He saw Aisley coming out from inside, and hurried to meet him.

"Miss Aisley, how are you doing?"

"What did Mr. Zhang say?"

Aisley just walked all the way without saying a word.

The assistant hurried to catch up and grabbed her shoulder: "Miss Eisley?"

He noticed that Aisley's face was particularly ugly, and he was taken aback for a while, not explaining: "Sister, what's wrong with you, why is your face so bad."

He thought about the business: "Didn't you mention the hot search to Mr. Zhang? That hot search is still at the top, and the popularity is getting higher and higher."

It's good that Eisley didn't hear the word 'Hot Search'. When he heard him mention Hot Search, he felt as disgusted as if he had eaten a fly, and pushed his assistant's hand away.

"This matter is out of my control."

"What's the meaning?"

The assistant didn't understand.

Eisley made it clear to him and looked into his eyes: "I have been suspended from my job, and I will be 'resting' from today. Now these things are out of my control. You can go to the public relations department."

"Suspended?"

The assistant couldn't believe his ears.

#### Chapter 4399 Stay away from Qiao Ruoqing

Aisley is Yaoxing's biggest manager, he is more important than an actor and actress, and he also has a few first-line artists in his hands.

Eisley's suspension is equivalent to the paralysis of half of Yaoxing Entertainment.

What do the top management think?

How to get Eisley suspended.

The assistant stood there at a loss, thinking that he had hurt her, and immediately showed a guilty expression, gritted his teeth and said, "Is it Qiao Ruoqing? I'll go and explain to Mr. Zhang that I was wrong yesterday, and it has nothing to do with you!"

He mistakenly thought that Qiao Ruoqing was suing.

The company's top management had loved Qiao Ruoqing unconditionally before, but this time it was Qiao Ruoqing's displeasure that caused the top management to get angry, and blamed Eisley.

Eisley grabbed him: "Don't go."

The assistant was sweating profusely: "Sister..."

Eisley sighed: "It's okay with that... It can't be said that it's completely okay, but it's not what you think."

Seeing the assistant, she was still confused, and for a while, she didn't know how to explain the predicament in front of her.

Because even she herself didn't know which big shot she had offended.

She only knew from President Zhang that she had offended someone.

"I offended someone. I don't know who it is, but it has something to do with Qiao Ruoqing's almost hitting someone this time."

She was heartbroken as she spoke.

God knows how unlucky she is.

She had already gotten rid of that princess disease, but who knew that she slipped a little before the door, and was still dragged down by Qiao Ruoqing.

"In short... I'm going to rest for a while. During this time, you should stay away from Qiao Ruoqing. She probably doesn't know what she has done until now."

She talked nonsense.

The assistant didn't quite understand, but out of admiration for her, she still nodded obediently: "I understand, sister."

Aisley raised his hand and patted his strong arm. From the high spirits he came in the morning to now, he said decadently, "I'm leaving."

Assistant Xiaopang looked at her dejected back, feeling sad for a while, wanted to keep her but knew it was pointless to do so, so he could only watch her leave...

Eisley hasn't gone far.

His phone lights up again.

The assistant took out the phone, looked down at the incoming call, and answered with an extremely ugly expression: "Hello."

Qiao Ruoping on the other end of the phone bossed her around: "Where's Aisley? Why can't I get through to her phone? She's not in the company?"

The assistant was already immersed in the grief of Aisley's suspension from the company. Hearing her superior tone, and remembering Aisley's advice to him before he left, he suddenly became extremely cold.

"Do you have something to do with Miss Aisley?"

"What do you mean by that? I can't find her if I have nothing to do." Qiao Ruoping was immediately upset.

The assistant didn't want to serve her: "What's the matter, I'll hang up if you don't tell me."

Qiao Ruoping suspected that he was eating firecrackers. She endured it, but still couldn't hold back her temper: "She is my manager, didn't you see the video on the hot search?"

"You have the ability to find a relationship and get rid of it yourself." The assistant is not used to her.

Qiao Ruqing was so excited by his few words that her eyes almost dropped, and she was about to speak.

The assistant's impatient voice came from the opposite side.

"Okay, I still have something to do, so hang up first."

"I'm not done yet..."

"Beep."

There has been a beeping sound from the other end.

The assistant has hung up the phone.

...

In the senior suite where Qiao Ruqing lived.

She took the phone away to check in disbelief, and was so sure that the assistant hung up on her directly, she clenched her teeth so angry that she almost didn't hold back.

"He had a firecracker? Crazy."

Qiao Ruqing clenched her phone tightly and walked back to the living room. Before she calmed down, she poured herself another glass of ice water and poured it down vigorously, finally calming down her anger.

Chapter 4400 She got through the phone, but no one answered

She didn't dare to open the private message, because she was afraid that her private message would be full of curses.

I just sat on the sofa and thought for a long time.

She first called the company's PR department, but they didn't answer the phone.

Qiao Ruqing was so forced that she couldn't help it.

She didn't dare to keep the hot search on it, so she mustered up the courage to find out the string of phone numbers her mother sent her yesterday.

Qiao Nian...

Qiao Ruqing's impression of the cheap cousin's appearance has long been blurred.

She hasn't seen Qiao Nian since junior high school.

Qiao Nian was originally withdrawn and out of gregarious, and was squeezed out by her uncle's family, living like a pitiful child.

At that time, she was around Qiao An all day long, and occasionally went to see Qiao An on weekends and holidays, and she could eat and drink with him while shopping.

Qiao Chen never read it out with Qiao Chen.

Of course she never saw Qiao Nian again.

In Qiao Ruoqing's impression, there is only a very vague shadow, black and inconspicuous, always leaning against the corner and no one cares.

She also saw what her mother said to Qiao Weimin in a screenshot, telling her not to disturb Qiao Nian if she had nothing important to do, or she would get into trouble instead.

But Qiao Ruoqing didn't take the advice seriously.

She and Mother Qiao have the same idea in one aspect.

I feel that I am a big star now, and it is also a glamorous career when I say it.

Qiao Nian is also well-known on the Internet, but at best she is only an Internet celebrity, and she is still a little worse than people in the circle like her.

Qiao Nian is very focused on finding a boyfriend.

But as a promising relative of Qiao's family, she came to recognize her, so Qiao Nian had no reason not to welcome her.

Qiao Ruoqing thought about it, she no longer hesitated, copied the string of numbers into the dial key, and pressed the green dial key.

"Beep."

She waited for a long time.

The other end got through, but no one answered.

Qiao Ruqing gradually frowned impatiently, and then thought of Qiao Nian's 'face' with the company's senior management, forcing herself to wait patiently.

Ten seconds later.

There was a busy sound on the phone.

"Sorry, the user you dialed is busy, please try again later."

Get through or not?

Qiao Ruqing was so angry that she threw her phone back on the sofa.

She made several phone calls to Qiao Nianlu in succession, and they got through without exception, but no one answered.

\*

Qiao Nian didn't know that Qiao Ruqing called her.

She played games with Ye Qichen for a long time at home, and fell asleep when the little guy was really sleepy.

Qiao Nian carried him to the bedroom of the guest room, told Ye Wangchuan, and went to Master Cheng's laboratory outside.

Master Cheng's laboratory is located in a secret base not far from the Jiu Institute.

This place was originally developed by the Bo family for aerospace research, but later Ye Wangchuan came forward and asked Mr. Bo to borrow it.

The Bo family temporarily lent this land to Master Cheng for use.

The architectural style here is very similar to Jiushuo.

Ground construction technology is full of futuristic style. You can only enter the interior after passing through layers of verification checkpoints, and you can enter the underground space only when you go to the innermost part.

The huge underground space is made into three laboratories.

Among them, the largest laboratory can be regarded as a world-class level, which is completely enough for masters to complete S-level experiments such as nuclear reaction experiments.

Qiao Nian followed Master Cheng into the underground, and saw the engine model suspended in mid-air in the largest laboratory.

The huge engine is the size of a truck.

A weapon with such a big 'heart' can be imagined how huge it is.

What is hidden in Ji Qing's final experiment is such a giant, once it is researched, it is bound to revolutionize the world.
