

## Madam's 4401

Chapter 4401 Sister Nian is here with Master Cheng

"The teacher has been trying to replace tungsten gold with other materials, but the results of our experiments are not good."

Jiang Tianzhi followed the girl and dutifully introduced everything in the laboratory to her.

Follow the rules here.

No one is allowed to bring electronic products in, so as not to damage the tiny radio waves in the laboratory. Qiao Nian also put his mobile phone in the storage compartment outside before entering the door.

"Until the day before yesterday, you didn't ask someone to send tungsten gold. My teacher and I conducted an experiment with tungsten gold overnight, and it turned out to be very effective! This thing needs tungsten gold to work, and other metals are still not its best partner. ."

"After the experiment using tungsten gold, its performance has been improved by 5 points."

Jiang Tianzhi's rough face was full of excitement, his eyes were bright, and he stared at the engine hanging in midair without blinking.

That is a kind of enthusiasm for scientific research.

Master Cheng came over at this time, saw Qiao Nian, and greeted her: "Nian Nian, you are here."

Qiao Nian and Jiang Tianzhi looked back at him at the same time.

Qiao Nian noticed at a glance the thick bluish-black mass under Master Cheng's eyes, and the untrimmed beard around his lips.

His mental condition seemed to be very bad. He was wearing a crumpled wool vest on a hot day. The cuff buttons of the shirt inside were rolled up, revealing a shriveled forearm. He was holding a small experiment recorder in his hand. book.

Jiang Tianzhi saw him, and immediately went up to him to support him: "Teacher, why are you up again?"

"fine."

Master Cheng raised his hand indifferently, motioning him to stop talking.

Although Jiang Tianzhi wanted him to care more about his body, he understood that it was the reason why the master couldn't sleep because of his excitement.

He carefully supported his teacher to prevent the teacher from falling down due to lack of sleep.

Qiao Nian looked at Master Cheng's dismal complexion, his face looked unhappily, with his hands in his pockets, the first thing he said to him was: "I'll go to Weilou at night, and I'll bring you some medicine tomorrow." come over."

She was talking about little pills.

"Don't, your thing is too expensive."

Master Cheng had taken that medicine before, and he didn't know that the little thing Qiao Nian gave him was so valuable. Like Mr. Jiang, he thought it was some kind of Sanwu health care product... It wasn't until later that he realized that every time Qiao Nian gave him A bottle of medicine is sold one by one, and the price of one is about three years of his salary.

"The cost is not high." Qiao Nian was very calm: "Weilou only raised the price when it was engaged in hunger marketing. In fact, I can't spend a few dollars, so it's just a waste of time."

"It really doesn't cost much?" Master Cheng hesitated at what she said.

The girl nodded: "Yes."

"I'll bring it to you tomorrow."

Master Cheng saw that her expression did not seem to be fake, so he stopped mentioning this topic, instead walked to the huge engine, turned around and asked her seriously.

"My engine is about to be completed, what about the director of Independent Zhoufeng? How is the progress?"

Qiao Nian pulled down his peaked cap: "Hurry up."

Xu Yi sent her good news yesterday, saying that they had received the tungsten gold brought back by Gu San and Siao Yaokong, and they will conduct experiments immediately...

Since Master Cheng can succeed here, Feng Yu and the others should be fine.

They have been suffering setbacks before. To put it bluntly, it is not that there is a problem with Master Cheng and Shi Fu's ability, but that there is a problem with their raw materials.

They have been short of tungsten gold, unable to create season data on the U disk, the effect is normal.

Chapter 4402 Sister Nian saw the missed call

"En." Master Cheng responded, with a more serious expression, looked at her and asked, "When it succeeds there, you should assemble it...Qiao Nian, have you ever thought that we are going so smoothly now, all The outside world doesn't know about it. Once you start assembling, there will be a big commotion, and everyone will know that you are building this, have you thought about the consequences?"

Qiao Nian didn't answer the question directly, and stared at him sideways: "Master Cheng, how about you? Have you thought about the consequences of helping me?"

Master Cheng was stunned: "This is me... Hey! I am different from you. I am an old man who is half buried in the soil at an early age. I don't have a good life for a few days. My lifelong ideal is to create something that has not been researched in the West. For me, you are a gift in the snow, and it is my lifelong pursuit. Even if I pay any price for it, I will be willing to do so."

He looked at Qiao Nian again: "But you are different. You are still young, your life has just started, and you are smart enough, and your future is limitless. If it's all about this..."

Master Cheng understood how much the experiment Qiao Nian gave him benefited mankind, so he couldn't tell that Qiao Nian's sacrifice was in vain.

But Qiao Nianjuan was a junior whom he valued very much. If he died because of this young age, how could Master Cheng not regret it.

"That's fate." Qiao Nian said indifferently.

Master Cheng saw the girl's rebellious appearance, and knew that she couldn't be persuaded, so he didn't say these things anymore, but told her: "No matter what, be careful in everything."

"Yeah." Qiao Nian has always been patient enough to deal with an elder like Master Cheng who really cares about her, and responds to everything.

Master Cheng saw that she was willing to agree to him, reluctantly put down his snacks, led Qiao Nian into the innermost part of the laboratory, and told her the specific performance of the engine.

\*

Qiao Nian stayed here from dawn to dark.

Seeing the night is falling.

She took her own things and bid farewell to Master Cheng.

Wait until Qiao Nian walked out to see seven or eight missed calls on his mobile phone, all from the same strange number.

She lowered her eyes, thought for a while, and then dialed back when she walked to the side of the road.

"Beep."

As soon as there was a ring, it was picked up in seconds.

Immediately afterwards, Qiao Nian heard a young woman's voice from the opposite side: "Hello, Qiao Nian? You finally called me back."

Then there is a series of questions.

"What were you doing before, why didn't you answer my call?"

Qiao Nian found a tree trunk and leaned against it, narrowing his eyes carelessly: "Who are you?"

"Who do you say I am."

The person on the other end probably calmed down, and was not so excited. He took a deep breath, but he still didn't suppress the dissatisfaction in his breath.

"I'm Qiao Ruoqing."

"do not know."

Qiao Nian was about to hang up the phone.

The person at the other end shouted impatiently: "Qiao Yao, Qiao Yao, I am Qiao Yao!"

Qiao Nian just stopped, but remembered the name.

Not long ago, Zhang Yang talked to her about it, as if he mentioned to her that Qiao Yao went to become a star, and even gave herself a stage name.

Qiao Ruoqing.

After she remembered, she said indifferently: "Where did you get my phone?"

Qiao Nian made it clear that he never changed his phone number from beginning to end.

But the gang around the city never kept her number, and it stands to reason that not many people know her mobile phone number.

Qiao Ruoqing said vaguely, "My mother gave it to me."

She saw that Qiao Nian did not respond.

Qiao Ruoqing said uneasy again: "My mother went to your father to ask for it. Doesn't your father have your number? It's so strange."

Chapter 4403 Master Wang came to pick up people

What was strange to Qiao Nian was not the one she said was given by Qiao's mother, but the address 'your father'.

It is well known that she had a falling out with the Qiao family.

Qiao Weimin announced that she was a fake daughter picked up from the orphanage, took 3,000 yuan to sever ties with her, and couldn't wait to send her away...

These are gossips that everyone knows.

Everyone who goes around the city has heard it.

It's impossible for Qiao Ruoqing not to know, right?

When she knew about it, she deliberately said 'your dad', what did she want to do?

Qiao Ruoqing did not 'disappoint' her, and almost immediately raised the question: "Qiao Nian, I need your help with something."

"Are you in Beijing?" Qiao Ruoqing proposed, "Let me treat you to dinner."

"No need." Qiao Nian was just about to hang up.

The other end could hear the indifference in her tone, and hurriedly poured beans and said everything.

Qiao Ruoqing told her that she was already a big star, and she was not only looking for her to help, but mainly to get together with her sisters.

also said that she recently encountered a troublemaker who falsely accused her of hitting someone, smashed her car, and turned her to the police station for a record.

She wanted to ask Qiao Nian to help her find a relationship, and see if she could find the other party to come forward and apologize to her. This would eliminate the negative influence on the Internet and would not affect her commercial value.

The reason why Qiao Nian was able to listen to her patiently was because she realized that what Qiao Ruoqing was talking about was an ignorant villain who deliberately bullied her, a big star, in front of the camera... Coincidentally, it was her herself!

She never thought that the person she met that day was Qiao Ruoqing.

"Oh." Qiao Nian was also confused by this coincidence, and smiled, quite mockingly: "How do you want her to apologize to you?"

Qiao Ruoqing thought it was funny when she heard it.

Immediately changed his words and shouted sweetly: "Cousin, I just want her to apologize to me in front of the camera, saying that she slandered me, that child didn't fall because of our car, but because he didn't stand firm and fell Yes! Or maybe she pulled the child, but she fell the child... In short, it was her own fault, and she wanted to apologize sincerely to me in front of the media reporters."

Of course, for the sake of the image she created, she will definitely forgive the other party 'kindly'.

At least that's how it looks in front of the camera.

In private, she won't let that woman go easily!

As long as Qiao Nian backs her up, just because that woman slapped her a few times that day, she won't let it go easily, and don't let that woman get away with it.

Qiao Ruoqing was immersed in the joy of how to deal with each other.

He heard the cold voice of his cousin.

"I know the person you mentioned."

"Cousin knows her?" Qiao Ruoqing's voice stopped abruptly, a little excited: "Who is she? Do you have her phone number?"

Qiao Nian saw the familiar Phaeton on the opposite side of the road quietly parked under the camphor tree, the window was rolled down, revealing Ye Wangchuan's side face.

Qiao Nian withdrew his gaze and began to walk towards the opposite side of the road, while answering absent-mindedly, "Ah, I know."

Qiao Ruoqing couldn't wait: "Cousin, you have to help me this time, she's bullying too much, she's just a crazy woman, a villain! The car she smashed up to me cost over a million yuan, and the follow-up items Damage fee, reputation loss fee...she can't run away!"

"By the way, who is that person you said you knew?"

Qiao Nian had already walked in front of Phaeton, Ye Wangchuan handed out a glass of lemonade from the car window, and passed it to her along the window.

"Are you tired?"

## Chapter 4404 That person is me

Qiao Ruoqing keenly heard a man's voice on the other end of the phone, and suppressed her thoughts: "Cousin, are you outside? Who are you with? Boyfriend? Everyone come out to make an appointment some other day. I'll invite you and your boyfriend to dinner."

Qiao Nian ignored Qiao Ruoqing, and in the process of taking the lemonade from his hand, she lightly touched his fingertips.

Under the slightly cool skin, you can feel the momentary friction of flames, just the light of fireflies, and it seems to be able to ignite a prairie fire in an instant!

Just as she was about to withdraw her hand, Ye Fanchuan grabbed her, raised her head, her nose was straight and her lips were thin, there seemed to be small hooks in her eyes, and the thick night melted into a pool of spring water.

"God Qiao wants to run after teasing?"

"Tsk."

Qiao Nian pulled back his hand and looked at him blankly: "Why do I think you are playing hooligans?"

Ye Wangchuan moved his shoulders, and smiled noncommittally.

He was already very handsome, and in the night, he was like a noble son who fell into the world from the writer's pen. He was arrogant and noble, and his gestures were all elegant.

"You call first."

She was going to call first.

Qiao Nian glanced at him, held the drink in his right hand, bit the straw and took a sip, and put the phone to his ear with the other hand, he was impatient.

"That person is me."

"?"

Qiao Ruoqing didn't realize it for a while.

"What?"

She was still immersed in the fact that Qiao Nian's boyfriend was by her side, and she was still thinking about how to ask him out for dinner.

I heard Qiao Nian's voice: "The troublemaker you just mentioned is me."

Qiao Ruoqing: "..."

She reacted: "How is it possible... my cousin is joking with me? It's not funny at all."

"You don't think it's funny either?" Qiao Nian didn't have much patience with her, and said succinctly: "You know exactly what kind of relationship we have, so there's no need to come to me to make friends."

"I don't have a cold for the Qiao family, and neither do you. Stay away from me, I can't remember those things before..."

If she insisted on coming up, she would only remind herself of the tricks of the Qiao family when they went around the city.

Qiao Ruoqing herself felt guilty: "I used to be young and ignorant...I didn't do anything."

Qiao Ruoqing still doesn't believe that person is Qiao Nian. She still thinks that Qiao Nian just disgusted her on purpose, saying that it was the person who smashed the car.

Qiao Nian ignored her, hung up the phone, and pulled the person into the blacklist, not giving Qiao Ruoqing a second chance to call.

Ye Wangchuan saw that she was surrounded by evil spirits, and she was cold and uncomfortable, so he asked without a trace: "Who are you calling?"

"A person around the city." Qiao Nian didn't elaborate, just gave a vague answer. Ye Wangchuan had already guessed the identity of the person who called her.

"Get in the car first, and I'll take you to eat that hot-boiled lamb."

"OK."

Qiao Nian threw the phone into his pocket, walked around to the passenger seat, opened the door and sat in, fastening the seat belt with one hand.

Still holding the lemonade that Ye Fanchuan brought her in one hand, she just leaned back on the passenger seat, opened the car window to breathe, and put her elbow on the edge by the way.

"Should I call Shang Chenchen and the old man?"

Ye Wangchuan squinted at her, stretched out his hand to turn down the air conditioner in the car, and said, "The old man came to look for you at home in the afternoon and found that you were not at home. He waited at home all afternoon. He decided the place for dinner in the evening. Chen took it there, and the two of you are waiting for you over there."

The hot-boiled mutton restaurant that Qiao Nian likes to eat is in a courtyard house in Nanluoguxiang.

Chapter 4405 Mr. Zhang came to the company without eating

In Beijing, it is a type that is difficult to get a seat in private kitchens.

But Mr. Ye knew the boss and had a good relationship, and with the status of the old man at home, Ye Wangchuan was not surprised that Mr. Ye could book a seat there.

"Let's go there first."

"Um."

Qiao Nian responded, closed his eyelids, and the evil spirit in his eyes faded a little, and he leaned on his seat and closed his eyes to rest his mind.

\*

On the other side, in a suite somewhere in Beijing.

Qiao Ruoqing looked at the phone call she hung up halfway, and couldn't recover for a long time.

Wait for her to recall it.

Realized that Qiao Nian had hung up on her.

Qiao Ruoqing's fair face flushed red, and her mouth was crooked in anger.

"Didn't she just find a rich boyfriend, whoever she is. It's not based on her own ability, she really thinks she's so good!"

However, it was useless for her to complain.

She was the only one in the empty suite, no one would comfort her no matter how angry she was.

Qiao Ruoqing sulked for a while.

She thought about it, and the more she thought about it, the more she felt that she couldn't just sit still.

Qiao Ruoqing caught a glimpse of the fruit knife on the table out of the corner of her eye, and thought of a good idea.

...

After 2 hours.

Weibo is fried.

After Qiao Ruoqing's fans experienced a day and a night of pressure and accusations from all parties, they finally ushered in the opportunity to fight back.

#Qiao Ruoqing commits suicide#

#Qiao Ruoqing Hospital#

#Qiao Ruoqing#

Three hot searches airborne occupy the top three hot searches.

According to the photos revealed by her big fans, Qiao Ruoqing committed suicide by cutting her wrists at her home at 8:00 p.m., and was rushed to the hospital.

There is no new news from the hospital. I don't know if Qiao Ruoqing is out of danger.

As soon as this kind of remarks come out.

Qiao Ruoqing's fans, who had been scolded by passers-by before, danced again.

They insisted that their elder sister just had bad eyesight and didn't see the children in the underground garage...then she was smashed into the car by the shrew, dragged out of the car and beaten, and was personally attacked by netizens on the Internet.

Besides, Shining Star Entertainment did not act, and the legal department has so far refused to speak out for her sister, which caused her sister to be wronged, under great psychological pressure, and chose to go to extremes.

This statement fermented.

Qiao Ruoqing's fans were heartbroken.

They changed from yesterday's decadent trend, tearing passers-by and tearing up the company, insisting that even if there is something wrong with their sister.

But Qiao Nian smashing the car was not enough, beating people for no reason was even more vicious.

In order to vent their anger on their sister, some fans even came up with a bad move to call the police on behalf of Qiao Ruoqing.

Call the police one after another.

Ask the police to arrest Qiao Nian.

...

Zhang Yang received the news at the dinner party at night, so he didn't have time to eat, so he took his suit jacket and left the club in a hurry.

Then he rushed to Yaoxing Entertainment at lightning speed.

He hurried all the way to Zhang's mother's office.

The staff of Shining Star Entertainment saw him along the way, and greeted him curiously and respectfully.

"Mr. Zhang."

"Mr. Zhang."

People in Yaoxing Entertainment only occasionally see the boss, but most of them have heard the rumor that the boss is more popular than the boss outside.

It is said that the boss, the son, is a member of that circle, and he still has a small status in the circle, so he can be talked about.

Before, the actress Randy was favored by a rich man, and he insisted on being accompanied by a drink, otherwise he would not let him go.

Eisley went there at that time, and he didn't let the other party save face.

It was still the boss who made a phone call.

The influential figure in the circle immediately apologized to the actress Randy, and politely sent him away.

Chapter 4406 Everything is her acting

It can be seen that Mr. Zhang is strong.

Of course they know what happened tonight.

Qiao Ruoqing made such a big commotion, and fans continued to bully the company... Mr. Zhang did not leave, and no one from the public relations department or the legal department dared to leave.

Everyone is waiting for Mr. Zhang's follow-up arrangement.

Who knew Mr. Zhang hadn't given an order yet, Mr. Zhang rushed to the company so late.

Many people from Yaoxing Entertainment began to discuss in private again, saying what is Qiao Ruoqing's background, every time she provokes so many people to go back and forth for her, she must have a lot of background...

...

"mom."

Zhang Yang didn't know what the employees were talking about in private.

He pushed open the door, walked in straight away, pulled his clothes and tie to suppress the restlessness on his body, looked at Zhang's mother and said, "What's the matter with her? I was eating out, and I received a call from a friend asking me to come back and solve the internal problems." There was a fire in the hospital, saying that they received a large number of calls demanding to arrest Miss Qiao."

Zhang Yang is simply inexplicable.

But it involves Qiao Nian.

He dare not be careless.

Mother Zhang said as if mourning her concubine: "Qiao Ruoqing committed suicide."

"suicide?"

Zhang Yang was stunned for a moment, and then he realized it immediately.

"What tricks is she playing again!"

Mother Zhang's complexion was extremely ugly, and she also regretted it: "I didn't know she had this ability. She can make moths when she stays at home."

"She didn't notify the company before, and she contacted Dafan privately to make the news."

"I just called Eisley, and the manager has already gone to the hospital to find someone."

"I'm going to the hospital too." Zhang Yang couldn't stay for a second.

He wasn't worried that Qiao Ruoqing would really 'suicide'. In fact, Qiao Ruoqing's death had nothing to do with him. He needed to hurry over to have a look, and calm down the situation before Mr. Wang and Ms. Qiao noticed the public opinion on the Internet.

"I'll go with you." Seeing that he was leaving in a hurry, Zhang's mother took her bag and followed.

Zhang Yang opened the door with one hand, and didn't have time to wait for her: "No, you stay at the company and wait for my news. Also, quickly ask the PR department to remove the trending search!"

"good."

Mother Zhang hurriedly agreed.

Zhang Yang opened the door and left.

After watching Zhang Yang leave, she immediately called her assistant to come in, and said to the assistant with a serious expression: "Go and tell the people in the public relations department to contact Weibo immediately to remove the trending search."

"Tell them to withdraw, contact me if you have any questions."

"Yes, Mr. Zhang."

The assistant hurried to work.

\*

In the hospital.

Qiao Ruoqing was sent to the emergency room, and when the doctor on duty briefly checked her wound, she found that the wound on her wrist was very shallow, more like a scratch.

The doctor instantly understood that she just pretended to scratch her wrist, and it wasn't a real suicide.

"You rub some iodine, just pay attention to yourself."

There are a large number of patients waiting in the emergency room every day, and the doctors don't want to waste time on people like Qiao Ruoqing.

He explained a few words and was ready to ask the nurse to send him out.

Who knew Qiao Ruoqing would not leave.

"Doctor, you haven't bandaged me yet."

"Your wound is very shallow and does not need to be bandaged. The main thing is not to get wet, or it will heal itself in a few days."

"You better bandage me up!"

The doctor on duty saw that Qiao Ruoqing was extremely persistent, and there were still several car accident patients waiting for him to see outside, so he stopped explaining to her and ordered the nurse beside him: "You bandage her, and I'll go see other patients." patient."

"Okay, doctor." The nurse agreed.

The doctor on duty hurriedly left the consultation room to see other patients.

Chapter 4407 is still dying

The nurse took the tray over and looked at Qiao Ruoqing, who was fully armed, but didn't recognize that it was a star, so she said in a business-like manner, "Please stretch out your hand and put it here."

She pointed to the wrist rest on the table.

Even though Qiao Ruoqing was dissatisfied with her perfunctory attitude, she swallowed her anger and put her hand on it.

While the nurse was applying the medicine to bandage her, she kept crying in pain, which made the nurse very disturbed, and finally bandaged her well.

Qiao Ruoqing was dissatisfied again: "You wrap it too casually, wrap it twice for me."

The nurse looked at her unharmed hand, and silently wrapped her a few more times, until it looked like a rice dumpling, Qiao Ruoqing nodded in satisfaction.

"That's more or less."

The nurse ignored her, picked up the tray and said to her, "Go out and turn left to pay."

...

Qiao Ruoqing walked out of the emergency room.

She was taking out her mobile phone and walking towards the payment place, while planning to enjoy the trending searches.

Then she heard someone calling from behind her.

"Qiao Ruoqing!"

Who?

She frowned and turned around, only to see the agent rushing over.

Aisley was still wearing casual clothes at home, and it looked like he was called out temporarily while resting at home.

Qiao Ruoqing didn't pay attention to her when she first saw her. She thought that Aisley came to her after seeing the popularity on the Internet, so she stood there and waited for Aisley to run towards her out of breath.

Then proudly said: "What are you doing here?"

Eisley looked at her stupid look who didn't know the disaster was imminent, and said with a sneer, "You didn't really cut your wrists, did you?"

"I don't understand what you're talking about." Qiao Ruoqing's eyes flickered slightly.

Eisley exposed her without hesitation: "You don't pretend, I don't know you yet, are you willing to hurt yourself?"

Qiao Ruoqing immediately asked: "What are you doing here? If you didn't come to care about me, you can leave."

Aisley didn't bother to talk nonsense to her: "You caused trouble."

Qiao Ruoqing still doesn't take it seriously: "Tsk, who can I mess with?"

"My manager's arm is turned away, and the company doesn't help me get ahead. Who else can I offend with my current appearance? Why, did my suicide offend you?"

Seeing her sarcasm, Aisley knew what he was saying, and Qiao Ruoqing couldn't even listen.

She simply didn't say anything.

"Mr. Zhang will follow right away, listen to him!"

"Young Master Zhang?"

Qiao Ruoqing, who had always been arrogant, cynical and sarcastic, finally showed a trace of panic when she heard that Zhang Yang was coming.

She had met Zhang Yang before, and she knew Zhang Yang's status in the Beijing circle very well, so she couldn't help worrying whether the aura of her cheap cousin would still work.

\*

Half an hour later.

Zhang Yang drove to the hospital with a Fengchi electric engine.

He called Aisley on the way here and knew where they were.

Zhang Yang parked his car and drove all the way in a hurry. In less than ten minutes, he found Aisley and Qiao Ruoqing who were hiding in a remote corner.

Aisley followed Qiao Ruoqing every step of the way, afraid that she would make trouble again at this juncture, and insisted on not letting her use her mobile phone.

Just as the two sides were arguing, Zhang Yang walked over quickly.

"Mr. Zhang."

Seeing Zhang Yang approaching, Aisley let go of the hand that was grabbing Qiao Ruoqing's phone, and hurriedly greeted Zhang Yang, saying, "Mr. Zhang, I asked the doctor if the wound was not deep."

Zhang Yang walked straight past her and stopped in front of Qiao Ruoqing.

"Are you Qiao Ruoqing?" The last time he saw Qiao Ruoqing, he just glanced at her in a hurry, and didn't take a closer look at the artists signed by his company.

Chapter 4408 Have you never watched a video on the Internet

Finally saw someone tonight.

Zhang Yang saw that the woman standing in front of him was extremely well-behaved, wearing a Xiangjia Xiaoxiang style suit, with wavy and curly hair, and she was exquisite from head to toe.

A small palm-sized face with beautiful features, a beautiful nose and delicate lips, she is not considered a great beauty, but with the help of makeup and dressing, Qiao Ruoqing can barely be called Xiaojiabiyu.

Her appearance is completely different from Qiao Nian's.

Qiao Nian is the kind of existence that can be dazzling just by appearance, without needing to tidy up or make up.

Qiao Nian stood among the crowd, he must be the focus of everyone's attention.

Qiao Ruoqing is also somewhat pretty.

But without lighting and filters, she is not as glamorous as in the camera, she is a beauty, but Zhang Yang, who has seen too many beautiful women, sees her.

Qiao Ruoqing, who is so indifferent to neighbors and parents, can only be regarded as a side dish.

Besides, there was not a single part of Qiao Ruoqing's body that could be related to Qiao Nian!

Regardless of appearance or temperament.

Zhang Yang couldn't associate her with Qiao Nian.

Qiao Ruoqing's appearance, on the contrary, resembled the Qiao Chen he had heard about before, and that Qiao Chen had this kind of appearance.

Not bad looking.

But it's just that the stage is too low in front of people, and every move is easy to reveal the private and artificial side, which is unnatural.

Just like the woman standing in front of him now, she looked timid and obedient.

What she does in private is not like the timidity and timidity she is showing at this moment.

"Young Master Zhang, it's me." When Qiao Ruoqing saw Zhang Yang again, she was still very nervous, clenched her fists tightly, raised her eyes slightly, and forced out a smile.

This is the business smile she practiced countless times in the mirror before.

The way fans love her when she smiles.

Said it was kind and cute.

"I'm sorry to cause you trouble and cause you to come here." She preemptively did not give Aisley a chance to complain.

Qiao Ruoqing said aggrievedly: "I'm fine, I just cut my wrist, I never thought of alarming the company and you..."

Zhang Yang doesn't eat this set at all.

Eyes like torches.

"You don't want to disturb us and make a fuss about it? Why, you didn't notify, let your fans notify us?"

"I..."

Qiao Ruoqing became nervous.

The atmosphere gradually became anxious.

Fortunately, Zhang Yang did not continue to ridicule her: "Do you know who you have offended?"

Qiao Ruoqing bit her lips lightly, shook her head: "I don't know."

"I wonder if you dare to do so many things?"

Zhang Yang's tone can't tell the sarcasm or something else...

Qiao Ruoqing became more and more uncertain.

Her eyes flickered and she said to Zhang Yang: "I talked to my cousin at night, and made an appointment with her to meet another day. My cousin will help me settle this matter, so that the company won't be involved..."

Qiao Ruoqing said while observing Zhang Yang's reaction.

She thought that when Shao Zhang heard Qiao Nian's name, he would warm up to her as before.

Who knew that this time Zhang Yang had an extremely strange expression on his face, squinting at her, as if looking at a fool.

"My cousin will not let that person go, she has already mentioned this matter to her boyfriend..."  
Qiao Ruoqing's voice became softer as she spoke.

It means that she is getting more and more confident.

Of course Qiao Nian never said these words.

Qiao Nian hung up the phone without even saying a few words to her.

But Qiao Ruoqing is used to using Qiao Nian as a shield, naively thinking that everyone will still believe her words like before.

Until Zhang Yang interrupted her: "Haven't you watched the video on Hot Search?"

"?"

Chapter 4409 Finally recognized sister Nian

Seeing Qiao Ruoqing's confused face, he clicked his tongue softly: "You talk about a cousin, don't you even remember what your own cousin looks like?"

"Why, my cousin and I have been on good terms since we were young." Qiao Ruoqing retorted instinctively, but the reaction clearly revealed a guilty conscience.

Aisley on the side listened for a long time, and finally heard something.

She has been wondering why Qiao Ruoqing, who is of mediocre qualifications, is regarded as a VIP by Mr. Zhang's family, and takes care of her in various ways. It seems that Mr. Zhang is not taking care of Qiao Ruoqing, but because of the face of this cousin that Qiao Ruoqing said...

Who is Qiao Ruoqing's cousin?

Such a big face.

Even Zhang Zong and Xiao Zhang Shao mentioned it in a cautious tone.

Just when she was in doubt, Zhang Yang took out his mobile phone and threw it to Qiao Ruoqing: "Look at who is in the video."

Qiao Ruoqing caught the phone in a hurry, bit her lips tightly, and looked up at him timidly.

Seeing that Zhang Yang was unmoved.

She clenched her teeth again, lowered her eyes, and followed Zhang Yang's instructions to flip through the video.

At first, she didn't see the clues, she didn't feel any difference.

Because she has watched the video a long time ago, and has watched the video more than once.

The girl in the video is wearing a peaked cap, and she can't even see her face clearly, so she doesn't see it at all.

But Zhang Yang asked her to watch it.

"If you still don't understand, just look at the comment area."

"..."

Ever since she became a big star, Qiao Ruoqing has developed a character of not reading comments and private messages, but Zhang Shao asked, and she dared not refuse to do so.

So Qiao Ruoqing cheered up and opened the comment section below.

The first few articles were her fans insulting the girl who smashed the car.

Until Qiao Ruoqing saw the fifth article.

【Cauliflower Cauliflower Bug: Is there really no one hunting me for God Qiao? When will our family's chasing light be washed away by a new female star, family members, it's too shameless. 】

Qiao Ruoqing didn't know who God Qiao was referring to.

But she knows very well who Chasing Light is!

Qiao Nian is chasing light!

She heard about it when she was going around the city, and she was admitted to Beijing City University later, and she often heard this name mentioned.

Qiao Ruoqing's complexion began to change.

She still didn't give up and continued to scroll down.

【The light is engraved on my face: Wocao, I have compared it, it is really my destiny. What to do, I liked Qiao Ruoqing before, it's the little white flower I like. But if the person in the video is my life, then I'm sorry, I stand by my life! 】

Qiao Ruoqing was so annoyed by this comment that she clicked in to read the reply below.

One of them made her not care about being angry.

【Lai Lai: Isn't this me, senior sister Qiao Nian? I have seen her in person at Tsinghua University before, she is definitely my senior sister. 】

This person also uploaded a candid photo of his cell phone.

Qiao Ruoqing zoomed in on the photo.

I saw that the girl in the photo had almost the same dressing style as the girl in the video, and there was a young man with outstanding appearance beside him, and the two seemed to be talking on the left and right.

In this photo, Qiao Nian slightly tilted his head and raised his face, as if he was talking to Ye Wangchuan.

From the perspective of the person taking the sneak shot, you can clearly see the delicate face under the brim of her hat, especially the eyes, which are dark and outstanding, unforgettable at a glance.

The moment Qiao Ruoqing saw those eyes, her heart sank to the bottom of the valley.

She only met Qiao Nian in elementary school.

But she was very impressed by Qiao Nian's unruly eyes.

Qiao Nian's eyes are like a wolf.

withdrawn.

Indifference.

The adults in the family often say that Qiao Nian has a pair of unfamiliar eyes, and he looks like a white-eyed wolf.

Chapter 4410 It depends on the meaning of Master Wang

"It's her..." Qiao Ruoqing lost all color, her face was as pale as paper, and it would break if she poked it.

She fixed her eyes on Zhang Yang's phone, and also looked at the photo in the comment area, unable to accept the blow of reality for a long time.

"What she said is actually true."

Qiao Ruoqing now remembered what Qiao Nian had said to herself in the evening, saying that she was the one who smashed the car.

What were you thinking at that time?

Qiao Ruoqing now thinks of her thoughts at the time, wishing she could find a crack in the ground and sneak in, she just feels extremely stupid...

Her face turns pale for a while, and turns red for a while.

Zhang Yang could tell from her reaction, Qiao Ruoqing finally understood.

"Give me the phone." He reached out to return the phone.

Look at the woman who is nervous in front of him again.

Zhang Yang spoke up: "I knew you were lying, so I let you rest at home, but you still refused to settle down, and committed suicide again."

"I can tell you clearly that what you did before is enough for you to eat a pot in Beijing."

"If you continue to do this, it is not impossible for someone to sue you for a hit-and-run + deliberate slander."

"You should be very clear that these two things are enough to send you to prison for a while..."

Neither of these is a serious crime.

Qiao Ruoqing will stay there for a few months and a half at most.

But Qiao Ruoqing definitely didn't want to go in.

So when she heard Zhang Yang's warning words, her face turned white, she raised her head, her eyes flickered, and she was scared.

"Mr. Zhang, I haven't seen my cousin for a long time. But we just talked on the phone not long ago. I will apologize to my cousin later. Can you not..."

"You really should apologize to Ms. Qiao. But I didn't forgive you, and Ms. Qiao didn't just say it alone."

Zhang Yang knew Qiao Nian's character very well.

As long as Qiao Ruoqing didn't touch her bottom line, Ms. Qiao might not care about her.

This time it involves the young master of the Ye family, I don't know if it is considered to have touched Ms. Qiao's bottom line.

But no matter what Miss Qiao's attitude is, judging from the fact that Master Wang called him early yesterday morning to settle the accounts, at least Master Wang will not let him go easily.

Qiao Ruoqing herself still looked like an idiot, and she also hated that she didn't die fast enough, so she played a suicide scene to gain attention.

"From now on, you just stay at home and wait for the news. If there is a new hot search...you know what I mean."

Zhang Yang doesn't care what happens to her, he just doesn't want her to drag him down.

He himself is an extremely decisive person.

Otherwise, he wouldn't have led the Zhang family up step by step at a young age.

If he didn't think that Qiao Ruoqing and Qiao Nian had a little 'relative relationship', Zhang Yang would have dealt with her now.

But he is a fine individual.

Since Qiao Ruoqing has a relationship with Miss Qiao, he can't get past Miss Qiao and Master Wang to deal with Qiao Ruoqing, so he came up tonight to warn Qiao Ruoqing, an idiot, to stop her messing up and hurt him and other innocent people .

Zhang Yang has a serious face and a stern tone.

Qiao Ruoqing was scared.

"I see, Young Master Zhang."

"Um."

Zhang Yang didn't want to say a single word to her, so he turned around and arranged for Aisley: "You go back with her, and keep an eye on her 24 hours from now on!"

Eisley was pleasantly surprised, and nodded abruptly: "Yes, Mr. Zhang, don't worry, I'm definitely optimistic about her."
