

Madam's 4421

Chapter 4421 Master Wang strikes quickly, accurately and ruthlessly

"Eh." Qiao Ruoqing was obviously at a loss, she couldn't tell if Qin Si really praised her or had other intentions.

Seeing her stupid look, Zhang Yang regretted that he signed a contract with such a person without knowing it clearly. He couldn't care about Qiao Ruoqing at the moment, so he stepped forward to explain.

"Master Wang, this has nothing to do with me. I didn't know she came here. After I found her last night, I had someone stare at her 24 hours a day. She ran out while the man was away for a few minutes. I'm looking for her too..."

He was afraid that Ye Wangchuan would use Qiao Ruoqing's appearance here, and use this harassing operation as a way for him to make connections.

He's not that stupid yet.

He was able to stand out from the crowd of young master Qin's friends back then, and he is now thanks to Ms. Qiao's favor. As long as Zhang Yang didn't hit his head, he wouldn't run to help Qiao Ruoqing get married...

This matter is purely Qiao Ruoqing's personal behavior.

Zhang Yang was afraid that he would get hurt.

He lowered his voice: "Originally, my parents and I did not want to dirty your hands and Ms. Qiao's handling of this matter, but later, considering that she has a relationship with Ms. Qiao, people only stare at her..."

Zhang Yang was in a state of turbulence. It was rare that he did not have a high EQ. He talked in a mess and poured out his own thoughts.

"I really didn't know she would come here, Wang Ye, you have to trust me."

"What do you think her current behavior is?" Ye Wangchuan didn't know if he listened to the explanation, and asked unhurriedly.

Zhang Yang raised his head cautiously, trying to get a clue from his face, but he couldn't tell what the master was thinking when he looked left and right.

He exhausted all his wisdom and dared to squeeze out a sentence: "Harassment?"

Qin Si also noticed their side, heard the conversation between the two, and then heard Zhang Yang talking about harassment, and saw his master Wang sneered, with a sense of satisfaction: "Then you should see me being harassed." What are you doing?"

Zhang Yang's brain was spinning fast.

Understood.

He went to do it immediately: "I'm going to call the police."

Qin Si glanced again at Qiao Ruoqing, whose face had lost all color in an instant, and immediately felt a pang of sympathy, and said to her, "It's not good for you to think of someone, so you have to think about him."

Qiao Ruoqing also reacted now, and immediately ran over to grab the only person who was still talking to her, regardless of her little thoughts.

"Don't, don't call the police. Please, please help me talk, don't let Ye Shao and the others call the police."

Qin Si didn't expect that she begged him to come here. It was quite interesting: "No, do you know who I am?"

Qiao Ruqing looked blank: "You are?"

Qin Si put his chin in his hand: "Sister Qiao's follower."

When Qiao Ruqing heard the words Sister Qiao, she thought he was talking about herself in a trance, but when she met Qin Si's playful gaze, she suddenly woke up.

—He was talking about Qiao Nian!

Qiao Ruqing turned pale: "She, she is my cousin."

Qin Si looked at her with great interest, and asked her without haste: "Then your family knows that you want to hook up with your cousin's husband outside?"

Qiao Ruqing was torn off the fig leaf by him, pinched the palm of her hand, and turned pale: "I don't have any."

"Have you, I know in my heart."

"I..." Qiao Ruqing still wanted to defend herself.

Qin Si straightened up, too lazy to argue with her here, folded his arms and looked down at her: "You don't need to explain to me, because I won't help you."

"My family's deceitful fathers are all son-in-laws. You came here to smash people's jobs. Have you never heard that smashing people's jobs is like killing parents?"

Chapter 4422 I only know how to cry now, it's too late

Ye Wangchuan half-closed his eyes, covered the bottom of his eyes with extremely long eyelashes, smiled lazily, and said, "That's very good, let's continue."

Qin Si didn't dare to continue talking, and smiled shyly: "Master Wang, I'm helping you talk about her."

Ye Wangchuan fiddled with the Buddhist beads on his wrist, casually clearing his mind: "It's okay, you say your own."

"I heard that Moxi hasn't found a girlfriend yet. He met Guan Yan not long ago. He has a very good impression of Guan Yan. It seems interesting."

"Do you think I want to match them?"

Qin Si turned green, and immediately knelt down to beg for mercy: "I was wrong."

"Master Wang, I was wrong. Don't mess around! I'm guilty. Send me to Continent F to dig coal. I'm willing to dig coal!"

Ye Wangchuan had cold eyes and ignored him.

At this time Zhang Yang came back from the phone call.

He walked in front of Ye Wangchuan, and said cautiously: "Master Wang, the police will be here soon."

Ye Wangchuan frowned, glanced at the shivering Qiao Ruqing: "Call a few more reporters over."

Zhang Yangma slid down to respond: "Okay, Mr. Wang."

Ye Wangchuan took another look at Qin Si who was still there to play the bitter scene for him, raised his leg and kicked: "Go and call security over here."

Qin Si's weakness is Guan Yan.

Right now, she doesn't engage in cynical behavior, and she doesn't hold her tongue anymore. She quickly went in and called out Guanlan's security, and temporarily controlled Qiao Ruoqing.

Manager Guanlan hurried over after hearing the news, wiped his sweat to figure out the ins and outs of the matter, and repeatedly assured the three masters to rest assured.

They must be keeping an eye on Qiao Ruoqing, wait for the police to come, and hand her over to the police.

Qiao Ruoqing saw a few people decide her fate with a few words and a few words, and was extremely desperate to be controlled by two or three security guards before the three of them entered.

She screamed with her last hope: "Qiao Nian is my cousin, really my cousin, we grew up together!"

Except that Zhang Yang's footsteps stopped slightly.

Ye Wangchuan and Qin Si didn't seem to hear her plea, and entered Guanlan without looking back.

...

Qiao Ruoqing's whole body trembled violently at this moment, shaking her shoulders and turning her head to beg for mercy, she looked at Guanlan's manager, clasped her hands together and begged him.

"I'm a star, I can't be photographed. Can you let me go?"

"Poof."

Manager Guanlan looked at her like a fool, smiled, and said, "I'll let you go, don't be kidding, I dare to let you go if Young Master Ye wants to keep you? Besides, you dare to harass Young Master Ye, are you afraid of being photographed by reporters?"

He has met Qiao Nian several times.

So he looked at Qiao Ruqing with disdain and disdain.

She really didn't understand how Qiao Ruqing came here to block people, and she was sure that her beauty would come in handy.

And what makes him look down the most is.

Qiao Ruqing used her 'cousin' as a shield and a life-saving talisman as soon as she realized that she was in a bad situation.

Then why didn't she think about her cousin when she harassed Young Master Ye?

Manager Guanlan has seen many women with a lot of tricks, and Qiao Ruqing's low-level behavior still opened his eyes.

He motioned Qiao Ruqing not to disturb the guests inside by making a scene outside, and said calmly, "The police will be here soon, so you can wait in peace."

...

the other side.

Qiao Nian took Ye Qichen and Yuan Yongqin to have afternoon tea, along with a lawyer.

Yuan Yongqin brought a capable female lawyer. The other party was in her forties, with her hair combed back meticulously, exposing her bright forehead.

Wearing a simple black and white suit, with decent makeup, neat words and deeds.

Chapter 4423 Qiao Ruqing is about to lose her reputation

The female lawyer only briefly understood the situation, then closed the folder she brought, put her hands on the table, and read to Qiao very calmly.

"She has constituted the crime of hit and escape. We can pursue accountability in this regard, demand her compensation and pursue criminal responsibility."

"This kid has had leg problems before, right?"

Qiao Nian turned back to look at Ye Qichen who was drinking from a water glass, raised his hand to rub his soft hair, his eyes were gentle: "Yes."

The female lawyer shrewdly noticed that Qiao Nian was deliberately avoiding this topic in front of the little boy, and raised her hand to push the glasses on the bridge of her nose.

"That would be easier."

"In short, our preliminary plan is to hold her responsible for the hit and run, and the second is to hold her accountable for using public opinion to spread rumors after the incident."

"good."

This is more in line with Qiao Nian's request.

She originally intended to seek justice for Chenchen, as for Qiao Ruqing's small actions on the Internet, she thought it was not worth mentioning.

The female lawyer packed up the folder and asked casually, "Do you have any claims for compensation?"

Qiao Nian supported her chin with her hand, her delicate and eye-catching face was reflected in the thick glass next to her, her eyes were cold and flamboyant: "I have a little money."

"Okay." The female lawyer nodded slightly, and stopped asking.

People make it clear that they are not short of money.

It is enough for her to understand the customer's demands clearly, so that she can handle things later.

at this time.

Yuan Yongqin received a call.

"Hello."

The person on the other end of the phone seemed to be Su Mo. She didn't know what she had said to Yuan Yongqin. She looked in Qiao Nian's direction in surprise.

After a while, she put down her phone, thought for a while, and said to the girl in words: "Qiao Ruqing ran to harass Young Master Ye."

"???"

Qiao Nian picked out her ears, raised her eyes a little irritatedly, her face was speechless, obviously she didn't understand what kind of confusing Qiao Ruqing was doing.

"What?"

Yuan Yongqin said it again, not knowing whether to laugh or cry, and analyzed it: "She may think that you can challenge her only because of Young Master Ye."

The corners of Qiao Nian's mouth twitched: "Whatever she thinks."

Yuan Yongqin looked at her and smiled without saying a word, and then said: "Young Master Ye reported to the police, accused her of harassment, and called a reporter. It is now on the hot search."

Ye Wangchuan's way of handling this is undoubtedly the most severe slap in the face for Qiao Ruqing, who slapped Qiao Ruqing in the face.

It can be said that after Young Master Ye's operation, Qiao Ruqing's image in the hearts of fans may collapse across the board...

Qiao Ruqing's fans are ashamed to complain about their sister on the Internet, saying that her sister is pure and kind, a little fairy who fell into the world.

After all, the little fairy would not go to a private club to block men and harass them.

"If Young Master Ye does this, those people will know that it will be impossible to post in the future."

"Tsk, butterfly."

The girl propped her chin up, half-closed her eyes, her black pupils were covered by extremely long eyelash feathers, she was flamboyant and rebellious, with a sense of unruliness in her bones.

The female lawyer brought by Yuan Yongqin raised her eyes frequently.

There is only one Ye Shao in Beijing.

The person Yuan always mentioned carefully was probably the only one, but it turned into a butterfly in the girl's mouth.

The female lawyer's expression became complicated, and she had already guessed Qiao Nian's identity.

It was rumored in the circle that there was a girlfriend who came around the city. She was born in a small place.

The one who spoils this girlfriend to heaven.

The attitudes of the old man and the young lady of the Ye family are also worthy of attention. Both of them approve of the prospective princess.

Chapter 4424 Fans are still washing the floor

So this is the legendary girlfriend of the Ye family?

It seems to be different from the legend.

According to the legend, Ye Shao's girlfriend came from a small place. She has a shy personality and rarely shows up in social situations.

The female lawyer has always imagined this mysterious girlfriend as a well-behaved and sensible image.

She secretly glanced at Qiao Nian again.

The girl was wearing a peaked cap, and she was sitting there in a dawdly manner, her black eyes didn't seem to care much about anything.

It can be said that the image she imagined before is very different.

Clever?

Shy?

nonexistent.

The female lawyer remembered what she said casually with her chin on her hand: I still have a little money.

was completely dumbfounded.

She knew that the circle was not something she could touch casually, so she lowered her eyes tactfully and put away her curiosity.

*

The news that Qiao Ruoqing was taken away by the police soon became the top trending searches on major platforms.

#Qiao Ruoqing harassment#

#Qiao Ruoqing was taken away#

#Qiao Ruoqing People Design#

"This is obviously a frame-up! Can some people be more obvious? How could Ruoqing harass others? Who does that man think he is, Tang Seng flesh. Our family Ruoqing has never seen such a young talent. As for running to harass him?"

"Family, who knows! This is the biggest joke I've seen today. How can a celebrity harass amateurs? Even if some people want to hack, at least they can make a decent script. This is bullying, suppressing a woman, really I don't know what those spectators are thinking. Girls help girls, does it matter? You must stand by Qiao Ruoqing's side."

"Anyone with a discerning eye can see that this is the suppression of capital. What kind of skill is bullying a woman? These people have the ability to stand up and let everyone see!"

Qiao Ruoqing's fans are still controlling the reviews on a large scale, trying to rely on the reviews to whitewash her sister and confuse passers-by who don't know.

Some people don't pay much attention to entertainment gossip, and don't know what's going on. At first glance, it seems that Qiao Ruoqing's fans have criticized and laundered a large area.

Really thought that Qiao Ruoqing was an innocent victim, so she also sent some words of help.

Until someone secretly took the identity of Ye Wangchuan.

Passersby suddenly realized.

With Ye Wangchuan's identity and appearance, it is not impossible for Qiao Ruoqing to rush to harass others.

Qiao Ruoqing's supporters' argument that it is impossible for a female star to harass a man is obviously untenable.

Qiao Ruoqing is a female star, that's right.

Female stars do have the capital to be proud in the world of ordinary people, so they won't be obsessed with men.

But Qiao Ruoqing has the dream and the courage to contact people in that circle. Adults with normal intelligence will no longer think that Qiao Ruoqing is innocent.

"Shady, this is shady."

"xswl, no one really believes outrageous revelations. If Qing is so beautiful, even if that man has some background, so what? A rich man can't be a bad person? A joke!"

"Ruoqing has been kind and sensible since her debut, and has never had conflicts with others. I have seen these with my own eyes. I don't believe the other rumors."

A small number of Qiao Ruoqing's fans began to waver after Ye Wangchuan's identity and background leaked out on major platforms.

But most of Qiao Ruoqing's fans still don't cry when they don't see the coffin, insisting on protecting their sister from being bullied.

These people rekindled the video of Qiao Nian dragging Qiao Ruoqing out of the car and slapping Qiao Ruoqing a few times.

Chapter 4425 Once you make a move, it will be a dead end

The general idea is that no matter how bad the public opinion is, we will assume that you beat someone.

After all, the video has a picture and a basis.

The lethality is still there.

Many Qiao Ruqing fans took this one-cut video as a life-saving talisman, no matter how weird Qiao Ruqing's behavior was.

They just reposted this video, silently saying that Qiao Ruqing was the victim.

Just when Qiao Ruqing's fans thought they had the moral high ground, no matter how new news or rumors came from the outside world, their sister would not lose in the aspect of criticizing.

A video of a driving recorder suddenly appeared on the Internet.

On the video of the driving recorder, Qiao Ruqing's voice appeared on the screen, and she admitted brightly that she saw the child who fell down in the underground garage.

What caused the most sensation were Qiao Ruqing's few words recorded by the driving recorder.

"What did you want me for? We didn't really hit him."

"Besides, so what if we hit him? He didn't hit him, he just fell."

"Did he die? He fell to his death or was hit to death? Huh, as long as he didn't die, I can afford it. Even if I hit him to death, I can afford it! But you, can you afford my car? The price of this nanny car is not cheap, at least a million."

Behind it were the screams of Qiao Ruqing being dragged out of the car.

There are also a few vague female voices.

The girl's voice sounded very sensible, so she asked Qiao Ruqing to repeat what she just said.

The back of the driving recorder recorded Qiao Ruqing's arrogant and domineering voice repeating again, and she could clearly hear her vicious words that the child was not killed.

Then the crisp slap sounded again.

...

Now the cause and effect of the matter are complete.

The beating video that Qiao Ruqing's fans reposted extensively before became proof. Someone used technical means to restore Qiao Ruqing's lip movements from the shaking part at the front of the video.

Then some netizens who had learned lip language stood up.

She was extremely sure that what Qiao Ruqing said was exactly the same as the recording in the driving recorder.

She was saying, 'So what if I say it again, I didn't kill him, it's almost as good as killing him'.

The two pieces of evidence are connected together to form a chain of evidence that no one can refute.

Qiao Ruqing was directly hammered to death.

Her fans lost fans in large numbers.

The fans who lost their fans could not believe that the idol they had been fighting with netizens day and night for the past few days turned out to be such a person in private.

Under their extreme disappointment and anger, some fans released their road photos about Qiao Ruqing bullying other female stars.

More and more people are discovering Qiao Ruqing's true character hidden under the mask of hypocrisy—selfish, domineering, uneducated, hypocritical and jealous.

Qiao Ruqing's true face was completely torn apart and exposed to public view.

at the same time.

Yaoxing Entertainment responded quickly.

The official website immediately released a statement about Xueyang.

They didn't say they would terminate the contract with Qiao Ruqing, but they announced at the company level that they would not give Qiao Ruqing any more chances to appear on camera until the contract ended.

This kind of statement is definitely a bigger blow to Qiao Ruqing's career than the termination statement.

Unless the star offends the company severely.

Otherwise, this kind of thing rarely happens in the industry, and it is better to put it on the bright side and say that a certain star should be hidden.

Everyone in the celebrity circle is also discussing this matter.

It is said that Qiao Ruoqing's coffee is not very big, but it can be regarded as making history.

A rookie who has debuted for a year wants to mention the strongest and least face-saving ban in the industry.

Chapter 4426 I was originally under the influence of sister Nian

the other side.

Yaoxing Entertainment Building.

Mother Qiao was stopped by the security guard outside the glass revolving door, yelling loudly.

"Call your boss out!"

"I want to see you people who keep their word, let them come out!"

"Let go of me, or I'll call the police!"

A security guard couldn't stop her.

Three or four security guards formed a human wall to block her out of the glass door and not allow her to approach the building.

But this is not the way.

With more and more nanny vans coming back.

Many celebrities under the company saw this scene and asked who the troublemaker was outside.

When they learned that Qiao Ruoqing's mother had come to Yaoxing Entertainment to make trouble, they didn't want to get involved in the plague, and they all hid away.

In the past few days, Yaoxing Entertainment has been pushed to the forefront of public opinion. Apart from the paparazzi squatting outside, there are some melon eaters who like to hang around the door.

It's not pretty for Mother Qiao to go on arguing outside for a long time.

Just at this time.

Mother Zhang, accompanied by her assistant, was going to the police station to deal with the mess Qiao Ruoqing caused.

She was dressed in rich clothes, followed by Hulala and a group of people. In addition to the assistant, Zhang's mother also brought a lawyer and a public relations team.

As soon as she appeared in the lobby, Mother Qiao's eyes lit up, as if seeing a life-saving straw, she immediately gained strength, broke through the siege of three security guards and ran in front of Mother Zhang.

"Are you Mr. Zhang?"

Mother Zhang is still frowning.

She pointed to herself: "We met before, don't you remember?"

Seeing that Zhang's mother didn't respond, she said impatiently: "During the signing ceremony with Yaoyao, you even talked with me on the phone. We met once in the video."

Mother Zhang reacted: "You are..."

Mother Qiao immediately held her hand: "That's right, it's me, I'm Qiao Ruoqing's mother. Mr. Zhang, my daughter was framed, you have to help her!"

"Your company doesn't value her the most, and thinks she is a good seedling. She is so popular, and she can't cause a scandal at this time. You must think about it."

She thought that Qiao Ruoqing was valued by the company.

The reason why the company values her daughter is that they are optimistic about Qiao Ruoqing's potential, and think that Qiao Ruoqing is a malleable talent.

So as soon as Mother Qiao got off the plane, she rushed to Qiao Ruoqing's company immediately to see Mother Zhang.

"You liked her so much before, you couldn't help her..."

"I like her? Your daughter didn't tell you, she lied to us?" Zhang's mother was still angry and couldn't find anyone to reason with.

Seeing Qiao Ruoqing's mother come to her door, she said without saying a word that they valued Qiao Ruoqing and liked her... When she thought that people outside might think so, she was like eating a fly, unable to swallow it or spit it out.

It just made her sick enough.

"She lied to me and said that your family has a good relationship with Ms. Qiao. I only signed her for Ms. Qiao's sake, and found a good agent to take her. But she didn't know how to repay her kindness, and she even made trouble for me. There are so many messes, and I still have to deal with these **** things. What do you say to me that you like and value it?"

"How come?" Mother Qiao's eyes were blank, and she staggered.

She thought just a second ago that her daughter was so outstanding, she must have gained a firm foothold in Beijing by her own ability and became a big star that everyone envied.

She also brags to her relatives at home.

As a result, reality slapped my face.

She explained in front of her face that Qiao Ruqing's ability to get to this point had nothing to do with her. They were all thanks to Qiao Nian's favor!

Chapter 4427 Now I know I'm crying

Qiao Weimin's words turned out to be the truth!

Qiao's mother was in a daze for half a second, but when she saw Zhang's mother was about to leave, she quickly reacted and grabbed the other's sleeve again: "Qiao Nian has a good relationship with us, I am her elder, for my sake... "

"Did you not watch the news and don't know what your daughter has done?" Mother Zhang was annoyed enough by her pestering.

Squinting her eyes, she said bluntly: "Your daughter almost broke the leg of the young master of the Ye family, and she said that she would be able to afford it if she killed her. Forget it, and even mobilized

fans to pester Miss Qiao... She herself After leaving the police station for the first time, why don't you just stay at home and go to hook up with Young Master Ye... These are the things you said were good relations?"

Mother Qiao turned pale.

Zhang's mother pulled her hand away: "Also, your face is worthless in Beijing. Do you think you have the right to continue to make trouble in front of my company? If it weren't for your relationship with Ms. Qiao, you would be counted in Beijing." what."

After she got rid of Qiao's mother's entanglement, she brushed off her sleeves, and said before passing by, "Just accept it when you see it, or I will let the security guard throw you out."

Mother Zhang left.

Mother Qiao couldn't recover from the original place for a long time.

When she realized it, Mother Zhang's car had already driven away, and only a tail light could be seen.

Mother Qiao's face was pale, she clenched the shoulder strap of the bag in her hand, she stood in the same place and thought for a long time, and finally came to her senses.

"Yes, Qiao Nian."

"You can still find Qiao Nian."

"I'll go find her right away."

*

It is not so easy for Mother Qiao to find Qiao Nian.

She has no contacts in Beijing, and she has no background. She doesn't know how to find someone in Beijing.

After Qiao's mother found a few so-called relationships and was cheated, she gradually realized that she could not find someone by herself.

At this moment, she thought of Qiao Weimin, and called Qiao Weimin crying.

Qiao Weimin didn't answer her phone at first.

Mother Qiao kept hitting.

Qiao Weimin managed to get through.

"Hello."

Mother Qiao just spoke.

Qiao Weimin interrupted what she wanted to say: "I read the news and know about Qiao Yao, but I can't help you."

"Brother, you must help me, I can't help it..." Mother Qiao immediately burst into tears.

When Qiao Weimin heard her cry, he was silent for a moment, then said in a slow tone, "Oh, it's not that I won't help you, I can't help you."

"You have also seen the fate of Chen Chen. If I can help, will I let her suffer in prison?"

Only then did Mother Qiao think of Qiao Chen.

Crying even harder now.

Qiao Weimin sighed, extremely bitter: "I advised you not to provoke her long ago, what do you say you are so easy to provoke her... It has become the way it is now, you asked me to find a way, what can I do? It is impossible for her Give me face."

"Then what should I do? Can I let Yaoyao go to jail. She is a big star, and she will develop in the entertainment industry in the future, how can she ruin her reputation."

When Qiao Weimin heard Qiao's mother say this, she knew that she hadn't been taught a lesson yet, and she even thought that Qiao Yao could continue to be a star in the entertainment industry after this incident...

"Besides, I heard from Yaoyao's boss that Yaoyao just accidentally bumped into her boyfriend's nephew this time. In order to please her boyfriend, she pushed us poor relatives to show their loyalty. How could she be so vicious? !"

"Yaoyao is right. That child was not really hit. She beat her and scolded her. Our family Yaoyao is a celebrity, and she beat someone in public. Can Yaoyao find something to do with her?" Can you explain it online?"

Chapter 4428 Why do you always call sister Nian to let them

"She is not in the entertainment industry, even if someone scolds her on the Internet, she won't lose a piece of meat. Why is she so vengeful? Just because of this, Yaoyao must be ruined and go to jail!"

Mother Qiao became more and more wronged as she talked.

Joe Weimin was terrified when he heard that, and twitched the corners of his mouth, wondering whether he wanted to mock her for not knowing anything and still talking nonsense here, or remembered the stupid things he had done before.

Qiao Weimin was not in the mood to comfort her, he just said: "Qiao Yao has offended someone who shouldn't be offended, and it is considered good if he is willing to go through the legal process with her. You should stop making trouble, or the result will only be worse."

He had met the young ancestor of the Ye family several times with the Fu family.

He also read the news.

The news made it very clear that Qiao Yao almost ran into someone this time.

Although he didn't really hit it, Ye Qichen sprained his foot in order to avoid Qiao Yao's car.

As an insider, Qiao Weimin knew very well that the young ancestor of the Ye family had a hidden disease in his legs. It was for this reason that the Ye family went around the city to find a famous doctor.

Qiao Yao ran to hurt her leg which had been healed with great difficulty.

It was because of Qiao Nian's sake that the Ye family didn't come forward to settle accounts with her. Otherwise, it would not be as simple as crushing an ant to get Qiao Yao because of her family background. Who would go through legal procedures with them.

"Brother, please contact Qiao Nian for me."

"I can not help you."

Mother Qiao found out in despair.

Qiao Weimin has hung up the phone.

She had to stop on this road and try to find a way to contact Qiao Nian again.

...

Just when Mother Qiao was trying to contact Qiao Nian.

There was news from the police station.

Said that Qiao Nianfang's lawyer came to her door and wanted to go through legal procedures to apply for an extension of the detention period for Qiao Ruoqing.

Qiao Ruoqing called Qiao's mother that day, and cried on the phone to ask Qiao's mother to find a way to save herself.

Mother Qiao asked her about harassment.

Qiao Ruoqing only knew to cry on the phone, and when asked about her business, she would cry and cry, not answering vaguely, or the answer was not clear.

Mother Qiao couldn't do anything in a hurry, so she had to find a lawyer through her contacts.

She traveled to all major law firms.

When they heard that she was looking for someone to file a lawsuit for Qiao Ruoqing, they saw the God of Plague come to her door one by one, and sent her out quickly.

Mother Qiao searched for several days in a row, and went all over the Beijing city law firms, but couldn't find a lawyer who was willing to take over her entrustment.

She had no choice but to find an assistance lawyer.

Lawyers with this kind of assistance are legally unable to refuse entrustment, and are obliged to provide legal assistance for those who have no money to file a lawsuit or cannot find a lawyer.

So the aid lawyer that Qiao's mother found could only bite the bullet and take this hot potato.

But the other party also made it clear to her and Qiao Ruoqing about the stakes, and made it clear that she would try her best to help defend her innocence, but the success rate was not high.

Because Qiao Nian is looking for one of the most powerful female lawyers in Beijing.

Her...Qiao Ruoqing's unjustifiable lawsuit has a strong chain of evidence.

Aid lawyers put it bluntly, there is no way to win.

But Qiao Ruoqing and Qiao's mother couldn't find another lawyer. Even though they were dissatisfied in their hearts, they could only ask the aid lawyer repeatedly that they must win, and they must plead not guilty.

...

"Sister Qiao, your cheap cousin has found a lawyer to help."

On the other end, Qiao Ruoqing found an assisting lawyer, and this end, Qin Si, got first-hand information, and immediately ran to tell Qiao Nian.

Chapter 4429 Sister Nian is going to the court hearing

Qiao Nian just woke up late and only slept for three hours. With her temples throbbing, she walked to the refrigerator and opened the door, taking out the frozen water from inside.

She unscrewed it with one hand, walked casually to the sofa in the living room and sat down, half-closed her eyes, couldn't hide her sleepiness, raised one leg, and said impatiently: "Look for it. I didn't say no." She's looking for a lawyer."

Qin Si talked about this on the phone, gossiping on the other end of the phone: "I heard that they searched all over Beijing and no one took her case, and finally applied for legal aid."

"Zhang Yang said they were very courageous, and asked the lawyer to defend them not guilty."

"Tsk, her hit-and-run is a certainty, and the surveillance footage is clear. She still has to plead not guilty at this time. What do you think?"

Qiao Nian raised her head and drank half a sip of water. The cold ice water rolled down her throat and finally stimulated her heart, lungs and brain to wake up a bit.

Qiao Nian held the mobile phone in the other hand and put it to his ear, listening to Qin Si babbling these boring gossips in his ear.

She got upset and put the phone away, and turned on the speakerphone mode.

"In their worldview, other people are irrelevant, only their feelings are the most important."

"To them, Chenchen is the child who caused Qiao Ruqing to enter the police station. They don't care about the harm their behavior caused Chenchen at all, they only care about the reputation and benefits they lost in this incident."

Qiao Nian knew very well what these people were thinking.

"They all now think they are victims, and of course insist on pleading not guilty."

"Heh." Qin Si was speechless after listening for a long time: "By the way, Lord Wang. Why didn't you hear Master Wang's voice?"

Qiao Nian looked around the living room, but didn't see Ye Wangchuan's person.

It is estimated that he is in the study.

Crossed Erlang's legs and said lazily: "Do you need something from him?"

"No." Qin Si quickly denied.

Last time he was too happy to watch the excitement and was almost punished afterwards. These days, he behaved honestly and did not dare to approach Ye Wangchuan.

Before hanging up the phone, Qin Si asked curiously: "By the way, sister Qiao, the court will be held in three days, will you go?"

Qiao Nian thought for a while: "In three days?"

Qin Si immediately said: "It wouldn't be so fast, but this matter is so big that the impact is not good. The court decided to come up with a result as soon as possible in consideration of this level and explain it to the outside world."

"Um."

Qiao Nian thought of Ye Qichen, and pursed her lips: "I will go."

She just hasn't left yet.

This can be regarded as a satisfactory result for myself before leaving.

*

Three days later.

It was the day when Qiao Ruqing's hit-and-run case was in court.

Mother Qiao arrived at the court early in the morning, and saw a large group of reporters with long guns and short cannons surrounding the court.

She thought of her bumping into walls in the past few days, and then thought of her daughter who was still suffering in the detention center.

Mother Qiao couldn't hold back her emotions immediately, and burst into tears in front of the camera.

"My Yaoyao is innocent."

"We can't even find a lawyer."

"She must have been suppressed."

"Those people just framed her, thinking that she is a star and trying to cheat money."

"It's impossible for her to harass others."

"She is a big star who can't be seen by anyone, how could she go to harass her. This is Chi Guoguo's evidence that she is a victim."

Mother Qiao complained in tears.

Journalists are right to want heat.

But they had been warned before they came, and they knew more or less who was involved in the case that opened today.

Chapter 4430 Sister Nian and the others are here

Leave it as usual.

Mother Qiao's enthusiasm came to her door for nothing.

The reporters present had no reason not to.

However, what was strange today was that none of the dozens of reporters and hundreds of media present interviewed Qiao's mother.

It was all about her crying and talking to herself.

The reporters just pointed their cameras at her, and didn't ask her a single word.

"...It's all because of her bullying. Our family is still related to her. I watched her grow up and treated her well when I was a child. In the end, she flew on a branch and turned into a phoenix and treated us like this."

Mother Qiao became more and more excited as she spoke, and her voice became louder and louder.

She now has a twisted sense of revenge.

She felt that the reason why Qiao Yao fell from being a glamorous big star to being a defendant in court later was because of Qiao Nian.

She felt that Qiao Nian was able to run amok in Beijing because she found a good boyfriend.

Qiao's mother thought that no matter how much the man likes Qiao Nian, it still depends on the face of his family.

She wants to ruin Joe's reputation.

Fuck Qiao Nian.

Will the man's family still want Qiao Nian to come in?

Qiao Nian broke up, so he's just like them. Can she still be arrogant and domineering in the capital, as high as she is now?

Mother Qiao has this twisted mentality.

Her face became more and more distorted, and her words became more and more ugly, and Qiao Nian's privacy was also involved: "She couldn't get along with anyone since she was a child."

"I read that some people on the Internet say that she is cold and not talkative. She is not talkative at all. She has a weird personality and is withdrawn. She has no friends since she was a child, and she doesn't get along well with her classmates when she grows up. She often fails to read. transfer."

"And she is not a top student."

"When she was a child, her grades were very average, that is, the passing level. Her parents didn't go to hold parent-teacher meetings for her, because it was useless to go, and whether she went or not, she only maintained a middle-level level."

"So when she was admitted to Tsinghua University, all our relatives were surprised, and didn't understand how her academic performance improved by leaps and bounds."

"We only know that she found her biological parents in the third year of high school, and then met her current boyfriend through the relationship there..."

Mother Qiao's implication was obvious—she hinted that Qiao Nian was admitted to Tsinghua University not by her own ability, but by her connections.

A reporter couldn't hold back and asked, "Who are you talking about...?"

Mother Qiao wiped away her tears and was about to speak.

There was a commotion among the reporters.

"coming."

"I'm coming."

"Quick, snap."

The reporters who had been patiently watching Qiao's mother's sarcasm turned their cameras on the cars stopped on the road in front of the court.

The black Phaeton is low-key and unobtrusive on the road.

But the Beijing.8 license plate with 8 is not as low-key as the car itself.

The reporters were noisy again.

"It's Young Master Ye's license plate."

"leaf..."

"So who is the person in the car?"

"Then we didn't come in vain today."

"It was that person who was in the video on the Internet before. It seems that the legend is true. I haven't caught the news of that person for a long time. She doesn't seem to be in Beijing. She usually keeps a low profile, so it is difficult to take pictures of her whereabouts."

"Who doesn't want to shoot, every time our family wears her related tags, the click-through rate of the news is extremely high, but it is too difficult to shoot."

"This time we have to take a good shot..."

Mother Qiao was pushed into the corner by the crowd, with a pale face. At first she was confused and didn't know what was going on, until she saw the car on the side of the road and heard the excited gossip of the reporters.
