

Madam's 4461

Chapter 4461 I originally wanted to marry my master

They also met Ye Lan who happened to come over on the way.

Ye Lan asked out of politeness: "Leaving so soon, why don't you stay for a meal?"

The middle-aged man forced a smile: "We have other things, so don't bother."

The boys and girls following behind him didn't even say a word, their faces were dark, for fear that no one would see that they were unhappy...

Ye Lan pretended not to see it, and immediately pursed her lips, and arranged for the old housekeeper to follow: "Uncle He, you send them off."

"Okay, Miss." The old housekeeper also saw the different expressions of the three, and said to the middle-aged man, "Here, please follow me."

Waiting for the three of them to walk out of the courtyard.

The girl named Yingshi couldn't hold back her anger any longer, and said angrily on the side of the road before getting into the car, "Father, did you hear what he just said?"

"He said his girlfriend... and told us not to come in the future!"

Her proud face was gloomy and terrifying, and she said with disdain: "Who does he think he is, if it weren't for my aunt who insisted on looking for him, he would be worthy to go back with us just because of his different eyes."

"Okay, shut up!"

The middle-aged man stopped talking when he came out, and stopped the girl immediately.

While quickly walking to the car parked by the side of the road, he opened the door of the off-road car and sat in it first.

The young man patted his sister on the shoulder, calmed the girl's self-esteem silently, and said softly: "There are eyeliners everywhere here, let's get in the car first."

Yingshi endured it, followed him to open the car door, sat in the back seat, and fiddled with the seat belt, with a displeased expression on her face.

At this time, the middle-aged man who came up first looked at her through the rearview mirror, barely softened his face and said, "Take care of yourself outside, you are not too young, don't blah blah blah, you want me and your brother to help you clean up the mess."

Yingshi clenched her lips unwillingly, luckily she didn't talk back at this time.

The middle-aged man's expression softened again, and he explained to the two of them: "Don't think he has different eyes, he is different from us, since your aunt and the others want to find him back, it must be useful to find him back, let's go less Offend him."

Yingshi sneered: "My aunt just asked him to go back to get married, but he himself said that he has a girlfriend."

Theiron family uses tea-brown eyes as a symbol of pure blood.

The more noble members of the family, the more authentic tea-brown eye color.

Ye Wangchuan has a pair of deep black eyes.

This is definitely an anomaly in Theron family.

This is also the reason why Yingshi complained for his friends.

"If Elena's family knew that he already had a girlfriend outside, they would never agree to the marriage!"

"So you have to keep your mouth shut."

The middle-aged man spoke loudly.

Yingshi bit her lip and turned her head abruptly, obviously unwilling to betray her friend.

The middle-aged man warned her in a cold voice: "It's fine if you are usually self-willed, we are willing to spoil you. But your aunt and the others are not so easy to talk to. You ruined her plan, just wait to be locked up on Guam!"

Yingshi's whole body trembled, as if thinking of some terrible picture, her delicate face turned pale slightly, she was terrified. The previous stubbornness and disobedience have also become shrinking and quiet...

It was her brother who changed the topic at the right time: "What Yingge said also makes sense, Dad, should we tell the island."

The middle-aged man seemed to be thinking, and after a while: "I haven't thought about this before, these women are nothing to us. But if he mentions it himself, it's a different situation. We have to consider it for marriage and try to reduce it as much as possible. Influence."

Chapter 4462 Ready to go back to Independent Continent

The Theron family has never put other families in their eyes.

Even the family members never put outsiders in their eyes.

Ye Fanchuan is excellent in their eyes, but compared to the arrogance in their bones, it can be said that they have never really faced and respected each other.

They have never looked at Ye Wangchuan squarely, so how could they investigate the people around Ye Wangchuan.

"Let's check his girlfriend first."

"good."

**

Qiao Nian doesn't plan to stay in Beijing for too long.

In addition, in the past few days, Xu Yi frequently asked her about the experiment on the Internet.

Qiao Nian calculated that it was almost time to go back.

She made an appointment with Mr. Ye to visit ancient buildings, and told Yuan Yongqin, Jiang Li and others that she was going to leave.

In the end, it became Grandpa Ye, she, Yuan Yongqin, Nie Mi, Jiang Li and a large group of people went to visit ancient buildings.

Ye Maoshan has a hearty personality and likes to be lively. He is very welcome to a large group of young people who suddenly join in, and specifically said that he will prepare tickets and travel plans.

Qiao Nian was miserable.

She didn't sleep well all night when she thought about going to a group of people to visit scenic spots tomorrow. When she was woken up by Jiang Li's phone call at 8 o'clock in the morning, she had only slept for less than 4 hours and had to stare into a pair of panda eyes. I got up and took a cold shower, put on a hoodie, and even pulled up the hood to cover my sleepy face.

"Are you up?" When she went down from the room, she saw someone got up early, made breakfast for her energetically, and was waiting for her to eat at the dining table.

Qiao Nian paused for a moment, walked over and hooked the chair with his feet, sat down, picked up the bread in front of him, put it in his mouth, and then reached out to pick up the mug beside him.

Looking at the hot milk inside, he lost interest in an instant, sat up straight in a daze, raised his eyes and said to the man opposite: "No coffee?"

Ye Wangchuan saw the dark circles under her eyes covered by the peaked cap and the tiny bloodshot eyes, got up and made her a cup of coffee, and handed it over.

"Drink less coffee in the morning to avoid an upset stomach."

"good."

Qiao Nian took the cup with his hand and put it beside him. He obediently ate the slice of bread on his hand first, then wiped his hands leisurely, and drank half a cup of black coffee to refresh himself.

She didn't even want to say a word when she was eating, she sat staggeringly, with a hollowed-out laziness.

Ye Wangchuan felt distressed when he saw it, his deep eyes narrowed slightly, and he passed her another bowl of porridge: "How about I tell the old man to go another day."

Qiao Nian looked at the porridge in front of him, picked up the spoon, and lazily lowered his head to take a sip. It was full of salty aroma.

There was a little more warm porridge in her stomach, which finally warmed her limbs and lifted her spirits: "...we have made appointments, so I'm too lazy to change the time."

She drank half a bowl of porridge in two or three gulps, her stomach was full, and her body was much lighter, so she leaned back in the chair, her eyes half-closed like a satiated cheetah.

"when to departure?"

Ye Wangchuan sat across from her and looked at the time on the phone: "The old man made an appointment at nine o'clock, now it's eight thirty, and we can leave now."

Qiao Nian nodded without any objection: "Then let's go."

She didn't have anything to bring, so she brought her mobile phone and ID card, so as not to need an ID card to buy a ticket later.

Ye Wangchuan cleared the dining table, took his bag, took the car keys, and said to the girl who had been waiting at the entrance for a long time, "Let's go."

Chapter 4463 Miss Nian is the real group favorite

Ye Maoshan, Ye Qichen, Nie Mi, and Qin Si had already arrived at the gate of a certain ancient building that Mr. Ye had made an appointment with.

Qin Si had nothing to talk to the two old men, so he simply ran to tease the little devil.

However, Ye Qichen was extremely cold, holding the video game console he brought out and playing the video game so intently, he didn't worry about Qin Si who was like a bee by his side.

"You should jump over."

"Here, jump."

Ye Qichen didn't even lift his eyelids, he lowered his head to play his own game, he operated very quickly, not like a child, calm and rational.

The villain he operated didn't listen to Qin Si's words and jumped across the canyon, but calmly waited until the guards approached, and then used the geographical advantage to stealthily hook the guards, and successfully passed the first level...

Qin Si saw that his command was wrong, he raised his hand and touched his nose resentfully, then looked at the side face of the little guy, and couldn't help but say, "Why are you just like your little uncle?"

Ye Qichen paused the game now, raised his head rarely, with a dull face and no expression, and corrected him in a bad tone: "I learned from my sister!"

It means... It has nothing to do with his little uncle.

Qin Si was stunned for a moment, and when he came to his senses, he immediately leaned forward and backward with laughter, patted his knees and then reached out to touch the top of the little guy's head, and said with a smile, "As expected of the little ancestor! Does your uncle know that you despise him so much?"

Who knew that Ye Qichen dodged nimbly, dodging his outstretched hand. After keeping a safe distance away from him, he stared at Qin Si vigilantly, his eyes full of... Disgust!

Qin Si lifted a rock and smashed himself in the foot. He couldn't laugh for a moment, and put down his hands angrily: "All right, all right, you don't like it too, all right."

He was still angry after thinking about it, and threatened again: "If you have the ability, wait until Sister Qiao comes, and you will talk to her with that little stinky face."

Ye Qichen glanced at him leisurely, as if looking at a fool, and walked to the corner with his game console in his arms to continue playing.

He didn't speak during the whole process, but Qin Si still felt the IQ blow from the 6-year-old kid—Ye Qichen was discriminating against him as an idiot!

Qin Si realized this, almost spat out a mouthful of old blood, and had the urge to beat him up, but he didn't have the guts.

He had no choice but to go back to Mr. Ye and Nie Mi and the others, listening to the two old men chatting about the international situation.

...

Jiang Li arrived at this time.

At first, no one noticed the sneaky approaching figure until the man walked up to Qin Si and patted him on the shoulder.

Qin Si turned his head and bumped into Man Man, and then opened a distance to see that the man was fully armed and tightly packed.

Immediately waved his hand and refused: "Sorry, we don't buy scalper tickets."

Jiang Li's temples twitched, he pulled off his mask to reveal his true face, and angrily said to him, "It's me who bought the peat!"

Qin Si also recognized him: "What are you doing dressed up like this? Sister Qiao and the others are making an appointment to visit a scenic spot. You stole the battery."

Jiang Li knew that he had a bad mouth, so he didn't bother to talk to him, so he passed him to say hello to Yuan Yongqin and Nie Mi, and finally walked up to Mr. Ye to say hello politely.

"Old Ye."

Ye Maoshan let out a snort, loving and friendly: "Next time, it's the same as Nian Nian, just call Grandpa."

Jiang Li smiled but did not answer, acting very decently.

Seeing Ye Maoshan became more and more satisfied.

Everyone said that Jiang Li was the most beautiful and promising one among the juniors in the industry. He did not want to inherit the family business, but insisted on going to the entertainment industry.

Chapter 4464 Ye Lao also thinks Jiang Li is better

Many people said that compared with his outstanding elder brother Jiang Yao, Jiang Li is like mud that cannot support the wall.

But Ye Maoshan never thought so.

Their generation did not expect anything in return, but only followed their own heart.

Jiang Li can withstand the pressure of his parents to pursue what he really wants to do, which is much better than Jiang Yao in Ye Maoshan's eyes.

Facts have proved that this child is indeed more promising than Jiang Yao. At least in the future, Jiang Yao and Jiang Zongnan will have a hard time gaining a foothold in the capital for Jiang Yao and Jiang Zongnan. Everything depends on Jiang Li.

Ye Maoshan's attitude made Yuan Yongqin and others notice it, but they were all smart people present, and no one said it out loud.

9:10 minutes.

Qiao Nian and the others parked the car to find the big team.

Ye Maoshan liked her when he saw her, and he pulled her and talked non-stop.

Ye Qichen stopped playing games, and surrounded Qiao Nian's feet, a well-behaved group, completely different from the aloof kid who treated Qin Si.

Qin Si looked even more angry.

But he knew where the little guy's bottom line was, and he didn't dare to expose him in front of Qiao Nian, so he could only hold back his breath.

Qiao Nian raised her eyes and looked around, but didn't see anyone familiar, so she turned around and asked Mr. Ye who was talking to her: "Grandpa, is Aunt Lan here?"

Ye Maoshan was still rambling about asking her if she slept well yesterday, when she turned her head and saw Qin Si's enlarged face.

Ye Maoshan immediately looked away as if he hadn't seen it, and turned his head again. Realizing who Qiao Nian was looking for, he said to her in a soft voice: "She wanted to come, but today the company has an important guest. She's leaving No, it might come later."

"Oh." Qiao Nian nodded, no objection.

The reason why she asked about Ye Lan was mainly because Ye Lan mentioned that she had specifically mentioned dating and visiting scenic spots last time... So Qiao Nian only asked when she didn't see Ye Lan.

Ye Maoshan waved his hand: "Leave her alone, she will come over when she can. Let's go shopping first!"

"Um."

Qiao Nian lowered the brim of his hat, put his hands in his pockets, and stood in a loose posture. It seemed that he had the attitude of "whatever you arrange, I'll go with the big team".

Ye Qichen followed her at all times, anyway, stood with her, puffed out his small chest, and vigilantly paid attention to the people around him.

Because of his celebrity status, Jiang Li had to wear a mask and sunglasses. He was so wrapped that he couldn't tell what he looked like, and he also stood at the back.

Only Nie Mi and Ye Wangchuan were standing together. The two of them didn't know what they were talking about.

Ye Wangchuan seemed to be comforting him, and would answer a sentence from time to time.

A group of people set off like this.

Master Ye is very low-key today, he did not bring out the guards and housekeeper.

But before he came, he had specially greeted the people in the scenic spot. He led Qiao Nian and his party not to go through the main entrance where tickets had to be bought and checked. Instead, he took a shortcut to find a side entrance, greeted the guard at the side entrance, and called Qiao Nian They go in.

It's still early.

But this is a popular scenic spot in Beijing. There are already many tourists in many places, and everyone is in twos and threes.

Qiao Nian and his party are really eye-catching.

Especially Ye Wangchuan and Qin Si both look good, one is dignified and handsome, the other is sunny and heroic.

Both of them are extremely eye-catching existences in the crowd.

Jiang Li couldn't see his face, but he was about the same height as Ye Wangchuan and Qin Si, and he was dressed like a celebrity.

In fact, the effect of covering the face is similar to not covering the face.

Chapter 4465 Someone is following Sister Nian

Qiao Nian didn't cover her face, but she wore a peaked cap and pulled up her hoodie, so she couldn't see her face clearly.

The aura among the crowd is also unique.

As for Ye Qichen...

Pretty like a little boy.

This group of people is slightly better than Yuan Yongqin, Nie Mi, and Mr. Ye, but everyone has been in high positions for a long time, and they have their own aura, and they are also existences that can be seen through at a glance.

Thus.

Qiao Nian and his group attracted many people's attention just by appearing in the scenic spot.

Among them, Jiang Li has the most fans.

"Is that person Jiang Li?"

"Hey, you read it wrong! Brother Li is shooting magazines abroad, how could he appear in Beijing."

Then there are fans of Qiao Nian.

"Do you think that person looks like God Joe?"

"Wo Cao! Qiao Shen is the god!"

"Hurry up and take a picture."

"It's chasing light greatly."

"I'm lucky."

Compared to Jiang Li's fans, they are not sure whether the handsome guy who looks like a thief stealing a battery car is his real idol.

Qiao Nian's own style of dressing and personal characteristics are so obvious that she can be recognized almost at a glance, and she is absolutely sure that it is her.

This also caused people to secretly take pictures on the road.

Even if Qiao Nian didn't care much about the people taking pictures around him, he didn't sleep well last night, and was dragged to the scenic spot early in the morning.

She was really not in a good mood. When she was caught in the eye by a flashlight for the nth time, she finally couldn't bear it and said to Mr. Ye and the others: "Grandpa, you go shopping first, I'll go to the bathroom."

Ye Wangchuan caught a glimpse of the fans following them all the way around, raised the corners of his eyes, and said to the girl, "I'll accompany you."

"I'm going to the women's bathroom, what are you doing with me?" Qiao Nian was quite dry.

"You go shopping first, I'll find you later." She told Mr. Ye and the others, then turned around and walked to the signpost next to her.

Ye Wangchuan watched her leave, and thought that the place Qiao Nian was going to was really not suitable for him to accompany him, so he said to Mr. Ye and the others: "There is a corridor in front where you can see the Zhaohui Palace, let's go there and wait for her. It's easy to find here."

"also."

"Can."

His proposal was unanimously approved by all.

Ye Maoshan and others walked towards the entrance of the corridor first, and asked him if Qiao Nian didn't have a good rest last night.

Ye Wangchuan coaxed the crowd patiently, and after leading them over, he sent a location message to the girl who was going to the bathroom.

*

[Y: I'll wait for you here.]

Qiao Nian felt the vibration in his pocket, took out his phone, looked down, and saw the WeChat location sent by Ye Wangchuan.

She clicked on it and found that it was not far from her.

Qiao Nian put away her phone, strode over to turn on the tap, and showered her face with cold water, sobering up her brain that was suffering from the yelling and headache.

Just as she was about to turn off the tap after washing her hands, she saw a suspicious figure through the corner of the mirror who seemed to be following her.

Qiao Nian's movements were only frozen for a moment, as if he didn't notice this abnormality, he turned on the faucet as if nothing had happened, shook the water on his hand, and was about to leave.

She walked unhurriedly on the tree-lined path. When she was about to merge into the main road of the scenic spot, she suddenly turned her foot and entered a dense forest.

The people behind her probably didn't expect that Qiao Nian would suddenly turn into the sparsely populated dense forest, and instinct forced him to chase after her without thinking too much.

The moment he walked into the dense forest, a black shadow suddenly flashed on the left and grabbed his neck like lightning: "Who told you to follow me?"

Chapter 4466 Sister Nian: Who told you to follow me

The coolness of the cold sharp blade against the neck came from the neck...

The man was so frightened that his legs became weak and he almost fell to the ground.

But fear made him dare not really sit down with his strength.

He tried his best and explained with sweat on his forehead, "I, I was just passing by. Yes, passing by."

Qiao Nian held the knife in his hand, and asked again lazily: "I'll give you another chance, who told you to follow me?"

The man's legs were shaking like a sieve, he gritted his teeth, not daring to deny it anymore, and whispered: "Yes, it's a guest."

"?" Qiao Nian narrowed his eyes.

The man closed his eyes and confessed his heart.

"I'm a private detective from the city next door. A customer came to our store a few days ago and offered me a high price to investigate you."

"She only gave me a photo and your address, and didn't even disclose your name to me. She only said that you got involved with her friend's fiance."

The man cried: "I didn't want to take this job, but the price she gave was too high. I just came to take a look... You haven't been out for a few days, and I can't enter the community. How are you doing today?" It's easy to see you going out, I just want to take a few photos along with you."

"Grandma, I really don't know I can't shoot, please let me go."

This private eye is telling half truths and half lies.

Really too much.

He is indeed from the city next door, and it is true that he suddenly received an order from a customer and came to follow Qiao Nian.

But the last sentence is false.

In fact, when he came to Beijing by car, he found the community with the address above, and after inquiring around, he knew that the people living in the community were either rich or expensive.

He didn't intend to provoke these people, but when he told the customer, the other party readily doubled the price.

He bit the bullet and followed up, wanting to secretly take a few photos of Qiao Nian as an explanation.

"You said I got involved in her friend's fiance?" Qiao Nian looked playfully, Shi Shiran asked him.

The private detective was extremely depressed, and wanted to ask a question in particular: How do I know if you intervene or not? People say you have meddled, but you don't know?

But the man had to bow his head under the eaves, and he said with a smile: "Guest, that's what the guest said. I don't know if it's true, so I came to follow you."

"Tsk." Qiao Nian couldn't help laughing.

She can tell that the man in front of her is not lying.

This person was not sent by the Hermit Family, and has nothing to do with Baishi Island. It is very likely that he really followed him for such an absurd reason.

Thinking of this, Qiao Nian let go of his hand, distanced himself from him, played with the knife in his hand with a casual expression, and asked unhurriedly, "What does the guest you are talking about look like?"

After the private detective "nearly escaped from the dead", he let the lingering fear touch his neck. Seeing that Qiao Nian was still playing with a knife in his hand, he dared not hesitate to take out his mobile phone: "I saved the surveillance of her coming to the store."

Qiao Nian took the phone from him, clicked on the surveillance video, and saw a strange woman appeared on the screen, quite young, with a face she didn't recognize.

The private detective thought he had offended someone he shouldn't have, and exposed his identity. In order not to be held accountable afterwards, he dared not hide it, so he confessed everything.

"That's her."

"She came to me and asked me to follow you with a 7-digit price. It's best to take a few frontal photos of you. Also, let's see where you like to go, what hobbies and friends you have..."

Chapter 4467 Look at Master Wang from time to time

"I also thought it was weird at the time. When she came to me, she kept saying that you meddled in her friend's and fiancé's relationship. She didn't say your name, and she didn't find a local private investigator. She just found me. It was tricky! So I At that time, I was careful and led her under the surveillance camera to take pictures, just in case there was something tricky in it."

Qiao Nian took out his mobile phone, imported this video directly into his mobile phone, and then watched the so-called private detective who became more and more enthusiastic.

Throw the phone back to him.

"No matter how gaudy you say, you are breaking the law."

The private detective's face turned pale with fright, and he hesitated to speak.

He had seen the car he was following. It wasn't a luxury car, but the license plate number scared him to death.

He was also emboldened by the temptation of money to take a few photos secretly, but now he is terribly afraid that someone will kill him with cruel hands.

Fortunately, Qiao Nian didn't mean to argue with him: "Forget it this time, go back and tell that person, come to me directly if you have anything."

She paused, extremely impatient: "Next time, I will go to her personally!"

The private detective barely caught his mobile phone, and nodded in fright: "Yes, yes, I will pass it on."

Qiao Nian took a deep look at him, then turned around and left here freely.

The private detective dared to breathe a sigh of relief after she walked away, and hurriedly checked the photos in his mobile phone.

He just took advantage of the crowd and took advantage of the chaos to take a few photos of the girl's front face. I don't know if he is still inside.

It's not that he still wants to continue earning this money.

After all, he has already been caught.

He was too scared just now, so he didn't see the girl's appearance clearly. He just wanted to see what the girl looked like through the photos he secretly took.

How can you have such a strong aura at such a young age.

It was scarier than the rich man he had followed before.

The private detective found his photo album, and soon found that his phone seemed to have been formatted, and the photos in it had been cleaned long ago.

Where is there a frontal photo of Qiao Nian.

His several G photo albums are empty, including the photos of other people that he secretly took before, and they have disappeared completely...

The private detective's mouth was trembling now, and his face turned pale.

The photos of several orders he received are in it, and several of them are about to be delivered soon... This is a big loss.

He didn't even want to understand how the other party managed to format his phone in just a few seconds under his nose.

But these are not important anymore.

The important thing is that he regrets it now.

Regretted seeing that Qian Yankai accepted the order and caused a whole lot of trouble.

...

at the same time.

Qiao Nian has returned to Old Master Ye and the others, joining the main force.

She didn't show any abnormality, as if nothing happened just now, but looked at Ye Wangchuan with thoughtful eyes from time to time during the tour later.

She sweeps small movements from time to time, it might be hard to notice it on others, but Ye Fanchuan noticed from the very beginning that Qiao Nian was a little absent-minded after returning, and looked at him from time to time.

He, like Qiao Nian, pretended not to notice in front of Old Master Ye, first accompanied the old man to visit the scenic spots, and then went to the nearby antique streets for a while.

Waiting for Mr. Ye to run out of energy and tired from playing.

He called the driver and asked the driver to come pick him up, then turned his head and persuaded Mr. Ye to go back to rest first, and then make an appointment when he is rested another day.

Chapter 4468 What is there to ask him directly

Until Ye Maoshan and Yuan Yongqin were sent away.

Only a few small ones remained.

Ye Wangchuan said in a calm manner: "You have been looking at me since just now, what happened?"

"Sister Qiao keeps looking at you?" Qin Si still had a playful smile: "Master Wang, stop being narcissistic."

"..." Jiang Li stood aside without saying a word, obviously, like Ye Wangchuan, he also noticed Qiao Nian's abnormal behavior.

Qiao Nian took a deep look at him speechlessly: "Do you have a bug?"

She couldn't figure it out.

I didn't speak either.

How could he catch her accurately every time!

That being said.

Qiao Nian still took out his mobile phone slowly, flipped to the video he had imported, and handed it to him: "I just caught a person who secretly took pictures, and he said that someone paid him to follow me. See if you recognize this person." people."

Sneak shooting, tracking...

Even Qin Si, who always had a playful smile, realized the seriousness of the matter, put away his foolish attitude, and said in a deep voice, "Who did it?"

Jiang Li was even more worried: "Someone is following you?"

Qiao Nian raised his eyelids, and the corners of his mouth curled up, in a cynical and loose manner: "Well, someone followed, but he didn't take pictures of what he wanted."

Or she deleted the photos.

Qiao Nian didn't go into too much detail, she focused on Ye Wangchuan urgently, waiting for Ye Wangchuan to answer her confusion.

"The person who found him claimed to be a good friend of your fiancée."

These words are like depth charges.

The explosion directly made Qin Si and Jiang Li suddenly look in Ye Wangchuan's direction.

Qin Si opened his mouth wide: "West grass, Mr. Wang, the three caves of the cunning rabbit."

Jiang Li frowned subconsciously, his expression was displeased, and he almost stabbed him with his eyes: "You still have a fiancée?"

This tone is as bad as it is.

Even Qin Si realized that now is not the time to watch the excitement, so he hurried to the middle to smooth things over: "Where did Lord Wang get his fiancée? Isn't Master Wang's fiancée Sister Qiao?"

Jiang Li's expression is still very stiff, it can be seen that this matter is not so easy for him to fool around.

Ye Wangchuan took advantage of this gap to watch the video on Qiao Nian's phone, and returned the phone to the girl: "I know."

Qin Si was still pulling Jiang Li to persuade him in various ways. Hearing this sentence, he was immediately dumbfounded. He suddenly turned his head to look at Ye Wangchuan, his eyes were full of disbelief.

"No? Master Wang, are you really stealing behind Sister Qiao's back?"

Jiang Li frowned even more.

Only Qiao Nian was exceptionally calm, leaning against the wall and waiting for his next sentence.

Ye Wangchuan noticed the girl's raised eyebrows, and those clear eyes, the corners of her mouth were slightly raised, and she was in a good mood. Said: "I saw it not long ago. It's very complicated to explain. I'll go back and tell you."

Qiao Nian responded quickly: "Ah, yes!"

Qin Si grabbed Jiang Li's shoulder and pulled him away: "Okay, let's talk separately, let's not get involved here."

Jiang Li is still not willing to leave.

Qin Si smiled angrily and said: "I'm just kidding, you don't know who Master Wang is? Even if Lord Wang dares, look at Mr. Ye's attitude today, it would be strange if he didn't interrupt him!"

Jiang Li didn't resist so much when he heard this. He glanced at Qiao Nian and said to Qiao Nian worriedly, "Call me if you have anything to do. My uncle, grandpa and I will always stand behind you."

"Know."

Qiao Nian nodded.

Jiang Li saw that her mood was stable, calm and rational, so he stopped saying anything, stared at Ye Wangchuan with complicated eyes, and said in a deep voice: "Master Wang, Nian Nian is my sister, we have been brothers for so many years, I don't have much else to say. Say, you figure it out."

Chapter 4469 Sister Nian knows the truth and feels sorry for Master Wang

"Wow grass!" Qin Si laughed angrily, in order to avoid conflicts between Jiang Li and Ye Wangchuan, he dragged and dragged him away.

At the same time, he still did not forget to say to Ye Wangchuan: "Sister Qiao, Master Wang, let's go first. You guys talk slowly, and if you have something to say, just make it clear."

Ye Wangchuan waited for them to leave too.

Then he greeted the girl unhurriedly: "Let's go too."

They drove over.

The car was parked on the side of the road near the scenic spot, under a lush camphor tree, the luxuriant leaves just cover the sun, mottled stars scattered on the body of the black car...

Qiao Nian walked to the passenger driver, opened the door and got in first.

After she went up, she found the seat belt and fastened it herself. She turned her head and saw the man who was also getting into the car. She opened the window and put her elbows outside.

Ye Wangchuan started the car, then reached out to turn on the air conditioner in the car, asked the girl if it was hot, and then lowered the window on his side to facilitate the air convection outside.

Then he took the initiative to say: "That person has something to do with my mother."

The first time Qiao Nian heard him mention his parents, he couldn't help turning his face to the side, suppressing the frivolity in his eyes, his brows and eyes were clear.

"she..."

"Don't think too much, I have no contact with her. To be precise, she went back to her natal family not long after I was born, and has no contact with me or the Ye family."

"It wasn't until recently that she and my grandfather began to come to my door. It probably means that she hasn't been able to have another son and a half in these years, and she needs to find someone to go back and help them."

Ye Wangchuan seemed to know what she was going to ask, and summed up the relationship between the two parties concisely.

Qiao Nian didn't move his hands, but turned his head slightly, moved the corners of his mouth, and cleared his throat: "Are you feeling sorry for me?"

Ye Wangchuan turned his head to look at her, he probably didn't expect Qiao Nian to say that, his deep eyes were stunned for a moment, and then he smiled with the corners of his mouth: "God Qiao is comforting me?"

Qiao Nian saw that he smiled, and the heavy feeling that his heart was tightly locked just now disappeared a lot, so he deliberately raised his eyebrows and said: "It doesn't count. According to what you said, I seem to be better than you... In the worst case, it's still us Young Master Ye is worse."

"Tsk." Ye Wangchuan's eyes were slightly rippling, his mood improved, and he didn't feel that these were difficult words to say.

He spoke faster and faster.

"The person in the video you showed me, I just met in the old house recently, said he came from my grandfather's side, and claimed to be my cousin."

He overflowed with ridicule: "As for whether she is, I don't know."

"Fiancee..." Qiao Nian was more concerned about this.

Ye Wangchuan stretched out his hand and pressed down her peaked cap, he couldn't help laughing: "Where else do I have a fiancee besides you?"

He immediately said seriously: "Even if there is, it is their unilateral arrangement. I neither know nor agree to it."

And he's sure to make trouble with those people.

For the sake of Mr. Ye, he can allow these people to come and disturb his life again and again.

But these people obviously misunderstood what he meant, and they dared to stretch out their hands so long that they had already touched his back scale and bottom line!

Ye Wangchuan thought of this and his eyes darkened: "Don't worry, I will give you an explanation for this matter."

Qiao Nian put his elbow back, closed the car window, caught a glimpse of the galloping scenery outside, and looked at him again. Originally, he wanted to say that he didn't need to explain to me, but touched the darkness in his eyes, and swallowed the words again. When he is in a bad mood, choose to keep silent and accompany him quietly for a while.

Chapter 4470 How are you going to explain to me

Wait until you return to the Rhineland.

Qiao Nian went to the refrigerator to get a bottle of Evian, and went up first to report Feng Yu's news.

Ye Wangchuan watched her go back to the room.

After the second floor was quiet, he sat alone on the sofa in the living room, his long legs crossed and folded, he picked up his mobile phone, and entered a string of numbers on it with his slender fingers.

Immediately afterwards, he dialed the past.

After seven or eight rings over there, he answered: "Don. Why did you think of calling me? Why, you figured it out?"

The middle-aged man's voice was exactly the same as the voice in Ye's old house last time, it was the same person.

Ye Wangchuan calmly said: "Who allows you to find a private detective to follow my girlfriend?"

"What?"

The other party was also surprised.

Ye Wangchuan didn't go around in circles, and warned him in a deep voice: "Take care of your daughter."

There was a moment of silence outside, as if he was still thinking about the meaning of his call.

Ye Wangchuan didn't care what he thought, and his language was extremely sharp: "In addition, you seem to have made a mistake, and that is—I never thought of recognizing you."

"No matter what kind of hermit family you are, or whether you have mountains of gold and silver, I don't lack what you have, and I don't care about your things. So keep your mouth shut and don't come to arrange my life. In my eyes, you It's no different from the pedestrians passing by outside, but if you insist on dying under my nose, I don't mind giving you a ride!"

He rarely talks so much.

same.

Few people can provoke him.

But at this moment Ye Wangchuan's mood was really not bright, at least after Qiao Nian returned to the room, the turbidity that was pressing on his chest gathered again.

For the first time, he had a strong feeling of wanting someone to die.

"...or you don't want to leave here."

The middle-aged man on the other end of the phone couldn't keep silent, and said vaguely: "I will discipline her."

Ye Wangchuan raised his legs and asked slowly, "How do you plan to discipline him?"

The middle-aged man was silent again.

"I'll tell her well, let her..." He couldn't say a word of apology.

What a noble status the Theron family is, even if they do not belong to the most honorable branch, they cannot bow their heads to outsiders at will.

This is undoubtedly humiliating to them.

The middle-aged man's words were replaced by an understatement of punishment: "Let her reflect on it when she goes back."

Of course, this kind of understatement is already the biggest concession he can make under the premise of Ye Wangchuan's identity!

Otherwise, he wouldn't even have this level of punishment.

As a father, he can realize the stupidity and mistakes of his daughter.

But what about that?

He can severely punish his daughter for other mistakes, and he will never say a word about her daughter for a lowly outsider.

But he didn't know that at the moment he finished speaking, they were doomed.

"Oh." Ye Wangchuan smiled.

Laughter overflowed softly.

It makes people wonder whether he is satisfied or not.

But soon the middle-aged man knew that he was not satisfied.

Because Ye Wangchuan also used the same understatement to decide their fate: "It seems that you really don't want to leave Beijing."

"Don." The middle-aged man was taken aback.

Ye Wangchuan said without any emotional ups and downs: "You reminded me that if I don't do something, based on your cognition, there is a high probability that I will always think that I will never have a temper, and I will never learn how to behave."

He didn't give the other party a chance to speak, and hung up the phone directly.
