

Madam's 4501

Chapter 4501 Want to hack into sister Nian's mobile phone

There are people with this surname in Beijing, but when Qiao Nian said no, he meant that there was no one with this surname in the circle.

"This name is more like the abbreviation of Baishi Island's name."

While the two were talking.

Qiao Nian's phone screen lit up with a red warning light.

She sat unruly and lowered her head to take the phone, and saw that someone was hacking her system on the screen.

Qiao Nian hasn't met someone who wants to hack into her mobile phone system for a long time: "Tsk, interesting."

Holding the phone with both hands, she tapped the screen quickly with her white fingertips. After an unknown amount of time, the red light on the screen disappeared, and a series of green codes began to appear again.

If there is an IT professional here at the moment, he must be able to see that what the girl pours out of her fingertips is a brand new anti-intrusion system.

Qiao Nian was outside and didn't bring anything like a USB flash drive.

The codes I made before are not installed on my mobile phone.

She needs it temporarily, so she can only make it now.

Ten minutes passed.

The girl put the phone back on the table, and saw a progress bar appearing on her phone screen, and she was rushing forward in an orderly manner.

10%.

15%.

The progress bar jumps forward quickly every second.

The girl picked up a dish with chopsticks and was still in the mood to eat.

"Wait a while and we'll find out who it is."

*

at the same time.

In the penthouse suite of the W Hotel on Chang'an Street.

Eileenna implanted the Trojan horse into the mobile phone number she wanted to come to, and was using the game system bound to the mobile phone number to invade the other party's mobile phone and steal mobile phone information.

She probably thought that everything was safe, and she had done similar things before, so she didn't worry about it and went to the bathroom to take a shower.

20 minutes passed.

After she took a shower, she came out wrapped in a hotel bathrobe, went to the bedroom and bent over to pick up the mobile phone she left beside the bed, ready to look at the information she had hacked.

Who knew that it wasn't Qiao Nian's mobile phone photo album, address book and other information that caught his eyes.

is a string of red English letters, which together form a sentence.

"I took your information away." Elena's almond eyes turned red, and the other party's arrogant message was also printed.

The behavior of the other party is undoubtedly a provocation!

And challenged her aboveboard.

Erina's throat overflowed with a low smile, her eyes narrowed slightly, and she walked out with her mobile phone: "Think you are the only one who can invade by a Trojan horse?"

...

"Miss." The man in black in the living room outside saw her wearing a bathrobe and came out, and immediately lowered his head, not daring to look around.

"Where is my computer?" Elena's eyes were on fire, burning her hot and hot, and she just wanted to unlock the virus on the phone immediately.

"Miss, what do you want a computer for?" The man in black raised his head with a puzzled expression on his face. Seeing that Elena was still holding the phone, he glanced at it and saw the red lettering on it.

"This is..." He was surprised.

Miss' mobile phone is infected with a virus?

impossible.

Is he dazzled?

The man in black rubbed his eyes, suspecting that he had read it wrong, then blinked and looked again, the arrogant letters were still on the screen.

It is true that someone hacked into the Missy's mobile phone.

"Is it Guanlan?" He reacted quickly and immediately asked Elena.

Eileen went to the sofa and sat down, poured herself a glass of water, took a sip, slightly raised her almond eyes: "You don't need to know that much, just help me find the computer."

"yes."

As her right-hand man, the man in black also takes care of her daily life, and knows exactly where Elena's things are kept.

Chapter 4502 He hasn't seen anyone more talented than Missy

It didn't take long for him to find the notebook and send it to the woman.

"Miss, your computer."

"Where's the USB drive?"

"Here." The man in black didn't have to look for it anymore, and handed over the USB flash drive he brought along.

Eileen put the notebook on her lap, plugged in the USB flash drive, opened her own code editor, and soon began to fight back.

The man in black looked at her with ease and pride, and couldn't help talking beside him: "The person who hacked into your computer must not know that you are a genius in this area on the island."

Eileen's eyes were fixed on the computer screen, and she was still distracted talking to him: "I told you not to underestimate her, she is quite famous in this regard."

She only hacked into Qiao Nian's cell phone.

So the only person who is anti-hacking her phone now is Qiao Nian.

Qiao Nian is the sun.

She knows this.

The news that Sai Luo brought back.

Originally, Sai Luo only told Shi Lao, but he couldn't help that his daughter had a good relationship with her, so Yingshi secretly told her about it.

This is also an important reason why Elena made a special trip to Beijing.

She knew that the ten elders and the family intended to marry her son with different pupils exiled by the family.

She doesn't care who she marries, as long as it can bring benefits to her and the family.

But after she learned that the other party had a girlfriend, and maybe even a girl who was his fiancée, Elena decided to see what the person who made her a mistress looked like.

For this reason, she investigated Qiao Nian's background.

She needs to do this without telling Shi Lao.

The investigation was not smooth at the beginning, there were only a handful of information about Qiao Nian on the Internet, and the only ones that could be found were Tsinghua University Champion and the number one student in the college entrance examination.

Later, she thought of some ways to find out the identity of the other party, Sun.

Illegal area.

Hongmeng.

Eileen's eyes were dark, and the eyes were rubbing with excitement, and the speed of typing on the keyboard with pale fingertips did not slow down, but became faster and faster.

Her hand speed was almost as fast as Qiao Nian.

Under such circumstances, she still managed to find the energy to glance at the eyes of the man in black, and said unhurriedly, "She is Hongmeng sun."

The man in black was taken aback for a moment, then immediately looked at her and said, "That's because Missy, you have never shown off your skills like her before."

"Your status is precious, unlike her who has no parents, sees a small world and thinks that she sees the whole sky."

The man in black said coldly: "It's just a frog in a well!"

If Elena wasn't the distinguished eldest lady of the Irene family on the island, but was left alone like Qiao Nian, she would have been famous all over the world.

It's not Qiao Nian's turn to call himself a genius outside.

genius?

He has never seen a more talented person than their young lady!

The two exchanged a few words briefly, and Elena used the Trojan horse saved in the USB flash drive to make changes on this basis.

Then she asked the man in black to bring the data cable.

After the man in black handed her the data cable, she plugged it into the phone, connected the phone to the laptop, and was going to use the computer to unlock the virus that Qiao Nian implanted in her phone, and then return a 'big gift' to the other party.

She is also good at making viruses. At the age of 18, she made a virus that almost paralyzed the island's defense system.

She named this virus 'Gluttony'.

Joe wants to play with her.

She will accompany you to the end!

Eileen's lips curled into a smile, and the moment the connector in her hand was plugged into the computer, there was only a 'click', and the computer screen went black.

Chapter 4503 It depends on sister Nian to slap the face!

The man in black immediately looked back: "Is there a power outage?"

But the living room was brightly lit and bright.

He turned his head incredulously again, looked at the laptop on Elena's lap, opened his mouth, but refused to speak.

—Could Missy's computer be hacked too?

But... the man in black couldn't figure out how the other party did it.

Moreover, with the young lady's technology, how could it be possible for the other party to hack the phone and hack the computer at the same time when she was prepared?

Eileen's complexion was extremely bad, and she also didn't expect this to happen.

She took a deep breath, and just barely regained her sanity from the astonishment, she put her hands on the keyboard, intending to find out what was going on.

at this time.

A new line of red font rose up on the pitch-black computer screen.

【Can you understand Chinese, right? 】

【Understand what our ancestors said, don't do everything over and over again? 】

【Oh, I forgot that you may not understand. 】

【Then you can understand this. 】

【YOU. 】

【OVER. 】

These fonts are scrollable.

Refreshes every two seconds.

The other party seems to have eyes to see her. Every time she just finished reading, a new line of fonts will be refreshed.

Eileen seemed to see the girl's rebellious face through the black computer screen, talking to herself with boredom.

She curled up her fingertips, and when she saw [over], she still couldn't hold back and broke her defense.

you/over.

Is there any more provocative than this?

She literally wrote down her arrogance on the computer, writing every single word on it, which even made Elena feel like someone slapped her in the face.

She tried unbelievably and wanted to counter the opponent.

However, she just typed a letter with her finger on the keyboard, and the computer screen went completely black.

Now even the red letters on it disappeared.

"..."

Eileen took a deep breath, and took another deep breath. But he couldn't suppress the surging blood in his throat, and almost died of being angry here.

She dared to say that the other party did it on purpose!

A top hacker can precisely control other people's computers thousands of miles away.

Qiao Nian took control of her computer and set it so that the screen would go black as soon as she typed. That's why the computer shut down immediately after she typed a letter.

"She's too arrogant!" Elena left her hands from the keyboard, gritted her teeth, and couldn't control the shaking of her cheek muscles.

Qiao Nian is too arrogant!

Now it seems.

The other party had already seen the purpose of her bump in the hallway, and gave her her phone number, and then used anti-intrusion methods to calculate step by step that she would use the computer, hacked her mobile phone, and hacked her computer, and even left those provocative words on the computer.

These are all evidence of the other party's arrogance.

Eileen's brain was throbbing, and she squeezed out a sentence from between her teeth: "Do you think she knows who I am?"

The man in black didn't dare to look at her expression, and said in a deep voice: "It stands to reason that if she knew your identity, she would definitely not dare to do this. No one would dare to offend the island. I suspect this was an accident. She is a master hacker herself, and she just discovered that the phone's information was stolen...so..."

He actually couldn't accept the reality in his heart.

He couldn't believe that someone could hack into Missy's computer, and he was so defiant, the key thing was that someone did it.

"Miss, don't be so fussy with her. She is just a country bumpkin from outside the island, even if she has some skills..."

Chapter 4504 Qiao God is teasing me

The man in black couldn't continue.

Finally, there was an expression other than arrogance and complacency on his face.

**

In the Guanlan box.

The girl casually turned off the light on the phone screen, and when she looked up again, Ye Maoshan and the others had almost eaten.

Seeing that Qiao Nian wasn't playing with his phone, Ye Maoshan said, "Is everyone full? Do you want to add a few more dishes?"

"That's enough, I'm full." Jiang Li said proactively as he was younger.

Ye Maoshan turned to look at Mr. Jiang again, smiled and said, "My in-laws, what about you? Would you like to ask the waiter to add two more dishes?"

Jiang Weishang waved his hand: "No, the doctor told me to eat less and more frequently. I have eaten enough today, and I have to digest it when I go back."

"Since everyone eats about the same, we are going to go back?" Ye Maoshan got up and called the waiter to pay the bill.

The waiter from Guanlan came over and whispered something in his ear.

He suddenly looked in Ye Wangchuan's direction, then turned around and said something to the waiter, and the waiter bowed and went out first.

Ye Maoshan seemed to have nothing happened, and greeted the others: "Let's go, I'll ask the driver to take you back."

Qiao Nian got up following the others, and glanced at the man beside him: "Have you paid the bill?"

Ye Wangchuan casually picked up the coat that was placed on the back of the chair, heard the sound, narrowed his eyes, and also replied softly: "As a junior, I should treat my uncle and Mr. Jiang to dinner, not to mention... I stole their cabbage."

Qiao Nian's cochlea brushed against his breath, making it itchy.

She picked out her ears, and when she raised her eyes, she met a pair of smiling eyes.

Qiao Nian couldn't help staring at her for a few times, then turned her eyes away: "Hey, did anyone say that your eyes are good-looking?"

Ye Fanchuan has pretty eyes.

It is the kind of good-looking that is too colorful if one point is added, and one point is too light.

The shape of his eyes is slightly upturned, and then down in the position of the eyelids, the eyelashes are long and dense, and the pupils are that kind of clear.

As long as he looks at you, you will have a feeling of bumping into his eyes.

Qiao Nian thinks her eyes are pretty good, but it feels a bit worse than Ye Wangchuan's eyes.

Ye Fanchuan was stunned, he probably didn't expect her to say such a sentence suddenly, and then there was a faint smile on his lips.

"God Joe, are you teasing me?"

Qiao Nian: "..."

He slowly put his coat on his elbow, and said in a voice that only the two of them could hear: "If you don't speak, I will take it as your acquiescence."

Qiao Nian couldn't help but stop, and turned her head to look at him, her eyes were quite speechless, as if she was saying, 'Who the **** is playing hooligans'.

As a result, their interaction fell into the eyes of others, and it changed their taste.

Jiang Li wanted to make himself a competent backdrop, but the two of them blocked the way, and Ye Lan and the others followed behind him.

Jiang Li had no choice but to bite the bullet, put his hands on his lips and coughed dryly, reminding the two of them: "Ahem, what, why don't you go out first and then talk?"

Qiao Nian noticed that he was blocking the way, his dark eyes dimmed, he raised his hand to touch his earlobe in embarrassment, pursed his lips, and walked forward without saying anything.

Ye Wangchuan looked back at him, but Shi Shiran didn't say anything.

It was that one look that was enough to make Jiang Li frightened for a long time, and said in his mouth: "I provoked someone, and it's not that I want to call your sweetheart, who made you block the door for a long time."

He is too difficult!

Jiang Li was belatedly aware of it, and looked at Ye Wangchuan's back.

its not right.

He is Nian Nian's natal family, even if he wants to protect the calf, he should be the one to stare at her. What is Master Wang doing? ? ?

Chapter 4505 Grandpa finally knows to make an appointment to watch a movie

Outside.

Ye Maoshan has already agreed with Jiang Weishang to go to the nursing home where Jiang Weishang is.

Ye Lan sends Jiang Zongjin off.

In this way, only a few small ones are left.

Jiang Li put on a mask and sunglasses when he came out, covered himself tightly, and said to Qiao Nian and the others: "My manager will come pick me up right away. There is still a mall event in the afternoon, so you don't have to worry about me."

Jiang Yao was very knowledgeable, and then took the initiative to say: "I drove here by myself, just walk by myself."

He knew he was here to make up the numbers.

The reason why Mr. Ye was willing to call him was purely because of his grandfather's face, and he didn't want to make his grandfather look bad, so he called him to make up the number.

So Jiang Yao heard what Jiang Li said to introduce him to someone, but he didn't really lick his face and ran to ask Mr. Ye to introduce the granddaughter of that comrade-in-arms to him.

"Are you leaving this afternoon?" Before Jiang Yao left, he passed by a girl and couldn't help but stop, looked at her face, and asked softly.

Qiao Nian didn't expect him to stop to talk to himself, he was stunned for a moment, then nodded slightly when he came back to his senses: "En."

Jiang Yao didn't care about her indifference, he took a deep look at her and said, "Be careful outside by yourself, and discuss everything with Ye Shao."

Qiao Nian glanced at him again, not understanding why Jiang Yao was so flirtatious and why he suddenly cared about her.

But as the saying goes, don't reach out and hit a smiling face.

Even for the sake of Jiang Li and Mr. Jiang, she never thought of embarrassing Jiang Yao, and Jiang Yao took the initiative to care.

Although she couldn't understand what Jiang Yao was thinking, she nodded: "I know."

Jiang Yao left.

Others also left one after another.

Only Jiang Li and Qiao Nian were left at the gate of Guanlan who were still sending messages to their managers.

Ye Wangchuan didn't rush to drive, but said to the girl, "Let's take a walk?"

Qiao Nian had been burying her head in eating at noon, and she was a little full, so she had no objection: "Okay, where are we going?"

Ye Wangchuan held the coat and car keys in his hand, and asked her: "Is there any place you want to go? If not, how about going to a movie?"

Qiao Nian was taken aback for a moment, she never thought that Ye Wangchuan would want to take her to the movies.

She has never been to a movie theater since she was a child.

In the past, Qiao Weimin was very busy.

Even if she had time to take them out, she would only take Qiao Chen to the movies. As for her, she was just a dispensable shadow at home.

No one in the family noticed her, and no one asked her if she wanted to go with her.

Later, she didn't need others to take her to the movies, but she didn't have any friends around her who could go to the movies with her.

Wei Lou was out of tune all day long, and it was more likely to ask him to go to a bar than to go to a movie.

As for Aunt Yuan...

Aunt Yuan is also busy. When she finds time, she usually asks her to eat, or invites her to play golf, or drags her to the mall to buy clothes.

But watching a movie...

Qiao Nian's eyes became dark and deep.

Ye Wangchuan saw that she hadn't spoken for a long time, and raised his eyebrows: "Don't want to go? Then change the place. I'll think about it."

The girl came back to her senses at this moment, looked at him and said, "No, let's go to the movies."

The corners of Ye Wangchuan's mouth curled up, he seemed to have made up his mind a long time ago, pointed to the front and said, "There's a movie theater over there, where should I watch it?"

"OK."

Qiao Nian took out his phone to check the time, it was still early, at least it was time to watch a movie.

Jiang Li approached at this moment: "Are you going to watch a movie?"

Qiao Nian saw his excited face, and heard Jiang Li say, "It's just right, I'm going to that mall too, why don't we go together?"

Chapter 4506 Holding hands

Jiang Li still didn't forget to complain: "My manager doesn't know what's going on, and he doesn't answer the phone all the time. Fortunately, the event is not far from here, otherwise the media will write that I'm late to play big names. I don't care what they write, write as they like, but fans have to speak for me every time. I don't want to see them being ridiculed by some inexplicable passers-by."

Qiao Nian thought it would be okay to go together, so she agreed: "Okay, let's go there together."

Jiang Li was quite happy: "I'll send him a WeChat message, so that I don't have to go there, and he comes to pick me up again."

"Okay." Qiao Nian put his hands in his pockets and stood on the side of the road waiting for him.

Jiang Li happily walked aside to send a WeChat message, totally oblivious to the fact that he didn't seem to have asked Ye Wangchuan for his opinion.

Qiao Nian waited for about a minute before Jiang Li finished sending the message and called his assistant to remind him to remind the manager.

Then Jiang Li came back with his mobile phone.

"Let's go."

"kindness."

Qiao Nian paused, turned slightly to the side, turned her head, and noticed that Ye Wangchuan hadn't left yet. When she realized something, her exquisite face belatedly showed a dazed expression.

Then walk up to someone and say, "He's only following us to the mall."

it means.

When they arrived at the mall, Jiang Li would not go to the movies with them.

"Tsk." Ye Wangchuan smiled lightly, the mist in his eyes cleared, and he folded his hands in his trouser pockets just like her, looking like a lazy and expensive nobleman: "I thought that God Qiao couldn't notice me, and even had to bring a light bulb for a date."

"It's not considered a light bulb..." Qiao Nian looked at Jiang Li unnaturally, just in time to meet Jiang Li who grinned at her silly and cheerfully.

She immediately raised her hand to touch the tip of her nose, and coughed: "Ahem, at least it's my brother."

Ye Wangchuan walked over and patted her on the shoulder from behind, and adjusted the cap direction for her, with a smile in his eyes, like the warm wind in June: "You are right, at least he is my future uncle, so I should please her."

They used to be in a small circle.

Although Jiang Li never called him Brother Ye, he was actually a few days younger than him, so he was considered a younger brother.

Now this younger brother has transformed into his older brother.

It's still the kind of light bulb that would have to be plugged in when he and his girlfriend finally went out to watch a movie...Ye Wangchuan clicked his tongue secretly, then smiled, lowered his black eyelashes with resigned eyes, took her hand, and no one else followed Jiang Li.

"Master Wang, do you know which floor the movie theater is on..." Before Jiang Li finished speaking, he noticed the two holding hands.

He closed his mouth immediately, as complicated as his expression and eyes were.

Knowing that someone cheated on your cabbage is one thing.

But it's another matter for someone to slap cabbage in front of you.

Jiang Li couldn't say anything.

The old man in the family agrees that both parties have met the parents, it is reasonable and legal, what can he say.

However, Jiang Li's chest still seemed to be blocked by a big stone, and he was not going well, so he simply turned his head away, out of sight and out of mind, and focused on walking ahead.

Qiao Nian also saw that Jiang Li suddenly turned his head, and turned back halfway through his words, and wanted to pull his peaked cap a little out of habit.

But her left hand was firmly held by Ye Wangchuan's, without even a slight gap, she gave up.

Fortunately, it is only one stop away from the shopping mall.

The three arrived at their destination within ten minutes of walking.

Jiang Li wore a mask and sunglasses, trying to disguise himself as much as possible.

Chapter 4507 An accident happened

However, his popularity remains high, his fans are more famous, and his paparazzi and media are even more numerous.

Jiang Li just walked to the entrance of the shopping mall, he felt that his disguise was okay, no one recognized him, and was guiding Qiao Nian and Ye Wangchuan.

"You go up to the fourth floor later, the movie theater is going out of the elevator and go to the end on the left."

While muttering in his mouth: "Obviously I have a movie theater, I don't understand the brain circuit of you rich people, why don't you watch it at home or in your own movie theater, and you have to come and squeeze with people."

He thought he was speaking in a low voice, but in fact it was just the three of them standing together here.

Jiang Li's voice was not too loud, but it was enough for Qiao Nian and Ye Wangchuan to hear.

Ye Wangchuan raised his eyebrows, tilted his head slightly, and said to the people beside him in a helpless tone: "I want to please my uncle, but look, my uncle doesn't seem to like me."

Jiang Li: ...

Master Wang, do you still have to be ashamed!

Niannian is a few years younger than you, why the **** are you suing.

"Ahem." Qiao Nian was indeed choked, and looked at Jiang Li with clear eyes: "Why don't you mess with him?"

Jiang Li: ...

"You can't be messed with." Qiao Nian thought about it, and added a sentence focused and serious, with a sincere expression on his face.

Jiang Li felt that he was about to die of myocardial infarction, raised his hand, and was about to say, "Forget it, I'd better walk away."

at this time.

There is a scream behind them.

"Jiang Li!"

Immediately afterwards, there were seven or eight voices shouting from all directions at the same time: "Where? Where is Brother Li? Where is my husband?"

With a sound: "There!"

Qiao Nian's temples were throbbing, and an ominous premonition rose up. Before she was given enough time to react, Jiang Li's fans flocked to him.

One after another ran over.

"Jiangli Jiangli."

"Ah, ah, Jiang Li!"

"Hurry up and take a picture, hurry up, hurry up and get out your phone."

"Woo, I'm so excited, I saw him, what should I do if I suddenly want to cry? Sister, you must hold me later, I'm afraid I'll faint from excitement."

Qiao Nian didn't have time to dodge, and was almost knocked down by a fan running towards him.

Jiang Li also saw it, and anxiously shouted in the crowd: "Everyone, don't rush, don't squeeze! Slow down, don't run into anyone."

Fortunately, at the critical moment, Qiao Nian felt his long arms wrap around her shoulders, pull her to a safe range, and protect her in his arms.

"Jiangli Jiangli."

"Ah ah ah ah ah."

Some fans came from out of town and came here early in the morning to wait. After waiting all morning, they finally met their idols.

It's so easy to calm down, plus there are so many people and noisy, they can't hear Jiang Li's appeal at all.

Most people just want to squeeze in, get closer to their idol, and get closer.

This made Qiao Nian and Ye Wangchuan who were still in the center of the storm miserable.

They didn't have time to walk away when the fans found Jiang Li and surrounded him, which caused the crowd of fans to squeeze into the innermost part.

This kind of crowding that is almost stampede, unless there is external intervention, the people inside will not want to go out.

Qiao Nian was protected in his arms, but he didn't suffer much impact.

But Ye Fanchuan's back was outside, and he arched his body to try to protect Qiao Nian as airtight as possible, which also meant that he himself would not receive any protection.

"You don't have to worry about me, I'm on my own..." Qiao Nian noticed this situation immediately, and immediately wanted to break free from his protection.

Chapter 4508 My master and my sister are still inside!

"Don't talk." Ye Wangchuan Bafeng didn't move and grabbed her wrist, preventing her from leaving his grip, and tightly protected her in his arms.

Qiao Nian heard someone bump into his back and made a heavy elbow strike several times, so he frowned anxiously: "You..."

Ye Wangchuan hugged her from behind, put his head on her neck, breathed lightly: "It's okay, the security guards who maintain order in the mall should come over soon."

"I'm not worried about security!"

For the first time, Qiao Nian panicked in his calm and reserved eyes. Just as he was about to take out his mobile phone, the security guards from the shopping mall and the brand came.

The agent shouted at the scene with a loudspeaker.

"Everyone, don't squeeze."

"Everyone be quiet."

"Let Brother Li come out first, okay?"

"Everyone cooperate with our work."

The security personnel quickly rescued Jiang Lixian from the crowd.

Jiang Li is still relatively well, but his hair is a little messy, and the sunglasses and mask on his face were taken away by someone taking advantage of the chaos.

There is no injury on the face and body, and the spirit seems to be fine.

The agent checked up and down, and heaved a sigh of relief: "Fortunately, you are fine."

The big star is fine, and the shopping mall staff and people from the brand side who came with him also heaved a sigh of relief.

This time, they were not prepared for safety, which led to an almost accident.

According to the contract they signed, they are fully responsible.

If Jiang Li hurt a finger, or if there was a bloodstain on that handsome face, they would have to pay up to 7 figures.

This is also the reason why they hurried over with the agent.

They think the same as the agent.

Fortunately, nothing happened.

However, they soon realized that they were too happy.

Jiang Li regained his breath, immediately grabbed the manager's arm, and said sharply, "Master Wang! Master Huang and Nian Nian are still inside!"

When the crowd was crowded, he saw with his own eyes that Wang Ye put Qiao Nian in his arms regardless of his own safety, and used his body to block the collision of fans.

just in case...

Jiang Li didn't dare to think about it.

His manager heard what he said, and suddenly he was struck by lightning, his face turned green: "Fantastic, false master? Brother Li, you are not talking about...Young Master Ye?"

Jiang Li looked at him: "Not him, who else."

The agent was shaking like a sieve: "I, I, I will send someone to find it."

Jiang Li grabbed him and said, "My sister is also inside."

The agent was staggered by his force, and then realized who he was talking about, and now his hairs stood on end, and he didn't care so much, so he hurried to call the security: "Look for someone."

"I'm with you, quickly evacuate the fans."

The brand side came over to stop him at this time: "Isn't Jiang Li all right? We still have our ribbon-cutting event later, why do we need to evacuate the fans?"

The agent pulled him away, too lazy to talk nonsense with him: "You don't want to cause a catastrophe, so you continue to waste time here."

He walked over to the person in charge of the mall and said, "Young Master Ye is inside."

The person in charge of the shopping mall had the same reaction as before. He didn't realize who Ye Shao was referring to. The manager explained the situation in a few words.

The face of the person in charge of the shopping mall turned green, with the same solemn expression as him, and quickly called all the nearby staff.

The more people there are, the easier it is to evacuate fans.

Soon the fans were evacuated in an orderly manner and arranged to go to other places.

Jiang Li also found Qiao Nian and Ye Wangchuan.

He went straight over, looked the girl up and down first, trying to find the wound: "Are you all right?"

Chapter 4509 Sister Nian insists on dragging someone to the hospital

Qiao Nian shook his head: "It's okay."

Jiang Li's tense eyes relaxed a little, and then turned to look at the person next to him: "Master Wang, you..."

This time it was his mistake.

It's his fault.

He shouldn't have rashly followed Qiao Nian and the others without contacting his manager or arranging bodyguards.

If there is a problem between Wang Ye and Nian Nian.

Jiang Li didn't dare to think about it.

"I'm going to call an ambulance."

He turned his head and left.

Ye Wangchuan grabbed hold of him: "Wait a minute."

Jiang Li turned his head and bumped into Shen Lian's deep eyes.

Ye Wangchuan was calm and calm: "I'm fine."

Jiang Li was stunned for a moment, then realized, his face was filled with disbelief: "Don't tell me it's like this, you still want to take my sister to the movies?"

Ye Wangchuan pushed his hand away, straightened his shirt, bent down to pick up the jacket that had been squeezed out on the ground, and calmly said, "Well, I don't need to go to the hospital, of course I will go to the movies."

Jiang Li looked at him as if he was okay, for a while he was not sure whether he was really okay, or insisted that he was okay.

But Qiao Nian stepped in at this moment and grabbed Ye Wangchuan's hand: "Go to the hospital."

Ye Wangchuan just pursed his thin lips: "I..."

Qiao Nian grasped his hand with five fingers hard, and looked at him with strong eyes: "Shut up!"

Then she looked at Jiang Li at the side, half-closed her eyes, and her mood deteriorated visible to the naked eye: "Brother, help me arrange an ambulance, let's go there by car."

"Okay, I'll call someone to prepare it right away." Jiang Li didn't forget to take a peek at Ye Fanchuan before he left. Seeing that Ye Fanchuan's tall figure seemed to be controlled by Qiao Nian, he couldn't help feeling sour, and the pure love warrior fell to the ground.

But just kidding, Jiang Li doesn't dare to be sloppy in this matter.

He went to the person in charge of the mall to explain the situation, and asked the person to notify the ambulance of the nearby hospital immediately. While discussing with the agent to postpone the afternoon event, I also want to go and have a look.

The mall moves fast.

In less than half an hour, the ambulance has arrived here.

Because Ye Wangchuan could still walk, and he couldn't see where his injuries were, Qiao Nian dragged him into the ambulance.

Jiang Li was going to follow up according to the previous arrangement, but was stopped by Qiao Nian: "Don't you still have a job?"

"ah?"

Jiang Li stepped up with half a foot, and got stuck there.

Qiao Nian said succinctly: "You go to work, as long as I'm here."

Jiang Li looked at her again, and then at Ye Wangchuan who was sitting next to her, his eyes happened to meet Ye Wangchuan in mid-air.

"..." Jiang Li took half of his foot back, and explained with interest: "Alright then, when you get to the hospital to take a film, remember to tell me if you have anything."

"Um."

He was afraid that Qiao Nian would forget, so he quickly added: "Send me a message if you have anything to do. I'll go to the hospital when I'm done."

"We'll talk about it when the time comes." Qiao Nian didn't agree or disagree, and after dismissing him with a few sentences, he said to the ambulance staff, "Close the door and go."

"good."

The ambulance personnel didn't want to delay the rescue time. When the family members of the injured said to leave, they ignored Jiang Li below, got up and closed the rear door, and isolated Jiang Li and others outside.

The white ambulance drove away quickly.

Jiang Li's manager followed closely behind him, and when he saw the person had left, he dared to ask in a low voice: "Brother Li, is Young Master Ye okay? What if..."

Jiang Li put away his usual foolishness, his face was cold and serious, "I don't think it's a big deal, but he's good at forbearance, so I can't tell if there's anything wrong."

"Since Nian Nian insisted on going to the hospital while clutching Wang Ye, I think he was probably injured."

Chapter 4510 I don't believe what he said is okay

"ah."

When the manager heard this, his eyes went dark, and he wished he could pass out.

Jiang Li looked back at him, angry and funny, raised his hand and patted him on the shoulder: "Okay, your reaction is too exaggerated."

"Brother, that's Young Master Ye!" The agent looked at him with a look of resentment, wanting to say a thousand words, but holding back his stomach.

It's good that Ye Shao didn't have an accident.

In case something happens, how can their small agency bear the anger of that old man of the Ye family?

"Okay, stop talking here."

Jiang Li didn't bother to point out his little thoughts, and walked forward: "Go and communicate with the brand to see if you can bring the event time forward, I have to finish work early and go to the hospital."

The agent didn't say a word: "Okay, I'll go right away."

The brand side over there was already scared and overwhelmed. Hearing that Jiang Li's agent said that he wanted to finish work ahead of time and go to the hospital, he immediately applied to the headquarters, and then gave the agent an answer, saying that there was no problem on the spot.

**

Hospital.

The ambulance pulled them outside the emergency department, Qiao Nian grabbed his hand and led them all the way into the doctor's consulting room.

One in.

The girl closed the door without even looking at the stunned doctor on duty. She turned around and stared at the man she forcibly brought in.

"Undress."

"..." The doctor on duty suspected that he was hallucinating.

"That..." He stretched out his hand, just about to remind the two of them that there are still people here.

Seeing Qiao Nian crossing his arms, full of hostility, he said to the man, "Take it off yourself, or I'll take it off for you."

Doctor on duty:...

Are all girls so fierce now?

"Oh." He heard an inaudible sigh, and then saw the man who was half blocked by the girl come out of the door: "I'm really fine."

Rao is the doctor on duty and he is a man, so he has to admit that his eyes shine.

Ye Wangchuan is tall and thin, with a cool temperament, coupled with prominent bones and well-defined outlines, he was born with a special aura of nobility, and it is easy to give people a feeling that he is not easy to approach.

"You take off your clothes, I'll believe it if you ask him to check it." Qiao Nian was unmoved at all, calm and calm, if she hadn't insisted on asking Ye Wangchuan to take off her clothes for inspection, she would have thought she didn't care.

Ye Wangchuan couldn't hold her back, and rubbed the space between his eyebrows: "We're going to Independent Island soon..."

Without further ado, Qiao Nian took out his mobile phone and called Feng Yu in front of him.

As soon as the phone is connected.

She told Feng Yu directly: "Dean, something happened here, and I have to postpone my return for a few days."

Finished speaking.

Qiao Nian quickly hung up the phone and showed him the phone call record to show that he was serious, and he had better cooperate with the inspection.

"..."

Ye Wangchuan didn't expect her to be so powerful, so he contacted Feng Yu on the spot, seeing that there was no chance to push back.

His eyes darkened, and he said to the girl: "There is someone here, you don't need to take off your clothes, just ask him to take a picture of me."

Once Qiao Nian heard him say that, as a doctor, there was nothing he didn't understand.

He has injured his bones, and he just kept saying that he was fine.

Injured muscles and bones for a hundred days.

Is this all right?

If she hadn't insisted on coming to the hospital, he was planning to just keep it from him, watch the movie with him, and fly to Independent Island to recuperate quietly?

Qiao Nian suppressed the anger in his heart, turned around and walked to the treatment table, put his hands on the table, and said to the doctor, "Please order him a CT."
