

Madam's 4511

Chapter 4511 Boy, your girlfriend is a bit fierce

Although the doctor on duty couldn't understand what they just said, but judging from the conversation between the two of them that their identities were unusual, he quickly prepared a checklist and handed it to the girl.

Before the two went out, they warned softly: "If he really hurt his bones, you have to support him, otherwise the dislocation will be more serious."

"Um."

Qiao Nian responded very politely, but without looking back, she raised her hand to support Ye Wangchuan's elbow, looking impatient, but her movements were gentle and careful.

Wait out of the consultation room.

Qiao Nian found the rest area, pushed him down on the bench, and Shen Lian said, "You wait for me here, and I'll pay the fee."

Ye Wangchuan grabbed her hand and held her back: "Don't bother, I'll call Qin Si to come over."

His fingertips were slightly cold, and the place where it touched the skin seemed to be on fire, and a single spark could start a prairie fire.

Qiao Nian came back to his senses in a moment, and broke free: "It's okay, I'll be right over. You are right here, don't run around."

said.

She rushed to the payment window to line up.

The hospital has never been short of patients.

There is never a shortage of people queuing up in the emergency department.

Qiao Nian was very patient this time, standing at the end of the line and slowly moving forward with the people in front.

It took ten minutes before it was her turn.

Qiao Nian handed over the card: "A CT."

"Okay." The toll collector took the card, swiped it on the machine, returned the card to Qiao Nian, and said with a smile, "280 for you."

Qiao Nian paid with WeChat.

Soon the toll collector handed the printed receipt to her.

Qiao Nian got the receipt and walked back. Before he could go, he saw Ye Wangchuan sitting on the bench, leaning his back slightly against the wall, talking on the phone with deep eyes.

"...well, I'm in the hospital, you come over right away."

Qiao Nian just walked over.

Ye Fanchuan saw her right away.

"came back?"

"Yeah." Qiao Nian shook the checklist in his hand: "Let's go, go check it out."

"Okay." Ye Wangchuan put away his mobile phone and stood up, with an outstanding demeanor, and followed.

CT room is inside the emergency department.

There were quite a few people waiting to shout their numbers, Qiao Nian went over to find an empty seat, and immediately asked Ye Wangchuan to come and sit.

"You sit, I stand."

Ye Wangchuan looked at her helplessly, before he could speak.

Qiao Nian seemed to have telepathy to know what he wanted to say, and made a stop gesture: "Until the inspection report comes out, you'd better not say anything."

"I won't listen."

Direct enough!

Ye Wangchuan rubbed the broken hair hanging from the tip of his eyebrows, lowered his head and chuckled, his eyes were full of pampering, and his tone was clear and shallow: "Listen to God Qiao."

Qiao Nian glanced at him angrily: "Speak well."

He stood straight, with a smile in his deep eyes, and his voice was low into the air: "Yes."

Qiao Nian couldn't help but look at him again.

At this moment, the old man next to him was bored waiting, and happened to bump into them, so he interjected in a gossip: "Young man, your girlfriend."

Ye Wangchuan sat down in the empty seat next to the old man, with a very good temper: "Well, girlfriend."

"Tsk." The old man sized him up, then looked at Qiao Nian, then looked back, and said to him, "Hey, your girlfriend is a bit fierce."

Ye Wangchuan raised his thin lips, he could see that he was in a good mood: "It's not bad."

The old man looked at him again, and said with deep emotion: "The young man is handsome, but he has become a strict wife at a young age."

He has a loud voice and full of energy.

Chapter 4512 Zhang Yang is here

His two voices attracted the attention of many patients and family members who were waiting in line for the CT scan in the corridor, and they all looked at Qiao Nian and Ye Wangchuan gossip.

Ye Wangchuan seemed to be a normal person, completely unaware of the ambiguous gazes around him, the old **** was sitting there.

Qiao Nian pulled down his peaked cap, simply covered most of his face, lowered his head and took out his mobile phone to play, so as not to be stared at by gossip eyes from all directions.

Half an hour passed.

It wasn't their turn yet, but they waited for Zhang Yang and Qin Si.

As soon as Zhang Yang came over, he found Qiao Nian and the others. He walked quickly all the way to Qiao Nian, and first said hello to Qiao Nian: "Miss Qiao."

Then ask again: "What's the matter with Master Wang? How did you get hurt?"

Qin Si saw that he ran to find Qiao Nian, so he went straight to Ye Wangchuan, his brows were tightly frowned, and there was rarely any joke on his handsome face: "What's going on?"

Ye Wangchuan explained the accident in the shopping mall in a few words.

Qin Si immediately lowered his face: "What's the matter with the brand, and the management of the mall. They know that there are celebrities coming, but they don't do a good job of security. If something happens, can they bear the responsibility!"

"Okay." Ye Wangchuan called to stop him, signaling to him that this is a hospital, so don't disturb others.

Qin Si suppressed his anger, and said in a cold voice, "Does the old man know?"

Ye Wangchuan gave him a warning look: "Don't tell them."

Qin Si was angry and funny, and beat him on the shoulder with his fist: "Who do you think I am, if you don't let me tell, I will definitely not say."

"I just want to ask, do you think it is possible that this accident was deliberately planned?"

Ye Wangchuan was the person in charge of the Ninth Research Institute when he was young, and the only successor of the Ye family, so dirty things were inevitable in his life.

Qin Si has been friends with him for many years, and he knows that there are many people staring at his friends outside, and there will always be someone who jumps over the wall in a hurry and will choose to take risks.

Grandpa Ye usually stays in the old house, goes in and out, and rarely shows up.

Ye Fanchuan is not.

Those targeting the Ye family will also focus on him.

"just in case..."

Before he finished speaking, Ye Wangchuan raised his hand to stop him: "No."

Qin Si wanted to say how can you guarantee that it is not.

I heard Ye Wangchuan's unhurried voice: "First of all, I made a temporary decision to go to the mall, and it was not a pre-booked itinerary."

"Secondly, it's not like you don't know Jiang Li's popularity, and no one can influence Jiang Li to follow us to the past."

Qin Si was lost in thought, his brows were still tightly knit, but he did not refute his words.

Ye Wangchuan concluded calmly: "So this was an accident."

Qin Si didn't say anything anymore, turned his head to search around, and said back, "Where's the doctor? What are you waiting for here?"

Ye Wangchuan raised the CT checklist in his hand: "Wait for the notice."

"Huh?" Qin Si was taken aback for a moment, looking at the notice fluttering in his hand, his eyes were straightened, he raised his hand and rubbed his eyes: "No... you have to go for an examination, just call the dean directly. As for queuing up here?"

Ye Wangchuan glanced at him, Shi Shiran said: "I am not seriously injured, there is no need to waste medical resources."

"Chick."

Qin Si gave him a thumbs up and rolled his eyes: "You said so much, I don't know yet, it must be Sister Qiao who lined up for you to open the CT, otherwise, with your character of wanting to break it into two minutes, you will be here for so long!"

Chapter 4513 Sister Nian: Do you still know the comparison?

Ye Wangchuan was noncommittal, and gave him a look of 'you know and ask'.

This dog food... Qin Si took a deep breath and hammered his chest, so as not to feel stuffy.

Qin Si ignored him and went back to find Qiao Nian.

"Sister Qiao, did you notice any suspicious people when you encountered a stampede?"

Qiao Nian thought for a while, looked at him with dark eyes, as if she wanted to ask him what he meant.

Qin Si hesitated to speak, but stopped: "My Lord, he..."

Zhang Yang felt obediently at the side: "I'll go and see when I get the number for Mr. Wang. Ms. Qiao, you can talk slowly."

As he spoke, he took the initiative to walk away, leaving room for Qin Si to speak.

Seeing him leave, Qin Si refocused his eyes on Qiao Nian, and his expression gradually became serious: "I don't know if Master Wang has told you about his biological mother."

"I know a little bit." Qiao Nian put one hand in his pocket and leaned against the wall.

Qin Si nodded, hesitated for a while, and was probably thinking about what to say: "Most people in Beijing thought that Master Wang's parents had died a long time ago. In fact, the situation is not too different. Master Huang's father died in a car accident very early, and he has been growing up with Mr. Ye. But what many people don't know is that Master Wang's mother didn't die, she just didn't want him."

Qiao Nian's eyelashes drooped, and the corners of his mouth pursed slightly.

Qin Si looked at her: "His situation is very similar to yours, and his mother is also from a family that cannot be said. I used to think that it might be destined by God that you and Master Wang can get together."

"It was only when I was a teenager that I realized that my mother was not dead. I just didn't want him. But this matter involves family secrets, and I don't want to inquire too much. So far, I probably know a little bit. The reason why his mother didn't want him has something to do with the color of his eyes when he was born."

Qin Si smiled wryly: "That's enough, right?"

When he first heard this reason, he also thought it was too **** incredible!

In this world, there are still mothers who abandon their children because their child's eye color is not the color they want.

But reality is often crueler than stories.

Human nature cannot withstand scrutiny.

Some people can be selfish and irresponsible to the point of no motherhood.

"So..." Qiao Nian's voice was hoarse, and he looked up at him: "Do you think this time is not an accident, it has something to do with his mother's house?"

Qin Si waved his hand immediately: "I didn't say that."

But he immediately darkened his face again: "I heard that his mother and grandfather started looking for Wang Ye again, so I was afraid that they would try to take advantage of Wang Ye when they encountered something."

"You also know that the big family has a lot of secrets. Who can guarantee that they didn't encounter any crisis and offend the other family. Otherwise, they have ignored Wang Ye for more than 20 years. Why are they suddenly and enthusiastically wanting to have a good relationship with Wang Ye?"

Qiao Nian heard that he thought about it seriously, shook his head, and told him solemnly: "Today was an accident, it should have nothing to do with what you said."

Qin Si got the same answer from the two respectively, and gradually let go of his hanging heart: "That's good."

He believed in the judgments of Qiao Nian and Ye Wangchuan.

Since even Sister Qiao said it was an accident, it was definitely an accident today.

Qin Si raised his foot and said, "I'll go see Zhang Yang and ask if he's clear."

Qiao Nian suddenly stopped him: "Wait."

Qin Si didn't know, so he turned around and stopped again.

Qiao Nian walked over: "What else do you know about his mother's house that you just said?"

Chapter 4514: Miss Nian is really angry

Qin Si shook his head, looked at the man standing under the light and shadow, and then at Qiao Nian: "That's all I know."

"Yeah." Qiao Nian waved his hand: "Go and do your work."

Qin Si glanced at her again, hesitant to speak: "Sister Qiao, don't tell Lord Wang what I just told you. I'm afraid he will get angry..."

"Um."

Seeing that she agreed to him, Qin Si felt relieved and felt a lot more relaxed, so he went to find Zhang Yang.

...

Zhang Yang has a wide network of contacts in Beijing.

It's different from Qin Si and the others.

Qin Si is also a person who is good at communication, but Qin Si's circle is too high-level, and the people who can catch his eyes usually have to be people with some background in Beijing.

Zhang Yang is different.

Zhang Yang's family is mainly engaged in business, and the businessmen always have friends of all kinds and degrees, and they also know the chief doctors of major hospitals.

He saw that Ye Wangchuan didn't want to make a big deal, and he was smart enough not to have a relationship with the dean, so he went to find the director of the laboratory department he knew well.

After a while, the director of the laboratory department came out with him, greeted the nurse in charge of calling the number, and asked Ye Wangchuan and the others to insert the number.

ten minutes later.

The inspection results came out.

The nurse just held the report and called the name.

Zhang Yang and Qin Si surrounded them.

"How about it?"

"Your surname is Ye, right?"

The nurse didn't know the identity of the injured patient, and probably knew that this injured patient was more important, so she found Ye Wangchuan's photo from a pile of reports.

She glanced at the test results, frowned slightly, and just said to Zhang Yang and the others: "Wait a minute, I'll go in and ask the doctor."

A hand stretched out, and the white fingers were slender under the light, as beautiful as white jade.

"Let me do it."

The nurse subconsciously looked over and saw the owner of the hand.

is a very young girl.

Wearing a peaked cap.

They are close.

She can clearly see the delicate and outstanding face of the girl under the brim of the peaked cap.

The nurses were a little surprised.

Where did such a beautiful girl come from?

But she was still skeptical: "Do you know how to read the report?"

The girl took the CT from her, and said casually, "I understand a little bit."

The nurse couldn't say anything, and said a little worriedly: "That's fine, you read it first, and if you don't understand it, tell me, I'll take it in and let the doctor look at it."

It happened that other patients also gathered around to see if their CT results came out, so the nurse went to send the test results of other patients first.

Qin Si glanced at the girl with a complicated expression. He wanted to talk a little bit at first, but when he thought about Qiao Nian's usual mention of money, he often said that there was a "billion point", and the words suddenly became unsatisfactory.

"The local soft tissue is swollen, and the subcutaneous fat layer may have air bubbles or hematoma." The girl suppressed her anger, her eyes were scarlet, and she glanced at someone who seemed to be okay.

Qin Si swallowed for Ye Wangchuan.

Hearing Sister Qiao's tone, she seemed angry.

Qiao Nian continued to read the CT results in his hand: "The spinous process of the thoracic spine, the lamina, or the vertebral body of the transverse process are fractured. In severe cases, the fracture may be displaced."

Zhang Yang was surprised, subconsciously glanced at Ye Wangchuan's reaction, and saw the man standing there gracefully, without any signs of physical discomfort.

He suppressed his surprised expression, and was secretly shocked by the patience of these top boys in Beijing.

Before, he always thought that whether it was Qin Si or Ye Wangchuan...these people who were born with a golden spoon in their mouths should all belong to the squeamish type.

Chapter 4515: They are girls and so are you

He has always felt that at least in this respect he has an advantage over this group of people.

Now it seems...

Zhang Yang smiled wryly, realizing that he regarded people too superficially.

I heard that Ye Shao was sent to the military region for training by the old man since he was a teenager. How can someone who has received professional training be coquettish?

"Tell me it's okay." Qiao Nian turned his head sideways, and met his eyes. His pretty melon-seeded face looked calm, as if he had no emotions, but his eyes set off a storm: "Soft tissue contusion and fracture, is it okay?"

Ye Wangchuan reached for the inspection report in her hand, while calmly comforting: "I'm really fine, just a little injury."

"Heh." Qiao Nian retracted his hand, avoided his hand, smiled angrily, and squinted his eyes to look at him: "The broken bone is only a small injury, so how about I give you another kick to completely break the broken bone for you?"

Qin Si was so frightened that his face changed, he quickly stood between the two of them, and calmed down the girl with a smile on his face: "Sister Qiao, don't be joking."

"Who told you I was joking?" Qiao Nian lowered her head slightly, lowered her eyelashes, turned her wrist, and rubbed the wrist bone, as if she was really thinking about this possibility.

Qin Si: "... The scene of domestic violence?"

Zhang Yang reacted quickly and joined in.

"Miss Qiao is also worried about Mr. Wang, but the most urgent thing now is to let Mr. Wang go back to rest as soon as possible. The injured area needs to be rubbed with some medicine to remove blood stasis and swelling."

"Yeah yeah."

Qin Si reacted immediately.

"Sister Qiao, let's go back and talk about anything."

"Tsk." Seeing that the faces of the two of them changed drastically, Qiao Nian took it seriously, and slowly put his hands back: "I'll go to the doctor to get the medicine."

Qin Si and Zhang Yang both breathed a sigh of relief.

See the girl walking away.

He dared to turn around, looked at Ye Wangchuan and couldn't help but said: "Master Wang, I said why did you provoke her."

Ye Wangchuan slightly raised the corners of his mouth, his eyes flickered, and he said after a while, "Did you see the whole process of my talking?"

This means clearly—I didn't mess with it.

Qin Si was speechless. He wanted to say something at first, but when he thought of the test result Qiao Nian just said, he swallowed it back abruptly.

"Forget it, you've been injured for a hundred days, you'd better stay at home and recuperate well, don't go to Independent Island for now."

"Let's talk." Ye Wangchuan was lazy and casual.

What is talk again? Could it be that he still plans to drag his broken thoracic vertebrae to Independence Island?

Qin Si raised his eyebrows again.

But before he had time to ask, Qiao Nian came back with the medicine.

Qin Si held back his words and said, "I'll go get the car out first."

Zhang Yang has good eyesight to see and follow.

"Young Master Qin, I'll go with you."

Wait for Qiao Nian to come back.

Ye Wangchuan is the only one left here.

She searched around with a plastic bag in her hand, then turned around and asked the young man, "Where are they?"

Ye Wangchuan took the medicine bag from her hand: "They are going to drive."

Qiao Nian pursed her lips, watching him take the plastic bag from her hands naturally, and then looked at the man's cold white jade-like profile.

Endure it.

Still couldn't hold back and said: "The next time you encounter this kind of thing, don't worry about me. I don't need protection, I can protect myself."

Ye Wangchuan only slightly raised his eyes, rubbed the top of her head, and said calmly: "They are girls, and you are also a girl. They need protection, and you can also need protection."

"No one protected you before, I came late."

Chapter 4516: I'm here, I just want to protect you

He held the girl's hand naturally, and the warm body temperature spread from the skin to the heart, boom boom boom.

The strong heartbeat beat Qiao Nian's eardrums, as if what he said now had an impact on the three views that Qiao Nian had always believed in.

"With me now, I will protect you."

"..."

Qiao Nian's throat moved, and after a while he said, "I won't necessarily get hurt."

Ye Wangchuan reached out and touched the top of her head, as if silently comforting: "Isn't there still a possibility? I don't want you to have the slightest possibility of getting hurt."

He didn't wait for Qiao Nian to answer, and then said: "Nian Nian, no matter what you look like outside, how many people rely on you, here with me, I just want to protect you."

...

On the way to pick up the car, Qin Si discussed with Zhang Yang how to persuade Qiao Nian to calm down later.

When they got the car to the entrance of the hospital and saw Qiao Nian and Ye Wangchuan walking out like nothing had happened, they looked at each other, and they both saw shock in each other's eyes.

Nest grass? Master Wang coaxed people well?

Qiao Nian didn't care what they thought, and went straight to the back row and opened the car door.

"Go back first."

"Okay, okay."

Although Qin Si really wanted to gossip about what Ye Wangchuan did, he also knew that this was not the time to ask, so he went around to the front with Zhang Yang and drove.

after an hour.

Qiao Nian and they returned to the Rhine.

Qin Si and Zhang Yang couldn't follow up, so they gave a few instructions and drove away.

Qiao Nian returned to her room on the second floor, and searched inside for a while.

After a while, she took her things and went out, walked to Ye Wangchuan's door, raised her hand and knocked on the door: "Knock, knock."

"Hold on."

A husky male voice filled with water vapor came from inside.

After a while, the door opened.

Qiao Nian looked up and saw Ye Wangchuan standing at the door wearing a bathrobe, with a towel in one hand wiping the water from her hair.

He stepped aside and said, "Come in."

Qiao Nian passed him by and smelled the refreshing scent of shower milk on his body, and entered the room first.

Ye Wangchuan's room is clean and bright, and the things inside are organized in an orderly manner. There are various foreign language books on the bookshelves.

From astronomy and geography to mechanical aviation.

Books cover a wide range.

Qiao Nian also found an out-of-print novel on his bookshelf that he hadn't found for a long time.

However, she resisted the urge to look over it, and did not forget the purpose of coming here. She put the medicine she brought on the table, pulled out the chair, sat on the edge of the bed, patted the edge of the bed and said, "Sit here, and I will rub the medicine for you."

Ye Wangchuan glanced at the place where she patted her hand, raised her eyebrows, next to the bed?

He raised his hand to his forehead again, grinding his back molars and chuckling: "Are you sure you want to rub the medicine for me there?"

Qiao recalled his eyes of "or else" and leaned on the back of the chair very calmly to look at him: "I am not afraid, what are you afraid of as a big man? Afraid that I will eat you?"

"Tsk!" Ye Wangchuan faced this kind of provocation for the first time, walked over slowly, sat down at the designated place, and was about to say something.

Qiao Nian took out the safflower oil from the plastic bag he brought, and calmly commanded, "Take off your clothes."

Ye Wangchuan: "..."

Qiao Nian had already unscrewed the safflower oil. Seeing that he hadn't moved for a long time, she looked up very puzzled: "You want me to help you take it off?"

She looked like it was okay if you insisted on me helping you.

is provocative for any man.

"I'll do it myself." Ye Wangchuan twitched his eyebrows, raised his hand, and slowly loosened the belt around his waist, revealing his white and firm chest and abdominal muscles.

Chapter 4517: help with medicine

He just took a shower, and his skin is full of moisture, but it does not affect the excellent waist and abdomen line. The lean waist and abdomen mermaid line is superior.

He has a well-proportioned figure, with broad shoulders and narrow waist, no wonder he looks good in anything.

Qiao Nian has always looked at the good-looking people a few times, so she took a few glances very frankly before making a move.

Ye Wangchuan slightly raised his thin lips, and grabbed her hand: "Do you want to touch it?"

Qiao Nian thought for a while, and asked seriously, "Can I touch it?"

Ye Wangchuan simply put her hand on his waist, chuckled softly, and said lazily, "Is Qiao God satisfied with what I touched?"

Qiao Nian groped up and down a few times with a nonchalant attitude, opened his mouth, and whistled in a rascally way: "Nice eight-pack abs."

Ye Wangchuan: "..."

Qiao Nian didn't take back his hand, but continued to touch two hands: "If you have an advantage, don't take advantage of the bastard."

Ye Fanchuan was touched by her, his lower abdomen was furious, rolled his Adam's apple, grabbed her troublesome hand, and said hoarsely: "Don't make trouble."

Qiao Nian stopped obediently, raised her delicate face, and said seriously, "Are you really going to try with me?"

Actually, it is not impossible for her to think about it after she turns 18.

Later, Ye Fanchuan said that she would wait for her to reach the age of marriage, and now she has also reached the age of marriage.

Everyone likes each other and plans each other into the future.

Qiao Nian has always believed that this is a matter of course, and it doesn't have to be a certain time point to touch it.

But before Ye Wangchuan could answer, she squinted her eyes slightly, and slowly retracted her hand: "Forget it, you have broken bones, and I can't touch you. To save you from going to the hospital again, it is difficult to explain to the doctor."

"..."

Ye Wangchuan was almost laughed angrily by her, clenched his molars tightly, and looked at her firmly with a pair of deep eyes soaked in ink.

"I'll take it for ten days and half a month!"

"Ah, fine. I'll wait for you." Qiao Nian did it on purpose, deliberately provoked him, who made him try to stand in front of him and was injured.

Ye Wangchuan looked at her as if she was not afraid of things, obviously so irritating, but when he was at the peak of his anger, that point of gas turned into mist and disappeared completely, leaving only the helplessness and pampering that he had nothing to do with her...

Qiao Nian didn't care so much, after joking, he poured some safflower oil on the palm of his right hand, rubbed it on his bruised skin, his expression gradually changed from cynical to serious.

"I want to rub your bruise away, it will hurt a little, bear with it."

She said that she began to exert force on her hands, and her eyes became focused.

Ye Wangchuan seemed to have only suffered a little skin trauma this time, but in fact, it can be seen from the moment he took off his bathrobe that he was seriously injured.

Many places are red, swollen and bruised.

Some bruised parts even ooze black and red.

Joe studied medicine.

Looking at his injuries, he knew that these were subcutaneous congestion and blood stasis. If the blood stasis is not eliminated by rubbing and dispelling, it will cause infection and fibrous sclerosis. In severe cases, surgery is required.

Qiao Nian knew the seriousness, so he didn't stop for a moment, until he was sure that the safflower oil was soaked deep into the skin.

Qiao Nian screwed the lid back on, put it into the plastic bag containing the medicine, raised her thin eyelids and said to him, "This medicine is taken once a day, and it takes ten minutes to rub the medicine to be effective. Next time, do it by yourself?"

Ye Wangchuan let out a breath of foul air secretly, and as she pulled away a little, his tight abdominal muscles finally relaxed.

Took the plastic bag from her, his pupils darkened: "Well, I will do it myself."

Chapter 4518 Nie Qingru still did it

It is indeed much more convenient to come by yourself. Qiao Nian had no objection, nodded slightly, then got up and walked around his room, walked to the bookshelf and took out the out-of-print book that he had been looking for for a long time.

"Do you still read this book?"

"you want to see?"

Ye Wangchuan pulled up his clothes and re-tied the waist belt. The cool-toned blue velvet bathrobe was loosely worn on his body, giving him a lazy and luxurious look.

Qiao Nian nodded unabashedly: "Yes."

"I've been looking for this book before, and I even put a reward on the black market, but I couldn't find it. I didn't expect it to be in your hands."

Ye Wangchuan pondered for a moment, and vaguely remembered that he had seen a reward for finding books on the black market before, and the price offered was very attractive.

But he didn't take it seriously at the time, he just sneered and forked the page.

Thinking about it now...Maybe he was willing to give up love at that time, maybe they would have known each other earlier.

Qiao Nian turned a page, and seeing that he hadn't spoken yet, he raised his head, shook the book in his hand, and asked in surprise, "You haven't finished reading yet?"

Ye Wangchuan regained consciousness and shook his head: "Take it and see."

"Ah, OK."

Qiao Nian took the book and prepared to leave.

Before leaving the door, she stopped again, looked back at the man who sent her out, glanced up and down the chest and abdomen covered by the bathrobe, raised her eyebrows and said, "Whew, you have a good figure, keep it up."

Ye Wangchuan twitched his temples, rubbed his ink-like eyebrows, and saw the back of the girl leaving gracefully, and had already entered the opposite room.

Click.

The door to the opposite room is closed.

Just leave him still in place.

*

Qiao Nian returned to the room, hooked the chair with her foot and just sat down, the phone rang on her body.

She was still immersed in the good mood of the last tease, glanced at the incoming call, and put the phone to her ear: "Hello, Dean."

Feng Yu's voice came from the other end: "Nie Qingru has made a move."

Qiao Nian's smile receded like the tide, her dark eyes were as cold as December's cold winter, she put her legs on the table, her long legs wrapped in jeans were straight and long.

"Oh? What did she do."

"She found someone to bribe a member of the First Research Institute, and wanted to sneak into the laboratory to steal the research data of that thing. Xu Yi found out and caught him. But Xu Yi was there at the time, and the man stabbed Xu Yi in the abdomen as he struggled to break free..."

Qiao Nian suddenly sat up straight.

"What about others?"

Feng Yu's tone was serious: "Shen Qingfeng just happened to have something to ask him, but no one answered his phone, so he went over to look at it worried. I happened to see two people fighting, and Shen Qingfeng helped him in time, so the two of them held down the person and contacted me to temporarily control him."

The research conducted by Qiao Nian is at the encryption level within the First Research Institute.

When Xu Yi found out that someone was stealing something, the first thing he thought of was not to call the security guard over, but he was also worried about making the noise bigger, so that more people would find out about the research they were doing.

But in this way, Xu Yi was left alone and helpless for a long time, and could only fight one-on-one with the opponent.

Xu Yi is a researcher to put it bluntly. It is okay to do research, but really not to fight.

The opponent is hiding the murder weapon in his hand again.

If Shen Qingfeng doesn't arrive in time...

The result is unpredictable!

Feng Yu said: "Shen Qingfeng also suffered a little injury, the palm of his left hand was cut. Fortunately, the other party is not a professional, otherwise half of his palm might be lost."

When Qiao Nian heard Feng Yu say this, a thrilling scene of three people fighting appeared in front of him. Feng Yu should have spoken with reservations to reassure her.

Chapter 4519 Do you want a surprise?

Shen Qingfeng almost lost half of his hand, so how can it be considered a minor injury, and the knife that stabbed Xu Yi's abdomen... Judging from Feng Yu's tone, this incident happened at least a long time ago, and it may even be yesterday.

Why did Feng Yu call her and mention it now?

It must be related to Xu Yi's injury.

Feng Yu wasn't sure that Xu Yi's life was not in danger, so he didn't tell her... It wasn't until now that they were sure that Xu Yi was out of danger.

"Ah."

A laugh escaped from Qiao Nian's lips.

This is the expression of her extreme anger.

"Leave this matter to me, and leave it alone."

"Qiao Nian, what are you going to do?" Feng Yu was a little worried: "After all, she is your grandmother, I just don't want you to go to the point of no return..."

That's why he didn't tell Qiao Nian immediately.

But such a big thing happened, Feng Yu and Shi Fu discussed it, and thought that Qiao Nian should be told.

He had organized his language before making this call, trying to maneuver as much as possible.

I didn't expect Qiao Nian to be so smart.

Even if he only described it in a few words, he could guess the real situation to seven or eight points.

Feng Yu was afraid that she would be impulsive.

"And even if she is not the queen, the hidden family will not ignore her in order to maintain their own dignity. If you touch her, it is equal to touching the interests of the hidden family..."

"It's not the first time I've moved." Qiao Nian casually interrupted him.

Feng Yu was silent for a while.

Qiao Nian probably realized that he had a bad tone, pressed the sharp and stinging eyebrows, softened his tone and said, "I know how to measure, so don't worry."

Feng Yu felt distressed when he heard it: "I'm not afraid that you don't know how to measure. Both the vice president and I are worried about your safety."

Qiao Nian's attitude became better: "I know."

Feng Yu heard that she didn't actually listen, and still didn't intend to let Nie Qingru go, so she sighed and said, "Xu Yi's life is not in danger."

Qiao Nian paused: "I know."

Hearing this, Feng Yu didn't understand anything, so I couldn't say anything more, just said: "No matter what decision you make, I will support you. But I think you should discuss it with Young Master Ye before you make a decision. It's better for two people than you to bear everything alone."

"Um."

Qiao Nian's calm tone could not hear any thoughts in his heart.

Feng Yu had no choice but to say: "I'll hang up first, and when Xu Yi wakes up, I'll let him tell you."

"good."

Qiao Nian still couldn't hear any emotional tone, she was lazy, as if she didn't mean to be angry at all.

Feng Yu hung up the phone.

Qiao Nian narrowed his eyes, heard the busy tone from the other end of the phone, slowly put down the phone, glanced at the phone that Feng Yu hung up, raised the corners of his mouth, felt dry mouth, and suppressed his anger: "Heh."

She tugged at the collar, as if she could only breathe this way.

Qiao Nian waited until he calmed down a little before calling Guan Yan who was far away in Independence Island.

"Send Zhai Xicheng to David."

"Okay, boss."

Guan Yan didn't ask why, and responded cheerfully.

Then immediately go to arrange.

Qiao Nian found out the mobile phone number in the previous blacklist, quickly edited a text message on the screen with her fingers and sent it.

*

The next day.

Nie Qingru just saw the strange text message she received yesterday.

【Do you want a surprise? 】

—Do you want a surprise?

Nie Qingru looked at the hat sent by the servant, and didn't pick it up. Instead, she lowered her face slightly and narrowed her eyes, as if she was thinking about who sent her this message.

Chapter 4520 Is she? What does she want to do.

The shadow came over at this moment.

Took the top hat with slanted cornices from the servant, and walked to the side of the calm old woman: "Empress, what's wrong?"

Nie Qingru handed over the phone and said with a blank expression, "Look at this."

Shadow approached the past, glanced at it, and saw the content of the text message clearly, and was also a little surprised: "This is..."

He looked at the texting number again.

Shadow's expression changed from surprise to anxiety: "This is Qiao Nian? What is she texting you for? What does she want to do."

Nie Qingru saw that he saw the content of the text message clearly, her eyes were extremely cold: "I also want to know what she means by sending me this text message."

Shadow saw the unconcealable disgust at the corners of her eyes and brows, fearing that she would affect her mood and her health, so she tried her best to act like a normal person: "She might just want to send you a text message, so you can ignore her. She will come to you again if she has something to do..."

Nie Qingru felt uneasy: "I'm afraid that I found someone to do what she found out about Independent Island."

"Impossible." Shadow immediately denied, stroking her back: "Queen, we did a clean job this time, it is impossible for her to find evidence."

They went around several circles to bribe that person in advance this time. Even if that person was caught, they would never have any evidence to identify them.

Including that person's bank account, they also used an overseas anonymous account to transfer money.

Shadow was careful just in case, even the anonymous account for sending money, he hired a third party to do it.

That is to say.

Qiao Nian was so capable that he couldn't find them.

This time they did nothing wrong.

It is impossible to leave a loophole for Qiao Nian to catch.

Nie Qingru narrowed her eyes, her expression was not good: "Then what do you mean she sent me this text message, provocative? Or threatening me? Does she still have my grandmother in her eyes?!"

"..."

Shadow lowered his head, not daring to answer.

Nie Qingru was just talking. After a short period of resentment, she quickly returned to her usual elegance. She gathered up the fox-fur shawl on her body, took the hat from Shadow's hand, and put it on her head.

"If I knew her mother would give birth to such a white-eyed wolf, I would not have allowed her to be with that man."

"Empress, no matter how powerful you are, you can't predict the future, who knows."

"yes."

Nie Qingru shut up after speaking meaningfully.

When she found Ji Qing and knew that Ji Qing had found a man outside the independent continent, her first reaction was anger.

Angry Ji Qing, as her daughter, with such a noble bloodline, would willingly degenerate to find a country bumpkin outside the Independent Continent.

But instead, she chose to help hide Ji Qing's whereabouts, preventing the rest of Ji's family from finding Ji Qing.

The reason is simple—it is better for Ji Qing to find a man who is not on the stage than to marry in a family in Independent State or higher than Independent State, or even higher.

She had heard that the ten elders of the Theron family were choosing a daughter-in-law for her son, and Ji Qing, as Ji Wu Falcon and her daughter, was also one of the candidates at that time.

Once Ji Qing combines with the Theron family, she, as a mother, will not be able to become the most powerful woman in the Ji family.

So when she was angry, she immediately helped Ji Qing hide her whereabouts, and didn't let others find Ji Qing so quickly.

In this way, Ji Qing will be given time to get married and have children.
