

## Madam's 4621

Chapter 4621 Hard can't come soft

"Whew~" Qiao Nian whistled, his eyelids drooped, and he looked down at her with sloppy eyes.

The eyes were full of sarcasm.

"Do you think I didn't kill you because I didn't dare to kill you?"

"..."

Nie Qingru's heart sank when she was asked back.

Qiao Nian put her elbows on her knees and bent down to look at her: "If I don't kill you, I will let you choose. If you don't choose, I will kill both of you."

"!"

Nie Qingru's face was livid, and he said angrily, "Qiao Nian, how dare you!"

"Choose, I have limited patience." The girl threw a small knife at her feet, which clearly meant that she should do it herself.

Nie Qingru looked down at the knife thrown at his feet, then raised his head, and looked at the girl like a ghost crawling out of hell.

She pinched her fingernails in the flesh, took a few deep breaths, tried hard to suppress her terrifying expression, and forced a fake smile that was comparable to a mask.

"I know, I'm sorry for you."

Qiao Nian raised her eyelids and glanced at her leisurely.

Sure enough.

Nie Qingru looked at her, twitched the corners of her mouth, and gave her a 'gentle' smirk.

"And your mother, I'm sorry for her too..."

When she talked about Ji Qing, there was no warmth in her eyes, she just said sorry verbally, and her eyes were indifferent, as if she was mentioning irrelevant people.

Nie Qingru didn't feel how bad her performance was, and continued to relax: "But Nian Nian, we are always a family."

"Forget about Xicheng, he has no blood relationship with you. But my elder brother is always your elder, right? If you do this, what will the people present think of you?"

She was implying Chun Lei and others.

Chunlei has always been straightforward, but he didn't realize that there was something in Nie Qingru's words.

Monkey is much smarter. He immediately heard that Nie Qingru was hinting at them, and immediately interjected: "Don't talk about us. We are not as thoughtful as people like you. Who is good to us, we are good to whom. It's not like you say blood is not blood, what you do is not a human thing."

"you!"

Nie Qingru grabbed his collar angrily.

The shadow behind her subconsciously scolded the monkey: "How dare you talk to the queen like that!"

Next second.

Didn't even hear the sound.

Suddenly, a bullet was shot at them, and it landed on the sand at Nie Qingru's feet, splashing the sand on the ground, almost hitting them in the face.

Nie Qingru was startled by the sudden change and took half a step back. The shadow quickly supported her, and looked at the girl who had been silent from the beginning to the end with angry eyes.

"Qiao Nian, what do you mean?"

He couldn't help but said again: "She is your grandmother!"

Qiao Nian's eyes were full of impatience.

"Do you choose or not? If you don't choose, I will pretend that you don't want both."

She gestured and raised her hand.

Nie Qingru panicked at that moment, instinctively urging her to stop the girl's gesture of falling down.

"etc!"

"Have you figured it out?" Qiao Nian tilted her head and raised her eyebrows to look at her.

Nie Qingru could see that she was serious this time, even though her teeth were itching with hatred, she pursed her lips with an ugly face and said, "Give me some time."

Qiao Nian is quite easy to talk this time.

"five minutes."

Nie Qingru was immediately dissatisfied: "What can you do in five minutes?"

She just finished speaking.

Qiao Nian's voice became colder: "Three minutes."

"..."

Nie Qingru could see Qiao Nian's strong attitude, so she chose to shut up silently, acquiesced to what she said for three minutes, and walked in front of Nie Tao and Zhai Xicheng.

Zhai Xicheng raised his head to look at her, his messy bangs covered part of his eyes.

Chapter 4622 It's not that she has no feelings, she's just cruel to sister Nian

His eyes are hidden behind shadowy hair.

Looks very calm.

"Auntie."

Only one sentence.

Enough to crush Nie Qingru's defense line.

Shadow observed the flash of hatred in his eyes from behind, and was startled, wanting to remind himself of the empress in front of him.

But right now is really not a good time to speak.

Before he could speak, he heard Nie Qingru's hoarse voice talking to Zhai Xicheng.

"Good boy, you have suffered."

Zhai Xicheng gave a wry smile and shook his head slightly: "I am the one who caused you trouble."

Nie Qingru's eyes became softer, and he even stretched out his hand to touch the other person's face, but retracted halfway, afraid of damaging the treasure.

"Auntie, please leave me alone." Zhai Xicheng said softly at this moment: "I am the only one left in the family. Even if I die here, no one will be sad. Uncle Nie is different. He has a family. People will be sad."

He never mentioned his uncle, but every word reminded Nie Qingru of the fact that the Zhai family had been wiped out!

Nie Qingru was heartbroken, and said in a trembling voice: "How could I ignore you? I promised him that he would take good care of you. I have always regarded you as my own child for so many years. You have a family..."

Zhai Xicheng's eyes hidden under the messy bangs were full of disgust and sarcasm, but he still said softly: "Thank you, auntie, but you have taken care of me enough, so leave me alone this time...I don't want you to make things difficult."

...

Chun Lei and other people in Continent F watched life and death in front of them, and the same scene in the TV series was so boring that they wanted to press the fast-forward button.

Too bad it's not watching TV.

Instead, someone performed in front of them.

Chunlei kept a straight face, trying to make his face less twitching, and couldn't help complaining: "I never knew what green tea you were talking about. Today I finally opened my eyes!"

Male green tea.

Her stomach acid responds to the diaphragm.

She saw that Nie Qingru was very helpful, as if she couldn't tell that the other party was pretending.

She raised her chin slightly, really not understanding.

"Didn't you say that she is very powerful? The eyes of the queen of the hidden family were broken? Even I can see that this person is playing her, but she just can't see it."

Monkey answered as usual: "If you care about it, you will be chaotic."

After he finished speaking, he suddenly realized something.

Monkey immediately looked at Qiao Nian, a little guilty, and carefully apologized to the girl: "Sun, I... I'll just say it casually, don't take it to heart."

Chunlei originally wondered why the monkey suddenly apologized to Sun, but he also turned his head and realized the reason.

——Nie Qingru is Sun's grandma, but she has never been sincere towards Sun, only wishing for Sun's death, or else she will put on a show of herself when she can use their Sun, and is unwilling to give it to her at other times. Sun's eyes are straight, and even the eyes that occasionally look at sun show not the care of relatives, but disgust and hatred, as if looking at an enemy.

However, such a supposedly cold-blooded and ruthless person is now deceived into believing by Zhai Xicheng's hypocritical words.

She didn't believe in Zhai Xicheng, but treated Zhai Xicheng sincerely.

Just like she said.

She may truly regard Zhai Xicheng as her own child.

The funny thing is.

Her own daughter can be sacrificed, and her granddaughter can be hurt by disgust...but she will give her heart and soul to an outsider, wishing to give everything.

Chapter 4623 Sister Nian: You still have 35 seconds

Even if doing so can't get other people's sincerity, she is unwilling to open her eyes to see the reality clearly.

Chun Lei suddenly looked at the girl sitting there, and from Qiao Nian's face, there was no sign of being affected by the scene in front of him.

But she suddenly felt a little sad.

Nie Qingru is not emotionless, but cruel to Sun.

Chunlei is not a delicate person who is good at expressing feelings.

She turned her head to look at the two people in the middle of the field again. She lost the mood of watching a 'TV series' before, and only felt that the picture in front of her was extremely disgusting.

She is straightforward, and if she can't stand it, she interrupts the two of them to be sad, and reminds them: "You still have a minute."

Nie Qingru heard this unfriendly reminder, tried her best to restrain her emotions, and glared at Qiao Nian full of hatred, thinking that Qiao Nian interrupted her on purpose.

"Are you satisfied after seeing these?!"

"Well?"

Qiao Nian didn't expect this to be her fault, she was quite speechless, but she didn't explain it, mainly because it wasn't necessary, so she just assumed it.

"You still have 40 seconds to say goodbye to them. If you don't want to talk to them, you can continue to spend with me, I can afford to wait."

"!"

Nie Qingru has never wanted to kill anyone so much now, but at this moment she very much hopes to go back to the past, before Ji Qing gave birth.

She will definitely not give birth to the slightest pity, and let Ji Qing live outside for half a year without finding out whether Ji Qing is pregnant or not.

Without those six months, Ji Qing wouldn't have had the chance to hide this evil from everyone!

This evil was born by Ji Qing to take revenge on her!

And Ji Wu Falcon...

How can people from the Ji family have the face to treat her like this?

Her life was ruined by these people. Do these people have no shame or guilt?

Nie Qingru clenched her palms tightly and vowed that after today, she would kill Qiao Nian at all costs and end the dirty blood of the Ji family.

"35 seconds."

Qiao Nian seemed to see her resentment, and reminded her indifferently.

Nie Qingru's cold air rushed into her brain from her throat, and her face was so uncomfortable that she couldn't even pretend to have an expression on her face.

She knew it was pointless to waste any more time, so she walked up to Nie Tao and called out, "Brother."

Nie Tao was much more emotional than Zhai Xicheng: "I know you have always felt that you owed the people of the Zhai family, but it was your own choice back then, not to mention how did the fire in the

Zhai family happen, was it done by outsiders? No one knows. Maybe they set the fire on their own back then, and it has nothing to do with the outside world or you!"

When Zhai Xicheng heard this, he couldn't help but say, "It's impossible for our family to set fire on their own..."

Nie Tao ignored him, fixed his eyes on Nie Qingru, and said softly, "Think about your father, your nephew, and your sister-in-law."

"If I die, what will they do? What about such a big group of people in the Nie family? My father has only one son who is still alive. Before your brother died, it is fine. Now you give up even me, and the roots of our family will be broken. Already!"

"You chose to marry Ji Wu Falcon because you sacrificed for the family. Then the pain you have experienced, is there any meaning in your life?"

Nie Qingru had a grim and painful expression: "Stop talking."

"I am your brother, Qingru. No one in this world is closer than us. I am related to you by blood. We grew up together..."

Nie Tao didn't dare to stop at this moment.

#### Chapter 4624: Threatening Sister Nian with death and Jiqing

"Do you remember when you were naughty when you were a child, you were locked in a confinement room by your father and were not allowed to eat. I secretly hid things and brought them to you."

"Later, my father found out and beat me so hard that I couldn't get out of bed for half a month. At that time, you cried and lay beside my bed and said to me, you said you would always remember how good I was to you. No matter what happens, I will not ignore me."

"Stop talking." Nie Qingru covered her head with a painful expression on her face.

In her life, she cared most about two parties, one was her family and the other was Zhai Xicheng's uncle.

In these years, she has always hated her family members who insisted on her marrying Ji Wu Falcon, and used coercion and moral kidnapping...

But when Nie Tao mentioned all kinds of things that happened when he was a child, he mentioned his father, nephew and sister-in-law...

How could Nie Qingru be completely indifferent.

She can sacrifice Nie Qixing.

It's because Nie Qixing is her younger brother who was born after she married Ji Wuzhen, and it's a product used by the family to make up for her.

Her feelings for Nie Qixing have always been separated by a layer. As long as she thinks about the reason for Nie Qixing's birth, she can't really love this half-son and half-brother relative.

But Nie Tao is different.

What Nie Tao said was what happened when she was a carefree girl who had not experienced pain yet.

"Qingru, our relationship has been average these years, but I always know that you are my sister..." Nie Tao continued, ignoring her pain.

Nie Qingru had a splitting headache, looked left and right, unable to make a choice, so she made up her mind, picked up the small knife on the ground and laid it across her neck.

Looking at Qiao Nian with a tough attitude.

A threatening tone.

"I know you are not afraid of my death. You are also cold-blooded and ruthless enough not to take my grandma seriously, then you shoot. As long as you kill them both, I will cut your throat. But Qiao Nian, I want you to remember that even if I did it myself, but you forced me to do it yourself. You forced your grandmother to death... You will be stained with this stain and bear this life for the rest of your life!"

"besides."

"Ji Qing never hated me until she died, which shows that she still regards me as her mother, and she will be her mother until her death."

"I know that you are indifferent to everyone, and I know that you have never met her, and she has never raised you. But she gave you life after all...you killed her mother, guess what? I met her below and told her , the daughter she gave birth to desperately killed her mother, will she be grateful to you?"

Nie Qingru has already gone all out.

"Will she regret bringing you into this world?"

"Fuck!"

Chun Lei's temper was about to rush forward and tear her mouth open.

The monkey stopped her and didn't want her to pass.

"Don't go."

"Do you think she's speaking human language?" Chun Lei went mad with anger, pointing in Nie Qingru's direction with scarlet eyes, wishing he could strangle her to death.

Monkey is not disgusted by Nie Qingru's actions, but he has always been quick-witted and thinks more than Chunlei.

He hesitated for a moment and said: "She just wanted to annoy us. We hit her, but we did what she wanted. Not only did she delay the time, but she even kidnapped Sun morally."

Nie Qingru chooses neither of them now. She wants to play tricks, but she is afraid that the sun will wipe her neck with both of them as she said.

So Nie Qingru used herself to force Sun to stop.

"She is very smart and knows that she is worthless." The monkey said with disdain and hatred: "So she moved Sun's mother out and used Sun's mother as an issue."

Chapter 4625: Suddenly, Nie Qingru was shot

Chunlei suddenly looked in the direction of Nie Qingru in the middle of the field, grinding his back molars and said angrily: "Can we just watch her talking nonsense here?"

The monkey fell silent.

He didn't know how to explain to Chun Lei.

Nie Qingru's methods are secretive and tricky, with an extremely vicious heart.

It depends on what sun thinks.

As outsiders, they definitely cannot make decisions on behalf of Sun, nor can they be provoked by Nie Qingru to help Nie Qingru better morally kidnap Sun.

"You have 5 seconds left."

Qiao Nian did not give her half a look as expected, but stretched her body, stood up, looked at the people looking for death in the middle of the field, put her hands in her pockets, and reminded her kindly.

"You're not afraid that Ji Qing won't be at peace under Nine Springs, so keep pushing me!" Nie Qingru was so angry that he threw the knife to his neck, and blood was seen on his neck.

The shadow shouted: "Queen!"

Nie Qingru moved forward to avoid him, and sternly stopped: "Don't come over."

The shadow was full of anxiety, and looked at Zhai Xicheng again: "You persuade the queen, she will listen to you..."

When Zhai Xicheng saw the mighty lady in the middle of the field and the bright red color on her neck, a gleam of relief flashed in his eyes.

The shadow urged him again.

"What are you doing in a daze. You persuade the queen, she is too dangerous like this."

"what did I say?"

Zhai Xicheng's voice was hoarse, and he didn't answer the question, as if he didn't understand what the shadow wanted him to do.

Shadow replied instinctively: "Of course you told her not to be impulsive, and..."

Halfway through speaking, Ying noticed Zhai Xicheng's indifferent and resentful eyes hidden behind his messy hair, and instantly understood.

It's not that Zhai Xicheng doesn't understand him.

But he is not willing to persuade the queen to stop at all!

Shadow realized this, and it was like cold water pouring down, cooling him from head to toe.

He looked back at the person who was still in the middle of the field threatening Qiao Nian to let Zhai Xicheng and Nie Tao go with his own life, and felt his teeth turn cold.

"Empress..." Shadow felt extremely uncomfortable. Understanding Nie Qingru's obsession, he took two steps forward and opened his mouth: "That person is already dead."

Nie Qingru didn't hear what he said clearly, only saw his mouth opening and closing, counting the time anxiously in his heart, then dodged the shadow, and continued to send the knife into his neck.

"Qiao Nian, come if you want Ji Qing to die without peace of mind!"

"Leave West City alone."

Qiao Nian half-closed his eyes, looked at the crazy person in the middle, and was about to say something.

at this time.

No one expected that an accident would happen!

I saw a bullet shoot towards Nie Qingru at the speed of a meteor through the wind, and it took only an instant for Nie Qingru to fall to the ground.

Blood spread instantly on the sand.

The smell of blood is in the air.

This scene was beyond everyone's expectations.

Even the old man in green shirt who had been silent all this time looked at the person who fell on the ground in surprise, and shouted: "Queen?!"

The shadow swooped over and held the person in his arms: "Queen, queen, don't scare me."

Nie Qingru coughed with blood rolling in his throat, turned his head towards the girl, and opened his mouth forcefully.

"Joe, Qiao read."

She looked at the girl, stretched out her hand with all her strength, the veins on the back of her hand were bulging, and coughed up another mouthful of blood, her eyes widened unwillingly.

"Let it go, let it go, let Xicheng and my brother go."

Chunlei, Houzi and the others all looked in the direction of the girl, reflexively looking at the girl's reaction, even daring not to look.

Chapter 4626: premeditated

Monkey was a little anxious, lowered his voice and asked Chunlei: "Did your people shoot?"

Chunlei looked at him with a confused face, and immediately retorted: "How is it possible?!"

There is no sun command.

They can't do it!

The monkey immediately realized something was wrong.

"Not one of us?"

Who would that be?

He looked at Qiao Nian worriedly again, he really didn't know how to describe the scene in front of him.

Right now, everyone's eyes were almost focused on the girl. Although it only happened in half a second, everyone was watching her reaction.

"Block the scene."

Qiao Nian's reaction was different from what they imagined.

Ying Ying, Mr. Xue and other members of the hermit family thought she did it. Qiao Nian should be extremely proud at this time, indifferent and even vicious.

But Chunlei, Houzi, and the rest of Fzhou know that Sun didn't make this order, and it wasn't Sun who did it. Sun should be sad and uncomfortable.

But Qiao Nian didn't respond to either.

Everyone couldn't see any emotional changes on her face, only saw that the pair of black eyes were darker and colder than usual, the eyelashes were down, and the spirit on her body was heavier.

Nie Qingru had an accident.

Qiao Nian wasn't sad or happy, it was more like a kind of indifference.

That kind of indifference is not that he was not surprised by this accident, but that he did not expect more from Nie Qingru.

So even if an accident happens, she has no feelings for this person, so she is very calm, and she can calmly grasp the key points and think with her head at this time.

"...someone else's sniper ambushed nearby."

"Yes, sun."

Chunlei reacted very quickly, and immediately called a few people to arrest people nearby.

at the same time.

Qiao Nian turned around, raised her hand and pulled the peaked cap to cover her eyes, slightly raised the corners of her mouth, showing a very cold arc.

Said calmly to Yingshi and the others, who were the most inconspicuous of all, but most likely to trick people.

"wanna die?"

Ying Ten didn't expect that Qiao Nian would immediately suspect him, and from the tone of his voice, he was sure that he did it.

He immediately touched the weapon on his waist and let out a low drink.

"Do it!"

His men touched the gun immediately.

Monkey and others responded immediately.

Just when the conflict between the two sides was about to break out, a few small black round \*\*\*\* were suddenly thrown in from the outside.

Qiao Nian looked very familiar, and immediately whispered to the monkey and the others: "Be careful."

Then, as the black ball detonated in mid-air, thick smoke with a pungent smell filled the surrounding area, quickly covering everyone's sight.

Er Yingshi and the others took this opportunity to break out: "Remember to take people away."

He gave an order.

The others methodically snatched Zhai Xicheng from the two people from Continent F, and then went out recklessly.

Just when the man who led Zhai Xicheng to the island was about to succeed, there was a sudden sharp pain in his back, and he felt half of his heart paralyzed, and he lost his strength and fell down.

Before he turned his head and fell down, he vaguely saw the girl raising her hand calmly and shooting in his direction.

—Qiao Nian.

With the unwilling sound of bubbling in his throat, he closed his eyes forever.

And Zhai Xicheng was pulled down to the ground by his force, rolled twice on the sand, took the opportunity to break free from the knot in his hand, and tried hard to run forward before the next shot was about to come.

The hacker next to Ying Ten didn't know when he came over, so he grabbed him at this moment and shouted: "Let's go!"

Chapter 4627 Sister Nian: Only one person is left alive

The hacker grabbed his hand, and with his help, Zhai Xicheng quickly got up and broke out, without turning his head to look at Nie Qingru who was lying in a pool of blood.

at the same time.

Shadow Ten shouted: "Others protect them to evacuate."

The people on the island were well-trained, and immediately covered Zhai Xicheng and the hackers with firepower under the cover of tear gas to leave here.

"Ah."

Qiao Nian took the machine gun in Chunlei's hand and loaded it directly.

At this time, Mr. Xue covered his mouth and ran not far from her. Seeing this scene, he reminded in a low voice: "Qiao Nian, don't mess around. They are from the island. If you kill someone, the island will not release them." over you."

Chunlei and the others were still wondering where the island was, and Mr. Xue turned pale with fright.

Qiao Nian ignored him at all, raised his gun and shot at Ying Shi and the others, completely ignoring the so-called island.

Ying Shi watched the two brothers beside him fall down. He was also shocked and angry. He turned around suddenly and saw the girl looking at him from a distance through the thick smoke.

Those black eyes were chilling and stern.

There is a prairie fire inside.

Ying Ten's hairs stood on end immediately, and immediately called to stop those who were still shooting with the people in Continent F to cover Zhai Xicheng's evacuation.

"Don't, don't hurt people."

"Never kill their people."

But in such a hail of bullets.

It was too late for his order to be useful.

People on the island habitually put their own needs first, fear nothing, and believe that they are above everything else.

They didn't feel that these people dared to take their own lives.

After they covered Zhai Xicheng's departure with gunfire, at worst they would report their own family, and the so-called diamond bosses in F state would not dare to touch them at all.

Everyone thinks so, so how can they show mercy.

King Ten's words were like sinking into the sea.

That is just a few seconds.

Qiao Nian gave the order.

"Send the helicopter over."

"yes."

Two helicopters that had already been circling nearby flew over from the sky.

The strong wind rolled up by the helicopter's wings blew away the mist of tear gas in an instant, and soon Ying Shi and the others were completely exposed to sight.

Qiao Nian also discovered at this time that Ying Shi still had one hand left, the little foreign man with pigtails who threw smoke bombs among the crowd in the square was now pulling Zhai Xicheng into the car with one hand.

She set up her gun and aimed at the person who was about to get into the car from a distance, and shot directly from a long distance.

Just listen to 'BOOM'!

Ying Ten looked back abruptly.

I only saw Zhai Xicheng being quickly thrown down by the hacker, and at the same time the hacker was shot and fell to the ground.

And Yoderma found the girl with a gun aimed at them, and pulled Zhai Xicheng into the car with his arms. He didn't know what the two said.

"Let's go, let's go!"

"But..."

"Let's go."

"Didn't you come to save me? If you don't leave, it will be too late."

Ying Ten heard Zhai Xicheng's hoarse and impatient command voice coming from his Bluetooth headset.

Yoderma gritted his teeth, took off the headset and threw it on the ground, and drove over the headset. The jeep kicked up a cloud of dust and rushed towards their planned evacuation.

There are two helicopters chasing them behind them.

Qiao Nian fired another shot from a distance and shot at the trunk of the jeep. Thick smoke ignited from the trunk, making it look even more dangerous.

But because they were driving a car, the shooting distance of the machine gun was limited, and they couldn't chase the third shot.

The girl slowly put down the gun in her hand, and looked sideways at Yingshi and the others who played the trick with a blank expression: "Only one person is left alive."

Chapter 4628 He only wants to talk to Sister Nian now

There are several fallen F-state brothers on the ground.

Chunlei and the others didn't want to bear it for a long time.

Now with Qiao Nian's approval, Chun Lei said directly, "Good."

Then he picked up the walkie-talkie and arranged for the snipers around: "Sun said, only one will be left alive."

She swept across the chaotic crowd on the field, set her eyes on Ying Shi, and continued domineeringly: "Leave their leading boys, and others can figure it out."

Next three minutes.

It was a unilateral massacre on the F continent.

Red rays light up densely.

Precisely aimed at the people on the island who hadn't escaped yet.

While they were still wondering what Qiao Nian was going to do, Chun Lei gave the order and shot.

I saw blood flowers explode one by one.

Yingshi's eyes were scarlet, and his face was extremely embarrassed. He dropped the gun and shouted loudly at the girl who was carrying her back in the crowd: "Qiao Nian, don't shoot. Let's talk again!"

"Qiao Nian!"

The people around him fell one after another, and no one would stop killing because of his words.

Ying Ten realized how stupid his so-called clever calculation was.

He brought over this time all brothers who were born and died in his own team.

Before pretending not to participate, it was also to take advantage of the chaos and design to take Zhai Xicheng away.

That's why when he saw that Nie Qingru was useless and unable to let Qiao Nian let Zhai Xicheng go, he let the sniper who had been hiding before and hadn't been found to do it, and took Nie Qingru's shot and fell to the ground as a signal to rescue him in the chaos. Zhai Xicheng, complete the task.

As for whether Nie Qingru will die with that shot, it has nothing to do with him.

He just wants to get the job done.

But.

At this moment, Ying Shi completely regretted it.

All his brothers fell down one by one in front of him, and some even looked at him and called captain before falling down.

The ground is full of blood.

The bright red color almost dyed the sand red.

Also let the people brought by the remaining shadow, or the old man in green shirt, feel the pressure and fear of what is called scalp numbness.

Qiao read it seriously.

It's not that she doesn't know the identities of Ying Shi and the others, she is not afraid at all, and she really dares to do it.

With the last few about to fall.

Shadow Ten's senses were greatly stimulated, his eyes widened, and he shouted, "You can't do this, you're crazy!"

They are the people of the island.

Qiao Nian clearly knew that they were from the island.

Since she didn't want to provoke the island before, why did she let someone shoot her now.

"Qiao Nian, you're crazy! Aren't you afraid of retaliation for doing this?" Ying Ten knew that they were no match for Chunlei and the others at all, and they were on their territory.

The reason why he dared to shoot Nie Qingru or play tricks before was relying on the power of the island behind him.

He was sure that even if Qiao Nian suffered a lot, even if he got angry, he wouldn't really do anything to them.

As long as the ten elders on the island come forward, they will be fine.

This was what Yingshi had thought up before.

But reality slapped him hard.

Qiao Nian not only dared to do it.

Also make them pay for all their previous actions.

But is she crazy?

She went crazy?

"Qiao Nian!" Ying Shi's eyes were red and bloodshot, and he was held down by four people.

Chunlei picked out his ears, looked at the girl who walked away without turning her head, looked impatiently at Ying Shi who was kneeling on the ground, walked over, raised his chin with a gun, and said very annoyedly: "OK Stop howling. I can't hear you when Sun is gone!"

Chapter 4629 I swear, the queen doesn't know

"You are a big man who dares to act and act, you dare to let people go, you don't have to pay the price? What are you talking about? We talk to you and you don't listen, we don't talk, and you are crying here again. What is there to cry about?" Yes, the current result is not your own choice?"

Yingshi hugged her head in pain, and looked up at her fiercely when she heard the sound.

Chunlei accepted his murderous gaze calmly, and called two people.

Said to Ying Shi who was already on the verge of emotional breakdown.

"You are lucky, Sun wants to keep alive."

The implication.

You don't have to look like you're going to die or live here.

Then Chunlei said to the two people who came over: "Take him back to the base camp first!"

\*

the other side.

People from the Hermit family have already carried Nie Qingru to a relatively clean open space, and are anxiously looking for a doctor.

"Help find a doctor."

"What are you doing, someone here has been shot, call a doctor!"

Everyone in Continent F started to clean up the battlefield.

People come and go around them.

But no one stayed for Nie Qingru.

Everyone acted as if they didn't hear and were busy with their own affairs. Even if they were held by the shadow, they would break away from the shadow's hand and walk away in a detour.

This is the case when the shadow intercepts four or five people.

He was desperate.

Looking back at the blood-covered person lying on the ground, Shadow gritted his teeth again, and stepped forward again to grab a person from Continent F.

shouted at the other party: "Can't you hear me? That's your boss' grandmother, can you take responsibility?"

at this time.

The girl wearing a peaked cap came over and talked to David's subordinate who was a little helpless when he grabbed his arm.

"Go and help Chun Lei and the others first."

"Okay, sun."

The man slipped away so fast that only his back was left.

Shadow saw that the people around him were hiding far away, except for Qiao Nian, he couldn't even catch the second person.

He had no choice but to accept his fate and lowered his head: "Miss Qiao, I beg you to save her."

When Shadow said this, his heart was filled with coldness, and he didn't hold any hope.

But Qiao Nian was his only hope, no matter how desperate Shadow was, he had to seize even the slightest chance.

"She...she may not be a good grandmother to you, but she is seventy or eighty years old after all. You should sympathize with an old man, please... find a doctor to help her."

What he said was extremely difficult.

Every word reveals despair.

Qiao Nian stretched out his hand and lifted his peaked cap, revealing a pair of beautiful dark eyes, inside which was the shadow of a mourning concubine.

"Are you involved in this plan?"

Shadow raised his head abruptly, as if he didn't immediately understand what she meant.

Then the shadow quickly realized, and immediately said: "No, the empress doesn't know that they will do something later."

Qiao Nian narrowed his eyes, as if examining him.

Shadow hurriedly raised his hand and swore.

"I swear, the queen has no knowledge of what happened next!"

Then he showed an expression of extreme pain and regret, with red eyes, and slowly put down his hands: "If I knew they were going to do this, even if the Queen agreed, I would not agree. I can assure you, at least in As far as I know, the empress doesn't know about this operation..."

Qiao Nian raised the corner of her mouth and quickly dropped it, saying mockingly: "That's right. With her character, I'm afraid it won't be so easy to agree to it if she asks her to sacrifice her life for another chance."

Shadow just clenched his fists. Although he thought that Qiao Nian's attitude when he mentioned Nie Qingru was really not good, he had nothing to refute.

Chapter 4630 Queen, is it hopeless?

Because he has been by Nie Qingru's side for decades, he knows the Queen's character very well, and the Queen is very sincere to Zhai Xicheng.

But if the people on the island like Ying Ten asked her to gamble her life on a chance to save Zhai Xicheng later, the queen might not agree.

Qiao Nian bypassed him at this time, and said lightly: "Go and have a look."

Shadow froze for a moment, then hurriedly followed.

...

Qiao Nian walked over and saw Nie Qingru laying on the ground dyingly, her eyes wide open unwillingly.

The body and the ground are all covered with her blood.

Her head was full of silver hair, and her hair was disheveled and covered her shoulders, and a few strands of blood-stained hair stuck to her cheeks.

Nie Qingru's face was ashen and defeated, as if he was approaching the end of his life.

The queen of the once invincible hermit family turned out to be so embarrassed at the last moment of her life, without any dignity.

Qiao Nian stopped only two steps away, just took a look, and told the shadow who was following behind.

"She's not going to live."

Nie Qingru is in the middle of looking, hearing and asking in Chinese medicine, just a word of looking, already showing the appearance of running out of oil and lamps.

Shadow ran up to Qiao Nian in disbelief, and begged her sadly: "No, Miss Qiao, if you think about it again, there must be a way."

Qiao Nian was very indifferent: "No way."

Shadow shook his head, still unwilling to admit the fact: "...you can send the queen to the hospital, find a doctor, and seek expert consultation."

Qiao Nian glanced at him, put his hands in his pockets, turned sideways and coldly watched the woman whose life was passing by little by little, without saying a word.

Shadow hugged his head in despair, and slowly squatted down.

"no, I can not."

"impossible."

"There must be a way."

At this time.

Old Xue and others also surrounded him.

Chunlei's main goal is to clean up the battlefield and take away Shadow Ten, not them.

So people from the hermit family such as Mr. Xue are actually left alone, and they still have a certain degree of freedom of action.

But it is only limited to activities in this area.

They wanted to leave, so they had to ask Qiao Nian for his opinion.

Qiao Nian agreed to them to leave.

Otherwise, none of them would want to leave Continent F.

It was for this reason that Mr. Xue came to look for Qiao Nian, but he saw Ying half kneeling on the ground with his head in his arms and weeping bitterly.

His heart tightened, and when he approached and saw Nie Qingru who was moved to the corner by the shadow not far away, he couldn't help but sighed slightly.

"Is the queen... hopeless?"

The old man in the green shirt walked behind the girl at some point and asked softly.

Qiao Nian knew who it was without looking back.

"You want her alive?"

"..."

Old Xue was silent when asked.

"Tsk." Qiao Nian sneered, not knowing whether to ridicule them for their lack of humanity or their hypocrisy.

Old Xue's face was slightly hot, and he almost didn't have the courage to continue standing here.

But he came to find Qiao Nian with a purpose. After a short silence, he still found an opportunity to say: "The Zhai family has made contributions to the hidden family, and there is only one male left in the family. So I came here this time just to Saving people is not intentionally making things difficult for you."

Qiao Nian propped her chin, and nodded nonchalantly.

Old Xue plucked up his courage: "Now Zhai Xicheng has been taken away by the people on the island, and we didn't know it beforehand. There is no point in staying here. Can you let us go?"

at this time.

Nie Qingru, who had been lying on the ground without moving, suddenly stretched out her hand and scratched, as if trying to grab something, and there was a gurgling sound in her throat.
