

Madam's 4851

Chapter 4851 Sister Nian: Come on, keep going

The fact that she is still in the first place only shows that her algorithm was fast enough in the early stage and she was far away from the average number and wsnd.

However, the speed gap between the two sides is so huge that it is a certainty that wsnd can catch up.

Everyone was dumbfounded.

There has never been such a person in CCT.

A brand new ID can roll up the hand speed to this extent, which already has the flavor of Shura Field.

[Caihua Snake Plays Cai Cai: aommon is starting to speed up!]

Everyone look over immediately.

Sure enough.

Aommon, who is currently ranked first, probably saw the ID that suddenly entered the top ten, so he suddenly changed his speed and increased his hand speed.

200.

205.

210.

She also caught up with the speed of 210 in the blink of an eye, maintaining the same hand speed as wsnd, as if she was competing with the opponent and must win.

...

Rhine.

The girl looked at the hand speed of aommon on the computer, crossed her legs, put the notebook on her lap, and leaned on the back of the sofa very relaxedly. No one could tell that she was participating in the CCT competition. She was so casual and careless. The state is more like playing a game.

Gu San looked behind and saw Qiao Nian speeding up again.

The number representing hand speed on the suffix of her computer ID began to soar.

215.

230.

266.

...

300!

The speed was fixed at 300, and she did not continue to go up. She hung there motionless, as if provoking the person who was chasing her before.

‘Come on, keep going.’

...

In the Waldorf Astoria Hotel, Elena's face was extremely ugly. She narrowed her eyes severely and did not dare to stop her hands.

300.

She has known for a long time that Qiao Nian is very capable, otherwise he would not have become the boss of the Red Alliance and the uncrowned king of the hacker world. But computer algorithms are not just about programming, but also about hand speed and architecture.

She had no idea that Qiao Nian's hand speed could reach such astonishing figures.

This number seems to exceed her limit.

But the posture put up by the other party clearly told her that 'she' could be faster!

Elena seemed to be pressed by an unknown mountain on her back, making her breathless. She also had a serious expression and refused to give up. She was bound to win.

**

[Eddie: 300? ! I must be blind.]

[Caihua Snake Plays Caicai: ...I saw it too. You're not alone, brother. I'm blind, blind, so awesome!]

Hand speed 300 has made history.

Why isn't it awesome?

They watched wsnd keep chasing up from the 8th place, and it didn't take much time to catch up to the top three.

Among the big guys at the back.

zhou seems to have given up on this year's competition.

actually appeared in the chat room.

[zhou: Am I a woman? Did I give it to you? Or my granddaughter's?]

He showed up in a big size, and many fans and fans screamed excitedly.

Someone was kind enough to answer his question.

ify by what your brother from
country Z explained as 'I am capable', which means 'I am very capable' and 'I am very powerful'.]

[zhou: Why do I feel that this is not what I mean...]

But soon everyone's attention was once again attracted by the fierce competition on the field.

on is still capable.

aommon is speeding up.

He is also following the speed increase.

But his maximum hand speed is only 230. If he is running with someone with 300, he will definitely be narrowed in less than two laps and left behind.

This is also the case.

He is out first.

From second place to third place.

The ID of the third place jumped up one place and became the second place.

Aommon hasn't given up yet.

Her hand speed has soared to 289.

But after reaching this speed, she seemed to have reached her limit, unable to take another step forward, as if she was nailed to 289.

Chapter 4852 Sister Nian: I am your father

And wsnd, which was catching up arrogantly along the way, did not continue to increase the speed, and kept it at 300. It was like playing a cat and mouse game and slowly followed aommon to catch up little by little.

This is a killing that is pleasing to the eye.

It's not the kind of picture where one knife goes in and one knife comes out.

Rather, it is the ultimate aesthetic of cutting flesh with a blunt knife that people can appreciate.

Even though Aommon, known as the God of A, ran forward desperately, wsnd followed behind and kept narrowing the distance between the two.

Until the last ten minutes.

She then speeded up again.

310.

322.

330.

The number in the hand speed column of "I'm very good" stopped at 330. Such an accurate integer shows that the opponent can still increase his speed.

There was only one reason why she didn't speed up. In the last three minutes, she successfully knocked down Aommon, who was in first place.

A brand new ID topped the list of this year's CCT!

Everyone has become a witness to history.

The chat room that had been busy with the screen became quiet instead.

Everyone is still digesting the explosive news.

at this time.

[Xanon: Can I ask you what this ID means?]

He boldly loved Qiao Nian.

The same doubt comes to everyone's mind, yes, what does wsnd mean? Did the cauliflower snake from country Z mean 'I'm very good' and 'I'm very powerful', or did the Zhou **** come out and ask 'I'm yours', 'I'm a woman' or 'granddaughter'.

At this time, Qiao Nian also noticed the small red dot at the top of the lower left corner of the computer, reminding her that there was an unread message, and she clicked on it with the mouse.

See Qanon's question.

Gu San, who was watching the normal game behind her, also saw the question raised by the other party, and he subconsciously came up with an idea.

Before he could ask, he asked. I saw the girl curling up her lips, typing the next line of words on the keyboard nonchalantly, and pressing the Enter key to send it out.

【wsnd: I am your father. 】

The person who ranks first in the CCT competition has a highlighted font, which makes it easier for people in the chat room to see what she is talking about.

As soon as her reply came out, everyone squatting in the chat room took a breath and fell silent.

The ID of **** a is arrogant and crazy. He claims to be the **** of ancient Egypt and names himself after the god.

But in front of wsnd, the so-called godhood and pride of God A become worthless, like porcelain that can be easily crushed and scattered by the fragile wind.

—I am your father!

Chanon guessed the ID all night and finally got the answer. As the only person who noticed Qiao Nian from the beginning, he also recorded the screen.

He sat silently in front of the computer and sent an emoticon.

[Canon: 'thumbs up'.]

The same emoticon of Yi Shui'er below.

It's all about Qiao Nian winning first place and being convinced by this ID.

[zhou: You are a young man who is courageous. Congratulations.]

Qiao Nian didn't look at the chat room again and exited directly.

Then she picked up her phone and sent a message back to the number she had texted an hour ago, with only three simple words.

【you lose. 】

**

at the same time.

At the Waldorf Astoria Hotel, Elena heard a ding from her cell phone as if she was being fished out of water, waking her up from the nightmare of losing the CCT.

She reached for her phone and looked at it, and saw the message from Qiao Nian.

- 【you lose. 】

^The content of the text message was extremely concise, so concise that you couldn't feel the other party's joy at all, and it was as straightforward as telling her to eat and drink water.

This tone of matter-of-factness was like a slap in the face from afar, making her look pale and unable to hold onto her phone calmly for a long time.

Chapter 4853: I am willing to admit defeat, but also want to win over Sister Nian

Behind her, the shadow guard of the Eileen family said worriedly: "Miss, do you really want to abide by the bet and tell her your true identity?"

Without waiting for Elena to answer, the shadow guard whispered again: "There are rules on the island not to reveal your identity. If someone finds out, you will be criticized by the ten elders and the clan leader."

Elena is the most outstanding person among the younger generation. She has been a role model since childhood and has never been criticized.

She asked back: "You want me to cheat?"

Shadow Guard was stunned and didn't know how to answer.

He just felt that it was inconvenient for the eldest lady to reveal her identity, but he did not directly tell the eldest lady to cheat.

Elena lowered her eyelids, with a cold light in her eyes, pursed her lips, and said coldly: "I am willing to admit defeat, I will not cheat."

Before the shadow guard could understand the reason, he suddenly heard her say this and looked over suddenly, and saw Elena picking up the phone and walking to the window to make a call.

"Miss." He stretched out his hand to stop her, but he didn't know what to say after stopping her, so he hesitated.

While he was hesitating, Elena had already called the other person on the phone and spoke first: "I promise to honor your bet. You want to ask me about my identity, right? You should have guessed it, right?"

Qiao Nian was quite casual: "Ah, I guessed a little bit. I want to hear you say it yourself."

Elena heard the other party's understatement, gritted her teeth, suppressed the emotions that surged at that moment, and said in the same casual tone: "I am the fiancée settled by your boyfriend's grandfather and mother, and I am also the one on the island. The heir of the Erin family."

She said it directly and felt that there was no need to hide it anymore.

"I've known that he has a girlfriend since I came to Beijing, so I've always wanted to meet you. The few times we met before, I was looking for you specifically. You are better than I thought. No wonder he fell in love with you."

Elena's tone was deep: "Qiao Nian, I don't want to be your enemy, we can be friends!"

The reason why she is good enough is that she is calm enough and can always choose the most rational way to deal with things and make friends.

For example now. She changed her mind.

Through this CCT competition, she could see that the opponent was not easy to solve. In this case, Elena changed her mind. Rather than defeating Qiao Nian, she was more interested in winning over this person.

"We can be friends." She emphasized again.

The other end of the phone was quiet for half a second, making Elena mistakenly think that she had convinced the other party.

She was about to say it again.

I only heard a rather light squeaking sound, followed by the girl's low and hoarse mocking: "You have fallen in love with someone else's boyfriend and you still want to be friends with someone else?"

Elena looked slightly cold: "I said, I am the fiancée settled by his mother and grandfather."

"What a coincidence, I was also the baby bride arranged for him by his family. In terms of time, you were also the one who intervened later."

Qiao Nian didn't give Elena a chance to continue, and threw the question back lightly: "So why do you, a mistress, want to be friends with me?"

Elena's face is extremely ugly!

She prides herself on being of noble birth and having an extraordinary bloodline, but this is the first time someone has labeled her a mistress, which she cannot accept.

"That's different!"

Compared to her anger.

Qiao Nian was extremely calm: "What's the difference?"

"I am on the island..." Elena wanted to say how could it be the same? Of course, the marriage contract established on the island overrides other relationships.

He was interrupted by the **** the other end of the phone: "The island is nothing to me. If I remember correctly, he doesn't know you at all."

Chapter 4854 Sister Nian: Are you deaf?

Elena was calm: "He will know him sooner or later."

Qiao Nian was quite speechless towards this kind of person, and was too lazy to tell her: "Then wait until he gets to know you!"

Seeing that the other party was about to hang up the phone, Elena took the lead and said, "Qiao Nian, let's meet."

?)

Probably the other person didn't make any sound.

Elena took a deep breath: "I still said that, we can not be enemies, I admire you very much. We can meet in private, talk about Haitong, and talk about the island by the way... I said on the island If you can talk, I can help you..."

"Tsk, what can you help me with?" the girl asked lazily.

Elena replied methodically: "I already know what you did in Continent F. Your actions undoubtedly offended Mr. Mu."

"The Aileen family has been friends with the Mu family for many years. I can act as a lobbyist and help you bridge the gap to resolve conflicts. How about that?"

She thought the conditions offered were attractive enough.

No one would want to offend the island.

Of course Qiao Nian will not be that exception!

However.

The answer she expected did not appear. Instead, after a few seconds of silence, she heard the girl's cold voice: "Are you deaf? I said I have no interest in the island. Why is the island here for me?" No. It's a place that is nothing, and I don't need lobbyists. He wants to seek revenge from me, so please do so!"

Elena suddenly changed her face: "Qiao..."

This time before she finished speaking, the other end of the phone had already hung up.

A busy tone came from the phone, like the loudest taunt.

The shadow guard cautiously called out from behind: "Miss, are you okay?"

Soon he said angrily: "She is too arrogant, why don't you find a few people..." to teach her a lesson.

Elena came back to her senses, and the light in her eyes gradually focused. After hearing this, she looked back at the shadow guard, her eyebrows furrowed, as if she was answering the shadow guard and saying to herself: "Do you think she is so easy to deal with? This is her territory. , don't act rashly."

She said this, but the emotions in her heart were surging to cover up the murderous intent in her eyes. She returned to the original place with her mobile phone. When she sat down on the sofa, she saw the chat room on the computer that was still refreshing the screen.

[doggo: This year's CCT is so beautiful! I unilaterally declare myself a fan of wsnd.]

[Alice: The big guy's hand speed is 330, and he can go higher. It's really impressive, but he doesn't know whether he's a boy or a girl under the skin. If you are a woman, my sister is so cool!]

[Kanon: Male, right? Women have no advantage in the field of computer algorithms.]

[Alice: Haha, let me see in the 21st century, who is still living as an antique and engaging in sexism. Oh, it's Nong, that's okay.]

The following topic is twisted into whether wsnd is male or female.

Everything is possible.

Elena looked at the chat history that was constantly being refreshed on the screen. Qiao Nian's ID was floating all over the screen, reminding her of how ugly her loss was not long ago.

At this moment, her phone lit up.

Elena's attention fell on her mobile phone. When she saw the caller ID, she took a deep breath, adjusted her mood, and turned her eyes away from the computer.

Answering the phone, Rouju said: "Hey, Ying Shi, why are you calling me so late? You haven't rested yet?"

I don't know what was said on the other end.

Elena raised the corners of her lips and became softer: "I heard that you were injured. I originally wanted to go back to the island to visit, but I couldn't get away. Are you feeling better?"

The other figure was probably still in the hospital, so he replied: "Much better."

Chapter 4855 I still want to get through by cheating

Then he said the purpose of today: "I remember today is the day of the CCT competition, but unfortunately I can't watch the scene in the hospital. Miss Eileen, congratulations in advance for defending your first place."

Shadow Ten said it very sincerely and congratulated her heartily... If Elena won the first place, it would be a very warm moment.

But unfortunately, Elena didn't get the first place.

Moreover, he found Qiao Nian in his own way, and he was tortured, and became the background of this CCT competition.

"When you come back, I'll call everyone to celebrate together." As an uninformed third party, Shadow Ten never thought that Elena didn't get first place.

In the eyes of the second-generation people on their island, Elena is strong enough to defeat those outside, and she is not easily crushed.

How could Elena not take first place?

"It's been a long time since we all got together." Shadow Ten suffered a major blow in Continent F. He has been adjusting himself recently, so talking to her makes him feel better.

Elena suppressed the twitching on her face and whispered: "Ah, well, something happened this year. I'm not number one."

Shadow Ten obviously didn't expect it: "Uh..."

Elena's expression remained unchanged: "The first one is a new guy, he came out of nowhere. The hotel network is not good, so my computer got stuck."

This means that if her network is not stuck, she will be the first.

Ying Shi was used to her being excellent in everything, so he believed her after hearing her explanation. He comforted her and agreed to get together when she returned to the island.

After hanging up the phone from Ying Shi, Elena was no longer in the mood to look at the computer. She bent over to close the computer, dropped the phone and went to the bathroom to take a shower.

She was feeling depressed now and just wanted to take a cold shower to calm down.

**

The next day.

Haitong has been in the police station for a day and a night, during which no one came to visit her, let alone bail her out.

From the very beginning of her noisy hunger strike, she was so hungry that she couldn't bear it the next day and ate steadily.

She is a person who has never endured hardship after all. After Haitong realized that no matter how noisy she was, it was useless, she began to cooperate with the police in taking notes.

But she never forgets to make excuses for her behavior every time.

“I entered that room, but I didn’t go in on purpose. I just saw that the room was open and went in to take a look. Is there no rule that I can’t go in?”

"I was curious when I saw the USB flash drive, so I opened the computer to see what was inside. Later I found some information inside. I thought it was study material that could be copied, so I copied it with my mobile phone. I am also studying this major myself. , why must you want to copy the information and steal it abroad? Who said it, did Qiao Nian say it? Does she have evidence? "

"As for why I didn't admit it? How novel. I was just visiting normally, and suddenly I was stopped and refused to leave. As soon as I came, I was asked to confess to stealing things. I just subconsciously protected myself, so I didn't disclose the information on my phone. Regarding the matter of copying the USB flash drive, this can be regarded as ignorance at best."

o

But Jiu Suo is not used to her.

The next day, Bo Jingxing packaged all the surveillance footage and handed it over to the police. As for Haitong's behavior in the surveillance footage, it was definitely not considered as entering the room "unknowingly".

After the policewoman in charge of taking notes played the complete video to her, she looked at the girl with a white face sitting on the chair.

Chapter 4856 Now I know I regret it

"Ms. Haitong, our process has been completed. You will be transferred to the detention center in the afternoon. Before that, you will be granted half-day family visit rights. If you think it is okay, please sign the record."

Haitong looked dazed, bit his lip, and said, "What will be the result for me?"

The policewoman looked at her in surprise. Seeing her shaky appearance, she finally relented: "It depends on how the court decides."

She felt that she would not be able to escape in 3 years.

However, she saw that Haitong was not very old, so she didn't say it directly, so as not to shock her too much.

The policewoman pushed the transcript in front of her and handed over the pen: "You can look at the transcript to see if there is any discrepancy between what is written on it and what you said."

Haitong picked up the pen in a daze and read down the transcript.

It says exactly what she said.

If you follow what she said, you will definitely not go to jail.

But Haitong had just watched the surveillance video and knew very well that the transcript was just a formality and the evidence was the surveillance video.

She signed her name on the record tremblingly, raised her face, and asked the policewoman impatiently: "When can I see my family?"

The policewoman took the transcript and looked at the place where she signed. After making sure that there was no problem, she stood up and the chair made a "click" sound as it rubbed against the ground.

“I will submit the transcript and file it, and then we can go through the process.”

...

Haitong sat alone in the small dark room and waited for more than an hour, and finally heard a series of footsteps approaching from outside.

Soon the door opened.

The light from outside shone in, and her eyes were uncomfortable for a moment, so she closed them.

I heard a crying voice: "Tongtong!"

Haitong opened her eyes immediately when she heard her parents' voices. When she saw Haifu and Haimu coming in from the door, her eyes heated up and tears fell down.

“Mom, I don’t want to go to jail. I don’t want to go to jail. I’m still so young and haven’t graduated from Cambridge yet. I can’t go to jail...”

Once she goes to jail, there will be a stain on her life history, and this stain will accompany her for the rest of her life. Even if she is released in the future, with this stain, she will not be able to get a foreign visa or green card.

Haitong prides himself on being a top student, unlike those second-generation ancestors in Beijing who only know how to eat, drink and have fun. How can he endure the stain on his life?

She cried so hard that she couldn't move because she was handcuffed to the chair. She could only look at Father Hai with red eyes from crying and beg: "Dad, Dad. Tell grandma, can you let grandma take me out? Please, please." Grandma, grandma has loved me the most since I was a child, and she will not ignore me. You ask grandma to tell Grandpa Ye, and I can go out as long as you tell me."

“Hai Tong, listen to me.” Hai Mu wanted to explain to her.

Haitong covered his ears and said hysterically: "I won't listen!"

"Why are you here now? Why don't you help me find grandma and the Ye family? Am I still your daughter? I'm going to jail, and you will be embarrassed as well."

Father Hai couldn't listen, so he stepped forward in three steps at a time. He ignored Mother Hai's screams and stopped her, raised his hand, and slapped her **** the face.

Just listen to 'pop—'.

Haitong was slapped until the left side of his face was numb, his eardrums were buzzing, and his head turned sideways.

She seemed to have been stunned. She turned around, tears streaming down her face: "You hit me?"

Father Hai was furious: "Don't you deserve to be beaten for the good things you did?! Who asked you to go to Jiusuo to steal things? Is this how your mother and I educated you?!"

Chapter 4857 It's up to them to decide

The expression on Haitong's face changed from anger to guilt. She stretched her neck and said harshly: "I didn't steal, I was just curious."

Then she insisted: "It's Qiao Nian, that little **** who slandered me! She just can't understand my relationship with my brother and targets me everywhere."

Haitong did not forget to look at Haifu with red eyes, holding the finger prints on her face, and begged: "Dad, I don't want to go to jail, I can't go to jail..."

Father Hai looked at her expression that described madness, dropped his hands slumped by his side, and said hoarsely: "It's too late."

Haitong felt as if he had been struck by lightning, and his mind went blank.

"What, what do you mean?"

Can't the family protect her?

Hai's father stared into her eyes and said word by word: "Since your accident, your mother and I have searched everywhere for connections, but no one is willing to wade into troubled waters to save you."

Haitong opened his mouth: "Ye..."

Hai's father sneered: "You think I didn't find your grandma? Your grandma personally came out to find people and found Mr. Ye. She told your grandma exactly what you had done, and your grandma decided on the spot to ignore you."

"You broke her old lady's heart!"

Haifu thought that Haitong could have successfully entered the Jiu Institute and developed well in the capital city, and reached this stage.

He felt more uncomfortable than anyone else and was more angry than anyone else that she didn't live up to expectations.

But things have come to this.

Haitong is his only daughter.

Haifu was not only angry, but also felt a deep sense of powerlessness.

“Your mother and I ran to the old house again to ask for help from Mr. Ye, but they refused to see us. We stayed until the police called us to visit, but your Aunt Ye and Grandpa Ye didn’t come out.”

This is the attitude of the Ye family.

Ye Maoshan refused to help.

Hai's father only understood the meaning of what his mother said today - no matter how great a favor is, it will be used up one day. They usually use it indiscriminately and always make some small tricks secretly.

Ye Lao never mentioned it, but he knew it clearly in his heart.

They usually use the favors from the older generation to some extent, and now they still use that favor to make things happen.

People can naturally put them aside and not want to help them anymore.

Haifu is lying when he says he has no regrets!

But when things got to this point, he couldn't help but regret it.

"Your mother and I are here to see you. By the way, we have hired a lawyer for you. You will cooperate with the lawyer and try to reduce the sentence by a few years." Hai's father said sadly.

Haitong's pupils tightened, and she grabbed the railing in front of her with both hands. Veins popped out on the back of her hands: “No, I won’t go to jail!”

“Dad, I want to see Qiao Nian.”

“Can you help me find a way to see her?”

She cried: "I am willing to apologize to her. This time I will apologize properly. Please let her come to see me and let me go."

Looking at her hysterical embarrassment, the good sea mother's heart clenched in distress, and she immediately covered her face and started crying.

Hearing the cries and shouts in the room, Haifu had a splitting headache. For a moment, he didn't know what to say to calm them down.

Visiting hours are limited.

They can't stay here forever.

When someone informed them that they had to leave, Father Hai looked at Haitong, whose eyes were red and swollen from crying, and said, "You stay here well for now. I'll come see you again when I have a chance."

Haitong watched him turn around and leave, unable to hold on any longer: "Dad!"

Haifu pulled Haimu, who was crying so hard that she couldn't stand, out of the visiting area and hurried out.

Chapter 4858 Is it too late to beg for mercy now?

The driver was waiting for the two of them outside.

Seeing that Haimu's makeup was all stained and she couldn't stop crying, and she looked so embarrassed, she didn't dare to look any further and took the initiative to open the car door for the two of them.

"Go up first." Father Hai asked Hai Mu to go up first.

The haggard one got up first, and then he bent down and got into the car.

The driver went around to the front and turned around to ask, "Mr. Hai, where should we go next?"

"Go to the mansion..." Hai's father said as he thought of his daughter crying inside. Then he looked at his wife who was still sobbing beside him. He pressed his temples and said, "Go to the Rhine Mansion."

**

Rhine.

Gu San immediately learned that the Hai family members were guarding outside.

He was afraid of disturbing Qiao Nian, so he went to the room to find Ye Wangchuan: "Master Wang, people from the Hai family are here, and they should want to find Miss Qiao."

Ye Wangchuan's hands and eyes were open to the sky. Of course he knew that Haitong was on hunger strike at the police station and refused to cooperate in taking notes. He also knew what his parents probably said when they visited him not long ago.

He raised his eyebrows slightly, but he didn't expect that the Hai family would have the nerve to find Lai Yin.

"What are they thinking?"

Gu San lowered his head: "I probably want to block Miss Qiao down there."

"Now that they're here, most of them won't leave until they see someone. They can't say anything nice when they see Miss Qiao. They just lick their faces and ask Miss Qiao to let her go." Gu San's tone was not good, which shows that the Hai family's behavior is bad. How disgusting.

Haitong's behavior is no longer a personal grudge, it has long been elevated to the level of stealing confidential information.

If Haitong's behavior is allowed to be indulged, with Haitong's character, the scar will be healed and the pain will be forgotten, and the old behavior will sprout again in a short time.

When the time comes and a huge disaster occurs, who will bear the responsibility?

They think this is a child's play, if you slap me today, you say sorry, and if I slap you tomorrow, I'll say sorry and it can be settled?

The Hai family had some old friendship with the old man, but it was not to the extent that they thought they could settle things.

"I'll go down and have a look." Ye Wangchuan knew how difficult the Hai family people were and didn't want Qiao Nian to be entangled with such people and affect his mood, so he decided immediately.

"Look what they want to do."

...

Downstairs, Father Hai has been waiting downstairs for more than an hour, but he hasn't seen a single person come out.

The sea mother stopped crying long ago and waited with him in the cold wind.

The two of them stood there for an hour and felt a little tired. Haimu asked in a low voice: "Can't we contact Mr. Ye?"

Hai's father suppressed the anger in his heart and was not in the mood to scold her in the cold weather. He only said: "If you don't contact her, you can try your luck. If you contact her, just wait to go home."

Haimu didn't dare to say anything anymore and waited eagerly in front of the car, hoping that someone would come out, preferably Qiao Nian.

They didn't know how long they had been waiting, but they finally found the person they wanted to see.

It's a pity that it's not Qiao Nian.

It's Ye Wangchuan.

The man is wearing a dark gray double-breasted windbreaker with a white rough-woven high collar underneath, which is casual yet elegant.

He walked slowly in front of the two of them, followed by Gu San.

One glance at those insightful eyes was enough to make Father and Mother Hai unable to breathe.

"What are you doing here?"

Father Hai resisted the pressure and forced a smile: "Ye, Master Ye. My daughter got into trouble and offended Miss Qiao. We are here to apologize."

He winked.

Haimu reacted and hurriedly took out the gifts from the car. Big and small bags were piled on the floor.

Chapter 4859 Haitong is completely finished

"These are our thoughts, bought for Miss Qiao." Hai's father carefully looked at his face: "In addition, Haitong wants to meet Miss Qiao and apologize to Miss Qiao in person."

"She really knew she was wrong this time. She cried with me for a long time inside and kept saying that she wanted to apologize to Miss Qiao and hoped that Miss Qiao could forgive her."

Seeing that Ye Wangchuan didn't say anything, Hai's father took courage: "Our two families have been close for many years. When my dad was still alive, I was with the old man..."

"Heh." A chuckle interrupted him.

Haifu's scalp was numb, and his back suddenly stiffened and he looked at him: "Ye, Master Ye?"

Ye Wangchuan was not in a good mood and glanced at him lazily: "Do you think you are quite respectable here? You can still be regarded as half of my elders."

Hai's father's face changed. He heard the hidden meaning of what he said. His face turned blue, white, and red. It was very exciting.

"I, that's not what I meant."

"Then what do you mean?"

Ye Wangchuan glanced at the large and small bags piled on the ground: "Did you buy them temporarily on the way?"

Father Hai's face froze. He didn't expect that people would see through their behavior at a glance. He didn't dare to lie and it was difficult to admit it: "Because I came in a hurry, I can make up for it later..."

Ye Wangchuan interrupted him again: "Do you think the Ye family is short of money?"

The Ye family is certainly not short of money.

Hai's father's face was almost too stiff to show any expression, but he saw the man's expression quickly turned cold, and his eyes lost all emotion.

"I'd rather you stay at home honestly instead of coming to block people. It seems that the lesson this time is not enough, you still have the energy to find trouble."

"No, it's not." Father Hai was so frightened that he broke into a cold sweat.

Immediately afterwards, he heard Ye Wangchuan's words as he sent him to the eighteenth level of hell: "Does Mrs. Hai know that you used company funds to invest in Lavidia Technology without telling her?"

Haifu was so frightened that he stayed where he was and didn't dare to move: "Ye, how do you know?"

"I wonder how difficult it is to know the relationship between the Qin family and me?" Ye Wangchuan did not hide the way he knew it, and continued: "She just went to jail, not to be shot. She can still be released after being jailed according to legal procedures, but after she comes out It's not certain what kind of life you should live."

The words are full of warning.

No matter how stupid he was, Father Hai could still hear what he meant. He never dared to mention seeing Qiao Nian again. He wiped the cold sweat from his forehead and bowed: "I know Mr. Ye, don't worry."

Ye Wangchuan did not give him the respect of his elders. He glanced at him and said very nonchalantly: "Take your things and leave."

Then he dropped the next sentence: "Don't put your mind to her, there will be no next time."

This time he could see the old man who died early giving them the last bit of dignity, but there would be no next time.

There is no end of human kindness and decency in this world.

If Father Hai comes to see Qiao Nian again and sets his sights on Qiao Nian, he will have crossed his bottom line and must become a monster.

He has always been generous with stapling the coffin boards for such people.

Hai's father watched the other party leave eagerly, and then looked at the skin care products all over the place. He just felt like a clown for coming here.

He looked at his wife with a serious look and said, "Get your things and let's go!"

Hai Mu: "But..."

Hai's father suppressed his depression and fear and scolded in a low voice: "You haven't heard the implication of what I said? If we stay here any longer, they will tell the old lady about our private use of company funds! Do you miss my mother? Come and deal with us?"

Chapter 4860 Sister Nian is a legend in the Qing Dynasty

Mrs. Hai was very aggressive when she was young. Before handing over the company to Hai's father, she was managing the company and had a high say in the company.

Haifu pulled her: "Hai Tong... no one can help her this time. She has to take responsibility for what she did. Go back!"

Hai Mu already understood the stakes involved. Although she felt extremely sorry for her daughter, she also knew that there was nothing she could do to save her daughter. She could only follow Hai Fu to pick up things on the ground absentmindedly.

The two got into the car again, and the car left outside the Rhine...

**

Ye Wangchuan returned to the Rhine.

Qiao Nian just came out of the room upstairs and saw them entering the door. He raised the mineral water in his hand and asked with raised eyebrows: "Do you want to drink?"

Ye Wangchuan frowned and lowered the corners of his lips: "Drink."

The girl threw a bottle to him.

He caught it with one hand.

Qiao Nian turned around and walked to the sofa, and asked casually: "Did you just go out?"

Gu San subconsciously looked at Ye Wangchuan's face.

But he saw Ye Wangchuan unscrewing the bottle cap and taking a sip of water. He walked towards Qiao Nian with long legs and sat on the sofa close to Qiao Nian. He said without any concealment: "People from the Hai family are blocking the door and looking for you."

Qiao Nian also got herself a bottle of mineral water to drink. After taking two sips, her thoughts were taken away from Elena's matter.

Hearing this, I remembered who the Hai family was.

"Find me?"

She raised the corners of her mouth, touched her earlobes, smiled irritably, and leaned back on the sofa: "There have been a lot of people looking for me recently."

Look for her one by one.

"I've solved it." Ye Wangchuan could see the uncontrollable expression on her eyebrows and knew that she was impatient with these people.

He thought of something that could divert her attention: "Are you going to the Tsinghua University anniversary?" "Huh?" Qiao Nian obviously didn't turn around.

Ye Wangchuan put the mineral water bottle on the coffee table in front of him. He was very clear and beautiful: "Principal Liang didn't tell you?"

"No." She has been very busy recently. In addition to her own birthday party, she also traveled to the island, Independent Continent and Master Cheng.

Now Master Cheng has given her several more G's of literature, which will take a lot of time to read.

Qiao Nianzhen has never heard about the anniversary of the Qing Dynasty University.

“This year is the centenary anniversary of Tsinghua University. It’s very grand and a lot of people are invited. Bo Jingxing and Wei Lou are going, so I’ll invite you as well.”

Qiao Nian is still in her first year of college and has been out of school for almost a year and a half.

Ordinarily, it is impossible for Tsinghua University to invite current students to attend the anniversary as guests, but Qiao Nian has now become a legend at Tsinghua University.

Many Tsinghua University students know such a magical alumnus, and there are posts discussing Qiao Nian in the school forum from time to time.

She has many names, such as the talented musician Zhuiguang, the closed disciple of the Konghou master Nie Mi, the only student taught by Mr. Huang...it is still a hot topic on the campus of Qingdao University.

Not to mention that every year when new freshmen take stock of the school beauties, someone always mentions Qiao Nian’s name, and there are also a few vague pictures circulating on the Internet.

Nowadays, Tsinghua University students don’t call her by her name. They always call her “Qiao Shen”, “school beauty” and “that big guy” in forums or in private.

In short, Qiao Nian has not been in school for more than a year, but her legend is spread in Qingdao University.

Liang Conglin knew much more than these students. He knew that Qiao Nian was more than just a few vests.

He is also a leader in illegal areas and independent continents.

Liang Conglin had no reason not to ask Qiao Nian to attend the school anniversary.
