

Madam's 4921

Chapter 4921: Sister Nian: It's mine

Ye Wangchuan raised the corners of his lips, obviously in a good mood, but his thick black eyelashes drooped, covering his beautiful pupils, and he continued unhurriedly: "But he likes you."

"Not only him, but also Lu Zhi, Wen Ziyu from the Wen family... they all like you."

Qiao Nian could hardly remember who Wen Ziyu was.

But that didn't stop her from understanding the situation at hand, so she immediately grabbed his hand and said, "At least I didn't get a fiancée out."

^so, whoever they follow.

Even if we really compare, he is the butterfly!

The smile in Ye Wangchuan's eyes deepened, he rubbed her fingertips and said softly: "So, does God Qiao want to be jealous and deal with his love rival?"

Qiao Nian immediately took back his hand and said willfully, "I'm not interested."

There are many things she wants to pursue. For example, at this stage, she most wants to quickly study with Master Cheng, Feng Yu, and Shi Fu on "that thing" left by Ji Qing.

She doesn't know what it's like for other people to fall in love.

But she definitely doesn't want to use her thoughts on fighting for favors and jealousy. Her mind is on fighting for men every day.

If she needs to fight to maintain a relationship, Qiao Nian would rather not do it than let herself become that kind of person.

Fortunately, Ye Wangchuan just said it, raised his hand and knocked on her cap, silently compromised, and returned to normal: "The people who instigated the Nie family this time are not others, but people from the island. But it is different from what we guessed before, He has nothing to do with those two people. The reason why he is targeting you is because of Elena. He has had a crush on Elena for many years, and seeing that his goddess frequently suffers at your hands, he just wants to vent his anger on her behalf. "

When he returned to normal, he was less thoughtful, lazy and arrogant, and looked at Qiao Nian with focused and serious eyes: "Don't worry about his affairs, I will handle it for you. There is no need for you to have a direct conflict with the island at this stage. Let's talk about it after you research it out."

Qiao Nian's body gradually relaxed, and the warm air in the car was blowing. She sat back in her seat and looked up a little lazily: "I don't want to conflict with them right away."

But they knew very well that since Qiao Nian wanted to study what Ji Qing left behind, he would definitely touch the interests of those people.

Sooner or later we will meet her on the island.

"That Elena..." Qiao Nian frowned, feeling a little bored: "As long as she doesn't take the initiative to get in front of me, I won't touch her for the time being."

She raised her head again and looked at someone up and down: "But she hasn't seen you a few times. What does she like about you?"

She actually heard that she wanted to say, do you like your face?

Qiao Nian has always liked good-looking things and people. Most of the people around her are good-looking, but only one is as good-looking as Ye Wangchuan.

She felt that it was not impossible for Elena to become interested in sex.

Qiao Nian thought this, then looked at the person next to her, her eyes couldn't help but wander to his lips. She suddenly leaned over and kissed his thin lips, took another bite, and said vaguely: "It's mine."

She wore the platinum ring on her hand that was propped up on the back seat, and her sudden kiss was very bold and intimate.

Ye Wangchuan raised his hand to grab the back of her neck almost a second before she pulled away, preventing her from retreating. He lowered his head and deepened the kiss.

The temperature inside the car increased until it stopped at the entrance of the hospital.

Gu San's voice came from behind the partition.

"Miss Qiao, Mr. Wang, we're here."

Ye Wangchuan just ended the kiss. He put his forehead against his forehead and stepped away slightly to adjust his breathing. His thin lips were dripping with blood.

Chapter 4922: Once you enter the experimental period, you can't hide it anymore

"Let's go to the hospital to check the wound first, and then go back."

Qiao Nian's breathing was a little messy, but fortunately she adjusted quickly and said quite naturally: "I have already asked the clinic to take care of it..."

Ye Wangchuan was very strong on this matter and pulled her out of the car: "Let the doctor take a look."

Qiao Nian was afraid of trouble, but was not pretentious about such trivial matters, so she got out of the car with him and prepared to let the doctor check the wound on her shoulder.

Gu San watched the two people getting out of the car, looking at his eyes and nose, pretending that he had heard nothing in the car just now, and walked in front to lead the way: "Director Zhu is already waiting in the clinic..."

Qiao Nian followed.

The subsequent series of inspections took more than an hour.

CT has examined everything.

The doctor confirmed that Qiao Nian had not injured any bones. He mainly had some abrasions and soft tissue contusions. The wounds looked scary. They were all skin injuries and would be healed in a few days.

The doctor prescribed a bunch of medicines, carefully explaining which ones to take, which ones to apply, and what Qiao Nian needed to pay attention to in the past few days.

Ye Wangchuan remembered everything in his mind and asked Gu San to get the medicine.

They just returned home.

As soon as I got home, Mr. Ye called me.

Qiao Nian went to the side to answer the phone.

Ye Maoshan called because he heard about Qiao Nian's car accident from Liang Conglin, and he called anxiously to ask.

He heard Qiao Nian tell him that he had gone to the hospital and it was fine. Since it was too late today, he didn't insist on coming to visit Qiao Nian.

Qiao Nian hung up the phone call from Mr. Ye and returned to the living room, where she saw Ye Wangchuan heating a glass of milk and handing it to her.

“Drink some hot milk to help you sleep.”

"Um."

Qiao Nian was used to being fed milk every day. She took the mug and drank a big sip of warm milk, which warmed her up a little after the day's fatigue.

She walked to the sofa and found a seat to sit down. She was still holding a cup in her hand. She felt very relaxed as if she were soaking in a hot spring: "I have a new inspiration. I should be able to try it in two months." 'something'."

Ye Wangchuan picked up an apple and sat down to peel it: "Where are you going to experiment?"

The "thing" Qiao Nian said refers to the thing in Ji Qing's USB flash drive. Once it comes out, it will definitely cause a storm.

The reason why the apparent peace can still be maintained now is because those people are not sure how far Qiao Nian's research has gone.

And those people believed deep down that Qiao Nian could not study "that thing" based on the manuscript left by Ji Qing, so they had no impulse.

But Qiao Nian could no longer hide it when he put 'that thing' into the trial stage.

Ye Wangchuan can imagine how much pressure they will face next.

"Caribbean area." Qiao Nian thought about it and added, "Or find an uninhabited area in the desert and try not to affect the surrounding ecological environment."

"Tsk." Ye Wangchuan clicked his tongue, while smoothly peeling the apple and cutting it into small pieces, he said: "I knew you wouldn't choose Beijing or the Independence Continent. The Caribbean Sea is an open sea. Do you want to experiment?" It will hurt anyone. But I agree with your second idea, find an uninhabited desert area. It is difficult to clean up pollution in the sea, and I don't agree with conducting experiments in the ocean easily until we are absolutely sure."

"Yeah." Qiao Nian responded, still thinking, and handed a plate of apples in front of her.

Ye Wangchuan said: "Don't think about it, eat the apple first. I'll watch you later so that you won't be too lazy to apply the medicine yourself." (End of Chapter)

Chapter 4923: Follow Sister Nian and have meat to eat

The things that were originally filling Qiao Nian's mind disappeared in Ye Wangchuan's few words, and she stopped thinking about what would happen a few months later.

*

After Qiao Nian's shoulder injury, Ye Wangchuan took a close look at her.

Stay at home for the next few days, watching her apply and take medicine every day, so that Qiao Nian will not be too busy and ignore her and even take the medicine.

If there is anyone who can control her now, it is Ye Wangchuan.

So in the past few days that Ye Wangchuan was watching, Qiao Nian basically took medicine on time every day, and her work and rest time became regular.

Mainly because she is irregular.

When it was time to go to bed at night, Qiao Nian always received a video call from someone. Even if the video was turned on, she would be monitored to wash up and go to bed.

Qiao Nian lost her temper because of his care. The wound on her shoulder that had been cured for three to five days began to scab, and it healed faster than any previous injury.

...

Late November.

The wind in Beijing is getting stronger and stronger, winter is coming.

As the Chinese New Year approaches, there are more and more invitations to large and small banquets in the circle.

Qiao Nian also received many invitations.

Basically, it was an invitation letter from Zhang Yang and his small circle. Qiao Nian didn't go to any of the piano premieres, birthdays, engagements...

Just gave everyone a gift.

There are many good things in her hands.

Fzhou's warehouse brought out one or two items that were rarely seen on the market. Zhang Yang and the others were all very happy.

It's almost time to look up with Qiao Nian's horse in mind.

After all, they can eat with Master Wan, but with Miss Qiao, they can only eat meat! Who doesn't want to eat meat?

... End of the month.

Haitong's verdict has been handed down.

Sentenced to eleven years and eight months.

Haimu cried until she fainted in court, and Haitong also cried and wanted to appeal. Only Mrs. Hai attended solemnly and did not make any remarks in front of reporters.

I just say that Haitong deserved this result.

Hai's father was deprived of his right to be the heir. He became more than ten years older in more than half a century, his temples were gray, and he already had white hair.

He and Hai Mu went through the divorce procedures the day before yesterday, and now they are following Mrs. Hai into the car like a walking zombie.

Wait until you get back to the car.

When he saw the people in the car, he cowardly shouted: "Mom."

Mrs. Hai has rejoined the group. She has been very busy recently, with busy work and various pressures on her body. Under her eyelids, you can see clear blue and black tiredness, but her eyes are energetic and sharper than before.

She let the driver drive so as not to let outside reporters take photos and make a big fuss.

While looking at his unsatisfied son, he said in an indifferent tone: "Why, at this point, you still want to plead for her?"

Hai's father's cheeks were tense, and he couldn't lift his head due to the weight of his mother. He murmured, "I only have one daughter, Hai Tong."

"I only have one son, you." Old Mrs. Hai said calmly, like a machine without emotions, "I won't give up on him either."

Hai's father felt extremely uncomfortable when he thought that he had recently become a laughing stock in the circle like a lost dog. Hearing his mother scold him mercilessly made him even more heartbroken.

Mrs. Hai opened the car window: "The court decided her case so quickly. Do you think there was no such person behind it? I told you a long time ago not to provoke that person, but you just didn't listen. You She is in the situation she is in now, and it's all her own fault!"

"You're pretty good. Have you heard about the car accident that happened at Qingdao University not long ago?" Mrs. Hai's sharp eyes fell on her son.

Chapter 4924: I'll have a chance to meet the Ye family tomorrow

Father Hai shook his head: "I...have been at home recently."

The circles in the main capital city have stopped taking him to play for a long time.

Mrs. Hai said with a heavy tone: "On the anniversary of the founding of Tsinghua University, there was a traffic accident on the controlled road outside the school, and the driver died on the spot."

?)

"Qiao Nian was slightly injured and has been recovering in the Rhine for the past few days."

Mrs. Hai ignored his shocked reaction and continued: "On the day she was slightly injured, IPA controlled two people at the airport. Not long after, several overseas financial institutions were exposed to thunderstorms. The Nie family was involved... you may not know The Nie family, this family has a deep background and can be involved in the Royal Family of King M. For such a big family, trouble will happen whenever it is said. I heard that their old man is coming to Beijing soon, who do you think he is looking for? "

"...You mean Qiao Nian?" Father Hai was shocked.

Mrs. Hai shook her head, looked at him disappointedly and said, "You still don't understand who you have offended."

"Qiao Nian is so offended, but she actually doesn't care that much. As long as you don't step on her bottom line, she basically won't care about you."

Mrs. Hai said: "The one who is really arguing with you is Mr. Ye! That man has been rumored to have a compassionate appearance and a devilish heart since he was young. With so many people in Beijing circles for so many years, how many of them dare to offend him? Let alone his peers. , even among the generation older than him, there are a few who dare to conflict with him head-on. Even the Wei family gave way to him, do you think he has a good temper? "

Haifu remembered that he had met Ye Wangchuan outside the Rhine before, but now he remembered that Ye Wangchuan looked at him as if he had fallen into a cold cave.

“The reason why Haitong’s lawsuit was decided so quickly was because it wasn’t Qiao Nian who wanted her to get in, but the one who wanted her to get in quickly.”

Mrs. Hai let out a breath: "So what can I do to get people? This period of time is not enough for you to see clearly the attitude of the Ye family? We have lost the help of the Ye family. From now on, not only Haitong, but also us You have to rely on yourself too.”

Beijing City is not that easy to mix up.

In the past, they had their backs against big trees to enjoy the shade, and many people were willing to sell them for this convenience. Now that the two levels have reversed, most people did not take the opportunity to step on them. It was Mrs. Hai who turned the tide. She was very clear in handling the cooperation with Lavidia Technology and froze the cooperation with Lavidia Technology at the expense of her own company's profits. Scientific and technological cooperation projects.

It was because of Mrs. Hai's quick response that Ye Wangchuan gave her some thin noodles and let the Hai family go.

The company was not involved because of Haitong's incident.

The expression on Father Hai's face changed several times, and a few strands of hair fell down to cover his eyes in despair, looking extremely old: "Then... what should we do?"

Mrs. Hai put her hands in front of her, thought for a moment, and said to him: "Your uncle Cen is going to hold an engagement banquet for his daughter tomorrow. If nothing else happens, Mr. Ye will go. I will take this opportunity to talk to him... Don't think about Haitong's matter. Don't cause any more trouble for me! Her sentence has been handed down. It will take as long as it takes. Don't let your ex-wife come to you and make you hot-headed again. I have made it clear to you, you If you do something that disappoints me again, you won't even need to receive the family fund every month and you'll just move out!"

"I know, Mom." Hai's father had been timid all his life, but as soon as Old Mrs. Hai spoke, he gave up his luck and no longer dared to think about fishing the person out.

Mrs. Hai didn't want to talk to him any more, so she just said yes and closed her eyes to rest.

Chapter 4925: I also sent an invitation letter to Sister Nian

She postponed two meetings tomorrow just to have time to attend the engagement party. Even if she closed her eyes to rest now, she was thinking over and over in her mind what to say to the person she met.

The Hai family declined too quickly.

Mrs. Hai does not expect that the family can return to its former self. She only hopes to see Ye Maoshan tomorrow so that Ye Maoshan can, for the sake of her dead husband, not let Young Master Ye pursue the matter any further.

Otherwise, I don't know if the stupid things my son did will affect my family and company.

...

Rhine.

Ye Wangchuan also received an invitation from the Cen family.

Gu San said there: "...The old man is going to go tomorrow, and the eldest lady should also go. I will call you in the afternoon to ask about you. Mr. Wang, will you go tomorrow?"

Ye Wangchuan opened the invitation card with his long fingers, glanced at it casually, then put the invitation card back on the table with a calm expression: "I won't go."

"Oh." Gu San was not surprised.

The Cen family is somewhat related to the Ye family, but they are all related to the older generation.

Mr. Wang rarely moves around.

The famous lady the Cen family is engaged to is not from Mr. Wan's circle. It is an occasion where she can go or not to save face.

Mr. Wang rarely goes there.

Gu San put the invitation away and was about to go to the kitchen to make tea, but then he thought about it and stopped: "Miss Qiao also received the invitation."

Ye Wangchuan bent down to pick up something, and turned his head when he heard this, a little surprised: "Did the Cen family send her an invitation?"

"Ah." Gu San nodded: "The Cen family sent two invitations, one for Master Wan and one for Miss Qiao."

Ye Wangchuan thought about it and said to him: "Don't reject the Cen family first. I'll go up and ask before I talk." "Okay." Gu San agreed hurriedly and walked into the kitchen: "I'll make tea."

Ye Wangchuan found another invitation and went upstairs.

There are two bedrooms on the second floor, and Qiao Nian's room is opposite his.

When she came from Ring City, Ye Wangchuan specially asked people to redecorate this place and let Qiao Nian choose a room. Originally, the master bedroom was reserved for her.

But Qiao Nian chose a small room because Ye Wangchuan's room had too much lighting, which affected his sleep.

But this house is originally a luxury house, with a large square footage and a market value of over 100 million. Even if the room Qiao Nian chooses is not the master bedroom, it still has an independent dressing room, bathroom and large balcony.

Ye Wangchuan knocked on the door while driving on a familiar road.

"it's me."

The sound of footsteps came from inside.

The door was opened after a while, and the girl was wearing home clothes, with the ties of a hoodie hanging on both sides. The navy blue color contrasted with her skin, which was as white as snow, but her brows and eyes were quite dry, making her look unattractive.

Qiao Nian stepped aside and let him go in first.

Ye Wangchuan's eyes roamed over her face, and when he saw the anger on her eyebrows, he walked in first and asked lightly, "What? The experiment didn't go well?"

"Yeah." Qiao Nian closed the door, walked behind, and sat boldly in front of the computer. She pressed her eyebrows angrily: "Didn't I tell you that I had a new idea before?"

"I went to discuss it with Master Cheng later, and he also thought it was feasible. We discussed trying it in the laboratory, but the result was that the effect was not good today, and the carrier exploded before the time I expected."

Ye Wangchuan immediately understood what was bothering her: "Did something go wrong?"

"No." Qiao Nian shook his head, frowning tightly, focusing on thinking about his own affairs: "Every link is correct, maybe my thinking is wrong. That thinking is wrong, I think too idealistic, practical. The operation cannot be as smooth as I thought. I have to think about how to use another ignition material to delay its explosion time when the wind speed is the same."

Chapter 4926: Mr. Wan is going to the island

At this time, Ye Wangchuan waved the invitation in his hand and asked her, "Would you like to go outside for a walk?"

Qiao Nian loosened her frown, turned around in her chair, and took the invitation he handed over: "Whose is it?"

"From the Cen family." Seeing her open it, Ye Wangchuan said, "The Cen family invites you to attend their daughter's engagement party. You know the person to be engaged, Li De."

Who is Li De? Qiao Nian took the invitation and thought about it for a long time before remembering the person. She raised her eyes and said, "You mean the person who is following Zhang Yang?"

"Well, it's him."

Zhang Yang didn't have many people with him. One of them was Tang Ning, who was involved in the entertainment industry and didn't have much time to appear at parties.

So recently Zhang Yang brought Li De. Li De's family conditions are better than Tang Ning's, and he is considered a well-known figure in Beijing. The two families have business contacts. Zhang Yang and Li De became familiar with each other from Haitong's incident, and they like Li De very much. He has a thoughtful personality and is usually willing to play with Li De.

Qiao Nian has met him twice in the past half month. He has a good personality. He is not as fussy as others in the circle and he is relatively simple.

We have played two games in a group, and Qiao Nian has a little impression of him.

However, she quickly threw the invitation back and refused boredly: "I won't go, I'm not familiar with it."

Ye Wangchuan did not force her, he casually put the invitation letter Qiao Nian threw on the table, picked up the wound medicine that was also placed on the table, hooked it up, and said to the girl: "You haven't applied any medicine tonight, have you? Come here, let me wipe it for you."

Qiao Nian hid back: "...No need."

He squeezed white ointment on his fingertips, his eyes were deep and his voice was low and seductive: "Niannian, come here."

Qiao Nian raised her eyes to look at his handsome and handsome face, and her eyes flashed with confusion. After a while of fighting between heaven and man, she raised her legs and slowly moved over.

"Actually, I can do it myself."

"You're injured on the back of your shoulder, let me help you."

This was not the first time Ye Wangchuan helped apply medicine in the past few days. He gently lifted the shoulder line of his sweater and his eyes touched the wound where the bandage had been removed by the girl. Even though he was mentally prepared, his heart was pinched. It didn't hurt, but it felt dull. The numbness is wrapped around the tip of my heart.

He moved a little more gently, gently applying ointment to the wound that was about to scab, while diverting Qiao Nian's attention to talk to her.

"I plan to find time to go to the island."

?)

"Don't move."

Ye Wangchuan gently patted the person who was twisting around, and clamped her shoulders to make her sit upright.

Qiao Nian could feel the clear breath coming out of the top of her head, with a faint cold aroma of ice cedar, which smelled very good.

"Why do you want to go there all of a sudden?"

She remembered Ye Wangchuan saying that he didn't want to recognize the people there.

"They have been looking for me more often recently. I thought, since I can't avoid it, I might as well find a time to go see what they want to do."

Qiao Nian looked away and immediately said, "I'll go with you."

Ye Wangchuan applied the ointment evenly on his fingertips and was a little surprised when he heard this. However, Qiao Nian was sitting with her back to him because she was applying the ointment, so he couldn't see Qiao Nian's expression at the moment.

"The island...has been trying to find ways to cause trouble for you. You can send it to your door at this time..."

"They can't recognize me." Qiao Nian didn't care: "I'll ask Guan Yan to put on makeup and just follow you as a follower. No one will pay attention to a follower. It doesn't matter even if they find out. I'm sure Get out intact."

She said she was sure, she must be sure.

Qiao Nian never tolerates empty promises.

Chapter 4927: Sister Nian: Okay, then let's break up

If you can do it, you can do it, if you can't do it, you can't do it. You will not deliberately try to cause trouble to others.

"No, it's enough for me to take Gu San. You stay in the capital and wait for news." Ye Wangchuan didn't want her to follow him. It was too dangerous on the main island.

Qiao Nian felt that the medicine was on her shoulders, and then she pulled up her clothes and turned around, her eyebrows as sharp as knives: "In the past, you accompanied me every time, but this time I accompany you, I think there is nothing wrong! If it's okay if you don't agree. Whatever I do in the future, I won't take you with me again. This is only fair."

She shrugged her shoulders and looked over deliberately provocatively: "After all, it makes no sense for me to discuss everything with you, so you can carry it alone."

I would say I'm used to it. She is also used to being alone!

In the past twenty years, she had done everything by herself and never bothered those around her no matter what the danger was.

But ever since she met him in Huocheng, Ye Wangchuan had intervened forcefully. She took him with her wherever she went to the illegal zone, Independent Continent, and F Continent.

They have experienced so many dangers together, and have tied their lives to their waistbands many times, even if they said no. Ye Wangchuan had always been by her side. Qiao Nian felt at that time that no matter how dangerous it was and his life was hanging by a thread, it wouldn't be a loss if he died because someone was with him anyway.

But now in the same situation, Ye Wangchuan wants to go alone, which has touched her bottom line.

"Think about it for yourself. If you think you can solve everything by yourself and don't need me, let's break up."

What she wants is a soul mate, not just being together because of a simple liking, but falling in love by eating, drinking, and walking around the playground twice together.

She has always wanted a lot, and the premise that she is willing to entrust her back to him is that Ye Wangchuan can also trust herself when encountering danger.

Qiao Nian has never said such serious words about breaking up.

Ye Wangchuan was startled when he heard the word 'break up', but then he realized what she had said. A stormy wave hit the rocks in his eyes, and his slender hands instantly clamped the girl's wrist, grabbing her first.

"Niannian, do you say breakup so casually?"

"I have seriously considered saying it." Qiao Nian didn't give in. She raised her head and met his eyes. Their eyes met anxiously in mid-air.

Ye Wangchuan was defeated first. He lowered his neck and lightly bit the girl's lips: "You are not allowed to break up in the future."

The aura of destruction around Qiao Nian was weakened by the peck: "Yeah, I'll try my best."

"Ha." Ye Wangchuan laughed angrily at her saying 'try your best', and chuckled softly in his throat, but there was nothing he could do about Qiao Nian. He raised his hand and hooked the tip of her nose with his index finger, his eyes full of helplessness: "You are the first person to talk to me like this."

Qiao Nianting looked over in surprise: "Huh?"

Ye Wangchuan did not hide his previous anger and showed his emotions: "If someone else threatens me, I will make him unable to see the sun tomorrow."

Since he was 16 years old, he has never been successfully threatened by anyone.

When he was 20 years old, no one in Beijing dared to threaten him.

Everyone knows that they still have room for maneuver if they don't do that, but if they resort to coercion, the outcome will only be worse.

But Qiao Nian threatened him, and Ye Wangchuan couldn't make her worse.

"...But it works." Ye Wangchuan lowered his head and kissed her again, feeling helpless: "Don't talk about breaking up in the future, I feel uncomfortable hearing it."

Qiao Nian is not a typical example of someone who accepts softness rather than hardness. Seeing him say this, she has already become soft-hearted and rarely gives in: "Yes."

Chapter 4928: I am a man reduced to prostitution

The matter of going to the island together has basically been decided.

It's just that the time is not yet certain.

Ye Wangchuan still needs to make some more plans.

...

None of them expected that the plan could not keep up with the changes.

The next day.

Engagement banquet between Cen and Li's family.

There are many guests at this kind of engagement banquet, especially since the Cen family has a good relationship with the Ye family, and Mr. Ye is definitely going to come.

It even attracted a lot of people who came to Ye Maoshan and Ye Lan.

Ye Maoshan has rarely appeared on these occasions in recent years, but Ye Lan occasionally attends, but not many of them.

Many people who want to curry favor with the Ye family simply cannot find a way.

It was not easy to meet him in person, but almost everyone who had received invitations from Cen and Li's family came, and the hotel was packed to the brim.

Everywhere is dressed and groomed, everyone is socializing with goblets, and getting to know each other.

Zhang Yang came early.

The main thing is to save Li De's face, come here early to support the scene.

He has a wide network and knows everyone.

Zhang Yang was always close to him when he entered, and the people who greeted him were Zhang Yang, who had high emotional intelligence and a smooth manner. He had a good relationship with almost everyone, without being too close and making people feel cold.

Li De, as today's protagonist, was dragged to socialize for a while before he found Zhang Yang and a group of friends with a sad face.

"Yo. This is not our male protagonist, congratulations." "Congratulations on a happy marriage. I'm just waiting to drink your wedding wine!"

“Who would have thought that not long ago when we all got together to drink, you said you wouldn't get married before you were forty years old? Well, you turned out to be the first one among us to get engaged.”

As soon as Li De passed by, several people laughed at him.

But everyone usually has a good time, and the seemingly ridiculing is more of a joke between good friends, and there is no malice.

"Go away, congratulations! You want to get married, I will give you the leading role."

Li De wore a custom-made suit today, and his hair was fixed with hairspray, revealing his young and upright facial features, which turned out to be somewhat handsome.

However, the expression on his face was so reluctant that he just didn't have the word 'forced' carved on his forehead. He held a cocktail in his hand and leaned over like a mourning concubine: "After all, it's still the princess's fault! I won't I should be kind enough to give her those two tickets. If she hadn't caused our family to offend Master Wan, would I have sold myself to support our family?"

The more Li De talked, the more sad he became. He put down the goblet, reached out and grabbed a handful of hair, and quickly kneaded the broken hair on his forehead into a chicken coop.

Let go with a look of despair.

He looked at everyone and cried: "I am a man reduced to... selling myself. I am so **** miserable!"

“...” Zhang Yang and the others wanted to laugh but were embarrassed to do so. They were all so suppressed that their faces turned red and they were almost like pufferfish.

However, families like theirs have long been accustomed to marriage, and no one sympathized with Li De. After all, Li De could escape the marriage if he really didn't want to do this.

Since Li De showed up at the engagement party today and cooperated, it shows that he is willing to accept a marriage of benefit.

The wailing that Li De is performing now is just a few words.

"By the way, Mr. Ye is coming?" Zhang Yang was more mature than these people. During a break in the fight, he patted Li De on the shoulder and asked him.

Li De looked like he was not doing his job properly, but in fact he was very discerning. He immediately frowned and replied: "The Cen family invited Mr. Ye and said they would come. Their family has some friendship with Mr. Ye, so Mr. Ye should come."

"Yeah." Zhang Yang came here this time to show off his face in front of the older generation. He was very happy when he heard that Ye Maoshan was coming.

Chapter 4929: Hello everyone, I am Wangchuan's fiancée

Li De said in his ear: "There are many people who are coming towards Mr. Ye today. Since the Cen family has released the news, they will not let everyone run away in vain, otherwise it will be too much of a slap in the face."

“Speaking of which, I also saw an old acquaintance.”

Zhang Yang looked over: "Who?"

Li De curled his lips and said: "That old lady from the Hai family, she came too early today. My grandma was almost furious when she saw her! If she hadn't tricked us last time, we wouldn't have been so embarrassed. But she was invited by the Cen family, so my grandma can't say anything."

The Hai and Li families had already had a falling out after Qiao Nian's birthday party. Grandma Li De went to settle the score with the old lady of the Hai family as soon as the birthday party ended.

For Haitong, their decades-long friendship was wiped out.

At present, the two families have no contact with each other.

However, the Cen family knew Mrs. Hai's late husband, and in the end they did not give the in-laws face and invited Mrs. Hai to the engagement party.

"I heard that Haitong was sentenced." Li De was still sighing: "He was sentenced to eleven years."

Zhang Yang's eyes were already drawn to the direction where the commotion was coming from, and he didn't care what he said in his ears.

Ye Maoshan is not the protagonist today, but the person with the highest status at the banquet today is still wearing the Chinese tunic suit.

Ye Lan accompanied him and held his hand. The two of them walked in together, immediately attracting everyone's attention...

"Ye Lao is here."

"The eldest lady is here too."

"I haven't seen him for a long time. I wonder if I'll have a chance to go up and toast him later."

"Let's take a look."

The whispers at the banquet became louder and louder.

With the arrival of Ye Maoshan, the engagement party reached its climax.

The crowd spontaneously made way for Ye Maoshan and Ye Lan to pass. People from Li De's family and Cen's family had already heard the sound and stepped forward to greet them.

"Mr. Ye, eldest lady, why don't you say something so we can go out and pick you up."

The Cen family members went over in an especially friendly manner, shaking hands with Ye Maoshan and saying hello to Ye Lan.

Ye Maoshan didn't have that many cutscenes. He shook hands with him and laughed loudly: "I'm not the protagonist today. I'm just here to meet my old friend."

"Haha, yes, it's been a long time since we last met." Mr. Cen welcomed the person in with a smile.

At this moment, even those who haven't noticed it noticed such a big movement.

Everyone is looking at Ye Maoshan.

At this time, a man walked out of the crowd and suddenly stopped in front of the group of people and walked straight towards Ye Maoshan.

"Eh!" The Cen family and Grandma Li De were stunned when they saw the woman who suddenly appeared and blocked their way.

Grandma Li De recognized the person in front of her: "Aren't you Mr. Mu's sister?"

The visitor was Elena, who had not been seen for a long time. She changed her low-key style today. Her fluffy pink skirt swayed on the floor, revealing her beautiful shoulders and beautiful neck. Her brown eyes were shining brightly under the lights of the banquet. circulation.

From the moment he saw it, Ye Maoshan frowned and stood still.

Elena held a small square box in her hand. She didn't stop until she walked in front of him and handed the gift box over: "Grandpa Ye, this is the gift that Auntie asked me to give you."

Ye Maoshan frowned fiercely!

Mr. Cen looked at her, then at Ye Maoshan, and couldn't help but ask: "Who is this...? Do you know him?"

Before Ye Maoshan could answer, Elena took the lead and spoke in the middle, introducing herself to everyone: "Hello everyone, I am Wang Chuan's fiancée, Elena."

Chapter 4930: Real or fake fiancée?

—I am Wang Chuan's fiancée.

"Hiss—" gasps echoed throughout the banquet.

Zhang Yang was stunned by Elena's sudden move.

"Is this woman crazy?" Li De was also shocked, his jaw dropped, and he managed to say something.

However, Zhang Yang was even more shocked than him. He was so shocked that he could not speak.

Who in the Beijing circle doesn't know that Ye Wangchuan has a fiancée, but her name is not Elena. She is the top scorer in the college entrance examination of Qingdao University. She is still in her freshman year and has been out of school for more than a year.

The woman in front of him is also very young, at most twenty-three years old, but she has no connection with the rumored fiancée.

Real and fake fiancée?

What the **** is going on?

In the complete silence.

Elena smiled and handed over the gift, and continued: "Grandpa Ye, I'm sorry for using a pseudonym before. Aina is my nickname. It is true that Haitong and I are classmates in the same school. But I have heard it from my aunt before. I'm really sorry that I couldn't tell you the truth last time I came to visit you."

Ye Maoshan finally came to his senses. He looked at her with a sharp look and was about to say something. After being pulled by Ye Lan, he whispered: "Dad, let's talk about it when we get back."

Ye Maoshan took a deep breath, the veins on his forehead bulged, he endured it again and again, simply ignored Elena, raised his legs and walked past her.

Ye Lan stood in front of Elena, who was about to follow, and raised his hand to stop her. His attitude was gentle but tough: "Miss Eileen?"

Elena knew Ye Lan's identity, so she gave her face and didn't rush in: "Aunt Ye."

"Yeah." Ye Lan was very cold and said to her with a calm gaze: "I don't care what your purpose is. Today is someone else's engagement party. If you are here to attend, you should at least behave like a guest. As for what you want As for what I said, you can come to the old house privately. We'll talk about it later!"

In fact, Ye Lan had nothing to talk about with her.

It's just that Elena moved out Ye Wangchuan's biological mother to talk things over. Even if she didn't give Elena face, she couldn't do it for Ye Wangchuan's sake.

The so-called inviting Elena to the old house to talk again is actually just for everyone to make it clear in private that the Ye family will not recognize and cannot recognize the fiancée arranged on the island.

Elena kept looking at her.

Just when Ye Lan thought she wouldn't give up so easily, she smiled lightly and said, "I was too rude. Okay, I will visit you and Grandpa Ye another day."

Elena took a half step back and proved her attitude with practical actions.

Ye Lan's frown finally relaxed a little. He looked at her warily and saw that she really had no intention of stalking her.

Ye Lan said calmly: "I still have something to do, so I won't accompany you."

"Okay." Elena's attitude was very good: "Aunt Ye, please do your work first."

"..." Ye Lan didn't want to stay any longer, so she immediately jumped up and followed Mr. Ye in the direction he left, chasing after him.

In a blink of an eye, Elena was alone here. She didn't care. She met the eyes of the people around her who were looking at her. She calmly took a cocktail from the passing waiter and went to the side to join her. The partner went.

Wei Ling saw her coming, raised her hand to touch the rim of the glass with her, and said with a raised lip, "How about you, don't you want to take advantage of the victory to pursue it?"

Elena knew that she used to be Qiao Nian's 'aunt', but they had a falling out later due to various reasons, and the Wei family had already kicked Wei Ling out.

Wei Ling is not having an easy time in Beijing.

The Cen family invited her this time out of consideration for the deceased Mr. Wei.

Who knew she would get involved with Elena. (End of chapter)
