

Madam's 4951

Chapter 4951: Lord Wan protects people in his arms

For someone with a sharp nose like Qiao Nian, every second spent here is undoubtedly torture. Not to mention the noisy social chatter inside, and the surrounding media taking pictures anytime and anywhere...

Had Qiao Nian not promised to accompany him, he would have turned around and left the moment he entered the venue.

"You want to leave?" Ye Wangchuan said to miuo and took her away: "You can leave anytime you want. Come on, we are going back."

Qiao Nian suppressed the sticky boredom in her blood and glanced at him: "Are you done?"

Ye Wangchuan grabbed her hand and threaded his fingers through it. He liked the inseparable feeling of intertwining her fingers: "We're done."

He came here this time just to show Qiao Nian's face.

Now that reporters and people who come to Gtwe have seen who the people around him are, there is no need to stay here.

Moreover, Qiao Nian looked uncomfortable.

"Let's go."

Ye Wangchuan said to miuo: "Let's go first."

Miyo raised his hand and waved: "Let's go, let's go. I'll treat you to dinner another day when I have the opportunity, especially Miss Qiao."

As one of the heirs of the fashion group, he knows Qiao Nian's background better than many people in the country. This is a famous sun.

The entire royal family suffered at the hands of this man.

miuo is very interested in Qiao Nianke.

He is not emotionally interested, it is purely out of a capable person's natural curiosity about another capable person.

"Let's talk about it another day." Ye Wangchuan didn't like the interest he saw in Qiao Nian's eyes, so he blocked Qiao Nian with his shoulder without leaving a trace. After saying hello to Tang Ning, he led the others away.

...

The air outside was fresh and free. Qiao Nian finally got rid of the strong smell of perfume in the inner court and took a breath of fresh air.

Just as he was about to put his hands in his pockets, he noticed the skirt he was wearing and held his forehead, so he said to Ye Wangchuan: "Let's go back early. I also need to discuss the dosage of acetyl with Mr. Feng."

Ye Wangchuan saw the episode where her hands were empty, raised his thin lips, and turned his head to talk to Qiao Nian: "... Mr. Feng." Before he finished speaking, a sudden and sharp voice interrupted the conversation between the two.

"You shameless miscreant, go to hell—"

Accompanied by a sharp roar.

A figure rushed toward them, holding a bottle with unknown liquid in his hand, and threw it at Qiao Nian's face.

This all happened so suddenly.

Some reporters who had not left the field screamed when they saw this scene.

"ah!"

"That is-"

The scene was chaotic.

But in this emergency situation, not to mention whether the security guards could rush over in time, even the reporters who were close to them did not respond so quickly.

Qiao Nian narrowed his eyes slightly, his eyes became cold, and he was about to raise his elbow to block the splashed unknown liquid.

"careful."

At this moment, everything went dark in front of her, and she was held tightly in someone's arms, completely cut off from the noise around her.

Before Qiao Nian could react, she only heard a muffled hum above her head. The arms of the person holding her were tightly wrapped around her, and the back pole was stretched tightly into a fully drawn long bow.

Qiao Nian felt that all the sounds around him disappeared for a moment.

She seemed to have fallen into a dark abyss, and her whole body was like an ice cellar. Even the warm temperature coming from her skin could not warm her body temperature at this moment.

Her body temperature dropped instantly, and her eyes were bloodshot. When she raised her eyes, she pulled away the man who was hugging her. Her voice was hoarse and out of tune: "Ye Wangchuan, are you okay? Let me take a look."

Chapter 4952: Leave me alone next time

Some people around him also reacted and shouted to call the police and security guards.

Qiao Nian didn't care about it.

Her world turned black and only one person could be seen.

Ye Wangchuan's neck felt a burning pain, but he just frowned and realized something was wrong with Qiao Nian's reaction. He held one of her hands and silently comforted her: "I'm fine."

Shaked his head at her again: "It's not a corrosive liquid."

The blood in Qiao Nian's eyes dimmed a little, her jaw straightened, and she pulled down the corners of her mouth. When she saw the skin on his neck that had been burned and peeled off on the spot, her blood boiled. Never had such strong and violent emotions lingered in her heart.

She almost forcefully broke away from Ye Wangchuan's hand and walked directly towards the person behind her who was still pointing at her and scolding her after pouring the liquid.

"You shameless..."

That was a young boy, thin and paranoid. He looked at Qiao Nian as if he were looking at garbage, with a strong sense of justice.

Qiao Nian turned her wrist, went up and kicked him in the pit of the heart, and kicked him 2 meters away. Then, under everyone's attention, she walked up to the boy without any care, stepped on him and tried to crawl away. hands up.

Press your toes down hard.

“Who asked you to come?”

She was really fed up.

I’m so fed up with the Nie family.

I’m so fed up with the reclusive family.

I’m tired of the so-called island.

These people usually harassed her, but not long after the car accident, this happened again because she had not finished the manuscript left by Ji Qing.

But if they insist on dragging her to play together, fine, then they will go to **** together!

Qiao Nian twitched the corners of his mouth, the smile did not reach his eyes, and at this moment, he had murderous intentions.

Hold your head slightly.

Looking at the man underground who was in pain and unable to get up.

“Let me ask you, who asked you to come?”

That man didn't have much backbone, he just bullied the weak and was afraid of the strong. He was already frightened after being kicked and seeing how crazy Qiao Nian was.

He twisted his face in fear and spoke hesitantly: "Who asked me to come? You don't know what you said? You are also a star, right? If you beat someone in public, I will call the police and ruin your reputation. ! And that friend of yours, Tang Ning, bullies our Si Xue, and you also bully Si Xue. You two evil girls will not end well if you wait. Everyone's eyes are sharp, no matter how many tricks you do, You can't exclude Si Xue, Si Xue is the most popular one."

Qiao Nian heard him talking about Tang Ning for a while, and Si Xue for a while.

She could tell that the other party didn't seem to be from the hidden family or the island, but was related to...the entertainment industry? The boiling murderous intent in his eyes cooled down a little.

But only a little.

She said, "What's in your bottle?"

The man was still unwilling to say anything. He was stepped on and hurt the palm of his hand before he said: "...Ah, it's just hot water, just hot water."

It is actually boiling water.

Boiling hot fresh water that has just been boiled.

At the same time that Qiao Nian let go of his feet, Gtwe's security guards also arrived.

The two men first controlled the man on the ground, and then divided a group of people to maintain order at the scene and greet the reporters who witnessed the whole process.

Another person ran in and quickly notified the organizer and called the ambulance.

Qiao Nian returned to Ye Wangchuan, asked him to lower his head, and checked the place where he was scalded by boiling water. His heart tightened tightly.

She let go of her hand, took a deep breath, and said seriously.

“Next time...leave me alone.”

Chapter 4953: Sister Nian is angry

"Even if it contains sulfuric acid, I will avoid the key parts and nothing will happen. On the contrary, you... in such a sudden situation, it is easy to have no time to get out of the way."

Fortunately, the man only filled the bottle with boiling water. If the bottle had just been filled with sulfuric acid, Ye Wangchuan would have exposed his entire back to protect her.

The man was a little taller, so the 'liquid' was not poured into his neck, but on the back of his head.

Qiao Nian couldn't imagine the consequences, nor could he accept them.

Fortunately...

Otherwise she might not be able to control herself today.

...

miuo received the news and came out.

He was accompanied by a large group of celebrities and celebrities who were fawning over him.

Many people still don't know what happened.

They only saw miuo, the organizer of today's Gtwe, change his face suddenly after the security came in and whispered something in his ear. He left the editor-in-chief of the V family who was talking and walked out quickly.

They also heard that something was going on outside, and came to take a look out of curiosity.

Si Xue is also among them.

But she is different from others.

Others were simply curious about what was going on and came out to watch the excitement. She was not, she knew very well what happened, she just wanted to see what happened to that woman in the crowd.

At this time, her agent took the opportunity to get close to her and said in a low voice: "People are under control."

Si Xue disagreed: "It's okay. Just control it. It has nothing to do with us anyway. He's just a crazy fan, and he's not throwing real vitriol."

“...That’s what I said.” The agent, Sister Wen, felt strongly uneasy and looked around, fearing that someone would notice them: “I think President Miuo’s reaction was too big, and I’m a little afraid...”

Si Xue interrupted her impatiently: "What are you afraid of? Don't seek trouble for yourself! It's not the first time you have experienced this. Just blame it on the fans. Who can take advantage of us?"

As they spoke, the two of them followed the crowd and reached the scene of the incident outside.

The emergency medical team prepared by Gtwe came in handy, and it is said that the "injured" has been taken to treat the wound.

Miwo came out and ran straight to Qiao Nian, with cold blue eyes and a gloomy tone: "What's going on? Didn't you leave? How could an accident happen?"

Ye Wangchuan was taken to the medical room by the doctor to check the burns first. Qiao Nian was left here alone.

She saw the man running quickly in front of her, pressing the tip of her tongue to her cheek in a manic manner, her black eyes as sharp as knives, and asked him, "Who is Si Xue?"

"Who?" Miwo is the organizer this time, but his identity is there, and there are countless people who come to chat with him. How can he pay attention to domestic celebrities.

The assistant beside him whispered in his ear for a while before Miwo realized what he was doing and shook his head with Qiao Nian: "I don't know her."

Qiao Nian said without saying a word: "Let her come out."

Miwo knows Qiao Nian's identity, and also knows how untouchable Qiao Nian is. He also knows that his Gtwe today is ruined.

He himself was equally annoyed, so he turned around and ordered the staff to find someone.

There was a commotion in the crowd.

There were many people from the domestic fashion circle who came out to watch the fun. When they heard the two mentioned Si Xue, everyone could not hide their surprise.

"Si Xue? Are you related to Si Xue?"

"That's wrong. Why does that person look like he doesn't know Si Xue? Didn't they stand together and talk in the infield? Si Xue also said he was looking for friends, but they don't know him?"

“What the **** is going on? I’m confused.”

Chapter 4954: Hold her chin and lift it up

Si Xue and her agent, who were hiding behind the crowd, were also confused. They didn't expect that Qiao Nian was so familiar with the president of Miuo and behaved so domineeringly that he wanted to resolve the matter in public.

This is different from what they have experienced before.

In the past, every time Si Xue's fans would cause such bullying, the bullied party would usually choose to negotiate privately.

Because the other party knows very well that they will definitely take all the blame and put all the blame on the fans, and they will still suffer the consequences if they cause trouble.

Si Xue Mingli's face turned green and red. She pinched her palms and her nails were about to break.

She likes to be the center of attention.

This is definitely not the focus!

But she didn't have time to think too much. The staff quickly spotted them in the crowd and immediately pointed at them and shouted: “Here!”

唰—

Everyone looked back.

Si Xue was almost overwhelmed by everyone's gaze. At that moment, she felt a sense of shame that she had been stripped naked and thrown on the road.

But her ability to respond to crises is not limited, and she immediately showed an innocent expression, as if she had just learned that her fans were causing trouble.

“What, what’s wrong?”

“Miss Si Xue, please.”

The staff motioned for her to come over.

Si Xue breathed rapidly, clenched her fists, and tried to maintain her composure as she walked forward step by step.

Her agent shrank behind and followed her.

She quickly stood in front of Qiao Nian. Before Qiao Nian could attack, she said first, "You're looking for me? What's the matter?"

"It's you." Qiao Nian recognized her at a glance as the person who stopped him in the infield, and slightly connected the words of the crazy fan with Si Xue's reaction in the infield. Qiao Nian instantly understood why the other party was causing trouble for her and even causing fans to throw hot water at her.

The entertainment industry is just a way to teach people a lesson.

Dirty enough and hidden enough.

Even if they are discovered at some point, they can still pretend to be stupid and get past them.

If someone else had changed today, he might have suffered the consequences of being dumb, but Si Xue had offended the wrong person. If Qiao Nian was splashed with boiling water today, she might not be so angry.

It was Ye Wangchuan who blocked all dangers for her. Even if nothing serious happened, Si Xue's behavior stepped on her bottom line and crossed the line.

"I apologize for stopping you in the infield. I asked my manager later. The clothes matter has nothing to do with you... Are you asking me to come over because I'm looking for you in the infield?" Si Xue deliberately guided the rhythm, It seemed like Qiao Nian was looking for trouble.

Qiao Nian was a little taller than her, and the two stood face to face, which naturally suppressed Si Xue's aura. Si Xue became timid after speaking, and her voice became smaller and smaller.

She didn't know why she felt guilty and her heart was beating fast.

When her eyes flickered, Qiao Nian suddenly raised his hand and pinched her chin, lifted her chin forcefully, and looked down: "Do you think you are smart by taking advantage of your fans?"

Si Xue could feel the violent oppression on the other party's body, and subconsciously her legs became weak and her face was as white as snow. She struggled to dodge and leave: "I...I don't know what you are talking about. I also came out with the president of Miuo, and I still don't know. what happened."

She was surprised to see Qiao Nian standing here, and she really didn't know what was going on.

The agent said that the fans have been controlled.

She thought the fans had succeeded.

If the fans succeed, Qiao Nian will not be able to stand here well.

So the confusion on Si Xue's face at this moment was serious: "You said that I took advantage of my fans. Could it be that my fans did something? But no, aren't you okay?"

Chapter 4955: This is not over yet!

"Ah."

Qiao Nian laughed, released her chin, and shook her hand as if it was stained with dirt.

"If you know me, you will know how stupid your current behavior is!"

Si Xue pursed her red lips, her pretty face was slightly red, as if she had been humiliated, and her eyes were aggrieved: "I really don't know..."

Qiao Nian walked up to Miuo and said to him, "I found her. Do you care if she makes trouble in your place?"

Miue never doubted Qiao Nian's words. She looked sharply at Si Xue and her agent. She didn't even ask Si Xue, but asked the assistant beside her: "Have we cooperated with her?"

"have."

The assistant has been with the Fourth Young Master for several years. He usually helps with domestic affairs and is well aware of the group's cooperation with domestic stars.

He pushed up his glasses and reported truthfully to his boss.

"She has two endorsement partnerships with us. One is for skin care products, as the main product spokesperson. The other is a makeup ambassador, with the title of global ambassador. In addition, we have reached an in-depth cooperation with her agency. , recommended a few covers for her, of which two have already been photographed, and there is also the V family cover to start the new year that has not yet been photographed..."

miuo: "All canceled."

The assistant expected this result and wrote down businesslike: "Yes, boss."

Miue knew that Ye Wangchuan had been burned, and he knew that what he had done was not enough to make up for the accident that happened today.

He didn't need Qiao Nian to say anything, and said without thinking about it: "Go back and terminate the contract with her, and then you go back and say hello to everyone, just tell me what I mean. From now on, all resources of our group will not consider this... lady."

"yes."

Si Xue and her agent were in panic and fear, their legs were weak and they could hardly stand.

Si Xue was not pretending to be pitiful now, but was really scared. He wanted to pull Miuo's sleeves: "President Miuo, please listen to my explanation. She is talking nonsense. This matter has nothing to do with me. You can investigate! I don't know. I don't know..."

The man with black hair and blue eyes avoided her grasping hand, flicked his sleeves for fear of getting dirty, and looked directly at her with his blue eyes.

"Do you think they want evidence?"

..."

"Not everyone needs evidence. You think others have to get evidence to attack you, but they don't want evidence. I don't need evidence either! I just need to know in my heart that it was you who did it."

People in their circle do not regard evidence as a necessary thing at all.

They want results.

The result of today's incident is that Ye Wangchuan was injured on his territory. Sun asked him to deal with it. As the organizer, he must show an attitude.

“You have the same idea, pretending to be innocent and pitiful while making small moves behind the scenes.”

Miuo called two security guards over. Without even giving Si Xue a wink, he ordered the security guards at the venue: "Kick them out!"

...”

There was still a small group of reporters at the scene, and Si Xue and her agent could imagine how they would be ridiculed if they were photographed.

They want to beg again and say good things.

But the people around Miuo didn't give them a chance. They didn't give Si Xue's manager a chance to get close. They grabbed their hands and walked out.

While passing by Qiao Nian, Si Xue was still confused and had not yet figured it out, when he heard the girl's voice like Qingyue playing drums: “This matter is not over yet.”

Si Xue trembled all over. Before he could see Qiao Nian's face clearly, he was already thrown out of Gtwe's territory today.

Chapter 4956: I suppressed the hot search first

The whole place was silent.

Celebrities and socialites who witnessed the whole process saw this person's thunderous methods and realized that just because the person is young does not mean he has a good temper and is easy to talk to.

Sixue is going to end up there.

The editor-in-chief, who had spoken a few words to Si Xue before, was trembling, fearing that Si Xue would harm him.

There have been rumors in the circle that Si Xue used fans to trick people, but now that Si Xue is famous, he does it very cleanly every time, making it impossible for people to find any clues.

So everyone knows that this is the case, and the best they can do is avoid her and try not to conflict with her.

No one expected Si Xue to overturn his car.

And it seems that this time it hit a brick wall!

...

Miwo didn't care about Si Xue. After dealing with the two people who caused the trouble, he sincerely apologized to Qiao Nian: "Sun, this accident was caused by our lax security. I'm very sorry."

Qiao Nian just said: "It has nothing to do with you."

Then he turned around and left to find Ye Wangchuan.

As the organizer of Gtwe this time, Miwo couldn't go with her. He had to stay to deal with the mess and watch Qiao Nian leave.

He then called his assistant: "Let's go back to the infield first."

...

Tangning only heard about what happened outside from a third party after Miwo took the group back.

"Hum." She put down the goblet and hurried out without caring about her star image.

Ye Wangchuan and Qiao Nian had already left by then.

Tang Ning ran to the medical room to save herself, and quickly took out her cell phone to call Zhang Yang.

As soon as the call is connected.

Tang Ning immediately said, "I have caused trouble to Miss Qiao." Zhang Yang had just left the engagement party held by Li Cen's family. When he opened the car door, he received a call from her, still in the fog: "What are you talking about."

Tang Ning told Zhang Yang what happened when Ye Wangchuan and Qiao Nian came to Gtwe today, including her grudges with Si Xue, and the scoldings made by Si Xue's fans who came to make trouble today.

Zhang Yang raised his voice: "You said Mr. Wang was injured?"

Tang Ning raised her heart and said, "Yeah."

Zhang Yang pressed his temples and relaxed his brows to comfort her: "It's probably a minor injury. You don't have to worry too much. Miss Qiao and Mr. Wan are not the kind of people who show off their anger."

Tangning felt quite guilty: "I know they are not this kind of people, but I just didn't expect that I would bring danger to Miss Qiao and the others."

"No one would have thought that Si Xue was so good at seeking death that he would engage in such a farce with his fans privately. Don't worry about it! Mr. Wan and Miss Qiao will handle it themselves." Zhang Yang's family also has an entertainment industry. After listening to Tang Ning, he He has decided to ban Si Xue in his own industry.

Just because he is a smooth person does not mean that he is an ungrateful person.

The Zhang family and he were able to get to where they are today because Mr. Wang and Miss Qiao helped him a lot. He usually takes advantage of situations and is never vague when it comes to doing things.

"I want to see where this Si Xue comes from and dares to be so arrogant."

Don't say that Si Xue went to Qiao Nian today.

Si Xue's vicious behavior is too arrogant to target ordinary people. She is simply using her celebrity status to play games on the bottom line of the law.

"Also, take a look at the hot searches. If her team comes up with something, they'll tell me. I'll suppress the hot searches first."

"good."

...

●Today's hot searches are indeed very lively.

The number one hot search has nothing to do with Si Xue.

Gtwe#

#热爱#

#I believe in love again#

The top three hot search topics are all animated pictures taken by various media on the red carpet 200 meters away from the Gtwe entrance in the afternoon.

From the moment Ye Wangchuan and his car arrived at the scene, to the moment Ye Wangchuan got out of the car and extended his hand to the people inside, the two came out holding hands.

Chapter 4957: Looking for someone to move reinforcements

Each frame of animation matches as if the novel is brought to reality.

Not to mention that Ye Wangchuan has the aura of being the hero of the novel, a high-ranking literary person, and he has a handsome face that brings disaster to the country and the people.

I was very conservative, and I looked at Qiao Nian's body throughout the process, and the focus of drowning people in it.

From their love experiences to the clothes they wore in the afternoon and the accessories they wore... there were so many things to pick up, and netizens were all enthusiastic.

On the contrary, the celebrities who participated in Gtwe this time did not win a few pages. Even if someone bought the hot search, the hot search was pushed behind.

The focus of everyone's discussion right now is the official announcement of a wealthy family's love affair, a public show of affection, and the imminent marriage.

at the same time.

Si Xue and her agent, who were kicked out of the Gtwe scene, returned to the company in despair.

The manager got her a glass of water and hurried to find the leader.

Si Xue herself was not idle either. She took a few sips of water to calm down, took out her mobile phone and looked at the hot searches on the Internet. None of them were related to her.

Si Xue bit her lip and found the water army that she often cooperated with.

[Make a hot search for me and say that I was bullied by Gtwe and went to the hospital because of my sadness.]

She can't just wait for her to lose endorsements and magazine resources.

Si Xue has been in the entertainment industry for a long time, and she knows very well that she does not have the ability to directly compete with large groups. What she can do is use public opinion to sympathize with herself, and in turn put pressure on capital, forcing capital to use her.

This is not the first time she has cooperated with a domestic navy company. We have cooperated for a long time and have long been important partners.

Who knew that the navy would call her this time.

"Hello."

Si Xue just started.

The navy boss who had been working with her for a long time told her bluntly: "I'm sorry, Miss Si Xue. From now on, we can't take your job."

Si Xue's eyes sunk: "What do you mean? You think the money I gave you is not enough? I can add more money." "It's not about the price. Don't you know who you and the fans have offended?"

Si Xue had already heard what her manager said on the way and knew that she had offended someone she shouldn't have.

She also didn't expect that the hot water poured by the fans did not hit Qiao Nian, but instead burned the mysterious and low-key Ye Shao.

Si Xue felt extremely regretful, but the matter had already happened, so she could only deal with it hard: "Don't talk nonsense. You help me send out the press release, and I will give you money. As for the people I offended, I will apologize myself." ."

"Haha." The navy boss stopped pretending to her and sneered: "We really won't do it. You and your fans caused such a thing, and you still want to settle it with us. If I can settle it for you, I will Why should I open a public opinion company? I'll just contract the entertainment industry directly!"

"Also, forget about your usually domineering style in your own circle. I didn't expect you to be so bold. This time it has already involved the legal aspect. Just pray that people can't find any evidence against you, otherwise you won't be able to continue in the entertainment industry. Go ahead, burn incense and worship Buddha before you go in!"

Si Xue was extremely angry: "You!"

The navy boss didn't want to get involved with her, so as not to injure himself: "Forget about you and me. Let's work together. I can only say to you, "Wish you the best of luck."

Finished.

Hang up the phone on the other end.

Si Xue was angry and annoyed, with a gloomy face. She thought about it, but instead of calling home, she called the big shot who helped her connect with DM this time.

The call was picked up quickly over there.

"Hello."

"Hello special assistant."

Si Xue changed her noble attitude when talking to the navy and adopted a flattering tone.

“That’s it, I want to find Mr. Ai. There’s something wrong with the DM cooperation she introduced to me before...”

Chapter 4958: Let them delete it

She told all about Andy's temporary escape, her own clothes being robbed, and the series of events that followed.

Finally, he cautiously spoke to the other party: "The cooperation was introduced to me by the president at that time. Can you tell me if she has time? Can we make an appointment for a meal?"

She acted so arrogantly this time because the person who helped her connect with DM Andy was none other than the overseas giant HL Media.

Si Xue didn’t know how the other party could take a fancy to her and still be willing to help connect people.

But now something happened to her, and it seemed that relying on the company and the navy was useless, and she had lost resources, so she had no choice but to find a backer for herself.

Si Xue felt extremely unsure.

Fortunately, the other party's special assistant is easier to talk to: "I will pass it on to President Eileen."

“Thank you, thank you.” This was the best news Si Xue had ever heard, and Liansheng thanked him.

HL Media’s special assistant gave her a few perfunctory words and then hung up the phone.

Si Xue had someone who could help, and she felt a little more confident, so she was finally not so panicked.

*

"Miss." The special assistant hung up Si Xue's phone and waited at the door for a long time until Elena came out of the banquet, said goodbye to Wei Ying, and walked to the car.

"What's the matter?" Elena let the driver open the door with a calm expression, then raised her eyes and gave the special assistant who followed her diligently all the way a wink.

Her special assistant did not dare to delay and relayed Si Xue's request for help on the phone to Elena, and finally thought about it and said: "She also wants to invite you to dinner."

"Heh." Elena sneered after hearing this, then raised the corners of her mouth and said with a thoughtful expression: "I know. You tell her. There is no need to eat, and I will find a way to help her solve this trouble!"

It's really a trouble.

A female star who doesn't know how high the sky is has the ability to annoy Qiao Nian, and she even succeeded in making people angry.

While Elena admired her ability to commit suicide, she was already thinking about how to use this incident for her own benefit.

This Si Xue is a small character. The reason why she helps the other party to connect is not because she hit it off with the other party at an event.

But someone in Si Xue's family once helped the reclusive eldest lady of the Theron family, who was Ye Wangchuan's mother.

After she accidentally learned about this relationship, she was willing to help Si Xue to please her future mother-in-law.

Si Xue was stupid enough and created a good opportunity for her.

Elena took a deep breath, her expression darkened again.

She pinched her palms and said casually: "So now their relationship is being discussed on the Internet in China?"

Her special assistant was stunned for a moment and replied dryly: "...Miss, Zhuiguang is already well-known in China, and so is Mr. Ye. The two attended the event hand in hand in a high-profile manner, attracting countless media reporters to take photos, not only in China, but also in our country. Many foreign media also took photos and posted them on INS and other social media..."

Elena's eyes became colder and she interrupted him: "Enough! I can't control what the media in Z write, but such reports are not allowed overseas. Let HL's public relations department come forward and tell them to delete it."

She just arrived at the doorstep and took the initiative to claim the title of Ye Wangchuan's fiancée.

Ye Wangchuan turned around and took Qiao Nian to attend the Gtwe event in a high-profile manner. Gtwe is well-known internationally, such a high-profile move.

This is undoubtedly the loudest slap in her face!

Ye Wangchuan did not get entangled with her, nor did he argue with her about the authenticity of his so-called fiancée at the Cen and Li family's engagement party. Instead, he acted like this...

Elena felt that it would be better for him to quarrel with her than to be slapped in the face now.

"Delete it!"

Chapter 4959: Still seeking death

Elena suppressed the boiling emotions in her chest and got into the car.

The driver said softly from the front: "Miss, where are we going now?"

Elena pondered with a cold face.

She had planned to go back to her newly bought residence before, but now... the waves she had made after working hard all afternoon were suppressed by Ye Wangchuan leading Qiao Nian to the event.

The driver saw her silent for a long time in front and did not dare to make a decision without authorization. Seeing that Elena remained silent, the driver took courage again.

"Miss?"

Elena came back to her senses: "Go back first."

"yes."

The driver breathed a sigh of relief, changed direction and drove towards the wealthy area.

...

There is plenty of money on the island.

As the third largest family on the island, the Eileen family has countless resources. They own their own real estate in Beijing. However, Eileen planned to hide her identity before and came to get involved in the circle first. The Eileen family did not live in Beijing. Buy a property and choose to stay in a hotel.

Now she doesn't plan to keep a low profile, and of course she won't be forced to live in a hotel again.

Elena's residence is in Jingyuan, a famous community in Beijing. Jingyuan is full of single-family villas, and each one is worth a lot of money.

Although Jingyuan is not a courtyard house, the price is almost the same as that of a courtyard house.

It's just not as good as Rhine, it's the kind of accommodation that can't be bought with money.

Jingyuan is expensive, but it's not that rare in Beijing.

When the car drove into the Jingyuan Villa area and stopped in front of Elena's residence in Beijing, the driver got out of the car first and opened the door for her.

Elena stepped on the ground, got out of the car and walked quickly through the door.

The decoration style of the villa is more Western-style. The bright crystal chandelier hangs high above the head to reflect colorful spots of light. There is also a warm fireplace in the living room.

"The eldest lady."

Elena walked in and met the special assistant who arrived before them.

The special assistant was very aware of this person's temper. He handed her a water glass on behalf of the servant and reported to her with his eyes lowered: "Most of the posts on overseas INS have been deleted."

"It's just that China is not our territory. Si Xue bought several hot searches and they were suppressed. Her fans are collectively going crazy online."

"Huh?" Elena didn't take the water he handed over, she walked past, threw her handbag on the side of the sofa, sat down, and poured herself a glass of brandy.

She leaned back, shook her glass, looked up sharply at the person who was talking to her, and asked, "Why are her fans so crazy?"

“...It should have been Si Xue who revealed to them that he was implicated innocently, offended someone, and his idol was banned. The fans are filled with indignation and are making a fuss.”

“Some of her radical fans went to Qiao Nian’s brother’s account to fight, demanding Jiang Li come out to seek justice.”

“Jiang Li has not responded yet.”

Elena didn’t expect that within just a few hours, Si Xue would come up with new tricks.

She admired the other party's ability to seek death, and was even more happy to see Qiao Nian deflated. She curled her red lips, continued to sway the brandy in her hand, and said unhurriedly: "Don't worry about it, let her toss it first. I also want to see them Z country people." How to deal with this kind of pressure from public opinion?"

Qiao Nian is powerful, but public opinion is like an invisible sharp sword that kills people invisible.

No matter how powerful Qiao Nian is, it is impossible to settle accounts with everyone and shut everyone up. As long as Qiao Nian cannot shut up everyone, he will be scolded.

She enjoys watching the fun.

"Yes." The special assistant guessed that she would not restrain Si Xue's behavior, and the expression on his face remained unchanged. He was not surprised by the result.

Chapter 4960: Just respond positively

Si Xue's fans online have indeed made a big fuss, and have already reached Jiang Li.

Every time they open a topic, they will be bombarded with it.

The more this happens, the crazier Si Xue’s fans become.

They firmly believe that their sister has been bullied. Not only was she robbed of the clothes she had ordered, but she was also stepped on the head and slapped in the face by the mistress's friends, and the background was used to harass her...

In the eyes of fans, these behaviors are simply intolerable. Uncles can tolerate it, but aunts can't!

They are constantly creating new topics to increase the popularity, and plan to use them on hot searches to complain about their sister.

At the same time, he continued to harass Jiang Li.

Private message, leave a comment + Aite.

As long as Jiang Li posted all the known social platform accounts, he asked Jiang Li to come forward to clear his sister's name, and take care of his sister and mistress.

There was a big commotion online.

Jiang Li also knew about it.

The agent is trying his best to hold him back.

"Brother Li, don't respond yet. Ask Miss Qiao what she means! If you respond to them so harshly, those people will not know what trouble they are going to make, which will affect your reputation."

Jiang Li had just finished the performance. There were still sequins in his hair, and his eyes were drawn with eyeliner to lengthen the ends of his eyes. He raised his eyes frivolously: "Do you think I care?"

"..." The agent almost cried: "Yes, I know you don't care. Then let's not respond for now and wait for the company to discuss it before deciding whether it's okay."

Jiang Li was holding his cell phone in his hand and was reading the messages sent to him by crazy fans. He had his legs crossed, his brows were furrowed, and his handsome face was clouded.

“Look at what they wrote.”

Jiang Li turned over his phone to show him expressionlessly.

When the agent saw Aite Jiangli's comment, cold sweat broke out on his forehead, and he was half numb. He opened his mouth and was about to persuade.

Jiang Li has taken back the edited message on his mobile phone: "Oh, go to hell!"

Less than twenty seconds.

The manager heard the 'ding' sound on his cell phone and knew that Jiang Li had finished replying to the Weibo comment.

He took out his phone with a half-face, opened it, and opened the message reminder column.

Look down.

【Jiang Li V: I will only reply once, please listen carefully. I have never liked or had a crush on your master. Whoever posts news knows it! Also, wash your dirty mouth. I can't bear to say anything to anyone in our family. If anyone slanders me in private messages or comments, I will send a lawyer's letter to pursue them to the end. When the time comes, don't cry to me that you are impulsive, I won't accept this! I have plenty of money. If you don't believe me, you can try with me! //@江里v: Get out of here, you scumbag. If you can't control your mistress and sister, let us take care of it. What kind of idiot is bullying our Si Xue? You stick to our Si Xue everywhere and hype it up, without thinking about it? It's so disgusting that you like someone so much! 】

He replied to the comment Aite showed to himself before.

The manager was so heartbroken that he put his phone away and looked at him: "Forget it, I'll get back to you when I get back. We can sit upright and don't worry about them talking nonsense."

Jiang Li raised his eyelids impatiently and said in a cold voice: "The worst I can do is quit the entertainment industry. It's a pity that the old man at home doesn't know about it. If my grandfather finds out that I have been involved in Nian Nian's troubles, I won't have to stay in the entertainment industry anymore."

His family did not object to his involvement in the entertainment industry, but luckily Jiang Weishang never spoke up to stop him.

Jiang Li knew very well why his grandfather never stopped him from developing in the entertainment industry. The old man knew that his dream was not to join the entertainment industry.
