

The Mafia Bosses Broken Queen chapter 4

Brett's POV

Kaycie has been here a full month now and I can see a change in her. She has gotten comfortable around the four of us. Another one of our buddies moved into the room in the basement a week after Kaycie. I was worried about how she would react but she was fine. I think it is because Ryan is gay and not a threat. The three of us already knew about him and Kaycie accepted him right away. Apparently one of her really good friends back home was gay. I have noticed that she doesn't cover herself up in baggy clothes around us anymore. I think it helped when Ryan moved in and I had to tell him the story and the look of utter anger that crossed his face when he found out what happened to Kaycie was surprising. The three of us treat her like a little sister. I know Darryn likes her and I have no issue with this. I know he is a good guy. He may be a bad boy like me but he wasn't a player like me and Felipe were when we were in high school. I know for a fact that she will be safe with him and he will treat her like a queen. We both are still kinda players but we both have calmed down a bit. Right now it was just the four of us guys at home. Kaycie was at work. She works at a clothing store as a manager. I was surprised when I saw the tattoos she had. I never took her for being into tattoos but they look good on her. She has another job but hasn't told us about it or what she does. We are sitting there talking about what we are gonna do tonight. It's Friday and all four of us have the night off.

“How about we check out that new club downtown?” Felipe says. “That’s a great idea. I hear they have an amazing DJ.” Ryan states.

“How about we go out on the boat on Saturday to recover from the club,” Ryan adds.

“That sounds like a great idea. I bet Kaycie would like that too.” I tell him.

We all agree to check out the club. I have no doubt that the four of us will attract a lot of attention tonight. I hear the front door close and I know Kaycie is home.

She walks into the backyard where we are and sits down on the bench by Darryn. It was the only open seat available. I smile a little at this. They actually look good together. I can tell Kaycie likes him but she is still shy and scared. Of course, he starts flirting with her. I see her blush at his actions, but I don’t think she realizes that he is flirting with her. She still has major insecurities about how men see her.

That asshole really did a number on her self-esteem.

“How was work?” I ask her.

“I was fine. A normal day at work.” She answers.

“Well, I am going to go take a nap and get ready for my job tonight. See you guys later.” She tells

She stands up and gives us all a smile and walks back into the house. I really wonder what her second job is. She only works at her second job Friday and Saturday nights late. At first, I thought she might be a stripper but then I realized that it is Kaycie we are talking about. She is

not even comfortable in her own body to strip. I have tried asking her but she just gives me a smile and walks away.

The four of us sit out there and talk for some time. We all decide to go relax before our night out. I walked into my room and closed my door. My phone gave a buzz letting me know I received a text. It was my friend Davina. I let her know our plans for tonight. She thought it was a good idea and said that she, her sister Sammy and their friend Reighly would meet us there.

I told her that we would see her there. I knew Darryn was not going to be happy. Reighly has it bad for Darryn and he can't stand her but he is nice to her. She is also a huge whore. She has slept with just about everyone. I have even slept with her, which I was not proud of. I was drunk off my ass and didn't remember even having sex with her. I have never let it happen again. I actually have an interest in Sammy and we have been talking. I relax on my bed for a while. I decide to take a nap in preparation for tonight.
