

Chained By A Possessive Mafia's Love by TSI Chapter 13

* Blaze's Pov *

My possessive and dark mood turned on even after I tried so hard; I know I want to control, but at the same; I let go of the leash at my will; I want her, her body, heart, soul, everything I want back.

Even though I know she will hate me; I want to take this path I chose, suddenly, hurry, these are five years too long, these five years, I can't describe my desire. Every nerve in my body felt tired because she was far away from me.

I wanted to give her time to agree with her will, but her eyes were too determined to take a step toward me and forgive me; that's why she forced me to take such an action. I never thought I would blackmail her with her family,

But I know other than this I don't have any other choice. After I felt I should stop; otherwise, her mind might blast in anger. I let go of her mouth and looked at her teary eyes; I felt terrible seeing her tears, but I held back.

“go back inside; I need to be somewhere; I will come back tomorrow. “I want to give some time alone to clear her mind and obviously to calm her mind. I feel her unhappiness and her helplessness, but what I can do is also helpless and without her in my life.

Anna jumped up and wanted to leave, but I held her hand “let me. ”

She silently let me carry her out and put her down. I already saw how tired she looked when she forced her way up. As I let her down, she

started walking back; I stood there and stared at her, her every step showing how unhappy she was; I stood there until she reached inside.

I called my man, “you stay here, don’t let anyone find this place,” I ordered him and turned back; I went inside the helicopter. “Go back, “All the calmness and gentleness washed away from me. The demon inside was awake by now.

It’s time to show the real me. It takes 4 hours to come back inside the city from my private island; I’m back home where my devil and selfish father know I am coming, but he did not realize it would be so soon. As I landed on my so-called family, people came running toward me and greeted me as their king; yeah, Here I Am the king, and they are my dad’s dogs.

“Where is he? I asked in my domain voice. These men lowered their eyes and didn’t dare to look up; they wanted their life after all.

” The boss is in his study room, and Mr. Bedik is with him,” the man said in his fearful voice. A cold sneer left my mouth, but inside my body, my blood boiled like boiling water. These two older men still dared to fight against me; what they thought, I wouldn’t know what they were trying to do behind my back. But they messed with me at the wrong time.

I might forgive them if they messed up inside this world, but they dared to mess with my other world, my Anna. I walked inside without waiting for them to inform me what they were doing inside. As I entered inside, I saw my mother, oops, my stepmother.

This woman is the immense throne of my life. She was the real reason I’m under in this dark world, leaving my Anna alone. I f***ing hate her s***ty face. I wanted to avoid her, but this woman, like a ghost, never let

slip any chance to f*** with my life. If I want to kill anyone in this family, she will be the first person. I walked upstairs, but she stopped me, saying, “Blaze, baby. ”

I feel disgusted by the way she calls me. I turned back; I clenched my teeth so that I wouldn't kill her the moment she would open her mouth. Killing is nothing to me,

but this woman was the mother of my brother, who loved me more than his life. For me, he sacrificed his freedom to free himself from this dark world and then his life to save mine.

If he didn't take the leader position at my place, the person dead would be me.

“ Yeah, “I nodded with no expression. ” Don't argue with your father about what he wants for your good, so be careful when you talk to him, ” she said in her commanding voice.

Okay, I got it, that b***** older man is cooking something fishy, and his cat is already defending him.

“I will decide what to do after I will know what he wants to do, and also stay at your limit, because you're still alive for my brother, but if you dare to cross the boundary, I don't mind sending you to my brother ” my voice was scary enough to make her frightened of her.

In this villa, everyone knows, my brother was my only weakness and my dear; after he left this world, no one mattered to me, even my biological father. I know she has had enough and will not speak again, but this woman is too shady.

She didn't even spare my brother when he was alive and burned his life with her poisonous bites. I walked to my father's room without wasting my time with her. When I walked to his room, his man tried to stop me, but he stepped aside and let me enter when I looked at him with a smile.

" Cil, didn't I tell you not to come inside until I called you " my father's angry voice rang as I entered when he looked up and saw me. His eyes widened in shock. Okay, I already expected this look. When Bedik saw my father's shocking expression, he looked back, seeing me as he also had the same reaction.

" Oops, it seems like I disturbed you two or disturbed two poisonous snakes when they were making plans to bite me. " I mocked them, but my voice was cold enough to pee in their pants.

" Bl—Blaze, ' my father shuttered. After all, he knew why I'm here.

" What, didn't expect me to be here already or did not expect that I will come for you, father you are too naïve, even you are my so-called father, I will not deal with you, I love my antiques more than you, so if I dare to break them who is you, a sperm donor. "

I took a few steps toward them. They were still sitting but looking like they were glued to their seats, and the moment they would stand up. Their throats will be in my hands.
