Sudden changes in Anna made me happy and frightened me because I knew she was showing her emotions.

But as soon as she remembers these painful five years, she will hate me for doing this to her. My Anna is always a sturdy girl; as long as everything goes on her desire, she will stay calm, but sometimes the opposite can also happen.

But seeing her catch me tightly as if I'm going to vanish if she loosens her hold on me, it hurts me, how badly I hurt her, she felt so insecure.

My body was feeling every part of her as if she melted herself against me. The wild desire kicked me once again,

But I didn't want to force her, so I flipped the position, and now she was on top of me; I covered us with the blanket tight.

She was silently crying as her tears soaked my t-shirt; I wanted to call also at that moment, but I don't want her to bore my pain again; she already has enough on her plate.

" why? Anna susurrated on my chest, but I heard her. I gritted my teeth; I knew what she wanted from me; at that moment, I knew if I refused to give the answer she craved, Anna would distance herself from me again, and this was the last thing I needed in my life.

As I stayed silent, she lifted her teary face and peered straight into my eyes.

” Why, please answer me, this why ruined my five years, I don’t have another five years before I can answer my heart why you left me, or are you accepting you didn’t love me if that’s the reason then,” she said something I never wanted to hear.

” No” without my knowledge, this word left my mouth. I know I should tell her, even if it’s a half-truth.

I raised a hand from her waist, caressed her face, gently dried her tears with my thumb.

“I love you, Love, I love you, and I always will. Never doubt on this, as for why I left you, that was my most helpless decision I took at that moment because I wanted to keep you, I wanted to protect you, Anna, you already might guess, also a thousand questions might bothering you right now, as you can see,

I am not an ordinary boy love, my family background quite complicated, I wanted to live a simple life that’s why I left this family,

but after my brother’s death, I had to come back here, that’s why I left you, my love,”

I said because Anna needs her to accept me. As for the whole truth, I don’t want to tell her yet.

Anna’s eyes were blank, which scared me. Is she not going to believe me?

She suddenly wanted to get up from me, but I hugged her waist with both my hands. “No, please, Anna.” It scared me that she might push me away from her. But she surprised me. She once again hugged me with

both hands “let’s sleep; I need some time, please,” she said. She already closed her eyes. I stayed silent. I know she needs time to accept these. But I see another thing which is going to happen.

After one hour, she stayed on my chest but did not sleep at all, but pretended to be asleep. I don’t know what I should do or say to her at that moment. So I cooperate with her as I pretend to sleep. As I thought she was going to stay like this the whole night, she suddenly lifted her head and looked at me “are you sure you left me because of your brother’s death and not because you were tired of staying with me” she suddenly asked, and I sighed helplessly.

She was thinking all these years, I clearly showed her how crazy I was for her, yet she thought this.

” No, I will never feel tired of you, Love,” I answered her with a healthy smile. She rolled her eyes and once again put her face on my chest as an obedient rabbit, but I know her curiosity just started; this will not stop until she lets out every question she has inside her heart.

A few seconds later, she once again looked at me “you loved me, right? She asked this question with tears in her eyes, which hurt my heart. I kissed away her tears and kissed her lips gently “yeah, I loved you so much that these five years were hell for me” I answered her.

She let out more tears as if she was dreaming; I gently caressed her head. “Love curses me if you want but don’t cry; your tears rip my heart” I kissed her away until she stopped.

This continued: “Next, she looked at me with anger “which is more important to you, family, or me? She asked, almost peeking at my soul. I laughed because her question was a little funny to me. I had a family

when my brother, mother, and sister were alive, but now she is the only family I have, so family, and she is more precious than the entire world.

” “You’re my only family love, so this question is not valid,” I said to her, her face full of confusion. Oh god, she looks so cute.

I raised my head from the pillow and kissed her hard. I don’t know what changed between us, but she received my kiss. That’s excellent progress between us.

“Why leave me without telling me anything? She finally asked what I wanted to avoid.

But this question shook something in my heart, the pain and loneliness.

“Love if I only had met you before I left I might take you with me, but I was not strong enough at that moment so left you to your parents as my deposit, your mother promised to me she will keep my precious Anna carefully, that’s why I left you; otherwise I might take you with me no matter how dangerous it would be”

I smiled, and my smile did not reach my eyes, but this was true; I was so helpless; I was feeling dead tired and wanted to run away taking Anna with me, but Anna’s mother heard my conversation with my father.

It frightened me at that moment; I thought she was going to s\*\*\*\*\* my Anna and never let me meet her, but she shocked me when she offered she will keep Anna safe for me until I return to take Anna,

she never let me felt alone, never said that Anna is their daughter, she knew Anna is my life so she said she would keep my soul in her house as their daughter,

In these five years, every news about Anna reached out to her; it assured me that my Anna is safe and sound, waiting for me to go back to her. I did my best to reach the top; I know that no one can touch my Anna as long as I can get there.

But suddenly I had to go to the main headquarters for a meeting, where it was stuck. Anna's mother failed to reach me because my so-called father trapped me in his plan, and that b\*\*\*\*\* Dylan wanted to pouch Anna from me.

But thankfully, my man was too cunning to get trapped in Dylan and my father's trap. They reached out to me the night before the wedding.

Only then everything got cleared to me how they trapped me in there, but these fools didn't know they could stanch everything from me, but they shouldn't even try this, but they did, now it's their turn to get trapped in the plan.

"what? Anna's scream repurchased me to my senses; I looked at her worriedly.

"What happened? Love? I uttered.

"My mom knew everything." Anna's voice was a mixer of shock and confusion.

"yeah, she knew everything," I said,

"I am going home right now." Anna climbed out of me and about to get out of bed as I pulled her back and hugged her from behind.

“Anna, I said this is our home; also, your mother ordered not to take you home without a grandchild,” I teased her, but that was also right; Anna’s mother told me not to send her back until I can give her one grandchild.

” Huh, I can’t believe she sold her daughter to a fraud, yet never let me know about this in these five years; now I understand why she was so overconfident, no, I am going to tell her to my father.”

Anna fussed in anger; she felt frustrated. Suddenly she stayed still and then abruptly turned back to me “don’t tell me she helped you when you kidnapped me. Anna glared at me; I gulped; this girl is too smart to slip away anything; helplessly, I nodded. And boom. I have already pro-seen it.
