

Chained By A Possessive Mafia's Love by TSI Chapter 6

* Blaze's Pov *

She kicked my reputation like a football. I helplessly rubbed my aching forehead; other than what I could do, I came out behind the pillar and started walking toward her. She might have felt my presence; she looked back at me; seeing me, she let out a sigh.

I stood in front of her and looked at her helplessly, "still childish". I can't even scold her; my heart was against this idea.

"So what, you kidnapped me here? I can do whatever I want," she snorted like an angry child.

Her face turned red from anger; her eyes and nose already looked red chilly.

"Yeah, my majesty, you can do whatever you want, look, you call me, and look, I'm here at your service," I said as gently as I could; I don't want to anger my stubborn queen again.

"So what should I do to feel happy and dance happily at happiness, getting such an honor from a liar?" she asked coldly as if it had nothing to do with her. I want to say my darling from my one-word people kill each other and for one meeting they had to wait one year, now you're asking me if I feel happy or not, but what can I say, it was me who was waiting five years to see you, for your one look I even stayed in front of your workplace for two days.

"But I'm happy to see you, love," I whispered to myself; she did not hear me.

” Let go, I’ll carry you, “I say to her. She was standing on a toll. The window was 5 feet up on the floor, and my girl wasn’t very tall, so to reach the window, she stood that toll.

” No need, I have my legs, show me the way I can walk on my own,” she told me and tried to jump from the toll, my heart leaping a beat.

I held her in my arms and carried her in princess style, as I felt her against my body my heart let out a happy scream, it was screaming and telling me how long it’s been I hugged her, everyone sells of my body know the pain they bore when I left her, and spend these five years without her.

Just one touch from her was enough to let my body and heart know their owner returned to them. After carrying her in my arms, I understood she was still the same as she was five years ago; I was three sizes bigger than her. She was like a little doll in my arms.

” What are you doing? The floor is very slippery. What if you fall? “I scolded her out of worry, but she was too lazy to care about my scolding.

” What the hell are you doing? Let me go right now, ” Anna screamed in frustration.

She needs to understand I can also be stubborn with her safety; she shouldn’t behave like a child.

I walked in the right direction, and she was busy wrestling in my embrace, so I would let her walk. But I can be more stubborn than her when I want. After five long years, I found this chance; how could she even think I would let her buzz? We have five long years to catch up.

I took her to the dining room once again. When I reached there, I let her sit on a chair. She tried to get up from the chair, but I pressed her down once again. ” I’ll eat you like my food if you dare to stand up also, “I warned her, which worked on her.

My cook was standing at the left side and waiting for my order, even though I could feel every man of mine looking weirdly at me and I already knew the reason.

But I don’t care about anything other than her at this moment.

I served the food on a plate and put the plate in front of Anna and “eat, ” I said and sat next to her.

She looked at her food and then at me. “I’ll eat if you answer me what I am doing here; otherwise, I’ll not eat even if you kill me, ” Anna asked straight, looking into my eyes. And I know that look in her eyes. She was very serious about this.

” Anna’s Pov ”

This hooligan man, how dare he carries me without my permission, but then I think when he did ever ask for permission from me,

He never did; he entered my life without my consent and left my life without permission, just like now, kidnapped me, caged me here, and now touched me as he wishes.

I really can’t be the obedient puppy he wants, so when he served me the food and told me to eat, I couldn’t hold back and asked him,

” I’ll eat if you answer me what I am doing here; otherwise, I’ll not eat even if you kill me ” my voice was shaking, but I looked at his eyes. He knew I was dead serious, and he couldn’t avoid this.

If he doesn’t tell me right now, I will jump from the window even if I become an ugly ghost.

” Okay, but if you finish everything in 5 min, I’ll answer every question. ” he pointed toward my plate.

I wanted to tell him, ” go to hell, ” but I know being angry won’t do any good.

” Okay, I’ll eat, but you promised me, remember this, “I said to him.

” since when I broke my promise,” he slipped it out and looked at him, ” are you kidding me, I don’t believe it was my look, and he looked embarra**ed knowing that I don’t trust him, and yeah, he broke many promises he once made to me.
