Chapter 1956

Finally, the figure turns around, eyes and hands of a fierce gas force, together toward Chen Fei.

At the same time, Chen Fei, who has been waiting for a long time, launched an attack at the same time. At this moment, the breath of Zhenyuan condensed in both hands burst out together and directly shot at the figure.

Both sides move very fast, almost in the moment of hand, also found each other's offensive.

"Sir, is the person you are carrying master Chen Fei Chen?"

But there are still people around, passers-by and reporters.

So the two speeded up and rushed out of the crowd, ready to leave.

So, we have to get out of here as soon as possible.

The experienced Chen Mochi knows that this is the most dangerous time. If someone really wants to be unfaithful to Chen Fei, he may not be able to guard against it.

In this case, Chen Mochi can't help but feel deeply. He

gives Chen Ziling a wink and makes her more alert.

Now the whole building is surrounded by people. Passers-by, reporters, paparazzi, police, fire fighters and other parties are watching.

When Chen Ziling and Chen Mochi come out of the building with Chen Fei who completely fainted, they are immediately surrounded.

Almost at the same time, the leaders of several major forces took out their mobile phones and began to give orders.

At the first moment of the photo, the Lu family and QIANXING academy immediately came up with the idea of "taking advantage of his illness to kill him!"

For a time, there was a heated discussion on the Internet.

.....

"The explosion was too powerful. Even the master of martial arts can't escape. "

"Not necessarily. Master Chen is a master of martial arts. He doesn't die so easily."

"Is that true? It must be dead! "

"Is master Chen still alive? Isn't he already dead? "

"What happened at the explosion is really related to master

Chen?"

As soon as the photos were sent out, the Internet exploded.

Although the photo is very fuzzy, but vaguely, you can still see that a bloody and seriously injured man fell in the ruins. The man's appearance is Chen Fei.

At the same time, paparazzi reporters secretly took photos, also sent to the Internet.

Chen Ziling wiped the tears on his face and immediately took action.

"Yes, Dad!"

On one side, Chen Mochi was also frightened, but after all, he was more knowledgeable and calmer than Chen Ziling. Immediately asked: "Purple spirit, don't panic, Xiao Chen just fainted, no life danger. We'll take him away at once."
"

Chen Ziling pounced on him, worried, tears streaming down, "brother, brother, are you ok. I'm Ziling, I - "

as a result, when they saw Chen Fei's situation at the moment, they were shocked.

But for the two people in the heaven level realm, these obstacles are nothing. They easily enter the building and come here.

Chen Ziling and Chen Mochi rushed here, and were shocked to see the explosion at the scene. Although there are a lot of onlookers at the door, there are still people

blocking.

Then Chen Fei fainted.

With his last strength, Chen Fei said in a voice, "take me

Looking at Chen Ziling's voice, she seems to recognize him.

At this moment, a familiar voice rang, "brother!"

But the strong fatigue from his body made him almost unable to move. His eyelids were heavy and he was about to faint.

"Can't I escape the assassination of the heaven level master, but I can't escape these minions?" Chen Fei sighed in his heart. He wanted to move and leave here.

If the news of his serious injury is spread, now he has many enemies in the capital. With his current situation, no matter which party randomly sends someone over, or even just needs a hooligan to stab himself, I'm afraid Chen Fei can't live.

Seeing this, Chen Fei can't help but feel a thump in his heart. The secret way is not good.

And at this time, Chen Fei saw the corridor, a few sneaky figures close to this side, someone is still holding a camera, shooting something.

After finishing these, Chen Fei almost exhausted his last strength, and could not help but fainted.

Not looking at the scroll carefully, Chen Fei quickly

stuffed it into his arms.

A back, Chen Fei saw in his hand a palm size scroll, with blue and purple pigment written with dense small characters.

All of a sudden, Chen Fei's heart moved, struggling to grasp the past.

But at this time, Chen Fei saw a little bit of blue and purple light flickering under the dark body.

Chen Fei is about to die of physical and mental injuries. He doesn't know that he is about to be attacked.

At the moment, Chen Fei's head is dizzy, and the scenery in his eyes begins to be in a trance. Voice finish saying, bang of, black shadow body fierce burst open, a piece of burnt black. Thin body heavily fell on the floor, completely lost the breath.

At the same time, dark shadow was hit by Chen Fei's two regiments of Zhenyuan breath. His mouth cracked, he showed a smile and said, "I'll die with you."

"Mental attack." Chen Fei looks at each other.

In an instant, Chen Fei felt as if his head had been hammered hard by an invisible heavy hammer. Suddenly, he felt dizzy and fell to the ground.

Seeing that there was no way to hide, black shadow showed a decisive color in his eyes. He didn't hide at all. He bit his teeth hard. His long and narrow eyes were staring at Chen Fei. It seemed that a purple lightning burst out

of his eyes and rushed to Chen Fei's head.

Dark shadow dodged Chen Feigang's two regiments of strength, and it was already very hard. Now there were two more regiments, and his face turned pale instantly.

And at the same time, Chen Fei blew out two regiments of true yuan breath, and made a surprise attack on the dark shadow.

The bloody chest, at the moment directly to meet the other side of that a true yuan impact. Suddenly, the flesh and blood split, and even the internal bones and internal organs could be seen, and the blood flowed out.

Chen Fei doesn't dodge at all. He inspires Zhenyuan and pours at the shadow.

Now, both sides are facing a positive impact. Although Chen Fei's injury is not light, but in the face of a prefecture level top level warrior, Chen Fei still occupies an overwhelming advantage.

It's just that this mental attack is so rare and powerful that it became the trump card of this assassination.

And now Chen Fei, also estimated the strength of the shadow. The strength of his martial arts is much weaker than those two killers in the middle of the heaven level just now. He has only reached the highest level of the prefecture level, but he has not reached the heaven level.

The figure was shocked and turned pale. She stepped back and dodged to avoid Chen Fei's attack.

"Is master Chen still alive?"

"Who are you and what is your relationship with master Chen?"

.....

Chapter 1957

Without paying attention to these questions, Chen Mo Chi's eyes were cold, and a breath of Zhenyuan broke out directly, shaking all the people around him away, and then he left quickly.

But not far away, in front of a group of people in uniform, stopped.

"Stop!" A middle-aged man in his thirties and seventies cheered to Chen Mochi.

"Chen Fei almost died. How could he go to the competition?"

"Of course, do you still need to say?"

Hearing the speech, everyone was stunned, and then made a sound one after another.

In the discussion, suddenly, someone thought of something and said: "in this case, Chen Fei should not participate in the trials after a few days!"

.....

"Two of them are even sky level masters. It's just that the physical damage is too serious. It's hard to judge the specific situation. "

"I heard that Chen Fei was assassinated. There were at least three assassins, all of them experts."

Others are talking about it.

On one side, Lu Yang's expression was also very angry. He said angrily, "the man surnamed Chen is so lucky that he didn't die in that explosion!"

At the moment, in the hall of the Lu family, Lu Xuanling sat on a huge chair with a gloomy face and rushed down to report the news. His face was very gloomy and terrible.

Immediately, the news set off an upsurge of discussion, and countless people talked about it.

Chen Mochi nodded and announced the news the next morning.

Hearing this, Chen Fei smiles and thinks of something in his heart. After a short pause, he said to Chen Mochi, "Uncle Chen, please inform the outside world that I am still alive. Thank you for your concern."

Hesitated for a while, Chen Ziling told Chen Fei about the comments on the outside network, as well as the fact that they brought Chen Fei out to be blocked.

Then, Chen Fei asked about the current situation of the outside world.

Chen Fei did not hide, the skeleton will be assassinated and mental assailant things out. After hearing this, Chen Ziling and Chen Mochi were very surprised.

At this time, Chen Mochi and Chen Ziling sat beside Chen Fei and finally had time to ask about the whole thing?

That night, after taking three doses of medicine, Chen Fei finally woke up and lay in bed with a bit more blood on his face.

After Chen Mochi and Chen Ziling wrote it down, they immediately started to take action.

Chen Fei slowly opened his eyes, moved his body and felt his physical condition at the moment. Then he opened several prescriptions and made some arrangements.

Seeing this, Chen Ziling and Chen Mochi were pleasantly surprised and rushed over immediately.

Just when they were so anxious, Chen Fei, who fainted, woke up now.

Although both of them are sky level masters, they are helpless in the face of Chen Fei who is seriously injured at the moment. There is no good way at all.

At this time, Chen Mochi and Chen Ziling take Chen Fei back to the villa, dismissing all the others, and they take care of Chen Fei in person.

.....

Some people say that Chen Fei is seriously injured and dying, while others say that Chen Fei is dead. All kinds of true and false rumors are surging in the tide of the Internet.

The news of Chen Fei's serious injury, the photos taken at the scene, and even the videos secretly recorded by someone, all began to spread on the Internet.

Less than ten minutes after Chen Mochi left, the relevant news on the Internet spread all over the place, and the whole network was boiling.

.....

After the report, the middle-aged man got up from the ground and led the team to leave.

The middle-aged man fell to the ground, looking at the other party's disappeared figure, his eyes showed a fierce color, touched the walkie talkie, and said in a voice: "it's Chen Fei who is sure to be injured. The injury is very serious, and life and death are unknown. Now, Chen Fei is taken away by Chen Mochi and Chen Ziling, and his whereabouts are uncertain. "

Almost less than a minute, Chen Mochi put down all the people who were blocked in front of him and rushed out with Chen Ziling and Chen Fei.

But after all, Chen Mochi has broken through to the initial stage of Tianji. The gap is too big. He starts to crush it.

Although the quality of these joint law enforcement personnel is good, their strength has basically reached the realm from the late Xuanji level to the early prefecture level. The leader of the man, is to achieve the level of medium-term state.

Chen Ziling holds Chen Fei, and Chen Mochi opens the way ahead.

In an instant, they moved.

Seeing this, Chen Mochi turned to see Chen Ziling, nodded and drank, "break out!"

Speaking, the middle-aged man's breath began to surge up, obviously ready to start directly.

"If you don't cooperate, we'll have to be embarrassed."

Hearing the speech, the middle-aged man snorted coldly and said in a deep voice: "you two, master Chen is a celebrity, and also the leader of our young generation in Chinese martial arts and Taoism. We are all for the sake of master Chen's good, in order to find out this matter as soon as possible. "

"No way!" Chen Ziling cut off the railway.

After a pause, he said: "of course, if you insist on your own treatment, you can. But our people have to accompany us all the way. "The man didn't move. He said in a cold voice, "sorry, this is the rule. We must abide by it."

Chen Mochi, the victim, said, "now we are going to treat him. If you are blocking now, can you bear the responsibility if you delay the time of treatment and have an accident? "

But the other side moved his steps, stopped him and said in a deep voice, "this gentleman, it's very important. Master Chen, as an important case related person, can't leave easily. Please come back with us! "

With that, Chen Mochi motioned to Chen Ziling, ready to leave.

Chen Mochi said in a cold voice: "don't bother you. We have our own way to cure master Chen. "

The man said in a deep voice: "Miss, please relax. We have the best medical team ready. Let master Chen follow us, and you can receive the best treatment immediately. "

Smelling speech, Chen zilington was furious, "you didn't see my brother hurt like this, how can you go with you?"

Then he said to Chen Mochi, "it's really master Chen. But this is very important. We have to know the situation. Please come with us. "

The uniformed man looked at Chen Fei's face and squinted to confirm it. There was a look of surprise in his eyes.

As he spoke, Chen Mochi pulled the cloth, revealing Chen Fei's bloody face.

Chen Mochi's face sank, and after a few seconds, he said, "master Chen is injured. We are his friends. Now we need to take him to

treatment."

"We, Linglong, wudaomeng and the Religious Committee, are jointly in charge of the law enforcement department. We are responsible for the crimes committed by armed men in Beijing during this period. Please cooperate with our investigation." The middle-aged man cried.

When the other party saw this, he waved his hand, and suddenly, more than 20 uniformed men surrounded Chen Mochi and Chen Ziling.

Chen Mochi didn't mean to stop and move on.

"Without Chen Fei, there is a competitor."

"What are you talking about? Lu Lei has been abandoned and swept away his competitors. What's the difference to our Lu family? "

In all kinds of comments, Lu Xuanling suddenly clapped his hands and said in a deep voice, "no, Chen Fei will take part in the competition."

With these words, the Lu family at the scene could not help but look at Lu Xuanling in amazement.

"Master, it's impossible!"

Although he was just beginning to practice, Chen Fei could feel that his mental strength was growing rapidly. He can also use some simple ways of mental attack.

Now, this skill falls into Chen Fei's hands. After Chen Fei wakes up, he reads it carefully many times. I have found out the secret of the

skill, and I have tried to practice it myself.

It turns out that the content recorded in this scroll is exactly the mental cultivation method of the skeleton society killer himself.

He took out the scroll of sheepskin from the killer in his arms. The corners of his mouth rose and a smile appeared in his eyes. "It's just a blessing in disguise. He didn't kill me, but he gave me a spiritual cultivation skill."

Chen Fei, who understands this, still insists on taking part in the competition because he has his own mace.

Although Chen Fei's strength is strong, if he is really against Shao Yun and other experts, he is likely to aggravate his injury.

But the injuries of the viscera, meridians and Dantian did not recover so quickly.

What Chen Ziling and Chen Mochi said just now is right. Chen Fei's physical injury can recover quickly because of all kinds of precious medicinal materials and his strong physical fitness.

At the moment, Chen Fei in the villa sat up from the bed and moved his body.

But the Lu family, the thousand Star Academy, the thousand Buddha Hall and Shao Donghua almost all had a sneer on their lips and a sense of killing in their eyes.

This news spread, countless netizens expressed admiration and praise.

Soon, there was a formal response to the hot debate on the Internet about Chen Fei's participation or withdrawal. Chen Fei personally responded that he would not withdraw from the competition and

would participate in the trials on time.

Chen Mochi nodded, got up and went out.

Then, Chen Fei looked at Chen Mochi and said, "Uncle Chen, I'm going to trouble you."

"Unique skill?" Chen Ziling nodded when she saw Chen Fei's serious eyes.

Chen Fei stretched out his hand, touched Chen Ziling's head and said with a smile, "don't worry, Ziling. I'll be fine. What's more, I still have a back hand to prepare my unique skills! "

"But --" Chen Ziling also wanted to persuade.

Chen Fei said with a smile: "don't worry, I'm sure to deal with them."

"Yes, brother. There are also your meridians and Dantian, which can't be recovered for a while and a half. "

"Maybe the skin and flesh injuries can be cured in a few days. But Xiao Chen, I'm afraid it's not so easy to recover from your internal injuries. "

Seeing this, Chen Ziling and Chen Mochi were a little relieved, but they were still worried.

The original flesh and blood of the wound, but now it is fast healing up, although the wound traces still exist, the new growth of the meat is also powder tender, but the speed of recovery, or amazing.

As he spoke, Chen Fei stretched out his arm.

Chen Fei laughed and said, "it's OK. My injury looks serious, but it's just skin injury. It's OK."

"Brother, don't try to be brave. You are still injured. Now -"

"Xiao Chen, this is not a joke."

This time, Chen Ziling and Chen Mochi were all shocked, "what!"

Chen Fei laughed, "it doesn't matter, because I didn't want to give up participating in the trials."

"But, brother, it's obvious that someone is deliberately trying to make you Chen Ziling said anxiously.

But at the moment, Chen Fei, lying on the bed, shook his head and said in a voice, "no need."

Chen Mochi nodded and agreed with Chen Ziling.

Hearing this, Chen Ziling's face turned white and worried, and even said: "then we should act quickly and clarify the news quickly, saying that my brother won't participate in the trial."

Chen Mochi nodded his head and said, "if they send their disciples to fight against Xiao Chen and attack him directly, I'm afraid the result will be -"

"Dad, the danger you're talking about is the Lu family and Qianxing Academy." what did Chen Ziling think of.

"And if Xiao Chen insists on participating. I'm afraid Xiao Chen will lose out in time because of his present physical condition. There may even be danger. "

"Now, they have come up with such a piece of news, and they boast about it. If Xiao Chen can't take part in the competition, it will be a huge blow to his reputation. "

On one side, Chen Mochi calmly said: "this is the news that someone deliberately released. It's to bake Xiao Chen on the fire!"

Chen Fei squinted and thought.

At the moment, the villa, Chen Ziling also saw the news, angry, "in

the end who is on the network nonsense, said brother you will participate in the trials, but also deliberately boast."

.....

Ordinary netizens may not have noticed anything, but some people in the martial arts circle have already vaguely noticed the unusual behind. All kinds of flattering words almost make Chen Fei a saint of hard struggle.

He began to tout master Chen's courage and determination. This paper expounds the great significance of master Chen's action to the world of martial arts and Taoism. It shows master Chen's indomitable determination to the enemy.

At the beginning, almost half of the people from the two views talked with each other. But later, I do not know where, suddenly emerged a large number of Internet users.

Some people are worried that Chen Fei is too brave and not good for his health. They call on Chen Fei to recuperate and give up the competition.

Many netizens admire Chen Fei's will and determination and support him.

As soon as this rumor came out, it caused a heated discussion on the Internet.

The content of the news is that the seriously injured master Chen Fei, who is not afraid of rumors, pain and opponents, will definitely continue to participate in the trials.

Then, on the hot Internet, suddenly another piece of news came out.

.....

"Yes Lu Yang immediately nodded, and then left with a grim smile.

Lu Xuanling waved his hand and said, "you don't have to say it

clearly. Just help."

suddenly, Lu Xuanliang's family couldn't understand what it meant.

The voice was not small, but Lu Xuanling said in a deep voice: "I said that Chen Fei would take part in the competition. Whether he wants to play or not

.....

"Chen Fei's current situation makes it impossible for him to participate in the competition. Even if you participate, I'm afraid you can't pass the first round! "

"Have you received any news, sir?"

There are still a few days to go. Chen Fei is confident that he can achieve something in spiritual cultivation.

And this is where Chen Fei chose to continue to participate in the trials.

Another day, Chen Fei was meditating in his villa. Suddenly, a loud noise came from outside.

Chen Fei opened his eyes and asked in a voice, "what's the matter?"

As Chen Ziling walked outside, he said in a voice: "maybe it's a reporter or a person from a department?"

Don't mention Chen Mochi and Chen Ziling. Even Zhuo light language in the later stage of Xuan level can deal with these two pistol bullets and protect Chen Fei.

However, these two shots did not pose any threat to Chen Fei.

At first, people thought it was firecrackers. But then, they saw two people with masks and guns rushing out. They realized that it was the sound of the gun. One by one, they panicked and tried their best to dodge.

But at this time, the crowd, suddenly sounded two "pa pa" sound.

In this way, the press conference lasted more than an hour, Chen Fei felt a little tired, ready to end the press conference.

Reporters are desperately recording, and some people even set up live broadcasting to get the first-hand news.

Chen Fei also did not evade, basically can answer all the mouth to answer again.

There was a lot of excitement, and countless reporters raised various questions one after another.

Later, the reporter began to ask questions.

A little further away, Chen Mochi and Chen Ziling stood on both sides, playing the role of bodyguard.

Chen Fei will be pushed to the table, Zhuo light language stood beside when the assistant role.

They immediately judged that Chen Fei's condition was absolutely bad, and it was almost impossible to make a difference in the trials.

Unable to walk, pale, wearing long sleeve high collar clothes, almost covered the body's skin, eyes full of fatigue.

At the sight of Chen Fei, the reporters at the scene immediately

snapped. And some people with different ideas, from Chen Fei's current situation, can already judge Chen Fei's physical condition.

At ten o'clock in the morning, Chen Fei sat in a wheelchair and was pushed out by Zhuo Qingyu.

There is a table in front of us, which is where the press conference will be held.

At the moment, hundreds of people were packed in the back yard of the villa, and the next morning they were almost unable to move.

.....

Chen Fei, who had refused to be interviewed before, announced that he would hold a press conference in the villa the next day to answer everyone's questions.

Every day outside the villa, there are more than a thousand reporters who want to interview Chen Fei and people from all walks of life.

Among all kinds of noisy remarks, more and more people pay attention to Chen Fei.

.....

Some people say that they should do the same to the other side.

There was a clamor to rush out of the country and bring the murderer to justice.

For this news, countless Internet names are hotly discussed.

In the afternoon of the same day, the relevant departments in Beijing released the preliminary investigation results of the bombing and assassination, which were suspected to be the invasion and revenge of foreign violent forces.

Then, mu ningbian and Chen Fei carefully discussed, and finally got up and left.

Chen Fei was silent for a few seconds and finally nodded: "I promise."

After that, mu ningbian added, "of course, these are not compulsory. They are all based on Xiao Chen's safety. It's up to you. "

Mu ningbian looked embarrassed and said in a voice, "this is what General Xu meant. He said, if it's appropriate. Xiao Chen, you can play a play with us, and then... "

Immediately, he looked at Mu Ning and said, "Uncle mu, what do you want me to do?"

"For me." Chen Fei's eyes narrowed, and a group of people quickly emerged in his mind.

Mu Ning nodded and said: "it should be so. At present, even if it's not an insider, it's intentional negligence and concealment. I'm afraid it's also aimed at Xiao Chen. "

In a moment of silence, Chen Fei looked at mu ningbian and said in a voice: "Uncle mu, what do you mean, these skeletons will be killers? What's more, it's not a low-level insider? "

"What's more, the other party's full understanding of you, Xiao Chen, and the capital's environment. It doesn't seem that foreigners can do it. "

"It's possible, but there's another possibility. That's the warning message of their entry, which has not been sent out for some reason. "

Hearing this, Chen Fei turned his eyes and said: "maybe they are illegal immigrants. After all, it's not hard to escape the border surveillance. "

"Under normal circumstances, when such a person re enters the country, our relevant departments will certainly receive the corresponding alarm information to monitor and investigate him.

But this time, we didn't receive the corresponding warning message.
"

"But in this case, there is a doubt. That's one of the three killers. He came to China once before, and was also recorded for committing a crime. "

"Homemade bombs are nothing, they certainly have the ability to do it," he continued. It is also conceivable that people from the skeleton society will sneak into China. "Chen Fei nodded and said nothing.

Mu Ning took a breath and said: "Xiao Chen, the preliminary investigation of the explosion has been completed. It is certain that the assassins are three members of the skeleton society. They made the bombs themselves. "

Seeing this, Chen Fei took the initiative to say, "Uncle mu, what's the matter, please tell me."

Mu Ning looked at Chen Fei's face and was relieved. Then his mouth moved. He seemed to want to say something, but it was hard for him to speak.

Chen Fei laughed and said, "Uncle mu, thank you for your concern. I've recovered. It's OK. "

With concern on his face, he rushed up to greet him and said, "Xiao Chen, how are you?"

Soon, Munin came in.

Chen Fei was silent for a moment and nodded: "yes, let him in!"

Soon, Chen Ziling came in and looked at Chen Fei and said, "brother, it's mu ningbian who has come. He said that there's something important. I want to meet you and talk with you."

At the moment, the noise outside has been going on for a while, and the situation seems to be different.

Ordinary people don't have the ability to break into the protection of two sky level masters.

Just, before these people, all by Chen Mo Chi and Chen Ziling tough incomparable to block back.

People from different departments came to Chen Fei to ask him some questions to help investigate the case of explosion and assassination.

In recent days, there are reporters who want to interview Chen Fei to get the latest news.

Two Gunners see a blow, immediately speed up, ferocious rushed over, desperately pull the trigger, at Chen Fei fierce incomparable shooting.

Zhuo light language immediately protect Chen Fei retreat, the side of Chen Mochi, then quickly rushed up.

Chen Mochi, who was in the early stage of the sky level, was very fast. His body leaped. With a light grasp of his palm, he directly blocked all the bullets in the air, and then rushed to the two shooters.

The two shooters are obviously not ordinary people. When they see that the shooting fails, they immediately drop their pistols and fight against Chen Fei fiercely.

When they were fighting, their bodies were full of real yuan, with a strong and fierce spirit. Their momentum was comparable to that of the ordinary warrior in the highest level of the prefecture.

Such an accident scared the surrounding guests into panic, and they fled everywhere.

It's a simple hand, but with a terrifying momentum, it directly smashes the sharp blade in the hands of the killer and flies out with the killer.

But just when he thought he was successful, Chen Fei, sitting in a wheelchair, put down his apple and clapped his right hand forward.

At this moment, the killer's eyes showed a touch of excitement, and his expression became excited.

"Mission, it's done."

And this short time difference, let the killer has protruded in front of Chen Fei, sharp blade, is about to pierce Chen Fei's chest, his heart, the end of his life.

The speed of the killer who is determined to die is beyond Chen Ziling's surprise. For a moment, I didn't catch up.

The killer's eyes sank and his expression changed. Regardless of Chen Ziling, he just stared at Chen Fei in front of him. A sharp blade appeared in his hand and stabbed him in the chest.

But before he dies, he has to finish his task and kill Chen Fei.

"Clattering -" for a moment, the remaining killers felt an indescribable sense of danger in their hearts. He realized that he was not the opponent of the little girl, and that he would die today.

And at the moment, Chen Ziling has come after him, with a mouth and delicate cheek does not match the cold, "next, it's your turn."

"Isn't she a master of the medium level realm of heaven?" The remaining killers look at Chen Ziling in disbelief.

Suddenly, the killer's face changed greatly, and his face was full of astonishment, "how can it be?"

The rest of the killers only wanted to kill Chen Fei, but when they heard the wind behind them, they turned around and found that their companion was dead.

After solving one of the killers, Chen Ziling moves ceaselessly, turns over a few jumps, and pursues the remaining killer.

The dagger in Chen Ziling's hand was gently gouged out and then drawn out. A stream of blood suddenly gushed out from the killer's heart.

It's just that it's too late for him to understand.

"You -" the assassin was astonished. He didn't expect that Chen Ziling was so powerful that he avoided his attack so easily and gave himself a fatal blow.

But Chen Ziling, who is like a civet, easily rushes through these air blades, and finally rushes to the killer. With a purple dagger in his hand, he accurately plunges into the killer's heart.

Seeing this, the killer felt a trace of danger and quickly turned over to dodge. At the same time, repeatedly hit several gas blade, blockade Chen Ziling hit.

With that, a short dagger appeared in Chen Ziling's hand. With a purple light, he made a sudden attack on the killer at a very fast speed.

Seeing this, Chen Ziling snorted coldly, "you really look up to yourself when dealing with me alone."

The two killers obviously did not expect that Chen Ziling's speed was so fast. They were surprised. Then one of them came up and the other attacked Chen Fei.

While talking, Chen Ziling's body leaped again, and her speed increased a few points, just like a very sensitive black cat, rushing to the two killers.

"Spare my life?" Chen Ziling sneered and looked at them coldly.
"It's not sure who's sparing who's life!"

.....

"We only want Chen Fei's life. If you leave, we can spare your life."

"Little girl, you are not our match."

Two killers see Chen Ziling such a little girl rushed out, can't help showing disdain.

Only around Zhuo light language, at the moment hands tightly holding the handle of Chen Fei wheelchair, the heart is still very nervous.

Then, Chen Fei chewed the apple and looked at Chen Ziling rushing out with a relaxed expression.

Chen Fei saw this, shook his head, light way: "Purple spirit, do it."

The two didn't answer. They looked at each other, then moved together and attacked Chen Fei.

While eating the apple, Chen Fei looked at them and asked, "if you come to kill me? Who sent you

The two killers who came in immediately after them were shocked when they saw such a situation, and their faces showed a look of amazement.

Chen Fei even picked up an apple from the fruit tray on the table and ate it with ease.

And it's just outside in the hustle and bustle, when people are nervous. At the moment, in the villa, Chen Fei, Zhuo Qingyu and Chen Ziling look calm and nervous.

At this time, the killer and Chen Fei have retreated to the villa. People outside can't see what's going on inside and dare not rush in

to check. After all, your life matters. For a moment, the scene was in chaos, and everyone had different ideas.

.....

"Chen Mochi is entangled. Chen Fei is in danger."

"Who in the end, with so much energy, actually shot the killer of martial arts master realm to attack Chen Fei."

"The killer of martial arts master level, how is this possible?"

"Are they two killers of heaven level realm?"

They are extremely fast and powerful, even more powerful than the two shooters outside.

At this time, from the corner on both sides of the villa, two figures suddenly jumped out and rushed towards the villa.

Zhuo light language push Chen Fei's wheelchair, Chen Ziling protection in the side, quickly retreat into the villa.

So, while fighting, he cried, "protect master Chen."

Although Chen Mochi had the upper hand, he held the other side down. But for a time, they couldn't defeat them quickly.

Chen Mochi is an expert in the initial state of the heaven level, and the two warriors are also in the highest state of the prefecture level. Together, their strength can not be underestimated.

Three people immediately fight into a regiment, bombard in, the gas strength flies, aftershock concussion.

"Bang bang bang!"

But at the critical moment, Chen Mochi took a step and gave a sharp drink to meet them.

Facing the attack of two Zhuang and Han warriors, many people immediately worried about Chen Fei.

However, there are still some brave people, at the moment, still hand-held devices, desperately shooting the scene.

This time, the killer is really silly, regardless of his own injury, inconceivable look at Chen Fei, "you, you are not seriously injured? How could it be -- "

Chen Fei didn't respond, picked up the apple on the table and ate it lightly.

At this time, Chen Ziling finally catches up with him, holding a dagger in his hand and ending the killer's life.
