

# A Man Like None Other

## Novel Chapter 26 – 30

### Chapter 26

"David, Miss Su is really good. You can tell she's a big lady by listening to her words, but she doesn't have any airs at all. You have to work hard!"

Sonya walked back, Barbara said to David.

"Mom, we are just ordinary friends!"

David said helplessly.

"David, I think Miss Su is not bad. Listen to your mother's words and work hard. Your father is always right!"

At this time, Chen Baoguo also spoke.

You must know that Chen Baoguo would not follow David to say these words easily. This time, it seemed that he really liked Sonya. He felt that Sonya was good, so he persuaded David.

"Okay, don't worry about it!"

David was speechless for a while and walked into the bedroom!

After entering the bedroom, David did not lie down to sleep directly, but sat cross-legged, closed his eyes slightly, his mind moved, and the Concentration Art began to activate, and the surrounding spiritual energy rushed towards David like a tide!

For the past three years, David has been persevering in his cultivation and has never rested for a day. This is also the request of Ervin. Although he is out of prison and Ervin can no longer control him, David will persevere!

Soon, the aura from the top of the mountain, accompanied by David's breathing, slowly entered David's body. These auras formed a small vortex around David's body, and were then inhaled by David.

Now David is only at the strength of the Qi training period, so he absorbs less spiritual energy in breathing. Even if he inhales a lot of spiritual energy, his current body cannot be consumed all at once. He needs to gradually increase his strength!

Time flies, and soon the sun appears on the horizon, and David slowly opened his eyes.

Taking a long breath, David felt that his body was more comfortable than ever before. The spiritual energy here is much richer and purer than that in the prison. After practicing, there is no trace of fatigue!

"David, it's time for breakfast!"

Barbara's voice sounded outside, David stretched his muscles and bones, opened the door and walked out!

The breakfast was made by Chen Baoguo, it was very rich, and after Sonya's arrival yesterday, Chen Baoguo's attitude towards David was obviously much softer, at least with a smile on his face, not so old-fashioned!

After breakfast, Barbara asked Chen Baoguo to accompany him to go out for a walk, while David planned to go down the mountain and go to an antique market to see if he could find spiritual brushes and cinnabar!

He wants to cure his mother's illness as soon as possible, so that his mother can see the light again!

...

Halfway up the mountain, in Delia's villa, Delia, Fu Wei and Jiang Wenjing stayed here without leaving at night!

At this time, Delia looked angry, thinking of the wedding that was destroyed by David yesterday, she was not angry for a while, and now David is still living on top of her head, how can Delia endure it!

"Fu Wei, when will the buddies you mentioned arrive?"

Delia asked Fu Wei.

"Come on, my buddies are all trainers, and it's more than enough to fight David, and they are all mixed in the Tao, absolutely enough loyalty!"

Fu Wei knew that Delia was not angry, so he called a few friends to come over, ready to deal with David, and also to avenge himself with a slap in the face!

"That's good, I don't believe that David will never go down the mountain, and the Su family can take care of him for the rest of his life!"

Delia gritted her teeth: "This rubbish broke Brother Lei's arm and ruined my wedding, damn it!"

After speaking angrily, Delia looked at Fu Wei and said, "I'm going to the hospital to see Brother Lei, and I'll leave David's affairs to you. Once the matter is done, the benefits will not be less!"

"No problem, just wait for my good news!"

Fu Wei nodded happily!

# Chapter 27

David walked down the mountain, but just as he was halfway up the mountain, he was stopped by four or five people!

"David, I've been waiting for you for a long time, and you've come down!"

Fu Wei looked at David with a sneer!

Behind Fu Wei, several people were holding sticks with fierce expressions on their faces!

"Wait for me?"

David glanced at Fu Wei coldly: "If it's a fight, you are not enough for me to fight. Yesterday, I brought down a dozen people from the Xiao family. You think you can deal with them with just a few people. I?"

"Hahaha, David, I'm afraid you don't know who I am looking for today, so you dare to say such a big thing, and you will know when you kneel down and beg for mercy and cry for your father and mother!"

Fu Weiwei smiled and didn't take David seriously at all!

Yesterday, Fu Wei saw it. The dozen or so bald people were all gangsters, and they had no strength at all. They were knocked down with one punch by David!

But today was different. The few people he was looking for were all trainees, and they were all good players with one against ten, and it was more than enough to deal with David!

"It seems that a slap really hit you lightly, and you should have broken your hands and feet at that time, so you don't have to jump in front of me!"

David glanced at Fu Wei and said.

"Damn, you are still mentioning what happened yesterday. If I beat you to the ground and beg for mercy today, I will not be named Fu!"

As Fu Wei said, he turned to look at the few people behind him and said, "Brothers, beat this kid to the ground and beg for mercy. Someone will pay 100,000 for hard work. Whether or not you can earn this money is up to you!"

As soon as they heard that there were 100,000 hard work fees, the eyes of several people began to light up!

"Don't worry, you said let him cry, we will never let him laugh!"

"You said let him kneel, we will never let him stand!"

"Just because this kid is so weak, I'll make him cry for his father and mother!"

Several people looked at David with disdain, and they didn't take David seriously at all!

"The 100,000 is from Delia, right?"

David asked Fu Wei.

"Yes, I'm not afraid to tell you, don't you dare to trouble her? You beat the son of the Xiao family, it is impossible for the Xiao family to let you go, I'm just giving you an appetizer in advance!"

Fu Wei nodded unabashedly.

"Well, it seems that I really shouldn't be merciful!"

David spread out his hands helplessly, and then suddenly kicked Fu Wei!

Hearing a bang, Fu Wei's body flew out instantly.

A few people who were still full of disdain just now, their expressions froze for a moment, and they all couldn't believe the scene in front of them!

To know that it takes a lot of strength to kick people away with one kick, it seems that David really has two strokes!

"Cough cough cough..."

Fu Wei fell to the ground, coughed up a mouthful of blood, and then roared hideously, "Kill him, kill him..."

Four or five people glanced at each other, remembering the hard work of 100,000, and they all rushed forward with gritted teeth.

These people really have practiced, and cooperate with each other tacitly.

"Tiny!"

David sneered, and then went up to meet him!

bang bang bang ...

In less than half a minute, all the trainees whom Fu Wei had found fell to the ground and wailed, each with a very painful expression!

This time, Fu Wei was dumbfounded, he swallowed his saliva, his expression full of surprise!

He really couldn't imagine what David had gone through in prison for three years, how could he become so powerful.

You must know that the few people I was looking for were all from the martial arts school in the past, and now they are all famous in the Dao, and they were beaten down by David.

"Are you still killing me?"

David looked at Fu Wei playfully, and slowly walked towards Fu Wei who fell to the ground!

"You...what are you going to do?"

Fu Wei's face was full of horror, and he kept stepping back: "This... this is Yuan Delia's idea, I..."

But before Fu Wei's words were finished, David stepped down and stepped directly on Fu Wei's arm.

Fu Wei let out a scream, followed by a severe pain in his entire arm!

Fu Wei's arm is broken!

"Don't use Delia to oppress me, whether it's her or that Jordan, I won't let them off easily.

"

After David finished speaking, he turned around and left, ignoring Fu Wei's screams.

## Chapter 28

Horedel Antique Street!

This is the largest antique street in the entire Jiangbei. Many antique lovers will come here to shop for treasures. There are stalls on both sides of the street.

In this place, there are almost no things you can't buy, but the authenticity of the things depends on your own ability. Even the knowledgeable experts here have a punch, the counterfeiting technology in this place is too strong!

All things are mixed, whether you can find treasures depends on your own strength and luck!

David had never been to such a place before, and now, seeing the dazzling array of things, he felt a little curious!

Seeing David like this, many stall owners showed joy on their faces. This is obviously a stunned young man. It is the first time to come here. Such people are best to lie!

"Little brother, what do you want, I have everything here, guaranteed to be genuine!"

A greasy and fat stall owner held David with a warm smile on his face, and then said in David's ear: "I tell you, these things I have dug out of the ground, and they have been around for thousands of years. History, if you buy it, the price is guaranteed to double!"

David glanced at the stall owner of the fat man. The stall was only two meters long, and there were more than a dozen scattered items. They looked very old, and some bronzes were covered with patina!

Seeing David looking at his stall, the fat stall owner became even more enthusiastic: "Little brother, you can choose whatever you like and see which one you like? Because I have patients at home, I am anxious to sell these things, otherwise I will not sell them. Woolen cloth!"

David ignored the stall owner, but squatted down, picked up a rusty iron lump, and looked at it carefully.

Because these things in front of them are all lifeless, only this inconspicuous iron lump, which actually exudes a trace of spiritual energy!

"Little brother, you really have a good eye, this is a guard waist badge from the Qing Dynasty, but it was soaked in water under the ground, and now it's

rusted into an iron lump, but it is also an item in the palace, if you like it, ten thousand The block is sold to you!"

The fat stall owner saw that David was looking at the iron lump, and immediately introduced enthusiastically!

"This fat fat man, I'm afraid he will make another fortune. I don't know where to pick up the broken iron lump, but he dares to ask for 10,000!"

"This kind of stunned young man doesn't understand anything. It's best to lie. This time it falls into the hands of the fat man, and he will definitely be slaughtered!"

The surrounding vendors whispered and whispered, casting envious glances at the fat stall owner.

"However, it's really good stuff!"

David nodded, holding the iron lump, he felt more and more filled with spiritual energy inside!

When the fat stall owner heard this, he smiled secretly, and then said solemnly: "Of course, I'm all good things, I never lie, if it wasn't for my family's illness, I wouldn't sell it for 10,000. Well, these are all my sweethearts..."

The fat stall owner said, his eyes were red, and he even shed a few tears!

David looked at the poor acting skills of the fat stall owner, and smiled coldly in his heart.

"10,000, I want it, I'll transfer the money to you!"

David did not hesitate, he took out his mobile phone and prepared to transfer money!

When the fat stall owner heard this, he immediately burst into joy, took the QR code and said, "Little brother is really refreshing, but there is one thing I need to make clear, this thing won't go away, you can stop looking for it for a while. I'm here to return it, then I won't return it!"

"Don't worry, since I bought it, I won't return it. I slapped the eye, and I consider myself unlucky!"

David smiled and swept away 10,000 for the fat stall owner!

Hearing the news that the money had arrived, the fat stall owner laughed.

## Chapter 29

At this time, many people around saw that David spent 10,000 to buy the rusty iron bump, and they all talked about it, pointing and sneering on their faces!

As young as David, he still wants to come to the antique street to Taobao, obviously he is the master of the slaughter!

David ignored the comments of the people around him, and didn't care about the sound of the fat stall owner laughing.

click

With a slight sound, the iron lump actually opened a gap in David's hand, and then the gap got bigger and bigger!

"Damn, this kid is really strong!"

"I bought it for 10,000, is it just to practice hand strength?"

"It doesn't look like a rich person when you look at it. It was damaged just after you bought it. Is it so arrogant?"

Everyone in the audience felt incredible!

Even the fat stall owner looked straight at David, wondering what David was going to do!

Soon, the iron lump burst, and then a dazzling light shone from it!

A piece of jade only the size of a thumb, but crystal clear, emerald green, appeared inside!

David took out the jade and threw away the rusty shell. The aura just came from the jade!

"Imperial Green, this is Imperial Green..."

"Get rich, I rely on, get rich!"

"Does this kid know there's something in there?"

Everyone was dumbfounded, and the fat stall owner's eyes widened, and his eyes were about to pop out.

David took the jade, looked at it, and put it in his pocket. This thing is a jade pendant to bring to his mother, which can ward off cold and evil spirits and nourish the body!

Just as David put the jade in his pocket and was about to leave, the fat stall owner stopped him!

"Little brother, discuss something, sell this stone to me!"

The fat stall owner asked with a smile on his face.

"Not for sale!" David shook his head, ready to bypass the fat stall owner and leave!

Seeing that David didn't sell it, and insisted on leaving, the fat stall owner's face turned cold, and he changed his friendly face just now, showing a stern look on his face: "Little brother, are you mistaken, this jade belongs to me, what are you doing? Can you take it away?"

"Yours?" David was stunned: "I just bought this, how did it become yours? So many people are watching!"

"What I sold to you was just the lump of iron on the ground. I didn't sell you this jade. You can take that lump of iron, but the jade must be kept!"

After the fat stall owner finished speaking, five or six burly men rushed out of the house behind him, each with a bad face!

"This guy is still too young. He knows that there is something in it. Go home and open it here. Isn't that looking for trouble!"

"It's unfortunate this time, the treasure in hand is about to fly, and the emperor green is worth at least one million!"

"I think it's more than a million!"

The people around felt sorry for David, but no one came forward to say a word for him!

David looked at the big men who came out, and the corner of his mouth raised slightly: "You are a black shop, blatantly grabbing things!"

"Stop talking nonsense, hand over the jade, and I'll let you go, otherwise you'll never want to leave!"

The fat stall owner has completely torn his face and no longer pretends to be!

"I have heard that the Antique Street hides filth and filth, and it seems to be true. I want to see it today. If I don't hand over the jade, what can you do to me!"

David smiled coldly with no fear on his face!

David's words offended the entire Antique Street, and many stall owners around him yelled, and even asked the fat stall owner to hurry up and teach David a lesson!

"Boy, you are courting death!"

After the fat stall owner finished speaking, he punched David with one punch!

The wind is howling, obviously this fat stall owner has practiced, otherwise it is impossible to have such speed and strength!

Think about it, if you don't have a second chance, how dare you open a store here to deceive people!

## Chapter 30

David snorted coldly, and directly stretched out his hand and slapped it out. The last one came first. David slapped the fat stall owner on the greasy face and turned the fat stall owner a few times. stop!

Half of his face was red and swollen, and he had a fat head and big ears. Now his face is swollen again, this time it looks like a pig's head.

"Give it to me, kill him..."

The fat stall owner roared!

Several burly men charged directly towards David, roaring from their mouths!

bang bang bang ...

But just rushed up, in the blink of an eye, all the strong men were kicked back by David, and then fell to the ground and couldn't get up again!

This time, everyone was stunned. The shouting merchants just now closed their mouths one by one, and some even sneaked away. They knew that they encountered a ruthless person today!

After being stunned for a moment, the fat stall owner said with a grim face: "Boy, you dare to make trouble in Antique Street, do you know who is covering this place? This is the site of Juyitang, and it is covered by Tiger Lord, just wait. Die!"

The fat stall owner knew that as soon as the word Juyitang came out, even if the King of Heaven came, he would tremble three times.

There are a lot of people making troubles in Antique Street, and even the inspector, the pavilion owner and other big figures, but so what, who doesn't slap the butt and leave when they move out of the Juyi Hall?

"Juyitang?" David smiled coldly: "If I say I'm not afraid of Juyitang, what can you do?"

"Who's not afraid of me gathering in Yitang?"

As soon as David's voice fell, a lingering voice came, and then the onlookers instantly got out of the way!

A man with a scar on the left side of his face came over, followed by a dozen people behind the man, each with a fierce look!

Whether it was a street vendor or a crowd watching, after seeing these people, one by one clearly showed fear!

When the fat stall owner saw the man, he immediately climbed over: "Brother Scar, this kid is making trouble here, and he even robbed me of the jade that I want to honor Tiger Lord. That's Emperor Green, Tiger Lord likes it the most!"

This fat stall owner's ability to see the wind and the rudder is truly amazing!

"Imperial Green?" Scar's eyes lit up: "Boy, take out the jade and take a look!"

"Are you from Lin Tianhu?"

David looked at Scarface and asked.

"Damn, can you call the name of Lord Tiger too?" The fat stall owner jumped up, pointed at David and said, "This is Brother Scar, the number one general under Lord Tiger's account, and the security of this antique street is Scar is in charge.

"

David ignored the fat stall owner, but looked at Scar's face and showed his ring: "Do you know this ring?"

Scarface glanced carefully, and said with a look of disdain: "A broken copper ring, what is there to know, now you hand over the jade, I can forgive you for being disrespectful to Lord Tiger!"

David took out the jade, the emerald-green jade shone brightly, making the scarred face gleam in the eyes!

"Quick, leave it to me!"

Scarface beckoned to David!

David played with the jade and said lightly, "Since you don't know my ring, let Lin Tianhu come. As long as he comes and wants this jade, I can give it to him!"

"What did you say?" Scar's face became annoyed: "Is the tiger master you can see if you want? Who do you think you are? It seems that I have to force me to do something I don't know!"

"If you don't call, I can call him!"

David took out his mobile phone!

"Do you have a phone number for Lord Tiger?" Scarface frowned!

To know who Lin Tianhu is, not everyone can have Lin Tianhu's phone number. Now that David has Lin Tianhu's phone number, it can't be an ordinary person!

"139322..."

David directly reported Lin Tianhu's phone number, looked at Scar's face and said, "Did you call or I call?"
