

# A Man Like None Other

## Novel

### Chapter 631

"Nowadays, there are not many young guys like you who can start their own businesses and make a name for themselves. That boy in my family is about the same age as you. Now he plays games on his mobile phone and plays games at home all day long, and he doesn't even look for a job. This kind of son is really worthless..."

The taxi driver followed David complaining about his son.

Listening to the driver's complaint, David could only smile lightly, and he didn't know what to say. After all, there are hard-to-read scriptures in every family. Although David is loved by his parents now, he really wants to know his biological parents. Who is it.

Just as the driver was chattering and David was silent, suddenly two Land Rover vehicles drove past the taxi so fast that the speed was so fast that the taxi driver hurriedly steered to the side and almost collided. to the mountain.

"How did you drive? Are you blind? You drive so fast on such a steep mountain road, rushing to mourning?"

The taxi driver rolled down the car window and shouted loudly, "I don't know what my surname is when I drive a luxury car. People like you will die sooner or later..."

The taxi driver scolded and drove forward, but the two Land Rovers that had just rushed over suddenly stopped, and they stopped side by side, directly blocking the entire road.

Seeing the two cars stop, the driver's face changed instantly, with fear in his eyes, and he stepped on the brakes.

Looking at the few strong men who came down from the car, four of them were disheveled and ragged, and they were very scary. The driver was trembling all over. He didn't expect that he just scolded him casually, and the other party stopped.

People who can drive a Land Rover are not ordinary people. The taxi driver knows that he can't afford it. He hurriedly rummaged through the car, found a pack of cigarettes, and took out all the money he earned today. People talk well.

"Hey, today's beating, I'm afraid I won't be able to run away..."

The taxi driver sighed and opened the door!

Seeing the driver like that, David couldn't help but laugh for a while. He just scolded the street, but the driver was very arrogant and didn't look scared at all, but now he's so scared.

"Master, don't be afraid, these people are looking for me, I can just get off from here, you can go back..."

David knew from the moment Qin Xiaotian stepped down from the car in front of him that he was causing trouble for himself.

"I'm looking for you?" The driver looked at David: "Did you have any festivals? Young man, I can tell you that a hero doesn't suffer immediate losses. If you can't, I'll call the police..."

With that said, the driver master took out his mobile phone and prepared to call the police.

"No, I can handle it myself..." David stopped the taxi driver and called the police, which was of no use to them.

David took out a stack of money from his pocket, a full 10,000, and threw it on the taxi console: "Master, take the money and go..."

When the taxi driver saw that David had given so much money, he hurriedly waved his hand: "No, no, it's too much, how far has it gone, and how much money I can give!"

"Take it, leave quickly..."

David opened the door and walked out.

The taxi driver hesitated, but turned around and left. He knew that these people were people he couldn't afford to offend.

Seeing David getting out of the taxi, Qin Xiaotian's eyes were full of murderous intent, staring at David: "David, you killed my son, are you thinking of running away? I tell you, even if you escape To the ends of the earth, I can catch you too..."

Qin Xiaotian gritted his teeth, and his whole body was full of murderous aura.

## Chapter 632

When David heard it, he knew that Qin Xiaotian misunderstood that Qin Gang was killed by him, but David did not explain that Qin Gang was killed by Wu Meier, David would not let Qin Xiaotian know, otherwise Wu Meier would be in danger.

"Your son is provoking me, so he should be damned..."

David directly admitted.

Seeing David's confession, Qin Xiaotian gritted his teeth and said, "Okay, okay, okay...you dare to admit it, you killed my nephew, and now you killed my son, even if the king of heaven is here today, he will not be able to save you. I must kill you..."

After Qin Xiaotian finished speaking, he said to the Four Great King Kong: "You four killed him for me..."

Qin Xiaotian's words are now the imperial decree for the Four Great Kings. The four nodded and all took a step forward to face David.

David looked at the four guys who looked like beggars in front of him, and the corners of his mouth raised slightly: "Is there no one in your Qin family? You even found a few beggars to deal with me..."

"David, don't be complacent, you won't be able to laugh after a while!"

After Qin Xiaotian finished speaking, the eldest of the Four Great Kings roared angrily, and then his aura suddenly soared.

Feeling the momentum of Donkey Kong, the smile on David's face disappeared. He could feel that the guy who looked like a beggar in front of him had such a terrifying strength.

As the momentum of Donkey Kong's body climbed, he saw a faint red light on Donkey Kong's body, and the whole body seemed to be illuminated by something.

The red light became weaker and weaker, and then disappeared, and the skin of Donkey Kong turned red, and the muscles were bulging high. When one stepped out, the whole mountain was almost shaking, and the hard ground was deeply buried. of stepping on a footprint.

"David, these four great diamonds are copper-headed and iron-armed, and their muscles are harder than steel. These four people have been fed with medicinal herbs by my Qin family for so many years, and they are now immortal. In front of them, you only to die..."

Qin Xiaotian looked at David with a high-level look and said.

David didn't say a word, but he had already seen that these four people were practicing horizontal kung fu. Thinking that his body had also been tempered, he could just use these guys to accompany him.

"Stop talking nonsense, let your four dogs come on, kill you, and I have to hurry..."

David said with a look of disdain.

"Arrogant, kill him..." Qin Xiaotian said coldly.

Donkey Kong shouted angrily, jumped up, and reached David in the blink of an eye.

David did not mobilize the spiritual power in his dantian. Instead, relying on his powerful body, he rushed directly towards Donkey Kong. The two of them were like two fast-moving cars, and they were about to collide violently. Together.

Seeing that David didn't dodge or dodge, and rammed straight with Donkey Kong like this, Qin Xiaotian was a little stunned, he didn't understand what David was going to do.

Knowing that Donkey Kong has practiced hard qigong and his body is as strong as copper and iron, how could David dare to hit him?

bang...

After a dull sound, David's body flew out like a kite with a broken string, and then directly hit the mountain, causing the rocks to fly horizontally, and stones kept falling, burying David.

And that Donkey Kong only swayed a few times, and nothing happened!

Looking at David, who was buried by the rocks, Qin Xiaotian was stunned: "This... so unscathed? Isn't it a bit fast?"

David was able to kill Qin Feng and his capable subordinates, the wild wolf. He was definitely not a generalist. How could he die so easily?

Could it be that he knew that he would not be able to escape and did not want to be caught and tortured, so he chose to die like this?

right! Definitely is!

After Qin Xiaotian figured it out, he raised his head and looked in the direction of his home: "Son, I avenged you, and now I will bring this David's head back to you and put it in front of you!"

## Chapter 633

Qin Xiaotian burst into tears. Although Qin Gang was inexperienced, Qin Xiaotian was also half-dead with anger, but he was his own son after all. Now that he is dead, how could he not be sad.

"Go and dig out David for me, then twist your head off..."

Qin Xiaotian ordered to Donkey Kong.

Donkey Kong walked towards the collapsed rock, ready to dig David out of the gravel pile.

But just walking to the gravel pile, Donkey Kong was stunned, only to see that the gravel pile began to move, and then David rushed up from the gravel, holding a foot in David's hand. There are hundreds of pounds of large stones.

"I'll fcuking kill you..."

David was in the air, and after an angry shout, hundreds of kilograms of boulders fell from the sky, and he smashed at the head of the King Kong.

This sudden change shocked everyone and looked at David in disbelief.

rumbling...

There was a loud bang, and a boulder weighing hundreds of kilograms smashed on Donkey Kong's head, and the boulder became shattered, but the Donkey Kong still stood, just shook the gravel on his body, and was not injured at all.

"Hahaha, you are too naive, a broken stone, do you want to hurt my Four Great Kings?" Qin Xiaotian laughed loudly: "Your life is tough, it's just right if you don't die, I want to make you suffer and then die... ..."

"One stone is not good, then change another..."

David grabbed a boulder, but this one was much smaller.

Concentrating on the heart, David injected spiritual power into the stone, making the stone as hard as steel.

"I kill you..."

Donkey Kong roared and rammed directly towards David, like a mad bull.

Donkey Kong doesn't have a weapon. This is using his body as a weapon. He doesn't have any moves. He just uses the power of destroying the dead, and

the body of the Hundred-Reined King Kong, which slammed into David abruptly.

Looking at the rushing Donkey Kong, the stone in David's hand quickly threw out and smashed hard on the chest of the Donkey Kong.

"boom..."

There was another loud noise, and the stone turned into powder again, but this time, the body of the King Kong stopped abruptly.

Looking at the Donkey Kong's chest again, there is already a sunken piece, obviously the rib has been broken, but at this time Donkey Kong can't feel the pain.

Seeing that David actually injured Donkey Kong, Qin Xiaotian's expression became extremely surprised. Although it was not fatal, it was able to break Donkey Kong's body, but David's strength was really good.

"You four go together..."

Seeing this, Qin Xiaotian hurriedly ordered loudly.

The four people approached David, surrounded David in the middle, and glared at David one by one.

Facing the four people, David felt the pressure. Not to mention the strength of these four people, and they were all puppets, they didn't know the fear and pain at all, which gave David a headache.

In addition to killing the Four Great Kings, or without Qin Xiaotian's order, these four guys will never die. It must be known that the Four Great Kings are the strength of the great masters, and they have been trained in copper and iron bones, which is even more difficult to deal with.

After the four big kings surrounded David, they punched David at the same time. The huge fist was like a cannonball, with endless power.

David dodged desperately, and kept fighting back. Even though David had used the Concentration Technique to the extreme, the spiritual power in his body was swarming out, but a pair of four still made him very difficult.

Bang!

Suddenly, David was punched in the back. Although his body was not injured, the huge impact still made David stumble and almost fell to the ground.

## Chapter 634

"Hahaha, just beat me like this, beat him to death..."

Seeing this, Qin Xiaotian shouted excitedly.

David stared at the four big diamonds in front of him. If he had another good weapon at this time, it would be easier to deal with these four people.

David decided that it was time for him to find a handy weapon, otherwise he would be very passive when he encountered a master of horizontal refining like the Four Great Kings.

"Take the hand as the sword, use the force as the blade, the sword and the man are one, and the force will cut the universe..."

Just when David was annoyed that he had no weapons and could not deal with the Four Great Kings, a familiar voice suddenly sounded.

David hurriedly turned his head to look, and found that it was Long Wu, who was looking at him at the moment, but he didn't seem to want to help.

"Hands as knives? ..."

David pondered Long Wu's words carefully, but did not understand what Long Wu said.

"Your body is now harder than steel. Turn your hand into a big knife. This is harder than any kind of knife, but you don't know how to use it..."

Long Wu reminded David.

As soon as David heard it, he immediately understood, and he was overjoyed and savoured a few words of Long Wu in his heart.

When Qin Xiaotian saw the sudden appearance of Long Wu, his face suddenly turned cold: "Who are you, if you don't want to die, just get away from me..."

Long Wu did not refute, but after looking at David, he turned around and left, and in the blink of an eye, there was no trace of Long Wu.

David slowly stretched out his right hand, his eyes were full of heat, he seemed to have learned a lot from the words of Long Wu.

"Take the hand as the sword, and the strength as the blade..."

David muttered to himself, and the spiritual energy in his dantian gathered on his right hand.

David's right hand began to glow faintly, and in the end it turned out to be a golden light, and it could be vaguely seen that David's entire arm seemed to be transformed into a golden sword.

"What are you doing, killing him..."

Seeing this, Qin Xiaotian hurriedly shouted at the Four Great Vajra.

Donkey Kong took the lead, punched David with a punch, and the sound of breaking the air suddenly sounded, as if the air was torn apart.

David looked at Donkey Kong with a punch, and a faint smile appeared on the corner of his mouth. Just when Donkey Kong's fist came to him, David's hand knife swung down.

Swish!

After a crisp sound, Donkey Kong's arm was directly cut off, and then flew out.

Blood spurted out of Donkey Kong's broken arm, and David took the opportunity to kick it out, kicking Donkey Kong away.

"What kind of copper head and iron arm, it's just like this..."

David slashed Donkey Kong's arm with one blow, which made him instantly confident.

"how can that be?"

Qin Xiaotian looked at Donkey Kong's severed arm with disbelief on his face.

You must know that the hard qigong practiced by these four great diamonds, coupled with the transformation of the Qin family, even if there is no luck, bullets can not hurt the body of the four great diamonds, but David even slashed abruptly with a knife in his hand. Broken Donkey Kong's arm.

David's strength has exceeded Qin Xiaotian's imagination, which makes Qin Xiaotian's face extremely ugly.

"Arrangement..."

Qin Xiaotian roared with a ferocious look on his face.

Hearing Qin Xiaotian's order, the Four Great King Kong suddenly stood side by side, even the King Kong who had broken his arm, let the blood flow at this moment and didn't care.

I saw the four big diamonds punching at the same time, punching in the air, and I felt that the whole space began to tremble.

One punch, two punches, three punches...

After throwing eight fists towards the air, a strange scene appeared. In the air, a huge fist was slowly condensing, and then light erupted from the fist.

## Chapter 635

This incomparably gigantic fist was formed by the strength of the four great diamonds. Just now they threw their fists in the air, not to waste their strength, but to condense the strength in the air, and finally converge into a This huge fist.

A wave of huge fluctuations in ability overflowed from the huge fist, and then the huge fist swept towards David.

This punch, the blowing wind alone, is like a tenth-level gale, whirring, and flying sand and stones are also flying around.

Qin Xiaotian was blown so hard that he couldn't open his eyes, he hurriedly stepped back, with a bit of pride on his face: "David, let me see how you survived such a punch.

"

David narrowed his eyes, stared at the punch that fell from the sky, slowly raised his right hand, and slammed it on the ground.

kakaka ...

As David kicked hard, cracks appeared on the hard road, like a spider web, and the place under David's feet began to crack toward the surroundings.

The cracks got bigger and bigger, and finally the whole palm could fit in.

Looking at the cracks on the ground, Qin Xiaotian, who was originally proud, turned cold in an instant.

This kick made the ground look like this, how strong should David be?

Before Qin Xiaotian could react, there was a loud bang, and David jumped up and collided with the giant fist that fell from the sky with his own fist.

A dazzling golden light flashed, and the huge fist suddenly shattered under David's blow, and finally turned into a cloud of smoke and was blown away by the wind.

Seeing this scene, the Four Great Kings were not reconciled, so they moved towards the midair again and waved their fists again and again, and soon the huge fists condensed again.

David had just hit hard, almost exhausting his spiritual power, but the man had just landed, and another punch hit him immediately.

David raised his head, and in the blink of an eye, the huge punch reached the top of David's head.

David gritted his teeth and used his powerful body to resist the punch.

boom!

After a loud noise, it exploded violently like a bomb fell from the sky.

The shock wave made Qin Xiaotian, who was not far away, feel a wave of shaking, and dozens of pounds of stones were blown up and flew everywhere.

The hard road was directly bombarded with a large pit of several meters, and David was standing in the middle of the pit, his clothes had been blown to pieces, revealing his bronze skin.

Seeing this, Qin Xiaotian hurried to the edge of the big pit. He wanted to see if David was smashed into flesh by this punch, but when he saw that David was standing in the middle of the big pit, except for Apart from the broken clothes, there was nothing wrong with the body, not even a single scar, which made Qin Xiaotian dumbfounded.

And David looked at himself slightly embarrassed, but secretly secretly delighted in his heart. His body is much stronger than he imagined. , but also take a lot of twists and turns!

David slowly raised his head, completely ignoring his current embarrassed appearance, and grinned at Qin Xiaotian, his mouth full of big white teeth, which made Qin Xiaotian almost die of anger.

"Trash, they're all fcuking trash, keep hitting me until I'm killed..."

Qin Xiaotian roared angrily, and the Four Great Kings could only condense their energy again and bombard them in the air!

rumbling...

The huge fist fell from the sky again, and David stood straight in the middle of the pit, enduring the thunder blow!

When the giant fist hit David, not only did David not feel the slightest pain, but on the contrary, he felt a very comfortable feeling. It seemed that the more tempered his body, the more indestructible it would become.

## Chapter 636

The deep pit was further bombarded by the huge force. After the smoke cleared, Qin Xiaotian, who was standing on the edge of the deep pit, saw David still standing in the middle intact, and his eyes were full of contempt at him.

"what..."

Qin Xiaotian is going crazy: "It's all fcuking waste, have you not eaten? Give me all your strength..."

Qin Xiaotian roared, and under Qin Xiaotian's order, the four big diamonds kept throwing their fists in the air.

Soon, each of the Four Great Kings was sweating profusely, and the energy in their bodies was almost exhausted.

"Qin Xiaotian, haven't the four guys you brought to eat?"

David was in the deep pit and asked Qin Xiaotian with a mocking expression.

Qin Xiaotian was about to die of anger. When he was about to continue to order the Four Great Kings to take action, he found that all the Four Great Kings had fallen to the ground.

The four of them were puppets, and they obeyed Qin Xiaotian's words until their energy was exhausted and they died of exhaustion.

Seeing Qin Xiaotian, who had died of the Four Great Kings, he slowly woke up at this time, and panic flashed in his eyes.

The Four Great Kings are the trump card of the Qin family, and now Qin Xiaotian is exhausted to death. If his eldest brother finds out about this, he will definitely not spare him.

Qin Xiaotian now regrets it a little. He should have known that the strength of the Four Great Kings can't hurt David, but he was so dazed by David that he desperately ordered the Four Great Kings to do it, but all of them died of exhaustion. .

At this moment, David, who was in the deep pit, saw no movement, and jumped up directly from the deep pit.

When he saw the Four Great Vajra who had fallen to the ground and died of anger, he couldn't help laughing: "Hahaha, I want these four guys to accompany me to practice, why did they die like this? Did you die from exhaustion?"

David's ridicule made Qin Xiaotian's whole body tremble, and when he pressed one hand on his waist, a soft sword appeared in his hand.

"David, I must kill you today..."

Qin Xiaotian said, the soft sword in his hand flicked, and instantly turned into countless sword shadows, directly covering David.

ding ding ding ding dong ...

After the sound of metal collision, Qin Xiaotian hurriedly took two steps back, and the hand holding the sword began to tremble slightly, feeling a dull pain in the tiger's mouth.

When he looked at his soft sword again, he found that the soft sword that was tempered with fine steel actually had small gaps at this moment, and along with the gap, the sword body began to break and became countless fragments.

"Although your sword is good, it's not as good as mine..."

David looked at his right hand with excitement on his face.

Qin Xiaotian threw away the hilt in his hand and looked at David with anger in his eyes, but he was not doing anything to David, because he knew that when he was doing it, he was asking for hardships, he was not David's opponent.

"Since you don't do it, it's my turn..."

David saw that Qin Xiaotian didn't dare to do anything, so he jumped up.

David's right hand swiped gently in the air, and a visible sword light flashed out. The terrifying sword light brought endless storms. Before this sword light reached Qin Xiaotian, David struck again. split out.

Dozens of knives were chopped out in a row, and the entire sky began to change color.

Dozens of sword beams shrouded Qin Xiaotian, no matter how Qin Xiaotian hides, it is impossible to hide, but Qin Xiaotian did not hide, he had already made plans to die, and his eyes closed slightly.

## Chapter 637

boom...

With a loud noise, David cut a huge gap directly beside Qin Xiaotian, and the smoke and dust swirled around, drowning Qin Xiaotian.

David fell to the ground slowly, there was already sweat on his forehead, and a drop of sweat fell to the ground and evaporated in an instant.

With the blow just now, David exhausted his last spiritual power, and at this moment David could no longer swing a knife.

The smoke slowly dissipated, and Qin Xiaotian's figure was revealed, but he did not die, and David did not kill him.

Even if he didn't die, Qin Xiaotian was injured by the terrifying sword light, and his clothes became tattered, not much better than David.

"You...you won't kill me?"

Qin Xiaotian looked at David in surprise. David's blow just now was completely capable of killing him, not to mention killing him, he could just smash him into sgum.

But David didn't kill him, dozens of sword beams just bombarded Qin Xiaotian's body, but even so, Qin Xiaotian's body was seriously injured, and his bones seemed to be broken by someone. At this moment, Qin Xiaotian, Can only barely stand.

"I won't kill you, you can get out. If you still want to seek revenge on me, you can come to me at any time, but next time, you won't have a chance to survive..."

David said coldly.

Qin Xiaotian looked at David, and after a long time, he turned and left. After getting into a car, Qin Xiaotian kicked the accelerator and left.

David looked at Qin Xiaotian who was leaving, panting heavily.

"If this body is not tempered, I am afraid that today is doomed..."

David looked at his bare skin and couldn't help muttering.

"If those four guys are not puppets, even if you temper your body, you are still doomed..."

At this time, Long Wu came out of nowhere, still holding a suit of clothes in his hand.

David looked at Long Wu in surprise. It turned out that Long Wu hadn't left and had been looking at himself in the dark.

"Hurry up and put on your clothes!" Long Wu threw the clothes to David: "You can't pin all your hopes on your body, even if you have tempered your body, it is not an immortal body. Today those four guys are not puppets, they are controlled by their minds. You are not the opponent of the four of them. In the future, you are not allowed to be like today. In the face of absolute strength, even if they are really copper and iron bones, they can still be beaten. Scrap copper and rotten iron..."

After Long Wu finished speaking, he turned around and left. Now that David is no longer in danger, Long Wu can really leave.

"Hey... dragon... dragon..."

David wanted to stop Long Wu, but he didn't know what to call Long Wu for a while.

"You can call me Uncle Long, and calling me Uncle is what your kid should do..."

Long Wu didn't look back and said as he walked.

"Uncle Long..."

David shouted, but unfortunately Long Wu did not answer, the whole person has disappeared.

Looking at the direction where Long Wu disappeared, David stood for a long time!

He knew that this Long Wu must have something to do with his life experience, and that Ervin, there would not be such a coincidence in the world, and everyone who helped him would be named Long, unless it was arranged from the beginning.

Turning around to the car that Qin Xiaotian and the others drove, David rushed directly towards Horendel.

After arriving in Horendel, David threw the car away, took a taxi, and returned to the Pinerest Villa.

As soon as he reached the top of the mountain, a strong spiritual energy rushed toward him. When he opened the courtyard door, he found that Song Tie had sent another carload of spiritual stones, and there was a note pasted on the door. Look at the beautiful font on it., apparently written by Song Tie.

Song Tie told David that the amount of this kind of stone being mined was getting less and less, so it might take a long time to send him a car.

## Chapter 638

David frowned slightly. Now there are fewer and fewer spirit medicines and fewer spirit stones. With the improvement of realm, David's demand for spirit energy is increasing, which makes David a little headache.

After tearing off the note, David walked into the room. He wanted to take a good bath and rest first, but Sonya called at this time.

David hurriedly answered the phone: "Sonya, why are you calling me at this time?"

It's getting dark now, and Sonya rarely calls David at this time.

"I won't call you, you don't even know to tell me when you get back, do you want to see me, or Jinwu Zangjiao, afraid that I will know?"

Sonya's tone was questioning.

"How do you know that I'm back?" David was a little strange, how did Sonya know that he was home? The reason why he didn't tell Sonya was that he thought he would take a rest first. After the battle with the Four Great Kings, David was very tired. .

"Hmph, do you think I won't know if you don't tell me? The whole Pine Bay has my eyeliner, and you still want to hide it from me?"

Sonya snorted coldly.

David smiled helplessly, he must have come back by himself, was seen and informed Sonya.

"No, how could I hide it from you? I just finished taking a bath and was about to call you. I can't go to see you in a stinky suit!"

David said with a smile.

"I don't believe it!" Sonya said half-jokingly: "You must have another woman in Kyoto, forget me..."

"If you don't believe me, then I'll hang up the phone and go to bed. I'm sleepy..."

David did not intend to argue with Sonya on this matter, and he also knew that Sonya was joking.

"You dare to hang up, I'll find you now, don't sleep..."

After Sonya finished speaking, she didn't hang up, and rushed to the Pinerest Villa.

David knew that he couldn't sleep, so he could only make a cup of coffee, sit on the sofa, and quietly wait for Sonya's arrival.

Soon, the door rang, and Sonya came with Gu Linger.

David got up and wanted to give Sonya a hug, but it was an apology.

But just walking to Sonya, Sonya punched David.

David was stunned for a moment, but just turned sideways and ducked, but Sonya didn't give up and threw a punch again, forcing David to step back.

"Sonya, what are you doing?"

David's face was stunned, and he didn't understand why Sonya acted as soon as they met.

After throwing several punches in a row, Sonya didn't touch David, which made Sonya very angry. After stopping, she looked at Gu Linger and said, "Linger, you can't even teach me, I can't even touch him. ..."

After Gu Linger heard this, she suddenly didn't know whether to laugh or cry: "Sonya, do you know what kind of strength David is now? I can't even touch him, how could you possibly touch him..."

"Then I don't care, you still have to teach me, and I have to become a master..."

Sonya pouted.

"What are you two doing?"

David was confused by Sonya and Gu Linger.

Later, after Gu Linger explained, David realized that after returning from Kyoto, Sonya asked Gu Linger to teach her kung fu. She wanted to become a master and did not want to be a burden to David.

Sonya knew that if she was also a master, David would definitely keep her in this trip to Kyoto. The reason why she did not keep her was because she was afraid that she would be in danger, and David could not protect her all the time.

After listening to Gu Linger's explanation, David was moved inwardly, he stepped forward and took Sonya's hand, looked at Sonya affectionately, and said, "Practice is very hard, don't suffer this hardship, I will protect you. You can do it..."

## Chapter 639

Sonya shook her head: "I'm not afraid of hardship, I just want to become a useful person, you don't have to worry about me..."

David gently took Sonya into his arms, his eyes were full of doting, and Sonya enjoyed it very still.

Seeing the two of them like that, Gu Linger felt sour for a while, and finally said half-jokingly: "Okay, you two sprinkle dog food in front of me, you really don't take me as an outsider..."

When Gu Linger said Sonya, she hurriedly broke free from David's arms.

"I don't treat you as an outsider. If you are envious, you can come and lie in David's arms, so that you can feel it..."

Sonya laughed.

"I don't..."

Gu Ling'er blushed, although she really wanted to feel in David's arms, but she couldn't, the hurdle in her heart couldn't be overcome.

But whenever I think of that night in the provincial capital, David hugged himself almost naked and felt the temperature of David's chest, Gu Linger felt that it was the safest moment.

David looked at Sonya and Gu Linger, and suddenly an evil thought popped up in his heart. If these two women could really throw themselves into his arms and hug each other, wouldn't it feel wonderful?

David is a man after all, and it is normal to have such thoughts, and Sonya always jokingly mentions that the two of them take care of David together, so David suddenly has such thoughts.

However, this idea was only fleeting, and David hurriedly sat back on the sofa to hide his embarrassment.

"David, Song Daxing sent all the stones you needed and stacked them in the yard. Did you see it?"

At this time, Sonya asked David.

"Well, I see..." David nodded.

"The big star Song, with such a big identity, actually sent you stones in person, she really values you. If I hadn't stopped her, she would have sent you these stones to Kyoto..."

When Sonya said this, she was full of jealousy.

"Uh..."

David was speechless for a while. He didn't expect Song Tie to send him the spirit stone to Kyoto, but fortunately he didn't send it. These are the favorites of cultivators.

Sonya stayed with Gu Linger until very late before leaving. Under Gu Linger's guidance, Sonya cooked dinner, but this time it was okay.

After Sonya and Gu Linger left, David didn't rest any longer. He sat cross-legged on the bed, but he ran the Concentration Technique and sucked all the aura from the spirit stone into his body.

When Sonya was leaving, David explained that he was going to practice these days, so that Sonya would not be disturbed, so David could keep practicing these days.

But just three days after David practiced, a big event happened in Kyoto and even in the entire martial arts world. Qin Xiaolin, the head of the Qin family, left the customs ahead of schedule.

With Qin Xiaolin's exit, a challenge book was hung on the entire Daxia Martial Arts Forum, which made David, who was only famous in Jiangbei, instantly become popular in the entire Martial Dao world.

"Who is this David? Why have you never heard of it in the martial arts world?"

"Those who are worthy of the challenge letter issued by the patriarch of the Qin family will definitely not be general. It's a pity that I have never heard of this name!"

"Isn't I a martial artist? Is it a warlock? Or a samurai from another country?"

"This David is somewhat famous in Jiangbei. He once defeated Jiang Zhengde and several masters of the Qin family at the Martial Arts Alliance Conference in Jiangnan and Jiangbei provinces, and almost unified the martial arts world in Jiangbei. No one dared to provoke him. It is estimated that because of this, the patriarch of the Qin family challenged him.

"

"Upstairs, pull it down, the Qin family's patriarch has not been so idle yet, because David killed Qin Feng and Qin Gang of the Qin family, and after the Qin family was destroyed, Qin Xiaolin left the customs ahead of schedule and found David. vengeful.

"

"..."

## Chapter 640

David didn't know yet that he had become a popular person in the entire martial arts world. With David's explosion, troubles followed.

If it wasn't for Zao Wou-Ki and the Chang reinforcements supporting David in the capital, Qin Xiaolin would have killed his son in Horendel long after he left the border and avenged his son.

Now Qin Xiaolin has issued a challenge letter, even if Chang Yuanjun is the leader of Six Sects, he can't say anything. After all, according to the rules of

the martial arts world, resolving grievances and grievances in the arena is not considered a favoritism, and Chang Yuanjun can't control it.

But at the moment, David is still immersed in his practice, and he doesn't know any challenge books at all, and he doesn't even know that the entire martial arts world is paying attention to him.

At this time, outside the Pinerest Villa area, a lot of people from the martial arts world came. Lin Tianhu and Chifeng also rushed back from the provincial capital, and brought a team of hundreds of people, no matter how horrible the Qin family is, no matter how horrible How powerful Qin Xiaolin is, in their eyes, David is their hall master, they are only loyal to David, even if they die, they will not let David have an accident.

At the same time, Gu Wentian, Ruben, and even the mayor Ling Zhenchuan came to Pine Bay to discuss countermeasures with David. Even though Ling Zhenchuan was the leader of Horendel City, he did not dare to face the Qin family from Kyoto. Help David on the bright side.

Everyone gathered in Pine Bay, all looking anxious, but David was still cultivating, and no one dared to disturb him.

"Dad, what should we do?" Sonya looked anxious and at a loss.

Although Sonya doesn't know who this Qin Xiaolin is, she heard from Gu Linger that this Qin Xiaolin is very powerful and is well-known in the entire martial arts world, which makes Sonya a little scared, afraid that David will be killed by that Qin Xiaolin.

"Don't worry, haven't you seen so many people trying to find a way!"

Ruben comforted Sonya.

"This incident started because of me, even if I tried my life, I couldn't watch David have an accident.

"

Gu Linger's face is firm, she has made a plan, if David is defeated, she will sacrifice herself to help David block the fatal blow.

Gu Wentian looked at his granddaughter. Although his eyes were full of distress, he didn't say anything. After all, this incident was caused by his Gu family. If it wasn't for saving Gu Linger, why would David kill that Qin Feng? Woolen cloth.

If Qin Feng was not killed, Qin Xiaolin would not have challenged David.

The atmosphere in the villa became extremely gloomy, everyone had a sad look on their faces, and no one spoke anymore. Now that David didn't show up, they could only wait.

"It's ancient. I don't understand the rules of the martial arts world. If the opponent issues a challenge letter, can we not fight? Besides, the opponent asks for a fight in the arena three days later. What if David hasn't come out yet?"

Ruben did not understand the rules of the martial arts world, so he asked Gu Wentian.

Gu Wentian sighed lightly: "The opponent has issued a challenge letter, if he doesn't fight, then Mr. Chen will be discredited in the entire martial arts world, and more importantly, the opponent will have an excuse to pursue and kill by unscrupulous means. Not only Mr. Chen, but also the people around him will be implicated. This time Qin Xiao challenged the book under the forest, and he must have encountered resistance in Kyoto. He did not dare to chase and kill Mr. Chen easily, so he did so."

"

When Ruben heard it, the consequences of not fighting were so serious that everyone around David would be implicated, so he remained silent.

"Hmph, no matter how powerful the Qin family is in Kyoto or how strong Qin Xiaolin is, when they arrive in Horendel, this is our territory. The people I have in Horendel plus the people I transferred from the provincial capital, there are more than a thousand people., can't you still deal with his Qin family..."

Lin Tianhu snorted loudly with a hostile expression on his face.
